AMBIDDY-1

15 June 1964

SYNOPSIS

Per his request, 2nd Lt. Oliverio Antonio TOMEU Vasallo was recontacted on 8 June 64 at his place of residence. He provided additional details on Carlos and Ana Gloria de VARONA, and identified Osiel GONZALEZ and one "COCO" as possible leads to Jose LLANUZA Gobel.

CONTACT REPORT

SUBJECT: Recontact of Oliverio A. TOMEU Vasallo. (201-283206)

1. At 1730 hours, 8 June 64, the undersigned was advised at his residence that a Mr. TOMEU (Subject) had called the security number given him (351-6161) and left the message that he would like to talk again with Paul Stroud (the undersigned) anytime after 1800 hours, 8 June.

2. Upon arriving at TOMEU's apartment (Apt. 303, 1028 Wahler Place SE, High Point Apartment House, Washington, D. C.), 1830 hours, 8 June, TOMEU indicated to his two daughters he would like to have some privacy and they and his wife, Caridad, left the apartment.

3. TOMEU apologized for not having recalled the name "de VARONA" as that of Ana Gloria de VARONA. He reiterated that, while in hiding to escape capture by the Cuban Government subsequent to his infiltration, he knew only the first names of the persons with whom he came in contact, but then added he knew Ana Gloria de VARONA, in whose house he was hiding, because she was the sister of Carlos de VARONA, one of his infiltration team members. (This Carlos de VARONA may be identical with one Carlos Manuel de VARONA Segura, 201-289985; or one Carlos Arturo VARONA Arjona, 201-283209.)

4. On several occasions, according to TOMEU, he was seated at the table in Ana's house with several other people. One of these individuals, known to TOMEU only as "COCO," was described as the secretary to Jose LLANUZA Gobel. There was not, however, any discussions in which TOMEU recalls LLANUZA or his political sympathies having been discussed. According to TOMEU's recollection it was "COCO" who was associated with LLANUZA, and he was not aware of any relationship between Ana and LLANUZA. Although TOMEU had no information as to what finally happened to Carlos de VARONA, his infiltration team mate, he suggested that if Carlos or Ana were available they may be able to identify "COCO" and provide data on his accessability for contact.

5. One Cuiol GONZALEZ, former Chief of the Havana Fire Department, was identified by TOMEU as another possible lead

who would know LLANUZA. TOMEU affirmed Osiel was previously with MENOYO Gutierrez in the Second Front of Escambray. Osiel was under asylum in the Brazilian Embassy (sic, Argentine Embassy?), when TOMEU gained political asylum. When Osiel finally received his safe conduct from the Embassy, he went to Puerto Rico and, TOMEU postulates that Osiel is now again with MENOYO in either the United States or Puerto Rico.

6. Two snap shots (to be returned) were provided by TOMEU of himself and six other individuals who were in asylum at the same time. He identified these, in the photograph in which Monsignor Eduardo BOZA Masvidal is seated, as, from left to right: Manuel VILLAMANAN, Oliverio TOMEU, Nils DIAZ (believed to be in US), Publio RUIZ (US), Jorge Del VALLE (Mex?), and Osiel GONZALEZ (US or Puerto Rico?).

7. Upon completing the debriefing, Stroud and TOMEU "exchanged small talk" for a while until TOMEU finally stated that he still wished there was something more he could do to help free Cuba, and asked "What do you think I should do?" Stroud replied that no person could really make that type of decision for another individual, and countered by asking TOMEU what alternatives he had in mind, other than remaining in the US Army as a career military officer.

8. TOMEU replied that, of course, he was once an agriculturalist, but that there were few job opportunities in which he could apply his past experience. His sister had also asked him if he felt he and his family would want to live with her in Spain or Mexico, but he didn't think too much of this idea. He then stated that he had been asked by Manuel ARTIME to take a job as an instructor. Without indicating any association of even awareness of ARTIME's activities, or of ARTIME's contact with TOMEU (as indicated in TOMEU's 201), TOMEU was asked what he thought of ARTIME's proposition. TOMEU stated that he would no longer follow any man as an individual or as a leader, because a man's ideals, outlook, and objectives change with time. For example, the people of Cuba followed Fidel because of the ideals he advocated. When Fidel took over, his accomplishments gradually became quite different from the ideals he had espoused. TOMEU continued by saying he would "no longer follow a man. One could only trust his ideals or an organization which followed those ideals, since a good organization would be less likely of being controlled by a single man." When asked for an example of the type of organization he had in mind, TOMEU replied he was most favorably inclined towards the ideals and goals of the JURE. (The JURE or JRC is an organization created by Manolo RAY Rivero around a nucleus of former 26 July Movement leaders. See memo and attachment dated 23 July 1963 from John Hugh Crimmins, Coordinator of Cuban Affairs, ARA, Department of State in TOMEU's 201-283206.)

9. It should, perhaps, be noted here that in an informal exchange with Mrs. Donald WEBSTER, TOMEU's supervisor at the Defense Language Institute, Anacostia Naval Annex, 4 June 64, Mrs. WEBSTER volunteered the information that "all of the other 'Brigade students here' have told me they think very highly of TOMEU, and that he is a very brave man, because he and his family were very wealthy in Cuba and he gave it all up to go into exile and fight the Castro Regime."

1. The Subject WHD asset is currently residing in Apt. G-32 at the Summit Hills Apartments, 8500 16th St., Silver Spring, Md., a safehouse procured by the Safehouse Branch, Office of Logistics. Ostensible lessee of this Apt. is a local Arlington attorney Roger McK. SHEA, Esq., who has acquired the place for the ostensible purpose of providing quarters for out of town clients, etc.

2. On Friday, 7 August 1964 Subject claims to have made a long distance phone call from the telephone at the Apt., 587-8534 to a cousin, Pablo Rodriguez, 2852 (sic) West 20th St., New York, N. Y., telephone number HI 9-1359.

3. It is requested that your office ascertain if this call was actually made on the 7th, including the time at which the call was made. It would be appreciated if you could ascertain if any long distance phone calls were made on 6 August. It is further requested that you attempt to identify the subscriber to the New York number, HI 9-1359. No Pablo Rodriguez is listed in the New York telephone directory, and the address is obviously an incorrect one as street numbers in Manhattan do not go as high as this number.

4. It would be appreciated if results of this inquiry could be communicated to this office by 12 August 1964.

SUBJECT: RYBAT/REDTOP/DIOGENESIS/AEBOOR - Surveillance Reports

ACTION REQUIRED - REFERENCES

Reference: HABA-20512, dated 25 April 1969

1. Reference dispatch described our efforts against AEBOOR and stated that the next phase would consist of a 24 hour a day surveillance of Subject for a period of about two weeks. The coverage was initiated at 0600 hours on 19 May, and terminated at 1515 hours on 26 May, the day of AEBOOR's departure for home leave.

2. The overall results of the surveillance effort were interesting, and provided us with a great deal of basic data which should prove valuable in future AEBOOR operational planning. Although the period covered must be viewed as somewhat atypical since it covered a time of preparation for home leave, the basic pattern could not have varied greatly from the norm. There was definite evasive action designed to shake surveillance taken by AEBOOR on several occasions; there were repeat visits to several establishments which could easily serve as letter drops or contact points; and there was an interesting contact on 21 May (reported in BUENOS AIRES 3009) with an individual we failed to identify positively.

3. Although the above makes it appear that we are approaching the AEBOOR operation strictly from the CI/CE angle, this is not the case. We are attempting to gather adequate information to give us a clear insight into AEBOOR's activities in order to help us attempt to introduce an access agent into this operation, or to expand direct development of Subject by Station officers.

4. Forwarded under separate cover for Headquarters study are copies of the surveillance reports along with a copy of the AELANYARD transcript for 21 May.

DISPATCH

S E C R E T

TO: Chief of Station, Buenos Aires

FROM: Chief, SB via Chief, WH Division

SUBJECT: REDTOP/AEXICK/AEBOOR
Operational Possibilities against AEBOOR

Reference: HCSW 7566, 11 February 1969

1. With the departure of AEBOOR and his wife on home leave, we would like to offer a few comments about him for possible future action by the Station when he returns. The impetus for these thoughts was a recent examination of the files of all those Soviets on the priority target list to determine if, perhaps, one of them offers more of a potential for intensive development than another. The purpose of this review was not to discard the agreed-upon target list, since this list is the rationale behind the entire concept of selective targetting; but rather, to attempt a narrowing of the Station's focus on the one particular Soviet who appears to be the best selection for operational development among the priority group. We have looked at such factors as susceptibilities (known or potential), contacts, accessibility, etc. and, for reasons discussed below, feel that AEBOOR may be the best selection for a determined Station effort aimed at his eventual recruitment. Thus, the Station's focus on the other priority Soviets would continue at its present level but at the same time, AEBOOR would be placed "under the microscope" as the object of a more intensive Station effort aimed at gaining multiple access to him.

2. With the imminent departure of BIBANDIT/12 from Buenos Aires and the resulting elimination of our one good contact with AEVULTURE, the choice of AEBOOR became easier to make. His selection, however, was based on several considerations which, from our vantage point, seem to offer the best potential for Station action when he returns to the country.

a. Accessibility: AEBOOR is one of the very few Soviets with whom direct Staffer contact has been made. The social evening spent with him and his wife in January showed excellent promise because it appeared that foundations for rapport and further contact had been laid. We note, however, that there has been no mention of further meetings since the initial one, four and one-half months ago. Due to the elapsed time, we assume that Subject and his wife are not planning to reciprocate the invitation; on the other hand, enough time will have passed since the initial contact for the Station to take the initiative

again and instigate a second meeting soon after Subject returns from home leave. Since there are no other access agents now in touch with Subject, the potential for assessment of our target personality by direct Staffer contact becomes crucial in the selective targetting procedure. Through the advantages of direct assessment, we should be able to make a good judgment concerning the susceptibilities (or lack thereof) of AEBOOR and accordingly, determine the value in pursuing him as a priority target.

b. The impressions of AEBOOR and his wife from the one meeting thusfar seem to offer some possible avenues of approach which the Station may wish to consider in their planning. The wife, in particular, was described as being more relaxed than AEBOOR and through her professed interest in theatre, music, and ballet, it might be possible for Nina T. MARGANDE to exploit this interest and invite her to selected cultural events. If AEBOOR does not share his wife's proclivities for the "arts", then she might appreciate the presence of a female companion who shares her interests. AEBOOR's wife also claimed to like both American songs and dancing. This too, might open the door to some form of imaginative approach built around a future invitation whereby the incipient social relationship of 9 January would be further developed in the depth needed for a thorough assessment of the target. Cultivation of the wife appears to be particularly appropriate because of the apparent conflicts and tensions between her and her husband. The accounts of this relationship from their previous tour in Mexico and also the current transcripts from AELANYARD paint a picture of an irascible and foul-mouthed husband constantly doing battle with a domineering wife. It seems likely that the impression of "sweetness and light" which they generated during their evening with the Station case officers was atypical and manufactured for the benefit of their hosts. This, of course, is natural with most couples who choose not to air their personal differences in public, but from our point of view, this lack of harmony between AEBOOR and his wife offers distinct possibilities for the Station to contact the wife independently and offer her welcome diversions from the regimented and turbulent life with her husband. (We call your attention to the reference since it may provide some useful points in devising an approach to AEBOOR's wife). Their present home leave in the USSR would seem to offer a ready-made situation for renewed contact when they return since natural curiosity about their activities and time spent at home could be sufficient grounds for an invitation either to both or singly to spend an evening together. We offer these thoughts only because they appear to us as good opportunities not only to maintain Staffer contact with a target of priority interest, but to also develop this contact further to the degree of intimacy needed for a recognition and ultimate exploitation of his susceptibilities.

c. Since there are no access agents now in touch with AEBOOR, we suggest, as a supplement to the direct Staffer contact and in order to obtain additional assessments of Subject from other angles, the Station consider "running" a controlled asset into AEBOOR under suitably contrived circumstances. In other words, we would create a relationship where none previously existed. By this device, we are not suggesting a double agent operation in which our agent offers himself for recruitment; on the contrary, the rationale is simply to move a controlled asset into the path of the target and attempt to establish a contact through a common bond of social or business interests. If we agree that AEBOOR can be brought under a more intensive scrutiny than the other Soviets, then this ploy would be a logical step in his development as a recruitment target if additional access to him is non-existent.

CONTINUATION OF DISPATCH	CLASSIFICATION	DISPATCH SYMBOL AND NUMBER
	~~S E C R E T~~	HABW 11473

d. AVDEPTH: The ability to monitor AEBOOR through this technical operation was a key factor in deciding to bring him under closer focus. It should be able to provide the necessary depth to any human assessment of the target and it gives us the singular opportunity to "observe" AEBOOR when he is relaxed at home and not exhibiting the official mannerisms and personality which he must display in public and around his other Soviet colleagues. If we are able to expand the burgeoning Staffer contact with Subject as well as place access agents in touch with him, then his reactions to these contacts can be monitored and our moves against him tailored accordingly.

3. As part of the total effort to build up a large amount of information on the selected target, we are including as an attachment, a copy of the new Personality Characteristic Questionnaire (PCQ) with instructions for its use. By employing it in conjunction with your direct assessment of AEBOOR, we should be able to slowly build up enough information on him so that the indirect psychological assessment technique can also be applied. The PCQ is a new form and less time-consuming than others but we believe it should be an integral part of the entire assessment process focused on a target Soviet and that it can be an invaluable aid in attempting to evaluate the varied impressions of the target which have been obtained from multiple access to him. An initial review of the PCQ may give the impression that many of the questions are irrelevant and have no bearing on the determination of a persons susceptibility to manipulation. The questionnaire should not be perused piecemeal, however, but taken in its entirety since each portion will be interpreted and weighted by the indirect psychological assessment techniques until a very complete impression of the total personality emerges. We encourage the Station to utilize the PCQ and when sufficiently complete, forward it to Headquarters for evaluation.

4. Once again, we wish to emphasize that Headquarters is in a position to offer guidance and support to your efforts, but the direction of the case rests with the Station. The case officer involved is in the best spot to judge the progress of the case and make decisions accordingly. For this reason, we encourage a continuous and candid dialogue, concerning the various aspects of your operations against the selected Soviet targets in order to insure professional development of each case. If our choice of AEBOOR is at variance with your on-the-spot assessment of the priority Soviets, then we would appreciate your appraisal of him as well as any suggestions about a more logical candidate for closer focus.

A. Ivan (ALFERYEV)

B. Rosa (ALFERYEV)

C. Anatoliy Ilich (VASILYEV)

((Readability is very poor. Music is playing very loudly.))

A., B., and C. continue their conversation. ((Reel 4)) They talk about clothing and dinner jackets. C. says he does not own a dinner jacket, and adds, "But according to regulations, I... By official government regulations, a counselor is provided/allowed ((to have a dinner jacket)). I'll tell you, there are some people who think I don't know this. They keep quiet about it... but I'm embarrassed to say..." B. comments, "You should have one made, and that's all." C. says that when he needed a dinner jacket, he talked to the Ambassador about it. He adds, "Concerning the dinner jacket, he ((the Ambassador)) said, 'Drive over; you have... well, get it from ALFERYEV.' That's an Ambassador!" ((Short portion unreadable.)) B. remarks, "Anatoliy Ilich, he ((probably the Ambassador)) is a strange man."

They continue talking about dinner jackets. A. says that some diplomats at other embassies also do not have dinner jackets. He says to C., "Why don't you asks the French Ambassador if he has a tail coat..." C. comments, "What a comparison!" A. continues, "By the way, they rent ((tail coats))... Ask the French counsel if he owns a dinner jacket..." C. states, "And you go ahead and ask how much they pay an ambassador -- $500, $1,000. I know they get (20) ((a high salary))." ((Portion unreadable; all talk at once.)) A. says, "He doesn't have one; they rent ((evening clothes.))" C. disagrees, "No, Ivan; you're wrong. That doesn't bother me." A. says, "I realize that." C. explains, "This is a matter of representation ((diplomacy)). If a man has such a difficult, such a difficult... but I know that (XG)." ((Portion unreadable; all talk simultaneously.))

A. insists, "Everybody rents ((evening clothes)); everybody rents." C. exclaims, "But I'm supposed to have it ((a dinner jacket)) according to the regulations. It's written, it's written. Why should I rent it. If you wish, I'll let you read it ((the regulation))."

A. and C. try to convince each other on the pro and con of renting a dinner jacket.

C. expresses his indignation about the situation and tells of his conversation with the Ambassador about a dinner jacket when they were due to attend a function: "I told him... if I find a dinner jacket... So, you will go ((alone)). You have one. But he asked me, 'But why don't you have one?' I said, 'Yuriy Ivanovich, you yourself know why I don't have one.' He shut up..." Later, B. agrees, "You should have your own ((dinner jacket)). C. continues to be resentful, and says, "But the man ((unclear who, possibly the Ambassador)) is jealous, so that, I don't know... 'that some sort of (?crooked - krivoy?) counselor will have a dinner jacket. I... ((B. laughs)) I spit on you...' ((probably referring to a supposed critic)). C. adds that he frequently says that "if a dinner jacket is required, I will not go."

The three have a drink. ((short pause)) They discuss music, and talk about an orchestra which they heard on TV. They comment on tickets which they have received for various concerts. ((Readability is very poor: the TV covers their conversation.)) They talk about theatrical artists, the Bolshoi Theatre, and an orchestra. Mention is made of DUNAYEVSKIY, the composer, and various records. ((Loud music covers their conversation.)) They talk about OYSTRAKH and OSTROPOVICH. B. flirts a bit with A. and C. All laugh frequently.

Farther, B. changes the subject and speaks irritably about her work. She asks A., "Was my work at the Embassy normal, was it normal?" A. states, "It was normal." B. retorts, "Oh... it was normal. Yes, ((sarcastically)) it was normal. I did not (3G) normally when I was sitting in (?Pavlovich's?) ((not otherwise identified)) office. (2G). And I'll tell anyone you please that it ((the work)) was not normal." A.'s brief comment is unreadable. B. insists angrily, "I'll say it myself. And I won't ask (XG). I know whom to tell. I'll definitely say it." A. calls her "a fool!" B. rebukes him, "The word 'fool' is always at the tip of your tongue; 'fool,' 'fool.' All evening, all evening." A. states, "That's the first time I said it." B. rants, "So, you said it for the first time! Really? You only said it once?"

C. attempts to sooth B., "Well, Ivan didn't want to say anything bad. I'm sure of that... It isn't that... It concerns some sort of... ((All talk at once -- unreadable)) A. states, "This is none of your business (4G) and I'm not planning to." B. shouts, "Right, so don't put/seat me where you shouldn't -- in the bathroom!" ((figuratively speaking)). C. interrupts, "Rosa, Rosochka, what are you saying!" B. yells, "Well..." C. continues, "Well, Rosa... Rosa, sometimes..." B. retorts sarcastically, "It's none of my business -- that's the main thing!" C. says, "Ivan is sometimes incorrect/unjust in his attitude toward you ((plural)) but you ((the informal "ty")) understand how difficult it becomes for married (3G) ((possibly meaning "officials")), Rosa. Rosochka, you shouldn't... you should work some more/longer..." A. repeats to B., "It's none of your business." C. adds, "You shouldn't be that way... Later everything will be better." A. remarks, "She's not satisfied..." C. continues, "Because we/you have to maneuvre somehow. Even if we were wrong, even if we were 100% wrong, you still have to wait. For you to see that we are wrong (1-2G). Why is he wrong? Perhaps we are wrong, but there was some sort of precondition/reason for it. It's impossible for us to be wrong. According to his/our character, persuasion, (1G)... desire... Do you understand what happens, Rosochka?" A. states, "Do you understand, when they announce ((unknown what)) to them, they have not deserved that. It's always that way... In order to cast aspersions on someone, it is absolutely necessary (2-3G)..." B. protests, "((Even)) if (?an accusation?) is unjust? All right! ((But if)) something is well done... ((express)) some gratitude, if you please..." C. comments, "Rosochka, don't you see, then the whole thing is that we then (1G)." B. retorts, "At least he could have said that they were (?accusing?) me unjustly. At least he could have said..." C. says, "Rosa! But here (2G), do you understand, (XG) no such attention is given. For him here, you understand, (4G). He is not alone here. A number of people are there, this one and that one ((colloquial: the fifth and the tenth))... And then perhaps someone... especially a wife. That becomes most sensitive/painful. She is sort of the most sincere/frank person. But I wouldn't do it that way. There you are. And she will be correct. However, she did not see the one and the other person

((the fifth and the tenth person))... and immediately did not (2G)... It's good at times. My Lord, Galka does that. At times I feel hurt ((but)) I won't say (2G). I won't begin saying it. Sometimes I feel so hurt that (XG)." B. tells C., "Anatoliy Ilich, when everything will be clean, when everything will be put in order, then I/you/we can talk about gratitude. But now? ... There's chaos all around! And you talk about gratitude... ((She sounds incensed)) Everywhere there is (1G)." C. tries to convince her, "Rosa! You shouldn't talk now. Do you understand? It has to be done gradually. After all, there is some sort of restraint/forbearance; there's a line... you have to (1G). Rosa! How much more/longer will we (1G). [illegible]er all, we haven't been together merely for one day. Take Ivan. (5G) there are a minimum of 6 to 7 of us men in the Bureau. What I'm saying is that we must respect each other. We think, we discuss. We might make mistakes in something. But, nevertheless, 7 of us men won't be too mistaken as would be someone at (3G). And then, a woman will sometimes not see/understand, Rosochka. (XG). Rosa, you shouldn't insult/hurt us that much. We have nerves and they (XG)." A.'s comment is unreadable. B. tells her husband, "Sit, sit, all right!" C. continues trying to convince B. that she shouldn't insult her husband.

A bit further, B. tells C. irritably, "He piles everything on me. You're blaming me, right?" C. continues telling B. to treat her husband better, and says, "I love my Galka very much, and I see that Ivan loves ((you)). I am firmly convinced of that." B. laughs sarcastically. C. adds, "(XG) that means to indulge ((your husband)). Rosa, how can you do that?" C. continues, "What do you want to do -- do you want to see/think of your husband as a scoundrel?" B. replies, "(2G) in ((his)) attitude toward his wife." C. adds, "Or that I should be a scoundrel? I won't be one. If Galka would throw me out, I wouldn't become a scoundrel any way. I spit on that. No matter what anybody says about me, I won't become a scoundrel any way. And I won't be led by the nose by any Nina MEDVEDEVA." ((Apparently, C. believes that MEDVEDEVA bosses her husband.)) B. remarks, "I'm talking about (This attitude?) toward his wife." C. states, "And I'm saying that they are scoundrels." B. continues, "... personal attitude..."

C. states decisively, "They ((the MEDVEDEVs)) are scoundrels... Ivan, you shouldn't receive ((or, have anything to do with)) them. On the contrary, you should stay farther away from them someplace, as far away as possible." C. continues lecturing B. about changing her attitude toward her husband.

Further, C. tells B. about an incident which occurred where the MEDVEDEVs were involved, saying that the MEDVEDEVs had been given ingredients to make meat pastries (piroshki), and that they had not made the meat pastries but had said that the ingredients had spoiled. He asks B., "How could those people do that? What happened to the ingredients? Roza! You have to answer! Please answer!" B. asks, "I should answer?! Let them answer!" C. says, "Aha... But they don't want to ((answer))." B. asks, "Why should I answer?" C. insists, "Go ahead... answer! What happened to them. How did they..." B. says, "I defend them!" C. continues, "What happened to the ingredients? Please answer. They... someone else, if you please... Why? Did they take them ((drive them)) someplace? They volunteered to make them. What happened ((to the ingredients)). How did they spoil? When did they spoil? What spoiled? And where did they drive to? Answer that question. And (?automatically?) they twisted everything around. Do you know what I'm leading up to? And what happened later?" A.'s comment is unreadable. B. states categorically, "Ivan will twist anything around..." C.'s comment unreadable. B. repeats, "... he'll twist anything..." C. asks, "And then what about (3G)?" A. says, "This is the very best example..." B. asks, "What did you say...?!" A. says something unreadable. B. asks, "Why do you ascribe things to me that I did not say? By the way, your manner has long since been noticed... has long since been noticed..." C. tries to interrupt her, but she continues, "... you can blame a person for something he did not say, and you will keep on insisting that he said that you (3G) me." A.'s remark is unreadable. B. says, "... a good relationship. He ((MEDVEDEV)) has a very fine relationship/attitude toward his wife." Farther, C. asks, "What kind of relationship is that? If I did such a thing, Galka would give me such a lecture... if I permitted such a thing, did such a thing, she would not live with me. She would never permit me to do such a thing -- never would she look ((at me)) if I

would be able to do anything so vile." Referring to B.'s statement about the good relationship between the MEDVEDEVs, C. says, "How can you say that, how can you give such an example? ((He mimics B. sarcastically)) 'They have such ((a good relationship)); everything is done by them in a friendly manner.' ((C. says maliciously)) Roza, I despise them..." He continues expressing his indignation. He adds, "They have a foursome; the first are the MEDVEDEVs and then, the TEREKHOVs ((the four are good friends))." C. says that "yesterday I spoke with Galya BOLDINOVA ((probably about the MEDVEDEVs and the foul up on the meat pastries))."

The three of them then calm down, converse quietly, and have a drink. The music covers a part of their conversation. Theylisten to the music and make intermittent comments.

Later, A. begins picking on B. and says to C., "She doesn't think. She has been in a huff all evening. Instead of thinking, she..." C. interrupts, "Vanya, don't talk that way. ((He changes the topic)) Where do you want to go ((take a trip, or drive))? Well, Rozochka..." B. yells, "Well, when I get rid of you...! May I state my conclusion/decision, or not? Will that minute ever arrive, or not?" C. tries to calm her, "Rozochka..." B. continues yelling, "It's absolutely impossible..." C. and B. talk simultaneously -- unreadable. B. then says, "Anatoliy Ilich, that's correct. After you've talked with him, you leave. But for me this goes on with him eternally, from morning to evening, and during the night. It's absolutely frightening!" C. again tries to calm her down. B. goes on, "Why should I wait to say what I want to. I say what I please." C. interrupts, "Roza, Rozochka, Rosa! But all of this is..." B. adds, "He has a malicious soul..." C. disagrees, "Nothing of the sort; nothing of the sort! He touched upon ((the subject)), he asked..." B. snaps back, "He touched upon it... so now let him listen to what I'm going to say since he touched upon it. If you object to him ((unclear)), then shut up..." C. again tries, "Roza, may I ask one question?" B. says, "You may..." C. begins, "Please tell me..." B. starts up again, "He poisons everything... because even if he says one thing, he poisons everything." C. states, "Oh no... He (20).

I'll tell ((you)) that the nature of women is to exaggerate at times. And I would say not sometimes, but very often, very often. And why do you... don't you think that you (3G), that he is acting badly toward you? Let him make mistakes..."

C. continues soothing and lecturing B, and tries to convince her that her husband isn't so bad. A. remains silent.

C. changes the subject and suggests that Ivan finish his drink. He talks about food and snacks. C. and A. drink up and leave the room. The radio is on. B. is walking around the room, apparently cleaning up. A bit later, she turns off the radio.

Telephone Tap Operations Against AEBOOR and 201-025415

ACTION REQUIRED - REFERENCES

1. As part of our continuing effort to effectively "zero in" on selected FJSTEALER targets, we requested BIOGENESIS to set up telephone taps on phones located in the apartments of AEBOOR and 201-025485. BIOGENESIS complied, and the tap on AEBOOR's line became effective on 18 April. Coverage of 201-025485's line went into effect on 22 April.

2. Although we do not expect this coverage to provide us with dramatic results or some sort of "break through", we hope that it will contribute significantly to our overall coverage of these two targets.

3. Once these operations have been in existence for a reasonable period of time, we will advise Headquarters of the results.

1. Even though we have maintained AELANYARD for a considerable length of time, we have not been able to establish a pattern of activity for AEBOOR. The cause of this lack is quite simple: AELANYARD has been maintained more or less on a working hour schedule, i.e., from roughly 0800 to 2200 hours with occasional additional night monitoring. Realizing this, we decided to carry out a two week operation whereby we used different equipment. We will cease this phase of the operation since we now have, we believe, sufficient coverage to establish the pattern of activity of AEBOOR.

2. The operation has proved very helpful. We now know that on two occasions AEBOOR did not return home until five or six in the morning. Mrs. AEBOOR on one occasion launched into him demanding to know where he had been, etc. His reply was "I have been working" and nothing more. We forward under separate cover a copy of the pertinent transcript involved in this discussion.

3. Our next step against AEBOOR is to mount via BIBAFFLE a 24 hour surveillance of AEBOOR. It is our present thought to continue this for up to two weeks; however, since as many as 12 officers per day will be needed, the BIBAFFLEs will be hard put to carry it out. Other operations will have to suffer since we are convinced that a well conducted and thorough surveillance could produce

A. Ivan (ALFERYEV)

B. Rosa (ALFERYEVA)

C. Anatoliy Ilich (VASILYEV)

C. comes in and asks, "You're angry, aren't you?" A. asks, "Why did you come here so late? You don't deny it; there's no (17)?" C. answers something about old/former guests. A. agrees. B. comes into the room and greets C. very graciously, telling him that they have been waiting for him. Everyone talks at once, joking and laughing. A. calls B. "Rozochka."

A short portion of the conversation is unreadable because the record player is on as well as a Spanish-language radio program.

ALLANYARD - 16 APRIL 1969 SECRET

Americans then become the topic of conversation. A. says, "They work with anyone, with the good and the bad (s khoroshimi i plokhimi.)" B. states, "It is my impression and opinion that, nevertheless, the Americans somehow understand us better, so to speak. I don't know... what to talk about ((or, what someone is talking about))... A. remarks, "I don't understand yet what you are trying to say -- that they simply... they (1G) us very much. How do they understand ((?us?))?" B. explains, "Well among them there are more such progressives that you find here..." C. asks, "Than in Washington?" B. continues, "... Yes, than in Argentina." C. says, " Ah... you ((informal "ty")) understand, I don't know anything about the USA; I only heard a lot about it. I'm not talking about their popularity right now.. (2G) comrades were there ((?in the USA?)). But apparently there actually is (1G) there, nevertheless, and a healthy (??unusual spirit??). That's how I understood it from my comrades/friends who told me about it and who passed on to me (3G), apparently (XG). But the English have something which is not comprehensible to us. (4G) everything, television sets..." B. adds, "That's how I have even ((?noticed it?))... But there, but there they ((the Americans)) are more... in my opinion, they are closer to us." ((Portion unreadable because all talk at once.)) A. says, "I do not agree with you on one thing ((uses the informal "ty"))." C. says, "Ivan, I wasn't there. I'm only saying..." B. says, "But here, in general, the people are such, ((they're)) stupid. Right here in (?Argentina?), ((there are)) festivities, restaurants, and everything. They have (3G). Right?" ((All speak simultaneously - unreadable.))

14-00000

A bit later, B. says to C. in an exasperated voice, "He shouldn't be so helpless; he shouldn't be so helpless, Anatoliy Ilich, he shouldn't be. If he broke it, he should fix it. 'If you can't ((fix it)), get a specialist.'" A. tries to fix the record player and, obviously hurt, he complains about his wife and says to her, "Don't be rude/crude." ((A. sounds rather high.)) B. complains, "He can't do a thing, Anatoliy Ilich. I simply can't understand. A man in the house is, after all... If something breaks somewhere, it should be fixed. Just say, 'I'll fix it,' that's all. If you can't fix it, you need a specialist." ((She sounds quite annoyed.)) They discuss the cost of fixing the TV and record player.

B. hasn't calmed down and angrily says to her husband, "Everything is falling apart. But you're living in a government-paid apartment. Everything is falling apart. Look, how can it be that way -- the handle. You can see that the handle is falling off; you should screw it in, if you approach it like a man... Should I be the one to screw things in... everywhere. A handle is falling off there, here a handle fell off. How can it be that way?"

1. Transmitted under separate cover for your information are copies of the AELANYARD transcripts from 3 February through 20 March 1969. Since Matthew F. CHETUNG worked exclusively on AEDANGLE-2 during this period, the material being forwarded is comprised entirely of Spanish language transcripts processed by BIOGENESIS transcribers. It is probably representative of the product we shall receive from this operation after CHETUNG's departure.

2. Although we have reviewed this material rather carefully, we have found little hard information therein. From the circumstances and the tenor of the conversations, we conclude that the wife of 201-236701 and the wives of 201-087550, 201-820310 and possibly 201-025485 are friends. From the transcript of 28 February we have extracted the information on 201-236701's T.V. repairman and will suggest that the BIBAFFLE team do at least an initial check. Otherwise, we are confronted with tantalizing fragments which appear to be significant but defy any attempt to read meaning into them. The pages are filled with names of individuals that we have not been able to identify, exceptions being those of officials presently or formerly stationed in Argentina. (From experience with BILOCULAR and other BIOGENESIS transcripts, we feel that some of these names escape recognition simply because they are so garbled.)

3. In the coming months Buenos Aires Station plans to examine and assess the AELANYARD transcripts with care in an effort to decide whether they truly are worth the great amount of time now devoted to their review by Station officers. It is our present feeling that alternative, hopefully more productive operations against 201-236701 should be considered unless we and/or the BIOGENESIS transcribers develop a greater facility for putting the product into a more meaningful context.

YASHIN and the rest of the Moscow Dynamo team had just arrived at Ezeiza Airport on Varig Flight 845 from Rio and were departing for Santiago on SAS Flight 955 after a layover in Argentina of three and one half hours. The team was on a Latin American tour covering Chile, Peru, Colombia, and Ecuador. (close friend of Ivan Gavrilovich ALFERYEV 201-236701)

ALFERYEV Contact with Lev YASHIN (201-)

ACTION REQUIRED - REFERENCES

1. Forwarded under separate cover for your information is a copy of a BILOCULAR report of 8 January describing a conversation between Ivan Gavrilovich ALFERYEV and Soccer player Lev YASHIN (DPOB: 22 October 1929, Moscow, Passport 331422). YASHIN and the rest of the Moscow Dynamo team had just arrived at Ezeiza Airport on Varig Flight 845 from Rio and were departing for Santiago on SAS Flight 955 after a layover in Argentina of three and one half hours. The team was on a Latin American tour covering Chile, Peru, Colombia, and Ecuador.

2. During the conversation KGB officer ALFERYEV and YASHIN, whom we believe is KGB, show that they are fairly close friends. They also mention mutual friends: Ivan Semenovich ARKHIPENKO (201-731434), a suspect KGB officer formerly stationed in Argentina; and Vitaliy Borisovich SHUBIN, the former Consul/KGB officer in Chile.

1. Subject arrived at 1930 bearing a Russian record as a gift from his wife and a bottle of vodka with a jar of caviar as a gift from himself. He apologized that his wife could not make it that evening because she had to attend a "command performance". Although Subject claims to be under a doctor's care for problems with his stomach and legs (blood pressure problems) and is supposed to avoid use of alcohol for four months, he did accept a drink (Scotch) and then proceeded to chat about various inconsequential topics. At about 2000 MARGANDE dropped in and a general conversation ensued. LEVERONE offered to prepare some Shashlik and Subject stated that it was one of the favorite dishes of his wife. He suggested that perhaps he could pick her up after the "command performance" and bring her to the apartment. This was readily agreed to but since there was an hour and a half remaining before Subject could fetch his wife, we continued with general conversation. The following points concerning Subject's past activity came to light.

a. Subject stated that he had spent some time in Argentina in 1958 and that during this time he had had a chance to travel freely and see something of the country. The people were friendlier, politer and less hurried then. He did not go into detail as to what he was doing in Argentina but it appears to have been an official visit.

b. His "high point" was Mexico and his fondest memories are of his time spent there. He claims that he was able to travel over the entire country and got to know it better than his own. He also had various close friends in the journalistic field including several Americans (sic). In Mexico he was a PRAVDA correspondent.

c. Subject also stated he had been in Ecuador for an unspecified length of time during the month when the annual Indian fiesta is held. He claimed to like the place very much and described at length the Indian practice of selling all their produce at the fair and then spending the money on liquor.

d. When Subject was ready to leave Mexico he applied for a transit visa to the United States. When its issuance was delayed for some time, he asked the American officials concerned if there were

CS COPY

s/c att #1 to HABA-20210 SECRET 201-236701

any specific problems regarding the visa or if it was being withheld simply because he was a Soviet. If the latter were the case, he said he would raise the question with the President of the United States (who was visiting Mexico at the time and was going to hold a press conference). Subject claims that as a result of this threat the visa was issued almost immediately. Due to completely fortuitous circumstances, Subject and three other Soviet correspondents met in New York on the 4th of July. LNERGO allegedly became excited about the presence of four Soviet correspondents in New York at one time and carried on a very tight surveillance which was quite annoying. During this time the notes compiled for books on Latin America were stolen from Subject and as a result his literary ambitions have not been realized.

e. Subject stated that he has a 14-year old son in Moscow and although they miss the boy, there are no adequate schools in Argentina. This is the reason for the separation. In Mexico the Soviet Embassy has provision for the three primary grades. That is where Subject's son started his schooling.

2. At 2130 hours Subject left to pick up his wife saying he would be back in about 40 minutes. This was fine since it gave MARGANDE and LEVERONE time to get everything prepared for the meal. At 2230 hours Subject called to say they were "on the way" and would be over shortly. At 2315 they arrived at LEVERONE's apartment.

3. A general four-way conversation continued during which Subject's and his wife's comments ran as follows:

a. Their son in Moscow is studying English and speaks it rather well. He also keeps fish in a 175-liter fish tank. Subject was unable to recall the sort of fish in question.

b. There was a rather lengthy commentary on the system of sending single people abroad for assignment to embassies. Subject's wife was very surprised that the Americans would send single men and women abroad since this was very "dangerous". She stated that the Soviets occasionally send a single girl to a foreign post but the implication was very strong that she was "well chaperoned".

c. They were both interested in the linguistic abilities of individuals assigned to the American Embassy and stated that the Americans were often sent abroad with virtually no knowledge of the language whereas the Soviets were always well trained. (Subject's wife managed to get this point across in her halting Spanish and with assistance from her husband whom she kept asking for the Spanish equivalent of Russian words.) Subject did state that the Soviet language training system was not the greatest and seemed to give a point to the U.S. system when MARGANDE said that she had learned her Spanish from tapes and instruction.

d. Subject and his wife agreed that Buenos Aires is a large, dirty, indifferent city. They talked with nostalgia about their Moscow apartment which was only a ten-minute drive from lovely forests and streams where "a person could really relax". They mentioned that they had a quinta to which they retired on weekends but that the quinta was noisy and full of mosquitos. (MARGANDE and Subject's wife agreed that Raid and Off were the most important purchases in Buenos Aires in the summertime.)

3. Conversation and listening to music continued until about 0200 hours (with Subject's wife oohing and aahing over American songs and arrangements). The evening was friendly and relaxed and there was no attempt to get into deeper political or ideological discussions since the primary purpose was to establish rapport and pave the way for future meetings.

4. Given below are MARGANDE's and LEVERONE's impressions of Subject and wife:

Subject: Although Subject at times gives the impression of being a rather simple fellow, this effect is created more by his apparent non-aggressive attitude than by actual evaluation of his intelligence. He appears to be au courant of the general situation in Argentina and his assessment of world situations and incidents seems to be quite logical and unbiased. It might even be suggested that Subject is not overly influenced by Soviet official stands concerning certain specific topics. Unlike 201-183943, he does not go about spouting a very obvious party line. Subject presents a pleasant appearance, dresses well (he had on a clean shirt!), and is generally XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX an attractive

individual with a fairly good sense of humor. He appears to understand a fair amount of English but it is hard to judge his speaking ability since he seems to be reluctant to talk at length in the language. He also appears to know some Georgian. He claims to know the Soviet Union west of the Urals rather well but gives the impression that he has never traveled in the eastern part of the country. From his comments and from observation it can be assumed that he enjoys Mexican and modern American records and perhaps even prefers them to the new, socially conscious Soviet music. His one detracting mannerism is a heavy and constant blink.

Subject's wife: Subject's wife is also attractive and has a warm personality. She dresses well and is interested in theater, music and ballet. She enjoys going to the Colon but thinks the ballet at the Bolshoy is much better. She claims to enjoy dancing and apparently does not drink very much. Her Spanish is halting but adequate to make herself understood.

Their Relationship: Subject and his wife appear to be a couple who, if not in love, have grown used to each other and each other's ways. Despite reports and direct evidence of their squabbling, it would be dangerous to assume that this constitutes a weakness or domestic problem. They appear to rely upon each other and complement each other in social situations to the point where a deeper understanding between them can be assumed. (An interesting occurence was the wife's flat declaration that the Soviet Union was rapidly becoming a matriarchal society. Subject agreed with a smile.) Although Subject does not take open issue with his wife on topics where he may not be in complete accord, he manages to get his point across with a joke and a smile. All in all, Subject and his wife appear to be two that could take part successfully in any social gathering. MARGANDE thinks they are a "fun couple."

1. It has come to our attention through AELANYARD that Ivan Gavrilovich ALFERYEV (201-236071), a known KGB officer, may have traveled to Uruguay during the first days of November. This suspicion is based on the fact that Subject informed his wife he had to take a trip to Uruguay and then was not seen in Buenos Aires on the following Saturday and Sunday, the 2nd and 3rd of November. Although we have been unable to find any record of travel or any request for permission to travel on his part, we cannot discount the possibility of his having traveled under false documentation.

2. Forwarded herewith is a photograph of Subject for your files. Buenos Aires Station will continue to monitor Subject's activities. If it appears that he is planning a trip to Uruguay, Montevideo Station will be notified immediately, and some coordinated action can be taken to try and determine his contacts and activities while he is in Uruguay.

SUMMARY OF AELANYARD TRANSCRIPTS -- OCTOBER 1968

(HABA-20084, 27 November 1968)

Subject appears to be quite hen-pecked. His wife constantly mimics him, tells him what to do and how to ~~xxx~~ do it, finds fault with him for no apparent reason. She is over-bearing -- doesn't give Subject a chance to answer her rhetorical questions before blasting him with accusations of never listening to her good advice.

On 30 October 1968 Subject mentioned that he would have to be going to Uruguay. There is no verification of his having made the trip.

INTRODUCTION

1. As pointed out in Reference A we had hoped to mount an audio operation against 201-236071's (an identified AEKICK officer) apartment when his predecessor departed PCS. We failed in our initial attempt and had decided to wait until 201-236071 left the city for a vacation or a business trip. On 21 May 1968 we learned (via BILOCULAR) that 201-236071 was seeking a new apartment. BIBAFFLE promptly identified the real estate agent (IDENTITY A) responsible for the apartment and on 22 May enlisted his cooperation.

2. With the aid of IDENTITY A, BIOGENESIS-14 and other BIBAFFLE agents entered the target apartment and undertook a thorough casing and made photographs. After consultation with the Station, a precise technical plan was worked out.

THE OPERATION

3. The apartment is located at IDENTITY B. It consists of a large living room, dining room, den, two bedrooms, one complete bath, a kitchen, and servants quarters. (We forward under separate cover as Attachment A a scale drawing of the apartment.) The monthly rent is 88,000 pesos with a two-year contract. The owner of the apartment is IDENTITY C.

Having gained assured access, the problem of a suitable LP presented itself. A quick check of the occupants in the same building disclosed that the occupant directly above the target apartment was a military colleague (IDENTITY D) of BIOGENESIS-66 (the BIRAFFLE chief). Contact was established immediately and although IDENTITY D was willing to help, he had already rented the apartment to another and could not renege. He agreed however to hold it one more month and to grant the BIRAFFLE techs access before he turned it over to the new occupant.

4. While still seeking a suitable LP, the BIRAFFLEs went ahead and installed six mikes (two Sennheiser "peter" mikes—2000 Ohms—in each room, thus creating a binaural installation). The holes were drilled from the floor above to the ceiling of the target apartment. Once the installation was completed, the target apartment was entered (201-[illegible] had not yet moved in) and photographs were taken (we forward them under separate cover as Attachment B).

5. After considerable searching, a suitable LP was located at IDENTITY [illegible] which was for rent. After consultation with BIOGENESIS-46, an agreement was reached whereby BIRAFFLE-13 (one of the Station's unilateral assets) would rent the apartment and serve as LP monitor. The apartment was rented by BIRAFFLE-13 on 1 July 1963.

6. The running of the wire from the apartment above the target to the LP was delayed due to BIOGENESIS-14's other priority tasks and by a shortage of suitable cable (we obtained the cable from Headquarters). This final phase of the operation was completed on 7 August 1963. The distance between the target and the LP is [illegible] feet. The LP will be equipped by three Sony stereo tape recorders provided by Headquarters.

EXPLOITATION

7. We are just now beginning to receive the take from this operation. The tapes come directly to us from the LP and Matthew F. CANTUNS processes them. The Spanish language portion which we assume will be light, will be processed by BIRAFFLE.

SUBJECT: REDTOP/Transmittal of Soviet Personality Report, Supplement and Characterization on Ivan Gavrilovich ALFERYEV (201-236701)

ACTION REQUIRED - REFERENCES
REF: BUENOS AIRES 9897, 30 January 68

1. Forwarded herewith is a draft Soviet Personality Report, Supplement, and Characterization on Ivan Gavrilovich ALFERYEV (201-236701), known KGB officer of the Fifth Department (Latin America), First Chief Directorate (Foreign Intelligence), who served as Pravda correspondent in Mexico City from September 1960 to October 1964. Although the draft is not in polished form it is Headquarters feeling that it represents an accurate summary of Subject's 201 file. Headquarters traces were made on Subject's contacts and included in the attached Supplement. The Characterization, prepared in 1964 by Douglas J. FEINGLASS, provides an excellent personality sketch of Subject and family.

2. Throughout his tour in Mexico Subject and family remained apart from the Soviet colony, associating chiefly with the SHUBINs (201-266547) and the SHENGALEVs (201-328294). Subject's ill temper, coarse language, and unfriendly wife won him few friends among his colleagues. (See Characterization) Neither did he have many known contacts among the foreign correspondents' community. Those with whom he did frequently associate were representatives of Prensa Latina (PL) and Siempre. The majority of his time was spent in ~~CP liaison in~~ Mexico, Ecuador, and Cuba. He was also actively involved with various leaders of the Movimiento Liberacion Nacional (MLN) and Central Campesina Independiente (CCI), particularly in the rural areas of Ensenada, Tijuana, and Mexicali. He took these occasions to contact local Russian emigres and, in one instance, to develop a rural recruiter to assess Mexican youths desiring to study in the USSR.

Prospective Audio Installation Against Apartment of Ivan ALFERYEV

ACTION REQUIRED - REFERENCES

References: A. BUENOS AIRES 9864, 25 January 1968

B. BUENOS AIRES 9879, 26 January 1968

1. The Station has long been interested in the fact that but two Soviets reside outside of the Soviet "compounds." In the fall of 1967 we began a unilateral investigation and casing of the apartment then occupied by Viktor FILIPPOV. Our unilateral investigation revealed that the lock on the door of this apartment was a Trabex--a lock which requires at a minimum several hours of picking. Simultaneous to our unilateral investigation we learned of FILIPPOV's planned PCS departure. We also learned that the Soviets intended to keep his apartment and that it was to be occupied by FILIPPOV's replacement. In mid-January we decided to send BIBAFFLE-3 to the apartment building in order to befriend the portero. We had hoped that the portero would be able to furnish us with a key to the apartment. On 25 January we learned that Ivan ALFERYEV was arriving in Buenos Aires on 27 January. Unfortunately time had run out on us. We therefore decided to turn to BIOGENESIS.

2. There were several reasons for this decision. First of all, we do not doubt the operational value of having an audio installation in the apartment of an identified senior KGB officer. However, a unilateral installation is a difficult and at times risky operation. Considering this and matching it against the potential take of the operation we felt that a joint operation would be more practical. Cost also influenced our decision. At the same time our experience with BIOGENESIS in the "Vista" operation showed that BIOGENESIS was perfectly willing to give us and only us the tapes from the audio installation.

3. As explained in Reference A we briefed BIOGENESIS in the early afternoon of 25 January. BIOGENESIS immediately issued instructions that the portero of the building be approached. This was accomplished successfully in the late afternoon of the same day. Unfortunately the portero did not have a key. The same night a BIOGENESIS team of three (including BIBAFFLE-3 and BIOGENESIS-14) attempted in vain to pick the lock. In the course of this lock-picking exercise BIBAFFLE-3 had to identify BIOGENESIS interest in the apartment to the owner of the neighboring apartment. Fortunately this individual is wealthy and was cooperative.

4. Once we had been forced to temporarily withdraw (ALFERYEV occupied the apartment on 27 January), we obtained through BIOGENESIS the blueprints of the target apartment and the apartments which abutted. A study of those blueprints shows that the apartment belonging to the wealthy cooperative neighbor has a maid's room which shares the wall of the living room of ALFERYEV's apartment. We pointed this out to BIOGENESIS and suggested that they enlist the further cooperation of the owner in order that a microphone could be installed through the common wall. Unfortunately the owner had departed for several weeks leave.

5. The owner should be back in Buenos Aires at this time and we have instructed BIOGENESIS to approach him again and to move on with the operation. We are also presently working on an LP.

6. We shall keep you advised of our progress in this operation.

REDTOP
CC CPSU Representative in Buenos Aires

REFS: A. HD-7782, 19 February 1971
B. HABA 22379, 17 September 1971
C. HABA 21382, 18 May 1970

1. Headquarters can provide no additional guidance on CC CPSU Representatives abroad other than that forwarded in Reference A.

2. According to Reference B, the Station has tentatively identified one of the Soviet diplomats in Buenos Aires as the CC CPSU Representative. Since this individual was not named in Reference B, a Headquarters review of the files of Soviets most likely to hold this position has been made and from the information currently available to us, Viktor Grigoryevich CHEKMAZOV (201-128117) appears to be this individual.

3. Although CHEKMAZOV's present andpast duties do not fit all the criteria set forth in Reference A, there are certain indicators that he is the CC CPSU Representative. Little is known of CHEKMAZOV's tour in Cuba, where he was assigned as Second Secretary and Chief of the Consular Section from 1960 to 1963. Prior to that, however, CHEKMAZOV was a Consular Officer in Uruguay from 1954 to 1958. Among his reported duties there, the following could be considered as background leading to his suspected current position:

a) handled emigre and repatriation matters and was involved in activities requiring Spanish, which he and his wife speak reasonably well.

b) believed to be active in the Colony's MESTKOM, (which in general is social rather than political, although the political element is ever-present. The MESTKOM Secretary is usually a Party activist who is responsible for making certain that no possible deviation from the Party line crops up in any MESTKOM discussions or activities.)

c) reportedly became angry with a colleague who refused to prepare a speech commemorating GORKIY's birthday.

e) wife supervised production of the Soviet publication, URSS.

4. In his current position as Counselor of Embassy, CHEKMAZOV enjoys apparent freedom of movement and is sufficiently high-ranking to be the CC CPSU Representative. In addition, no firm identification has ever been made of his affiliation with either the KGB or the GRU. Although the Station reported in BUENOS AIRES - 18575, 29 June 1971, that CHEKMAZOV was believed to be a "likely candidate for new KGB Resident", it would seem from information contained in Headquarters files that he is more likely the CC CPSU Representative. An excerpt from Reference C contains the following indicators:

During visits to the Soviet "Quinta" almost every week-end, CHEKMAZOV

a) lunched with the Ambassador,

b) spent long periods reading, seated outdoors under the trees and remained generally aloof from other Soviets,

c) was the only Soviet who addressed other Soviets as "Comrade", and

d) his wife was said to treat wives of lower-ranking personnel in a brusk and authoritarian manner.

While the indicators cited above are not conclusive in themselves in establishing that CHEKMAZOV is the CC CPSU Representative, they do point up the possibility that he might be acting in that capacity.

5. We shall be interested to learn the identity of the Station's tentative CC CPSU Representative selection. In addition, from our review of the files mentioned in Paragraph 2, it seems that the most likely candidate for KGB Resident in Buenos Aires is Ivan Gavrilovich ALFEREV (201-236701), with either Stepenas Pavlovich PASAUSIS (201-786882) or Boris Ivanovich BOGNIN (201-847889) as Deputy KGB Resident. We should also like to have the Station's thinking as to the identities of the KGB Resident and his Deputy.

Surveillance of AEBOOR (Afteryev)

ACTION REQUIRED - REFERENCES

1. Since his move to the Residence/Club in mid-1970, AEBOOR has appeared to withdraw from almost all overt activity. Rarely does he appear on BILOCULAR and his daily routine is a complete mystery. In order to determine his present status, the BIBAFFLEs were directed to run a surveillance on AEBOOR from Monday, 6 September through Tuesday, 14 September 1971. During this period his wife was away on home leave, thus giving him the opportunity to pursue a different life if he were so inclined. His overt subordinate in the cultural field, 201-820310, had left PCS without a replacement. Presumably his cover activities would be multiplied. Despite all this, AEBOOR maintained a spartan routine which left no clue about his present interests, activities, or responsibilities.

2. Most mornings (including Saturday and Sunday), he drove or walked to the Embassy, often buying a paper on the way. Once inside he stayed until about 1300 hours when he returned to the Residence/Club. His lunch break was rarely longer than a half hour. He returned to the Embassy and stayed at least until 2000 hours, sometimes until 2300 hours. Upon leaving, he walked or drove directly to the Residence/Club and never came out again during the night.

3. AEBOOR's only deviations from this schedule were an occasional trip to a neighbourhood shop to buy cold-cuts; one excursion to a leather-goods store to look at suitcases;

one attendance at a MEKNIGHT Embassy function; two trips to Ezeiza airport; and, surprisingly enough, a Sunday afternoon tour with 201-873887 and his wife to take pictures along the river front and drink beer in a Costanera cafe. (During this last excursion, the known KGB officer drove the GRU chauffeur and his wife.) The first trip to the airport was made in the company of several other high-ranking Embassy officials to greet an important transiting delegation. (See HABA-22399.) On the second trip AEBOOR was accompanied by 201-128117 (suspect KGB resident) and 201-790164 (chauffeur). On arrival, AEBOOR and his companions went up to the terrace to take photos of the Concorde as it landed for a two-day visit. They were joined by Mr. and Mrs. AELESION and 201-228494. Evidently, the KGB and the GRU groups went separately to photograph the same plane.

4. Twice during the period the BIBAFFLEs felt that AEBOOR might have been checking for surveillance. Otherwise there were no incidents of note. Not once were the BIBAFFLEs approached by local authorities with a request that they identify themselves.

5. In sum, we remain as much in the dark as before about AEBOOR. With every opportunity and reason in the world to lead a hectic pace, he spent the majority of his waking hours within the Embassy. During the days in question he received only one phone call even worth noting, one in connection with the Fischer-Petrosyan chess match scheduled for late September.

1. Attachment F to Reference was translated and given to BIBAFFLE transcribers for their use some months ago. Transmitted herewith are copies of the resulting assessment questionnaires on six official Soviets and three local Soviet Cultural Representation Employees. A breakdown on the transcribers and their products is as follows:

BIBAFFLE-30: Assessments on Mikhail Konstantinovich VRAGOV (201-820310); Yelena Fedorovna VRAGOVA; Ivan Gavrilovich ALFERYEV (201-236701); Roza Alekseyevna ALFERYEVA; and local employees Constantino LOGVINIUK and Luis ORSETTI.

BIBAFFLE-33: Assessment of local employee Esteban SEMENIUK (201-860420).

BIBAFFLE-45: Assessment of VRAGOV and wife; of Sergey Iosifovich SOKOLOVSKIY (201-025485) and wife Aleksandra Vasilyevna; and of Constantin LOGVINIUK.

2. The material in the questionnaires simply reflects the transcribers' impressions and is not necessarily correct. BIBAFFLE-30 sees ALFERYEV as short and VRAGOV as greying; but ALFERYEV is tall and VRAGOV's hair is still completely sandy.

BIBAFFLEs-30 and 45 seem to be talking of different people when they describe the VRAGOVs and Constantino LOGVINIUK. One of BIBAFFLE-45's impressions that we are checking is her statement that the SOKOLOVSKIYs have occasional parties at home with singing and dancing. We have no evidence of such gay get-togethers.

3. As Headquarters is aware, the BIBAFFLE transcribers only process material from special operations such as AEVARIETY, AELANYARD, etc. and cannot furnish assessment on all individuals in whom we have interest. However, we have requested BIOGENESIS to have the BILOCULAR transcribers work with the form.

0 ALFERIEV Ivan Gavrilevich.

Apodo: Parece no tener.

Esposa: Rosa Alexeievna.

Hijos: Cree haber escuchado que el matrimonio tiene una hija. Ivan tiene por lo menos un hermano (que tambien puede pertenecer al cuerpo diplomatico).

Puesto que ocupa: agregado cultural.

Lugar donde trabaja: Yo diria-la calle. Oficialmente en la embajada. No tiene horario fijo. Se le escucho estar en casa a las mas diferentes horas. Sus salidas de la casa se produjeron tambien a horas mas diversas de dia (y de noche).

Lugar donde se aloja: actualmente en la embajada.

Telefonos donde mas comunmente se encuentra: actualmente no hago escucha de los Alferiev.

B. PARTICULARES:

a) Como se le imagina:
Bajo la mascara de aparente apatia y lentitud- sorprendente agilidad tanto fisica como mental. No es un lindo tipo de hombre. Tampoco tiene una figura Marmoniosa. Sin embargo un tipo que suele gustar a las mujeres. Entrenado para eludir el siguimiento. Muy cauteloso (hasta con su propia mujer). Lo imagino con la estatura mas bien baja que alta. Suele salir y entrar en la casa sin hacer ruido y sin aviso, tanto que ni su mujer se daba cuenta cuando salia o entraba.

b) Referencias al lugar donde nacio: No tengo.

Algun empleo anterior en su propio pais o en el exterior: Se escuchaba en algunas oportunidades que contaba de su vida de oficial a Rosa. Cree que estuvo con las tropas de ocupación en Europa.

Donde cree o piensa usted que nacio: lo ubico en la Rusia central. Posiblemente Moscu. Tiene (junto con Rosa) un departamento en un suburbio de Moscu que se llama Molodietski Stan. Es una casa de departamentos nueva.

c) Puede Ud. indicar algo sobre la vida hogareña, amistades personales etc. :
Habita, pero no "vive" en casa. La casa no es un hogar para el es solo lugar de estar. Acerca de amistades puede decir solo de los que tenia en tiempos cuando lo escuchaba. En la reuniones, bastante frecuentes, en su casa figuraban siempre mas o menos las mismas personas. Los del grupo de Representación Comercial en primer lugar: Diakov, Pivovarev, Makarotchkin, Boldinov (con sus respectivas esposas), Sokolov-

eki (y anteriormente antiguo agregado militar), Vasiliev, y el mismo Velski (con quien tenia muy cordiales tratos, como tambien con todo este grupo). Los que no frecuenteaban estas reuniones (y esto llama atencion) son: Vragev, los del grupo consular, Sheitaishvili etc. (justamente, al parecer amigos de Vragev).

d) Datos, impresiones y función que desempeña la señora en la comunidad y puesto de trabajo que realiza: Ver Rosa A.

e) Que idiomas habla: habla bien ruso, español bastante regular pero muy lejos de perfecto. En una oportunidad se intercambiaron algunas frases con Rosa en idioma para mi desconocida, que no era ni ruso ni español con seguridad, ni idioma germanica ni eslava ni latina (hungaro?). En una oportunidad se escucho a Ivan (estando el solo) cantar en iddish (lo que, naturalmente no quiere decir que ni que es un judio ni que sabe hablar esta idioma).

2. FUNCION:

a) Este individuo vive dentro de una comunidad pequeña, singular y muy cerrada. Puede usted decir algo sobre su posición dentro de esta comunidad?
Posición sin duda elevada. Evidente respecto de parte de los colegas. Su opinión es buscada y apreciada. Da impresión que su estadia en la Argentina es una etapa transitoria para ocupar un puesto mas elevado. Posiblemente independiente.

b) Pertenece a la embajada.

c) Cual es su función, con quien esta comunicado abierta o encubiertamente.
Questión muy dificil de contestar. Esta extremamente cauto en hablar hasta con su propia mujer. Oficialmente es agregado cultural y se escucha que por lo menos en una pequeña parte desempeña sus funciones especificas: recibimiento (y parte financiera) de delegaciones deportivas y artisticas que vienen en gira de la URSS (tambien lo hace Vragev). Por otro lado, las verdaderas funciones de agregado cultural los desempeña Vragev al parecer por entero (consultas, cursos, pedidos de literatura, "intercambio cultural" etc.) Sin duda Alferiev tiene contactos velados con diferente gente, tanto con residentes rusos, como tambien argentinos. De una de sus conversaciónes se podria sacar conclusión que tenia sus contactos (puede ser que por intermedio de terceras personas) con general Lopez, o por lo menos que este general se encuentra en la esfera de "intereses" de Alferiev. Tambien un tal John se cuenta entre sus amigos. Con frecuencia Alferiev venia a la casa en altas horas de la noche. Tambien se escucho que sale de la zona permitida (sus viajes hace con Mamuta). Al parecer a ambos les interesa la costa mas alla

SECRET

de Mar del Plata. Se escucho que tiene plata asignada de hacer regalos (pequeños) para mujeres (que mujeres es un misterio). Les regala medias, perfumes y otras chucherias. Los otros datos acerca de sus actividades (muy escasos por cierto) estaban remetidos oportunamente y nó los tengo en mi memoria.

d) Cual es su titulo oficial (y segun el): Nunca hablo de sus titulos.

e) Coincide el tratamiento de sus collegas y relaciones o contactos con su posición ostensible, o se le trata a el con mas o menos respeto que merece de acuerdo a su posición. Coincide plenamente.

3. **FISICA:**

a) Tiene algun rasgo sobresaliente etc.: No, no tiene. Su mujer a veces rie de sus movimientos y posturas torpes (que le son solo en apariencia). Alferiev tiene exceso de sudor.

b) De comentarios juzga usted que es atractivo, poco o sin atracción.
No es atractivo, pero es simpatico. Gusta a las mujeres. La llegada de el en su casa cuando habia reuniones se festejaba largamente especialmente por las mujeres. Su mujer le quiere y esta celosa de el.

c) Puede dar referencias de sus preferencias para vestirse y cuidado de su persona.
No da mucha importancia ni en vestir ni en cuidado de su persona. Posee escasos trajes y son posiblemente viejos. Se escuchaba que los daban a intervalos mas o menos regulares para limpiar. Utilisaban servicio a domicilio.

4. **EXPRESIVIDAD.**
Se expresa con habilidad. Tambien en castellano por instinto encuentra las expresiones adecuadas. Es persuasivo en alto grado. No tiene visibles modismos o expresiones favoritas. Algunas de sus expresiones estan penetrados de fina ironia, nada de sarcasmo. No se puede hablar de acento propiamente dicho cuando habla castellano. Que es extranjero se nota de lejos. Si, parece tener oido y talento para idiomas.

5. **ATRIBUTOS VOCALES.**
Voz suave, moderada, mas baja que aguda. Es pausada, pero solo ligeramente. Habla con ritmo normal aumentandolo solo cuando esta excitado (que succede muy raras veces) pero casi sin levantar la voz. Su voz puede estar imperiosa (solo en raras ocasiones.) Nada de tartamudear o balbucear.

SECRET

6. PSIQUICAS.
No muestra tensión nerviosa de ninguna indole casi nunca. Sabe dominarse muy bien. Es frio y calculador. Nada de tics. Lejos de ser historico. Se enoja en muy raras ocasiones. Demuestra su enojo mas bien con gestos (portazo) que palabras. No trata despoticamente a nadie. Lejos de ser sumiso, pero es muy paciente.

7. SENTIDO DEL HUMOR.
Bromea no muy a menudo, si lo hace, se nota un fino sentido de humor en sus bromas. No cuenta ninguna clase de cuentos obscenos. No creo que le gusta escuchar precacidades y profanidades. Su mujer le reta a menudo y muchas veces lo insulta. Su reacción aparente es no prestarle ni menor atención. En mas de un año de escucha no note en el referencias al sexo.

8. HABITOS, INTERESES Y HOBBYES.
a) Tiene intereses, habitos o manualidades especiales?
No se noto. Al parecer hace palabras cruzadas. Lee revistas y diarios asiduamente. Ve TV.
b) Le agradan bebidas alcoholicas?
Consumo de alcohol es moderado. Vermuth, coñac "Reserva San Juan" y Fernet Branca son las bebidas preferidas. Al parecer no toma vino con las comidas.
c) Tiene inclinación especial hacia el sexo? (quienes)
No muestra aparente inclinación hacia el sexo. Su mujer de vez en cuando lo hace escenas de celos. No creo que el sexo le domina, pero tampoco que no va a correr alguna que otra aventura (nada profundo) si se le presenta oportunidad.
En una oportunidad Rosa le reproche (haciendo un gran escandalo) porque le vio besar en la boca a una mujer (tambien de la embajada, no se escucho a quien).
d) Habia referencias a cigarillos en la casa. No tiene tos habitual.
e) Cuales son sus comidas preferidas.
No hay referencias. Mas sobre esto ver Rosa A.
f) Cuales son sus companias preferidas? Se trata con sus colegas y familia? En que grado?
Se menciono ya el grupo de sus amistades dentro de cuerpo diplomatico. Alferiev es un tipo que suele hacer amistades facil. No parece tener amigos intimos. Sus collegas le quieren y respetan al parecer con sinceridad.
g) Tiene habito de gastar dinero? Se queja (el o su familia) de falta de dinero? Cuales son sus reacciones ante quejas de caracter economico?
No tiene habito de gastar dinero. Todo lo contrario. En esto coincide con Rosa. Es egoista, sin ser mezquino.

No va a vacilar en robar, si sabe quo saldra impune. En una oportunidad se escuche claramente que en una conversación con Rosa que, aprovechando deconocimiento de cambios monetarios, leyes, idioma y restricción de movimientos, por parte de la delegación depertiva de la lucha grecoromana (Mar del Plata) y aprovechando su posición les robaba algunos miseres 3-4 delares per cabeza. "Y todo esto es para nosotros"-decia Rosa encantada, batiendose las palmas de las manos como una niña.

9. VIDA PROFESIONAL.

a) Es aparentamento satisfecho con su posición. Por otra parte cree que espera un ascenso (posiblemente un traslado en un pais de habla francesa)

b) Cuales son las actitudes expresadas hacia la gente del pais y con quienes se trata.
Desprecia al argentino, hombre criollo y al pais y a sus gobernantes y habitantes. Considera a la Argentina como a un pais riquisimo, de recursos inagotables. Expresa su genuino asombro por el periodo de poca prosperidad y dificultades economicas por las cuales atravieza el pais. Este desprecio no lo muestra frente a los argentinos. Esto de ninguna manera!

c) Que piensa de sus colegas y ellos de el? Como le valoran profesionalmente.
Nunca se le escuche opinar sobre los otros (es una caracteristica tambien de Rosa). Se nota su enemistad evidente con Vragev. Si hablan con Rosa de el, le llaman invariablemente "vrag = enemigo". Acerca de como le valoran los colegas ya di mi opinion.

II. ACCESO:

a) No se ocupa de compras. Raras veces llega a casa trayendo pan o cualquier otra cosa que le encarga su mujer.

b) Maneja auto?
Si, maneja. Al parecer va (por lo menos en tiempos de mi escucha) sin acompañantes ni chofer.

c) Estudia idiomas?
Aparentamente estudia frances, en parte en casa con Rosa. Lo de castellano, lo estudia practicandolo en cualquiera oportunidad que se le presenta hablando con la gente del pais. No se escuche que tema algun curso. Hace palabras cruzadas en castellano, lo que ayuda.

d) Lugares donde va a divertirse (con quien).
Salen con Rosa al cine (siempre barato) o aprovechando entradas libres, con frequencia y bastante regular. Prefieren peliculas nacionales. Visitan bares y confiterias. En algunas

SECRET

oportunidades van al Colon (cree que aprovechando invitación) Van solos, acompañados por otros miembros del C.D. y tambien con residentes rusos procomunistas. En este aspecto parece que gozan de entera libertad y se les tiene ilimitada confianza. Entiendo que para el personal sovietico hay un cine en la embajada. Al parecer precisamente alli donde no van.

e) No se escucho nada de medicos.

I2. SALUD.

a) Es enfermo?
En lo patologico es propenso al resfrio y grippe (en forma siempre ligera). Tiene (tenia) furunculosis y al parecer una forma de eczema. Puede ser hipertiroide(por sudor abund.)

b) No se escucharon quejas ni de cansancio ni de fatiga.

I3. CAMBIOS.

No, no se notaron ningunos cambios del animo. etc. en ninguna oportunidad. Que los trasladaron del departamento no parecio inmutarlos. Ni hablaron de esto. Todo traslado se produjo en forma sorpresiva.

A. ALFERIEVA Rosa Alexeievna

Apodo: desconocido.

Hijos: ver Alferiev Ivan.

Puesto que ocupa: Esposa del agregado cultural.

Lugar donde trabaja: Embajada.

Lugar donde se aloja: Embajada.

Telefonos donde mas comunmente se encuentra: Hace mucho tiempo no hago escucha de los Alferiev. No puedo contestar.

B. PARTICULARES:

I. Personales:

a) Como se la imagina:
La imagino como una trigueña, de estatura mediana, con la figura de pasable a buena. Es una persona perezosa.

b) Referencias al lugar donde nacio. Algun empleo anterior en su propio pais o en exterior. Donde cree o piensa usted que nacio:
No hay referencias en este aspecto. La ubico como nacida en Rusia Central.

c) Puede Ud. indicar algo sobre la vida hogareña, amistades personales etc.
Mala ama de casa y excelente amfitriona. No le gusta cocinar ni mantener el hogar impecablemente limpio. Pocas veces hace comida en casa, generalmente sopas substanciales que sirven a la vez como I y 2 plato. Sus comidas solia hacerse traer de una rotiseria proxima, por lo general pocoto al horno. Tambien las provisiones de almacen se hacia mandar ocasionalmente (no siempre). Lo mismo con la tintoreria(venian a retirar prendas.) Pero en esto se terminan sus gastos superfluos. Es egoista y calculadora, busca comprar lo mas barato posible y regatea hasta el ultimo centavo. Ama al dinero.

d) Datos impresiones y funcion que desempeña en la comunidad y puesto de trabajo que realiza.
Despues de mas de un año de escucha queda incognita absoluta. El matrimonio no parece "trabajar" en lo mismo. Tienen funciones mas bien diferentes y no se confian los pormenores de sus respectivas actividades el uno al otro. En la casa simplemente no hablan de asuntos de trabajo.

e) Que idiomas habla:
Ruso-bien. Castellano regular. Para hacerse entender y no mas. Lo estudia en la casa. Parece que habla un idioma desconocido por mi (ver Alferiev Ivan).

2. FUNCION

a) Goza de una posicion elevada a causa de su marido y no por

SECRET

meritos propios. Buena amfitriona, querida por sus colegas de mas o menos el mismo rango, probablemente odiada por los de posición subordinada, por que a estos los trata como a perros.

b) pertenece a la embajada.

c) Cual es su función, con quien esta comunicada abierta o encubiertamente?
Ya se dijo de lo cauto que esta este matrimonio. Carezco de datos al respecto. Puedo comunicar mi opinion personal de que "trabaja" mas bien "dentro" de la colonia que "afuera" en contraste con su marido. Posible que desempeña una especie de vigilancia interna y vela por "buenas costumbres" del grupo.

d) Es la esposa del agregado y nada mas.

e) Si, coincide. La tratan con respeto unos y la estiman y quieren otros.

3. FISICA

a) No se menciono rasgos sobresalientos algunos.

b) Los hombres parecen encontrarla "interesante". Dijo ella en una oportunidad no carente de orgullo que tiene una figura buena.

c) No da mucha importancia a la manera de vestir (no tanto como por ejemplo Elena) pero siendo mujer, siempre mas que su marido. Lo mismo al cuidado de su persona no da excesiva importancia. Usa cremas y polvos, pero no se maquilla. Critica el modo de vestir de mujer argentina con cierta ironia y su modo de maquillaje con franco sarcasmo. Prefiero colores escuros pero no chillones. Para decir al paso, esta sorpresivamente bien informada acerca de vida de la alta sociedad estadounidense (p.ej. Jackeline Kennedy) y de realeza europea y de moda oriente.

4. EXPRESIVIDAD
Se expresa con mucha facilidad y habilidad. Se siente comoda en cualquier ambiente. Favorito modismo de ella es "ured = monstruo, aborton". Parece tener oido para idiomas.

5. ATRIBUTOS VOCALES
La voz de Rosa es un alto. Es moderada a aguda, imperiosa y clara. Habla rapido. Nada de tartamudeos ni balbuceos.

6. PSIQUICAS
Es al extremo celosa. No solo hacia otras mujeres, sino a la poca atención que le presta su marido y al trabajo de el. No es histerica, pero se enoja facilmente. Su enojo pasa rapido. Es buena amfitriona, siempre domina con tacto cualquiera situación embarazosa durante las reuniones. A cada uno siempre tiene lista una palabra adecuada de elogio. Nunca, repite, nunca participa en alguna discusión de otra persona o personas o hechos (me refiero a los de embajada), pero siempre escucha muy atenta las opiniones de otros. Es muy diplomatica

SECRET

SECRET

y muy cauta y tambien muy astuta.
A causa de sus celos parece ser despotica, pero es mas pasiva. Reta muy a menudo a su marido. En asuntos domesticos dirige la batuta. Pero en casos en que se toma decisión de caracter financiero-familiar y sobre todo en casos que conciernen al trabajo, es el marido quien manda. No es sumisa, discute acaloradamente, pero si su marido decide algo, le bastan 2-3 palabras en el tono tajante para pararla en seco. Entonces le obedece sin chistar siquiera. Respeta en el fondo a su marido, aunque a veces muestra todo lo contrario.

7. SENTIDO DE HUMOR.

Es propensa a hacer bromas, es alegre, especialmente en sociedad. Sus bromas no son finas pero en ninguna manera vulgares. En raras ocasiones manda a su marido a la p. que lo pario, pero es en ocasiones cuando sale a la calle vestido, al parecer de ella, inadecuadamente o cuando no cuida de su salud. En querrollas entre los dos (muy frecuentes) raras veces se escuchan obscenidades. Cuando se enoja llama a su marido "aborto menstruoso" o "fascista".

8. HABITOS INTERESES HOBBYES

a) Parece no tener. Ve con regularidad TV. (especialmente las transmisiones de la hora religiosa, esta no la deja pasar).

b) Ya se hablo de esto. Ver Ivan.

c) Tiene inclinación especial hacia el sexo?
No se nota. Es celosa, es todo.

d) Tiene tos. A veces persistente y largo tiempo.

e) No tiene culto al estomago. Una sopa, un asado al horno la satisface.

f) Cuales son sus companias preferidas. Se trata con sus colegas y familia.
Con todos los de Representación Comercial mantiene relaciones cordiales sin entrar en intimidad, especialmente con los Diakov, lo mismo se podria decir con respecto a los Vasiliev, de agregado militar y del mismo embajador. En los tratos con los Vragov hay distanciamiento y franco antagonismo, lo mismo que con los amigos de Vragov (consulado, los Sheitaishvilli etc).

g) No, no tiene habito de gastar plata. Tiene habito de guardarla. Esta enferma cuando le falta plata. Una vez casi lloro hablando con su marido de una combinación financiera que fracaso. Utilizando su posición de diplomatica hace contrabando-hormiga de perfumes ropa y pieles a URSS. Utiliza servicios de oficiales de la flota pesquera o comercial sovietica que la visitan oportunamente.

9. VIDA PROFESIONAL.

SECRET

a) No hay visible desagrado con la posición, mas bien es a su gusto.
b) Al tratarse de criollos su expresion(en conversación con sus connacionales) es "negro y cabecita".
c) Al respecto de sus colegas nunca expresa su opinión. A ella misma la parecen estimar y querer, es popular. Antagonismo con los del grupo Dragov.

II. ACCESO.

a) Todo lo que compra Rosa (como tambien muchos otros de la colonia) lo hace exclusivamente en los negocios judios y no porque los quiere, sino por 2 razones. Generalmente hablan ruso y tienen tradicional comida rusa. Generalmente va sola, a veces acompañada. Los almacenes en Junin, Corrientes y Pueyrredon se mencionan a menudo. Para la ropa, hay una tienda que esta en los suburbios de Gran Buenos Aires. No me acuerdo mas donde es. Parece pertenecer a los ucrainianos. He escucho varias veces mencionar direcciones de depositos (no propiamente negocios) de Guth y Chavez y Harrods. Al parecer tienen una tienda exclusivamente para su personal en la Rep. Comerc. que se abastece con articulos ya pasados de moda de estos negocios.
b) No tengo referencias de que maneja auto.
c) Estudia español mas bien en forma practica (hablando, leyendo), estudia frances en su casa (a veces con su marido).
d) Ver Alferiev Ivan.
e) -"-"-"

I2. SALUD.

a) Anginas, bronquitis con tos persistente con regular frecuencia.
b) No se queja de fatiga ni da impresión de cansancio.

I3. CAMBIOS

No se ha notado ningun cambio.

I4. OTROS DATOS

Al tratarse de matrimonio mi primera y fuerte impreción fué que se llevan mal, impresión que se desvanecio poco a poco. Creo que es un error considerarlo asi. Rosa es excesivamente celosa, esto explica frecuentes escenas que hace a su marido, por otra parte creo que no le desagrada mayormente los celos de su mujer (vanidad del hombre). Habia escenas de conversación muy tiernas entre ellos. Entonces " el aborto monstruoso" se convertia en "mi abortoncito". Es evidente tambien que Rosa cuida la salud de su marido. En lo financiero parece reinar la mas perfecta harmonia entre ambos: todo para la familia.

c) ALFERIEV IVAN (1º Secretario – Sección Cultural – K.G.B.) Aparenta ser complaciente con el Embajador y a menudo conversa con él fuera de las horas de las comidas. Habla bastante bien el castellano. Fuma bastante, casi siempre cigarrillos americanos. Bebe bastante aunque sin exceso. Es muy susceptible sobre su rango diplomático. En una oportunidad discutió con el Embajador sobre el significado de la frase "Alferiev – 1º Secretario, pertenece a la Embajada de la URSS", argumentando que él no es "una silla o un mueble". VOLSKI le llamó la atención, dándole a entender que buscara bien el significado de las palabras. Es muy ambicioso. Se mantiene siempre muy alejado de su mujer. En una oportunidad se sentaron juntos a la mesa a almorzar y todos les hicieron bromas por este hecho, lo que significa que es "vox populi", las desavenencias del matrimonio ALFERIEV.

OCCUPATION:		Director of Difusora Argentina de Espectáculos y Filmes Artísticos (DAEFA)
PARENTS	:	Bernardo and Agustina nee DEGRADI

2. Station traces show that NORIEGA, apparently a musician by profession, has a long record of association with Communist front groups. He was one of the founding members of the Movimiento de Unidad y Coordinacion Sindical (MUCS) and reportedly a member of the Communist Party of Argentina. He was also formerly the Secretary General of the Argentine Union of Musicians. Specific references include:

a. HAB-05124, 16 October 1961, which describes him as the owner of the building in which the PCA Buenos Aires Central Zone Committee had its Headquarters. (This document also identifies NORIEGA as alias Ken HAMILTON.)

b. HBSA-12041, 27 October 1961, which reports NORIEGA's travel to Cuba at the invitation of the Confederacion de Trabajadores de Cuba.

Aunque nominalmente a cargo de la Sección Cultural en Quiza 2031, de la operación telefónica surge que tiene poco contacto con el público.

2. En Enero recibió una llamada del aeropuerto de Leon YASHIN, miembro del equipo de futbal "Moscow Dynamo" en ruta a un encuentro en Santiago de Chile. YASHIN y ALFERIEV eran obviamente buenos amigos puesto que YASHIN le trajo saludos "de los muchachos en México".

3. Las conversaciones *telefónicas* de ALFERIEV con su esposa son bruscas. En una ocasión en marzo cuando llamó para avisar a medio día que no iba a casa para comer ella le acusó de estar "ya borracho", lo que estaba confirmado por su conversación vacilante. Una noche le pidió que hiciera té para los VRAGOS (era las 21 horas) y ella de mal humor contestó que estaba para irse a la cama, pero finalmente consintió hacerlo.

We lamely pointed out that the affair was so big that we only invited men - Ambassadors, Milatts, and Comm'l Chiefs, and besides, the food was lousy. Nevertheless, we assured him he'd be invited the next time. He was suffering his usual case of halitosis, which effectively keeps one at a proper distance. SPECIAL REPORT

I.- SUBJECT

Ivan Gavrilovich ALFERIEV was born in Moscow (U.S.S.R.), on the 20th of January 1928, diplomatic passport No. 091.477, married to Rosa Alekseevna ALFERIEVA, born on September 20th, 1934, in Moscow, diplomatic passport No. 019.468. Subject is assigned as 2nd Counsellor of the U.S.S.R. Embassy in Buenos Aires. He arrived in this country on the 27th of January 1968, taking up residence on Uruguay 1176, 5th Floor, Apt. "A" in the Federal Capital, Tel. 41-5405, living at said address until de 7th of October 1969 when he moved to live at the Posadas Club (residence for the officers of the soviet representation).

ALFERIEV had been for a short time in Argentina during the month of September 1958; in Havana in September 19[illegible]; in Quito in January and February 1962 and in Tijuana in September 1963. He was representative of PRAVDA in Mexico during 1960 and 1964.

In view of the fact that subject lived separetely from the rest of the Embassy personnel, his mission based on information was thus made easier.

It should be pointed out, that during his residence on Uruguay, he was kept under surveillance through a technical penetration carried out by this Section.

As a result of the exploitation of these lines, as well as the Case "ASADO" (summer home) and information from the "LORO" case, certain details concerning his personality, private life and contacts have been ascertained.

Through thorough study of above mentioned sources, it is apparent that the ALFERIEVS have certain differences, during which he is the object of vituperation from his wife Rosa, which Ivan thoroughly ignores to the great exasperation of his wife.

II.- PERSONALITY OF IVAN ALFERIEV

He is an introvert, clever, cautious and distrustful. He knows how to hide his feelings and he has an excellent self-control, showing violent feelings on very rare occasions. (See Section IV).

With relation to his cultural level, nothing much is known, as he has never been heard speaking on themes of general culture. When he speaks at social gatherings he is joking, using double meaning phrases (usually funny)

S/c. att 1 to HABA 01080 CS COPY 201-236701

or he tells jokes. It is as though he were afraid to show that he takes things seriously, as though he were ashamed or frightened.

During the various opportunities when his wife is screaming all sort of impropieties at him he maintains absolute silence, seeming to be concentrating on one fixed idea, and letting all that Rosa says just slide off him.

He has been identified and known to belong to the K.G.B. (Soviet Secret Police). According to a confidential source, he is considered a high official in the embassy and of absolute trustworthiness by Ambassador Iouro VOLSKI; being respected and feared by the rest of the embassy staff. He speaks perfect spanish.

He is present at all receptions with Iouri VOLSKI and Ivan DIAKOV (ambassador and Chief of the Commercial Representation, respectively), not only in his official position, but also in his private life, having a warm friendship between the three which is quite rare in the embassy circle. During his stay at the summer home, ALFERIEV and his wife occupy the quarters reserved for the ambassador.

III.- PERSONALITY OF ROSA ALFERIEVA

A certain duality of personality is apparent in her behavior. In her married life she shows herself to be intolerant andimpetuous, arriving at absolutellack of control on various occasions, bringing forth continual marital quarrels.

On the contrary, in her social life, she shows herself as a very docile, cheerful woman, being the center of attraction in almost all the gatherings for her "lovely disposition" and gayety, not only among the men but also their wives. (See section I).

Rosa Alekseevna ALFERIEVA is a woman brought up in the typical soviet atmosphere, subjected sice childhood to a rigid political indoctrination in some juvenile organization and in school. She is not sufficiently intelligent to rid herself, even partially, of what she has been taught. She does not separate her affective life from the obligations that she, presumes, every good communist citizens should have. It seems that she does not realize the importance of her husbands mission. She is not a woman who is attuned to her companion. She is not on the same wave length, she does not understand him. She harbors a concentrated and continuous resentment against him. May be this is due to his ironic, and keen and wounding sense of humour.

With regard to her surroundings, this woman has shown, on various opportunities, to feel antipathy and scorn for Argentina and its people, due probably to its leanings toward democracy, and therefore, contrary to her way of thinking. As she has shown not to possess much imagination, she takes as wonderful that which she has been taught. However, the reason for her poor matrimonial relations remains a mystery. Maybe one of the reason, as stated above is her lack of understanding of her husband, so that one quarrel on top of the other has built a wall which cannot be breached.

In the company of her friends, Rosa has always shown herself to be pleasant, gay and uncomplicated. She has not always masked her marital problems, so that they are not a secret to the rest of the members of the embassy, who nevertheless make believe they know nothig about it, through consideration or whatever other motives they may have. On some occasions VOLSKI has taken the initiative to improve relations between the ALFERIEVS, to no avail.

IV.- MODUS OPERANDI WHICH HAS SHOWN UP FROM SURVEILLANCE

During the shadowing of Ivan ALFERIEV, he has shown himself to be an expert in this matter. He is observant and his movements in the street are carried out carefully and ably- on many opportunities he has shaken off his shadows. He is an excellent driver, and he uses all sorts of ruses to throw off the agents on the job. This is proved below:

Shadowing on 23-5-69:

He drove his car down Cordoba Av., turned on 9 July going towards Cerrito, which was closed off for repairs. In the middle of the street were two signs which read: "DETOUR, USE CENTER LANES". Subject disregarded the signs and continued straight ahead towards Viamonte, where transit was completely cut off, and he had to take 9 July again and comes to the Obelisco.

With this trick, ALFERIEV wanted to learn whether he was being followed.

SHADOWING on 20-5-69:

He went into the Bank of Napoli, approaches the counter, carries on a conversation with an employee, and vanishes without being observed inspite of close vigilance.

- Before going into a building of store, he looks in both directions and searches carefully.

- When he goes in his car, he drives slowly, but every so often, he steps on the gas, and then abruptly reduces speed, doing this various times.

--During all the shadowings carried out, subject always managed to go ahead on the yellow light, leaving his shadow generally facing the red light.

- On various occasions he went up one way streets.

V.- CONTACTS

It was ascertained that ALFERIEV arrived home very late at night and even at dawn, which is quite out of the ordinary with the rest of the diplomatic personnel. (See Annex 2).

This led to the supposition that subject was either leading a licentious life or carrying out clandestine activities. Therefore, a permanent suverveillance was carried out during 24 hours for 20 days on his home, proving that he did in reality come home between 6 and 7 at times.

Fifteen days before his return to the U.S.S.R. for his leave, a surveillance and shadowing service was set up during all 24 hours, proving that subject did make clandestine contacts.

It was under these circumstances that on the 21/5/69, at 1200 hours, a contact was spotted. This occurred once again on the 23/5/69, at which time the "contact" was suspicious of being followed and he pulled quickly out of the area.

On the 18th of August of the present year, when a security agent who was carrying out his duties on the ALFERIEV address (improvement of the P.T.), spotted the above mentioned contact patrolling the zone; with the aid of a Policeman he was detained in order to be identified, his documents are the following:

Names. . . . . Alberto DO EYO
C.I.No. . . . . 5.432.687 Pol. Fed.
Address. Moldes 742, 7º Fl., Fed. Cap.
Profession. . . . . Newspaperman

After investigation was carried out it was established that subjec did not live at said address and that his I.D. was not his.

Continuing the investigation it was learned that at Moldes 1872, 7th floor, a certain Alberto DO EYO did live there, and that he worked at Editorial "ESTAMPA", address Calle Salta 980, Federal Capital, Tel. 23-4052/8958/6166 and also in the firm "PETERSEN THIELE CRUZ and CIA", Rivarola 175, Federal Capital, Tel. 45-8811, 46-1334/1666 and 40-1785, which was in the construction and sale of apartments.

When Editorial "ESTAMPA" was visited, it was learned that this firm had gone out of business for some time.

Following investigation, ~~it was learned~~ at the administrative offices of the firm "PETERSEN THIELE CRUZ y Cia", Talcahuano 178, 1st Floor, Federal Capital, the agent in charge of the investigation was waited by subject, who turned out to be:

It should be pointed out that in order to establish his activities and connections with ALFERIEV, starting 22-10-69 a surveillance and shadowing was carried out on subject.

On the other hand, and as a result of the use of the clandestined microphones, it was learned that Ivan ALFERIEV maintained conversations with a person by the name of MOGUILEVSKY, who was a member of the directive Council of the Metropolitan Federation of Chess and the Argentine Chess Federation.

Investigation carried out on subject determined the following:

VI. CONCLUSIONS

With reference to the 2nd Councellor of the U.S.S.R., Ivan ALFERIEV, the following conclusions have been reached:

a) He is a diplomatic officer who carries out his professional work efficiently, showing at all times great sagacity when carrying out public contacts and relations, avoiding on various opportunities with ingenuity and ability the shadowing detail assigned to him.

b) With reference to his relations and activities within the Embassy, it is observed that he carries a lot of weight over the rest of the personnel, as he is given deferential attention and respect not only at official but private functions within the circle.

c) He is a person who is always busy, on the go all day and on into the late hours of the night.

d) His married life is not harmonious, due to the character of his wife who is temperamental and impetuous and not tolerant toward subject. It is estimated that these misunderstandings are linked to his activities outsidde of normal working hours, which take him away from home, as well as, the indifference and silence with which her recriminations are received.

e) With reference to his contacts, mentioned in this report, the corresponding investigations are being carried out to determine how far they reach and their importance.

1. We have kept you up to date on AEBOOR's sudden move and the subsequent termination of AELANYARD. At the present time, we still do not know whether or not the story of a sudden transfer to Mexico City was in reality the basis for the move or if a compromise of the operation was the actual cause. As we pointed out in our original cable, our immediate thought was that perhaps the AVDOLMAN flap had caused all AEKICK types to "pull in" and that perhaps AEBOOR was simply following orders. Subsequent investigation, however, tended to discredit this thought.

2. The AELANYARD transcripts reveal that AEBOOR did indeed contemplate the move several days before we actually had wind of it. His wife did not like the idea and complained to him about the move. AEBOOR also told his landlord in advance of his move. There is also evidence that AEBOOR was in somewhat regular contact with the Mexican Embassy and although we were not certain, it appeared that he was anxious to learn if his visa had been granted. In any case, on 28 September 1969, AEBOOR and wife checked out of their apartment.

3. Shortly thereafter, we made a physical check of the interior of the apartment. Everything seemed to be in order. There was no evidence whatsoever that the technical end of the operation had been tampered with. As we said before, it functioned up until and after AEBOOR vacated.

4. We have not been able as yet to establish direct social contact with AEBOOR. Both Nina T. MARGANDE and Paul W. LEVERONE (who have legitimate reason to seek him out) have tried, but to date, to no avail. Our hope has been to have AEBOOR actually tell us of his plans - will he indeed be transferred to Mexico? Our original thought was that the Mexico Station could readily determine if he had indeed applied for a visa to that country. As you know, we struck out here also.

5. The fact is that as of this writing, we do not know whether AEBOOR's move was routine and innocent or if indeed there was something sinister involved. If AEBOOR does indeed pick up and move to Mexico, we shall, of course, be somewhat relieved. However, this will not answer categorically the major question - was the operation compromised? It would appear that regardless of what happens to AEBOOR, we shall never know the actual reason for his move. However, for what it is worth, the evidence here does not point toward a compromise.

Transmitted herewith for SB Division are copies of the passports of Soviet couriers Viktor Sergeyevich MININ and Petr Leontyevich SAMOYLOV (Diplomatic 12303 and 12133 respectively.) These documents were obtained by BIOGENESIS Travel Controls. MININ and SAMOYLOV first transited Buenos Aires on 8 September on reference Alitalia flight from Montevideo to Santiago. They did not deplane but delivered four packages to local Soviet Embassy officials who boarded. (BIOGENESIS did not identify the officials.) They retransited Argentina on 15 September via KLM 792 from Santiago to Montevideo and again remained on the plane. Yuriy Yuryevich MOSKVKO (201-824296) and Ivan Gavrilovich ALFERYEV (201-236701) boarded to deliver four packages. (This is perhaps the first time that ALFERYEV, known KGB, has met a courier flight. The explanation for his having done so may rest in the fact that Consul Antanas Ignovich YURASHKNAS (201-779979), the suspect KGB officer who usually has this job, suffered a serious heart attack on 19 July and has been confined to his apartment since.)

1. Forwarded under separate cover are two AELANYARD tapes covering 26, 27 and 28 July 1969. The recording for the 28th runs through the last half of the first tape and all of the second; it involves a conversation between AEBCOK and 201-268170 regarding the former's experiences during his recent home leave. We should very much appreciate having Headquarters' monitors review this conversation of 28 July and forward to Buenos Aires as complete a transcription as possible. Once the transcription is finished the tapes may be destroyed.

2. In reference B Headquarters suggested that samplings of AELANYARD be forwarded tri-annually. Since we have begun forwarding the most interesting AELANYARD tapes for transcription at Headquarters, we assume there is no longer any need to transmit routine samplings of the initial BIOGENESIS product.

Operational Possibilities Against FJSTEAL Priority Targets

ACTION REQUIRED - REFERENCES

Action Required: See Paragraph 5.
Reference : HABW-11473, dated 5 June 1969

1. The detailed analysis of the Station's operational efforts against some of the priority FJSTEAL targets and the suggestion that perhaps AEBOOR offered the best immediate operational promise and warranted special attention was reviewed and discussed by the interested officers; it should come as no surprise to Headquarters that there is really little divergence of opinion, not only as to the priority target, but also insofar as operational approach and conduct is concerned. We would like to correct the apparent Headquarters impression that the Station was negligent in the follow-up of operational opportunities and was waiting for the FJSTEALers to take the initiative insofar as future contacts were concerned. We believe Station efforts have been as aggressive as possible in the existing operational climate, and if we were remiss, it was in failing to report in detail the various negative results of what we consider normal operational efforts.

2. AEBOOR was selected as one of the priority Station targets for the simple reason that three officers had direct access to him through Identity; once he accepted the invitation to Paul W. LEVERONI's home he was moved up to the top of the priority list since it was hoped that continued and rather frequent contact could be maintained for assessment and operational purposes. Every reasonable effort was made to follow

up the first social contact (experience has shown that the FJSTEALers here will not take the initiative and must be actively pursued) but a number of conversations (both face to face and by phone) ended up in the vague promise on the part of Subject that "we must get together soon". In the interim the Station tightened the coverage of AEBOOR by putting AELANYARD on a 24-hour-a-day basis for a little over two weeks and by conducting full coverage surveillance for about one week. Our reasoning behind this acting was as follows: such intensive coverage would possibly permit us to spot a likely place where we could inject an access agent; it would give us a better "feel" of his daily activity; it might uncover one or more of his clandestine contacts. The results of the effort, while far from solving our problems, did give us a wealth of information which should help us in our operational planning once AEBOOR returns to his station.

3. The distaff side of the target was not ignored, and Nina T. MARGANDE managed to spend some time in conversation with AEBOOR's wife during a get-together of Identity on 21 May 1969. As a result of this meeting the groundwork has been laid for a follow-up by MARGANDE; despite the fact that the wife was at first cool and then lukewarm to the idea of getting together for a shopping excursion, we will do everything possible to bring such a meeting about and try have MARGANDE become the wife's "confidante", if this is possible. (In order to permit MARGANDE to pursue this contact in the most natural manner and to give her a chance to meet and assess other FJSTEALer wives, she has also become a member of Identity.)

4. Until his departure for home leave AEBOOR was the primary FJSTEAL target and will continue in this position after his return until we can reach a decision regarding future action. There is one thing that should be kept in mind, however; and that is the fact that all of the FJSTEALers are reserved in their dealings with members of LNPURE. It seems that it is possible to get some of the FJSTEALers to accept an invitation, even to a private home, but to try to develop such a contact into a continuing social relationship is a much harder proposition. Leland C. KROULD's experience with 201-313506 followed this pattern, and despite KROULD's efforts to continue and follow up what seemed to be the beginning of a good relationship, nothing came of the attempt; Stephen M. GARSIDE twice tried to utilize a natural opportunity to get together with 201-820310, only to be put off, as he was in an approach to 201-025485; Paul W. LEVERONE tried on several occasions to arrange a dinner with 201-183943, only to be put off (and this despite the fact that 201-183943 maintains extensive social contacts with non-WOLADY types). 201-025485 has expressed an interest in social contact, and since he is a senior type who should not have to check out and obtain approval for his social activity, we hope that he will not conform as closely to the pattern. This is not the time or place to examine the possible reasons for the FJSTEALer attitude; it is merely mentioned to demonstrate that we are fighting an uphill (although not a hopeless) battle, a battle that we intend to win by fair means or foul.

5. The value of the PCQ (a copy was forwarded with Reference) in assessment of target individuals is readily apparent, and it is requested that ten English and Spanish language copies be forwarded to the Station for use in our assessment program.

MEMORANDUM FOR THE RECORD

SUBJECT: Irving AMRON

1. Subject responded to the AEEXPLORE ad for a position as a Russian language linguist. As was requested of him, he provided the Forms 444, 89, autobiography, and photograph.

2. The undersigned established contact with Subject by phone on 2 September and arrangements were made to interview him on the following day. He was interviewed in the Undersigned's Philadelphia hotel room on 3 September 1964. The undersigned used the Paul Peters alias and DOD cover.

3. The following was obtained from AMRON during the interview:

a. Subject, of Jewish descent, was born in 1917 in the USA. Subject's father, whose original name had been

Philip AMROMIM

came to the USA in 1905/06 at the age of approximately 15. Philip AMROMIM's parents stemmed from the GOMEL area. At the time of his emigration to the USA, he was accompanied by his mother (his father died sometime prior thereto), and by the following brothers and sisters: Lewis, Willy, Abe (who has since died), Moris, Minnie (now married to LAIKEN), Pearl, and Max. All of Subject's father's brothers except for Max, are butchers by occupation, including Subject's father. Max graduated from CCNY and became a structural engineer; he has an office on 43rd Street and his firm is called the Amron Associates.

b. Subject's mother, also of Jewish descent, came to the USA in 1911 (or 1913). Her older sister, Fannie, is married to (fnu) COHEN who is presently retired and living in Florida. Her sister, Ruth, married Max AMRON. Her brother, Hyman HORLIK, who arrived in the USA only in 1922, owns a liquor store in Bayonne, New Jersey. Subject's mother has another sister (nu) who is presently living in Florida. Subject's mother has one brother who is still living in the USSR.

SECRET

c. At the time of Subject's birth, Subject's father was employed in the Brooklyn shipyards. However, he changed jobs frequently and was subsequently employed on a farm near New Brunswick, then in a shoe factory as a cutter, then as a butcher, and finally became active in a Jewish cooperative organization. As Subject's father became convinced that the future of the Jews was in Russia under Soviet Communism, in 1931 Subject's family left the USA for the USSR for Birobidzhan where Subject's father worked as an agronomist (he had sometime prior thereto graduated from the National Farm School in Bucks County, Pennsylvania).

d. According to Subject, his family returned to the USA in 1933; the motivating reason therefor was the ill health--actually only severe headaches--of Subject's brother, Eugene. Subject alleges that, because they had retained their US citizenship, they experienced no problems either in leaving the USSR or in obtaining permission to return to the USA. Moreover, Subject's father allegedly did not like life in the USSR; however, Subject's mother and sister insisted that they return to the USSR after only a brief stay in the USA.

e. As a result, later in 1933 the entire AMRON family once again returned to the USSR. Again, Subject states that they had no problems in obtaining authorization from the Soviet government for this trip to the USSR. Upon their return to the USSR, they established themselves in Moscow where one Noah LONDON, a friend of the family and a construction engineer, took Subject's father "into his employ". Subject's father worked in this capacity, in the construction industry, from 1933 to 1936. Sometime after the 1936 purges began, Subject's father worked for Komsomolsk, a Moscow "panel board construction" outfit. In 1936 Subject's father also worked for the Paris Commune as a shoemaker. Subject's mother worked during this entire period as chief of a dining establishment in the school of foreign languages in Moscow.

f. Subject began his elementary education at the DeWitt Clinton School in the USA where he studied until 1931; he then studied in the Soviet secondary school in Khabarovsk, Birobidzhan, until 1933. In 1933 he again returned for one semester to the Dewitt Clinton School. Later in 1933 and 1934 he attended the Anglo-American School in Moscow where he completed his 8th grade of school. He then continued his studies from 1933 to 1936 in Public School #327 in the 24th Bauman Rayon. In 1936 he entered the Moscow Avtodorozhniy Institut where he studied on the civil engineering faculty, to be a highway engineer. He graduated in 1941 at which time he was sent to assist

SECRET

in the construction of an airdrome in Minsk, later to the Polish station of Janow.

g. In 1937 Subject's mother was dismissed from her position and both she and Subject's father began to feel the pressure of the purges. Subject's father, allegedly by appealing to the then President KALININ, succeeded in again acquiring exit visas for them to the USA. Subject, who admits that he had become a "good Communist" by then had gotton "thoroughly steeped" in the Communist philosophy, elected to remain behind in the USSR. An important consideration, he states, was his desire to complete his education which he was certain he would not be able to do in the USA for economic reasons.

h. According to Subject, his father never lost his American citizenship. Subject's mother, however, in 1936 applied for and obtained Soviet citizenship. According to Subject, he actually acquired Soviet citizenship "by default" although he never applied for this in person; he alleges that although he was 18 years of age at the time, he was "granted" Soviet citizenship by virtue of his mother's application for her own citizenship.

i. Subject remained in Moscow prior to World War II. In April 1940 he married

Nina MOISEYIVA
a bookkeeper by profession,

who was the step-daughter of the well-known Major SHCGOLEV of the "Soviet Proleteriat Regiment". A son was born to them in June 1941. Although at this time Subject was assigned to the construction of aerodromes to support front line troops, he succeeded in pulling strings and in arranging a "TDY trip" to Moscow, ostensibly to visit the Geodetic Institute. Enroute back from Moscow to the front lines, Subject's train got bombed in Brest Litovsk on 22 June 1941 and as a result he was returned to Moscow on the same train via Baranovichi. According to Subject, he was then assigned to the Moscow Military District, to the Otdel Aerodromnoi Sluzhby, where he was placed in charge of a brigade of engineers, technicians and laborers who were engaged in building dummy air sites for camouflage purposes.

j. In August 1941 Subject states that he was permitted to return to school in order to receive his diploma which was granted him in October 1941. He was then assigned to the 22nd Voyenno-Dorozhniy Otryad which was formed in Dmitrov but which was then assigned to Suzdal'. Subject states that he was not inducted into the Soviet military service allegedly because "engineers were needed" and

SECRET

because, as a member of the MVD, this was considered as equivalent to military service. Nonetheless, in response to my query, Subject admitted that this was unusual as his activities were of a kind which were performed by old women particularly since during this period, from October 1941 to September 1942, all able-bodied Soviet males were drafted into the Soviet army. During this period Subject lived in comparative ease, being assigned to Suzdal and Klin, and other towns. According to Subject, he wore an MVD uniform but wore no insignia. He admitted that "favored treatment" was bestowed upon him and his family when the MVD assisted him in evacuating his first wife and son from Moscow in August 1941 to beyond the Urals. (His son by his first wife reportedly died on 11 October 1943 of diabetes.)

k. In September 1942, Subject received an appointment to the Moscow 2nd Military Infantry Institute from which he graduated in June 1943 and upon which he was given the grade of a Jr Lt in the Soviet Infantry. In response to my query, Subject again admitted that this appointment was highly unusual as his background did not lend itself to this, as appointments were made out of the various military branches, and as this implied that, as a foreigner (American), he was fully and completely trusted by the Soviet punitive organs who had cleared him both for this training and the institute and for promotion to officer status in the Soviet Army.

l. Initially he was sent to Alatev on the Volga, then to Orel where he was assigned to the front lines in August 1943. He was given a platoon of infantry troops in the 415th Infantry Division of the Soviet Central Front. However, in October 1943 he was wounded; he was hit in the left forehead by a German bullet. He was operated on in a field hospital and then transferred to a Moscow hospital after he had recovered sufficiently. He was reclassified after his recovery and found suitable to continue in military service with the limitation that he should not serve on the front lines (<u>goden vtoroi stepeni</u>).

m. Because the wound failed to heal completely (he has a very obvious scar, with approximately a 1" depression, on his forehead), he "asked" to be assigned to a warmer climate. The Soviet authorities, he states, complied and in January 1944 dispatched him to Tbilisi where he was placed in a special officer's camp; he was hospitalized again, had osteomyelitis complications, and ultimately discharged from the Soviet military forces. However, Subject provided several contradictory stories as to the date of discharge which at various times he indicated occurred in May 1944, then in July 1944, and even in August 1944. (NOTE: This aspect of Subject's story bothered him as it was obvious to the undersigned that Subject had somewhere become confused in this aspect of his background.)

14-00000

SECRET

n. Upon his discharge, he was returned to the Moscow area where he was placed in a rest home (although Subject admitted that there really existed no need for this as he had recovered already prior to his discharge). In continuing his narration, Subject indicated that the rest of his story "sounds very strange and unbelievable" but then averred that it was true. He states that, strange as it appears and despite the shortage of Soviet men at the time (1944) he could not "find" himself a job. He went to the MVD which did offer him a job in Veliki Luki on the highways with the SoyuzDorog-Proyekt ; however, he was not given the job by the officials responsible for this. As a result, he appealed directly to the Minister of the MVD who "tried to intercede" in Subject's behalf. Allegedly after he was given a full physical examination, he was told that he could not be assigned to the highway units for reasons which were not spelled out to Subject.

o. Subject then "sought out" work with the Nauchniy Sovet with no luck. He ultimately obtained a job with the Moscow Sovet in the Moscow Soviet Senior Library (sic). In November 1944, at a salary of 900 rubles, Subject began working in the field of "information on municipal works--highway construction, architecture, sanitation, etc." His immediate supervisor was (fnu) LEBEDEV, the head of information department of the Hydro-Energy Project. Subject admitted, in reply to the undersigned's query, that his work was "unusual" for several reasons. First, he was paid a salary which was unusually high and out of line with his qualifications. Secondly, though paid a salary for a full-time job and position, he actually worked on a part-time basis and was able to come and go almost as he wished. His work also included working on abstracts and translations from English to Russian, primarily in the field of dams, dam construction, and hydraulics.

p. In June 1949 Subject states that he was dismissed from the foregoing position after he was given the explanation that the flow of literature from the USA, which Subject was translating, had decreased. In actual fact, Subject states, he was being "purged" because he was a Jew. He then found a job as a laboratory assistant in a concrete plant where he worked from July 1949 to 23 February 1950. Because he did not like that job, Subject states he wrote to Stalin personally as a result of which, within less than 4 weeks, he was offered 4-5 different jobs. The positions were offered to him by the Moscow Committee of the CP to whom "Stalin had forwarded the letter". In reply to my query, Subject admitted that he was not concerned that, by writing to Stalin, he would come to the attention of the Soviet punitive organs, MVD/MGB, which would undertake to investigate his case. Accordingly, on 1 April 1950 Subject was given a job as an

SECRET

engineer with the Bauman District Road Department where he worked until February 1955.

q. After he lost his job in 1949 with the Moscow Sovet, he states that his relations with his wife went from bad to worse and ultimately cultinated first in a separation and latter in a divorce in 1950. In the meantime, he was already living with

Eugenia VOLSOVA

an empolyee and a teacher of forsenic medicine of the Moscow Medical Institute where she was studying for her PhD and where she was working in a morgue as a pathologist. Subject married her either in 1950 or 1951. However, within less than one month of their marriage, Subject divorced her as he found out that she was a "bad person" and because he "had fallen blindly in love" with her. (NOTE: This aspect of Subject's story disturbed him very much. He was unsure of himself, was vague on dates, details, specifics, names, etc. It was again obvious that Subject was less than frank and open about this aspect of his background. His narration did not sound convincing to Subject himself when he began talking about "falling blindly in Love", etc.) In 1952 he began living with another woman,

Rose MINKINA,

whom he married only in late 1954 when their son was already well on the way. MINKINA's parents and family were very strongly opposed to the marriage because the parents held responsible party positions and because MINKINA's brother held a sensitive position with the Soviet electronics and aviation industries. A son was born to Subject and MINKINA on 5 April 1955.

r. In ca 1954 (dates vague) Subject entered the Institute of Marxism-Leninism and continued his studies for three or more years. Though he registered for the evening sessions, he devoted a good portion of his days to study. As a result, Subject again admitted to the undersigned that he actually was in a unique position of being able to do almost as he "wished and desired" although ostensibly he was a full-time employee of the Bauman District Road Department. While a student at the Institute of Marxism-Leninism, Subject and his wife began submitting applications for a visa to visit Subject's parents in the USA. In actual fact, Subject states, his real purpose in applying for the visa was to "defect" upon his arrival in the USA. In February 1955 Subject states that he was "fired" from his job with the Bauman District because of "political unreliability". However, Subject admitted to the undersigned that the real reason for dismissal

must have been otherwise as, had he actually been dismissed for "political unreliability", he would not have been able to continue his studies at the Institute of Marxism-Leninism.

s. Because Subject had communicated to his father, using "hidden phrases" in their letters to each other, about his wish to leave the USSR, Subject's father arrived in the USSR in 1957 in order, Subject states, "to establish at first hand for himself" whether Subject really wished to "defect to the USA". Subject's father remained in the USSR for a total of 10 days. As a result of his father's visit, Subject changed his tactics and began to submit applications for "immigration" to the USA. As earlier, these applications too were rejected; however, Subject states that he continued resubmitting them several times each year.

t. After he left the Bauman District place of employment in February 1955, Subject found work as a "free lance translator for the Moscow Torgovaya Palata. He earned ca 1100 rubles per month translating English language material related to the iron and steel plant which was being designed by the USSR for erection in India. In January 1956 Subject found work as chief of the translations bureau of the Nauchno-Issledovatelniy Institut Ministerstva Mashino-Stroyeniya; his functions consisted primarily of supervising the translation of English language manuals on technical equipment. Again, Subject admitted that his work was "unusual" as, in actual fact, he spent 1-2 days at work, spent the rest of his time at home, and devoted most of his time and energy to the studies at the Institute of Marxism-Leninism. His salary continued at 1100 rubles per month.

u. In August 1958 his work came to an end. Generally he provided a contardictory account in this respect. Initially he stated that the position had been eliminated but then changed this story to state that he resigned in August 1958 as he would have had to begin devoting his full time to the work. In any case, his resignation generally coincided with his completion of studies at the Institute of Marxism-Leninism. Thereafter, and until his immigration to the USA in 1962, Subject held no full time job. Nonetheless, he states that he succeeded in earning no less than about 1100 rubles per month by working as a free lance translator for the Torgovaya Palata of Moscow. He turned over to the undersigned a sample of his translation efforts--see the attached book. In response to my query, Subject admitted that his work again was of such a nature that he was a free agent, came and went as he pleased, and generally was responsible to no one. Apparently in order to

forestall any further discussions in this regard, Subject then stated that "if you are thinking that I could have worked for the KGB at this time, then you are right because I had the time to do anything including engaging in intelligence activities". However, Subject then proceeded to deny that he had then or at any time, had any relationship with the KGB (or its predecessor organizations).

v. In July 1962 Subject's mother and father came to Moscow, this specifically for the purpose of getting Subject to return to the USA. They stayed in Moscow for six weeks during which time the father wrote letters to KHRUSHCHEV, to Nina KHRUSHCHEVA, to ADZHUBEI, to the Supreme Soviet, to the KGB, and to other Soviet establishments in order to get Subject and his son permission for emigration to the USA. (Subject's wife, [illegible]NA, had died in 1961.) In August 1962, while vacationing in Sochi, Subject was sought out by the local Inturist office and apprised by the local militia office that, "in view of your father's strong appeals", the USSR had granted Subject and his son permission to leave the USSR. Upon his return to Moscow, Subject proceeded to the American Embassy where he was advised that he had not been granted an exit visa by the Soviets. As a result, Subject applied for imigration to the USA twice, once in the capacity of a Soviet citizen using his Soviet passport, and the second time in the capacity of an "American citizen".

w. In September 1962 the application to travel to the USA as an "immigrant" was approved for him and his son. Therefore, without waiting to receive approval to travel under his claim of being an "American citizen", Subject left the USSR and entered the USA on his Soviet passport together with his son on 24 September 1962 via Idlewild. Upon his arrival in the USA, Subject immediately undertook action to have his "American citizenship" restored. This was initially denied as he had admitted that he had voted in the Soviet national elections. However, he then retained an attorney who appealed the case; the original decision was then reversed and both Subject and his son had their US citizenship restored to them in the summer of 1963, the reversal was based on Subject's claim that he had had no choice and was, therefore, compelled to vote in the USSR national elections.

x. Upon his arrival in the USA, Subject immediately applied for a position with the UN, however, he was rejected as he was "stateless" at the time. He then accepted a position with Stelling, Lord-Wood, and Van Suetendals, 36th Street, working on site-planning. His supervisor, one Frank McGowan, then recommended Subject to the

Blauvelt engineering firm for whom he worked from January 1963 through July 1964. In 1964 Subject found work with Harold J. SELDEN, 60 Broad Street, Red Bank, New Jersey, as an engineer working on the planning and designing of sub-divisions, grading, construction developments, etc. His immediate supervisor is the township engineer of Marlboro Township, New Jersey. His present salary is $700.00 per month.

y. In April 1963 Subject married

Bella MINCBERG nee MILSTEIN

a Polish Jew who had come to the USA from Poland in 1949. She has two sons by her previous marriage(s). Subject and his son now live in the home of his present wife.

4. <u>Comments and Assessment:</u>

a. Subject speaks native English and passes for a middle class American. His Russian is likewise native.

b. According to Subject, his objective in life now is to work for the US Government. He states that he has submitted Forms 57 to a number of the US Government agencies (he did not elaborate). In applying for the position under [illegible], Subject asked for $10,000.00 per annum which is his asking price for a position with the US Government.

c. According to Subject, his present position is excellent with great potential for going into partnership as soon as he becomes a licensed engineer. However, he states that he is not interested in making money (despite his request for a $10,000.00 salary) but in "fighting Communism" as an employee of the US Government.

d. Subject admitted that he was a firm and strong believer of Communism which, incidentally, was the reason why he remained behind in the USSR when his parents returned to the USA in 1937. He states that he continued to be a firm believer of Communism until approximately 1958/59 when he became "disenchanted with Communism". Subject denies that he was a member of the Komsomol or that he had to join the Communist Party, this despite the fact that he became an officer of the Soviet Army and despite the fact that he was accepted to study at the Institute of Marxism-Leninism. Despite his alleged "disenchantment" with Communism, Subject spoke in flattering terms about life in the USSR, about the "democracy", about equal opportunities, about the excellent "educational system", et cetera. Subject admitted that

14-00000

SECRET

he had led almost a "charming existence" in the USSR and that neither life in the USSR nor the Soviet authorities mistreated him.

e. According to Subject, he was never arrested in the Soviet Union.

f. In reply to my query, Subject indicated that in 1958 the KGB tried to co-opt him into reporting a fellow student at the Institute of Marxism-Leninism. However, Subject states that he rejectd the pitch. In reply to various queries which were posed to him about the fellow-student (name allegedly now forgotton), Subject states that he did render an unfavorable report on the person. Despite this, the particular Soviet was ultimately assigned abroad as an interpreter. Subject later heard that the Soviet worked and traveled in both Japan and Italy.

g. In reply to a general query about life in the USSR, Subject indicated that life in the USSR has made him into "an accomplished prevaricator".

h. Subject was less than fluent in relating the story of his life to the undersigned. He made mistakes frequently, he contradicted himself, he altered dates to accommodate other aspects of his activities to correspond with what he had mentioned earlier, etc. Also, Subject repeatedly tried to digress from relating his story into presenting his views of life; it was a chore to keep him on substantive matters relating to his own background.

i. Subject's brother, Eugene, is now employed as an engineer of the Freehall Township, New Jersey. Additionally, he has a private office in Rockland, New Jersey, called the Civil Engineer Associates.

j. Subject's account of how he acquired Soviet citizenship-- see above-- is a very weak item in Subject's story. He will have us believe that he got Soviet citizenship "by default" as a result of his mother's application for Soviet citizenship for herself. He himself admitted to the undersigned that this is illogical as his brother, Eugene, whose status was no different from Subject's, never acquired Soviet citizenship "by default" though Subject did allegedly without any action whatever on his own part. Moreover, Subject admitted that he was legally of age (18) by this time and no longer a dependent as a result of which he would have had to apply for a Soviet passport and for Soviet citizenship of his own free volition rather than through his mother.

SECRET

k. Subject is aware that the story of his "immigration" to the USA is also weak. He tried to explain this away by stating that he "got out by mistake", that he was permitted to go "to hide the Soviet shame surrounding the Cuban crisis", that "someone had committed an error", etc. He admitted that there exists no other explanation as to why the Soviet government would have permitted him to leave the USSR as, in the eyes of the Soviet government, he was a full fledged and responsible Soviet citizen who had no genuine or legitimate claim to American citizenship. As a result, Subject is unusually sensitive to this topic.

5. CONCLUSION:

a. In the opinion of the undersigned, Subject should not be considered for either AESCREEN or AEEXPLORE despite the fact both his English and Russian are native.

b. On the basis of the interview, the undersigned feels that, Subject is less than frank and that he is prevaricating. Moreover, there exist innumerable items in Subject's tale which are indicative both that he worked as a recruited agent of the KGB (and its predecessor organizations) in the USSR and that he left the USSR only through and with the intercession of the KGB.

6. It should be underscored that because of the unique and sensitive cover used by the undersigned, no attempt was made to resolve the various contradictions, to challenge Subject on any of his statements, or to pursue certain points of their logical conclusion. The foregoing was obtained in the form of an interview and no real attempt could be made, given the cover, to delve more deeply into the suspicious aspects of Subject's background.

SUPPLEMENT
to
AUTOBIOGRAPHY
of
IRVING AARON

During the years I spent in the Soviet Union I had many friends. Among them were writers, journalists, engineers, doctors and professionals in different fields. It would be very difficult to list all of them. For instance, during the last year I met a new neighbour in the building I moved into. He was a professor in the field of economics. His name was Barsky and he told me many things which I never knew about concerning the economic basis of the Soviet system. He noted that with an industrial labour force exceeding the labour force of the U. S. A. by 100% the productivity of labour and industrial production wasthree times lower.

While studying in high school I became acquainted with a well-known movie producer - Alexander Stolper. He is the brother of one of the students with whom I was freidly in high school. Besides, through a friend in college I met with several writers and journalists such as Dykhovichny, Slobodskoy, and others writing in the field of satire.

People working in classified fields of industry never talk about their work. And even though my relatives through my wife in Russia worked in the fieldof aviation and electronics I did not know anything about their work. I only knew that my wife's brother worked in [illegible], and her brother-in-law worked near Sokol (both in Moscow). Her brother's name is Lev Minkin and her brother-in-law's name is Boris Bershadsky.

During the last years I worked as a translator and met many people who were born in the U. S. A. Among them are Norma Shikman. Paul Shikman, Grace Duetch-Boogay (nee Sgovic) - now in Italy, andmany others.

Gentlemen:

In answer to your advertisement in the New York Times of June 21, 1964 for a Russian linguist capable of translating, analyzing and editing publications, as well as interpreting, I am enclosing my resume.

I lived in Russia for over 25 years and graduated college there after the beginning of the German-Russian war. After 7 years of continuous attempts to leave Russia, I was repatriated in September, 1962. I am a native-born citizen of the United States of America.

In Russia I worked as a translator, editor and head of Translator's Bureaus for twenty years. My experience in translating, abstracting and selection of technical articles for publication is significant. My initial salary requirements are $10,000 per year. I would appreciate the opportunity of a personal interview for discussing possibilities which may exist for me in your organization.

Sincerely yours,

Born December 4, 1917, Brooklyn, N. Y.   Bachelor of Science, 1941
Married, 2 children   Moscow Automobile & Highway Institute

I was born December 4, 1917 in Brooklyn, N. Y. My father, Philip Aaron was successively a farmer, a shoemaker, a butcher and worked in a Jewish cooperative organization. In 1931, at the age of 13, I left for Russia with my parents. My father in Russia worked as an agronomist in Biro-Bidjan. I attended school in Khabarovsk. In January, 1933, our family returned to the U. S. A. due to the illness of my younger brother. In September, 1933 we returned to Russia. My father then worked in construction as a manager, and later worked in a shoe factory as a shoemaker. My mother worked as a manager in a public dining room. I graduated high school in Moscow in 1936 and was accepted as a student in the Moscow Automobile & Highway Institute. In 1937 my parents and brother returned to the U. S. A. I remained in Moscow as I wished to finish my courses in college. I graduated in 1941, after the beginning of war with Germany and was sent as a superintendent to a Highway Bat. In September, 1942 I was sent to Military School in Moscow. After finishing as a Jr. Lt. I was in active duty as a platoon officer. I was wounded Oct. 11, 1943. I was operated upon three times, the last time in April, 1945. After being discharged from the Soviet Army due to combat disability I got a job as a senior librarian in the Technical Library of the Moscow City Soviet. In 1949 due to the small number of publications being received from abroad my position in thelibrary was eliminated. I then got a job as a Laboratory assistant in a concrete plant and after a reduction of forces I got a job as a senior engineer in the Bauman Boro Road Repair Dept. At this time I was divorced and re-married. My first wife was a bookkeeper. Her step father was a major in the Soviet Army. He was later killed, in 1942, during WW II. Her maiden name, by her stepfather was Shchegolyeva. My second wife (maiden name - Volsova) was a pathologist. She hid the fact that she could not have children and we were divorced one month after my marriage. In 1952 I met Rose Minkina. We were officially married only a few months before our son was born. The cause of this delay in our marriage was the fact that I wasborn in the United States. Her brother is an aviation engineer and her brother-in-law works in the field of electronics. Her mother considered that our marriage would harm my wife's relatives. In 1955, after the birth of our son we began handing in applications for an exit visa from the Soviet Government. At first we tried to get out as visitors to my parents. We received our first refusal at the time of the Ungarian Revolt. Up till 1957, when my father came to visit us we continued to hand in applications for an exit visa as visitors. After 1957 we continued to hand in applications approximately every six months to leave the Soviet Union permanently. And we continued to regularly hear refusals. I consider that the aggravations connected with these refusals contributed to the causes of my wife's death in March, 1961. Andonly in July, 1962 my son and I received exit visas. As I mentioned in Form 444 I filled in two different applications. The first answer to the applications I filled out in the U. S. Embassy in Moscow: as an immigrant and as a native-born citizen was a Nonquota immigrant visa. The Board of Appeals of the Dept. of State, after my arrival, restored my native-born citizenship.

In 1955, due to a reduction of forces I lost my staff job in the Bauman Road Repair Dept. At this time I was working as a free-lance translator in the U.S.S.R. Chamber of Commerce and as a part-time translator in Hydroenergoproject. Until January of 1956 I worked for these organizations. In 1956 I began working as the Head of the Translators Dept. of the Scientific-Research Institute of Construction and Road-Building Machinery. After having finished the translation of all manuals in this field I continued working until I left the Soviet Union as a free-lance translator and editor for the Chamber of Commerce, the Foreign Trade Publishing House, the Foreign Languages Publishing House, Hydroenergoproject and other organizations requiring translators.

After returning to the U. S. A. I got a job as a civil engineer. At first I worked for Stelling, Lord-Wood and Van Suetendal from Nov., 1962 to Dec., 1962 and then from January, 1963 to July, 1964 I worked for Blauvelt Engineering Co. ~~At~~ At present I am working for Harold J. Seldin, 60 Broad St., Red Bank, New Jersey. During the last several months I have been working on a free-lance basis with A[illegible]REACH Corporation (1634 Arch St., Philadelphia, Pa.) as an abstractor.

In 1949 due to the small number of publications being received from abroad my position in thelibrary was eliminated. I then got a job as a laboratory assistant in a concrete plant and after a reduction of forces I got a job as a senior engineer in the Bauman Boro Road Repair Dept. At this time I was divorced and re-married. My first wife was a bookkeeper. Her step father was a major in the Soviet Army. He was later killed, in 1942, during WW II. Her maiden name, by her stepfather was Shchegolyeva. My second wife (maiden name - Volsova) was a pathologist. She hid the fact that she could not have children and we were divorced one month after my marriage. In 1952 I met Rose Mirkina. We were officially married only a few months before our son was born. The cause of this delay in our marriage was the fact that I wasborn in the United States. Her brother is an aviation engineer and her brother-in-law works in the field of electronics. Her mother considered that our marriage would harm my wife's relatives. In 1955, after the brith of our son we began handing in applications for an exit visa from the Soviet Government. At first we tried to get out as visitors to my parents. We received our first refusal at the time of the Ungarian Revolt. Up till 1957, when my father came to visit us we continued to hand in applications for an exit visa as visitors. After 1957 we continued to hand in applications approximately every six months to leave the Soviet Union permanently. And we continued to regularly hear refusals. I consider that the aggravations connected with these refusals contributed to the causes of my wife's death in March, 1961. Andonly in July, 1962 my son and I received exit visas. As I mentioned in Form 444 I filled in two different applications. The first answer to the applications I filled out in the U. S. Embassy in Moscow: as an immigrant and as a native-born citizen was a Nonquota immigrant visa. The Board of Appeals of the Dept. of State, after my arrival, restored my native-born citizenship.

In 1955, due to a reduction of forces I lost my staff job in the Bauman Road Repair Dept. At this time I was working as a free-lance translator in the U.S.S.R. Chamber of Commerce and as a part-time translator in Hydroenergoproject. Until January of 1956 I worked for these organizations. In 1956 I began working as the Head of the Translators Dept. of the Scientific-Research Institute of Construction and Road-Building Machinery. After having finished the translation of all manuals in this field I continued working until I left the Soviet Union as a free-lance translator and editor for the Chamber of Commerce, the Foreign Trade Publishing House, the Foreign Languages Publishing House, Hydroenergoproject and other organizations requiring translators.

After returning to the U. S. A. I got a job as a civil engineer. At first I worked for Stelling, Lord-Wood and Van Suetendal from Nov., 1962 to Dec., 1962 and then from January, 1963 to July, 1964 I worked for Blauvelt Engineering Co. ~~AtxR~~ At present I am working for Harold J. Seldin, 60 Broad St., Red Bank, New Jersey. During the last several months I have been working on a free-lance basis with AUERBACH Corporation (1634 Arch St., Philadelphia, Pa.) as an abstractor.

SUBJECT: TYPIC/AMOIL-1
Background Information on Medical Colleagues of AMOIL-1 in Cuba

ACTION REQUIRED - REFERENCES

Action: FYI

1. In late December 1966 and early January 1967 QUCHIP-1 debriefed AMOIL-1 in detail regarding his medical colleagues still in Cuba. AMOIL-1 said that most of them would like to leave Cuba. The majority of those described below are psychiatrists who are keenly aware of, and depressed by, the effect of the Castro regime. Almost all of the psychiatrists mentioned herein have friends and patients among Cuban Government officials and, in AMOIL-1's opinion, those defecting would cooperate in extensive debriefings of their considerable knowledge. Most of them frequently travel abroad. AMOIL-1 is attempting to maintain correspondence with the most promising. The defection of any of the psychiatrists would be especially harmful to the present Cuban Government, since it is faced with a rapid increase of suicides, mental illnesses, and alcoholism, stemming from a general breakdown of morals and mental health as traditional values are uprooted and replaced by repressive, unfamiliar demands.

2. In the descriptions that follow, it should be noted that the Department of Psychiatry of the University of Havana Medical School is composed of professors and instructors from the psychiatric staffs of several hospitals, where the classes actually are given; there is no University Hospital per se.

3. Cuban Physicians Considered as Possible Prospects for Defection/Operational Utilization

A. ACOSTA Nodal (fnu). Assistant Director of the Department of Psychiatry of the University of Havana/Calixto Garcia Hospital. Full professor. Acosta, wife, and mother criticize the regime. Has son 13 years of age. Admits correspondence with a brother in the U.S. Takes a courageous stand against the regime but volubly indiscreet. In August 1966 said that he probably was going to be the father of an illegitimate child. Age 40, 5' 5", 140 pounds, almost totally bald. Would defect and cooperate in being debriefed if abroad with family.

DOB: c. 1925

✓8. SUAREZ Ramos, Humberto. Assistant Professor of Psychiatry at the University of Havana/Calixto Garcia Hospital. Intelligent and professionally skillful. Admitted he is a candidate for the Cuban Communist Party in order to live more comfortably. Married to a former medical-school student who desires to leave Cuba and who constantly criticizes the political indoctrination in Cuban schools suffered by their four children. Suarez admits corresponding with a brother in Miami. Age 35-40, 5' 7", 170 pounds, black hair. Would probably defect and be debriefed if abroad with family. *Possible defector*

DOB. c. 1928

✓E. YODU Prevez, Rene. Assistant Professor of Psychiatry at the University of Havana/Calixto Garcia Hospital. Follows the dictates of the regime with commentary. Is sole member of Calixto Garcia staff to side with the staff of the Department of Medical Psychology of the University of Havana, headed by Jose Angel Bustamante, which is notoriously servile to the regime. Attended the 1966 international psychiatric congress in Madrid. Married and regularly fights in public with his wife. Mulatto, Age 35-40, 5' 11", 170 pounds, black hair. Vague possibility of defection and subsequent debriefing, if Yodu felt there was absolutely no risk involved. *Possible defector*

Sex: F
DOB c.1940

✓F. CUNILL, Cristina. Specially appointed Professor of Psychology of the University of Havana Medical School/Calixto Garcia Hospital. Only intimate friends know that she is firmly anti-regime, as she pretends the opposite, in order to support her widowed mother and younger brother Philip, currently majoring in English Literature at the University of Havana and attempting to obtain a scholarship for study abroad (probably England) in order to defect. Cunill may have been born in the U.S., when her father was a Cuban diplomat posted there. She would leave Cuba if it were not for family commitments. She is a courageous, discreet woman, about 26 years old, who might possibly work against the regime while still in Cuba, and most probably would do so if she and her family were outside of Cuba. Would seek a scholarship to study abroad if there were a way to make up for the loss of her monthly income of approximately 500 pesos, which is needed for the support of her family. *Potential defector*

DOB: c. 1939

✓G. MORA (fnu). Instructor of Psychiatry, University of Havana Medical School/Calixto Garcia Hospital. Admits he desires to leave Cuba but is too gripped by inertia or fear to try. His wife also wishes to leave. They have one or two children. Age 26-27, 5' 6", 130 pounds, blond hair. If abroad with family he would probably defect and consent to debriefing. He is too timid for any other operational utilization. *Possi defec*

DOB: c. 1928

✓H. PEREZ Villar, Jose. Instructor and head of the Department of Child Psychiatry, University of Havana Medical School/Calixto Garcia Hospital. Admitted being so emotionally distressed by his inability to leave Cuba that he requested not to teach university classes. He is attempting to leave through a scholarship, as a delegate to a medical congress, or through the translation/publication of Intelligence and Experience, a medical text by U.S. author James McV. Hunt, with whom he corresponds. He is married and has a 15-year-old son, whom he is resigned to leave behind to perform obligatory military service, in the event he and his wife can leave. Perez formerly attended a U.S. university. Age 39, 5' 7", 160 pounds, black hair. If outside of Cuba, Perez could be used as an access agent to Cuban officials, as his opposition to the regime is known to only a few friends. *Poss def*

DOB: c. 1932

political comments but does plan to leave Cuba. In process of divorcing her husband, a physician for the Ministry of the Interior. They have two four- or five-year-old children. She is a mulatto, age 34, 5' 7", 145 pounds, black hair. She would be of little operational use, for she is too lazy to arrange travel outside of Cuba or to work against it.

DOB: c. 1936 — H. *Sanchez, Isidoro. Instructor/Intern of Psychiatry, University of Havana Medical School/Calixto Garcia Hospital. Has an official post, possibly secretary of the Communist Youth, at the University of Havana, but actually plans to defect through obtaining a scholarship to study abroad, probably in England. The scholarship was authorized by the Cuban Government in September 1966. Sanchez is intelligent, discreet, and anti-Castro. He is a bachelor, 30 years of age, 5' 4", 130 pounds, black hair. It is virtually a certainty that Sanchez will defect while outside of Cuba. There would be an excellent chance of recruitment for use as an access agent. — Probable defector

DOB: c. 1932 — I. *Acevedo (fnu). Instructor of Psychiatry, University of Havana Medical School/Calixto Garcia Hospital. Worked to correct ills of the regime, now disillusioned, depressed, and criticizes the regime in public. Courageous and combative personality. Married, several small children. Brother of Miriam Acevedo, professional singer who represents Cuba at international events. Age 34, 5' 7", 150 pounds, brown hair. If abroad with family would probably defect and could be used as an access agent. — Possible defector

201-756158 — J. *AZOO Canasi, Jorge. Head of the Psychiatric Department of the National Hospital, Assistant Professor at the University of Havana Medical School. See paragraph 1 of OCHA-22,121, dated 30 December 1966.

201-107564 — Sex: F — K. *Frayde, Marta. Former director of the National Hospital, former delegate to UNESCO, Paris. Frayde told Cristina Cunill that she is completely anti-regime, that she personally told Fidel Castro that Communism is ... (obscenity) and that Castro just laughed by way of reply. She is rumored to be protected by Castro, who has allowed her to dedicate herself exclusively to private practice. AMTCIL-1 has never met Frayde personally but believes that she would probably defect and undergo debriefing. — Possible defector

DOB: c. 1928 — Sex: F — L. *GARCIA Mauri, Clotilde. Assistant Professor of Medical Psychology of the National Hospital and of the University of Havana Medical School. She is single, sexually promiscuous, and has never revealed her political affiliation. Age 38, 5' 6", 125 pounds, brown (but changeable) hair.

DOB: c. 1933 — M. *Grau, Miguel. Instructor of Psychiatry of the National Hospital/University of Havana Medical School. He is currently attempting to obtain a scholarship to study abroad in order to defect. Married, two children. Wife is sharply critical of the regime and wishes to leave soonest. Grau is the nephew of Pedro GRAU Triana, who reportedly made millions of dollars in construction and real estate before Castro came to power. Pedro Grau now lives abroad. He gave Miguel a European trip upon graduation from medical school. Miguel's wife is also from a wealthy family. Age 33, 5' 8", 140 pounds, brown hair. Once outside Cuba with his family, Grau would defect and possibly could be used as an access agent. — Probable defector

DOB: c. 1933 — N. *MUNIZ Leon (fnu). Instructor of Psychiatry at the University of Havana Medical School/Mazorra Hospital of National Psychiatry. Openly anti-regime, Muniz has requested permission

to emigrate." He is married, has no children. Age 33, 5' 5", 150 pounds, light brown hair. Once allowed to leave, he could be debriefed, but his open request to emigrate would make any use as an access agent impossible in spite of his motivation.

D.O.B: c. 1932

b. *Esteves, Carlos. Psychiatrist of the Civil Hospital of Cienfuegos. Secretly but firmly anti-regime. Married, two or three children. Age 3-, 5' 7", 1-0 pounds, blond hair. AMTOIL-1 has had no contact with him since 1962.

4. Cuban Physicians Whose Defection is Dubious but not Impossible

D.O.B: c. 1924

A. *Collado (fnu). Official psychiatrist of the Cuban Air Force and formerly of the National Hospital psychiatric staff. He is constantly poking fun at the Cuban Government in sparkling wit at parties that he regularly gives for friends in the Arts, whom he seems to cultivate. He is a close friend of Cristina Cunill and Marta Frayde, to whom he has admitted-feigning approval of the Cuban Government. He is cultured and loves the good life. He was first married to Eva FREJA Ville, a French national formerly a professor at the Alliance Francaise in Havana, who is now living in France since their amicable divorce in 1961. He has one child. Collado moves in high government circles. Age 42, 5' 7", 150 pounds, black hair. He might defect, if shown a good offer, in spite of traditionally seeking not to complicate his life. He can be reached through his former wife, with whom he maintains correspondence. AMTOIL-1 is trying to obtain her exact address.

D.O.B: c. 1927 201-741219

B. *Torroella, Gustavo. Professor of Psychology, University of Havana Medical School, and head of vocational guidance for the University of Havana. His brother-in-law is Raul Roa, Cuban Foreign Minister. Torroella is a UNESCO counselor for UNESCO with alternating postings in Paris and Havana. In 1960 he told AMTOIL-1 that he intended to publish books outside of Cuba in order to have income and pretexts to justify travel and residence abroad. In AMTOIL-1's opinion, Torroella studied and failed to justify Marxism, and obtained his current UNESCO posting so as to be out of Cuba. His wife Marta Kouri de Torroella and two daughters are presently in Havana. Age 39, 5' 8", 170 pounds, light brown hair. It is very doubtful that Torroella will openly break with the regime, even though he establishes a semi- or permanent residence abroad, but it might be worth approaching him when he has his family abroad because of his knowledge of, and access to, key Cuban Government officials.

D.O.B: c. 1929

C. *Palacios, Claudio. National Coordinator of Psychiatric Care, Ministry of Public Health, and full Professor of Psychiatry at the University of Havana Medical School/Mazorra Hospital. He is extremely clever, intelligent, materialistic, and ambitious. He maneuvered himself into an important post and a wealthy private practice. He is a candidate for the Cuban Communist Party, which probably will be denied him because of a previous internship in a New York hospital, according to the opinion of Jorge Abdo Canasi, a former partner in medical practice. Palacios was a delegate to an international congress of psychiatry in Madrid in 1966. He has two daughters by a first marriage; no children by the second. Age 35-40, 5' 5", 170 pounds, brown hair. Defection is doubtful, but it is felt that Palacios would give serious consideration to the offer of any post that would enhance his professional career.

D.O.B: c. 1902

D. *Cordoba, Armando de. National Coordinator of Psychiatric Teaching, Ministry of Public Health, full professor, head of the Psychiatric Department of the University of Havana Medical School/ Fajardo Hospital. An aristocrat whose effortless adaptation to the regime surprised his cohorts, Cordoba is intelligent, ambitious for power and prestige. He is married, no children. His brother

is a former ambassador to Great Britain, who fears that the regime's excesses will strike him. Age 64, 5' 6", 140 pounds, brown hair. Because of his age and position, defection is highly doubtful, but he would consider any post that would enhance his international prestige; however, it is more likely that he will continue to prefer being an important man in a little country.

5. Cuban Physicians Whose Defection is Considered Virtually Impossible

DOB: 1931 A. *Rodriguez, Luis. Professor and Director of the University of Havana Medical School, he has been a member of the Communist Party in Cuba since a youth. He is intelligent, personable, and dedicated to his career. He is married and has three or four children. Age 36, 5' 7", 180 pounds, black hair.

DOB: c.1928 B. *IRIZASTEGUI Dupuy, Fidel. Assistant Professor of the University of Havana Medical School. Member of the Cuban Communist Party. He is quite satisfied with the present situation - is well off financially, has prestige, and travels regularly. He was a delegate to the medical congress in India in 1966. He is married to Noemi Valdes, a professor of the School of Psychology, University of Havana. Age 35-40, 5' 6", 150 pounds, mulatto.

DOB: 1932 C. *AGUILAR Darrucoss, Jose. Rector of the University of Havana since August 1966. He made a rapid rise from Director of Rural Medicine to Vice-Minister of Public Health. He is credited with professional skill as an administrator and public relations type and is said to be a traveling companion of Fidel Castro. He is not believed to be a member of the Communist Party of Cuba. Aguilar is married and is a former classmate of AMTOIL-1's. Age 34, 5' 8", 170 pounds, black hair.

DOB: 1919 D. *DORTICOS Torrado, Francisco. Dean of the Medical School, University of Havana, and brother of the President of Cuba. AMTOIL-1 worked closely with him for six months in a Cienfuegos hospital and describes him as straightforward, honest, hard working, and one who avoids politics. His present post was forced upon him by his brother. He is married, and one of his sons is active in the Communist Youth. Age 47, height 5' 7", 180 pounds, grey-black hair.

DOB: c.1930 E. *ROJAS Ochoa, Francisco. Director of National Statistics and member of the Communist Party of Cuba. He represented Cuba as a delegate to the World Health Scholarship in Mexico in 1965 and to a 1966 conference concerning sanitation in Washington, D.C. He was a university classmate of AMTOIL-1's. Age 35-36, 5' 4", 140 pounds, brown hair, balding.

DOB: c.1934 F. *Modesto (fnu). Instructor of Psychiatry at the University of Havana Medical School/Calixto Garcia Hospital. A Brazilian citizen resident in Cuba since 1961, Modesto is a fanatically anti-American Marxist who broadcasts to Brazil for Radio Havana. He swears he will participate in the violent overthrow of the Brazilian Government, once he returns from Cuba in 1967 via Mexico. He is married to a Cuban whose wealthy father lives in Mexico but travels frequently to Cuba. Age 30-35, 6', 200 pounds, black hair, mulatto. In AMTOIL-1's opinion, Modesto is a dangerous political fanatic, about whom the Brazilian authorities should be warned.

DOB: c 1928 M. Barral, Fernando. Psychiatrist of the Ministry of the Interior and former Instructor of Psychiatry at the University of Havana Medical School Calixto Garcia Hospital. A convinced Marxist-Leninist (and Castroite), he nevertheless was sharply critical of the Soviet suppression of the 1956 Hungarian Revolution, since he is of Hungarian descent. He is currently the director of psychiatric treatment for personnel of the Ministry of the Interior. His clinic is at the corner of Avenida de los Presidentes and 19th Street, Havana, in the building formerly occupied by the Brazilian Embassy. Barral is a skilled and intelligent psychiatrist who is assisted in his work by Dr. Abilio DIAZ Abascal, a Communist. Barral is divorced from a Hungarian-born physician and is now married to a luxury-loving medical student many years his junior. Age 35-40, 5' 6", 160 pounds, brown hair.

201-346662

DOB: c 1928 N. DIAZ Abascal, Abilio. 6. Bustamante, José Angel. Full professor and head of the Department of Medical Psychology of the University of Havana Medical School. He is fully integrated with the regime but it is believed that he is not a member of the Communist Party of Cuba. Bustamante is materialistic and a political maneuverer who held important posts under Batista as well. He travels regularly. CURRENT DEVELOPMENT IN MEDICINE

13F

129 SOCIAL PSYCHOLOGY: A STUDY ON ITS LIMITS AND BASIC CONCEPTS(*)

By Dr. Leopoldo E. Araujo Bernal(*)

(*) Professor of Medical Psychology. School of Medical Services of the University of Havana. Director of the Department of Social Psychology of the Institute of Advanced Nervous Activity.

137 ELECTROCARDIOGRAPHICAL ALTERATIONS IN THE TRANSVENTRICULAR MITRAL COMMISSUROTOMY

By Dr. A. Hernandez Canero(*), Dr. M. Amoedo Mon(**) and Dr. J. Castillo Navarro(**)

(*) Professor of Internal Medicine, Head of the Cardiology Department of the Comandante Manuel Fajardo Training Hospital.

(**) Assistant Specialists, Department of Cardiology of the Comandante Manuel Farjardo Training Hospital.

142 CONCLUSIONS

1. The electrocardiograms corresponding to 33 cases of mitral stenosis operated transventricularly were studied.

2. The rhythm variations, as well as the favorable changes in the auricular and ventricular complex are those which, according to other authors, are present in patients operated transauricularly.

JPRS Sub No 33413 ; Date 20 DEC 65 16
Trans. on Cuba No. 341 ; UNCL

3. Many instances of pericardic injury were observed immediately af[illegible] the operation. This injury is similar to that observed in patients [illegible] through the auricle.

4. We were able to observe a fast deviation of the QRS axis towards the left, accompanied by signs of left ventricular hypertrophy, which shows severe mitral insufficiency.

5. The possibility of myocardial infarction following the trans-ventricular mitral dilatation is mentioned.

155

CHRONIC OBSTRUCTIVE EMPHYSEMA(*) PSYCHOPATHOLOGY

By Dr. Alberto Orlandini N.(**)

(*) Presented before the First Regional Congress on Stomatology of Southern Oriente, on 29 October 1964.

(**) Resident of the Psychiatric Service, Provincial Training Hospital of Santiago de Cuba.

157

SUMMARY

The chronic obstructive emphysema with breathing insufficiency of the fourth degree originates first delirium, and then catatonic stupor. The phychic disturbances following the changes of consciousness are described.

188

CARDIOVASCULAR ASPECTS OF SICKLAEMIA(*)

By Dr. Jose Cabrera Flores(**) and
Dr. Hugo Camargo Gallegos(**)

(*) Presented before the First Regional Congress on Stomatology of Southern Oriente. Santiago de Cuba, October 1964.

(**) Dr. Enrique Cabrera Cosio Cardiovascular Department. Provincial Hospital of Santiago de Cuba.

190

CONCLUSIONS

After studying eight patients with Sicklaemia, the most important observation has been the enlargement of the electric systole shown by the electrocardiograms. This is to be confirmed in subsequent studies. Other observations are the presence of the Heglin syndrome in the two cases presenting the lowest hemoglobin level, the evolution with normal cardiac rhythm in most cases. This phenomenon is present in the evolution of chronic anemic syndromes and has not been fully explained yet.

1. The following information on Dr. Leopoldo ARAUJO Bernal, Subject of Reference, was obtained by [illegible], a member of the [illegible] Group, from an interview with Dra. Her first husband, Orestes Ignacio [illegible] Inesta, aka "Ignacio" and "Alcantara," was a member of the Communist Party's central cell in Cuba.

2. Source reports that Leopoldo ARAUJO Bernal was born about 1914 in San Diego de los Banos, Pinar del Rio Province, Cuba. He lived at 12 Calle [illegible] in Habana. Source describes him as white, with a pale complexion, slender, about 5'10" tall, straight brown hair cut short with some grey. He is nearsighted and wears glasses. 4. [illegible] grew up with Dr. Jose Angel [illegible] O'Leary, old-guard Cuban Communist, and was active in many Communist, leftist, and revolutionary organizations in Cuba. During his days as a medical student [illegible] was a member of the left wing student group and belonged to an organization called "Cuban Anti-Imperialist League" (Liga Anti-Imperialista de Cuba), together with Aureliano [illegible] Franco, Jose Angel [illegible] O'Leary, Juan [illegible] Vicaurreta, Ruben de [illegible], [illegible], Ruben [illegible] Villena, Raul [illegible], and Julio Antonio [illegible]. During the Spanish Civil War Subject collected money to help the Communist faction of the Republican side but he did not go to Spain to fight. Around 1933 he began working in the Ministry of Labor as a labor inspector. About 1935, at the time of the [illegible] strike, [illegible] and Dr. Jose Angel [illegible] O'Leary, with others, organized the "Frente Unico de [illegible] Publicos." Source states that about this time [illegible] became a militant Communist party member. In 1940 [illegible] was a member of the Cuban Communist Party (Partido Socialista Popular) cell in the National Medical Association which the Party had organized in an attempt to seize control of the leadership of the National Medical Association. In 1951 Subject was closely connected with Dr. Romulo BETANCOURT, then President of Venezuela, and with Juan [illegible]. [illegible] had maintained contact with [illegible] since 1935.

If the latter, and the refugee is planning to come to the U.S., [illegible] would like to be advised of the date of the refugee's departure in order to debrief him.

16 May 1963

MEMORANDUM OF CONTACT

SUBJECT : Jose Antonio CASAS Rodriguez (201-327702)

DATE OF CONTACT : 2 May 1963 (2000 to 2345 Hours);
4 May 1963 (0900 to 1300 Hours).

1. On 1 May 1963 I travelled to Harrisburg, Pennsylvania, and attempted to contact Subject at his home at 216 Cumberland Street at 1930 hours. Subject's son answered the door and advised that his father was out for the evening and wasn't expected to return till 2200 hours. At 2200 hours I returned to Subject's home to be advised that he had not yet returned but was expected momentarily. In view of the late hour, I requested the son tell his father that a representative of the United States Government had called and wished to speak to him on matters pertaining to the situation in Cuba. I indicated I would return about 2000 hours on 2 May.

2. At 2000 hours on 2 May I called at Subject's home and found him present. He was friendly and courteous, requesting that I come into the home where I was introduced to his wife and several of his six children. He requested to see my KUBARK identification which he gave only a cursory glance before returning to me. He then indicated his complete willingness to supply any information known to him on the Cuban situation and personalities.

3. Subject and his wife make an excellent impression. They proceeded to put me at ease, offered coffee, and generally showed themselves to be excellent extroverted hosts. The subsequent conversation lasted until approximately 2345 hours and was somewhat general in nature. Basically we rehashed information already provided by Subject during his debriefing by U. S. authorities in Miami and already reflected in his 201 file. Subject was rather difficult to debrief in that his English is somewhat fractured and he is extremely disorganized in his thoughts. He has a tendency to develop one theme which in turn will remind him

COPY

SECRET

201-334088

3/RS

of a second, also of interest, which he will proceed to discuss to the confusion of the first. This problem was perhaps compounded by the fact that Subject was uncertain as to the type of information of interest to KUBARK. He grasped quickly, however, the type of information which would be of most interest to us and it rapidly became less difficult to get to the meat of the subject we were discussing. Further contact and debriefing of him will become progressively less difficult.

4. We are consolidating the information obtained from Subject from our two meetings with him on 2 and 4 May below for reporting convenience.

5. Basically Subject is able to supply specific information of interest on only five personalities. He knows and was acquainted with many other personalities in the Cuban government, but his relationship with them is not close enough to enable him to provide information in sufficient detail or depth to allow valid assessment as to their susceptibility to a recruitment or other operational approach.

6. Information on five Cuban government officials, well known to Subject is set forth below:

a. Esubio AZCUE, born about 1912, is presently employed as a consul at the Cuban Embassy in Mexico City. AZCUE is a long time friend of Subject. They met during the mid-1950's when both were involved in revolutionary activities attempting to bring about a democratic socialist regime in Cuba. AZCUE is married to a Spanish woman and was involved in the Spanish revolution. He was a very close friend of Manolo CASTRO who was reportedly murdered by a group of Communist left wing revolutionaries which included Fidel CASTRO. About 1952 AZCUE was living in France and is believed to have been arrested by French authorities on charges resulting from his involvement in smuggling penicillin and other antibiotics into France. Subject believes that AZCUE has about five children. During early 1961 while in Mexico City, AZCUE was contacted by Subject in order to obtain advice re the advisability of his defecting from the Castro regime and requesting political asylum in Mexico. As a

result of this contact Subject obtained the impression that AZCUE is suffering from a lack of funds. Since AZCUE is somewhat of a snob and a fancy dresser, he finds this situation unpleasant. AZCUE also habitually has a mistress which in turn is a drain on his pocketbook.

(1) According to Subject, AZCUE is an excellent draftsman who studied architecture at the University of Habana, although he never obtained a degree. Subject assesses him as a kind man, very happy-go-lucky, but impetuous and one who "blows with the wind". He doesn't seem to have the powers of concentration or of single purpose which would allow him to be successful. Subject feels that AZCUE has appended himself to the Castro regime since it offers him a purpose in life and a feeling of belonging to something.

(2) Subject described AZCUE as being a very brave man. He felt that should AZCUE be approached by KUBARK and requested to cooperate, the physical danger inherent to in-place agent work would not affect his decision. In summary there would be a reasonable chance of persuading AZCUE to cooperate with KUBARK if a suitable monetary and ideological inducement were offered him. Subject feels, on the basis of their 1961 conversations in Mexico City, that AZCUE is not too enthused about the Castro regime and it is possible he has become even less in favor of it during the ensuing period.

(3) Subject appended that it would be helpful in any approach to AZCUE to attempt to convince him that Fidel CASTRO was directly involved in the "gangster" revolutionary group responsible for Manolo CASTRO's murder. AZCUE was a very close friend of Manolo CASTRO's and was affected greatly by his death.

b. Enrique RODRIGUEZ Loeches: RODRIGUEZ was born about 1912 and is presently Cuban Ambassador to Morocco. RODRIGUEZ was involved for a long time in revolutionary attempts to overthrow the BATISTA and previous regimes in Cuba. He was with CASTRO during the 1958-59 period in the Sierra Maestre. Subject became acquainted with and a close friend of RODRIGUEZ when both were members of the same so-called revolutionary "Directorio". Subject alleges that RODRIGUEZ has disliked CASTRO since their first meeting during the 1958-59 period. Both Subject and his wife alleged to have received a letter from RODRIGUEZ written in the Sierra Maestre in which he listed his dislike of CASTRO and among other things referred to him using the Spanish equivalent of the term "dirty prostitute". Subject advised that unfortunately this letter has been destroyed. Subject is convinced that if he met RODRIGUEZ on the street tomorrow the latter would have no compunctions about sitting down for a long discussion on old times as well as the political situation in Cuba. Subject is also convinced that he could on friendly terms "talk defection or recruitment" with RODRIGUEZ should they have the opportunity to meet.

c. Orlando BLANCO, born about 1922, is married to a woman of Puerto Rican birth which makes her an American citizen. BLANCO, according to the latest information available to KUBARK, is stationed with the Cuban Embassy in Morocco with the rank of counselor. Subject met BLANCO when the latter became subordinate to him in the revolutionary "Directorio" working towards the overthrow of the Batista regime. Despite BLANCO's revolutionary activities, Subject assesses him as being relatively passive politically. Both BLANCO and his wife are believed to have applied for employment with the Cuban foreign service as a means of leaving Cuba. Subject feels it is possible they will not return to Cuba when their tour in Morocco expires. During 1960-61 BLANCO was employed in the National Bank of Cuba. During this period Subject obtained the impression that BLANCO had become anti-Castro. Subject, however, assesses BLANCO as a non-courageous type of individual who might be frightened at the idea of working as an in-place agent. As an

14-00000

SECRET

example of BLANCO's lack of courage, Subject cited the fact that he and his wife attempted to avoid Subject's wife while Subject was an asylee in the Argentine Embassy in Habana. Incidentally, BLANCO's wife's name is Isabelle LAGO de Blanco and [she is on excellent terms with Subject's wife] Subject is apparently convinced that BLANCO would welcome an opportunity to meet with him providing he were assured that the fact of the meeting would not become known to his Cuban superiors. 08

d. Faure CHOMON Mediavilla (201-270370): In essence Subject was only able to reiterate the background information on CHOMON outlined in paragraph 5 of UFGW 1574, 13 January 1963. In order to place his relationship with CHOMON in perspective, Subject produced a personal letter to him from CHOMON which was written in January 1959 and referred to Subject in the most familiar of terms. Subject alleged that CHOMON has confided in him on many matters of personal and political nature for many years. As an example, he cited a difficulty in which CHOMON became involved during his tenure as Ambassador to the USSR and while Subject was [stationed in Moscow]. CHOMON 08 at that time was having an affair with a Russian translator/secretary assigned to him by the Soviets. This person's husband became knowledgeable of the relationship between his wife and CHOMON and beat on the door of the Cuban Embassy one day and proceeded to demand that CHOMON leave his wife alone. Subsequently a formal protest was received through Soviet foreign service channels. As a result of this incident, CHOMON asked Subject to [take a walk with him] (He didn't trust the Soviets and felt the Cuban Embassy was bugged.) in order to discuss this problem and the possible solution for it. Although CHOMON did not specifically state anything in this vein, Subject obtained the impression during the last two meetings in the Argentine Embassy in early 1962 that CHOMON was anything but happy with his lot under the Castro regime. Subject felt it would be worthwhile and alleged his willingness to prepare a "recruitment letter" for mailing to CHOMON in Cuba. 24

e. Floreal CHOMON Mediavilla was born about 1930 in Camaguey, and, according to latest KUBARK information, is presently Charge d' Affaires of the Cuban Legation in Iraq. Prior to this assignment, CHOMON was First Secretary with the Cuban Embassy in Morocco. Subject described CHOMON as a sensitive, slightly effeminate individual who is relatively disinterested in politics. Subject feels that CHOMON obtained the position with the Cuban foreign service by virtue of the fact that he is Faure CHOMON's brother. Subject feels that Floreal CHOMON would also welcome an opportunity to talk with him if the fact of their meeting could be kept from the Cuban government. He speculated that any attempt to gain CHOMON's cooperation would depend on the position Faure CHOMON has assumed toward the Castro regime. Subject feels that most of Floreal CASTRO's decisions are based on the attitude and opinion of his older brother Faure. If through letters from or conversations with his older brother, Floreal had obtained the impression that Faure was becoming dissatisfied with the Castro regime, he probably likewise would assume such an attitude and conceivably be receptive to a recruitment approach.

7. OPERATIONAL PROPOSALS: We are currently retracing the individuals listed in the preceeding paragraph. Upon completion of these traces, it is suggested that a dispatch be prepared to Mexico City Station outlining all information on Esubio AZCUE including that supplied by Subject. This dispatch would also outline Headquarters' interest in perhaps using Subject in an operational approach to AZCUE. Mexico City Station would be asked to describe the extent to which they could support such an operation through surveillance of AZCUE, locating his present residence and other information relative to his current activities and political orientation. (Comment:) We discussed in principle with the Subject whether or not he would be willing to travel to Mexico City with a KUBARK case officer for the purpose of such an approach. Subject tentatively indicated his willingness to cooperate in such a venture but appeared to have some reservation re the danger that might accrue him. He pointed out that he has a wife and six children to support and soon expects to be joined by his father and mother-in-law who are currently in Miami. We attempted to reassure Subject that very little danger

would be involved since he would be under surveillance by KUBARK officers at all times and would serve only as a means of effecting the introduction of KUBARK to AZCUE. Although we cannot be certain, we feel that if properly presented Subject would cooperate with KUBARK in such a venture.

8. The information reflected above and relating to RODRIGUEZ, BLANCO, Floreal CHOMON, and Faure CHOMON, will be made available to SAS/FI in order to determine whether or not they may be interested in exploiting these leads. An operation involving the preparation of a letter by Subject for forwarding to Faure CHOMON would be simple to prepare but difficult to carry out in that we do not have a current home address for him. Subject indicated that he believed Faure CHOMON in 1961 lived on First Street, #105, Apt. 7, in Habana. However, we cannot be sure that this address is current. Subject indicated that perhaps (fnu) San Pedro y Grillo living at Anunciacion 10, 6th floor, in Madrid, as of 1961, is probably the first wife or another relative of Faure CHOMON. She is allegedly the cultural attache with the Cuban Embassy in Madrid. Perhaps it would be possible to obtain CHOMON's current address through COS Madrid. Conceivably COS Madrid could ask its liaison with the Spanish service to place intercepts on this address and thus obtain Faure CHOMON's current home address in Habana, assuming he is corresponding with this individual.

9. MISCELLANEOUS: We were only able to obtain the names of two individuals from Subject who he believed definitely to be G-2 officers. These were the individuals who accompanied Faure CHOMON when he visited Subject in May of 1961 at the Argentine Embassy in Habana. The first of these was Carlos FIGARELLO, aka El Chino. FIGARELLO was born about 1930 and Subject was able to say little more about him than this in as much as he spent most of the time during this meeting talking with Faure CHOMON. On CHOMON's second visit to the Argentine Embassy he was accompanied by (fnu) JIMENEZ, aka Jimenito, also born about 1930 and the son of (fnu) Santos JIMENEZ. JIMENEZ was, according to Subject, at one time the director of the revolutionary newspaper "Combate". Subject was unable to supply further information on this individual.

10. Subject was shown the KUBARK list of Cuban diplomatic and consular personnel abroad dated April 1963 and was able to identify a number of individuals appearing on this list as known to him. These individuals would be basically FI leads and Subject indicated he was not

well acquainted enough to describe their personalities or otherwise aid in an operational approach to them. We are listing them below, however, in the event some of them may be of specific operational interest to SAS/FI components. Any individuals falling into this category can be the subject of future detailed debriefing on the occasion of my next meeting with Subject.

a. Jorge SERGUERA Rivieri, aka Papito, is currently the Cuban Ambassador to Algeria. According to Subject, SERGUERA is a homosexual.

b. Eduardo MACHADO Cartas, born about 1925 in Lajas, Cuba, is presently employed as the Cubana Airlines representative in Canada according to latest KUBARK information. Subject hasn't seen MACHADO for about twenty years, but used to know him well in that he dated MACHADO's sister and in this fashion met him and the family.

c. Jose BARRIAL Dominguez: Subject believes this name appearing on the KUBARK list to be incorrect. BARRIAL is listed as Charge d' Affaires, minister counselor at the Cuban Embassy in Chile. Subject knew an individual of this name who was associated with the same revolutionary group to which Manolo CASTRO belonged.

d. Manuel PAYAN Viego is originally from Siego de Avila, Cuba. During BATISTA's regime, PAYAN was studying in Spain. Subject does not believe PAYAN to be a Communist. PAYAN's wife is believed to be identical with Maria Antonio RODRIGUEZ de Payan who is also listed as an employee of the Cuban Embassy in Chile.

e. Oscar PINO Santos, Cuban Ambassador to China, is an acquaintance of Subject. Subject was unable to provide further worthwhile information on PINO.

f. Flora DIAZ Parrado, born about 1910, is currently employed as a counselor with the Cuban Embassy in France. Subject believes that DIAZ is apolitical and has been a member of the foreign service for a long time. He also believes

her to be homosexual.

g. Juan David POSADA is currently employed as cultural counselor with the Cuban Embassy in France. Subject describes POSADA as an "arty type" who is an excellent caricaturist.

h. Manuel R. MORALES, listed as an attache with the Cuban Embassy in France, is believed by Subject to be identical with an individual he met who used the nickname Tiburon who was an athlete at Habana University and from Santiago de Cuba.

i. Gustavo MEDIAVILLA de la Pena is listed as commercial attache with the Cuban Embassy in Germany. Subject was acquainted with an individual with this name who was a cousin of the CHOMON brothers.

j. Lionel ALONSO Fiel is believed by Subject to be a young man who he knew from Matanzas Province and who is now Charge d' Affaires with the Cuban Embassy in Indonesia.

k. Gustavo ROBRENO Dolz, aka El Mago ROBRENO, is listed as an attache with the Cuban Embassy in Indonesia. Subject describes ROBRENO as a very unstable individual. Once while drunk, he shot an American in a Cuban bar. He is married to a former prostitute.

l. Jose R. LINARES Delgado is listed as an attache with the Cuban Embassy in Iraq. Subject believes he was at one time acquainted with LINARES who was connected with the Manolo CASTRO group at the University of Habana. Subject describes LINARES as a slender individual with a pleasant personality. He is a mulatto.

m. Gustavo ARCOS y Bergnes is listed as Ambassador to Belgium and Luxembourg and resident in Brussels. Subject stated ARCOS' brother was killed in Santiago de Cuba on 26 July 1953 during the attack on the "Moncada".

n. Teresa PROENZA, listed as cultural attache, Third Secretary with the Cuban Embassy in Mexico, is related to the Cubana Airlines representative in Mexico. Subject

14-00000

SECRET

described PROENZA as a cold-blooded emotionless woman who is nicknamed "the mummy".

o. Silvino SORHEGUY Matos is listed as the Cuban Minister to Saudi Arabia with residence in Cairo. Subject knows SORHEGUY to have been once a Cuban foreign service representative to Honduras and to have been declared PNG by that country.

p. Jose Antonio PULIDO y Ledesma is listed as consul to the Cuban Embassy in Sweden. Subject knows PULIDO as being a good friend of Enrique RODRIGUEZ Loeche, Ambassador to Morocco.

q. Armando PEREZ Pinto is listed as commercial counselor with the Cuban Embassy in the USSR. Subject believes PEREZ is not of Cuban birth, but from Haiti. Subject could only say that PEREZ was a nice young man, born about 1935, who did not give the impression of being a rabid Communist.

r. Juan JUARBE y Juarbe is listed as the counselor of the Cuban Delegation to the United Nations. Subject knows JUARBE and thinks he is Puerto Rican or Venezuelan by birth rather than a Cuban.

s. Laura MENESES de Albizu Campos: According to Subject, MENESES is not a Cuban but he is not sure of her nationality. Although he met MENESES he is unable to supply further significant data.

t. Gilberto MEDIAVILLA is listed as a third secretary of the Cuban Delegation to the United Nations. Subject suspects that MEDIAVILLA is a cousin to the CHOMON brothers.

11. Orlando PEREZ was met by Subject during his tour in Moscow. PEREZ was the Charge d' Affaires at the Cuban Embassy in Moscow. Subject became slightly acquainted with PEREZ and obtained the impression that PEREZ is not pro-Castro. He is married to an American citizen, Rina PEREZ, nee Grossman. PEREZ has since quit the foreign service and occupies a position with the National Bank of Cuba.

12. We asked Subject whether or not he was acquainted with any individual belonging to the Cuban military. He could supply no significant names or information in this sphere. He did advise us that a potential source for this type of information was one Eloy GUTIERREZ Menoyo. According to Subject, GUTIERREZ was formerly a Cuban army officer and would have many contacts in this area. As an aside, Subject stated that GUTIERREZ had supplied weapons to Fidel CASTRO during the 1958-59 period through an individual who he knew only as (fnu) GONZALEZ. GONZALEZ apparently in turn obtained the weapons from a (fnu) SAGARO who was a resident of Santiago de Cuba. Of even more interest, Subject stated that GONZALEZ was, during this same period, in contact with Otto SKORZENY in Madrid and Belgium. Subject could no longer remember where he had heard this information and could only add that as he remembered, GONZALEZ had seen SKORZENY in Madrid and Brussels, Belgium, during this period. It is felt that this piece of information may be of more than normal significance in that we recall having been told several years ago that SKORZENY was of operational interest to KUBARK. As we remember, SKORZENY was at that time suspected of or reported to be the key figure in a Communist/KGB illegal funding apparatus. We will check with the CI Staff, WE, and EE, in order to determine whether further information on SKORZENY's alleged activities was ever developed.

13. Raul RODRIGUEZ Feo is, according to Subject, a professional in the Cuban foreign service. Subject does not know for certain where RODRIGUEZ is presently stationed but suspects he is in Habana. RODRIGUEZ does not appear in the KUBARK list of Cuban diplomats abroad. RODRIGUEZ is a good friend of Subject and his wife, and Subject's wife has known Mrs. RODRIGUEZ since both were small girls. RODRIGUEZ was born about 1912 and studied at the University of Habana. He and Subject attended the same secondary schools in Sagua La Grande, Cuba. Subject states that RODRIGUEZ is definitely not a Communist and probably would cooperate in any anti-Castro activity KUBARK might ask of him.

08

14. Carlos LAO was born about 1923 in Cuba and is a Certified Public Accountant. Subject is good friends with LAO in that both of them worked together in attempting to overthrow the Batista regime. LAO refugeed to the United States from Cuba in October 1962 and now lives in Willernie, Minnesota. Subject volunteered LAO's name as an individual who knows everybody of any significance in Holguin, Cuba, and the surrounding area.

15. UFGA 7428, 31 January 1963, contains information obtained by JMWAVE regarding Subject and indicated him to be emotionally unstable, eccentric, and generally reputed to be something of a nut. We are inclined to agree with this information in so far as Subject's economical theory is concerned. During his stay of almost one year as an asylee in the Argentine Embassy in Habana, Subject spent the copious spare time available to him writing an economic treatise. On our meeting with Subject on May 4th, Subject provided us with a handwritten short summary of this document. According to this summary, Subject has been attempting to correlate economic cycles with peaks of sunspot activity. He backs up his "economic argument" with reference to the Old Testament and the Aztec Calendar. If Subject has been expounding this theory in public we are not surprised that he is considered somewhat of a nut. It should be noted, however, that many otherwise sane and useful people believe in horoscopes and other similar superstitions. We do not feel that this quirk in his personality must necessarily be considered derogatory in terms of his possible operational exploitation by KUBARK. Although we have spent less than ten hours with Subject, our impression is that he is a rational individual in terms of his attitude towards and relationships with other individuals and personalities around him. As a matter of fact, we obtained the impression that Subject possesses more than his fair share of what is sometimes termed "common sense". The handwritten summary of Subject's economic theory as pertaining to sunspots is appended to this memorandum as attachment.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation between AMBIDDY-1 and Martin Ferrer

DATE : 30 June at 1100 hours

1. Upon Erneido Oliva's request, AMBIDDY-1 went to meet with him last night. At the meeting Oliva mentioned to A-1 that he (Oliva) was receiving the backing of KUBARK and the Pentagon and implied A-1 was also receiving aid. Oliva stated that he has met with Alfredo Rodemeyer, the same Rodemeyer that both of them had met early last year. A-1 replied this was all before the death of Kennedy and he no longer had contact with any of ODYOKE's officials. According to Oliva, Mr. Rodemeyer spoke badly of some of the personnel in A-1's organization, e.g., Antonio Iglesias. Oliva mentioned that he had talked with Thomas Mann recently and expected to see Mr. Mann within the coming week to receive support for his conventional warfare program. A-1 told Oliva he had no objection to the conventional warfare plan and that he would morally support Oliva in liberating Cuba. However, he would continue in his own little way with his unconventional war. According to A-1, he made it clear to Oliva that he was not receiving ODYOKE backing.

2. A-1 expects to leave on 1 July for Costa Rica tomorrow. He again mentioned that Adelaida will soon be leaving the United States. A-1 commented he does not expect to visit the United States as often as he has done in the past. A-1 asked that Enrique and Mr. Archer clearly understand that he does intend to keep his word concerning the changes he has mentioned to us at the last two meetings.

AMWORLD'S MEETING IN NEW ORLEANS, 24 June 1964

SUBJECT: AMBIDDY-1's Image and Philosophy

1. AMBIDDY-1's preoccupation with his political image shone thru, when he inquired whether we suspected him of dictatorial leanings. We replied, in effect, that we entertained such suspicions and inclined toward taking his protestations of liberalism and laissez faire with a heavy dose of salt. Once in power, he would treat the 1940 as a scrap of paper and run the country along autoritorian lines. Flattered by his implied inclusion in the line of succession, A-1 only voiced mild dissent.

2. Comment: Considering the exigencies of autonomy which deny us much opportunity, let alone leverage in shaping AMBIDDY-1's political philosophy, we have conveyed to him in a variety of ways that we do not particularly care one way or the other, that we do not fancy him as a chosen instrument outside the periphery of AMWORLD and - that by extension - we have no intention of promoting any political aspirations he may harbor. We have also left no doubt in his mind that we view his performance in the AMWORLD driver's seat rather than any philosophical streams of consciousness, as a dependable gauge of how he would be performing in a position of political responsibility.

3. We pointed out to AMBIDDY-1 that Liberation Day would find a prostrate, bankrupt and exhausted people, weary to death of politics and propaganda, craving to be left alone for a while to collect its thoughts. There would be no political infrastructure on which to build and prematurely called general elections would merely serve to debase the currency of parliamentary democracy even more. For a while at least, a benign and just executive would have to restore Cuba's equilibrium and permit her to rebuild the institutions without which a democracy cannot properly function.

SECRET

14-00000

In this context, we mentioned sentiments expressed by AMBIDDY-1 on Venezuela TV deprecating largescale revenge during the reconstruction phase and voiced hope that he would do his share to see these noble ideas put into effect.

AMWORLD MEETING IN NEW ORLEANS, 24 June 1964

SUBJECT: Adlaida PADRON y Cruz - Decision to Move Her to Nicaragua

1. Drawing liberally upon data supplied in UFGA 16312, we reminded AMBIDDY-1 about our misgivings regarding his association with Adelaida PADRON y Cruz. He conceded awareness of some of the rumors circulating about her past private life and stated that he had satisfied himself that they were unfounded. We injected that we knew that Jose Mole Rosales has been asked to do some investigating and had given Adelaida Padron a clean bill of health. We also happened to know that MOLE was aware of the true story and for reasons of his own had decided to withhold it from AMBIDDY-1. We inquired what he knew about Senora MOLE and he commented that she had been a "bad woman". We observed that the "had been" was open to question.

2. AMBIDDY-1 averred that he had listened to a telephone conversation between Adelaida and her former husband, Roger Rojas Lavernia, in which the latter had admitted that the story about his having acted under higher orders when marrying Adelaida were unfounded. AMBIDDY-1 also charged the ex-husband of having tried to entice his wife to participate in orgies, but that Adelaida had refused to do so.

3. As regards Adelaida's alleged illicit relationship with ex-President BATISTA, AMBIDDY-1 simply declared the charge to be unfounded. Adelaida did know Carlos CANTILLO Gonzalez who was an old friend of the family. She also had met ex-President JIMENEZ, but nothing of a compromising nature had ensued.

4. When asked whether it was true that Adelaida had introduced him to several prominent Venezuelans, he denied this and stated that introductions had been made by Silvia GARCIA, a trusted childhood friend of AMBIDDY-1.

SECRET

5. Our query why Adelaida, if she had AMBIDDY-1's interests at heart, appeared to have qualms about owning up in respect to past events, was parried by AMBIDDY-1 by claiming that Adelaida was of course aware of all these rumors and had warned him of possible political embarrassment.

6. Evaluating UFGA 16512 on the basis of our talk with AMBIDDY-1, we conclude that its main source has a high batting average. At least there appears to be a hard core of truth to practically all allegations made, to the extent we were able to check them out. We would venture the guess that, despite his protestations to the contrary, AMBIDDY-1 is quite conversant with Adelaida's past history, but can see no practical gain in so telling us. He may reason that an avowal of intent to marry a woman whose antecedents are in fact as described, would seriously blemish his image and that by pleading ignorance now he can, if things should get out of control, always strike a pose of injured innocence and elicit a "here but for the Grace of God go I" reaction from his PBPRIME associates.

7. Agreement that all interested parties would benefit by moving Adelaida's abode from the WAVE area to Nicaragua was reached on the basis of AMBIDDY-1's acceptance of our flat statement that we view Adelaida as a potential hazard to AMWORLD's and KUBARK's security. We based this reasoning upon numerous indications that Adelaida had become all but completely privy to everything that was going on in AMWORLD and that her discretion left a great deal to be desired. We drew no denial from AMBIDDY-1 when stating that Adelaida had become witting of the WAVE training course for AMBIDDY-1 and that she presumably knew about KUBARK support for AMWORLD. We referred to Adelaida's lesbian associates, without stating that we suspected her of holding charter membership in that sorority. We mentioned by name Aida PEREZ and Lucia CARO. When the latter was labelled by us a lesbian believed to be in Adelaida's complete confidence, AMBIDDY-1 evinced surprise and for reasons difficult to fathom almost dismay. We concluded by stressing the importance of breaking up Adelaida's circle of associates and confidants as an indispensable prerequisite for containing the threat her access to information we consider classified represents and asked AMBIDDY-1 to make sure that no member of this group would follow her to Nicaragua.

SECRET

8. We made no attempt, which in any case would have been vain, to break up the relationship between AMBIDDY-1 and Adelaida. We apologized to him for involving ourselves in matters of a private and intimate nature which unfortunately were beginning to impinge upon ODYOKE security interests. AMBIDDY-1 in turn made it clear that he thinks he is in love and that separation is not in the cards. We dropped the issue by assuring AMBIDDY-1 that the day would come when things could be seen in better perspective and that he could depend on us not to gloat or remind him that we had told him so.

9. We mentioned offhand that we assumed that Adelaida had all the papers necessary to effect her departure from PBPRIME. AMBIDDY-1 replied that she had not been able yet to get the necessary papers. We simply commented that she should ask for them.

REFS: A. UFGA 16512, 15 June 1964
B. DIR 31528

1. Chief, WH requests that an investigation of the truth of some of the allegations made in Ref A report be held in abeyance pending determination whether Subject in fact has decided to leave PBPRIME for Nicaragua.

2. Headquarters continues to be interested in additional data regarding the house in the WAVE area which AMBIDDY-1 intends to purchase in the name of Nilo Messer.

3. If it should turn out that the conditions described in Ref report are not drastically remedied and continue to pose a festering threat to the security of AMWORLD, your Station may have to be requested to investigate. In the meanwhile, we are hopeful that Subject's removal from the WAVE area will serve to attenuate this bad situation.

4. Thanks to Ref A report, we were able (without going into too much sordid detail) to put AMBIDDY-1 on notice that we view his association with Subject in the WAVE area as a potential threat to AMWORLD's and KUBARK's security and that the political scandal potential of the existing situation is equally formidable. We consequently fell in with AMBIDDY-1's suggestion, made during the latest meeting in Panama City, that he move the center of his illicit affair to Managua where it would be easier to contain unpleasant repercussions than in the WAVE area. We urged AMBIDDY-1, and he promised to heed our advice, that he not permit Subject to take along to Nicaragua members of her present entourage, singling out Identity C of Ref A as a particular case in point.

5. It should be stressed that AMBIDDY-1 is unwavering in his (real or feigned) conviction that Subject is pure as driven snow and badly maligned and that he has a ready explanation for every "rumor." It would have been unwise to attempt coercing him into discontinuing his affair with Subject and most likely he would not have yielded to any pressures. Hence, we had no choice but to settle for the proposed move to Nicaragua which represents a palliative at best.

Debriefing of Russell H. Sambora in Wash., D.C. 16 June 1964

SUBJECT: DMJM Engineers

Sambora reported he met with AMBIDDY/1 at the Miami airport on 5 June 1964 for a brief discussion of organizational changes. After their talk, A/1 requested Sambora accompany him to the airport hotel to act as interpreter with an American engineer (possibly DMJM). Sambora did not recall the name of the engineer but that the engineer had stated the airstrip in Nicaragua would cost somewhere in the vicinity of a million dollars. According to Sambora, A/1 simply listened to the proposal and said he would take the matter under advisement.

AMWORLD Meeting in Miami, 28 June 1964

SUBJECT: Photographs of Adelaida Padron

1. During a lull in the meeting I took AMBIDDY-1 aside (as instructed) and told him it would be best for all concerned to take Adelaida out of PBPRIME as he had suggested. I mentioned to him there is a growing number of reports on Adelaida finding their way to Washington, making it increasingly difficult for us to protect his rear.

2. I then casually mentioned to him that we had received some obscene photographs which have caused us to do some fast talking with "some people in Washington" that are beginning to have some misgivings about AMBIDDY-1 (actually this story is notional).

3. I noticed the remark concerning the photographs upset AMBIDDY-1. "Do you mean immoral pictures, Martin?" AMBIDDY-1 inquired. I nodded and to avoid his asking further questions about the pictures, I reminded him of his promise that Lucia Cano, Natacha d'Angelo (AMBIDDY-1 denied knowing her) and Aida Perez Pozo would not follow Adelaida to Nicaragua.

4. During the rest of the meeting AMBIDDY-1 appeared to be somewhat dejected and preoccupied. It is the opinion of the CO's attending the meeting that this was attributed to the remarks made concerning the existence of these photographs.

5. As the meeting was about to end, AMBIDDY-1 asked me again, "Do you really have some immoral pictures of her (Adelaida), Martin?" Again I said "Yes." These photographs had come into our possession plus much more

information that we had not divulged to him. AMBIDDY-1 then inquired if he could see the photographs. I replied that it was our feeling that it would serve no useful purpose other than to satisfy his own curiosity. Inasmuch as he had promised to take Adelaida out of the country, there was no sense in rubbing salt into the wound. Furthermore, we did not wish to reveal our sources to AMBIDDY-1. Lastly, both he and I know that photographs could be fabricated and we did not want to be falsely accused of doing just this. AMBIDDY-1 again asked that I inform BECKHOFF that he is interested in seeing the pictures. In order to drop the entire subject, I promised AMBIDDY-1 I would pass the message to BECKHOFF.

6. BECKHOFF believes that this (notional) intervention jarred AMBIDDY-1 out of his complacent assumption that we lack substantial information to back up our claim that Adelaida's immoralities are more than unprovable rumors. Also, hopefully, he may now have been put on guard and may take adequate precautions against blackmail of himself or Adelaida which we consider a major threat to the security of AMWORLD. If in future meetings AMBIDDY-1 should revert to the existence of these photographs, it may be best to state that they were promptly destroyed but that their also being in the possession of potential blackmailers can never be ruled out. AMBIDDY-1 should be reminded of his assurance to alert us immediately if such blackmail attempts are made since he may need our help in warding them off. He has our assurance that we would not use the cropping up of such difficulties to remind him of his failure to heed our warnings.

AMWORLD Meeting in Miami, 28 June 1964

SUBJECT: AMBIDDY-1's Dream House and Personal Finances

1. Without impugning AMBIDDY-1's right to purchase a home we advised him that many derogatory reports have reached our ears concerning his purchase of a home and for this reason only we wanted to get the record straight and thereby be in a better position to combat malicious rumors. A-1 said he understood and it was evident A-1 did not take it (the inquiry) as a personal affront. During a break in the meeting A-1 went home to obtain the necessary data on the house. Within a few hours A-1 returned with the information plus a blueprint of the house.

2. A-1 stated the only house he owns is the one in which he and Adelaida are now residing. This house is located at 1270 N. E. 85 Street, Miami, Florida. The original downpayment was $6,500. The monthly payment on the house is $230. The funds for the downpayment were obtained from:

a. His own personal bank account ($4,000).

b. Adelaida contributed money she had received from an automobile accident ($1,000).

c. The balance was borrowed from Sixto Mesa ($1,500).

A-1 added that the money borrowed from Adelaida and Mesa was paid back to them. According to A-1 the house is valued at $35,000. A-1 was asked why the house was not registered in his name. A-1 replied this was done to prevent rumors from starting as to where he had gotten the money. For this reason the house is registered in the name of Antonio Sanz (A-1's bodyguard). As soon as Adelaida departs for Nicaragua, A-1 intends to lease the house to Sanz for $130 a month.

3. Without being asked A-1 stated he wanted to clarify his financial situation since his return from prison. A-1 reported he has earned $4,500 from the sale of Marchas de Guerra y Cantos de Presidio; from the sale of the book Bay of Pigs he has so far earned $4,300 in royalties of which $1,000 has been sent to the underground in Cuba. His personal bank account at present totals $1,700. A-1 also maintains he has no other bank account in any other country.

4. We again mentioned to A-1 that our sole purpose was to hear the facts from him to prevent the waggling of idle tongues.

AMWORLD Meeting in New Orleans, 24 June 1964

SUBJECT: AMYUM-19 or Nice Guys Finish Last

1. HQS conclusion that AMWORLD interests would best be served by not opposing the termination of liaison contacts with AMYUM-19 was prompted by some of the following considerations:

a. AMBIDDY-1's obvious displeasure with the existing relationship, as evidenced by his rather pointed observations about the corrupting effects of such contacts on subordinate levels. The fact that such contacts provide KUBARK with a certain insight into those AMWORLD affairs which AMBIDDY-1 prefers to keep secret is obviously a factor, but not an overriding one. What really worries AMBIDDY-1 is--he claims--that factionalism draws sustenance from working level liaison between Cubans and Americans except in those rare instances where the loyalty of the Cuban representative is beyond cavil.

b. AMBIDDY-1's lack of confidence in AMYUM-19's loyalty. HQS position has been all along that AMBIDDY-1 is the sole judge of who among his co-workers merit trust and who doesn't. To dispute his judgment would entangle KUBARK into intra-AMWORLD power politics with no adequate basis for intelligent judgment. Either we reserve ourselves the right of co-determination on all personnel action or on none. AMWORLD groundrules are unambiguous on that score. We do not become involved except in those instances where our opinions are specifically elicited, as in the field of background checks which only by inference bear upon the issue of loyalty to AMBIDDY-1. In sum, once AMBIDDY-1 withdraws his confidence from a co-worker we have no leg to stand on in persisting that we have the right to consider that particular individual our chosen instrument in the field of liaison.

c. AMYUM-19's dual role as a ranking functionary of AMWORLD and the Number Two Man in AMYUM. Since we have reason for believing that a dichotomy has been opening up between AMWORLD and AMYUM's old guard (to

SECRET

which AMYUM-19 belongs), liaison with AMWORLD conducted through AMYUM-19 ipso facto involves KUBARK in factional strife. We recall that some of the major troubles besetting the action mechanism prior Playa Giron stemmed from the interference of political commissars. Without derogating from the importance of the ideological component in the struggle against AMTHUG, in any showdown between the military command and the political functionary corps, it behooves us to range KUBARK alongside the former unless the points at issue manifestly implicate PBPRIME security. Under AMWORLD groundrules KUBARK supports AMBIDDY-1 as the commander of an unconventional warfare instrument, not an exile organization, let alone the ideology and aspirations which animate it.

d. The AMYUM opposition group represented by AMYUM-19 clearly desires a share in the decision-making processes which KUBARK has entrusted to AMBIDDY-1. While they pay lip service to the principle of non-interference in purely military affairs, in the final analysis it would be impossible to keep the two aspects apart. Any concessions on KUBARK's part to the pretensions of the AMYUM opposition would confront KUBARK with intangibles in the form of occult pressures brought to bear upon AMBIDDY-1 whose impact we could not possibly gauge or control.

e. AMYUM dissidence flourishes in the WAVE area, whereas AMWORLD's center of gravity rests in Central America. Unless AMBIDDY-1's stewardship is unimpeded by AMYUM factionalism, AMWORLD's performance is bound to suffer since AMBIDDY-1's preoccupations will always retain a focus on his WAVE area backyard.

f. The impression that AMWORLD may be disintegrating is fed by intel which essentially reflects WAVE area backstage maneuverings in the political sphere, not the situation in the camps about which we are, as a matter of fact, relatively uninformed. By striving to insulate AMWORLD against the vagaries of WAVE area bickering and strife, the AMWORLD picture is bound to move into clearer focus and any shortcomings for which AMBIDDY-1 should be called to account can no longer be blamed upon the debilitating effects of AMYUM intrigue and--most important--cannot possibly be blamed upon KUBARK once its links with AMYUM-19 have been severed.

SECRET

g. An emasculated political apparatus in the WAVE area will deprive AMBIDDY-1 of all excuse to divide his time between Central America (where he belongs) and the WAVE area.

h. The tawdry aftermath of the ZENON II raid can justly be blamed if not on AMYUM, at least on AMBIDDY-1's political representation in the WAVE area. With that representation effectively eliminated, one of the main sources of ODYOKE discomfiture will have been effectively dislocated. Impending changes should at least eliminate the AMYUM press and intel sections.

i. Should there be further unpleasantness in the WAVE area, KUBARK will, once contacts with AMYUM-19 have ceased, have a base for plausible denial of responsibility for not preventing it.

j. If we are to believe certain not altogether unbiased reports, AMBIDDY-1, through his mistress Adelaida PADRON, has become linked with the exile demi-monde which moves on the fringes of common crime and which is closely intertwined with the remnants of Batista's regime. While AMYUM, and particularly AMYUM-19, may to some extent serve to counteract and slow down these trends, they are obviously unable to halt them entirely. Hence, what little benefit we could have derived from a tie-in between AMYUM and AMWORLD has not been forthcoming. Short of an enduring political compromise between conflicting viewpoints, which we don't consider within the realm of practical politics, <u>any</u> solution which keeps AMBIDDY-1 out of the WAVE area and close to his command post, serves AMWORLD and hence KUBARK interests.

k. AMWORLD in WAVE area had become a breeding ground for rumors and beyond reasonable doubt a valuable source of classified information for AMTHUG's agents. By placing AMBIDDY-1 and his pals out of reach, PBRUMEN's I. S. may be forced to base a major collection effort on Nicaragua which won't be easy.

2. AMYUM-19 is a "nice guy," personally prepossessing and basically honorable. He evidently and in full measure shares PBRUMEN propensity for political intrigue and fractionalization. He is intensely preoccupied with ideological issues and is unwilling to accept the absolute primacy of overthrowing AMTHUG to which, at least at this rather hopeless stage of the

struggle, most ideological reservations ought be subordinated. Regarding this fundamental issue he and KUBARK may be at odds. In serving as our principal working level liaison contact, he has not resisted the temptation to try parlaying it into political power vis-a-vis AMBIDDY-1, a fact that has obviously not escaped AMBIDDY-1's notice. Without impugning AMYUM-19's good faith, we have reason for believing that on occasion he has conveyed our views in the garb of KUBARK criticism of AMBIDDY-1's capabilities, e.g., as a paramilitary planner and, it appears, has left AMBIDDY-1 with the completely erroneous impression that we were taking sides in the factional dispute involving AMYUM, in essence backing AMYUM-19 against AMBIDDY-1. In advising AMBIDDY-1 on the pros and cons of dismissing SAMBORA (P), AMYUM-19 told AMBIDDY-1 that dismissal would in all probability spell a break with KUBARK which he must have known and of which he was subsequently reminded, ran completely counter to KUBARK's oft stated position that personnel matters are in AMBIDDY-1's hands. By implication, at least, he may have reinforced AMBIDDY-1's suspicions that SAMBORA was linked with KUBARK. Apparently AMBIDDY-1 has not been unduly influenced by AMYUM-19's continuous harping on the threat posed by AMBANG-1 (AMYUM-19 was never shaken in his conviction that AMBANG-1 receives KUBARK support). Another bete noire has now reared its ugly head in the person of Oliva.

3. AMYUM-19's ideological preoccupations have seriously detracted from his performance as a liaison contact. As a de facto penetration of AMYUM and as a source of personality information he has done well by KUBARK. Thanks to him KUBARK undoubtedly now has a much clearer understanding of the interlock between AMWORLD and AMYUM, although we shall have to observe the course of events before accepting AMYUM-19's premise that they are Siamese twins who if surgically separated will hemorrhage to death. We owe him a debt of gratitude to have alerted us to the impending rift and to have enabled us to arrive at the only possible decision, i.e., to throw the full weight of KUBARK's support behind AMBIDDY-1. Through him we have also learned a great deal bout AMBIDDY-1's salient characteristics as a leader, of course making due allowance for a subtle injection of AMYUM-19's venom. In fairness to AMBIDDY-1 it should be stated that some of the characteristics to which AMYUM-19 takes most violent exception, even if they are ingrained, have been inculcated into AMBIDDY-1 by KUBARK. Since the inception of the program, we have urged AMBIDDY-1 to place himself in unchallengeable control of the paramilitary apparatus and not allow political considerations to intrude upon the conduct of AMWORLD affairs. Any mismanagement

therefore ought not be blamed upon authoritarianism (without which AMWORLD cannot conceivably prosper) but upon a leadership gap in AMBIDDY-1's personality makeup which even "democratic centralism" couldn't correct or cure.

4. In assessing the prospective consequences of a cessation of contact between AMYUM-19 and KUBARK, we shall have to take into account that he is fully cognizant of the fact that KUBARK supports AMWORLD. The relationship that has existed heretofore is known to him in all its facets.

a. Under assumed names, the following KUBARK reps are known to him:

Bobbie Hernandez	Desmond FitzGerald
Raul Hernandez	Henry Heckshor
Carl Jenkins	Richard Beal
Karl Rohrer	James Smith

b. AMYUM-19 has intimate knowledge of AMWORLD funding arrangements, i.e., amounts, identity of bank accounts both Swiss and New York, and related information. Unless we receive unmistakeable indications that AMYUM-19 is on the warpath against AMWORLD and KUBARK, a change in these arrangements does not appear indicated. Nor can we see any merit in dismantling AMWORLD's logistic infrastructure of which AMYUM-19 has full knowledge .

c. He knows the following individuals and may suspect that they are somehow linked with KUBARK:

Russell H. SAMBORA (P)
Peter C. KNITTEL (P)

d. Telephone numbers which were issued to AMYUM-19 are in the process of being discontinued.

e. AMYUM-19 knows the location of the following KUBARK installations and accommodation addresses (which will be given up or changed:

Maryland safehouse.
Lastra P. O. Box

5. Whether or not AMYUM-19 in an attempt to avenge imagined slights by KUBARK (such as the abrupt termination of the existing relationship without farewell) by divulging

what he knows to unauthorised persons, is difficult to assay. Should he in honest conviction reach the conclusion that he was shunted aside because KUBARK considered him an obstacle to establishing full sway over AMWORLD, he could easily rationalize a betrayal. Other "ideological" considerations could be adduced by him to justify actively opposing KUBARK. Whatever he may do along those lines would not be through inadvertence but by design. We have weighed and discarded the possibility of neutralizing him through recruitment. This would not work if our reading of his personality is correct. We can think of a number of deterrents, out of KUBARK's reach, which will probably make him think twice before throwing down the gauntlet. To provoke the enmity of both AMBIDDY-1 and KUBARK would be an act of defiance of which we consider AMYUM-19 incapable. Besides, AMYUM-19 strikes us as an individual imbued with a sense of basic decency and of Christian morality.

6. In balance we doubt whether AMYUM-19 is going to pose a major threat to the security of AMWORLD. In any case, HQS decision to accede to AMBIDDY-1's desires on working level liaison, even if it entails a rupture in relations with AMYUM-19, was made in full awareness of the fact that he could cause trouble and inflict damage if this be his intent. Should this come to pass, however, it would be unfair to shift the entire blame onto AMBIDDY-1. While we can hardly applaud the glaring lack of political acumen AMBIDDY-1 has displayed in this whole affair, while his motives in dispensing with AMYUM-19's services may not be entirely honorable, and while MOLE, his main source on the AMYUM cabal, is self serving and questionable to put it mildly, the fact remains that the final decision was KUBARK's as much as it was AMBIDDY-1's.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation Between AMBIDDY-1 and Martin Ferrer

DATE : 22 June 1964 at 1130 hours

1. AMBIDDY-1, sounding somewhat tired and with a bad cold, mentioned that he would like to advance the date of the meeting to 23 June 1964. A-1 advised there are some administrative matters which have to be resolved in Managua and other problems in Miami that he would like to discuss with "Enrique". A-1 then intends to return to Miami.

2. In that case A-1 was notified that we (Henry and Martin) would hold the meeting with him on 23 June 1964 and that Carl could talk with him and AMJAVA-4 on the morning of 24 June. A-1 was advised that this is a routine meeting in which many items would be discussed, e.g., the Miami reorganization that A-1 had mentioned. There was nothing of a critical nature.

3. The ADELAIDA arrived in Monkey Point as they were leaving for the States (21 June).

4. A-1 inquired if there were any outstanding problems. Martin evasively replied that he preferred not to discuss it over the phone. A-1 then asked if we intended to discuss A-19 and "his friends". The undersigned mentioned we would be disposed to talking about anything which A-1 feels is important.

5. A-1 stated he expects to leave for Central America by the end of next week.

IDEN A said the following to source regarding the attack against Pilón: "'Tuti' (pet name by which IDEN A calls A-1) and I spent four ... the ... locked up planning the Pilón attack, but the ... Americans ... changed the date because they suspected I ... ...y."

IDEN A told source A-1 was willing to give up everything and ... from everything to marry her.

Source further reports that an article was published in Rolando MASFERRER Rojas' newspaper in New York announcing IDEN A's marriage to A-1, although her name was mistakenly given as [redacted] RODRIGUEZ (see attached photostatic copy of this clipping). That this article caused ... in the house and greatly scared A-1 and IDEN A.

IDEN A told source that A-1 had sent for a copy of the newspaper from New York to see what the article said. Then source told she over the phone that she (source) had the newspaper and she then asked source to read the article to her over the phone. Source did this while A-1 was listening in silence through an extension phone.

After hearing what the article said, A-1 asked source whether she thought that harmed him, and source replied that it did. A-1 complained to source about all that had happened, and admitted buying the house and the high cost of decorating the house by Mode...nage.

[IDEN A] told source that one time [A-1] had called her from Caracas, Venezuela, telling her that he could barely speak because he was hoarse from talking to all wealthy Venezuelans asking them to give money for the Cuban cause.

1. We advised SAMBORA at a Washington meeting with him, 16 June 1964, that from the way things look to us he had painted himself into a corner from which he could not extricate himself. Another error was to have permitted someone like MOLE to block his path to the AMWORLD hierarchy. This in retrospect, however, is all water over the dam.

2. If SAMBORA is to perform his functions as we first conceived them he should go to AMBIDDY-1 and arrive at a new understanding. SAMBORA was informed that we intend to meet AMBIDDY-1 before SAMBORA returns to Miami. At this meeting we intend to state in no uncertain terms that the security of the organization is in a deplorable condition. This perhaps may have the effect of placing SAMBORA in a more favorable bargaining position.

3. We counseled SAMBORA to negotiate a hard contract which would encompass at least the following terms:

a. He would not work under nor be responsible to MOLE but only to the highest echelons of AMWORLD hierarchy.

b. Full access to all files, bases, information needed to perform a professional job.

c. The complete and unhesitating support of AMBIDDY-1 in all security matters.

If Am1 is unwilling to accept these terms or offers any restrictions or conditions SAMBORA has our permission to turn in his badge and bid AMBIDDY-1 a fond adieu.

1. The following AMOT report concerning the not-so-private affairs of AMBIDDY/1 and his fiancee may be of interest to BECKHOFF. According to AMYUM/19, AMBIDDY/1 intends to formalize his relationship with Iden B sometime within the next few months. The marriage will probably take place in Latin America and Iden B will make her home there to avoid a public scandal which would have a harmful effect on the AMYUM organization. Attention is called to paragraphs 14, 17, and 26 which answer, in part, some of the questions raised in ref dispatch concerning ODYOKE involvement in AMWORLD. The Station has forwarded reports of this nature which concern claims by members of the Cuban exile community of KUBARK sponsorship of AMBIDDY/1. Of the specifics cited by the Cuban, intelligent or otherwise, to support their allegations those statements attributed to the AMWORLD principals themselves appear to be the only ones which can make a claim to "knowledge" as opposed to conviction based on AMWORLD's affluence. To date no tangible evidence of KUBARK involvement with AMWORLD has come to our attention.

2. Source: Iden A.

Source states that she has known AMBIDDY/1 since they were children in Esmeralda municipal term, Camaguey province, from where both of them come originally. Source further states she is also a close friend of Iden B, who is now AMBIDDY/1's mistress and a homosexual like source (according to source's statements).

3. Iden B was Fulgencio BATISTA Zaldivar's mistress in Cuba for about 8 years, and she claims her 5 year old son is BATISTA's son. Iden B met BATISTA through Carlos CANTILLO Gonzalez. When Iden B was BATISTA's mistress she was married to Iden C, who is now in Miami also and has a very bad moral reputation. On various occasions Iden B has received money from BATISTA, always through Orlando*PIEDRA Negueruela. The last money which she received, $200.00, was when she was already living with AMBIDDY/1. Iden B has many friends among MASFERRER's people and is a very close friend of the wife of Enrique MASFERRER Rojas. According to source, AMBIDDY/1 has had various meetings with Orlando PIEDRA Negueruela. Quite some time ago (source doesn't remember exact date). AMWORLD/2 raised $10,000 for AMBIDDY/1 from among "batistianos." AMWORLD/2 and Orlando PIEDRA owned a gasoline firm called "Reca", and at present AMWORLD/2 is still on very good terms with PIEDRA Negueruela.

4. Iden B used to "pose" with her sister, Iden D, to please BATISTA and in the presence and with the approval of her husband, Iden C. Iden B is a very close friend of*"Flor de Loto", Tete *MACHADO, Aida*PEREZ Pozo, a woman called Pat (La Americana) and Natacha*D'ANGELO, all known homosexuals who hold "posing" parties now in Miami like they used to in Cuba. One time when AMBIDDY/1 went to "Flor de Loto's" house he met Iden A.

5. According to source, Iden B was also the mistress of Marcos PEREZ Jimenez, former dictator of Venezuela. Iden B met PEREZ Jimenez through Colonel Pulido*BARRETO who was a friend of PEREZ Jimenez. Pulido BARRETO put Iden B in contact with an individual named PELAEZ, a narcotics trafficker according to source, who introduced her to PEREZ Jimenez. Since then Iden B lived with PEREZ Jimenez for about a year, and every time PEREZ Jimenez visited her he gave her $100.00 for the "visit".

6. Iden B was also the mistress of Pedro*SUAREZ (mat. unk.), former Councilman of Marianao municipal term, Havana province. According to source, Pedro SUAREZ was Iden B's lover here in Miami. One time Pedro SUAREZ took Iden B to see a "witch" mulatto who lives in Miami, who is also Rolando MASFERRER's "witch", according to source. Pedro SUAREZ wanted to control Iden B through this "witch", but she came to an agreement with the "witch" so that the "witch" would write a letter to BATISTA to make him send a large sum of money to her. When Pedro SUAREZ learned about this, he beat up the "witch" and denounced her to the Cuban Refugee Center. According to source, Iden B has another lover named "Chicho"*CARDENAS (mat. unk.), who is now Public Works Minister in the Republic of Panama.

7. AMBIDDY/1 talked to Iden C and asked his help in organizing the AMYUM Intelligence Section. For this objective he gave Iden C a sum of money to begin working. In the month of March or April 1963, Iden B filed a divorce suit against her husband.

8. In the same month of March or April 1963, source received a check for $300.00 from Raul GRANDA Hernandez in behalf of AMBIDDY/1, so that Iden B could pay for her divorce. Raul GRANDA lives with Iden B's sister. Iden C was tried for having a stolen knife from a grocery store in his possession, and he was sentenced to pay a $150.00 fine.

9. Source further states that in view of the fact she (source) has many friends who like "poses", she was able to introduce to AMBIDDY/1 some important Venezuelans including Colonel Pulido BARRETO, Carlos SISO (mat. unk.) and Osvaldo * BAJARES (Venezuelan economist). Source states that, at AMBIDDY/1's request, three meetings were held with those individuals in source's house. According to AMBIDDY/1 the objective of the meetings was to get support for his plans, and the objective of the Venezuelans was to overthrow Romulo BETANCOURT, and they were allied to the National Liberation Armed Forces (FALN). The conversations revolved around CASTRO Leon. The Venezuelans believed they could make a pact with the Communists and later eliminate them. At that time various members of FALN came to Miami (source doesn't remember when). AMBIDDY/1 assured the Venezuelans he could influence GPFOCUS and KUBARK to get support for their cause.

Carlos SISO told source he distrusted AMBIDDY/1 and believed he was a KUBARK penetration to learn all their plans. SISO also told source that when Osvaldo BAJARES returned to Venezuela he had been arrested, and SISO believed AMBIDDY/1 had denounced BAJARES. In the last meeting, SISO told source that he was going to put AMBIDDY/1 to a test. SISO asked him "whether it was true he had gone to Haiti on an official mission as an ODYOKE envoy." AMBIDDY/1 was very surprised and said he had, but insisted in SISO telling him how he had learned that. The meetings with the groups of Venezuelans stopped since that time.

After these happenings, AMBIDDY/1 informed source he had written a report to the Americans about the Venezuelan problem, and that he had treated Rafael CALDERAS very well in this report because CALDERAS had given him financial assistance.

10. AMBIDDY/1 showed source an unbound book and told her this was the most important book ODYOKE had because it contained military secrets which were known to a very few people. AMBIDDY/1 boasted of being one of the few men in the U. S., who had that document. Source leafed through the book and saw some weapons, noticing that some of those weapons were marked. AMBIDDY/1 explained that those marked weapons are the ones which AMTHUG/1 has in his possession.

11. Source further reports that on various occasions, in private conversation which AMBIDDY/1 had with Iden B, Iden B and source, he said that when he seizes power in Cuba he is going to organize guerrillas to invade Mexico and other countries which have denied help to Cuba. According to source, AMBIDDY/1 is convinced he will be President and Iden B, First Lady.

When AMBIDDY/1 talks of the 1940 Constitution he says it must be defended publicly and respected as something sacred, but in private he has said that when he seizes power he is going to use every page of the Constitution as toilet paper.

12. Source heard AMBIDDY/1 talk about a book which had been published which strongly accused KUBARK, and say that he, Iden E, and Iden F had furnished all the data for this book and would receive about $8,000.00 as their share of the sale profits.

13. One time AMBIDDY/1, Iden B and source had a meeting and discussed who should be the pilot of his private aircraft. Iden B proposed a pilot named ALEXANDER (according to source, ALEXANDER had relations with Iden B,) but AMBIDDY/1 opposed this and complained that the PBPRIMERS forced him to select the personnel.

14. About 7 months ago (on or about Nov. 63), AMBIDDY/1 told Iden B and source that he was going to receive a secret training course under PBPRIME direction. AMBIDDY/1 used to leave every day at 6 AM and come back at night. According to source, the course lasted 6 weeks and most of the times Iden B used to drive AMBIDDY/1 in an automobile to a place in Coral Gables where the course was being given. Every time AMBIDDY/1 returned from the course he talked about the things he had learned and talked about secret writing, codes, of some pens with a substance which could kill instantaneously, about sabotage methods, etc., etc.

15. AMBIDDY/1 frequently spends long hours at night in his house making up accounts to justify expenses.

16. After Iden B's divorce, AMBIDDY/1 moved with her to 881 NE 71st Street. AMBIDDY/1 talks constantly in the house where he lives with her about his future plans, about the single party, about the dictatorship which has to be imposed in Cuba, etc. AMBIDDY/1 often puts on a uniform, poses in front of the mirror an talks about invasion.

WAVE Comment: This is one of several recent reports concerning statements attributed to AMBIDDY/1 in which he has spoken of the need for a strongman to run Cuba. AMSHADY/1 reports that on 10 June Aurelio MARIN Naredo (one of approximately 30 AMWORLDERS recently arrived from the camps) states that AMBIDDY/1 appeared at the training camps, took a dictatorial position on a number of issues terminating with the statements to the effect that he was the only one to liberate Cuba, he was the only one to run it later, and that there would be no voting and no elections. MARIN objected, stating that he had joined a revolutionary group, not a dictatorship, and along with other trainees requested to return to the WAVE area. According to AMSHADY/1 when the trainees arrived and went to the AMYUM offices to receive their final check AMJAVA/4 refused, a fight ensued and AMYUM/19 had to intervene. MARIN characterized AMBIDDY/1 as deceitful, liar, coward, demagogu dictator, power mad, a flagrant opportunist who cannot be trusted, etc. Realizing that AMSHADY/1 is strongly prejudiced against AMBIDDY/1 this comment is forwarded for what it is worth. AMYUM/1 has confirmed the incident at the AMYUM office and states that, whether or not it is justified, there is a considerable number of AMWORLDERS who hold similar views now and who attribute statements to AMBIDDY/1 which are inconsistent with his previous public statements.

17. At the time of President KENNEDY's death, source asked AMBIDDY/1 whether this would harm him and he replied smiling that it did not, that now he was receiving more aid than before. AMBIDDY/1 told source that he had received a card from Mrs. Jacqueline KENNEDY in reply to the condolences which he had sent her, and a card written by Bob KENNEDY with greetings.

18. According to source, AMBIDDY/1 has just given Iden B a fabulous residence in Miami. According to Iden B, the residence is in the name of AMWORLD/2, but they wrote another document specifying that the house belongs to her. Iden B told source that AMBIDDY/1 had made a down payment of $8,000.00 and paid $300.00 a month. Source also reports that AMBIDDY/1 has given to AMWORLD/2

documents, valuables and jewelry which AMWORLD/2 keeps in a safety deposit box.

WAVE Comment: The Station is investigating these rumors of an alleged love nest being built for Iden B. AMYUM/19 claims that he is unaware of any validity to the rumor.

19. At present, Iden B lives with her two sons, AMBIDDY/1 and a maid named Iden G who is also a homosexual. This Iden G has brothers in Cuba who are militiamen and she corresponds with them. Iden G's husband is known as "El Gallego", and he is now in the training camps. Iden G has been a friend of Iden B for many years, and is the one who used to accompany her to her dates with BATISTA. According to source, Iden G knows too much about Iden B and is the one who really directs her.

20. Source further reports that the current AMYUM Chief of Intelligence, Iden H, is married to a woman named Iden I, who practices prostitution. AMBIDDY/1 has ordered the Intelligence Chief to collect information on Iden B, but all the reports he submits on her are good because the AMYUM Intelligence Chief is an unconditional supporter of Iden B. One time the AMYUM Intelligence Chief hit an AMYUM member because he made unfavorable comments about Iden B.

21. Source learned from Iden B that Juan AMADOR Rodriguez is one of the newspapermen in exile who receive money from AMBIDDY/1. Iden B also told source that the articles and declarations made by Iden J are written by Iden K.

22. Source further reports she learned AMBIDDY/1 had difficulties with the ERACORN brothers because Hugo ELIAS Martinez, stationed in one of the encampments, brought contraband whiskey into Nicaragua and this angered the ERACORN brothers. Source also learned that an individual named Raul LEAL Garcia deserted from the encampments together with 21 men. This Raul LEAL is now living in marital relations with Martha BRAVO, a very close friend of Iden D.

23. Source 2: Iden L

Both Iden B and her sister Iden D are homosexuals. Iden C works at the Eden Rock in Miami Beach and lives with a Miami Beach gangster in addition to practicing prostitution. Iden M is an accountant, is registered in the Association of Cuban Accountants in Exile and works on Miami Beach.

24. According to source, Iden B was Fulgencio BATISTA Zaldivar's mistress and had a son by him. In order to avoid trouble in this affair, BATISTA married her off to Iden C, a member of the Constitutional Army with a terrible moral reputation.

Iden B used to "pose" with her sister to please her lover BATISTA and her husband. Afterwards, Iden C continued to exploit Iden B with this "posing".

When Iden B arrived in the U. S., (source does not remember date) she became the mistress of former Venezuelan President Marcos PEREZ Jimenez, and later the mistress of Pedro SUAREZ, a former Marianao Councilman. SUAREZ gave Iden B an automobile for which he made the down payment and paid some installments until he quarreled with her. AMBIDDY/1 finished paying for this automobile.

25. Source further reports that Iden B had homosexual relations with Iden A (source #1). In turn, this Iden A also has homosexual relations with a known homosexual named Iden G, aka "Campeona", who lives with Iden B and AMBIDDY/1.

According to source, this group of "ladies" used to meet with Olga*GUILLOT Vidal both in Cuba and here in Miami to hold "parties". One of Iden B's friends is Aida PEREZ Pozo, aka "La Gorda", who together with Pat (aka "La Americana") are partners of a man called "Chucho" who is in jail on charges of narcotics trafficking in which he was recently surprised.

Source states that she is well acquainted with Iden B's intimate affairs because she knew her in Cuba and lived in her house here in Miami for one year.

26. Source 3: AMCRAG/1

On 17 May 1964, Francisco TABERNILLA Palmero talked to AMWORM/1 and told him KUBARK was investigating the private lives of AMBIDDY/1 and Iden B, because it seems it is feared AMBIDDY/1 is being infiltrated by "batistiano" elements.

The investigation that is being made of AMBIDDY/1 is quite publicly known in Miami.

MEMORANDUM FOR: Chief, Western Hemisphere Division

VIA : Deputy Chief, WH (Special Affairs)

SUBJECT : AMWORLD--Review of Deficiencies

1. A meeting with AMBIDDY-1 has been called for weekend of 27 June in order to review certain deficiencies in AMWORLD management and, in this context, convey to AMBIDDY-1 expressions of Chief, WH's serious concern over manifestations of insufficient leadership in giving direction to and exercising supervision over the AMWORLD effort and the personnel assigned to it.

2. In reviewing events of the preceding twelve months, it will be possible to balance praise and stricture. What has happened, it appears, is that after a flying start, the project is beginning to feel the effects of a devolution of CIA controls and that deficiencies in the quality of AMBIDDY-1's leadership now appear in more striking relief.

3. In relating to AMBIDDY-1 our views regarding the state of AMWORLD affairs, we propose to dwell on following aspects:

a. Management Slippages, carrying over into the field of finances. Still no capable administrator. No indications disbursement of funds subjected to controls other than requiring receipts. Doubts whether any kind of budgetting still being enforced since we converted to straight and fixed subsidizing. Faint odor of corruption.

b. Quality of Personnel. Leadership bracket poorly staffed. Since program's inception, recruitment drive

above field grade level either at standstill or unavailing. Why is it good people do not flock to AMWORLD's colors, especially after Pilon? Among reasons most frequently mentioned, AMBIDDY-1's alleged unwillingness to delegate authority and tendency to surround himself with dross of exile community which repels good elements. Sierra and Castillo, who above average, have already quit.

c. Political Action. Other than what taken in hand by AMBIDDY-1 personally, media output of deplorably low quality. AMBIDDY-1 himself goofed after Pilon.

d. Operational Planning. June performance below par despite WAVE training and Jenkins' consultation. Last-minute choice of target in Pinar del Rio ill-conceived and slipshod.

e. Operational Security. Virtually non-existent. Twin-strike against Cabo Cruz and Punta Maisi, originally scheduled for June 1964, prematurely blown and Cuban reception committees presumably lying in wait. Preliminary survey indicates likelihood proposes operation widely known in AMWORLD Miami circles. Leakage, therefore, not necessarily attributable to high-level penetration, but hypothesis such penetration exists is quite supportable.

Remedy: Headquarters will cease discussing operational plans inside U. S. and insist on passing intel abroad.

AMBIDDY-1 has consistently ignored our advice to batten down hatches and prepare for major CIS onslaught, especially post-Pilon. His so-called intel section staffed with camp-followers and headed by a thug. Only professional (Major Gomez) about to be ditched.

f. Morale Situation. Poor, except maybe among combat cadres. AMTUM-19 toying with idea to quit. Others may follow suit. Charisma no substitute for managerial ability. AMBIDDY-1's dissoluteness setting poor example.

g. "Adelaida." Clear indications she henpecks him and possibility that after one year of cohabitation he trusts her unreservedly, withholding nothing. Either

refuses to comprehend or does not realize the hugh scandal potential of this relationship. Has proven impervious to low-key advice that scandal could ensue and that its full exploitation by Castro would be foregone conclusion.

4. Above inventory of major defects in AMWORLD probably incomplete and partly based on hearsay and derived from patently prejudiced sources. Some manifestations of disarray may merely be concomitant of organizational shakedown and elimination of marginal personnel. Others may be presumed endemic ills of most resistance organisms left to own devices plus Cuban propensity to fractionalize. In final analysis we could probably justify the Agency input as long as AMBIDDY-1 produces an occasional Pilon. Reconstruction of viable resistance movements inside Cuba, however, is remote prospect, especially if we conclude that target area now virtually denied to all but singleton, short-term operators. Commando raids may continue to prosper as long as we are permitted to render intel support on its present level.

DEBRIEFING of Russell H. SAMBORA in Washington, D.C., 16 June 1964

SUBJECT: Embezzlement of Funds by Mario Delgado Zuelueta

1. Sambora reported that Delgado, who is the head of logistics in Costa Rica, was accused of embezzling $1,000 from AMWORLD. A/1 conducted a personal investigation of the case. The final outcome of the case: He was asked to make restitution out of his salary until the entire amount had been repaid.

2. This case in point was brought up by Sambora to illustrate that A/1 spends a great deal of his time on relatively minor tasks which could easily be delegated to someone else.

Dear Mr. Artime:

This is to acknowledge and to thank you for your thoughtfulness in writing to me.

It was very gratifying for me to mention your daring raid on the port of Pilon in my speech of May 20th. Felicidades. I wish you the very best in your future actions against Castro who poses a grave menace to all of the Americas.

I am very pleased that through the Referendum the Cuban exile community now enjoys a central voice which can serve to co-ordinate effective anti-Castro activity. Hopefully, my Government will turn away from its ill-advised policy of restricting the Cuban exiles, and aid people like yourself to liberate the Cuban people from the Castro-Communist dictatorship. To that end let me assure you of my continued support.

Please do not hesitate to write me again.

With every best wish, I am

The following is a letter from AMBIDDY-1's father to his son.

8 June 1964

My dear son Manolin,

It has been a while since we have received a letter from you. We are writing this to find out how you are and we suppose you are well. Here everyone is well, thank God.

Your mother is not writing you because I am writing it quickly so that it can leave today.

We have presented everything since 20 March as well as depositing the price of the fares and we are only waiting for permission to leave which we will soon have. When it happens we will send you a cable.

Your Godmother Rosa is sick and when I saw her today she told me she hoped you would come to liberate her. Therefore we know you are doing your duty. I support your position. Don Jaime is well, thank God.

I saw Emilita and she sends her love. She also told me to tell you to write Lino and his brother a letter and to send it via this channel. Emilita is not going there until you send it (the letter) and it should be done through this channel if it is possible.

That letter which is addressed to Consuelo de la Campa de B. put a stamp on it immediately and mail it so it arrives at its destination. I am staying in her father's home and I am very anxious to help her.

AMWORLD Meeting in ~~San Juan~~ Panama, 7-8 June 1964

SUBJECT: Adelaida Padron y Cruz

1. AMBIDDY/1 himself raised this matter with me while neither James nor Ferrer were within earshot. Quoting AMYUM/19, he inquired whether marriage with Subject would be one of the causes for KUBARK to terminate the existing AMWORLD relationship. I emphatically answered in the negative, going over by now well-trodden ground once more and, hopefully, making myself understood.

2. In summary, I stated we held no views one way or the other about his intent to contract marriage. Our concern was strictly political since we could visualize a number of unpleasant consequences flowing from the event. True or false, certain allegations had been made about Subject's past and there were a goodly number of people prepared to testify to the accuracy of those allegations, among them (I presumed) Subject's ex-husband. The political implications of the proposed union could not possibly escape him, especially if AMTHUG should get hold of it.

3. AMBIDDY/1 opined that he had lived in open sin with Subject for over a year. This was what was bothering him and evidently some of his closest associates, not Subject's alleged past. He needed this relationship with Subject to maintain (literal quote) his emotional balance. He was working under considerable strain and the rare moments with Subject alone were his sole relaxation. The issue of sin was deeply disturbing to him, and marriage, he felt, would resolve this situation of conflict. In order to avoid certain political repercussions, he was now giving thought to taking Subject with him to Nicaragua and contract a "secret" marriage. I did not point out to him the evident flaws in his reasoning and merely adverted to the great political responsibility he carries. I made it very clear to him that a major scandal could

conceivably crystallize opposition to his person and sink the ship. Since I did not interpose an outright veto (of dubious efficacy at best), he will undoubtedly profess to have convinced me of the soundness of his headlong rush toward matrimony and all that could entail for our program. Short of making a mockery of autonomy, I could not tell him any more than I did.

SUBJECT: AMBIDDY/1's Political Reporting

1. I reminded Subject that in the past we had frequently pressed him to keep us abreast of his political activities with particular emphasis upon relations with the host governments in Central America. The response to our urgings had been increasingly disappointing and of late reached the vanishing point. Since it was not curiosity that had prompted us to ask for timely reporting but a desire to be of service in protecting the rear, we were now wondering whether it would not be best to leave the determination whether or not to submit political reports to him rather than continue importuning him which was beginning to place us in a slightly ridiculous position. AMBIDDY/1 pleaded over-work in excuse of his failure to provide timely reporting and we resisted the temptation to point to other more likely causes of mental and physical fatigue.

2. As of now we believe to have reached a clear understanding with AMBIDDY/1 that as always we stand ready to come to his succor if a political crisis or problem arises and is timely signalled to us. Silence will be construed by us as an indication that "all is well."

SUBJECT: Purchase of House

1. I asked AMBIDDY-1 about rumors that he has brought a house in Miami and he admitted the fact without any show of embarrassment.

2. He claimed to have sunk his savings from the "Bay of Pigs" honorarium into the acquisition, i.e., $3,000, to have borrowed money from AMWORLD. Senora Padron y Cruz had also chipped in to the tune of $1,500. I did not delve into the financial aspects of the transaction. AMBIDDY-1 claims that the home where he now lives with subject has been registered in the name of Nilo Messer. He mentioned in passing that a house might come in handy if his parents should be permitted to emigrate to the United States.

AMBIDDY-1 is anxious to pass a message to his father but not via QUANTUM 50 because of his distrust in the political orientation of 50's government. In this message, AMBIDDY-1 wants to suggest to his father that he induce an "old CP" emissary to meet with AMBIDDY-1 outside of PBRUMEN, e.g. in Mexico. THE TROOPS THAT WILL OVERTHROW CASTRO ARE ALREADY IN CUBA

THEY ARE THE PEOPLE WHO CHEERED HIM WHEN THEY BELIEVED HIM A HERO OF OUR LIBERTIES

/Following is a translation of an interview of Manuel Artime by Agustin Camargo, as reported in the Spanish language magazine Bohemia Internacional, Caracas, Venezuela, 7 June 1964./

Q. - Your group has initiated a new offensive against the Castro regime during the last few days in cooperation with one carried out by other revolutionary units. Do you expect victory soon?

A. - Everyone knows when wars begin, but never when they end.

I would like to say that it will be soon, but my duty as a leader is to prepare the people of Cuba and the Cubans in exile for the kind of war we expect: a long, hard war, but one that we shall win if all Cubans pull together in accordance with their ability.

There may be imponderable factors, "surprises" which could bring about the fall of the tyrant; but we must never count on "miraculous" solutions, on invasions that do not exist or on organizations that will pull our chestnuts out of the fire.

Q. - Are you considering the possibility of eventually uniting your men and resources with those of the Cuban Revolutionary Junta or the Alpha 66 - II Front - MRP or any other unit that may be currently carrying on the struggle inside Cuba?

A. - The frontiers of our movement have never been closed to anyone who wants to fight for Cuba, with the exception of totalitarian movements either of the right or of the left.

What we do think wise to explain is that we do not believe in political action units in exile. We believe only in

unity of martyrdom, of sacrifice, of combat. We want the greatest success for our sister revolutionary organizations, which will never be objects of attack on our part because our only enemy is communism.

Q. - You personally and the M.R.R. in general have always been cited as "favorites" of certain North American groups or governmental agencies. Is that correct?

A. - I would like to have those who speak of this favoritism answer me this question:

Do they call the Bay of Pigs episode favoritism?

Do they call the two years I spent in jail waiting to put my back to the wall and be shot favoritism?

Do they call the state of abandonment in which the clandestine M.R.R. was left in Cuba after the battle of Giron Beach favoritism?

Do they call favoritism the fact that on my leaving jail I had to break with the Revolutionary Committee because it had been converted into an instrument for not carrying the war to Cuba?

Do they call favoritism the fact that we have had to leave American territory to be able to continue the struggle against Castro?

Do they call favoritism the fact that we have to fight a long war because we get no help from those who could make it short?

But these campaigns of "favoritism" do not surprise me.

I know that International Communism cannot admit publicly that it is being defeated by the people of little Cuba who are only getting help from their brothers in Latin America, from God and from their indomitable desire to be Free.

Q. - Today you talk of bringing about uprisings in the forces of the Castro regime, and you seem to trust in this as the best way to liberate the island from Soviet and Communist domination. Why didn't you take that position three years ago, since it was just as valid then as now?

A. - Three years ago we took the same position as today. Just remember that the M.R.R. was the first revolutionary organization to rise up against the tyrant Castro to try to overthrow him by internal action at a time when many were convinced that Fidel was a Communist but said "that it was not yet time to say so to the people".

Remember that the first weapons for internal rebellion were carried to Cuba by the M.R.R.

Remember that Francisco, the M.R.R. Coordinator in Cuba was not only the cheerful organizer of the resistance but also eventually the national coordinator of the whole clandestine movement.

Remember that the Bay of Pigs invasion was designed to be only the gold buckle to fasten up the stage of active resistance and guerrilla activities.

Remember the long list of over 150 martyrs of the clandestine war of the M.R.R. which shows clearly the priority we

assigned at that time to rebellion in the local forces.

Remember that before the Brigade camps were set up there were infiltration camps provided especially to assist this internal rebellion.

Q. - Some international circles claim that Russia is abandoning Castro, that it has agreed on this abandonment secretly with North America, and that this is visibly evident in the gradual withdrawal of Soviet troops from the island. They add that confidence in this agreement has caused North America to "tolerate" this fresh outbreak of armed activities in the Caribbean. Do you share this view?

A. - Frankly I do not believe in international pacts that are not clear to me, and I believe much less in the willingness of Russia to carry out its agreements: Poland, Chechoslovakia and Hungary are historical witnesses of Russian treachery.

As for "tolerating our activities", I cannot speak, because we have not asked for "tolerance" for them. It never occurred to me to "ask permission" to die for my country.

Q. - Would you subordinate the possibilities of liberation of your country to any advantage of an international nature for the United States?

A. - My country's interests are greater than those of any other nation. Any Cuban who does not believe that does not deserve to be called a Cuban.

I do not believe the United States expects such a shocking attitude from the Cubans. They may have many faults but

they respect the dignity of man.

This is not the first time we say publicly that this war of liberation of our enslaved Cuba must be carried on "no matter whom it pleases, no matter whom it displeases", since it is true that powerful nations have international obligations to carry out and it is also true that we Cubans have our inescapable duties to our enslaved country.

Q. - If armed action within Cuba -- guerrilla war in the mountains and war of terror in the cities -- should, as expected produce a wave of popular uprisings both among students and workers and in the military units of the dictatorship, do you think that the democratic nations of the hemisphere would come to our help? Aren't you afraid of a repetition of what happened in Budapest?

A. - Although I am convinced that at some definite moment they would come to our help, we cannot base our war on collective assistance. We must plan our strategy as a purely Cuban struggle from beginning to end.

Many Latin American nations have already helped us in accordance with their ability and thanks to them we can do what we are doing.

As for the fear of a repetition of what happened in Budapest taking place in Cuba, we cannot forget that Cuba has no frontier with Russia.

Q. - Some foreign analysts and some governments have studied

the situation on the island and treat with Castro as if they believed that all hope of liberation had expired. Can you tell us something about the internal struggle against communism?

A. - To think that all hope of liberation has expired in Cuba is to show a complete lack of knowledge of the condition and character of the Cuban people. The history of Cuba is a history of repeated martyrdom in search of real liberty.

I can say very little about the internal struggle that does not affect its security. But let it be sufficient to say that today there are guerrillas in five of the six provinces of Cuba; that the tyrant knows about them and that he has not been able to wipe them out because of the peasants' support for them; that in the cities the sentiment of the workers has begun to be mobilized toward passive resistance, and that within the very ranks of the militia Cuban patriots are forming independent cells.

Q. - From the days of the Bay of Pigs you seemed to trust blindly in North American material backing for your struggle. But lately we see you shifting your interest toward Latin American countries. Why?

A. - Actually my first glance was toward Latin America. I took residence in Mexico where I published my book Traición (Treachery) and I traveled around Latin America carrying the shout of alarm against communism. Afterward I went to North America in constant search of resources for the war, and although I have

never had blind confidence in anything human, because everything that is done blindly is done badly, it is true that I had confidence in North American material help. Reason: because we were seeing it. (I do not think it was a secret to anyone where the weapons we used in the invasion came from.) I had no scruples in accepting American weapons to offset those from Russia which Fidel Castro was receiving in gigantic shipments.

After leaving prison I lost confidence in that assistance because since then not only have I seen none, but also I have not seen the possibility even of getting any.

Not only has my interest switched toward Latin America, but also my gratitude toward these people who have opened their arms to offer us help when all doors were being closed against us. Thanks to them we can continue the struggle.

Q. - What opinion do you think the conduct of nations like England and France deserve, who, turning their backs on principles they claim to hold and on moral and humane considerations, take part in propping up Castro's bloody regime by supplying him with credits and all kinds of financial backing?

A. - First I do not want to confuse countries with governments. Most peoples are innocent of the atrocities and treacheries of their governments.

That kind of behavior never surprised me in the case of the English government, as they did something even worse in Korea where their soldiers were dying under attacks from waves

of Chinese from red Manchuria while the government was selling steel to Pekin.

In the case of the French government I was sorrowful because of the figure of Gen. DeGaulle. As a young Cuban I used to hold in my heart the image of DeGaulle, hero of the Second World War, leader of his country's resistance in the fight against the foreign invader.

It was hard for me to realize that this same man would turn his back on the principles which made him beloved by the free world. It is unfortunate that such a brilliant career should have been darkened at its ending.

In any case, some day Cuba will be free and those governments can be sure that, if they do not alter their conduct, they will then receive their payment in the same historical currency that they have passed out to our martyred people.

Q. - You and your party have been accused of being fascists, of being a bee-hive for the Central Intelligence Agency and a "cover" for the worst political and economic interests of our country. What do you have to say about that?

A. - Nothing. Let my actions and my history answer the question. Those who are going to go on saying this are the Communists and the foolish tools of communism.

I believe it would be well to recall that the M.R.R. was the only organization at this stage of the Cuban struggle that, before spending its first funds for weapons, spent them

for publishing a statement of its ideology precisely because we wanted everyone to know where we intended to go, how we were going and why we were going there. This background statement circulated throughout the underground and the exiles. It contains our complete ideology, and the same thing is contained in the political testament that I wrote before leaving for the Bay of Pigs, as it also appears in my book Marchas de Guerra y Cantos de Presidio (War Marches and Prison Songs), written while I awaited death, as is clearly explained in the recent pamphlet about my full statement to the members of the A.R.E.C.

If wishing to carry to Cuba a state of independence, liberty, justice, respect for the dignity of human beings; if wishing to have the constitution of 1940 effective as long as it is not revoked by the same people who approved it; if opposing all demagogic extremes and all totalitarian impositions; if all this is being a fascist; then I am a fascist.

But since fascism is totalitarianism established by an oligarchy in the name of supposed racial purity, I cannot be a fascist.

As for the other accusations of obeying or being a cover for unsavory interests, I challenge anyone to give me the name of a single individual among our revolutionary directors who has a blemish in this respect; I challenge anyone to analyze the statistics of our martyrs; I challenge anyone to analyze our history.

Q. - Can you sum up in a few words the ideological base of M.R.R.?

A. - Yes. We dream of independence with liberty, liberty with culture, culture with bread, bread for honest work, honest work with respect for the dignity of the human being; and all this in a democratic regime of Latin American character and Christian morality.

Q. - Would your group favor keeping some laws of the Revolution if it is proved that they correspond to some need, or do you think that the Fidel epoch should be swept out completely and a fresh start made?

A. - When Fidel's regime is overthrown, Cuban needs are going to be quite different from those of our country with the tyrant in power. I believe the laws he made which could answer real Cuban needs were badly conceived and [illegible]-directed even worse.

I believe that without fundamentally changing the 1940 constitution, which means for Cuba a return to the rule of law, it will be possible to make laws which will meet Cuban needs.

Q. - Are you opposed to the negroes?

A. - No; nor am I opposed to the whites, which means the same thing to me. What interests us is not the color of the skin but the color of the soul and of the ideals.

Perhaps that is why our movement is the one that has more black brothers in its ranks, including the highest civil and military positions.

Q. - Do you favor, as has been stated, establishment in Cuba of a semi-confessional state with open predominance of the most conservative elements of the Catholic Church?

A. - Neither of the most conservative nor of the most liberal; that would be "clericalism" and it is expressly condemned in Papal Encyclicals.

I personally am a Catholic and will never deny my faith, because I have no vocation to be an apostate.

But of course, the movement is full of men of all religions and creeds.

Certainly we shall reaffirm with the 1940 constitution our belief in God and the necessity for Christian morality.

We believe that every child has the right to receive preparation in whatever religion he chooses.

Q. - What will the M.R.R. do with the Rebel Army and the Militia once Cuba is liberated?

A. - Those who turn around and fight against the tyrant will be retained in the armed forces with the same rank as before. Those who do not will be discharged and returned to private life if they have committed no crime, but if they have, they will have to answer to the civil courts in normal fashion, which will again function in Cuba in accordance with the 1940 constitution.

The only ones who have anything to fear are foreign Communists and members of repressive agencies.

Q. - Will the death penalty be maintained in Cuba?

A. - I do not favor the death penalty, but of course since the 1940 constitution will be in force, this penalty is recognized only for treason. We must end the revolutionary tribu-

nals and return to the rule of law.

Q. - Do you believe Cuban national interests when freed from communism will be better served if the nation is placed in a position of international neutrality?

A. - We shall always be an aggressive forefront of the West against communism. We can never be neutral in a struggle in which the destiny of civilization is at stake.

Q. - Engineer Ray and you seem to be performing parallel activities as you approach almost five years of struggle against Castro and are apparently the two most important political figures of our future. Could you tell us what keeps you apart?

A. - Starting from the assumption that we are fighting for a democracy, any ideological difference between another group of Cubans and ourselves will be resolved in the future by the Cuban people in free elections. I do not think this is the historic moment to talk about differences. If the regime set up in Cuba after Fidel Castro is defeated is a totalitarianism or a dictatorship of left or right, we shall KEEP ON USING OUR GUNS.

Q. - Why don't you take the command of Brigade 2506 and why has it not been possible to consolidate around the brigade all the exile elements since it is the largest group of veterans of our war?

A. - A great many of our brothers of Brigade 2506 are already in our ranks. The brigade could not consolidate exiles around it because it was formed to be a military unit without political plans; recently arrived from Communist prisons, it went to North American army camps to continue its training. That is

why I left its ranks. I did not want anyone to say that I was trying to orient the brigade politically by trying to unite the exiles around it. Besides I thought that I was more useful to my country in trying to carry the war into Cuba than in receiving a training that I did not know whether I would put in practice some day. Time has proved I was right.

Q. - What would you do, or what are you doing with the followers of Batista? Do you think this way of naming some people who form closed blocs with persons of very dissimilar history and interests, is real and does any good for Cuba?

A. - For me there are no Batistianos nor Priistas nor any other discriminative "ista". I only believe in a moral classification of men, and there are good ones and bad ones in all the governments our country has had. The only salvation for Cuba is to bring together all worthy and honest Cubans of all epochs, of all social classes, of all colors, and of all ages, into a new historical generation to consolidate our nation after the traitor's regime has been overthrown. Poor Cuba if we continue to harbor sectarian hates and sterile discriminations!

Q. - It is said that you are an admirer of José Antonio Primo de Rivera, that you are familiar with his ideology, and that his assistants say in private that you are an Antillean version of him. Is this true?

A. - It is a fact that I am familiar with Primo Rivera's ideology, as I am also familiar with that of Mahatma Ghandi, Rousseau, Roosevelt, Lenin, Hitler and all the men who for mankind's

good or ill have left a political philosophy to history. A leader has a duty to understand them completely. But the ideoligies that are most familiar to me are moulded in the unforgettable thoughts of Jesus Christ, Martí and Bolívar.

This is the first time I hear myself called an "Antillean version" of Primo de Rivera. If anyone says so, it must be in secret because I have never heard it. What I was called once was a "fascist" when I was in prison awaiting the death penalty; it was the traitor Fidel Castro in person. It is possible that he has friends in exile.

Q. - What do you consider the weakest of the Castro regime?

A. - The people, the people of Cuba, who would rather die on their feet than live on their knees; the people who now realize the total surrender to a foreign power and have seen the complete failure of ... Communist doctrine. The troops that will overthrow Fidel Castro are already in Cuba, the very people who cheered him when they thought him the hero of our liberty.

The presence of Russian occupation troops in Cuba has definitely revitalized the nationalist spirit of our country.

Q. - What will you do in case you come to govern Cuba, with private schools, with the press and with private initiative of an economic nature?

A. - In the first place, our fight is not for the purpose of putting me in the government; it is to make our country independent. But if you ask me what is my idea about what a govern-

ment ought to do in Cuba in respect to these matters, my answer is: Regarding private education: protect it in every possible way, and raise public education to the same level as private. Regarding the press: liberty of the press and assistance for the school for reporters to make Cuban newspaper men more efficient. The Cuban press will educate our peoples' background so as to definitively wash the wounds which communism has inflicted on the spirit of our children and young people.

Regarding private enterprise: protection for it, assistance for small business, and by means of modern tax laws make sure that business performs its social function. The United States, Western Germany and many other countries can give us an exact idea of what we want.

Q. - What is your final message to your exiled people in this grave moment of history?

A. - That we cannot and must not trust in international solutions nor in easy paths to our country's independence. That we must return to the romantic spirit of our war of independence, to that difficult, self-sacrificing, hard war of a Martí collecting pennies and a Maceo spending them on bullets; to that war of Cubans within and Cubans without against those who are no longer Cubans.

If every Cuban offers what he can; if we obtain, as was done in 1895, the fraternal embrace of our brother peoples; if we put the interests of a country that must be saved before our personal interests, Cuba will be independent. Because this bat-

tle has been won. The tyrant who accumulated guns, tanks and planes is beginning to realize that they only guarantee a government when the people who hold those guns and manage those tanks and planes are convinced that the government represents the purest interests of the nation and the highest destinies of the country. And those guns, those tanks and those planes are already being turned against the red beast. The little western David called Cuba has already let fly the stone which will knock down the ugly Goliath of communism.

A CONTROVERSIAL PERSONALITY

It can be said of the Secretary General of the Movement for Revolutionary Recovery, Manuel Artime, that there is much to say, but never that he has lacked spirit to fight for the liberty of Cuba.

Combative and polemical, Artime today occupies a singular position in the fight against Castro in which he collects furious insults and almost fanatical proselytism in equal quantities. His early struggle against Batista's dictatorship and his activity in Sierra Maestra in Column One commanded by Fidel Castro, made him an outstanding figure in the Revolution. His break with Castro and his denunciation of the olive green treachery to the great romance of the Cuban people made him the target for all attacks and insults. In the spring of 1960 Artime went into exile. In Mexico he wrote a book denouncing Castro's apostasy. With other eminent democratic leaders he helped found the Revolutionary Front (later Committee) and exerted intense propaganda and political activity throughout the continent which culminated in the disastrous Bay of Pigs invasion. This was one of the most critical points in Manuel Artime's civic career. His activity in it -- personally heroic though it was -- helped throw on him the shadow of new attacks and suspicions. But it also converted him into a leader of the first rank which the maturity of a prison term and his conspiratorial and revolutionary activities afterward only enhanced.

Manuel Artime has become today, by virtue of the attack of his troops on Puerto Pilón, the principal figure of current Cuban activity. His group has been hammered into one of the most disciplined, one of the largest and most efficient in the heroic struggle of the people of Cuba for their liberty. Consequently everything he does and says is of passionate interest for this people in exile, a people which wants to know closely -- and they should -- the thoughts and activities of the men who will probably lead them in the future.

This is why Manuel Artime is brought to these Cuban pages of BOHEMIA, which have been, are now and will continue to be the ideal civic rostrum for the people of Cuba.

MANUEL ARTIME EN LA TRIBUNA DE BOHEMIA

LA TROPA QUE DERROCARA A CASTRO YA ESTA EN CUBA

Es el pueblo que lo aplaudió cuando veía en él a un héroe de nuestras libertades.

Preguntas de AGUSTIN TAMARGO — fotos de Guayo

P.—Su grupo ha iniciado en los últimos días una nueva ofensiva contra el régimen castrista, al unísono con la que desarrollan otras entidades revolucionarias. ¿Considera Ud. que la victoria será pronta?

R.—Las guerras se sabe cuando empiezan pero nunca cuando terminan.

Me gustaría decir que será breve, pero mi deber como dirigente es orientar al pueblo de Cuba y al exilio cubano hacia el tipo de guerra que nos espera: una guerra dura y larga, pero que ganaremos si todos los cubanos colaboran en la medida de sus fuerzas.

Puede haber factores imponderables, "sorpresas", que precipiten la caída del Tirano; pero nunca debemos descansar en soluciones "milagrosas" de invasiones que no existen ni en organizaciones que nos saquen las castañas del fuego.

P.—¿Contempla Ud. la posibilidad de una unión eventual de sus hombres y recursos con los de la Junta Revolucionaria Cubana, los del grupo Alpha 66-II Frente-MRP, o cualquier otro que esté luchando actualmente dentro de Cuba?

R.—Las fronteras de nuestro Movimiento jamás han estado cerradas para nadie que tenga el deseo de combatir por Cuba, excepto para los movimientos totalitarios, sean de izquierda o de derecha.

Lo que sí es conveniente aclarar es que no creemos en unidades politiqueras del exilio. Creemos solamente en la unidad del martirio, del sacrificio, del combate. Nosotros deseamos el mayor éxito a las organizaciones revolucionarias hermanas, que jamás recibirán ataques de parte nuestra pues nuestro único enemigo es el Comunismo.

P.—A Ud. personalmente y al M.R.R. en general se les ha señalado siempre como "favoritos" de ciertos sectores o agencias gubernamentales norteamericanas ¿Es eso cierto?

R.—Yo quisiera que los que hablan de este favoritismo me respondieran:

¿Consideran favoritismo el episodio de BAHIA DE COCHINOS?

¿Consideran favoritismo los dos años que me pasé en la cárcel esperando el paredón de fusilamiento?

¿Consideran favoritismo el estado de abandono en que quedó el M.R.R. clandestino en Cuba después de Playa Girón?

¿Consideran favoritismo el que a mi regreso de la cárcel tuviera que romper con el Consejo Revolucionario porque se había convertido en un instrumento para no llevar la guerra a Cuba?

¿Consideran favoritismo el que hayamos tenido que abandonar el territorio norteamericano para poder seguir luchando contra Castro?

¿Consideran favoritismo el que tengamos que realizar una guerra larga por no recibir ayuda de quienes podían hacerla breve?

Pero no me extrañan esas campañas de "favoritismos". Yo sé que el Comunismo Internacional no puede reconocer públicamente que está siendo derrotado por el pequeño pueblo cubano que no recibe más ayuda que la de los hermanos de Latinoamérica, la de Dios y el inderrotable deseo de ser Libre.

P.—Ud. habla hoy de provocar levantamientos en las fuerzas internas del régimen castrista y parece confiar en ello como la mejor vía para liberar a la Isla del dominio soviético y comunista. ¿A qué atribuye el no haber asumido hace 3 años esa posición, que era entonces tan correcta como hoy?

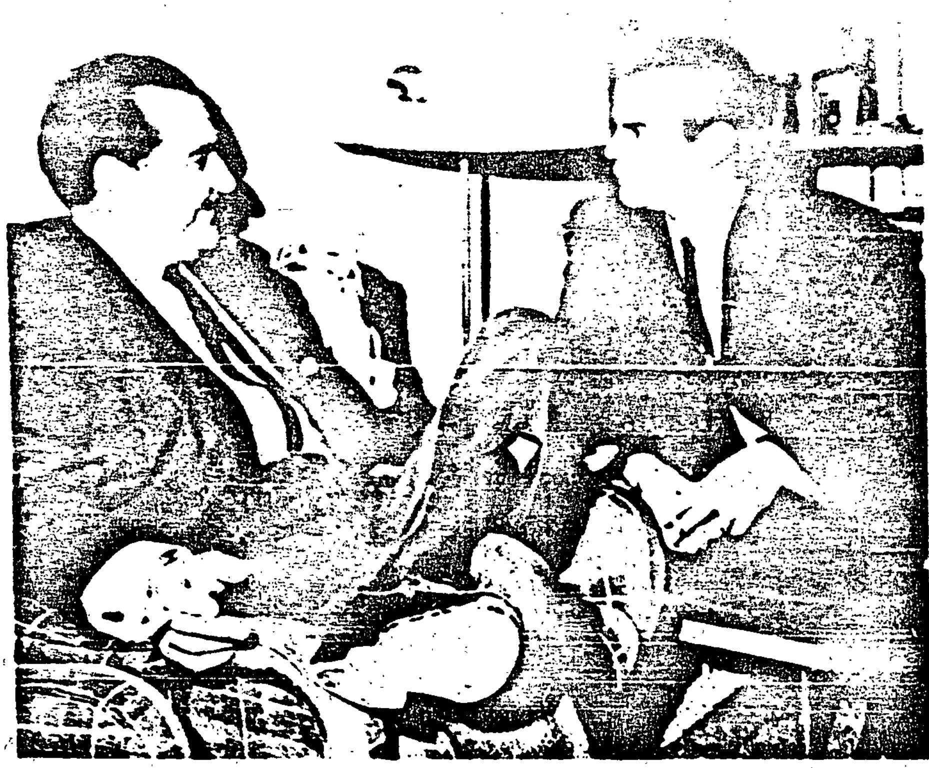
R.—Hace 3 años asumimos la misma postura que hoy hemos asumido. Es conveniente recordar que el M.R.R. fue la primera organización revolucionaria que se alzó contra el tirano Castro para lograr el derrocamiento por rebelión interna, cuando muchos ya estaban convencidos de que Fidel era comunista pero decían "que aún no era el momento de denunciarlo al pueblo".

Es conveniente recordar que las primeras armas para la rebelión interna fueron llevadas a Cuba por el M.R.R.

Es conveniente recordar que Francisco, Coordinador del M.R.R. en Cuba, no sólo fue el genial organizador de la Resistencia, sino que llegó a ser el Coordinador Nacional de todo el clandestinaje.

Es conveniente recordar que la Invasión de BAHIA DE COCHINOS debía haber sido sólo el broche de oro que cerraba toda una etapa de resistencia

...Cuba será libre, gústele a quien le guste y pésele a quien le pese



Tamargo — Artime

PARA PI...
NO HAY...

...si caído Castro hay totalitarismo, tomaremos los rifles de nuevo

MI IDEARIO ES EL DE CRISTO, BOLIVAR Y MARTI

activa y de movimientos guerrilleros.

Es conveniente recordar la larga lista de más de 150 mártires del clandestinaje del M.R.R., que indica claramente la primordialidad que concedíamos en ese momento a la rebelión de las fuerzas internas.

Es conveniente recordar que antes de los campamentos de la Brigada existieron los campamentos de infiltración creados especialmente para ayudar a esta rebelión interna.

P.—En ciertos círculos internacionales se asegura que Rusia está abandonando a Castro, que ha negociado secretamente con Norteamérica tal abandono, y que ello se expresa visiblemente en la retirada gradual de las tropas soviéticas de la Isla. Se añade que es esta seguridad la que ha hecho que Norteamérica "tolere" este recrudecimiento de las actividades armadas en el Caribe. ¿Comparte Ud. este criterio?

R.—Sinceramente, no creo en pactos internacionales que no me consten y mucho menos creo en la lealtad de Rusia para cumplir sus pactos: Polonia, Checoslovaquia y Hungría son testigos históricos de la felonía rusa.

Con respecto a que "toleren nuestras actividades", no lo sé, pues no hemos pedido "tolerancia" para ellas. No se me había ocurrido "pedir permiso" para morir por mi Patria.

P.—¿Condicionaría Ud. las posibilidades de liberación de su Patria a las conveniencias de índole Internacional de los Estados Unidos?

R.—Los intereses de mi Patria están por encima de los intereses de cualquier otra nación.

El cubano que así no lo crea no merece llamarse cubano.

No creo que los Estados Unidos de Norteamérica pretendan de los cubanos esa monstruosidad. Ellos pueden tener muchos defectos pero respetan la dignidad del hombre.

No es la primera vez que decimos públicamente que esta guerra de liberación de nuestra Cuba esclava tiene que ser llevada adelante "gústele a quien le guste y pésele a quien le pese", porque si es verdad que poderosas naciones tienen deberes internacionales que cumplir, es verdad que nosotros los cubanos tenemos otros deberes ineludibles con nuestra Patria esclava.

P.—Si la acción armada dentro de Cuba —guerra de guerrillas en las montañas y guerra de terror en las ciudades— produjera, como se espera, una ola de levantamientos populares tanto entre los estudiantes y obreros como entre los cuerpos militares de la dictadura, ¿cree Ud. que las naciones democráticas del Hemisferio vendrían en nuestra ayuda? ¿No teme que se repita un Budapest?

R.—A pesar de que estoy convencido de que en un momento determinado vendrían en nuestra ayuda, no podemos basar nuestra guerra en el hecho de esa ayuda colectiva. Tenemos que trazar una estrategia de lucha totalmente cubana, desde el principio hasta el final.

Muchas naciones latinoamericanas ya nos están ayudando en la medida de sus fuerzas, y gracias a ellas podemos hacer lo que estamos haciendo.

Con respecto al temor de un Budapest cubano no podemos olvidar que Cuba no tiene fronteras con Rusia. ■

P.—Algunos comentaristas extranjeros y algunos gobiernos juzgan la situación de la Isla y tratan con Castro, como si pensaran que allí ha muerto toda esperanza de liberación. ¿Puede decirnos algo sobre la lucha interna contra el Comunismo?

R.—Pensar que en Cuba ha muerto toda esperanza de liberación sólo demuestra un desconocimiento total de la condición e idiosincrasia del Pueblo Cubano. La Historia de Cuba es una historia de martirio incesante en busca de la verdadera libertad.

Muy poco puedo decir de la lucha interna que no ofrece la seguridad de la misma, pero bástenos con decir que hoy en día existen guerrillas en 5 de las 6 Provincias de Cuba; que el Tirano conoce de ellas y que no ha podido exterminarlas debido a la colaboración del campesinado; que en las ciudades el movimiento obrero ha comenzado a movilizarse hacia la resistencia pasiva y que dentro de las mismas filas de las milicias los patriotas cubanos se van integrando en células independentistas.

P.—Desde los días de Bahía de Cochinos Ud. parecía confiar de modo ciego en el respaldo material norteamericano a nuestra lucha. Ultimamente, sin embargo, se le ha visto cambiar el interés hacia los países latinoamericanos. ¿Por qué?

R.—En realidad, mi primera mirada fue hacia Latinoamérica: me establecí en México donde publiqué mi libro TRAICION y recorrí Latinoamérica dando el grito de alarma contra el Comunismo. Después fui a Norteamérica en busca incesante de medios para la guerra y aunque confianza ciega nunca he tenido en nada humano, porque todo lo que se hace a ciegas está mal hecho, es cierto que tuve confianza en la ayuda material norteamericana. Motivo: porque la estaba viendo. (No creo que para nadie sea un secreto la procedencia de las armas que usamos en la Invasión). No tuve escrúpulos en aceptar armas americanas para contrarrestar las rusas que por toneladas gigantescas recibía Fidel Castro.

LEAR POR LA INDEPENDENCIA DE LA PATRIA QUE PEDIRLE PERMISO A NADIE

...las fronteras del MRR están abiertas para todo el mundo

...en Cuba no puede darse un Budapest

...no me consta que Rusia esté abandonando a Castro

Después de salir de presidio perdí confianza en esa ayuda, porque desde entonces, no sólo no la he visto, sino que ni siquiera he visto la posibilidad de conseguirla.

No sólo mi interés se ha desplazado hacia Latinoamérica, sino también mi gratitud hacia estos pueblos que nos han abierto los brazos para brindarnos ayuda cuando todas las puertas se nos estaban cerrando. Gracias a ellos podemos continuar la lucha.

P.—¿Qué opinión le merece la conducta de naciones como Inglaterra y Francia que, de espaldas a principios que dicen sustentar y a consideraciones mismas de orden moral y humano, se vienen dedicando a apuntalar al sangriento régimen de Castro por medio de créditos y todo tipo de operaciones financieras?

R.—Primero, no quiero confundir a los países con los gobiernos. La mayor parte de los pueblos son inocentes de las atrocidades y traiciones de sus gobiernos.

Del Gobierno Inglés nunca me extrañó esa conducta porque algo peor hizo en Corea, donde sus soldados morían luchando contra las oleadas de chinos de la Manchuria roja, mientras el Gobierno le vendía acero a Pekín.

Del Gobierno francés sí me ha dolido. En la figura del Gral. De Gaulle mi corazón de joven cubano tenía la imagen del De Gaulle héroe de la 2ª Guerra Mundial, líder de la resistencia de su país en la lucha contra el extranjero invasor.

Me costó trabajo pensar que este mismo hombre diera la espalda a los principios que le hicieron querido por el mundo libre. Es lástima que una carrera tan brillante se haya opacado en su ocaso.

De todas maneras, algún día Cuba será libre y pueden estar seguros esos Gobiernos que si no cambian de conducta reci-

UNA PERSONALIDAD CONTROVERSIAL

Del Secretario General del Movimiento de Recuperación Revolucionaria, Manuel Artime, pueden decirse probablemente muchas cosas. Pero nunca que le hayan faltado arrestos para luchar por la libertad de Cuba.

Combativo y polémico, Artime ocupa hoy en la lucha contra Castro una posición singular en la que se recogen por igual denuestos furiosos y proselitismo casi fanático. Su temprana lucha contra la dictadura de Batista y su acción en la Sierra Maestra en la Columna 1 que comandaba Fidel Castro le hicieron una figura de relieve en la Revolución. Su ruptura con Castro y su denuncia de la traición verdeolivo a la gran gesta del pueblo cubano, lo colocaron en el blanco mismo de todos los ataques y vilipendios. En la Primavera de 1960 Artime marchó al destierro. Escribió en México un libro denunciando la apostasía de Castro. Contribuyó a fundar, junto a otros eminentes líderes democráticos el entonces llamado Frente Revolucionario (luego Consejo) y desarrolló una intensa actividad de orden propagandístico y político por todo el Continente que culminó en la fracasada invasión de Bahía de Cochinos. Aquel episodio es uno de los puntos más críticos de la carrera cívica de Manuel Artime. Su participación en él —heroica por lo demás en lo personal— contribuyó a arrojar sobre su figura la sombra de nuevos ataques y sospechas. Pero lo convirtió a la vez en un líder de primer rango, que la madurez de la prisión y la actividad conspirativa y revolucionaria posterior no han podido más que acrecentar.

Manuel Artime constituye hoy, por virtud del ataque de sus fuerzas a Puerto Pilón, un punto principal de la actualidad cubana. Su movimiento se ha forjado como uno de los más disciplinados, numerosos y eficientes en esta lucha heroica del pueblo de Cuba por su libertad. Por lo tanto, todo lo que él haga y diga es de apasionante interés para el pueblo criollo en el destierro. Un pueblo que desea conocer de cerca —y con mucha razón— el pensamiento y la acción de los hombres que probablemente lo habrán de dirigir en el futuro.

Es por eso que Manuel Artime viene a estas páginas cubanas de BOHEMIA —que eran, son y seguirán siendo la tribuna cívica ideal del pueblo de Cuba.

Artime tiene la palabra... A. T.

Los cubanos tenemos que lanzarnos a la lucha sin esperar por acuerdos o ayudas internacionales que pueden venir o no venir.

...el camino está en la América Latina

birán entonces su pago en la misma moneda histórica que ellos han entregado a nuestro pueblo mártir.

P.—A Ud. y a su Partido se les ha acusado de fascistas, de "empolladura" de la Agencia Central de Inteligencia, y de "pantalla" de los peores intereses políticos y económicos de nuestro país. ¿Qué tiene que decir a ello?

R.—Yo no tengo que decir nada. Que lo digan mi conducta y mi historia. Los que van a seguir diciendo eso son los Comunistas y los "tontos útiles" al Comunismo.

Creo que es conveniente recordar que el M.R.R. fue la única Organización de esta etapa de lucha cubana que antes de invertir sus primeros fondos en armas los invirtió en imprimir su ideario, precisamente porque queríamos que todos supieran a dónde íbamos, cómo íbamos y por qué íbamos. Este ideario circuló por todo el clandestinaje y el exilio. Ahí está nuestra ideología completa, como está también en el testamento político que escribí al partir hacia Bahía de Cochinos, como está en mi Libro "MARCHAS DE GUERRA Y CANTOS DE PRESIDIO" escrito mientras esperaba la muerte, como está claramente definida en el reciente folleto que contiene mi conferencia completa ante los miembros de la A.R.E.C.

Si querer llevar a Cuba a un Estado de Independencia, Libertad, Justicia, respeto a la dignidad de la persona humana; si querer que la Constitución de 1940 tenga vigencia mientras no sea revocada por el mismo pueblo que la aprobó; si oponernos a todos los extremismos demagógicos y a todas las imposiciones totalitarias; si todo eso es ser Fascista, entonces yo soy fascista.

Pero como el fascismo es el totalitarismo implantado por una oligarquía no sería, de una supuesta pureza racial, yo no puedo ser fascista.

Con respecto a las demás acusaciones de cipayo o ser pantalla de intereses turbios, yo reto a que se me diga el nombre de una sola figura de nuestros cuadros dirigentes revolucionarios que tenga una mácula a este respecto; yo reto a que se analicen las figuras de nuestros mártires; yo reto a que se analice nuestra Historia.

P.—¿Puede sintetizar en breves palabras las bases ideológicas del M.R.R.?

R.—Sí. Nosotros soñamos una independencia con Libertad, una Libertad con cultura, una cultura con pan, un pan por trabajo honrado, un trabajo honrado con respeto a la dignidad de la persona humana; y todo eso en un régimen democrático de proyección latinoamericana con una moral Cristiana.

P.—¿Sería su grupo partidario del mantenimiento de algunas leyes de la Revolución, si se prueba que éstas responden a alguna necesidad, o cree que se debe barrer todo el período fidelista de un plumazo, comenzando de nuevo?

R.—Cuando se derroque al régimen fidelista, las necesidades cubanas van a ser muy distintas a las que tenía nuestra Patria cuando el Tirano ocupó el poder. Creo que las leyes que él hizo, que podían responder a necesidades reales de Cuba, estaban mal concebidas y peor orientadas.

Creo que sin alterar en su base la Constitución de 1940, que significa para Cuba una vuelta al estado de Derecho, se pueden hacer las leyes que hagan frente a las necesidades que encontraremos en Cuba.

P.—¿Está Ud. contra los negros?

R.—No; como tampoco estoy contra los blancos, pues para mí significan la misma cosa. Lo que nos interesa no es el color de la piel sino el color del alma y de los ideales.

Quizás sea por esto que nuestro Movimiento es el que más hermanos negros tiene en sus filas, incluyendo las más altas jerarquías civiles y militares.

P. Favorece Ud., como se ha dicho, el establecimiento en Cuba de un estado semi-confesional, con predominio franco de las fuerzas más conservadoras de la Iglesia Católica?

...no estoy contra los negros ni contra los blancos

R.—Ni de las más conservadoras, ni de las más liberales; eso se llamaría "clericalismo" y está expresamente condenado aún por las Encíclicas Papales.

Yo específicamente soy Católico y jamás negaré mi fé, porque no tengo vocación de APOSTATA.

Ahora bien, el Movimiento está repleto de hombres procedentes de todas las religiones y credos.

Sí reafirmamos con la Constitución de 1940, nuestra creencia en Dios y la necesidad de una moral cristiana.

Sí creemos que todo niño tiene el derecho de recibir preparación sobre la Religión que adopte.

P.—¿Qué hará el M.R.R., una vez liberada Cuba, con el Ejército Rebelde y con las Milicias?

R.—Los que vuelvan sus armas contra el Tirano seguirán en las Fuerzas Armadas con el mismo rango que tenían. Los que no, serán licenciados e incorporados a la vida civil si no han cometido ningún delito común, pues en este caso, tendrían que responder ante los tribunales civiles normales que según la Constitución de 1940 volverán a tener vigencia en Cuba.

Los únicos que tienen que temer son los Comunistas extranjeros y los miembros de cuerpos represivos.

P.—¿Mantendrá Ud. en Cuba la pena de muerte?

R.—No soy partidario de la pena de muerte; pero además, como será aplicada la Constitución de 1940, ésta sólo la reconoce en los delitos de lesa Patria. Hay que acabar con los "Tribunales Revolucionarios" para volver a un estado de derecho.

P.—¿Cree Ud. que los intereses nacionales de Cuba, una vez liberada del Comunismo, estarían mejor servidos si se situase a la Nación en una posición de neutralidad internacional?

R.—Siempre seremos vanguardia agresiva de Occidente contra el Comunismo. Jamás podremos ser neutrales en una lucha donde se está jugando el destino de la civilización.

P.—El Ingeniero Ray y Ud. parecen perfilarse, al borde casi de un quinquenio de lucha contra Castro como las dos figuras políticas de nuestro futuro. ¿Podría decirnos qué lo separa de él?

R.—Si partimos de la base de que estamos luchando por una Democracia, cualquier diferencia ideológica entre otro grupo de cubanos y nosotros será solventada en el futuro por el pueblo de Cuba en urnas libres. No creo que sea el momento histórico de hablar de diferencias. Si lo que se implanta en Cuba una vez derrotado Fidel Castro es un totalitarismo o una Dictadura, sea de Izquierda o de Derecha, SEGUIREMOS USANDO LOS FUSILES.

P.—¿Por qué no encabeza Ud. la Brigada 2506 y por qué no se ha podido aglutinar alrededor de ella todo el exilio siendo como es el cuerpo mayor de veteranos de nuestra guerra?

R.—Una gran parte de nuestros hermanos de la Brigada 2506 están ya luchando en nuestras filas. La Brigada no pudo aglutinar el exilio alrededor de ella porque fue creada como cuerpo Militar sin proyecciones políticas y recién llegada de las prisiones Comunistas se fue a los Campamentos del ARMY norteamericano a continuar el training. Este fue el motivo de que yo me separase de sus filas. No quise que dijeran que yo pensaba proyectar políticamente a la Brigada al tratar de unir al exilio alrededor de ella. Pensé además que yo le era más útil a mi Patria tratando de llevar la guerra a Cuba que recibiendo un training que no sabía si iba a poner en práctica algún día. El tiempo me ha dado la razón.

P. ¿Que haría Ud., o está haciendo, con los "batistianos"? ¿Cree que esta manera de denominar de algunos, que agrupan en bloques cerrados a personas de muy disímiles historias e intereses, es real y le hace bien a Cuba?

R.—Para mí no hay Batistianos, ni [illegible], ni ninguna "ista" discriminativa. Yo sólo creo en la clasificación moral de los hombres, y los hay buenos y malos en todos los gobiernos por los que ha atravesado nuestra Patria. La única salvación que tiene Cuba es que se logre aunar a todos los cubanos dignos y honestos de todas las épocas, de todas las clases sociales, de todos los colores, y de todas las edades, en una nueva generación histórica que conduzca a nuestra Nación después de derrocado el Régimen traidor. ¡Pobre de Cuba si seguimos cultivando los odios sectaristas y las discriminaciones estériles!

P.—Se asegura que es Ud. admirador de José Antonio Primo de Rivera, que está familiarizado con su ideario y que sus colaboradores dicen en privado que es Ud. una versión antillana de él. ¿Que hay de cierto en ello?

R.—Es cierto que estoy familiarizado con el ideario de Primo Rivera, como también estoy familiarizado con el ideario de Mahatma Ghandi, de Romanes, de Roosevelt, de Lenin, de Hitler y de todos los hombres que para beneficio o para desgracia de la Humanidad han dejado una filosofía política en la Historia. Un dirigente tiene el deber de conocerlas perfectamente. Pero los idearios que más familiares me son están plasmados en el pensamiento inolvidable de Jesucristo, de Martí y de Bolívar. Es la primera vez que oigo eso de que yo sea una "versión antillana" de Primo de Rivera. Si alguno de mis colaboradores lo dice debe ser en secreto porque yo nunca lo he oído. El que sí me dijo una vez que yo era un "fascista", cuando yo estaba preso y esperando la pena de muerte fue el traidor Fidel Castro en persona. Es posible que él tenga amigos en el exilio.

P.—¿Cuál cree que es el flanco más débil del régimen castrista?

R.—El pueblo, el pueblo de Cuba, que prefiere morir de pie a vivir de rodillas; el pueblo que ya es consciente de la entrega total a una Potencia extranjera y ha visto el fracaso completo de la tesis comunista. La tropa que derrotará a Fidel Castro está ya en Cuba, es el pueblo que lo aplaudió cuando veía en él al héroe de nuestra libertad.

La presencia de una tropa de ocupación rusa en Cuba ha sido definitiva en la revitalización del espíritu nacionalista de nuestra Patria.

P.—¿Qué hará Ud., si gobierna en Cuba, con la escuela privada, con la prensa y con la empresa privada de orden [illegible]?

R.—En primer lugar, nuestra lucha no es para ponerme a mí en el Gobierno: es la independencia de nuestra Patria. Pero si Ud. me pregunta cuál es mi idea sobre lo que un Gobierno debe hacer en Cuba respecto a estos tópicos, yo le respondería: con respecto a la enseñanza privada: protegerla al máximo y elevar la enseñanza pública al mismo nivel de la privada. Con respecto a la prensa: libertad de la misma y ayuda a las Escuela de Periodismo para que cada vez se superen más los periodistas cubanos.

La prensa cubana sabrá orientar la opinión pública de nuestro pueblo para lavar definitivamente las heridas que el Comunismo ha logrado en el espíritu de nuestros niños y de nuestros jóvenes.

Con respecto a la empresa privada: protección a la misma, fomento de la pequeña propiedad, y por medio de leyes modernas de impuestos, asegurar que dicha propiedad rinda su función social. Estados Unidos de Norteamérica, Alemania Occidental y otros muchos países pueden darnos una idea exacta de lo que nosotros buscamos.

P.—¿Cuál sería su mensaje final en esta hora de gravedad histórica, al pueblo en el destierro?

R.—Que no podemos ni debemos confiar en soluciones Internacionales ni en caminos fáciles para independizar a nuestra Patria. Que debemos y tenemos que volver al espíritu romántico de nuestra guerra de Independencia, a esa guerra difícil, abnegada, dura, de un Martí recogiendo centavos y un Maceo gastándolos en balas. A esa guerra de los cubanos de dentro con los cubanos de afuera contra los que ya no son cubanos.

Si cada cubano aporta lo que puede; si logramos, como se logró en 1895, el abrazo fraterno de los pueblos hermanos; si por encima de nuestros intereses ponemos los intereses de una Patria que está por conquistar, Cuba será independiente. Porque esta batalla la tenemos ganada. El tirano que acumuló fusiles, tanques y aviones comienza a darse cuenta de que sólo sirven para garantizar un gobierno cuando el Pueblo que tiene esos fusiles y maneja esos tanques y esos aviones está convencido de que el Gobierno representa los más puros intereses de la nación y los más altos destinos de la Patria. Y esos fusiles, esos tanques y esos aviones se están volviendo ya contra la bestia roja. El pequeño David Occidental llamado Cuba ha dado ya la pedrada que hará caer por tierra al despreciable Goliat del Comunismo.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation between AMBIDDY-1 and Martin Ferrer

DATE : 4 June 1964 at 0930 hours

1. AMBIDDY-1 was advised that he should call the Panama Hilton upon his arrival in Panama and ask for Mr. Boysen or Mr. James.

2. Latest report indicates that the ADELAIDA will arrive at Monkey Point at 0400 4 June. A-1 has obtained his re-entry visa. A-1 was again asked to give us the tapes on his Venezuelan conference. A-1 promised to have them done today.

3. A-1 was asked to please make sure that someone sees Mr. Barnes concerning the petroleum arrangements. It was mentioned to A-1 that Mr. Barnes has been waiting for over a week to see someone in A-1's organization. Mr. Barnes has been kind enough to offer his services and we feel it is unfair to keep this gentleman waiting. A-1 plans to send Sixto Mesa and Mr. King today. A-1 will notify us of what transpired at the meeting.

4. A-1 intends calling later in the day because he has some other matters he would like to discuss with us.

1. AMBIDDY-1 called the office again to say that he would be meeting Al Burt at 1600. A-1 inquired if it would do any harm in seeing Mr. Summ of the State Department since the latter mentioned to AMJAVA-4 that he had not seen A-1 in over a year. A-1 felt that a courtesy visit was called for. We advised A-1 that we could see no harm in visiting him.

2. A-1 reported that one of his pilots, Ginebra, had received an offer to fly planes in the Congo. A-1 did not know if Ginebra would accept the offer.

3. We told A-1 that we had received a report that in a finca in Nicaragua called Marianita he had met several U. S. Air Force officers and asked if there were any truth to the report. A-1 stated that one of their houses is located in Marianita but he had not met any U. S. officers there.

4. A-1 gleefully reported he contemplates making quite a lot of changes in Miami. A-1 did not elaborate but it appears that most of the propaganda section will be leaving Miami.

5. A-1 was requested to obtain a position report of the DOLORES by 1 June.

6. We asked A-1 if he had any ideas of where AMBANG-1 is at present. A-1 is of the opinion that AMBANG-1 is probably hiding in some small island off Puerto Rico.

7. A-1 inquired if he could sue the Newsweek magazine. We advised him that he could sue but the likelihood of him winning the case was slight. A-1 was referring to the article which stated he intended to draw the United States into an open conflict with Castro. We asked if there were any truth to the matter. A-1 laughed and said, "Of course not."

8. A-1 was advised that we consider 7 June a firm date for the Consejo meeting. The reason we are pinning him down to a specific date was because of the necessary preparations that have to be made prior to any meeting. A-1 said he would be there on that date.

1. AMBIDDY-1 expects to get his residency permit today from Immigration in Miami.

2. Concerning A-1's request that we choose frequencies for the 511 radios it was our opinion this task could be done by Felix Rodriguez. In the special commo training given to Felix, a course was specially geared to choosing the correct frequencies and the proper crystals. A-1 mentioned the original request had stemmed from Felix. A-1 was informed that the reports we have gotten about Felix reflect that he likes to give the tedious jobs to someone else and this is the case here.

3. A-1 and AMJAVA?-4 will be leaving for Nicaragua on 5 June.

4. A-1 asked if the Consejo meeting could be postponed until 9 June. A-1 was reminded when we originally asked him to pick a day for the meeting we considered it a definite commitment. A-1 acquiesced and said he would be there on 7 June.

5. The tentative date for the departure of the ADELAIDA for the operation is 7 June.

1. AMBIDDY-1 stated that AMJAVA-4 will be meeting with Carl in Houston this afternoon.

2. A-1 wants to meet with the Consejo on 7 June at 0830 in Panama City.

3. A-1 again reminded we would like to have the tapes on what transpired in Venezuela. Martin reiterated that in order to protect his interest we must have current intelligence concerning his organization.

4. It is the opinion of the Consejo that a frank, off-the-record talk with Al Burt of the Miami press would do no harm. We consider Burt to be a responsible newspaperman and he may be in a position to help A-1 put the Pilon raid in its proper perspective. If A-1 thinks this is a good idea he should speak openly to Burt about the Pilon raid omitting the embroidery that has accompanied his recent press statements. A-1 was reminded this interview, if given, should not mention or allude to KUBARK support. Since Burt is an ambitious journalist he may probably ask A-1 for a scoop on his next raid; again we see no harm in this. A-1 said he would ask Burt if he wanted to go on a future raid. We mentioned that we doubted he would accept the offer.

5. According to A-1, AMYUM-19 is still in New York and is expected in Miami shortly.

6. A-1 was informed that the ADELAIDA is scheduled to leave drydock on 31 May.

7. A-1 reported he has talked to Miguel Angel Quevedo of Bohemia Libre and representatives of Life magazine concerning the release of pictures to be taken by his own combat photographer. A-1 added, however, he had made no firm commitments.

8. A-1 was asked if his next operation had been given a name yet. He said the next one was to be called "Simon Bolivar." We told him that we already learned the code name and warned him against loose talk and the damages that could ensue.

9. A-1 was asked to contact Manolin Hernandez and inquire why the DC-3 cannot be in Panama before 2 June 1964. A-1 was advised that Petrosky can furnish a crew to pick up the plane if necessary but cannot since he has no contact with anyone in Costa Rica. A-1 stated he would call Hernandez in Costa Rica.

10. A-1 was informed that three men aboard the ADELAIDA have signed off and should be returning to Miami on 29 May 64 aboard KLM.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation between AMBIDDY-1 and Martin Ferrer

DATE : 28 May 1964 at 1830 hours

1. AMBIDDY-1 called to say that he had just arrived in the United States and would only be staying a short period and then return to Central America for the next operation phase. He stated he wanted to discuss some matters with "Enrique" in Panama within the coming week. I advised him to let us know exactly when and where and we would be there.

2. A-1 inquired if AMJAVA-4 had requested rubber boats from us at the last meeting A-4 attended in Washington. A-1 was informed that we had discussed the matter but could not recall A-4 placing any order with the Consejo for rafts. A-1 asked if some rafts could be obtained in time for the coming operation. A-1 did not know the exact amount needed but would consult with A-4 and call Martin later in the evening. The rubber rafts could be sent to same address as were the village radios. A-1 mentioned they had the silent motors.

3. A-1 was asked to inquire what had gone wrong in Santo Domingo. A-1 believes that the reason the JOANNE could not be put into drydock was because there was another ship in the military yard undergoing repairs. A-1 was advised that was not the information we had received and could he please check further into the matter. A-1 will have Rafael GARCIA confront President Reid and obtain the true story.

4. A-1 wanted five metascopes for the next operation. Since those aboard the MV SANTA MARIA will not arrive in time, Dick will get more and give them to Mike GEIDEL who in turn will deliver them to AMYUM-19.

5. According to A-1 Maritima Bam now is officially registered in Nicaragua.

6. A-1 asked Enrique to convey to Mr. Archer his gratitude for the letter Mr. Archer had sent him.

7. A-1 is very pleased concerning the possibilities of extending his operational bases to Venezuela. A-1 was asked to send us a tape of what had transpired and the government officials with whom he had met.

8. The conversation ended with A-1 promising to call later tonight (28 May) as to where he and A-4 wanted to meet with Carl.

GUERTLER again reminded A-19 that it was no longer sufficient to merely deny ODYOKE involvement in the project but was necessary to take positive steps to implicate other Latin American governments and create the impression of increasing difficulties with ODYOKE. It was left to A-19's discretion on how to do this, but when talking about his problems with AMWORLD-2, Sopo and MOle it was suggested that he do this in strictest confidence as just for the inner circle of AMYUM. AMWORLD MEETING IN WASHINGTON, D.C. 19 May 1964

SUBJECT: AMBIDDY's Reaction to Advice to Delay Return to U.S.

1. AMJAVA/4 reported that AMYUM-19 conveyed to AMBIDDY-1 my advice that he not return to PBPRIME right away, but permit the dust to settle. According to AMJAVA/4 this advice led AMBIDDY-1 to conclude that ODACID did not want him back in PBPRIME. In order to test this theory, AMBIDDY-1 decided to make a beeline for the U.S. Embassy in Managua to pick up his immigration visa.

2. (Headquarters has learned that the visa was promptly granted and we presume AMBIDDY-1's concern that he had been exiled a second time has as a result been assuaged.) I asked AMJAVA/4 to tell AMBIDDY-1 that we would be honored to welcome him as a potential fellow-citizen. Also, our relationship was based upon complete mutual trust. Our job was to protect his rear in PBPRIME. What we were concerned about was that AMBIDDY-1, should he return at this time, would undoubtedly be talked to by ODACID, ODENVY and the press. All this it would be best to sidestep.

3. AMJAVA/4 was asked to convey to AMBIDDY-1 that we will tell him when the coast is clear. If this notwithstanding he should return to PBPRIME, the decision would, of course, be his. "It is his right to come back at any time, but I think my advice is good."

26 May 1964

AMWORLD MEETING IN WASHINGTON, D.C. 19 May 1964

SUBJECT: AMBIDDY'S PERSONNEL POLICY

1. AMJAVA/4 offered the following analysis of AMBIDDY-1's personnel policy as a significant facet of his relationship with others.

2. AMBIDDY-1 is a leader and a very proud leader who does not like to fail in the presence of his associates.

3. AMJAVA/4 was glad that the Miami incident (13 May press conference) happened. "AMBIDDY-1 was really angry with himself."

4. From the start AMJAVA/4 has tried to convince AMBIDDY-1 that Jose MOLE ROSALES is not qualified for intelligence - so far in vain. "To let MOLE fail in doing the job is the way to convince AMBIDDY-1"

5. AMYUM-19 cannot handle MOLE or Edgar SOPO, because AMBIDDY-1 won't let him. "We shall have to wait until they fall down on the job."

6. AMJAVA/4 claims to have a closer relationship with AMBIDDY-1 than does AMYUM-19. He thinks he understands AMBIDDY-1 better than does AMYUM-19, that he (AMJAVA/4) knows how to get things from AMBIDDY-1. AMYUM-19 makes the mistake of using the direct approach where it would be better to go about it in a roundabout way. "There are some things which you BECKHOFF tell GUERSKLER, then GUERSKLER tells AMYUM-19 who tells AMBIDDY-1, which it would be better to tell AMBIDDY-1 direct." AMJAVA/4 related that AMBIDDY-1 took umbrage at AMYUM-19 for conveying to him BECKHOFF's views about the Miami press conference. AMBIDDY-1 was furious when GUERSKLER passed intelligence about the alleged presence of 50 cal. machine guns positioned near Pilon, because he considered this an implied attack of the soundness of the Pilon plan which AMBIDDY-1 himself had drawn up.

7. Headquarters reps pointed out that during the

critical period following the Miami press conference, AMYUM-19 was the only available, cleared channel to AMWORLD and time, in view of ODACID's unfavorable reaction, was of the essence. AMJAVA/4 was asked to convey this explanation to AMBIDDY-1 and to stress that we consider AMYUM-19 his senior rep in PBPRIME.

8. AMJAVA/4 stated that there had been many betrayals and consequently AMBIDDY-1 was always careful. At times he might even think that AMYUM-19 was not loyal which, AMJAVA/4 added, "Of course is not true." As AMBIDDY-1 analyzes his own performance, he is satisfied that he is performing well. He has been in the resistance business since Batista's days and many intimate friends have betrayed him. At the present moment, he does not have 100% confidence in anyone. Everything he is told, he analyzes. As an example, AMJAVA/4 briefs Chaves (the Mexican) on a projected operation. AMBIDDY-1 will question AMJAVA/4 closely in order to make sure that the instructions did not deviate from the plan as conceived by him.

9. Among matters which should be taken up with AMBIDDY-1 direct, no matter how ticklish, was e.g. the case of ...MOLE. AMJAVA/4 and AMYUM-19 know that KUBARK have a poor opinion of him. Then why beat around the bush? AMJAVA/4 at least had not witnessed any mention of this by BECKHOFF in AMBIDDY-1's presence. Instead AMYUM-19 had reported GUERSHLER's statement that he considered MOLE a poor choice for the intelligence job to AMBIDDY-1 and the latter had jumped to the conclusion that it was AMYUM-19 putting words into GUERSHLER's mouth.

10. BECKHOFF commented as follows: AMYUM-19 will have to tell GUERSHLER or myself if in a given instance a personal demarche is indicated. There are certain things which, with AMBIDDY-1 out of the country, simply cannot be put on the shelf. We have no choice but to tell GUERSHLER to tell AMYUM-19 who, however, should feel free to counsel us not to use him as a channel. Headquarters rep conceded that AMBIDDY-1 could rightly resent anything which smacks of a junior officer (i.e. GUERSHLER) giving orders to him via AMYUM-19, an impression we would do our best to eradicate.

11. BECKHOFF stressed that we were anxious not to give AMBIDDY-1 the impression that there exists any special relationship between us and AMYUM-19, AMJAVA/4. Our relationship was with AMBIDDY-1 who is the leader of the movement. AMJAVA/4 replied that he had told AMBIDDY-1 this and that BECKHOFF had made this point very clear at their first meeting in Puerto Rico (see AMWORLD Meeting memo, 3-6 September 1963 Subject: Briefing of AMJAVA/4.) BECKHOFF added that he had told AMYUM-19 and wished to repeat this in the presence of AMJAVA/4 that anything discussed while AMBIDDY-1 was not present, could be told him. Nothing was "off-the-record" in the sense of to be withheld from AMBIDDY-1.

12. According to AMJAVA/4, AMBIDDY-1 knows full well that KUBARK considers him the Chief. If we decided to conspire against AMBIDDY-1 in league with AMJAVA/4 and AMYUM-19, this could only be done within AMYUM, the political movement, since AMJAVA/4 and AMYUM-19 form part of that organization. Our support, however, is to AMBIDDY-1 and not AMYUM. AMBIDDY-1 knows that.

CUBA

"Something Is Moving"

"This is Radio Free Cuba, the anti-Communist voice of Cuba broadcasting on the 40-meter band. Worker, militiaman, rebel soldier, radio ham—help topple the despot! Close ranks so that the fatherland, today bloodied by Russian imperialism, becomes the tomb of Communism in America. This is Radio Free Cuba transmitting from a point in Cuban territory."

In Cuban exile communities from Miami to Caracas, the word was out: *"Algo se mueve"*—Something is moving. First came the faint, crackling anti-Castro broadcast last week from inside Cuba. Then 24 hours later came word of the biggest raid in months on Castro's fortress. The raiders identified themselves as members of the Movement for Revolutionary Recuperation, led by Manuel Artime, who headed the abortive Bay of Pigs landing.

At 10:30 p.m., said an M.R.R. spokesman in Miami, Artime and a "strong force of commandos" had gone ashore at Puerto Pilón, 145 miles from Guantánamo on Cuba's southern coast. Linking up with a second force of guerrillas from the nearby Sierra Maestra mountains, the exiles had captured the town and held it for three hours against Castro's militia, during that time declaring it a "free territory of Cuba." They then blew up the Cabo Cruz sugar mill and disappeared. Puerto Pilón, the exiles noted with satisfaction, was only a few miles from the spot where Castro himself originally landed in 1956, and the Sierra Maestra was his sanctuary in the early stages of the revolution.

Within hours, Radio Havana was on the air railing about the attack. Castro denied that the exiles had sent in a landing party. The mill, he fumed, was bombarded from the sea "by a pirate vessel of the Rex type, which the CIA operates from bases located in Florida, Puerto Rico and Central America." Nevertheless, he admitted damage to shore installations and cried that "70,000 sacks of sugar" had been destroyed. Naturally, he blamed "a new criminal, vandalistic act by the United States Government." Two days later, Castro's internal radio reported two more landings—one by Artime on the southern coast, and the other by Underground Leader Manolo Ray somewhere in the north. But exile groups in Miami would neither confirm nor deny the new raids.

FRANK ESSENS(?)

EXILE RAY
Trips to some isolated farms.

Recruits & Munitions. In Washington, the State Department blandly denied all. "These attacks," said a spokesman, "are neither supported nor condoned by the Government." Perhaps not, but Miami was alive last week with exile activity. Once again, Cubans were turning up at the old clapboard house on 23rd Street that served as a recruiting center for the Bay of Pigs operation, getting physical exams, then mysteriously dropping out of sight. Small groups of Cubans were training at isolated farms outside Miami. At Key Largo, a 28-ft. launch loaded with exile munitions caught fire, was popping while firemen were trying to douse the blaze.

No one believes that a second frontal invasion is in the offing. The exiles agree that it would amount to suicide. What does seem to be in the works is an attempt at infiltration, sabotage and guerrilla warfare. Right now, three main groups are operating:

- The M.R.R., headed by Artime, reportedly has the strong backing of Nicaragua's Tachito Somoza and other anti-Castroites in Central America. Artime, say exile sources, operates from camps stretching from Costa Rica north to Honduras. A U.S. hunter in the northeastern jungles of Costa Rica recently stumbled onto a camp with three large buildings and a landing strip that was in constant use by light aircraft. "Cubans," said his guide. Artime does not have the kind of support inside Cuba to operate a major underground, is gearing his efforts to sabotage teams inside Cuba and commando raids against 17 coastal targets.
- The *Junta Revolucionaria Cubana* (*Jure*), led by Ray, a onetime Castro leader and a popular man inside Cuba. Ray gets his moral—and reportedly considerable material—support from Venezuela's former President Rómulo Betancourt and Puerto Rico's Muñoz Marín, is said to operate training camps in both countries. He has widely publicized May 20 as his deadline for returning to Cuba to revitalize the island's anti-Castro underground. Last week Ray resigned his job as a consultant to the Puerto Rican Planning Board, and dropped out of sight. He is tough, shrewd—and a man of his word. "We are not worried," he says. "Castro is the man who must worry."
- A coalition of Alpha 66, the Revolutionary Movement of the People, the Second National Front of Escambray and one or two smaller outfits, led by Eloy Gutiérrez Menoyo, a longtime guerrilla leader who fought against Batista. Menoyo plans to infiltrate a small force into Cuba—probably into the central Escambray Mountains—and start up a guerrilla network. Two weeks ago, Menoyo left Miami. The exiles say he is in Cuba.

Turn of the Screw. If the U.S. is not directly involved, some U.S. influence and support seem apparent. Washington reportedly gave Artime the green light last July. Recruiting personnel and collecting arms would also be difficult without at least tacit U.S. approval. And then there is the U.S. economic embargo. The British and French deals for buses, trucks and locomotives notwithstanding, Castro remains virtually cut off from free-world trade: As another turn of the screw, Washington last week tightened controls on U.S. exports of food and drugs to Cuba. Both had been exempted from the general U.S. trade embargo. Now exporters will need Government approval for shipments.

EXILE ARTIME
Callers at a clapboard house.

• • •

Brazil last week finally took the action everyone had expected since the revolution that overthrew leftist President João Goulart. Cuban agents, said the Brazilian government, had been engaging in "offensive" propaganda "incompatible with democratic and Christian principles. Such interference in the internal affairs of Brazil can no longer be tolerated." Diplomatic relations with Cuba were therefore formally and officially severed.

MEMORANDUM FOR THE RECORD

SUBJECT: Tad Szulc
Telephonic Conversation

1. Tad Szulc called the undersigned at home shortly before 2200 on 18 May 1964 from Miami, Florida. I began the conversation by telling Szulc that I had discussed the matter of a contact in the Miami area and that it was our opinion that we could best collaborate with him from Washington inasmuch as it was only here that the full story is known. Szulc accepted this with the comment that he would naturally go along with our judgment in this matter. The essence of our general conversation follows:

a. Szulc Meets with RAY in Caribbean.

Toward the end of our conversation Szulc interjected the statement, "Oh, I guess I had better tell you because you will read it in the paper in the morning, that I have just come from a meeting with RAY." Szulc gave the impression of being very satisfied with his trip and convinced that RAY was fully prepared for his venture. In answering a question that I had raised on 16 May, Szulc informed me that he was convinced that there was no serious dissension within the ranks of the JURE. It is my opinion that this is true, but that there are small frictions which are particularly inherent in Cuban organizations. I commented to Szulc that if he had just seen RAY, then in all likelihood RAY would not be in Cuba by the 20th. Szulc assured me that he would be in Cuba by the 20th. (Note: On 17 May I spoke with Rogelio CISNEROS, who informed me that he would have an important message for me in two or three days. I have a promise from RAY and CISNEROS

that we will be the first to know of RAY's arrival in Cuba.) Szulc reiterated his basic theme that RAY's effort is the last hope to free Cuba. I told Szulc that I certainly felt that RAY's contribution is tremendously important. In this connection I observed that RAY's drawing power was obviously increasing for I had only recently received a query from rather conservative elements asking if it would be proper for them to speak with RAY's representatives, specifically Rogelio CISNEROS. I told Szulc that in keeping with our policy, I had said that RAY and his group appeared to represent a patriotic and dedicated group interested in the liberation of their country and in the restoration of a democratic government. I told the person calling me that it might be wise to speak to RAY's group now when the opportunity presents itself rather than to face the possibility of having to stand in line later. Szulc indicated that he knew of which group I was speaking and he undoubtedly would as Rogelio CISNEROS probably told him of the contact recently made by members of the Cattlemen's Association of Cuba.

b. Defection of Samuel RODILES.

Szulc then asked me if I had heard of the defection of Samuel RODILES. I told him that I had not and that in all likelihood if such a thing had happened, I should know about it.

c. Blas ROCA Breaks with Castro.

Szulc then told me that he had heard via Mexico that Blas ROCA had a falling out with Castro. I again had to tell Szulc that I did not know of any such development, but that I seriously questioned it as this made no sense at all and that Blas ROCA will not openly break with Fidel Castro unless ordered to do so by the Soviet Union. I told Szulc that Blas ROCA is too much of a fox to ever even consider such forthright action.

SECRET

d. Alert in Cuba.

Szulc then informed me that the NEW YORK TIMES had heard via Richard Eder to the effect that the tightest and most general alert in the history of Cuba appeared to be in the making. Eder and all other correspondents have been restricted to Havana. When Eder attempted to make a trip to Pinar del Rio, he was denied this privilege. While discussing these matters with the NEW YORK TIMES by telephone, Eder was cut off and they have not heard from him since. This was presumably yesterday, 18 May.

e. Szulc Asks about General Situation.

Szulc was quite eager to hear something of the general situation in Cuba at this time. I told him that I believed the alert in Cuba was a result of the attack on the sugar mill some days ago and the mounting psychological pressure of RAY's publicized intent to return to Cuba. Szulc then added that in his opinion RAY's publicity was a good thing, particularly given that it was played in a basically moderate key. I agreed with Szulc on this. I then told Szulc that I had heard only a few hours earlier that there was a widespread rumor in Miami to the effect that a U-2 had been shot down over Cuba but that as far as I knew, this was not true. Szulc then naturally asked me: "You would know if this had happened, wouldn't you? You would have heard this from the Defense Department." I answered that it certainly wouldn't be very long before we would know of such a thing, and therefore I did not believe there was any truth to this rumor.

2. On 18 May I discussed with Henry Heckscher the possibility of his releasing certain information regarding AMWORLD which I might subsequently provide to Szulc. In light of this, Henry gave me some indication of the type of thing which he would like to see picked up by the press, the essence of which is an attempt to create a better press

image for ARTIME. In talking with Szulc, the subject of ARTIME arose from time to time. Szulc mentioned that it had come to his attention that ARTIME was in New York "with some babe or another" and nowhere near the scene of the strike. Szulc was also extremely critical of the press releases made by ARTIME. I took this occasion to say that I had discussed the matter of ARTIME with people who are much more familiar with his activities than I, given that they are in another geographical area, and that it was my impression that ARTIME is not being given as much credit for his efforts as perhaps he should be and that it may well be that he has fairly solid plans which cannot be actually initiated until such a time as he has welded together the nucleus of a new organization under fire. Once experienced in their present activity, it could well be that ARTIME could follow the RAY concept of developing resistance within. I told Szulc that I believed that the activities of ARTIME and Eloy GUTIERREZ Menoyo could not but help RAY's program. Szulc's basic reaction to favorable statements regarding ARTIME may be best described as a snort.

AMWORLD Meeting in Washington, 19 May 1964

SUBJECT: AMBIDDY-1's Relations with Adelaida Padron y Cruz

1. AMJAVA-4 remarked that AMBIDDY-1 had not mentioned to anyone that BECKHOFF had talked with him about this affair. (See AMWORLD Meeting Memo 15-16 Feb 1964, Subject: Adelaida Padron y Cruz.)

2. BECKHOFF re-affirmed that the matter had been raised in compliance with his wishes that we let him know about any derogatory information on Subject. He had been told "in slow English" that we in fact had information from several sources which testify to Subject's former intimate relations with Fulgencio Batista. BECKHOFF had drawn AMBIDDY-1's attention to the following alternatives:

a. Rumors are true. AMBIDDY-1's decision is obvious.

b. Rumors cannot be confirmed. How serious is the damage they cause to AMBIDDY-1s public position.

3. AMBIDDY-1 had listened carefully, merely commenting that all this was "very interesting." He had not been pressed to make a decision. Specifically, BECKHOFF had told him that Subject was reputed to have been the mistress of other prominent Cubans, besides Batista, and that AMBIDDY-1 could conceivably be blackmailed by JURE and the press, to mention only a few sources of threat presumed knowledgeable.

4. AMBIDDY-1 had not been told that his affair with Subject was liable to jeopardize AMWORLD. After all, he was an intelligent man who did not have to be told the obvious, viz. that a press scandal would be serious indeed. DAINOLD, whom BECKHOFF had consulted, had taken the position that AMBIDDY-1 should reach the necessary conclusions himself. Our position was that AMBIDDY-1 could not run a political movement unless he could handle his personal affairs. The blackmail potential in thisaffair was serious as far as KUBARK is concerned.

5. AMJAVA-4 believes that the problem in relations between AMBIDDY-1 and AMYUM-19 stems from the fact that the latter has discussed Subject with AMBIDDY-1. AMYUM-19's and

SECRET

AMJAVA-4's plans call for a threat to quit AMWORLD if AMBIDDY-1 makes known his decision to marry Subject. In the same breath, AMJAVA-4 stated that he had not made his views known to AMBIDDY-1 "because then our position would be the way it is now with AMYUM-19. You cannot put AMBIDDY-1 to the wall. He must be led to believe that it was he who made up his mind."

6. In forecasting his and AMYUM-19's strategy, AMJAVA-4 stated the following:

> "AMYUM is not just AMBIDDY-1. It is all of us. He is working for AMYUM and in that regard is answerable to all of us, because he is part of AMYUM. When we talk about the Adelaida problem, we talk about a problem arising within the organization. AMBIDDY-1 knows that he will have KUBARK's support which is meant for him not for AMYUM. But in AMYUM we have to decide. Even the people in jail inside Cuba want to know if it is true that AMBIDDY-1 has a mistress and believe that we are condoning this. AMBIDDY-1 is not only answerable to use but to the people in jail. We, in turn, are responsible for our imprisoned comrades. As part of AMYUM I have to decide if I will fight or not. AMBIDDY-1 is clear on that."

7. In stating our position, we made clear to AMJAVA-4 that marriage is not a deciding factor in determining our course of action. An ensuing scandal might force our hand.

PADRON to divorce her husband.

Adelaida PADRON is about 26 years old and she is from Yaguajay, Las Villas province. She was a protégée of Fulgencio BATISTA Zaldívar since she was 14 years old. She married Major Roger ROJAS Lavernia and has two children, 5 and 6 years old. According to source, her youngest child is by BATISTA.

Adelaida PADRON was also the mistress of Marcos PEREZ Jiménez, former President of Venezuela.

In addition to being a very attractive woman, Adelaida PADRON is also very intelligent.

According to source, on various occasions (did not specify dates) Adelaida PADRON has talked to BATISTA on the phone from Miami.

SOURCE 3:

P-96 had a conversation with Nazim ELIAS Thumas and told ELIAS that some days ago a Cuban exile lady who was from the City of Santa Clara, Las Villas province, had expressed herself in very bad terms and had criticized AMBIDDY-1 while she was in the "Optica López" optical store. That the lady had said A-1 had abandoned his fiancée, who is a good girl, to live with another woman who had been married to Roger ROJAS Lavernia.

After hearing this, ELIAS told P-96 it was true that A-1 was living with the ex-wife of ROJAS Lavernia.

By the way in which ELIAS answered P-96, it can be understood that ELIAS knows said lady perfectly.

During the conversation, ELIAS told P-96 that when he had arrived in the U.S. Naval Base at San Juan, Puerto Rico, from [redacted], base authorities [illegible] from him the authorization to [illegible] away this authorization and therefore [illegible]

SOURCE 4:

Source reports that, before CASTRO seized power, Adelaida PADRON used to live in Cuba at Milán St. corner of Villoldo, Reparto Apolo, City of Havana. That "big parties" were given in that house in which people posed for pornographic pictures. Source assures that she saw pictures of these parties in Cuba and was shocked by their immorality.

Report # DD-837, CE, 30 Apr 64 (cont.)

According to source, Adelaida PADRON had a poor origin and her marriage to ROJAS Lavernia enabled her to enjoy parties, good food, clothes, etc.

SUBJECT: Telephone Conversation between Mike GEIDEL and Martin Ferrer

DATE : 8 May 1964 at 1030 hours

1. The undersigned reminded Mike GEIDEL that it is essential that AMBIDDY-1 meet with "RODEMEYER" when the former returns to Miami.

2. Mike stated that YERGO (MRR Dominican Republic delegate) had received a telephone call from President Reid or some other high official in the Dominican Republic which stated that President Reid would like to meet with AMBIDDY-1 on 12 May in the Dominican Republic. YERGO was also informed that they could have anything they wanted in the Dominican Republic. ~~YERGO was also informed that they could have anything they wanted in the Dominican Republic~~.

3. Martin next brought up the subject of the MID. It was GEIDEL's impression that this organization might be nothing more than a provacation. This opinion is also shared by JMWAVE. Mike commented that AMYUM-19 has met with members of this organization who for the most part are unwilling to return to Cuba. A-19 would like to test their mettle before negotiating with them any further. A-19 intends to give this organization some sabotage materials and see what happens.

Recent Travels of Manuel Artime

WH-1828

Records of the US Immigration Service show that Manuel Artime has made numerous trips in and out of Miami between 3 and 13 May 64. I&NS records show the following:

a. On 30 April Artime was issued an I-512 type visa good for travel to Costa Rica, Nicaragua, and the Dominican Republic. He departed from Miami on 3 May 64 for Managua, Nicaragua on LaNica flight number 413. He returned to the US on 11 May 64. No flight information available on return trip.

b. An I-512 was issued in his name on 3 May 64 good for travel to Costa Rica and the Dominican Republic. Artime left Miami on 11 May and returned on 12 May 64.

c. Another I-512 was issued in his name on 11 May, and he left Miami on 13 May on Pan American flight number 503 for Managua. His I&NS file does not presently show evidence that he has returned to Miami from this trip. A reliable I&NS official has orally confirmed to us this date that Artime has not in fact returned from his latest trip abroad.

1. AMBIDDY-1 telephoned from the Miami airport to say that he would be leaving in two hours for the Dominican Republic to meet with President Reid on the morning of 12 May 1964.

2. A-1 expects to meet with PETER C. KNITTEL and Tom Murphy at the Miami Airport this morning before A-1 departs for Dominican Republic.

3. A-1 was advised that Mr. Alfredo RODEMEYER would like to meet with him at the Holiday Inn at Coral Gables upon A-1's return tomorrow. A-1 stated he would be at the Holiday Inn after 1800 on 12 May 1964. A-1 was assured this meeting had nothing to do with our operations and not to worry.

4. A-1 has given the commo plans to A-10 who will give them to Mike GUERTLER (P) sometime this afternoon.

5. Due to AMJAVA-4's late arrival in Nicaragua the entire schedule for the operation has been pushed back one day since the ship left one day late. A-1 also mentioned there have been some minor changes in the land operation.

6. Manolin Hernandez is now in Panama dealing with Mike Petrosky concerning the DC-3. A-4 apparently had a narrow escape on a Nicaraguan plane and A-1 appears determined to have his own plane in the air.

SECRET

7. According to Maagdenberg, the Dutch engineer, the ship is in fairly good condition and should require no more than five days in drydock. A-1 casually mentioned that the Dutchman had to be dissuaded from going on the operation itself.

8. A-1 was reminded we must have a firm statement from him as to when the operation is to take place if we are to be of assistance to his organization during the critical period. A-1 stated he had promised to break the heads of the commo people aboard the ship if they fail to advise him as to when the Swift departs from the mothership.

aka: ROJAS, Adelaida Matilda Padron de

ACTION REQUIRED REFERENCES

1. According to AMYUM-19 (DOI 4 May), AMBIDDY-1 once more is giving serious thought to contracting marriage with Subject.

2. According to AMYUM-19, AMBIDDY-1 suffers pangs of conscience and has premonitions of hell. What he has in mind is a church wedding with all the trimmings. Since Subject's previous marriage was not solemnized by the Church, AMBIDDY-1's conscience appears unbothered.

3. AMYUM-19 claims that AMBIDDY-1 brushes off allegations about Subject's alleged affair with Fulgencio Batista as mere calumny. He does not know whether AMBIDDY-1 has ever asked Subject to confirm or deny the rumor.

4. The root of the trouble, as AMYUM-19 sees it, is that AMBIDDY-1 in the person of Subject is encountering a seasoned pro who plays with consummate skill upon his vanity and who exploits his naivete which is that of "a 14 year old." AMBIDDY-1, in fashioning personal relationships, is unable to make adjustments to the circumstance that, being a person of some importance, his personal affections are not always cultivated on purely unselfish grounds.

5. AMYUM-19 claims that Subject's former husband, Roger Hermilio Rojas Lavernia, is attempting to blackmail AMBIDDY-1 and that some of AMBIDDY-1's seemingly closest associates may be harboring similar designs.

6. BECKHOFF restated the position of KUBARK as one of non-intervention as long as matrimony is kept in abeyance. Conversely, marriage and any ensuing scandal would force us to re-assess our position and, in extremes, might force KUBARK to withdraw its backing of AMWORLD.

7. AMYUM-19 expressed the view that AMBIDDY-1 would probably forego marriage if made aware of KUBARK's position as stated above. We rejoined that AMBIDDY-1, should he solicit our views (but not otherwise), would be told just that.

8. GUERTLER is hereby authorized to state KUBARK's position along lines indicated in Para 6 if the occasion presents itself.

4. [redacted]. Information acquired from Acasia VAZQUEZ Gallo of 1836 NW 15th St., Miami, who lived in Cuba at one block from Adelaida PADRON Cruz.

SOURCE 1:

Source reports that a group of 18 men belonging to the action groups broke with AMYUM because they were not in agreement with the manner in which AMBIDDY-1 uses the money of the organization.

According to these men, A-1 has assigned very good salaries to all his friends in addition to paying their rent and giving very good gifts to them. A specific example is AMULAVA-4 to whom A-1 gave $1,000 when he married.

According to source, A-1 bought a boat for a certain sum of money but said that he had paid a much higher price. This immorality has created great unrest among AMYUM members.

Source also reports that, at present, there are about 20 prisoners in the Nicaragua bases and that there are problems with KURARK on account of this (source did not give details).

Source claims that A-1 has already distributed all the political appointments for Cuba, including Councilmen's positions, among his friends and unconditional supporters.

SOURCE 2:

Source learned in a conversation with Silvia GARCIA Acosta that, at present, A-1 is having an affair with Adelaida PADRON Cruz and that some days ago A-1 gave Adelaida PADRON Cruz a house as a gift. That A-1 and Adelaida PADRON are now living in this house, which is a "dream." (Phone number PL-4-7912.)

Adelaida PADRON Cruz was married to prerevolutionary army Major Roger ROJAS Lavernia, and A-1 paid all the expenses for Adelaida

1. AMBIDDY-1 was reminded that he should make a quick trip to the Dominican Republic to see President Reid and to arrange for drydocking and refueling facilities. A-1 was advised to use a more subtle approach than used on Colonel Lopez of Honduras. A-1's main objective should be to get "his foot in the door" in the Dominican Republic. A-1 should pursue the soft sell rather than the hard sell. Since he sounded a bit reluctant to forego the next operational phase in order to repair the ADELAIDA, A-1 was reassured that the overhauling of the ADELAIDA would take place after the operation rather than before. A-1 will take AMJAVA-4 with him to the Dominican Republic. Should President Reid ask for the name of the shipping company who will act as the agent for Maritima Bam, A-1 should say it is the Boyd Brothers Shipping Company.

2. A-1 was asked if he had obtained his U. S. visa. A-1 replied he has all the documents ready and will request it next time he goes to Nicaragua.

3. A-1 has no objection to AMYUM-19's attending the next meeting in Puerto Rico. The undersigned informed A-1 that we are preparing the intelligence data on the ~~...~~ targets he requested, and they will be presented to him at our meeting.

4. A-1 commented if it would be possible for Kelly to arrange fueling facilities at Bluff with Texaco Oil rahter than Esso. The person in charge of the Esso company in Bluff apparently is not in sympathy with MRR movement; therefore, A-1 is reluctant to deal with Esso. A-1 inquired if the person in charge of Esso could be replaced. A-1 was informed that although Kelly enjoys a great deal of influence with Esso we doubt that he has that much influence. As it stands now the LCM obtains supplies there and it is then tranferred to the ADELAIDA because A-1 is reluctant to take the ADELAIDA near the Esso installation.

5. In conclusion A-1 was complimented on the manner his organization behaved during the operation.

6. Should A-1 obtain any definite information as to when he will be going to the Dominican Republic he should call our office in order that we may make our own traveling arrangements.

1. The undersigned telephoned AMBIDDY-1 at his home in an attempt to reach him before his return to Miami became too well-known and he became engrossed in other matters.

2. A-1 was advised that one of the most urgent matters now pending was his trip to the Dominican Republic to meet President Reid to resolve the problem of drydock facilities for the ADELAIDA.

3. It was obvious from the sound of A-1's voice that he was still half asleep and further conversation at this time would be useless. A-1 was requested to call Martin at the office later in the day.

AMWORLD Meeting in San Juan, P. R., 2-5 May 1964

SUBJECT: Reality of Autonomy

1. On 4 May 1964 HQS representatives raised with AMYUM-19 the question if AMBIDDY-1 in his own mind accepts the premise of independence from KUBARK control in his management of AMWORLD affairs. AMYUM-19 replied that AMBIDDY-1 had not always done so, but had now become convinced that he was in de facto control of AMWORLD. Commenting upon that fact, AMBIDDY-1 had recently remarked that he now thought he could, if he so decided, fire [sic] both AMJAVA-4 and AMYUM-19 without KUBARK attempting to gainsay him.

2. The arrival of James ZABOTH on the scene had at first re-kindled AMBIDDY-1's suspicions that KUBARK may after all try to clamp tight controls upon his operations. However, ZABOTH's general approach had disarmed those suspicions and convinced AMBIDDY-1 that he is in fact master of his destiny. AMYUM-19 reminisced that AMBIDDY-1 had in the beginning suspected him and AMJAVA-4 as being KUBARK plants. AMYUM-19 added he wanted to be quite candid in telling us that he would not himself have accepted a position in AMWORLD had he entertained the slightest doubts as to the sincerity of KUBARK's promise of autonomy.

3. We re-emphasized our adherence to the principles of autonomy, witness our desire to disengage from extensive involvement in AMWORLD logistics, our non-interference in personnel matters (except where overriding ODYOKE security interests are involved) and our future handling of subsidy payments.

4. Comment: We found no reason for disbelieving AMYUM-19's acceptance of autonomy as the principle guiding our role in AMWORLD. As an aside, AMYUM-19 observed that AMBIDDY-1 should not be expected to subordinate himself to PBPRIME controls of any kind once PBRUMEN had been liberated and we allowed that this was likely to be the case.

AMWORLD Meeting in San Juan, P.R., 2-5 May 1964

SUBJECT: Cackling Over Unlaid Eggs

1. AMYUM-19 confided to us that AMBIDDY-1 had, prior to the launching of Operation ZENON, prepared a "three and one half page" news release which laid exaggerated claim to damages inflicted during the raid on Santa Cruz del Sur. Only the last sentence stated, more or less as an afterthought, that this should be considered just a minor MRR operation. AMYUM-19 has told AMBIDDY-1 that in his opinion any future announcements should be held down to one or two brief paragraphs.

2. We pointed out to AMYUM-19 that AMBIDDY-1 was evidently paying no more than lip service to our recommendation that he under--rather than over--play his successes. During the Washington meeting (19-21 March 1964) we had criticized a statement made by AMBIDDY-1 during a Miami press conference to wit: "We do not have enough boats. In one night we can make two trips but not more, but we are doing it. We will fill the country with enough arms to free the country from communism." We took the position that if we were in AMBIDDY-1's shoes we simply wouldn't let on about military matters since this plays into Castro's hands, giving him gratuitous access to military intelligence. AMBIDDY-1 countered by asking us how he could raise the morale of the people without saying anything and without talking about successful ops inside.

3. We mentioned to AMBIDDY-1 that any vital information not publicized makes the task of Castro's espionage service that more difficult. Besides, things had now come to a pass where little credence was placed in claims of success and promises held out by Cuban exile leaders. What really counted was the demonstrable substance of success inside which speaks for itself. AMBIDDY-1 would be much more effective by preserving a posture of inscrutability. We counselled AMBIDDY-1 to resist a natural tendency to

SECRET

inflate the significance of his initial successes and to present them in their proper perspective. He should refer to those successes as mere appetizers, with the main dish to follow later. This approach rather than the claim of a big victory would arouse the kind of interest, and in Castro's case, the kind of premonition which carries psychological impact.

4. We doubt whether AMBIDDY-1 at this stage is prepared to heed our counsel to be conservative in his claims to victory. In the unhealthy climate of competition, engendered by the spectacle of numerous exile organizations vying to be the first, AMBIDDY-1 may be unable to resist the temptation to broadcast his victories and to exaggerate the damage they have inflicted. He will have to learn the hard way.

AMWORLD Meeting in San Juan, P. R., 2-5 May 1964

SUBJECT: The Nature of the American Commitment

1. Alluding to certain charges levelled against CIA in a recent publication on the Bay of Pigs affair, whose substance was that the Cuban military leadership had been served with erroneous intel estimates by their CIA advisors, I voiced to AMYUM-19 the hope that the U. S. team servicing AMWORLD would never be subjected to similar censure (without implying justification for charges made in the instance of the Bay of Pigs). I reiterated that it was our strong desire to be absolutely forthright with our Cuban counterparts, especially in stressing that our target intelligence had by its very nature to be of limited usefulness, especially when it came to predicting the extent and nature of Cuban defense measures. As an example, certain radar sites had struck us as highly vulnerable to external raids, but that this estimate might not necessarily be borne out if put to the test of an actual operation.

2. In the general context of pacts fulfilled, I once more pointed out to AMYUM-19 that the American commitment to AMWORLD was a tenuous one and that I would never be able to give an estimate of U. S. Government intentions vis-a-vis AMWORLD other than what can be deduced from the events of the preceding day. As an example, official American reaction to the widening repercussions of a limited AMWORLD success in raiding Cuba was simply unpredictable. AMYUM-19 hastened to assure me that AMBIDDY-1 was indeed fully cognizant of the circumstances I had outlined and that this sense of urgency in commencing operations was partly a reflection of a sense of insecurity engendered by the official American posture in respect to Cuba.

CONTACT: AMYUM-19

TIME AND PLACE: 0930-1100 Hrs. 4 Apr. 64, S/H 269

NEXT MEETING: Unscheduled

SUMMARY

1. A-19 was asked to provide the Case Officer with a sample of recent AMYUM radio programs. (Comment: P/W requested this. A Station contact is considering producing a "Monitor"-type program, originating in Miami, and broadcast over WRUL. All exile groups would be represented and it would provide a means for special broadcasts such as announcements of any successful AMWORLD ops, etc.

2. Reports from Nacin Elias frequently mention an action group known as "M.I.D", one of whose leaders uses the war name "el Diablo". A report from Nacin dated 16 March included an appeal for help in exfiltrating "el Diablo" and some others who are in danger. A-19 has heard that six men of the M.IDD. have just come out. One of the men is said to be "el Diablo"(Comment: Confirmed by BARR 1553) After they have been processed and debriefed A-19 will have them debriefed by AMFAST-64 and Alonso. A-19 believes that this group is the source of most of the documents furnished by Nacin and are either the only worthwhile contacts of Nacin or are completely controlled by the GOC. The latter theory is probably the correct one.

3. A-19 thinks that the captain of the Adelaida will eventually be replaced by Hunne if he does not quit first. He is still not exercising the kind of leadership necessary for military ops. This, of course, will necessitate finding a new captain for the Dolores. Of the three crewmen who recently left the Adelaida, two were having difficulties with the rest of the crew and one, Jose Cabezas, left after his brother had been fired by AMBIDDY-1.

4. Guertler asked A-19 if AMWORLD-2 had received a security briefing recently reminding him not to discuss AMWORLD business. A-19 wanted to know if A-2 was still talking too much. The undersigned replied that quite a bit of information pertaining to AMWORLD was coming accross his desk and that it appeared to come from AMWORLD-2. When sufficient details are available it will be called to the attention of the Consejo and AMBIDDY-1, but in the meantime A-19 can remind A-2 to keep quiet about AMWORLD business.

5. Infiltration candidate Pablo Roberto FERNANDEZ Perez, PDOB

Guantanamo, Oriente Province 7 June 1916 may be identical with the subject of an AMOT report listing him as candidate for councilman of Guantanamo City Hall on the PSP slate during the Grau regime and stating that his son is private secretary to Carlos Olivares, Undersecretary of Foreign Relations Ministry of the GOC. A-19 was so informed and was asked to have an investigation made, taking into consideration both the CI and operational leads aspects of the matter.

6. Aida PEREZ Pozo. Guertler asked what her function was with AMWORLD. A-19 admitted that he was surprised to see her name on the payroll. She is working with Mole in intelligence. She has all the lesbian contacts in the city and knows everything that goes on. Nothing can be done about it because she is another "woman of confidence" of AMBIDDY-1.

7. The Case Officer brought up the matter of telephone security, the possibility that A-19's private line and his home phone could be tapped, and suggested the use of pay phones for operational calls, especially to the Consejo. In order to make use of direct dialing A-19 could call the Consejo giving his number and await the return call. (The Consejo might want to bring this up with A-1) According to A-19 Mole's group is monitoring all calls to AMYUM headquarters but he does not think his private line (the one used by GUERTLER) is monitored. In reply to the Case Officer's question A-19 said that A-1 does his business calls from his home, i.e. the house of his mistress. The Case Officer commented that this fact was known to another group (unspecified) and let the matter drop.

8. The reason for the blown AMYUM safe house: While the AMYUMS were on the roof stringing the antenna one of them drove his car onto the lawn of the neighbor so that it would be in the shade of the neighbors tree. Naturally the neighbor came out to see what was going on. He did see. As A-19 said, when he learned of the incident he had to laugh (albeit somewhat hysterically) The only alternative would be to kill the idiot. Guertler agreed. We can only hope that the next safe house will be very isolated.

CONTACT REPORT # 55

OPERATION: AMWORLD DATE TYPED: 7 Apr 64

CONTACT: AMYUM-19

TIME AND PLACE: 1500-1630 Hrs., 6 Apr 64, S/H

SUMMARY

1. Attached are two recent reports covering the activities of Jose Elias aka Nacin. The Habana contact, Bernardo Nievares has informed AMYUM that if he can be picked up he will be able to come to the WAVE area for about 15 days for debriefing and training. The Ramon Mondejar Cid, aka "el diablo" mentioned as having been released by the G-2 and waiting for exfiltration is currently in the WAVE area, having escaped with four others. According to A-19 they have been interviewed by ODURGE and were told to have no contact with any other PBRUMEN groups because they could receive special training and be sent back to work against AMTHUG. The AMYUMS have been debriefing the five for several days with the same idea in mind. GUERTLER will get the reports when the debriefings are over. A-19 has not gotten the preliminary reports but says Alonso is impressed with Mondejar. As for the exfiltration of Nievares AMYUM has no intention of attempting it but A-19 is considering offering the opportunity to do so to Aldo Vera (see below).

2. Aldo VERA Serafin (201-326634) This subject is a former member of the DTI, recently considered for use in an attempt to defect a GOC official in Madrid. The AMYUMS consider him a good action type and sought him out with the intention of infiltrating him and his group into Habana province. He is presently receiving special training for the job. Vera's file generally substantiates A-19's evaluation of the man. However, local traces do contain unsubstantiated accusations that he is a G-2 and that he maintains contacts with alleged G-2 agents and informers. An ODENVY report in 1963 said that Vera was engaged in transmitting and receiving messages by radio with Cuba. The Case Officer informed A-19 that while he had nothing definite to offer by way of proof he had some doubts about Vera and cited the above. A-19 says that Vera does have radio contact with friends in Habana (voice) and that he offered his radio facilities to AMYUM. Assuming that Vera himself is clean, A-19 was cautioned to have all internal contacts checked out and to obtain a complete report on Vera's plans before making any commitments. The undersigned continues to have some reservations but Verawas requested by AMSHAG-1, and A-19 likes him so far. Guertler will pursue the matter further at a later meeting.

3. AMLILAC-2 has been told by ODURGE that as long as AMYUM requests permission for him to leave the country he will be blackballed. (see previous reports for reason for blackballing). According to A-19 ODURGE suggested that if he was to be used he could be taken out as a crewman on the Adelaide. A-19 wanted to know if it was SUBARK that was keeping him on the list. Guertler pleaded ignorance

14-00000

and remarked that it could be for any number of reasons completely unrelated to his past relations with KUBARK.

4. 16 PRQ Is were turned over for traces. The various group leaders are continuing to recruit for their groups. The Case Officer suggested that they might employ their time more profitably by working with what they already have and leave the recruiting to AMYUM-23. A-19 agreed that the system had to be changed in fact. It was changed in theory some time ago. Guertler suggested that it would be a lot easier on all concerned to look for people with the qualifications to fill existing slots instead of the present procedure of looking for jobs to give all the volunteers that present themselves. After having screened at least a thousand volunteers we still keep getting PRQs on potential cooks or people for whom no specific job exists but who are considered "very good boys". A-19 agreed. Probably nothing will change.

SUBJECT: ACTIVITIES DEVELOPED BY OUR AGENT MACIN SINCE LAST REPORT DATED MARCH 16 64.

Report of MR. MARIO CASAS WHO WORKS WITH SF-1 IN THE RAILWAY SECTOR OF ORIENTE.

He informs that in Guantanamo, Oriente the railway sector has organised a cell. It is composed of: Pablo Eduardo, Coordinator; Jose Sanchez, Vice (coordinator); Luis, Organization and Romualdo, Military Coordinator, promising to advise later on who the Treasurer is.

He also advises that railway equipment continues in the same state; breakages, accidents and stoppages at the Sugar Centrals for lack of sugar cane and transport equipment. They continue to move equipment and troops at night in large scale. The opinion is that this movement is merely a bluff.

REPORT OF BERNARDO NIEVARES, OF HAVANA, KNOWN BY BENNY.

Advises he is anxious to have news and instructions from us; states that altho' true that he has made a pact with us, he will not be able to continue under present conditions. Insists it is necessary he be given plans of concrete jobs and instructions he can give the men who are anxious to fight over there; that as long as this does not happen, he feels he is only on the border of activities and while we may be satisfied, he would not like to land anyone (in Cuba) specially under the present circumstances where repression throughout the islandis tremendous.

He insists we be sincere with him and give him replies to these various points: What has the National Direction in Exile of the MRR resolved concerning the "MIR" and its integrated organizations. "What plans will they carry out(his group) in the internal fight for the liberation of Cuba" Secondly: "We urgently need a more effective communication; hoping that you already have the necessary means.- On our part, we are already in contact and making arrangements with embassies for the correspondence with Miami.- We'll advise you the results." - Thirdly: "It is necessary that you urgently answer me if we can make contact with the American boats stationed in front of Havana, in order to exfil "DIABLO" and other compatriots who are in much danger". We have the necessary ship to transport them. The boat will give 3 flashes at one minute intervals each with a lapse of 10 to 15 minutes." "I ask you to try and do what you can to help these brothers in misfortune." Fourth - "On the 12th (March) one of our men,"Michel Adam" left for Lebanon via Mexico with correspondence for the address in Miami". - Fifth - Dr. Gomez' contact has not proved as effective as we had hoped; we have met only twice and nothing else has happened."

Miami, 5 April 1964

FROM: INOCENCIO ALONSO

TO : AMYUM-19

REPORT DATED 27 MARCH 1964 RECEIVED FROM OUR AGENT "NACIN"

In a letter dated 27 March 1964 Agent "Nacin" says to SUSPEND THE PRODUCTION OF PASSES FOR THE GUANTANAMO NAVAL BASE, of three colors and with different specifications which were ordered according to samples or patterns he had sent, because the Castro Regime announced that as of 6 April they would be changed. That as soon as he can obtain the new models he will send them so that 50 copies of each color can be made.

Bernardo NIEVARES, more known as "BENNY", in a report dated 18 March 1964, says that Ramon MONDEJAR Cid, known as "EL DIABLO" has been set free, together with four other men who were arrested with him, and now all five have been relieved of all activity for security reasons and are waiting in Havana to leave the country.

He adds that if there is a delay in complying with the promise of getting them out of Cuba, he will have to do it himself.

He also reports that Michel ADAM was able to leave Cuba through the Lebanese Embassy, where he took refuge, and is now at the following address: "MORAY YARTCHI MIGDALYA, Zagarta, Lebanon".

Regarding Intelligence Reports, he says that he could do much more in that respect, but he has to avoid contacting men whom he cannot brief on our situation, and the state of desesperation which exists among them in Cuba. From what Nacin sees from Benny's messages, he says that he does not have other orientations to give him, and that he has to continue in the same conditions as he has been until now. He says that the person who brought that message refuses to establish contacts, and requests to

OTHER INFORMATION OF BERNARDO NIEVARES, OF HAVANA, KNOWN BY "BENNY", ON MILITARY INTELLIGENCE

Proclaims having knowledge that in the place known as "La Puntilla", at the mouth of the river Almendares, there exists large quantities of antiair batteries, among them "4 barrels", and other major types.

They have also observed large quantities of anti-air artillery in the "Cubanacan" development, along the coast, in front of Villanueva University. This same type has also been observed along the coast of Baracoa, Barlevento development, where they have "4 barrels" and other pieces of major size.

At the Hotel National of Havana, they changed the "4 barrel" anti-air to long range anti-air cannons.

Between the towns of Bahia Honda and Cabanas, there is a Tank Camp where it is calculated there are about 300 tanks of various sizes.

He professes to have knowledge that on the road which goes from La Rotonda of Guanabo to the road to Guanabacoa, there is a Russian Camp where there is a large amount of "rockets".- It is believed they are long range by their size; since they did not see this size at the last military parade they had in Havana.

On the 23th of Jan 64, 26 trailers with this type of cargo were seen on this road; this took place around dawn.

He states: "below I list the various acts of sabotaje comited by "MIR" in Havana province:

At the "Josefita" central in Nueva Paz, Havana province, a piece of steel was put into the sugarcane grinder causing great damage.

In the zone of Nueva Paz, Palos and San Nicolas of Bari, in Havana Province, they caused 10 rows, causing large losses;all this in the month of January. In the month of February they produced 18 fires at the Municipal terminals of San Nicolas, Alquizar, Quivican and Guines, also in Havana province; and lastly, between the 2nd and 3rd of March the "MIR" carried out 9 fires between San Nicolas de Bari and Nueva Paz, destroying more than 300,000 arrobas of sugar cane according to the proper local red authorities.

rapidly answer him because he has to be in Havana early next Saturday and so avoiding things to become complicated.

"Benny" also includes two INTELLIGENCE reports dated 20 March 1964 in which he says:

"The Air Force Captain, Remigio GONZALEZ Espinosa, is being actively sought by the G-2. The charges are that he took apart the controls of five "MIG-21's" on 2 March 1964, one day before practices, in the town of Mariel, Pinar del Rio Province, provoking the crashing of a "MIG-21" in which the pilot, Captain DOMINGUEZ Blas, and a woman photographer of the "FAR" lost the lives."

The other report says:

"Soldier Armando GUEVARA L., was declared a REBEL because he did not agree with the Government, was captured by the G-2 in Guaimaro, Oriente Province, at the beginning of March 1964 and was executed the 14th of the same month."

CONCLUSIONS: This acting officer says that, according with what was reported by Bernardo NIEVARES, known as "BENNY", in his reports to Nacin, regarding the news that the G-2 set 5 men free: Ramon MONDEJAR Cid, known more as "El Diablo", together with 4 other men, it is to be noted that actually, Ramon MONDEJAR Cid and the other four men, Pablo Gilberto VARGAS Diaz; Ramon NIEVES Guirao, known as "RAMON I"; Jose ARAGON MILIAN, known as "CARRAGUAO" and Rodolfo LICOR Montesinos arrived to this city on 2 April 1964 by clandestinally by boat, after they succeeded to arrive 20 miles away from Cuban coasts, where they were picked up by the U.S. Coast-guards and taken to Key West, Fla., where they underwent interrogations by the American Immigration Authorities and now are free in this city of Miami, Fla.

That all have been located by the undersigned and interrogated separately.

.../

14-00000

As soon as the job is finished, the results of thiese interrogations will be passed on to the Superior Offices for information.

That the undersigned took note and suspended all production of the passes for the Naval Base which were previously received, waiting to receive the new passes offered in this report.

CONTACT REPORT #56

OPERATION : AMWORLD

DATE TYPED: 10 Apr. 64

CONTACT: AMBIDDY-1, AMJAVA-4, AMYUM-19

TIME AND PLACE: 1030-2400 Hrs., 9 Apr. S/H

SUMMARY

1. The Case Officer confirmed that A-1 had definitely decided not to attempt Operation Genesis and will mount Operation Zenon instead. The undersigned agreed that this was a wise decision since the latest reports indicated increasing hostile naval activity in the area, making chances for survival extremely slight, and reminded A-1 of his recent speech in which he stated that AMWORLD propaganda was in support of military operations and not the reverse, hinting that AMBANG would sacrifice his men for the sake of publicity for himself. A military operation, even if it failed completely would not be as harmful as an obviously publicity stunt that cost lives and equipment. A-1 appeared to accept the necessity for postponing Genesis but was obviously disappointed at not being able to land his sharpshooter to take a shot at the guest of honor during the military review.

2. A-1 and A-4 were given the sequence of Q signs to be transmitted during the test run of the signal plan to be used during the op. The Case Officer reminded A-1 to tell his people that the transmissions will come from one of his bases, and to make certain that the captain of the Adelaida has his copy of the key. The writer suggested that A-1 merely inform that ship to monitor the frequency and to report to A-1 what signals were received and what action would have been taken.

3. Guertler asked that the Consejo be informed of the Q signs to be used by the Adelaida and the intermediate craft and the base. A-4 said that it would be sent up by radio.

4. The writer suggested that the hourly position reports be started right away to be certain that all would function smoothly during the operation. Since around-the-clock monitoring of the ships transmissions will interfere with Disneyland communications with other bases a second radio will be required. One of the agent radios will be taken to the base.

5. A-19 has not located a site for the WAVE transmitter. Alonso has several prospects and A-19 will inspect them and inform the Case Officer soonest. In the meantime, Guertler suggested using the AMYUM office since amidst all the confusion it would probably not attract attention. A-4 was also reminded to furnish us with the signal plan for the WAVE/ Nicaragua link. (The plans to communicate with Managua were abandoned. Commo will be with Disneyland

6. The complete operational plan for Zenon was turned over to the Case Officer on 10 Apr. The essentials were cabled to headquarters.

The remainder will follow by Dispatch.

7. Guertler suggested Curaçao as a suitable place for drydocking
Adelaida for needed repairs after the operation. A-1 demurred,
stating that it would be needed for an infiltration op on 3 May.
A-19 was told that it was of the utmost importance that the AKL
Dolores be provided with a top quality captain and engineer,
regardless of cost or nationality, that the equipment was very
sensitive and was irreplacable. A-19 stated that it would be a
problem, especially the engineer, but that he would do so. Guertler
offered no suggestions where to look, merely commenting that now
that AMWORLD had made many commercial contacts he should be able
to obtain assistance in locating a good man for the job.*

8. The complete crew for the Dolores has not been signed yet. Some
of the crew from the Adelaida can fill in while she is in drydock.

9. A-19 was told that the Consejo was negotiating for Standard Oil
of New Jersey to provide AMWORLD will its fuel on a regular basis
and that the company wanted a letter from some prominent Nicaraguan
official stating that this was acceptable to the GON.

10. The Case Officer asked A-19 if AMWORLD-2 had closed his Swiss
account for certain. A-19 replied yes. The writer then told him that
that was good because the $25,000 used to open the accound would
be refunded to A-2 and that instead of returning it to the Consejo
they could keep it and we would deduct the amount from the next
month's budget (they have spent most of it already). Shocked looks
around the table. They have already spent most of it. It was
included in the unexpended assets reported three months ago and
was deducted succeeding month's deposit. Henry said we could spend
it. The writer professed surprise since this money was not allocated
to the project but was only to be used to keep the account open.
This lead to a series of complaints about PBPRIME business methods,
the fact that Ramsay Scarlet has recently billed them for $30,000
for something incurred in November, and was that any way to run a
business. The writer commented that they just didn"t understand
anglo-saxon psychology and called it an evening, wishing them
the best of luck on their operation.

*This will be discussed with A-1 later, after the operation.

CONTACT REPORT # 57

OPERATION: AMWORLD

DATE TYPED: 14 Apr. 64

CONTACT: AMYUM-19

TIME AND PLACE: 1500-1630, 13 Apr. 64, S/H

SUMMARY

1. 22 PRQ Is turned over for traces.

2. As per UFGW-3513 A-19 was reminded that in the future it was absolutely necessary that the AMWORLD monthly accounting be received on time, otherwise our payments may be delayed.

3. Payroll changes: Guertler discussed the payroll changes noted in UFGW-3490. The two crewmen mentioned were terminated for being AWOL but were carried for two months before being told that they would not be given another chance. The two examples cited for pay increases are explained by the fact that while the two men were still in the WAVE area they received no family allotment. They are not at the camps and so are being paid more. A-19 was reminded that the insurance forms must be submitted in order for an AMWORLDER to be covered and that if a person is terminated all coverage ceases and will not be resumed automatically if the person is re-hired. A-19 says he understands this perfectly and will keep us up to date on all hirings and firings.

4. A-19 was reminded that some of the PRQ Is submitted for traces are unnecessarily vague, citing the case of one submitted from Puerto Rico on Oscar RODRIGUEZ Fernandez. The subjects record of employment lists "Secret Police" without indicating when or for what government.

5. The Case Officer told A-19 that the Consejo had learned that Captain Reinaldo BLANCO and Gustavo de los REYES may wish to contact AMBIDDY-1 and that they might prove useful and should be given a hearing. A-19 replied that BLANCO had been trying to see him for two weeks but that he had been stalling because he did not know what he could do with him at this stage of the project. The Case Officer recommended that he should be given a chance since he might prove useful in the future. A-19 said that he would get in touch with him.

14-00000

6. Guertler asked A-19 if he knew the circumstances surrounding the case of Blas COMAS Castro, captain of a JURE boat reported to be in trouble after having received a letter from AMBIDDY-1 thanking him for signing up for AMWORLD. A-19 said that he would check, but as far as he knew the man must have filled out a form, and that it was not a frameup.

7. Ramon MONDEJAR Cid and the other members of the M.I.D. recently arrived from Habana have been completely debriefed by the AMYUM intelligence section. Very little was revealed by them during their processing at the Refugee Center, but they have been very cooperative with the AMYUMS. They have been kept isolated from the rest of the PBRUMEN community with the intention of training them and sending them back. A-19 would like to use Aldo VERA Serafin's group to reinfiltrate this group and pick up the Habana coordinator, Bernardo NIEVARES. Now that Nacin is not available, having been kicked out of YOACRE (at KUBARK request, according to A-19) the AMYUMS have no way to contact NIEVARES. A-19 mentioned using his embassy contacts to do this, but the writer strongly urged him to keep this group completely compartmented from any other groups. So far MONDEJAR has made a very favorable impression on his interviewers but very little is known about the coordinator, Benny NIEVARES. Guertler suggested that A-19 should have these people questioned about what they know of NIEVARES, the circumstances surrounding their recruitment. This group was sent with the specific mission of contacting AMBIDDY-1 and asking for material help. From what is known of this organization it seems quite likely to be a provocation, and as A-19 admits, these people are either unusually competent or completely controlled. A-19 wants to put them to the test by providing them with sab material and asking them to hit a specific target before discussing the matter of further financial or material aid.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation with AMBIDDY-1, 9 April 1964, 1315 hours

1. The following was relayed to AMBIDDY-1: "We are glad you have second thoughts about Playa Giron. We have received more information about military, especially maritime, build-up in that sector which would make any landing attempt virtually suicidal." AMBIDDY-1 stated he would confer with AMJAVA-4 and AMYUM-19 and give us his final decision as to whether or not this operation would be run. AMBIDDY-1 commented that one life meant more to him than the entire operation. However, A-1 again reminded this office of the impact an attack on Playa Giron on the 17th of April would have on the morale of the Cuban people. The undersigned replied that there are two sides to the coin; should their operation fail, this would play into the hands of Castro, and it was the opinion of this office that the alternate plan would also do much to raise the morale of the Cuban people.

2. In conclusion it was reaffirmed to A-1 that the final decision is his. He replied that after his meeting with AMJAVA-4 and AMYUM-19 he will let us know the final decision.

SUBJECT: Telephone Conversation between AMBIDDY-1 and Martin

DATE : 9 April 1964 at 2000 hours

1. AMBIDDY-1 stated he had been unable to obtain the address of the Tampa barge and he was leaving this matter to AMYUM-19.

2. Concerning the DC-3, A-1 stated that Manuel Hernandes had talked to Petrosky. Petrosky did send a letter to Talaria instead of Carrillo as A-1 had informed this office before. A-1 will get a complete story from Hernandes upon arrival in Costa Rica. A-1 was advised to move the DC-3 to Panama under some pretext beofre Talaria notifies Carrillo of the cancellation of the charter. The logic behind this is should Carillo decide to cause some trouble it would be difficult for the DC-3 to leave Costa Rica.

3. In conclusion the undersigned conveyed to A-1 our wishes for a successful operation.

Headquarters Comment. The following is a résumé of the political philosophy of Manuel Artime Buesa, leader of the Movimiento de Recuperacion Revolucionaria (MRR, Movement for Revolutionary Recovery) as prepared by Source. It is based on statements made by Artime in his speech on 18 March 1964 to the Associación para Recuperación Económica de Cuba (AREC, Association for Economic Recovery of Cuba), on his first publication entitled Comunismo por qué? (Communism for what?), which was written nine months before Castro came to power, and on Artime's book Traición (Betrayal).

1. Artime does not believe in political extremes — neither the left nor the right. He believes that extremes always end by touching one another. If any extreme gains power in Cuba, and in the case of the extreme right by imposing a dictatorship, he will continue to fight with weapons in hand. Artime does not believe in the classification of men by race, by political ranks in former governments, or by money. He confesses to being an opportunist in the sense that he is taking maximum advantage of each opportunity, but not in the sense of changing his beliefs in accord with opportunities.

2. The main theme of Comunismo por qué? was that more than a change in government a change in the conscience of men is needed. It outlined the duties of the padrón (landowner) toward the workers so that the latter may live in dignity and honor. The padron should feel that the problems of his workers are also his problems. The worker, in turn, has certain obligations to the padron. If this quid pro quo is not adhered to, a (Christian) government has the right to intervene for the common good. In his letter of resignation to Fidel Castro accusing the latter of being a

Communist and traitor, Artime mentioned that he resigned because Castro had not been honest with the businessmen by not telling them their property would be confiscated.

3. The following excerpts from Artime's book Traicion clearly outline Artime's ideology:

a. "We believe the state should foment and stimulate private economy, both national and foreign. We have to have an effective democracy in Latin America because the word democracy in that area has been prostituted too often. Many countries call themselves democratic but in reality are nothing but militarist and demagogic, and many simply go through the motions of elections. Many are simply totalitarian governments which are living off the blood and toil of the people. The corrupt politicians, the strong men, the totalitarians have been the strongest allies of Communism. Our fight is not against one man, it is not a war of personal hatred--it is a war against the doctrine of hatred, be it called Castro or what have you--it is a war against a doctrine; we are as much opposed to Khrushchev as we are against Tito. We are as much opposed to the totalitarian left as we are opposed to the fascist right."

b. "We don't care if they call us extremist. They will continue to call us rightist or leftist, fascist, philocommunist. I recall the words of Don Quixote when he was passing on the outskirts of a small town and Sancho said to Don Quixote, 'Sir, the dogs are barking at us,' Don Quixote replied, 'Let them, Sancho, if they are barking it is because we are moving. And we will continue to move.'"

c. "They say we are very ambitious. Our ambition is that in the coming days when Cuba is liberated people will pronounce our name with respect in our country."

d. "Our men in Cuba are not only fighting for the independence of our country but also for the independence of the American hemisphere, for the survival of Christian principles in America, for the Western world." Artime maintains that the situation today is much the way Lenin would have hoped for. Britain and France have recognized Red China; the U.S. is at odds with these two governments--this is exactly what Lenin would have wanted. Artime has supported his statements, by quoting Lenin, "Within 30 years we will embark on a peace offensive, of coexistence, and we will split the free nations and smash the impotent bourgeois."

e. "The battle-ground for Latin America lies 90 miles from our shores. Should the Western world lose this battle, the sleeping giant (Latin America) will wake up on the side of the Communist camp. Then it would be preferable to be dead because the free world will have ceased to be."

f. "We are all guilty for having turned over Cuba to the hands of men who could not govern her properly. We have knocked on doors and will continue to do so because our cause is honorable. We cannot afford to wait for miracles. We must prepare for a long fight and not expect the aid of such organizations as the OAS and the UN. It is up to the Cubans to liberate Cuba. If we are not going to wage a war of principles, I will not join that struggle."

DATE : 6 April, 2000 hours

1. AMBIDDY-1 began the conversation by announcing that he had dismissed seventeen frogmen from AMWORLD and "the next ax to fall" will be on the mothership ADELAIDA.

2. At this time A-1 was informed that the people who had trained Munne were very satisfied with his performance and Munne is now considered capable of being captain of ADELAIDA.

3. A-1 expects to leave for the bases in Nicaragua and Costa Rica on 9 or 10 April.

4. A-1 would like to have the dry run of the operation scheduled between 9-11 April. The operations will commence on 12 April.

5. A-1 was told the idea of using the DMJM engineers has been cancelled. A-1 sounded very pleased and stated they were too elaborate for his operation. However, A-1 would like that the survey conducted by the American engineers be submitted to him. A-1 was advised that since he paid $31,000 for this survey it will be submitted to him by the American engineers. A-1 was also advised that we are conducting a survey of our own which will be sent to him. Our project centers around using the Tampa barge as a floating dock. A-1 commented that AMJAVA-4 had had the same idea. A-1 was asked to send us the exact address of the Tampa barge.

6. A-1 has obtained his visa papers in Nicaragua.

7. A-1 would like to have several of the village radios sent to him in Miami in order to hand carry them to Nicaragua. A-1 was informed we would have to check into the matter.

8. Upon arriving in Miami, A-1 accidentally met Luis Somoza. The latter stated he is going to Egypt, Italy and West Germany. On his return he will stop in Washington to speak to President Johnson and Attorney General Kennedy concerning "his plan."

9. Regarding General Somoza, A-1 mentioned he had no trouble obtaining the contract for the Dolores from the General. A-1 will get the document on his next trip to Nicaragua.

10. A-1 was asked if there were any difficulties in Costa Rica. A-1 stated there was "a little trouble," but nothing of major importance. Cornelio Orlich had spoken to A-1 during his last visit and the former had stated that there would be some grumbling on the part of the Government of Costa Rica but this was intended only to placate the opposition. Cornelio Orlich is scheduled to be operated on for an ulcer on 7 April. Should there be any need to deal with the Costa Rican Government, A-1 will deal directly with President Orlich. A-1 expects to see the president on his next tour through Central America. (There was no indication during this portion of the conversation that AMWORLD would be asked to leave Costa Rica.) A-1 was asked if he still stood by his original guess on Cornelio's age, that is, 73. Martin informed A-1 that reports we had received indicated him to be in his 50's. A-1 stated if he is 50 he looks like 73. A-1 asked if we wanted toknow his exact age. A-1 was told not to go to any trouble to obtain it; we would just like to know for our own information.

TO: [redacted]

20 Mar 64

SUBJECT: Appearance of Manuel ARTIME Buesa at the A.R.E.C. Session on 18 Mar 64 in the Everglades Hotel, Miami.

At exactly 1550 hours, 18 Mar 64, Manuel ARTIME Buesa appeared before A.R.E.C. members. ARTIME spoke for one hour and twenty minutes, finishing his speech at 1710 hours. During that time he answered questions from the audience.

ARTIME dedicated the first hour of his speech to "presenting his credentials" (that is how he called what he was going to say). During that hour he gave a recount of his actions, beginning with the letter of resignation which he sent to Fidel CASTRO in Cuba, and then reading excerpts from things published in exile by the M.R.R. and from his "Political Testament" which he claimed to have written in the Guatemala training base in the 24 hours preceding the departure for the Bay of Pigs invasion, etc., etc., up to the present time. He finished that part of his speech by declaring that he respected the Constitution of 1940, that he was fighting against a system not against one man, and that he would continue to fight after the fall of Fidel CASTRO Ruz if another dictatorship were established in Cuba—either a rightist or a leftist dictatorship—or if it was simply an attempt to exchange Fidel for another person, no matter who it might be.

Then he said that many persons said he was an extreme rightist and others said he was an extreme leftist, that others said he was an ambitious individual, and others said he was an opportunist. That all he could answer to those who said he was an extremist was that he did not like extremes, either of the right or left, because these extremes always ended by touching each other. That to those who said he was an ambitious individual he replied that yes, he was ambitious, but that his ambition was for his name to be spoken with respect some day in his country. That he had the ambition that at least, after his death, it would be said: He was a worthy man. That, in short, what he had was a great ambition for History. That to those who said he was an opportunist he could say: "If opportunism is making use of every moment and every opportunity to do something for the country, I am an opportunist. If opportunism is

changing ideas in accordance with this or that situation, then I am not an opportunist because I do not change my ideas. I have upheld the same ideas since I appeared in the public light, and they are here in my Political Testament and in other declarations and documents which I have made and written. For those reasons I cannot be an opportunist." He also said that he had knocked, was knocking and would continue to knock on all doors to get assistance for the liberation of Cuba. That he classified men into two categories only, worthy men and unworthy men, and there were no other differences. That to him are men were equal, be they black or white, rich or poor, members of one regime or of another. That he has known and knows many worthy men from all regimes, etc., etc., etc.

Questions and Answers:

Following are some of the most outstanding questions and answers:

Question: A man who said he was named Filiberto RIVERO and that he worked for a TV station at Los Angeles, California, asked the following question. "Mr. ARTIME, I am going to ask you a strong question which therefore requires a previous explanation. Some time ago one of your representatives in Los Angeles told me you would be going to that city and I was going to ask you this question, but you did not go. Now that I have the opportunity I am going to ask this question to you. The question is this: In Los Angeles and other places there are rumors that in certain U.S. circles, which are described as extreme liberals, they have the plan of using some Cubans--like you, for example--to keep the rest of the Cubans entertained making them think they will go to war when the fact is that their plan is very different. The plan consists of not having that war and thus be able to show, in a few years, how peaceful coexistence is possible. My question is this: Have you ever considered that you might be the Cuban who has been chosen for this and that you might still not be aware of it?

Answer: I don't know whether such a plan exists or not, what I can guarantee to you is that I would not be the Cuban chosen for that. I am precisely supported by the group which is opposed to those liberals, by the group of Latin American men who fear just that, not by the U.S.

but by the countries of those Latin Americans. I am a Latin American product, not another kind of product. I am receiving help from Latin America and that is why I cannot be chosen for that plan. Maybe others are being selected for that. (Ovation.)

Question: A lady in the audience, not a member of A.R.E.C., who said she was a teacher from Las Villas province, Cuba, asked the next question. She began by saying in brief words the help which she had given to insurgents in Las Villas province, etc., etc., and that she had had to leave Cuba because three of her boys had been executed. Then she asked ARTIME: "Why isn't help given to those insurgents?"

Answer: ARTIME said that he did not understand Americans. Then he said that last week, precisely last week, help had been sent to those insurgents. That unfortunately it was not all that it should be, but it was something. He explained that it is necessary to use small and fast boats and for that reason heavy cargoes cannot be taken, and that it is only possible to make two trips in one night to the Cuban coast and for that reason the help cannot be more effective. That at any rate, they were infiltrating arms, shoes, boots, food and technicians in the handling of armament. He clarified that the function of the technicians was to teach the handling of weapons to the peasants and also to unite them. ARTIME then told the same lady that the person for whom she was asking was precisely where he could help those over there, and for that reason was not in that room. (He was referring to a person for whom the lady had inquired when he accompanied her from the seat to the microphone, as the lady spoke very softly and the audience asked her to go to the microphone to ask her question so all could hear her.)

Question: Another member of the audience asked the following question: "Mr. ARTIME, we understand--through announcements that have been published--that Mr. RAY or JURE will go to Cuba in the coming months, and there are rumors about another organization doing the same thing. Are you thinking in some action of that type to counteract the effects of those possible actions, in favor of your movement?"

SECRET

Report # DD-742, C-4, 20 Mar 64 (cont.)

Answer: ARTIME gave the following answer: "If they go to Cuba, may God be with them. But I hope it won't be a demagogic action in which men will die to give prestige to others. Let me tell you that we don't make public what we do or plan to do. Some people want publicity for their actions, but we put the liberation of Cuba before publicity."

Comments: In the reporting agent's opinion, nothing new was said in this public appearance. The "presentation of credentials" was already too well known to the audience. The only thing which called attention was his clear position of opposing any maneuver to try to impose a "Fidelismo without Fidel" which the majority of the audience interpreted as meaning Manuel RAY Rivero. Even though ARTIME did not name RAY, his implications were quite clear the same as the look on his face when he was asked something in connection with JURE.

TO: [redacted]

FROM: [redacted] [illegible]

SUBJECT: Manuel ARTIME Buesa's appearance before A.R.E.C. on Wednesday, 18 March 1964.

SOURCE: Report from our collaborator [redacted] through direct observation.

Following is a literal transcription of the report from our collaborator [redacted]

"At 3:30 PM, 18 Mar 64, the A.R.E.C. Recording Secretary, Ignacio CANCIO, read the minutes of the preceding A.R.E.C. session in the conference room of the Everglades Hotel, Miami. The minutes were unanimously accepted by the A.R.E.C. members present.

"Abel MESTRE, A.R.E.C. President, announced that the agenda included Dr. Manuel ARTIME as guest speaker at 4 PM. Then the stand was taken by Gerardo ABASCAL who gave a detailed report on the experiences of the newspaperman John CORP (I am not sure of his patronymic because I only heard it spoken), from Life magazine, on his trips around the world.

"At 3:50 PM Abel MESTRE announced that Dr. ARTIME had just arrived and the audience gave him a standing ovation. It is estimated that there were about 500 persons in the audience.

"According to Francisco PRIETO, who is one of the most active members of A.R.EC., this was the A.R.E.C. gathering ever attended by the largest number of persons because the normal audience is from 220 to 240 persons.

"There were from 40 to 45 members of the M.R.R. in the audience, and they could be perfectly identified as such because they had the emblem of that organization in the buttonhole of their lapels.

"ARTIME began his speech by making a recount of his activities since 1959, which he called his 'credentials to A.R.E.C.' He mentioned his letter of resignation to CASTRO six months after the establishment of the CASTRO Government, where he said to CASTRO among other things that he should not deceive the industrialists, merchants and live classes of the nation because when industry, commerce and all private properties passed to the hands of the State that would be Communism. Later he read some paragraphs from the book which he published in exile prior to the Bay of Pigs invasion.

Report # [illegible]-745, C-27, 23 Mar 64 (cont.)

"ARTIME said that he is an ambitious man because, since we are on Cuban soil, he wants there to be talk everywhere about ARTIME and the liberation of Cuba.

"That some persons accuse him of being a rightist, others of being a leftist, and others of being an opportunist. That persons who work in favor of collective interests always have detractors. To those who accuse him of being an opportunist, he says that if using some opportunity in benefit of the freedom of Cuba is being an opportunist, then he is the first opportunist.

"ARTIME said that previous Cuban rulers had had their mistakes. That when the Constitution of 1940 had been written it had also had its mistakes, but as it functioned rarely we don't know what those mistakes are. For that reason, until the Cuban people give themselves another Constitution our sole goal upon our arrival at Free Cuba should be to enforce the Constitution of 1940.

"He spoke of the Cuban Case in the international field, in the sense that he does not understand the attitude of the U.S. or of the rest of the Latin American countries which are allowing their fields to be taken by Castro-Communist guerrillas. ARTIME mentioned that he has not the slightest hope the O.A.S. will do something in benefit of Cuba.

"A lady from the audience who said she was a teacher from Encrucijada, Las Villas province, asked ARTIME why help was not given to her young students who were fighting in Las Villas province without shoes, food or ammunition. She also mentioned that some days ago five of her young boys were executed, including a minor.

"When ARTIME went down among the audience to accompany this lady to the microphone, she whispered a name to ARTIME but the audience could not catch the name. ARTIME replied: 'You have mentioned a name who is not now in this room because he is helping in the liberation of Cuba. He is one of my greatest helpers.' However, ARTIME did not mention the name either.

"ARTIME then said that help is being given to the freedom fighters in Cuba, but that he has very few boats and the boats which go to the

Cuban coast have to be light boats and cannot carry large [illegible]. That not only rifles are needed, but also boats, food and other things which they (M.R.R.) are now gradually supplying.

"One of the A.R.E.C. guests in the audience, an unidentified man, asked ARTIME whether it might not be possible that the U.S. Government were using him as an instrument leading to a policy of peaceful coexistence with the USSR, and that he were just someone used to keep people entertained with the Cuban Case, naturally, without this being known to ARTIME himself. ARTIME immediately replied that that might be possible because he did not know U.S. policy plans in that respect, but that naturally, if this were confirmed it was certain he would not lend himself to that maneuver.

"ARTIME continued making general considerations about the Cuban military might, and he described Cuba as the 7th country of the world in the aspect of military power. He continued with a comparison between the men who wage war against CASTRO and the Cuban Government, and the story of the giant Goliath represented by CASTRO and the boy David represented by the elements engaging in war activities against CASTRO.

"ARTIME closed by saying that war is the only way of uniting all Cubans and he mentioned that that union had already been achieved at the Bay of Pigs where the blood of Cubans from all ideologies and social classes was mixed.

"ARTIME was questioned about the information appearing in different news media about JURE ~~[illegible]~~ being in Cuba fighting before the 20th of May, and he replied: 'May God be with them, but we shall never accept any Government of the extreme right, and much less of the extreme left, and in that case we shall continue fighting with the rifle in our hand.' When he finished saying this the audience gave him a standing ovation.

"The event ended with disguised precipitation because there were rumors in the conference room that Pedro Luis DIAZ Lanz would arrive to ask questions to ARTIME about his past with CASTRO with the intention of ridiculing ARTIME. (Incidentally, AREC gatherings usually end at 6 PM and this one ended at 5 PM.) And in effect, DIAZ Lanz arrived at 5:30 PM but the event was already over. Even AREC President [illegible] was

already out in the street.

"As a personal comment, I don't think [illegible] would have come out too well because it was noticeable that the [illegible] elements present were willing to protect their chief in any eventuality."

SUBJECT: Opinions about Manuel ARTIME Buesa's TV appearance on Sunday, 29 Mar 64.

1. Marcos RODRIGUEZ Menéndez, M.D.C. Executive:

ARTIME showed true leadership qualities. It was a blessing for lawyers when he referred to the 1940 Constitution. He was very good when he said that he was for unity and called all Cubans to war without making any differences among them for their tendencies.

2. José Antonio VALLE (mat. unk.), Miami News distribution manager, attorney, mine owner in Oriente province:

ARTIME is a fake and an egotist, but he is a genius in politics. He scored a win when he said that he did not have time to answer on a political basis because they were at war. RAY and ARTIME are fighting for their future in Cuba. They must be left alone until the Cuban problem is solved because I don't know which of the two is worse.

3. Angel HERNANDEZ Rojo, member of the D.R.E.:

ARTIME is a "yes man" who does not have his own opinion about what he wants and he is unconditionally subjected to the "dollar" without caring for anything else. The D.R.E. has something pending with ARTIME because on one occasion, prior to the Bay of Pigs invasion, he took over a base which the D.R.E. had in Puerto Rico.

4. Jaime MARZOL Morales, president of "Triunfo" sugar mill, resides at 3670 SW 25th St., Miami:

ARTIME was very good. The people liked him as they think he will lead them to war and that is what everyone wants. His statements about the 1940 Constitution were very good.

5. Luis ORTEGA Sierra, newspaperman:

ARTIME is the man chosen by the C.I.A. to create an internal problem in Cuba and open the doors for an invasion.

1. AMBIDDY-1 began by reminding this office he has not received the check books which will be necessary to draw money from the First National Bank of New York.

2. A-1 has received various identification carnets from inside Cuba which will be forwarded to this office via AMYUM-19.

3. A-1 informed us he had received a check of $10,000 from Cooper Macdonald. A-1 requested guidance concerning the check. A-1 was advised to forward a check with a covering letter to the Atlantic-Chesapeake explaining that Maritima Bam is forwarding this amount on behalf of Mr. Quires as partial payment for the LCM's. A-1 was reminded there are still $27,000 pending on this bill.

5. A-1 was asked to send a letter to Chester, Blackburn, and Roder, Inc. requesting purchase and shipment of a 17 ton bulldozer and two vans equipped for office and dispensary use, and also to request shipment of the Little Giant. After a brief discussion it was decided to ship the heavy equipment to the following address: Maritima Bam
Monkey Point

A-1 felt this address would be sufficient. However, Maritima Bam should send the letter to Chester requesting these

heavy items. It was stressed to A-1 the importance of assuring the letter is sent to the attention of Mr. Chester.

6. When the balance of the money ($27,000) is sent to A-1 for the Atlantic-Chesapeake we will also send the $132,000 for construction equipment. The money should be sent to A-1 by 20 April.

7. According to A-1, A-4's travel papers have been returned to him. A-1 also mentioned that he will request his visa on this coming trip to Nicaragua.

8. Manuel Hernandez to leave for Panama as soon as A-1 arrives in Costa Rica.

9. AMWORLD-2 has been told by A-1 to close the Swiss bank account. A-1 was asked to have AMWORLD-2 advise AMYUM-19 when account has been closed in order that the information can be relayed to Mike GUERTLER (P).

10. A-1 stated that the tactical radios can be shipped to Captain Arnoldo PEREZ, Departamento de Immigracion, Managua. A-1 to confirm this address while in Nicaragua and advise us. A-1 told there are 24 tactical radios in all.

11. A-1 commented that the budget was mailed today (30 March) instead of last Thursday as he had previously stated.

12. A-1 inadvertently forgot to ascertain the Tampa barge address. A-19 is to call this office with said information.

13. A-1 requested our opinion concerning the two coming operations. A-1 was informed that the opinion of this office is, "The plan is bold and imaginative and the decision is up to you"

14. A-1 was advised that we have received a report which states that General Somoza is planning a trip to Switzerland in mid-April. A-1 mentioned that he has received reports that General Somoza would leave on the first of April but did not know the destination. A-1 was reminded again not to mention to General Somoza the preventive propaganda we had discussed but rather to use the meat packing story.

15. A-1 was cautioned not to place all his trust in Cornelio Orlich.

16. A-1 was asked for his opinion about transporting the rest of the infiltration people now in Miami to Costa Rica by means of an off-shore transfer. This would be done in a manner similar to the transfer of sabotage equipment. A-1 advised we would need at least two weeks prior notice. A-1 sounded enthusiastic about the idea and he said he would consider it.

A-1 did not go into specific details but stated he had shown Carl blueprints of the first operation. At the meeting A-4 presented another plan which calls for the assassination of Castro or some high official at Playa Giron on 17 April, the anniversay of the Bay of Pigs.

1. AMBIDDY-1 telephoned to say he had received the report from the American engineers. A-1 was informed the cost would be $318,000 without a landing field. A-1 commented it was both his and the engineer's opinion that the job could be done rapidly and well. A-1 was requested to forward a copy to us of the engineer's proposal for our perusal. A-1 was advised not to consult with the engineers until we have completely examined their proposal and suggestions. A-1 agreed.

2. A-1 had received an intelligence survey from MOLE and Manuel GOMEZ on the camps. According to A-1 there are many sound recommendations which A-1 intends to employ. A-1 again inferred that there will be a general house cleaning of personnel.

3. A-1 commented that his representatives (AMYUM-19, GUTIERREZ, NAVARRETE) had gone to New York and could not come to agreement with Mr. Chester and Mr. Zweifach. A-1 would like to purchase supplies in the free port of New Orleans since it would be cheaper than shipping the goods from New York. A-1 also mentioned this was what we had agreed upon at our last meeting. A-1 was informed that as a central point for buying and shipping New York offers many advantages. This does not preclude using other cities in the country or in the world for buying and shipping. However, New York is the best point of control for this activity. The simplest and most efficient way to buy and ship is to determine exactly what is needed and the frequency with which it is to be delivered. Once the list of requirements is drawn up, it should be given to Chester or Zweifach specifying the exact recurring dates of delivery. There is no need for

4. A-1 then commented that in certain cases Mr. King has been able to purchase some items cheaper than Mr. Zweifach. A-1 was informed that in some specific instances this may be the case. However, in large quantities of a recurring nature a professional company will in the long run obtain better rates and render better services than an individual. Also A-1 was reminded that the professional service and efficiency of delivery cannot be duplicated by individuals. A-1 was advised that King could best be used as an adviser and/or consultant to the professional companies doing the work.

5. A-1 was requested to make certain that A-19 clarify to GUTIERREZ and NAVARRETE that there may have been some misunderstanding on their part that Chester was receiving instructions from someone else.

6. A-1 was requested to return the insurance applications of all personnel he no longer has in his employ.

SUBJECT: TYPIC/AMWORLD/Operational
Evaluation of AMBIDDY-1's Training During Period 6 to 18 January 1964

ACTION REQUIRED - REFERENCES

ACTION REQUIRED: None; for your information and files.

1. INTRODUCTION: In the period 6 to 18 January 1964, AMBIDDY-1 was given 83 hours of tutorial training, in JMWAVE safe-house facilities, on existing operational doctrine and management techniques applicable to a major clandestine effort against PBRUMEN. A copy of the training schedule which was used in this tutorial training is attached. At the completion of the training course, the various training instructors submitted an evaluation on AMBIDDY-1. These evaluations are outlined in the following paragraph.

2. EVALUATIONS: The below-listed evaluations were prepared by the instructors who participated primarily in Phase I of AMBIDDY-1's tutorial training. The Phase I instruction concentrated on imparting to AMBIDDY-1 current operational doctrine relative to unconventional warfare techniques. The evaluations are as follows:

a. Small Unit Operations and Training: AMBIDDY-1 responded most enthusiastically to all aspects of the training on small unit techniques. He made detailed notes on the material covered, and these notes included copies of training charts and diagrams. AMBIDDY-1 displayed particularly intensive interest in that portion of the training dealing with the principles of survival and the issuance of individual equipment. In the course of the training, AMBIDDY-1 was given several practical tactical problems to solve. AMBIDDY-1's solutions to these problems were logical and reflected a grasp of the techniques to which he had been exposed during the training sessions. Thomas L. DARGUZIS was the primary instructor in this phase of the training, and he assessed AMBIDDY-1 as being an intelligent, alert, highly-motivated individual who has a realistic appraisal of his own limitations and capabilities.

b. Clandestine Activity: AMBIDDY-1 received extensive training in FI tradecraft subjects, including the nature and elements of clandestine activity, security, cover, compartmentation,

organization of a basic net, communications and reporting techniques. In the course of this training, AMBIDDY-1 expressed a particular interest in the subjects of security, cover and compartmentation. Charles F. MASENGILL was the primary instructor for this bloc of training, and he reports that AMBIDDY-1 was a keen student who appreciated the opportunity to learn as much as possible about clandestine operations. MASENGILL believes that AMBIDDY-1 at the completion of his training was probably weakest on the topic of how to report intelligence information.

c. Resistance Activity and Guerrilla Warfare: AMBIDDY-1 received training on the principles and concepts inherent in organizing an infiltration team. In addition, he was trained relative to the principles of organizing a resistance net. Additionally, he was trained in caching, demolition and sabotage techniques. AMBIDDY-1 also received instruction in the principles and concepts of guerrilla warfare. AMBIDDY-1 was also given an opportunity to familiarize himself, through actual range firing, with those weapons which are normally used by anti-AMTHUG-1 forces. Alton T. PIRNACK was the principal instructor for this bloc of training. PIRNACK reports that AMBIDDY-1 was responsive to the subject material which was presented to him. AMBIDDY-1 did not hesitate to ask questions nor to seek clarification of points which he did not clearly understand. AMBIDDY-1 did indicate that he was a neophyte in the subject of PM operations, and, as a result, he was most appreciative of the training which he was receiving on these subjects. It was evident during this bloc of training that caching was an entirely new facet of clandestine operations for AMBIDDY-1.

3. COMMENT: Phase II of AMBIDDY-1's training concentrated on exposing AMBIDDY-1 to those management techniques and principles which are applicable to a major clandestine operation against a target like PBRUMEN. This part of the training was carried out exclusively by Andrew K. REUTEMAN and Stanley R. ZAMKA. In this phase of the training, AMBIDDY-1 constantly expressed a great deal of enthusiasm for the subject material which was being presented. Throughout the training, AMBIDDY-1 gave every indication that he was absorbing the major portion of the training. At the same time, it was clear that he was overwhelmed by the material and the implications of what this training meant in terms of his conduct in future operations. After the management phase of AMBIDDY-1's training was completed, REUTEMAN and ZAMKA reviewed the 83 hours training program in its totality with AMBIDDY-1. In addition, the program was reviewed with all of the instructors who participated in the training. As a result of this review, a consensus was reached that, while AMBIDDY-1 is an intelligent and responsive student, the training which he received does not qualify him for the position of senior officer in a major clandestine undertaking against PBRUMEN. The training did, however, alert AMBIDDY-1 to a number of problems and pitfalls which he should avoid in his activities. This training also provided certain guide posts for AMBIDDY-1, but these guide posts were laid out in such a concentrated dose that they cannot be considered as an adequate substitute for experience or training in depth over an extended period of time.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation between AMBIDDY-1 and Martin Ferrer

DATE : 1300 hours on 24 March 1964

1. AMBIDDY-1 telephoned our office to say that the ADELAIDA is leaving today for the free port of Colon to pick up provisions and to leave three men who are sick. One has a tumor in the neck, the second has a dislocated shoulder, and the third is suffering from stab wounds. A-1 was unable to hospitalize them in Nicaragua because General Somoza felt that this would attract undue attention.

2. A-1 commented that the provisions which they have to buy will be taken from the March budget.

3. A-1 has received a report from AMJAVA-4 indicating that there is a need for a general house cleaning as far as personnel is concerned in many of the camps.

4. A-1 inquired if there was any objection to ADELAIDA leaving for Panama. Martin stated that off hand he could see no objection; however, A-1 should call later in the day for confirmation.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation between AMBIDDY-1 and Martin Ferrer

DATE : 24 March 1964 at 1540 hours

1. AMBIDDY-1 called as promised to ascertain if there were objections to the ADELAIDA going to the free port of Colon in Panama. A-1 was advised there were no objections. However, the following should be communicated to the ADELAIDA:

a. To stay away from the Folk River pier (this pier is heavily watched as a pier used for the smuggling of arms).

b. ADELAIDA will be boarded by the U. S. Canal Zone Customs and the ship's papers should be in order.

2. The ETA to Colon is 25 March.

3. A-1 finally has received the letter from the Philippino.

SUBJECT: Telephone Conversation between Richard Beal and AMBIDDY-1

DATE : 23 March at 1100 hours

1. AMBIDDY-1 called to say that AMJAVA-4, who arrived in Miami last night, told him that Alegrett is arriving at 1700 hours today at Miami on ~~[illegible]~~ Airlines.

2. Alegrett is bringing with him "movies" which he took of the Puerto Cabezas base (Carlay). While at Carlay taking these pictures, Alegrett stated that he was on official business.

3. AMBIDDY-1 was concerned that U. S. Customs may take the pictures away from Alegrett when he entered the country. AMBIDDY-1 was told not to worry about the pictures, for after all Carlay is an official Nicaraguan National Guard base. AMBIDDY-1 said that he would try to get an opportunity to see the pictures.

Interviews with AMBANG-1 and AMBIDDY-1 in Puerto Rico

ACTION REQUIRED - REFERENCES

ACTION REQUIRED: None; FYI
REFERENCE: UFG-4784 Para. 3

1. The following information, not disseminated, was reported initially to Gordon R. HAWLOTT by AMING-2 on 8 February 1964 following his return from a month's visit to Santo Domingo and Puerto Rico. AMING-2 reported that he had met separately with AMBIDDY-1 and AMBANG-1 in the apartment of a friend in San Juan, the meetings occurring during the last week of January. While HAWLOTT feels that AMING-2 is usually quite reliable and objective on general political reporting, his own participation in exile politics and political ambitions could conceivably influence his objectivity. In an effort to check the accuracy of AMING-2's remarks, the CO again discussed the interviews with AMING-2 on 18 March at which time AMING-2 repeated his account of the interview without any change in text, so that the CO is inclined to accept AMING-2's account as generally accurate.

2. During the last week of January AMBANG-1 told Source at a private meeting in San Juan, Puerto Rico that he would like to enlist Source's assistance as an advisor on medical affairs and as a propaganda worker. Source, per PBRUMEN custom, requested that AMBANG-1 explain to Source what resources he had for the liberation of PBRUMEN and asked AMBANG-1 to offer proof why he should consider himself a leader. Source claims AMBANG-1 replied that he had boats and weapons sufficient for strong military action into PBRUMEN and would be able to place combat forces in PBRUMEN during March 1964, said combat forces having an ability to hold their own for weeks on the island. AMING-2 observed that he had driven out to Mayaguez where he had seen four separate

training installations, one of which was reported to be the property of AMBANG/1. AMBANG/1 replied that he had training installations on the Florida mainland and had training and logistical bases or a base in Venezuela.

3. Source asked AMBANG/1 what backing he had from World Powers for the invasion of PBRUMEN. AMBANG/1 replied that he still had significant White House contacts despite the death of John F. Kennedy. He added that he was in contact with top personnel of ODACID and held regular meetings with a very high ranking officer of KUBARK. He stated he also had been introduced by the KUBARKER to the Chief of Operations at YOACRE and was in regular communication with the ODOATH officer. In general, AMBANG/1 stated, his sources of funds were largely ODYOKE. Source then asked if he was to understand that AMBANG/1 had the approval of ODYOKE for operations into PBRUMEN. AMBANG/1 reportedly replied "I have been given the green light".

4. Around 1 February Source met in San Juan with AMBIDDY/1 for a private talk. AMBIDDY/1 suggested that Source associate himself with AMBIDDY/1's movement in order to help form a post-liberation government. Source replied that he was rather vague as to AMBIDDY/1's plans and backing. AMBIDDY/1 stated that he had been selected by ODYOKE as that PBRUMENER having the necessary leadership and experience for the overthrow of AMTHUG. Source asked if he understood correctly that AMBIDDY/1 was telling him that he had the approval of ODYOKE. If so, why was AMBIDDY/1 drawing support from Venezuela and from Central American Governments. AMBIDDY/1 reportedly replied that he did not actually rely on Venezuela and other Latin American donors for his assistance, since he was receiving all his logistical and financial support from KUBARK. Source stated that he had heard that AMBIDDY/1 was amassing a formidable invasion force in Nicaragua, Costa Rica and Panaman CZ. AMBIDDY/1 replied that he had been given very large sums of money, which proved the reliance which ODYOKE had in him and made obvious the fact that ODYOKE had selected him to bring about the liberation of PBRUMEN. Source asked why it was that ODYOKE and KUBARK would select AMBIDDY/1 before all others as the means of liberating PBRUMEN. AMBIDDY/1 reportedly replied that ODYOKE had selected him because, in the opinion of ODYOKE, he represented the most sane and centrist political concentration among the PBRUMEN exiles and ODYOKE knew that in AMBIDDY/1 it had a leader resolved to maintain order and centrist democratic government in PBRUMEN following the liberation.

5. AMING/2 asked both AMBIDDY/1 and AMBANG/1 during his separate interviews with them whether AMBIDDY/1's presence in Puerto Rico signified that the two leaders had met or planned to meet, in an attempt to coordinate their activities. Neither AMBIDDY/1 nor AMBANG/1 denied nor confirmed Source's questions, but gave evasive answers. Source therefore assumes that they had not met, but hoped to meet for talks.

SYNOPSIS OF AMBIDDY-1'S SPEECH TO AREC

18 March 1964

"You will forgive me if before a gathering the Agrupacion de la Reconstruccion Economical de Cuba I do make profound economic or technical analysis of the reconstruction of Cuba, the reason is very simple, it is because I don't know. Inasmuch as I do not like to talk about things which I know nothing of I prefer not to touch upon the subject. Here at this gathering there are men more capable than I . . . men who will have the difficult task of the reconstruction of Cuba upon their shoulders.

I want to talk about what I know about. But first let me present my credentials. Why the presentation of credentials? When two people speak for the first time the first portion is the presentation and this is the first time I talk with AREC, although I have the pleasure of speaking to some of its members separately and in great lengths. Why this presentation of credentials? Because I know our movement is very controversial. They say we are of the extreme right, they say we are of the extreme left, they say we are opportunist and they say we are ambitious. I do not expect to change anyone's mind by this talk. I believe it is my duty to assert certain principles and to mention our beliefs. Not a criteria of profound economic principles . . . I am not an economist nor an expert on the subject. I believe it useful for our movement to assert before this assembly some of its principles

CSDB-3/660,494

in which it professes and will continue to profess and for which we are prepared to give our lives and in some cases already have. I believe it is our duty to mention them here or anywhere else. . .

First of all I do not believe in extremes . . . neither left nor right. I believe extremes always end by touching one another. Secondly I want to state that if any extreme comes to power in Cuba, in the case of the extreme right by imposing a dictatorship; in both cases we shall continue to fight with our weapons in hand.

Thirdly, I do not believe in the classification of men by race, political levels in the government to which they formerly belonged nor by money . . . I know whites who souls are black and I know blacks who souls are white. I know wealthy men who are spiritually poor and poor who are spiritually wealthy. I only believe in one classification of men and that is the moral classification--men of honor and men without honor. Men who keep their word and those who do not keep their word. . . In this classification I do believe . . .

Are we opportunist? This depends what your definition of opportunist is. If by opportunist you mean taking maximum advantage of each opportunity, then ladies and gentlemen, we are opportunist. In order to save Cuba we have to take maximum advantage of every opportunity. But if by opportunists you mean the man who changes his beliefs in accord with the opportunities, then we are not opportunist."

SECRET

AMBIDDY-1 goes on to mention his various publications. He describes his first publication, "Communism por que?" (Communism what for?) which he wrote nine months prior to Castro coming to power. The main theme of this pamphlet, according to A-1, was that more than changing a government what is needed is a change in men's conscience. The pamphlet also outlined the duties of the padron (land owner) to the workers so that the latter may live in dignity and honor. The patron should feel that the problems of his workers are also his problems. The worker in turn has certain obligations to the patron. If this quid pro quo is not adhered to the (Christian) government has the right to intervene for the common good.

Later on, after Castro was in power, A-1 wrote his letter of resignation accusing Castro of being a communist and traitor. In this letter A-1 mentions he resigned because Castro had not been honest with the businessmen by not telling them their property would be confiscated.

A-1 then went into exile and there he published a book called Traiccion (Betrayal). This book clearly outlined the ideology of the movement.

"We believe the state should forment and simulate private economy both national as well as in foreign. During the Bay of Pigs I wrote my political thesis. We have to have an effective democracy in Latin America. I say effective democracies because in Latin America the word democracy has been prostituted too

4

often. Many countries call themselves democratic but in reality are nothing but militarist, demagogic, and many simply go through the motions of elections. Many are simply totalitarian governments which are living off the blood and toil of its people. The corrupt politicians, the strong men, the totalitarian have been the strongest allies of Communism. Our fight is not against one man, it is not war of personal hatred . . . it is a war against the doctrine of hatred, be it called Castro or what have you . . . it is a war against a doctrine; we are as much opposed to Khrushchev as we are against Tito. We are as much opposed to the totalitarian left as we are opposed to the fascist right.

"They continue to call us extremist. We don't care. They will continue to call us rightist or leftist, fascist, philo-communist. I recall the words of Don Quixote when he was passing on the outskirts of a small town and Sancho said to Don Quixote, 'Sir, the dogs are barking at us.' Don Quixote replied, 'Let them, Sancho, if they are barking it is because we are moving. And we will continue to move.'"

"They say we are very ambitious. Yes, we are very ambitious. We have an ambition which blinds us and we are disposed to give our lives for that ambition. An ambition for what? That in the coming days when Cuba is liberated people will pronounce our name with respect in our country."

"When our men die in Cuba they are not only fighting for the independence of our country . . . they are fighting for the

SECRET

independence of the American Hemisphere, for the survival of Christian principles in America, for the Western world. . . the rest of the Western World." A-1 maintains that the situation today is much the way Lenin would have hoped for. Britain and France have recognized Red China; the U. S. is at odds with these two governments. This, A-1 maintains, is exactly what Lenin would have wanted. A-1 then quotes Lenin, "Within 30 years we will embark on a peace offensive, of coexistence and we will split the free nations and smash the impotent bourgeois."

"The battle ground for Latin America lies 90 miles from our shores in a place called Cuba. Should the Western world lose this battle the sleeping giant (Latin America) will wake up on the side of the communist camps. Then it would be preferable to be dead because the free world will have ceased to be.

"We have knocked on many doors. I have one obsession and that is the liberation of my country and if I have to lose my prestige I will do so. God will know I have not lost it. I do not believe that in order to save my country there are bad doors. The only bad doors are the ones that have been closed to us in order to lock Cuba within them.

"We are all to blame. We are all guilty for having turned over Cuba into the hands of men who could not govern her properly. This is not the time to cry like women for what we were unable to defend as men. I have knocked on doors and will continue to do so because

my cause is a moral and honorable one and what I ask for is noble. We cannot afford to wait for miracles because only God can create miracles. We must prepare for a long fight and not expect the aid of such organizations as the OAS, UN. It is up to the Cubans to liberate Cuba. We either have to wage a war of principles or not. If we are not going to wage a war of principles I will not join that struggle.

"The present situation of the case of Cuba. The present state of our homeland. Communism is completely established. We lose daily 10 fighters for freedom. In the cities communism is in complete control. It is necessary for an individual to carry five different credentials in order to travel inside of Cuba. Lack of any one of these credentials brings down the repressive measures of the G-2 until the individual can explain the reason for his missing credentials.

"Guerrillas in the mountains; some resistance groups in the cities; a resentment among the militia because the foreigners have privileges which the militia does not. The campesino who will not accept the communist doctrine and guerrillas in Escambray, Camaguey, which are growing stronger daily. This is the situation in Cuba today.

"The status of Cuba outside of Cuba: The U. S. In the most difficult position and the most unexplainable position of the Western World. I can sum it up in one sentence. I do not understand it. We do not want to be saved by the Marines. Let us make this quite

clear. The Cuban people have always maintained that they are willing to die."

A-1 then alludes to the Alliance for Progress which he refers to as an Alka Seltzer in the Pacific. He maintains he is not against the Alliance for Progress but rather that something should also be done for Cuba.

Question and answer period

Question: I understand that in certain sections of the United States Government there exist ultra liberals who believe that communist Cuba could be used as an experimental ground and in the coming years communist Cuba could be used as a proving ground for the coexistence of the great world powers, that is, Russia and the U. S. The question is Dr. Artime, have you considered deep in your conscience the possibility that the U. S. Government is using you and your movement to occupy the Cubans who wish to liberate their homeland with other activities so that they cannot liberate their country with the force and enthusiasm they desire. The question is have you considered the possibility that you, under your best intentions, are the instrument by which these ultra liberal forces in the U. S. can paralyze the liberating activity of the Cuban people?

Answer: A very good question. If the U. S. were giving me something this might be true but I believe the ones who are receiving aid, possibly other ultra liberals, may be in collusion with the U. S. This is very possible. I can make a mistake. I can make two mistakes but after one has spent two years in jail one cannot be fooled so

easily, more so when one has been condemned to death. It is possible this plan exists but I do not know since I do not have access to these ultra liberals. It is possible they are looking for someone to do it, this is possible. I can guarantee you one thing. I am not doing this because my power comes from men who believe as I do, as you do, and who are located south of the Rio Grande. These men are gambling the lives of the people in their own countries. Because they know if they do not help in overthrowing Fidel Castro in less than two years, their own countries will be victims of communism. I am a product of the desperation of the Latin American countries.

Question: Dr. Artime, how can we unite the Cubans in order to make the cause of those fighting inside felt more deeply?

Answer: Very good question. Very good. A North American friend of mine once said he would rather carry ten cats in a bag than work with two Cubans. I said to him that he was quite right; however, Cubans are not the only ones that are hard to understand. The Latin American is also difficult to understand. Thank God, we are very individualistic and that is why the communists are having such a difficult time. Because we are very individualistic. The war is the only thing which can unite the Cubans. The only thing which can create an unbreakable bond, between rich, poor, Negroes, whites, Catholics, Protestants, Mason, everyone, is sacrifice. I do not believe in theoretical unions.

Question: In Miami they say that JURE, Manuel Ray's organization, will make an attack on 20 May or early in June. Would there be any possibility that your movement also intends to do something in the near future. Also, what is the possibility of having a government in arms.

Answer: That is the $64,000 question. If they (JURE) decides to go, may God bless them. And please let it not be a demagogic act to give prestige to others. The only thing I ask God is that He accompany them. I say this with all sincerity. Our strategy is mapped out. What we have done cannot be published. We cannot publicize the arms we have sent into Cuba. We cannot publicize the infiltrations we have made to teach the campesinos about guerrilla warfare. These are things we cannot public. Not that we are enemies of publicity but we cannot subordinate the war to publicity, we are subordinating the interests of publicity to the war. In a free election I would admit all political theories but by violence I will not admit any extremism. The war may last three years against Fidel and five against communism. It does not matter. We will use violence to deter any extremism.

Question: About five months ago I arrived here thanks to people with great influence. Students of mine were in the Escambray. I took food and medicines to them. I had 10 girls who helped me gather rosaries and everything in the ways of clothes. There are now 500 students of mine who are now prisoners. Others are being con-

14-00000

SECRET

stantly harassed and persecuted. Why aren't we helping these people?

Answer: There are many, madam, who are now helping. This week we have sent some aid and arms inside, perhaps not as much as we would like but sent some. We also have to send not just weapons but food, shoes, etc. The guerrillas lack everything. The problem of supplying them is very difficult but we are trying. We do not have sufficient boats. To arrive at the coast we cannot use large ships but small boats and these small boats have a limited capacity. These small boats can only make two trips in one day and no more. It is being done on a small scale but it is being done. The force to liberate Cuba is there inside Cuba and it is up to us to assist them.

Question: Doctor, don't you have any confidence in the OAS. I refer specifically to the recent cache of arms discovered in Venezuela?

Answer: I admire the Venezuelan people, I admire Venezuelan democracy and if a strong measure is taken against Cuba, because of the just screams of the Venezuelan people and if the OAS listens to these screams, I will admire the OAS.

MEMORANDUM FOR: Deputy Chief, Western Hemisphere Division (Special Affairs)

SUBJECT : AMWORLD--Talk with AMBIDDY-1

AMBIDDY-1 will be meeting with us in the Washington safehouse on 19-20 March. If you can spare the time, it might be helpful if you could have a heart-to-heart talk with him on his relations with Senora Padron, which may be blossoming forth into matrimony. There cannot be much doubt now that she is reputed to have been Fulgencio Batista's mistress and that this fact (if fact it be) is widely known. If he marries her, the political repercussions could be calamitous. It would be helpful if you could tell AMBIDDY-1 point blank that if scandal ensues, this could doom the program.

SUBJECT: Telephone Conversation between Martin Ferrer and AMBIDDY-1

DATE : 16 March 1964 at 1630

1. AMBIDDY-1 called this office to say that Luis TOMAS Rey and Eladio BAS Trespalacios couldnot sail because they were unable to obtain their re-entry permits. Since these two could not obtain their permits "the people" had told Amado MUNNE Pantaleon that it was not worthwhile for him to go. Martin asked AMBIDDY-1 if any mention had been made concerning TOMAS's skin rash and that he did not see a doctor. AMBIDDY-1 stated that he had not been so informed by AMYUM-19. AMBIDDY-1 was asked if the only reason BAS and TOMAS could not leave was because they could not obtain their re-entry permits. AMBIDDY-1 answered that was the sole reason and that all three wanted to go desperately. AMBIDDY-1 agreed that under any condition MUNNE should go since he is the most important of the three.

2. AMBIDDY-1 would call this office at 1800 in order to receive a more concrete answer to this situation.

3. Martin asked AMBIDDY-1 if the suitcase containing the uniforms had been sent. AMBIDDY-1 does not know. However, he will investigate and if the uniforms have not been sent, AMBIDDY-1 will bring them to the Consejo meeting on 19 March.

DATE : 14 March 1964, 1230 hours

1. AMBIDDY-1 would like to have a meeting with the Consejo as soon as possible to talk over many outstanding problems and to discuss thoroughly the new budgetary procedure. Martin informed A-1 that this would be brought to Henry's attention upon his return. A-1 is speaking to the Agrupacion para la Reconstruccion Economica de Cuba on Wednesday, 18 March, so he cannot make it for that date.

2. A-1 advised that Luis Entialgo has accepted the offer to work for AMWORLD and will be returning from Spain shortly.

3. A-1 has not yet heard from the Filipino and requests that we check into this matter.

4. A-1 was asked for his opinions concerning the DMJM people. A-1 is very pleased with the survey and feels that the engineers plans are reasonable and fitting to his project. A-1 estimated, however, that the total figure may be in the $300,000 category. This is another subject which A-1 would like to discuss in the next meeting.

5. Another topic he wants to discuss is the transfer of the C-47 to Nicaragua.

6. A-1 informed us that "key personnel" are no longer listed on the budget, however, there are individuals which fall into the category of guerrillas and infiltrators who are in Miami and are receiving retainers.

7. A-1 was informed that the propagation charts for the month of April are on their way to him.

SUBJECT: Telephone Conversation with AMBIDDY-1 and Raul Hernandez (as Martin Ferrer)

DATE : 16 March 1964, 0930 hours

1. AMBIDDY-1 was asked if Thursday, 19 March, would be convenient for him to meet with the Consejo here in Washington. A-1 agreed.

2. A-1 will bring with him to the meeting the bank signature cards.

3. A-1 has received a bill from the Atlantic-Chesapeake Co. for the sum of $132,097.50. A-1 opined that the bill seemed a little exhorbitant for the material they have received. Inasmuch as they have paid $100,000 already, the total bill comes out to $232,097.50.

4. A-1 has also received a bill from the Bruan Shipping Co. for the total of $19,221.12. Included in this bill is the petroleum for October and November.

5. AMJAVA-4, Manuel Gomez, AMWORLD-2 and MOLE left today for Nicaragua. From there all but AMWORLD-2 will proceed to Costa Rica to locate a suitable site to relocate the arms barge.

6. A-1 now has a new telephone number: PL 4-7912. A-1 added this is just a new phone number, but not a new address. A-1 stated he expects to move from where he is living soon. /No further explanation.7

7. A-1 was asked to have Pineda apply at the Mexican Consulate for a 30 day tourist visa and to state that the purpose was to visit Mexico.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation Between AMBIDDY-1 and Raul Hernandez (as Martin Ferrer)

DATE : 13 March 1964, 1800 hours

1. AMBIDDY-1 began the conversation by saying that the reason he had been late in checking was that he had been at a meeting with the DMJM engineers. A series of items had been discussed on which A-1 would like to have our suggestions. A-1 expressed the desire to meet with the Consejo as soon as possible in order not to give the impression to the DMJM people that he was being masterminded by someone else. Martin explained to A-1 that Henry was currently out of town, but that his request for a meeting would be brought to Henry's attention upon his return. A-1 went on to say that the deadline for the budget to be submitted is close at hand which also adds to the urgency for a meeting.

2. Martin asked A-1 if he had checked his Post Office box. A-1 replied yes. A-1 was then asked to confirm or deny the rumor concerning Santiago Alvarez which alleged that A-1 has given him full autonomy within AMWORLD. A-1 said that he has not had a chance to talk to Santiago Alvarez since his return to Miami, but would do so soon. A-1 stated, however, that when he had approached Santiago Alvarez, the latter was informed he could bring with him "a mechanic or two," but A-1 never authorized Santiago Alvarez to bring his entire group en masse.

3. A-1 advised that the radio link between Miami and Costa Rica has been established. A-1 was told that there would be no need to obtain a HAM radio license to operate. Should his organization be approached by the local authorities concerning the operation of the radio, they are to plead ignorance of the law and stop transmitting. /This information was obtained from Jim Smith./ A-1 mentioned that he had received the dummy

message sent to him in Costa Rica, however he did not receive the accompanying message. A-1 was asked to find out why the private link message did not reach him. Also, it was explained to A-1 who "El Narizon" is.

4. A-1 was casually asked if there would be any objection to AMYUM-19 attending any of the Consejo meetings. A-1 had no objections.

5. A-1 has some motion pictures and photographs of the bases and will bring them to the next Consejo meeting.

6. A-1 was informed that a letter from Luis Sierra, chief of the guerrillas, was intercepted by his own people in Miami. This letter contained a photograph with Sierra and other members of the guerrilla teams dressed in their new uniforms. A-1 was asked to investigate how this letter had been sent from the base and also how Sierra was able to have the picture developed.

7. This brought up the subject of Manuel Gomez. A-1 said that Gomez will be leaving on Monday, 16 March, for Nicaragua to survey AMWORLD installations. A-1 had just a few hours previously spoken to Gomez. In the conversation, Gomez elaborated on the security measures he wishes A-1 to take concerning his own security. A-1 continues to sing the praises of Gomez. A-1 also commented that he has noticed a marked improvement in the security of his personnel since the last time he was in Miami.

8. While in Costa Rica, A-1 detected being followed by another car. A-1 was able to lose the surveiller. Martin took this opportunity to stress to A-1 the need for increasing his personal security measures such as more body guards and more secrecy concerning his movements.

9. The ADELAIDA arrived in Hollywood o/a 8 March. A-1 was not able to examine the contents of the sabotage equipment due to his preoccupation in Costa Rica with the MCRL and Vico Starke. The ADELAIDA onloaded weapons from the barge and sailed for Nicaragua.

10. AMJAVA-4, AMWORLD-2 and "the Mexican" will leave together for Nicaragua on 16 March.

11. A-1 expressed an interest in moving the C-47 out of Costa Rica. A-1 would like to discuss the method of transfer with the Consejo.

14-00000

SECRET

12. A-1 was told that if it can be done in a secure and discreet manner through some contact, we would appreciate having a list of all Cuban nationals in Costa Rica.

13. Concerning the budget, A-1 would like to discuss this in person rather than through the mail.

14. A-1 said he would keep in close contact with us on a daily basis.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation Between AMBIDDY-1 and Raul Hernandez (as Martin Ferrer)

DATE : 12 March 1964, 1000 hours

1. Martin began the conversation by welcoming A-1 home.

2. Martin stated that he had a message from Henry which would have been sent out today had A-1 still been in Costa Rica. There were a few questions that Henry would like answered:

a. Since the Consejo had no previous indications of Calderonista attempts to overthrow the government, we would appreciate any additional information A-1 might have. A-1 began by saying that Vico Starke had had meetings with Francisco Calderon. Calderon's brother, Rafael, had been very friendly with Vico Starke's brother as of late. Vico Starke's brother had been at GUILLOT ever since the first arrival of the AMWORLD contingent. Rafael Calderon had a meeting in GUILLOT with Vico Starke's brother of an unknown nature. A-1 considers the Calderonistas the main opposition to the government. Other substantiating reports had reached Figuls, the head of security for the Costa Rican Government. Vico Starke had placed old Calderonista elements in key positions within the MCRL. A-1 gave Col. Figuls as his source of information. Vico Starke had wanted to place these old Calderonista elements within the AMWORLD organization in a supervisory capacity and they also would have the final say within AMWORLD.

b. What did A-1 mean by other reports reaching Cornelio Orlich and are you certain Starke not acting in concert with Orlichs. A-1 replied that Cornelio had received other reports through his intelligence section, however, Cornelio had placed very little credence in them. Cornelio visited

SECRET

Above conversation conducted in prearranged frequently changed privacy code.

Starke confronting him with what he had heard. Vico Starke told Cornelio that what he really wanted was to establish a contraband business mainly dealing in whisky. Starke also visited A-1 and timidly told A-1 that he was in financial straits and the reason why he had wanted to move MCRL people into key positions was to use the MRR vehicles as a cover mechanism for contraband. Vico Starke told A-1 that he could obtain the approval of the government to engage in this type of business. It appears to A-1 that Vico Starke did present the contraband pro position to Cornelio Orlich and received tacit approval. A-1 informed both Cornelio and Vico that since it was their country they could do as they pleased, however, he would not permit his vehicles to be used for this purpose. His main concern was to liberate Cuba and not to engage in the internal affairs of Costa Rica. His only desire is to be left alone so he can work effectively.

c. What is Figueres' role in this? A-1 replied that he had not seen any indications that Figueres had been involved. Although he and Vico Starke are close friends, they are political enemies.

d. What were his specific charges against Cabezas? A-1 stated:

(1) The main charge against Cabezas was his collusion with Vico Starke to subordinate AMWORLD to the MCRL.

(2) Cabezas held a meeting with Vico Starke's brother and Rafael Calderon without authorization or informing A-1.

When A-1 initially confronted Rolando Cabezas, the latter refused to answer any of A-1's questions. At a later meeting Cabezas confessed that the reason why Vico Starke had wanted control of the MRR was for the contraband whisky. A-1 feels that this contraband whisky was just an alibi and the main motive had been to overthrow the Costa Rican Government.

e. Will Vico Starke accept defeat or will he try again to control our movement? A-1 feels that Vico Starke no longer poses a direct menace to his organization. Starke has been removed as the intermediary to Cornelio Orlich. Starke, however, is still in close contact with Cornelio Orlich. A-1 emphasized that Vico Starke will not be permitted to enter the camps, mainly GUILLOT, even though it is on his estate.

Above conversation conducted in prearranged frequently changed privacy code

SECRET

f. Has there been an open break between Starke and the Orlichs? A-1 stated that at the beginning of the crisis there had been a break between Starke and Cornelio Orlich, however, Starke has been able to smoothen the rupture by telling Cornelio Orlich that his main interest in controlling the MRR was for financial gains through the contraband trade.

g. Is Cabezas your main source on Starke and Calderon? A-1 commented that Cabezas had been one of his sources, but also Col. Figuls plus reports given to A-1 by his own people in the camps. However, his main source was the facts which speak for themselves.

3. Changing the subject, Martin asked A-1 why he could not go to Guatemala. A-1 explained that what he had wanted to say in his message was that at this particular time Guatemala would have to be ruled out because his passport showed an exit from Mercedes Airport in Nicaragua. However, this did not preclude future meetings in Guatemala. A-1 apologized if he had given us the wrong impression in his message.

4. A-1 stated that within the coming week he might want to have a special meeting with the Consejo concerning the latest political developments in Costa Rica.

5. A-1 is forwarding us a tape on Honduras and Costa Rica as soon as possible.

6. A-1 is not satisfied with the developments in Nicaragua and with Iglesias in particular. A-1 implied that the main problem may be the funding mechanism in Nicaragua and misuse of AMWORLD funds. A-1 is sending AMWORLD-2, who is a public accountant, to review the financial situation there.

7. A-1 was asked to service his post office box since there are several letters waiting for him.

8. A-1 expects to meet with the DMJM people, who are now in Miami, along with AMWORLD-2 and AMJAVA-4.

9. It was requested of A-1 that he precede any Consejo messages which require immediate attention with the word "URGENTE" so that members of this office will not needlessly be called at all hours of the night. A-1 agreed.

10. A-1 was reminded that we still have not received AMWORLD-2's report regarding his interview with Eusebio Mujal.

AMWORLD Meeting in New Orleans, 29 Feb to 1 March 1964

SUBJECT: Galley Proofs of Book, "Bay of Pigs"

1. The two chapters of subject galley proofs were discussed with AMJAVA-4. We called attention particularly to the part referring to "Frank's" discussion of the possible "arrest" of American advisors in case of orders from Washington changing the plan of the invasion. We passed on Mr. Archer's view that A-1 should stick with the story, if it is true, in case reporters should question him about it, but that we felt that the easiest way out of this matter without building up a new controversy would be to take it fairly lightly. In other words, perhaps we could play it as though it had not been considered serious at the time because it was felt that Frank was a bit of a blowhard anyway who tried to involve himself too deeply in everything, plus the fact that we realized he was under considerable strain and probably this was just a brainstorm. A-4 felt that this was a sensible way to handle the matter. He understood it and agreed to discuss the matter with AMBIDDY-1 and felt that this would be acceptable to him.

2. A-4 asked if we had access to the rest of the book. I answered that to my knowledge these were the only two chapters available at the moment. I conjectured that perhaps they were being proofread, re-written, etc., chapter by chapter and that these were the first two which had been considered suitable to go to the printers. We would try to get the remaining chapters so that they could be studied and considered as soon as possible, but I simply had no way of knowing what was their present status and through which channels they would be handled. We would let them know as soon as we knew anything.

able personal courage, good security and common sense. In my mind he is the ideal type of Latin American agent. It will be a real loss to the Agency if we lose sight or contact with Adolfo. I have met few men more dedicated and more loyal.

5. [Ramon USATEGUI Lezama.] AMPAN-3. Recruited by AMPAN-2 and so close to each other that we referred to them as the "Gold Dust Twins." Ramon was in the shipping business in Havana and eventually had to leave. He lost his home, cars, furnishings, etc. His firm is now planning to send him to Nicaragua, and I have recommended him to the Nicaragua desk [Mr. Trenta]. He has all the qualities ascribed to Adolfo SAN PELAYO (see above) except that he has never been an American citizen. He speaks excellent English. He is dedicated, courageous and most anxious to maintain contact with the Agency. It will be our loss if this is not done.

6. Bernard L. Barker. AMCLATTER-1. Wife: Clara. Barker is a Cuban-American. Ex-Captain in the U.S.A.F. See PRQ and 201 for full bio data. I recruited Barker in 1959, and he served faithfully until we had to exfiltrate him sometime in 1960. He recruited a number of valuable agents for the Station (including AMCLATTER-5, which see) and had an amazing encyclopedic knowledge of Cuban persons, events and contacts in all walks of life. He was a boxing manager and knew intimately all Cuban personalities engaged in the sporting industry. He had a puppy-dog loyalty to his case officers and to the Agency. His biggest weakness was his lack of discretion. He was such a loyal American (actually if not technically) that he would fight at the drop of a hat if anyone cast aspersions on the United States or its leaders. In the atmosphere of Castro's Cuba I might say that that was quite often. We are in the process of helping him recover his lost American citizenship. When the Station reopens I would certainly recommend that we continue to maintain contact with Barker. If nothing else he would make a wonderful leg-man for the Chief of Station. His wife is an attractive Cuban gal who is bi-lingual and as belligerently "American" as he is. Barker, by looks and by language, could pass either as an American or a Cuban - a genuine asset if he could be taught to submerge his Americanism.

7. [Manolo VEGA Abril.] I met Manolo through Jorge ALONSO PUJOL (now a prisoner in Cuba as a result of the 17th of April invasion). Manolo is working for us now in Miami, and I presume we have full bio data on him. Manolo's family owned, along with Republic Steel, the big steel plant in Havana which was nationalized by the Castro regime (Cia. Antillana de Acero, S.A.). Manolo has a brother, [illegible], who would also be worth cultivating. Through his business and family connections Manolo knew a great many people of operational interest. One of his friends was David SALVADOR, although Manolo did not share SALVADOR's political thinking (extreme left and anti-American). HE REPORTED ON DEVELOPMENTS OF REFS AS FOLLOWS: AS AMBIDDY WAS PREPARING LEAVE FOR SALVADOR IN JULY HE WAS VISITED BY SALVADORAN HUMBERTO RODEZNO (PHONETIC) WHO HAD LONG SHOPPING LIST OF ARMS AND AMMUNITION. AMBIDDY EXPLAINED THAT HE COULD NOT GET INVOLVED IN ANY ARMS EXPORT MATTERS, THAT HE IS WELL KNOWN AS PBRUMEN PATRIOT AND DOES NOT WISH CHANGE IMAGE FOR THAT OF ARMS DEALER OR SOLDIER OF FORTUNE. RODEZNO SAID HE ALREADY IN TOUCH WITH AN AMERICAN IN MIAMI WHO WAS GOING TO FURNISH 30-06 AMMO AT TEN CENTS A ROUND, SHIP IT FROM INTER-ARMCO IN VIRGINIA TO CANADA FOR ONWARD SHIPMENT TO SALVADOR. AMBIDDY WARNED RODEZNO THAT THE AMERICAN, WHOSE NAME WAS NOT

2. TWO DAYS LATER RICARDO ZUNIGA OF HONDURAS APPEARED IN MIAMI AND CONTACTED AMBIDDY. HE ALSO HAD LONG SHOPPING LIST RANGING FROM SMALL ARMS TO ONE THOUSAND POUND BOMB. MEETING TOOK PLACE IN DUPONT PLAZA HOTEL AND ZUNIGA WAS ACCOMPANIED BY HONDURAN CONSUL "MIKE" (LNU). AMBIDDY GAVE THEM ESSENTIALLY SAME STORY, COMMISERATED WITH THEM, AS HAD WITH RODEZNO, SUGGESTED THEY WOULD DO BETTER TO SHOP IN EUROPE, FOR EXAMPLE BELGIUM OR SPAIN, WHO WOULD SELL TO ANYONE. ZUNIGA ASKED IF AMBIDDY THOUGHT FABRIQUE NATIONAL WOULD GRANT CONFIDENTIAL COMMISSION (KICKBACK) OF AT LEAST TEN PERCENT. AMBIDDY ASSURED HIM FN WOULD. ZUNIGA TOLD AMBIDDY THAT IF HE, ZUNIGA, SUCCEEDED IN OBTAINING KICKBACK FROM FN, AMBIDDY COULD EXPECT TO RECEIVE NICE PRESENT. AMBIDDY HAS HEARD NOTHING SINCE FROM ZUNIGA BUT HAS HEARD FROM CONTACT IN HONDURAS THAT ZUNIGA BOUGHT ARMS AND AMMO FROM FN AND BOMBS IN PORTUGAL. PORTUGUESE GAVE HIM FIVE PERCENT RAKE-OFF. ZUNIGA TRAVELLED TO EUROPE ON HONDURAN PASSPORT IN ALIAS.

WH/COMMENT: On 22 July COS Managua received urgent phone call from AMBIDDY-1. AMBIDDY-1 said he just received phone call from Salvador and they (Salvadorans) needed eight pilots and wanted to consult with AMBIDDY. A Salvadoran visa had been authorized. COS Managua instructed AMBIDDY to proceed to San Salvador and obtain info on Salvador war plans. Once he acquired this info AMBIDDY was to inform the Salvadorans that he could not be involved in any way. AMBIDDY agreed and told COS Managua that he would contact COS on his return from the trip to San Salvador

1. DUSKIRT-2 HAS ASKED IF WE COULD OBTAIN FOR HIM THE CURRENT ADDRESS OF MANUEL ARTIME. D-2 WAS FRIEND AND COLLABORATOR OF ARTIME FROM 1959 UNTIL THEY LOST CONTACT WITH EACH OTHER IN 1968. WHEN D-2 FIRST CAME TO PERU HE CARRIED LETTER SIGNED BY ARTIME IDENTIFYING HIM AS ARTIME PERSONAL REP IN PERU.

2. D-2 WANTS TO CONTACT ARTIME TO ASK HIS HELP IN OBTAINING NICARAGUAN PASSPORT. HE CLAIMS ARTIME RELATIONSHIP WITH SOMOZA IS SUCH THAT ARTIME COULD OBTAIN FOR D-2 NICARAGUAN PASSPORT AND PERHAPS SOME TYPE OF HONORARY CONSUL DESIGNATION. D-2 WILL WRITE LETTER TO ARTIME EXPLAINING HIS SITUATION AND WILL ASK STATION TO POUCH LETTER TO MIAMI FOR MAILING THERE EITHER DIRECTLY TO ARTIME OR TO D-2 SISTER FOR HER TO DELIVER PERSONALLY TO ARTIME.

3. AS ABOVE INDICATES, D-2 REMAINS PREOCCUPIED WITH FACT HE DOES NOT POSSESS VALID PASSPORT. HE HAS TRIED NUMEROUS SCHEMES TO OBTAIN SAME WITHOUT SUCCESS. HE STRONGLY FEELS HE MUST HAVE DOCUMENTATION TO LEAVE PERU IF NECESSARY. HE WORRIES ABOUT

GENERAL SOMOZA KNEW AMWORLD WAS LEAVING BEHIND SOME RESERVE EQUIPMENT AND WOULD KEEP ENOUGH WEAPONS FOR LOCAL SECURITY. HE DID NOT KNOW NUMBERS AND TYPES REMAINING. AMBIDDY-1 ASKED IF WOFACT WISHED TO RECOVER WEAPONS, OTHERWISE HE WOULD HAVE TO DUMP THEM IN OCEAN. ZABOTH, AMBIDDY-1 AND AMJAVA-4, WHO IN MANAGUA ON OTHER BUSINESS, VISITED BLUFF ISLAND 6 MARCH TO CHECK SITUATION. IF HQS WISHES RECOVER WEAPONS, MOST FEASIBLE METHOD IS BY AIR. A CARIBOU OR C-123 TYPE AIRCRAFT COULD LAND ON BLUFF STRIP, LOAD WEAPONS AT NIGHT AND FLY THEM OUT NEXT MORNING. IF HQS DOES NOT WISH RECOVER WEAPONS, AMBIDDY-1 COULD BE TOLD TO MAKE OWN ARRANGEMENTS TO DUMP WEAPONS AT SEA.

5. DESPITE AMBIDDY-1 DESIRE NOT INFORM SOMOZA ABOUT ARMS CACHE, COS FEELS THAT SOMOZA SHOULD BE INFORMED IF

SECRET

HQS DECISION IS THAT ARMS SHOULD BE RECOVERED. SOMOZA COULD BE TOLD THAT "SOME EQUIPMENT" LEFT BEHIND BY AMWORLD GROUP NOW STORED AT BLUFF AND LNHARP WISHES RECOVER. BELIEVE HE WOULD AGREE TO AIRCRAFT PICKUP AS PROPOSED ABOVE. IN STATION OPINION BLACK RECOVERY WITHOUT SOMOZA KNOWLEDGE TOO RISKY. STATION ALSO FEELS THESE WEAPONS SHOULD BE REMOVED FROM CENTRAL AMERICA LEST THEY FALL INTO WRONG HANDS.

6. HQS PLEASE ADVISE BY CABLE.

1. DURING RECENT KDALCOHOL-1 (K-1) MEETING WITH SLOTH-21, LATTER PUSHED HIM HARD RE VARIOUS CUBAN EXILE TASKS. SLOTH-21 TOLD HIM THAT "HAVANA" HAD COMMENDED HIS REPORTING TO DATE ON EXILES (ESSENTIALLY OVERT BIO AND BACKGROUND INFO AND CONTRIVED SPECULATION BY K-1 CONCERNING EXILE INTENTIONS). FOLLOWING ITEMS ON EXILES REPORTED TO STATION BY K-1 SEEM OF PARTICULAR INTEREST:

A. DURING DECEMBER VISIT MIAMI, K-1 MET WITH MANUEL FRANCIS A R T I M E BUESA (201-0267437). ARTIME ASKED K-1 LOOK OUT FOR MEAT EXPORT/IMPORT OPPORTUNITIES IN MEXICO. ARTIME ALSO TOLD K-1 THAT FROM TIME TO TIME HE MIGHT SEND K-1 (FROM A MIAMI P.O. BOX) LETTERS TO BE SMUGGLED INTO CUBA VIA ANY OF K-1'S FRIENDS TRAVELING THERE FROM MEXICO. K-1 TOLD THIS TO SLOTH-21 WHO BECAME VERY EXCITED ABOUT THE MATTER. SLOTH-21 INSTRUCTED K-1 TO ALERT HIM IF ANY LETTERS ARRIVE (NONE HAVE SO FAR). ACCORDING TO SLOTH-21, LETTERS OF THIS SORT ARE MONITORED BY CUBAN SECURITY

OFFICIALS WHO THEN SURVEIL THE RECIPIENTS. THIS MAY PROVIDE OPPORTUNITY FOR VNTOGA-TYPE OP INTENDED BURN IMPORTANT CUBAN OFFICIAL. RISK TO K-1 WOULD BE MINIMAL SINCE HE WOULD MERELY BE INTERMEDIARY FOR LETTER OSTENISBLY COMING FROM ARTIME OR SOME OTHER EXILE LEADER.

B. SLOTH-21 TOLD K-1 DEVELOP ALL POSSIBLE BACKGROUND INFO ON JOSE IGNACIO R A S C O BERMUDEZ (201-0274330), CUBAN EXILE RESIDING IN MIAMI. WHILE SLOTH-21 DID NOT REVEAL REASON FOR CUBAN INTEREST IN RASCO, BASED ON K-1'S KNOWLEDGE OF RASCO AND SLOTH-21'S MANNER, K-1 BELIEVES THAT RASCO ATTEMPTING DIALOGUE WITH CUBAN GOVERNMENT. K-1 KNOWS RASCO ONLY SLIGHTLY, BUT KNOWS HIS BROTHER, RAMON, WELL. K-1 AND RAMON RASCO WERE ASSOCIATED WITH A CREDIT UNION IN MIAMI SOME YEARS AGO. K-1 MET RAMON BY CHANCE WHILE IN MIAMI IN DECEMBER. K-1 KNOWS JOSE RASCO AS LEADER IN DEMOCRATIC CHRISTIAN MOVEMENT IN MIAMI. STATION CARD ON JOSE RASCO LISTS HIM AS PRESIDENT OF "MOVIMIENTO DEMOCRATA CRISTIANO DE CUBA" AS OF AUGUST 1960. CARD ALSO INDICATES THAT "GOBERNACION" HAS A CLASSIFIED FILE ON JOSE RASCO.

SLOTH-21 SPECIFICALLY ASKED FOR THE IDENTITY OF THE "CIRCULO" OFFICIAL WHO CONTROLS THE CLUB'S MAILING LIST AND DISTRIBUTES PROPAGANDA TO EXILES. SLOTH-21 HOPEFUL THAT ONCE K-1 REACHES A LEADERSHIP ROLE IN THE CLUB THAT HE CAN SERVE AS SPOTTER AND ARRANGE FOR FILM SHOWINGS WITH FILMS PROVIDED BY SLOTH-21. INTERESTINGLY, WHEN K-1 TOLD SLOTH-21 THAT HE (K-1) MIGHT MAKE A SHORT SPEECH AT THE CLUB DURING MAY 1974 CUBAN INDEPENDENCE CEREMONIES, SLOTH-21 CAUTIONED HIM AGAINST SAYING ANYTHING CRITICAL OF CASTRO REGIME. ALSO OF INTEREST IS FACT SLOTH-21 DECLINED REIMBURSE K-1 FOR "CIRCULO" ENTRANCE FEES. SLOTH-21 INSISTED THAT IF K-1 BELIEVES IN "THE REVOLUTION" HE WILL ADD THE COST OF FEE ONTO THE BILL OF ONE OF HIS CAPITALIST PATIENTS.

IF K-1 COULD GET QUEVEDO TO COOPERATE WITH CUBAN GOVERNMENT AS K-1 IS DOING. K-1 TOLD SLOTH-21 THAT HE THOUGHT THIS WAS A POSSIBILITY. (ACTUALLY, K-1 IS ALMOST CERTAIN QUEVEDO, WHOM HE DESCRIBED AS ANTI-CASTRO AND ANTI-COMMUNIST, WOULD "COOPERATE" WITH CUBANS ONLY IF HE WERE RECRUITED BY U.S. GOVERNMENT.)

2. IN ORDER INSPIRE K-1 IN HIS OVERT ROLE, SLOTH-21 TOLD HIM STORY ABOUT TONY SANTIAGO, CUBAN MILITARY COMMANDER WHO PRETENDED TO WORK FOR BKHERALD AND WAS VIEWED BY CUBANS AS A TRAITOR UNTIL THE STORY OF HIS DOUBLE AGENT ROLE CAME TO LIGHT AFTER HIS DEATH "AT HANDS OF BKHERALD." PRESUME THIS STORY KNOWN TO ADDRESSEES.

3. SLOTH-21 TOLD K-1 THAT "HAVANA" WANTED HIM AVAILABLE FOR BRIEF ASSIGNMENT TO CARACAS IN JULY OR AUGUST 1974. HE IS TO TAKE HIS WIFE TO MAKE IT APPEAR THAT HE IS ON HOLIDAY. K-1 TOLD SLOTH-21 THAT HE COULD MAKE THE TRIP IF HE HAD SUFFICIENT ADVANCE NOTICE AND KNEW EXACTLY WHAT IS EXPECTED OF HIM. K-1 HAS INVITATION FROM CLAT OFFICIALS EMILIO M A S P E R O AND EDUARDO G A R C I A TO VISIT CARACAS NEXT SUMMER, SO HE COULD COVER BOTH MATTERS DURING ONE TRIP. K-1 WILL MAKE TRIP ONLY IF WE CONCUR AND ONLY IF HE IS CERTAIN THAT RISK IS MINIMAL. IT WOULD APPEAR SLIME PLANS USE HIM AS COURIER OF SOME SORT.

S-E-C-R-E T

4. SLOTH-21 CONTINUES TO INSIST THAT K-1 AGREE TO SPOT, CULTIVATE AND ASSESS SOMEONE IN THE U.S. EMBASSY AS A POSSIBLE PENETRATION AGENT. SLOTH-21'S GUIDANCE HAS RANGED FROM AMERICAN SECRETARY TO A CONSUL OR VICE CONSUL TO A MEXICAN EMPLOYEE. AS INSTRUCTED BY US, K-1 HAS RESISTED TASK ON BASIS HIS OSTENSIBLE FEAR THAT BECAUSE OF HIS DISSIDENT/LEFTIST LABOR BACKGROUND, U.S. EMBASSY COULD HAVE HIM EXPELLED FROM MEXICO. SLOTH-21 REFUSES ACCEPT THE EXCUSE AND INSISTS THAT HE (SLOTH-21) IS ON THE HOOK TO PENETRATE THE U.S. EMBASSY. SENDING SEPARATE CABLE ON THIS MATTER.

MEMORANDUM FOR THE RECORD

SUBJECT: Manuel Artime

1. Artime was an INRA official in the Castro regime in 1959 but broke with it in late 1959 or early 1960 over a communist issue and was exfiltrated by CIA. He was the political representative for Brigade 2506 and was captured during the Bay of Pigs. He was sentenced to be executed but this was later commuted by Castro to life imprisonment. In 1962 Artime was released to the U.S. as part of a prisoner exchange.

2. From June 1963 through April 1965 Artime conducted paramilitary operations (Project AMWORLD) against Cuba under the political banner of his exiled group, Movimiento de Recuperacion Revolucionaria (MRR). The Project expenses during this period were approximately $7 million. The support was terminated effective 1 May 1965 but support for political operations was restored in June 1965 at the rate of $15,000 per month. This was scaled down to $5,000 a month in September 1965, to $3,000 a month in June 1966, and terminated on 31 December 1966. Artime accepted this termination gracefully in a meeting on 13 January 1967. That ended the formal operational relationship with Artime, although he maintained informal contact with CIA, most recently with Robert Shaw when Shaw was COS, Managua.

SUBJECT: Traces on Sources of Information on Drugs

1. The following information has been extracted from our files on the 7 persons mentioned below who are narcotic sources of your office. Additional information on them will be forwarded to you as it becomes known to us.

201-294213

A. Bernardo G. de TORRES Alvarez: Also known as Bernardo GONZALEZ de Torres Alvarez. TORRES entered the U.S. in January 1955, and began to play professional baseball. He gave up his studies in civil engineering (he began this career in 1948), and he obtained work with the Ford Motor Co. in Michigan and with the Aldor Co., Inc., for whom he installed garage doors that they manufactured. He went to Cuba in January 1959 to attempt to exfiltrate his father. Although he was unable to do so at that time, due to his father's illness, his father came out himself later. Subject stayed in Havana and worked against the CASTRO regime until November 1959, when he returned to the U.S. After his arrival he took a course given by the Miami Police Department for private detectives, and obtained a certificate allowing him to practice as a detective, which he did for the C.de Torres Detective Firm (C. de Torres is probably his brother, Carlos de Torres). He made two trips to Cuba in early 1960 to discuss shipments of arms to anti-Castro forces. Torres became the Chief of Intelligence of Brigade 2506. He was captured on 17 April 1961 at Playa Giron, Cuba, and was ransomed for $50,000, after which he was returned to the U.S. on a Pan American charter flight landing at Homestead Air Force Base on 24 December 1962. He later became the Assistant Secretary for Military Affairs and the Chief of Intelligence of the Association of Bay of Pigs veterans. His brother Carlos was the liaison between the Intelligence Department of the Association and the [illegible] and provided the necessary means to guide Subject in his position. Carlos provided information on all matters of

201-294213
200-11-4/7

importance to the [illegible]. Subject was involved in the investigation carried out by District Attorney of New Orleans James Garrison on the assassination of President John F. Kennedy. About the time that Subject was involved in this investigation, it was said of him that he liked to boast about his influence and contacts. Information from March 19[illegible] indicates that Subject was engaged in narcotics trafficking along with his brother, Carlos, and Roberto VEGA (in Puerto Rico), Ernesto VENERO (Brigade 2506 member); Raul LEAL (in Dominican Republic. He is a steady gambling dealer in Las Vegas clubs); Juan GARCIA (fisherman); (fnu)CUSA, engineer of the fishing boat "El Viejo Comus"); Ramon DONESTEVEZ (appears as a revolutionary to cover his illegal activities); Aton CONSTANZO and his brother Abelino CONSTANZO; and Julian VALDEZ Villa (aka "Negrete").

Subject is presently living with his second wife (he had 2 daughters and a son by his first wife) at 2700 S.W. 23rd Terrace, Apt. 403, Miami. In early 1973, he was visited by suspicious looking persons who often parked their cars at some distance and tried to enter and leave the building without being seen. One young man, a Vietnam veteran, did not enter Subject's apartment but took a hidden key to open Subject's car trunk and place there a package he had brought. Subject has a heart condition. Those visits have stopped since early spring 1973.

FR/ 201-0267437

B. Manuel ARTIME. Subject's anti-Castro activities are well known, as is his general prominence in the Cuban exile community in Miami. Therefore, extensive traces on him are not being included since much of the information is surely already available to you.

FR ✓ 201-0289549

C. Reinaldo TORRENTE: The only information we have on hand is that Subject was a member of Brigade 2506. More information on him is expected from our headquarters, and will be forwarded upon receipt.

FR / 201-0285923

D. Ricardo MORALES Navarrete: Subject was a member of the G-2 in Cuba, and was stationed at Boyeros Airport prior to 31 December 1958. He killed G-2 chief at Boyeros, Rolando MATOS Boson. He joined the Rebel Army on 10 December 1959, and deserted on 28 August 1960. He took asylum in the Brasilian Embassy. Subject was considered suspect G-2 when he arrived in the U.S., because of his past affiliation with the G-2. On his arrival, however, he did give an interview to "Bohemia Libre" magazine on his G-2 past. It was understood, when he arrived, that he intended to penetrate the recruitment office of the FRD (Bay of Pigs), however, he did not do this. He worked at the Hotel Sevilla, Miami, after

[illegible]

14-00000

his arrival. About that time, he was always accompanied by one Manolito RODRIGUEZ. Subject became a member of the Cuban Liberation Army (Ejercito Libertador de Cuba), and had the responsibility of fund raising among the exile Cuban population. Subject also was believed to be a member of the group Cuban Power but he was only related to the leader of that group, whose surname is also MORALES Navarette. Subject was a confident of Manuel ARTIME, and may still be one. In March 1968, Subject was arrested and charged with involvement in a terrorist attempt in Miami.

E. We have no traces on Miguel O. MERCADO Orenas.

F. Carlos M. MENCHACA Verdaguer. Subject was suspected of being a G-2 informant in Miami in late 1962. One report from October 1963 said he was (in the past) G-2 but "now" considered to be anti-Castro. He was described as "very talkative", but the same source does not believe him to be G-2. He was in the lumber business in Cuba; in 1962 was selling used cars in Miami; and 1963, he was a piano refinisher.

MEMORANDUM FOR: Deputy Chief, Western Hemisphere Division

SUBJECT : Dr. Manuel Artine Buesa

1. Dr. Manuel Artine Buesa has been a close friend of mine since we first met in Nicaragua in late 1966 or early 1967. It was as a result of Artime's revelations at that time that we recovered several tons of AMWORLD arms and munitions which had been secretly buried at El Bluff. I last saw Artime in Tegucigalpa in July or the first days of August 1972.

2. Artime's business activity has narrowed down pretty much to exporting meat from Central America and arranging its importation into the United States at Miami. His principal partner abroad is General Anastasio Somoza Debayle of Nicaragua. I am not sure with whom he deals in the U.S. although he has mentioned on a couple of occasions a business connection with Edgard Buttarri (not sure of this spelling) who, in turn, is supposed to be tied in with "Bebe" Rebozo. I have also heard Artime mention the "United States Meat Company" or the "American Meat Company" (not sure which) as an importer of his Nicaraguan meats.

3. Artime was quite active during the past year trying to get a meat export business going in Honduras. Acting in concert with Somoza, and using to some extent the Honduran connections of Teofilo Omar Rabun Franco (another close friend of mine), Artime was attempting to refurbish an idle meat packing facility at Puerto Arturo on the north coast of Honduras near Tela. The principal motivating force in this Honduran venture was to have been General Oswaldo Lopez Arellano. After repeated attempts to get the business rolling, Artime threw up his hands in disgust about July 1972 owing to Lopez' failure to carry through on the Honduran end. Artime told me that Lopez was "crazy" and "abnormal" (Artime is a psychiatrist) and that

he was going to advise his associates in Nicaragua and the Miami area to forget about doing business in Honduras.

4. Artime lives in Miami and commutes often to Managua, always flying on Lanica Airlines (owned by Somoza). When in Managua he usually stays at the home of Jose Fernandez de la Torre (still another close friend of mine).

5. Artime said he would keep me supplied with Nicaraguan steaks during our stay in the U.S. and made me promise to get in touch with him after we got settled in. I have not yet done so. If you wish, using this pretext I can contact him and elicit more up-to-date information on his commercial activities.

6. It might also be added that Artime is a long-time friend of Howard Hunt.

2. AMBIDDY COULD HAVE TURNED TIDY PROFIT ON EXTENSIVE EL BLUFF CACHE WHICH NEITHER WOFIRM NOR SOMOZA KNEW ABOUT. INSTEAD, ALTHOUGH FINANCIALLY PRESSED, HE INFORMED STATION AND HELPED IN EVERY WAY TO GET THESE ARMS INTO WOFIRM HANDS.

1. ON [illegible] MARCH 1963 MANUEL ARTIME BUESA, CUBAN EXILE LEADER, FLEW FROM MIAMI, FLORIDA TO MANAGUA, NICARAGUA ON INVITATION OF [illegible] RENE SCHICK. ARTIME'S EXPRESS PURPOSE FOR MAKING THE TRIP WAS TO DETERMINE IF SCHICK WOULD SUPPORT HIS (ARTIME'S) ANTI-CASTRO PARAMILITARY CAMPAIGN BY MAKING MILITARY TRAINING SITES AND OPERATIONAL BASES AVAILABLE TO ARTIME.

2. ARTIME ALSO SAID HE HOPED TO DETERMINE WHETHER SCHICK WAS AN EXTENSION OF THE SOMOZA DYNASTY OR WHETHER SCHICK WAS A TRUE STEP TOWARD DEMOCRATIC GOVERNMENT IN NICARAGUA.

3. ON HIS ARRIVAL IN MANAGUA, ARTIME WAS MET BY CAPTAIN PEREZ (FNU) WHO TOLD ARTIME THAT AN INTERVIEW WAS ARRANGED FOR THAT NIGHT, 22 MARCH, WITH LUIS SOMOZA. THE MEETING WAS HELD AS ARRANGED AND LASTED FOR OVER THREE HOURS. THE SUBSTANCE OF THE MEETING WAS AS FOLLOWS:

A. SOMOZA SAID THAT ARTIME COULD TALK WITH SCHICK, BUT SOMOZA WISHED TO EXPLAIN HE CONSIDERS SCHICK AN INDEPENDENT AGENT AND NOT AN EXTENSION OF HIS (SOMOZA'S) RULE. HE SAID SCHICK BY HIS OWN RIGHT HAS PRESTIGE, AND WOULD NEVER CONSENT TO BE A "PUPPET RULER". AS FAR AS SCHICK'S FUTURE PROGRAMS WERE CONCERNED, SOMOZA SAID SCHICK HIMSELF WOULD DISCUSS THIS WITH ARTIME;

B. SOMOZA SAID NICARAGUA HAS GREAT INTEREST IN BETTERING ITS RELATIONS WITH LIBERAL DEMOCRATIC GOVERNMENTS, AND AS AN EXAMPLE SINGLED OUT VENEZUELA;

C. SOMOZA COMMENTED ON THE DOMINICAN REPUBLIC AND MADE IT CLEAR HE HAS LITTLE USE FOR JUAN BOSCH Y. GAVINO. HE SAID HE IS FIRMLY CONVINCED THAT BOSCH HAS MADE A PACT WITH THE COMMUNISTS.

4. ON 23 MARCH ARTIME MET WITH PRESIDENT RENE SCHICK FOR A PERIOD OF ABOUT TWO HOURS. SCHICK MADE THE FOLLOWING POINTS:

A. THE IMPORTANT TASK FOR NICARAGUA IS TO RID ITSELF OF THE "DICTATOR" TAG. SCHICK SAID THAT BY BRINGING THE OPPOSITION INTO THE GOVERNMENT, AND LETTING THE OPPOSITION SH[illegible]E IN THE GOVERNMENT, HE IS CONVINCED THAT NICARAGUA CAN PROGRESS TOWARD A DEMOCRATIC GOVERNMENT. THIS APPROACH, HE SAID, CAN ELIMINATE THE POSSIBILITY OF REVOLUTION AND THE ESTABLISHMENT OF A SOCIALIST STATE;

B. SCHICK'S GOVERNMENTAL PROGRAM INCLUDES WORKING FOR SOCIAL JUSTICE;

CLASSIFICATION — DISSEMINATION CONTROLS

C. SCHICK WISHES TO IMPROVE RELATIONS BETWEEN NICARAGUA AND COSTA RICA AS WELL AS WITH VENEZUELA. HE SAID HE WANTS TO CONCENTRATE HIS EFFORTS ON INTERNATIONAL RELATIONS, PARTICULARLY WITH CENTRAL AMERICAN COUNTRIES, AND THUS HELP ESTABLISH THE CENTRAL AMERICAN COMMON MARKET.

D. SCHICK IS CERTAIN IN HIS OWN MIND THAT LUIS SOMOZA HAS NO INTENT OF RETURNING TO POLITICS, AND ADDED THAT HE, SCHICK, ASKED GENERAL "TACHO" SOMOZA TO STAY ON AS CHIEF OF THE ARMED FORCES. HE EXPLAINED THIS AS GOOD POLITICS, SAYING SOMOZA'S PRESENCE WOULD KEEP THE MILITARY IN CHECK AND ALLOW TIME FOR IMPLEMENTING REFORMS. HE HOPED THAT ON THE EXPIRATION OF HIS, SCHICK'S, TERM OF OFFICE, NICARAGUA WILL HAVE PROGRESSED TO THE POINT WHERE SOMOZA'S PRESENCE WOULD NO LONGER BE NECESSARY IN THE ARMED FORCES;

E. NICARAGUA, LIKE ALL OTHER COUNTRIES OF LATIN AMERICA IS DISPOSED TO HELP THE ANTI-CASTRO CAUSE CLANDESTINELY, BUT SCHICK ADDED THAT SUCH HELP IS CONDITIONED UPON THE IMPLIED APPROVAL OF PRESIDENT JOHN F. KENNEDY. IF SUCH APPROVAL IS GIVEN ARTIME CAN COUNT ON NICARAGUA'S SUPPORT.

5. SUBSEQUENTLY, AS AN ADDITIONAL CONDITION, SCHICK SAID THAT IF PRESIDENT KENNEDY APPROVES, AN AMERICAN REPRESENTATIVE MUST BE SENT TO CENTRAL AMERICA TO COORDINATE THIS EFFORT.

6. FIELD DISS. : STATE (MIAMI).

GIVEN, WOULD PROBABLY REPORT HIM TO FBI, CIA, BORDER PATROL, "OR TO THE BOY SCOUTS". AMBIDDY THEN BROKE OFF CONTACT WITH RODEZNO AND DECIDED THERE NO REASON TRAVEL TO SALVADOR.

2. TWO DAYS LATER RICARDO ZUNIGA OF HONDURAS APPEARED IN MIAMI AND CONTACTED AMBIDDY. HE ALSO HAD LONG SHOPPING LIST RANGING FROM SMALL ARMS TO ONE THOUSAND POUND BOMB. MEETING TOOK PLACE IN DUPONT PLAZA HOTEL AND ZUNIGA WAS ACCOMPANIED BY HONDURAN CONSUL "MIKE" (LNU). AMBIDDY GAVE THEM ESSENTIALLY SAME STORY, COMMISERATED WITH THEM, AS HAD WITH RODEZNO, SUGGESTED THEY WOULD DO BETTER TO SHOP IN EUROPE, FOR EXAMPLE BELGIUM OR SPAIN, WHO WOULD SELL TO ANYONE. ZUNIGA ASKED IF AMBIDDY THOUGHT FABRIQUE NATIONAL WOULD GRANT CONFIDENTIAL COMMISSION (KICKBACK) OF AT LEAST TEN PERCENT. AMBIDDY ASSURED HIM FN WOULD. ZUNIGA TOLD AMBIDDY THAT IF HE, ZUNIGA, SUCCEEDED IN OBTAINING KICKBACK FROM FN, AMBIDDY COULD EXPECT TO RECEIVE NICE PRESENT. AMBIDDY HAS HEARD NOTHING SINCE FROM ZUNIGA BUT HAS HEARD FROM CONTACT IN HONDURAS THAT ZUNIGA BOUGHT ARMS AND AMMO FROM FN AND BOMBS IN PORTUGAL. PORTUGUESE GAVE HIM FIVE PERCENT RAKE-OFF. ZUNIGA TRAVELLED TO EUROPE ON HONDURAN PASSPORT IN ALIAS.

1. Attached (USC) for the information of Headquarters is a copy of a memorandum prepared for the LNPURE Chief on 12 May 1969. This memorandum sets forth information received that day by the COS from AMBIDDY-1 who is considering going into a dry dock venture in Corinto with Jose Maria ZELAYA, private secretary to President Somoza. ZELAYA has cabinet rank. He is believed by many to be pro-Communist although, as in the case of similar reports about Francisco J. LAINEZ, no real proof of these allegations seems to be produced.

2. When shown this memorandum, the LNPURE Chief said he thought it quite likely that ZELAYA is strongly anti-American as reported by AMBIDDY.

3. AMBIDDY says that for the first time he recently heard Somoza utter unfavorable words about the United States and AMBIDDY "wondered" to the COS if ZELAYA could be exerting some evil influence on Somoza.

4. The Station will seek to draw AMBIDDY out at length on this matter at an opportune time.

The Ambassador 12 May 1969

Political Attaché

Statements of Jose Maria "Chema" ZELAYA

1. On 12 May I was contacted by a close friend of mine who is engaged in negotiations with "Chema" ZELAYA which may lead to the two forming a business partnership. While my source is not normally a source of intelligence information, I have found him to be a good observer and to be reliable. He told me that ZELAYA told him the following at a meeting on 9 May.

2. The ROCKEFELLER visit is merely a political maneuver on the part of President NIXON to furnish an excuse if anything goes wrong in Latin America. It is preposterous to expect Governor ROCKEFELLER to learn anything about a country in twenty four hours. ROCKEFELLER will go back to the United States, make his report to NIXON, and then go about his normal duties. NIXON will adopt those recommendations regarding U.S. policy for Latin America that are agreeable to him, paying no attention to the rest. If anything goes wrong, NIXON can pin the blame on ROCKEFELLER. In this way he has a scapegoat and also has an opportunity to lessen the prestige of a potential political rival. No possible good can come from this mission.

3. ZELAYA said that he has managed to obtain the blessing (bendición) of the Catholic Church. Now he is working on the blessing of the American Ambassador. In this respect he has proposed setting up youth centers around the country--places where youngsters can go to read good books, play ping pong, etc. -- and the American Ambassador is interested.

4. My friend is of the opinion that ZELAYA is strongly anti-American.

MEMORANDUM FOR THE RECORD

SUBJECT: Manuel ARTIME Buesa

1. On 18 April I saw Subject again briefly and told him that I would appreciate an opportunity to talk to him alone. As he was about to leave town, he promised to contact me again on his next trip to Managua. He phoned me on 28 April. I picked him up that night and drove him up to my house where we had a long conversation over a couple of steaks and a good bottle of wine.

2. I told Subject that I had heard his name mentioned in connection with such unsavory activity as fomenting revolution in Panama and narcotics trafficking--from people who don't know him. My reply to any such dirty-mouthing is that Subject is a hyperactive type who keeps in contact with all sorts of people, some of whom may be involved in unsavory activity. This does not mean Subject is involved. Indeed, I was sure he was not.

3. The provocation yielded desired results and in the ensuing conversation Subject gave me a detailed explanation of his present activities and financial situation.

4. His business dealings are carried on under his company, known as Central South International, Inc. He is president and his wife is secretary. His business activity in Nicaragua consists of :

a. Sales of equipment to the National Guard

b. Sales of livestock (cows) to Nicaragua. These dealings are handled through Colonel Guillermo NOGUERA, the buyer at this end. Subject expects to expand this business to include sales to INFONAC--the National Development Commission.

Subject obtains the livestock from the Montura Ranch of Florida.

c. Sales of Florida real estate. Subject is not licensed to make such sales in the U.S. but can sell to persons abroad. (About two years ago he was selling lots west of Miami near where a new airport is to be built.)

5. Subject is now involved--on this trip--in a deal with President SOMOZA to furnish well drilling and pumping equipment for an agricultural irrigation system. SOMOZA was approached by a British firm which somehow wangled a U.S.-guaranteed 5 1/2 percent loan to underwrite the same scheme. This low interest was better than Subject's contacts could obtain initially and it appeared that the contract would go to the British outfit. However, Subject's stateside partner, a South Carolina legislator (state level), who operates a business known as INTERGROW, managed to swing the same deal and was due in town on 29 April to talk with SOMOZA. SOMOZA told Subject he would give the business to Subject if he and his INTERGROW friend could equal the British offer. As of 28 April prospects for consumation of a deal looked good.

6. Subject is also trying to work out a deal with SOMOZA regarding export of Nicaraguan meat. Previous dealings with a man from S&W fell through when this chap tried to "go around" Subject by dealing direct with Nicaraguan meat exporters. At present Subject is dealing with SOMOZA to buy meat from CARNIC and IFAGAN to sell in Miami to the Northwestern Meat Company, owned by Elpidio NUÑEZ. In return for his cooperation in the meat business, SOMOZA is to be given a 38% slice of the profits. The remainder would be split up as follows: 16% to Edgardo BUTTARI, 13% to Frank CONDOM, and 33% to Subject. SOMOZA is trying to figure out some way to get his bite without paying U.S. income taxes so the matter of spreading the profits is still up in the air. Central South International Inc. has an account at the Capital National Bank of Miami; Subject showed me an irrevocable letter of credit in the amount of $48,000 issued by this bank to be used for the meat export deal.

FORWARDED BY [illegible] TRANSMISSION
NO FIELD DISSEMINATION

7. As for possible sales of cattle to INFONAC, Subject is working on a deal with SOMOZA which may involve as much as a million and a half dollars.

8. Subject lives on commissions. He is now in debt to the tune of $9,500 of which he owes $1,600 to American Express and $3,900 to SOMOZA. When he has been down and out three persons have helped him with handouts of money to tide him over. These are Sixto MESA, in the construction business in Miami; Jose Luis GONZALEZ, in the lumber business; and "Tacho" SOMOZA. Subject plans to pay back all three every cent they have given him. He considers these handouts as loans. He is now trying to consolidate his debts through a loan from Diners Club. He is paying on his home mortgage at a rate of 5 3/4 percent, quite low by present-day standards. Two Cuban Negro friends of many-years standing live with him at his home. They are taxi drivers and each pays $25 a week to help defray household costs. One of these loyal retainers fired the first shot during the Pilon sugar mill raid pulled off by Subject's followers several years ago.

9. Contrary to popular belief, Subject does <u>not</u> own a piece of the Vizcaya restaurant in Miami although he could have been a partner had he made a $500 investment when the enterprise began. The owners are Oscar VILA, Aramis PIÑON, and the cook, named Tomás (lnu). VILA and PIÑON were with Subject in the Bay of Pigs invasion and both are old friends. VILA has been rumored involved in narcotics but Subject doesn't think he is. Some time ago the Miami Herald sent its lady gourmet reporter to do a story on the Vizcaya. She found it to her liking and wrote a favorable story but some unidentified character at the Herald told her that narcotics were pushed at the Vizcaya and that Subject was one of the owners. Publisher KNIGHT of the Herald had an investigation run before allowing the gourmet reporter's story to be printed. The restaurant was given a clean bill of health and the story was run.

10. One of the persons most prominently involved in blackening Subject's name is Rolando MASFERRER. Subject classifies him as the scum of Batista's Cuba. One gets the impression that Subject would be unhappy if MASFERRER, who Subject says <u>has</u> been involved in narcotics trafficking, were to say anything good about him.

FORWARDED BY SPECY TRANSMISSION
NO FIELD DISSEMINATION

11. Subject's only other possible connection with narcotics involves a report he gave to Mr. DREW of the FBI. This was as follows: Subject has a friend named Carlos ARMAS who is skipper of a shrimp boat the "Sea Cat". ARMAS lives at 1800 NW 34th Street, Miami. At sea in British waters (around some British island or cay in the Caribbean). ARMAS has "fraternized" with a Cuban shrimper "El Costero" captained by Antonio LOPEZ. LOPEZ has told ARMAS that his boat, "El Costero", often carries aboard a small, very fast speedboat. While anchored in British waters this speedboat, with a crew of 3, is put overboard with a "package" on board. It disappears only to return sometime later minus the package but with large quantities of money. It then refuels from "El Costero" and heads for Cuba on its own power. Subject and ARMAS think it probable that the package contains narcotics and that Fidel CASTRO is raising money this way. Mr. DREW of the FBI told Subject to tell his story to the Coast Guard. Subject did but the CG said they were not interested because the smuggling was taking place in British waters. As far as Subject knows nothing has ever been done about this matter.

12. Subject says that "politically" his program breaks down to:

a. Keeping about 200 men ("my action men") ready for action in case of a sudden change in Cuba or a "go ahead" on raids against Cuba.

b. Keeping on good terms with Edgardo BUTTARI and Frank CONDOM who are both on good terms with "Bebe" REBOZO who is in turn, an intimate friend of President NIXON. (Subject asked me not to discuss or report this owing to its political sensitivity. It would seem prudent not to accentuate this matter).

c. Keeping good relations with Nicaragua and Haiti for possible future operations against Cuba.

13. I asked Subject if he had any dealings with Colonel Angel ARAUZ of Panama in connection with efforts to overthrow the government of Panama. He said that ARAUZ had tried to get him, Subject, to furnish arms, support, and influential

friends in the Miami area. Subject successfully avoided ARAUZ when he showed up in Miami. ARAUZ is now in Venezuela where his wife's family is well connected with the COPEI Party. Subject is not in contact with ARAUZ.

14. Throughout our conversation Subject appeared sincere and anxious to make the facts known. He repeatedly stressed his respect for our organization as he has in the past. I believe he was being forthright and honest. He promised to keep in touch.

The Station has seen a copy of an FBI report of 30 January 1969, concerning AMBIDDY-1, which indicates, among other things, that AMBIDDY reportedly claimed to have arranged an interview with Mr. Richard NIXON at the time the latter was a presidential candidate. Since the content and tone of this FBI report differ somewhat from what the COS, Managua, has learned in direct talks with AMBIDDY-1, there is attached (USC) a memorandum from the COS setting forth observations resulting from meetings with AMBIDDY in Managua.

MEMORANDUM FOR THE RECORD

SUBJECT: Manuel ARTIME Buesa

1. ARTIME comes to Managua frequently, always using LANICA Airlines and frequently flying over Cuba. He is aware of the possibility of a highjacking and says that he would never make it out of the Havana airport alive if the CASTRO Government were to get hold of him.

2. He explains his trips as legitimate business. One of his enterprises lies in obtaining fatigue uniforms, canteens, web gear, and similar equipment and supplies for the Nicaraguan National Guard. Another enterprise, in which he was involved a year or so ago, involved lumber and cabinet woods which he hoped to export from Nicaragua to the States. He dealt with a Nicaraguan businessman named MOLINA in this matter. It seems to have fallen through. At one point last year (1968) I heard that ARTIME was trying to serve as middleman for investments by KRUPP interests in Germany here. I have heard no more about this. A more recent line is Nicaraguan beef for export to the States. He says that he has made contact with the top man of the S & W restaurants in the States. This man, after checking samples of Nicaraguan beef, says he will buy all he can get. The supplier at this end would be CARNIC, a meat packing enterprise owned by President SOMOZA. (There is no doubt ARTIME could find a ready market in the States but he may be stymied by the import quotas, especially since Nicaragua over-exported to the States in 1968 and had troubles as a result.)

3. ARTIME drops by to see me at my home often although not on every trip. His visits to me have been less frequent of late. We have easy rapport. He knows who I represent.

He is usually accompanied by Jose FERNANDEZ de la Torre, Manager of Distribuidora Inter-Americana, S. A. "Pepe" is a Cuban and a close friend of mine. He is ARTIME's closest friend in Nicaragua. ARTIME often stays at his home. On a couple of occasions ARTIME has been by to see me with another mutual Cuban friend, Primitivo ABLANEDO, who used to live at El Bluff on the East Coast. "El Gallego" ABLANEDO now lives in Managua and makes his living renting out dump trucks and construction and hauling equipment. On one occasion ARTIME came by with a Cuban I believe was named VILA. Mirta PADRON, another mutual Cuban friend (she teaches Spanish at the American Embassy) tells me that VILA owns a restaurant in Miami but that ARTIME has no connection with this enterprise. A couple of times ARTIME has come by with Frank CONDOM, a short, quiet, red-faced Cuban who owns some jewelry stores in Miami. CONDOM is now pretty well-off financially and is a good friend and business associate of "Bebe" REBOZO, who, in turn, is a close friend of President NIXON. I believe CONDOM and, perhaps REBOZO, may be involved in the meat deal.

4. ARTIME always comes with someone when he visits me--not because he feels need for a bodyguard as some suspect, but simply because he still doesn't know how to drive a car and I live some distance out of town. Our visits are pleasant, involve a scotch or two at most. The last two times ARTIME has not had anything to drink. We talk no operations or other such business. My personal views on dealing with CASTRO, especially on howwe should have dealt with him in the past, are rather hawkish and I think ARTIME finds these views pleasant to his ear although he is well aware that they are not "policy."

5. ARTIME told me some months ago--before the elections--of meeting with "Bebe" REBOZO. The meeting was arranged through CONDOM. ARTIME has not claimed to me to have met with Mr. NIXON either before or after he assumed the presidency. He has made it known, as is already well known, that REBOZO is close to the President. He has also speculated that REBOZO might have considerable say in formulation of the new

-3-

administration's Cuban policy. He expects this policy to be more hard-line but has not specifically said that REBOZO has said this would be so. He recently told me that some of my ideas on enforcing the economic blockade had been passed on to REBOZO.

6. In response to my queries as to what direction the new Cuba policy might take, ARTIME said in March 1969 that he did not expect the NIXON administration to address itself to the Cuban problem before May of this year. Then he expects a concerted effort to make the economic blockade work. If that does not yield results, he expects that a go-ahead will be given for the resumption of Cuban exile raids against Cuba from non-U.S. bases. He hopes to be the man chosen to lead in this endeavor. Again, in response to my questions, he said that exiles could be trained in Nicaragua. He favors using Haiti as the actual base of operations, i.e., the raiding parties would leave from there. He mentioned having talked with President DUVALIER and indicated that he has DUVALIER's approval for such operations.

7. ARTIME said that operations against Cuba would be designed to knock out shipping and port facilities. He has not recently referred to his earlier invasion plan as outlined in MANAGUA 6752 of 23 October 1968.

8. ARTIME is still as charming as ever, lot's of fun to be around socially--full of jokes, anecdotes, etc. He has not lost faith, is one of the few of what have been termed elsewhere "the old exile hacks" who have not given up. He really does seem determined to play a leading role in unseating CASTRO. He is beginning to go to fat a bit. I saw him in a bathing suit not long ago and thought that he would do well to get into trim if he hopes to lead in any military operation.

9. ARTIME has never made any discernable efforts to pry secrets from me; indeed, he seems to have taken special pains not to do so. He is mature and quite objective--can see various facets to just about any problem. I believe it is well worthwhile maintaining occasional contact with him.

SUBJECT: Current Rumors in PBRUMEN Exile Community

ACTION REQUIRED - REFERENCES

1. As usual the first month of 1969 featured a large number of rumors making the rounds in the PBRUMEN exile community. While we normally tend to ignore such rumors, we are forwarding a couple of tidbits because they relate to GPVALIANT.

2. The first of these rumors deals with a new group which has presumably been formed for the purpose of trying to deal through GPVALIANT. Among those in the group are Carlos Prio, Lincoln Rodon, Juan J. Remos, Sergio Carbo, and Edgardo Butari. This group reportedly meets every Thursday at different houses. The last meeting in January was held at the home of Lincoln Rodon. At this meeting Prio presumably stated that Butari was a better contact to GPVALIANT than is Emilio Nunez Portuando. The general consensus was that Butari is a better contact because he is a business partner of Bebe Roboso and everyone knows Reboso's influence with GPVALIANT. The rumor mill has it that the group intends to pretend that it favors political and democratic solutions to the PBRUMEN problem but that they really seek armed intervention. In this same connection Father O'Farril has recently told AMPALM-4 that AMBIDDY-1 is once more connected with WOFIRM and that AMCORE-2 has joined him. The rumor mill says further that AMBIDDY-1 and AMCORE-2 are planning to open training camps once again with the tacit encouragement of the above group. According to AMPALM-4 O'Farril himself does not agree with the version of AMBIDDY-1 and AMCORE-2 wanting to establish training camps. O'Farril feels that the solution AMBIDDY-1 is looking for is through agreements between LNFORT (GPVALIANT) and the Soviet Union.

3. WIBALDA has picked up information quite similar to that learned through AMPALM-4. He also has reported the existence of this group and said that they are collecting money from the refugees in order to buy arms and equipment to overthrow AMTHUG-1. According to WIBALDA important members of Alpha-66, Segundo Frente, DRE, Autenticos, and Ortodoxos are involved even though these organizations themselves are not participating as groups in the movement.

4. Another rumor has it that AMOTEX-59 is also conspiring in plans for future armed action against PBRUMEN.

5. The above information is being forwarded strictly as unfounded and unconfirmed rumors. We are passing it along only because it represents another indication of what the exiles are expecting from GPVALIANT. We find the rumor concerning AMBIDDY-1 particularly interesting and suspect that it may be an outgrowth of the recent report we have received from AMCHALK-1 that AMBIDDY-1 has been contacted by ACSI.

Artime Invita a Revolución Cristiana

Hablando con intensa emoción ante un grupo de empresarios, empleados y obreros, el Dr. Manuel Artime hizo el martes por la noche una rápida revisión del drama de Cuba, invitando a evitar que la sociedad cristiana de Nicaragua enfrente el materialismo dialéctico del comunismo, con el "Materialismo práctico", igualmente destructor.

"No nos dejemos quitar la palabra revolución", proclamó Artime.

El jefe de la invasión de Bahía de Cochinos, que llegó a Nicaragua por décima vez desde el fracaso de la invasión, habló de manera independiente y sin manifestar liga con ningún movimiento, con ninguna agrupación.

Sin embargo, por la insistencia que hizo en citar constantemente las frases de Cristo como doctrina opuesta a la penetración comunista, el combatiente cubano pareció estar hablando como uno de los seglares que la Iglesia Católica utiliza ahora, conforme las nuevas modalidades, para difundir su doctrina.

[illegible] HISTORICO

Empezó el Dr. Artime por hacer una exposición resumida del surgimiento del marxismo, su ideario, su filosofía y sus proyecciones hacia el establecimiento de una sociedad mundial materialista.

[illegible] contrapuso [illegible] como ideario político [illegible], sino como una doctrina que puede impulsar definitivamente al hombre hacia la búsqueda de un [illegible] firme al comunismo, la palabra de Cristo.

Lo hizo de manera [illegible] [illegible]

[illegible] invitó a los cristianos a militar "no con tibieza", porque a los tibios es a los que Cristo dijo arrojar por la boca, prefiriendo a los fríos, o los calientes, en los casos extremos.

Después de exponer el pensamiento cristiano y los pasajes más hermosos e imperecederos de los Evangelios, el Dr. Artime expuso por qué en su opinión una sociedad está amenazada de la penetración comunista, cuando la afligen los siguientes males:

—Los religiosos "puros", que nunca entran en la política, porque dicen que la política es sucia y pueden contaminar su alma.

—Los demagogos que dicen al obrero sus derechos, únicamente, y no sus deberes y al capitalista el derecho arrollador de su capital, pero no sus obligaciones.

—Los mercaderes que usan el templo, es decir, la Iglesia, exclusivamente para su propio beneficio y crean una religión de puertas para adentro, sin predicar la verdadera esencia del cristianismo ni ponerla en práctica.

Otros males que, según el Dr. Artime, predisponen para la instalación del comunismo, son:

—Los indiferentes, que creen que cuando el peligro está de sus puertas [illegible] con ellos.

—Los cristianos de caridad farisaica, que regalan 1.000 pesos, cargados de joyas, para salir en primera página en los periódicos.

—Los que están con Dios y con el diablo y predican una moral pública, pero tienen otra moral privada, que deja que desear.

—Los estériles, como la higuera bíblica, que no producen nada.

EL FRACASO Y EL FUTURO

Bajo continuas preguntas, el Dr. Artime analizó el fracaso de Bahía de Cochinos y explicó como un pueblo encarcelado horas antes por centenares de miles, no pudo responder al llamado de la revolución anticomunista y la brigada de 1.400 hombres que atacaba tuvo que enfrentarse con 60.000 soldados protegidos por tanques y artillería.

"Y la protección aérea que hubiera dado el bate[illegible] en nuestro favor, no nos fue suplida", comentó Artime.

El combatiente de Cochinos insistió en que "sangre cubana, exclusivamente, volverá a derramarse para liberar a Cuba", y que si [illegible] ha sufrido lo que un [illegible] dote le predijo a él una vez como parte de su redención después de haberse olvidado de Dios.

SUBJECT: Traces on Persons Mentioned in Letters from AMBIDDY-1

ACTION REQUIRED - REFERENCES

REFERENCE: HNMW-2005, 5 June 1967

ACTION : None, For Your Information

1. In reply to the request for traces in Paragraph 2 of reference, James D. ZABOTH personally conducted name checks at SAC and OSN records and offices. There were no SAC traces on any of the persons listed. OSN traces follow:

a. Rodolfo JEREZ Suarez
DOB: 7 September 1917
Owner of Venus Shirt Company in Managua; brother of Julio JEREZ Suarez, a Cuban-oriented Communist who has been active in the FSLN and has been in exile in Costa Rica. Rodolfo JEREZ was found guilty by a board of investigation on 30 July 1959 of promoting and directing the subversive movement "Accion Civica" in support of armed invasion against the Government of Nicaragua. (Managua Station records indicate he was arrested 29 May and released on 17 July 1959.) OSN maintained a record of his travel to Costa Rica, Guatemala, El Salvador, and the United States between 1959 and 1963. On 27 January 1960 he was reported to be second in command of terrorism in Managua for "Accion Civica", the internal front of a revolutionary group. On 10 November 1960 he was reported to be hiding arms in Managua, along with others in a revolutionary group. On 13 November 1960,

he was reported to be trying to organize a commercial strike in Leon and Managua. He was arrested in November 1960 as a known conspirator in an attempted revolution and for having been involved in the clandestine movement of revolutionaries across the Costa Rican border.

b. Jose FERNANDEZ de la Torre
On 2 March 1962 a report said he was a Cuban refugee who talks anti-Communist but was actually sent to Nicaragua to make Communist propaganda. On 8 May 1965 he vouched for the entry into Nicaragua of Jesus FERNANDEZ Suarez, a Cuban (no OSN or Station traces). (Note: FERNANDEZ is known personally to ZABOTH and to the Chief of Station, whose opinions about him are that he is a Cuban businessman who is both anti-Communist and anti-Castro because of the loss of his business interests in Cuba. His principal business in Cuba involved distribution of the products of Procter and Gamble, the soap and chemical company. He is now manager of Distribuidora Inter-Americana S.A., an import/export and distribution firm in Managua.) On 18 January 1967 the Guatemalan Security Service requested traces on the subject, along with a list of other Cubans. No reason for the request was given to OSN.

c. Orlando CASTRILLO S., Bachiller
On 20 November 1965 he wrote a letter to La Prensa, the opposition newspaper in Managua, asking them for 30,000 copies of an anti-SOMOZA caricature in order to sell them and raise funds for university student grants.

d. German ARELLANO
On 17 January 1967 a report said he had bought $5,000 worth of arms in Miami for illegal shipment to Nicaragua, and they had been confiscated by authorities at Miami. (Station card shows subject's name as German ARELLANO Morales. See JMWAVE-5188, 20 January 1967 and JMWAVE-5247, 24 January 1967 for further details of this report.)

2. There are no OSN, SAC or Station traces on the other persons mentioned in letter number 2 of the reference.

3. Both ZABOTH and the Chief of Station have discussed with AMBIDDY-1 the "intelligence net" mentioned by the reference. The stated Station position was "we are happy to maintain contact with you and to discuss this matter from time to time on an informal and personal basis, but the policy of our organization is that we do not engage in intelligence activities in a friendly country except in coordination with the local government. Therefore, even though you assure us that General SOMOZA knows and approves this activity, we would have to have a direct request from him before we could cooperate with you in any kind of an official capacity." This appears to have sufficied to keep our lines open to those involved without committing us to do anything more than listen.

2. Incidentally, my secretary Eugenio Claude spoke with a friend named Pedro Pino who lives at 1132 W 71 St., Hialeah, Florida, 33012. PINO told him that his friend, Lourdes BELLO, who lives at 1124 West 71 Pl., Hialeah, Florida and who has lived there for only a short while, has received correspondence which must have been for the previous tenant at that address. This correspondence came from Cuba and consisted of subversive propaganda. All the correspondence is addressed to:

address of Cuban propaganda from U. Masa

Sender of correspondence of propaganda to Carlos Gonzalez

Being that I was out and that my secretary knows Rafael LLANEZ who works for Sangenis who works for you, gave him this correspondence so that he might sent it to you. I have sent you the propaganda which so far has arrived.

3. I have received from my father, in Cuba, a note with a message in which he tells me that he intends to leave Cuba under a false name. His message is very clear:

I am trying to arrange that the "nucleus" of Gonzalito Penaranda leaves soon. NUMBER IS 117838.

Of course, he is referring to the Airlift from Habana to Miami. I ask you to inform me if you can do anything in this regard as I think it is the last chance my parents have of leaving.

4. Please tell me if it is certain that Fidel intends to go to EXPO 67 in Canada for the 26 of July as it has been rumored. If he is going, I would like to know if Commander Vallejo will go with him as his chief doctor. When I was imprisoned, I received many messages from Vallejo telling me that he was not a Communist and never would change.

Miami, 23 May 1967

MARTINEZ - RUEDA, MANUEL FRANCIS

Dear Jim:

I have delayed the trip to Nicaragua until Wednesday the 24th or Thursday the 25th, because the Nat Harrison Company, which is financing my trip, wants me to take some documents to Managua.

I am sending you the signed reciept herewith.

It looks like Roberto (our friend over there) wants Ablanedo to stay on for a complete month in Nicaragua. If it is going to be that way then I will need the money for this month also. If he stays it is because Roberto orders him, and if Roberto orders him to stay, then Roberto should pay.'

I inform you of the following:

1. The manner used to focus the case of Felipe Rivero is absurd. They are converting him into a hero and a martyr. In order "Not to be a slave of Yankee Imperialism" even I had to make declarations protesting the imprisonment of Felipe Rivero, although I clearly stated my discrepancy against his ideology and principals.

Boch, the one from MIRR, is taking the anti-North American campaign and turning his hate toward the United States on this problem.

They could have taken Felipe Rivero out of the United States without informing anyone, and then they could have informed the people that he was already in another country. Or they could

201-267437

14-00000

have started a campaign to discredit him, like the one the Miami Herald started against me at first. But they should never have done it like they did. Another mistake is the public judgement which they are going to give him. Because of that judgement he is going to win more popularity and is going to put the United States in a bad situation.

2. On this trip I am going to see if I can do something about the solidarity of the Central American countries with Venezuela in order to see if anything concrete comes up.

3. I have gotten reports from Cuba that in Bahia Honda they are constructing a subterranean rocket base. I am going to get more reports.

4. In Nicaragua there is a man, Allan Gross Quiros, (201-819744) chemistry professor at the University of Leon and recently named to be a professor in Managua also, who was in East Germany and Russia for ten months. He returned to Nicaragua 1 - 15 April, passing through New York. He spoke with a man named "Rayo" for a long time on the telephone. In his conversation with this man he told him (Rayo) that he had "taken a flight" from New York to Chicago where he spoke with "the person whom he had to speak to."

Allan Gross Quiros was in Leon and Masaya on the days in which the markets of Leon and Masaya were burned.

He (Allan Gross Quiros) has written two letters to this address:

Herr Hubert Torres

75 Karlsonhe

Stephanienstrasse 29, Federal Republic of Germany

I am trying to investigate several addresses in the U ited States where he writes. These are reports from "Pepe" Fernandez.

5. In Honduras there is a young man whose surname is WEANEVER, who is from Honduras and the nephew of Ricardo Zuniga, the Presidential Counsellor. WEANEVER was in Cuba taking training, and in conversations with other young men he said that he hoped to go through Nicaragua. Presently he is in Honduras.

6. It is suspected that guerrilla training is taking place in Chinandega. I will go to that zone on this trip.

Ignacio

(read the back)

P.S. I forgot to tell you that Allan Gross Quiros always carries an "executive bag" which he will not let loose for one moment. He is an inseparable companion of ARAGON and Lillian Garcia, who are both Communists at the University of Leon.

(Or Hugh + 720201)

Some money from the University of Leon supports the subversion. There are "Phantom job positions"; that is to say duties which no one carries out and which receive high salaries. This money goes to the ranks of subversion.

Support for Dependents of Operational Personnel

FOR YOUR INFORMATION

REFERENCE: HMMA 3798, dated 28 March 1967

1. When Wallace A. GROWERY met with AMBIDDY/1 on 13 January 1967 to formally terminate the AMWORLD operation, AMBIDDY/1 discussed in detail reference dependents who had been receiving financial assistance from AMWORLD funds and requested that GROWERY explore the possibility of WOFACT financial assistance following termination of their AMWORLD monthly support payments. An investigation was conducted by both JMWAVE and Headquarters to determine if the agents named by AMBIDDY/1 had been employed by WOFACT in order to determine what, if any, obligation might exist to provide financial assistance to the dependents. The results of the combined Headquarters investigation, keyed to reference dependents, are summarized below for Station Managua information.

(IDEN A) Subject was a WOFACT agent under contract. His KC provided payment of his $[illegible] monthly salary to his dependent parents for two years following possible death while engaged on a WOFACT mission. After Subject's execution in 1962 the parents received his regular monthly salary until 28 June 1963. At that time Headquarters decided to liquidate the remaining balance of $6400 and paid this amount in a lump sum to the parents. Headquarters considers that all legal and moral obligations have been discharged and is not inclined to assume any further financial obligations to the parents. AMBIDDY/1 is apparently unaware that the parents have received approximately $10,000 from WOFACT.

(IDEN B) Although IDEN C, the husband of IDEN B, was never directly employed by WOFACT, IDEN B receives $175 per month as a dependent HEROES/MARTYRS widow under the AMBUD program and has been paid a total of $10,850 from March 1962 to date through the JMWAVE/AMBUD cover mechanism. Presumably AMBIDDY/1 is unaware that this dependent has been receiving regular AMBUD assistance in addition to the $125 per month received from AMWORLD funds.

(IDEN D) AMBIDDY/1 provided GROWERY with the complete name and details of the activities of IDEN D's husband prior to his arrest and subsequent 6-30 year prison sentence. With this information traces were run on Subject with negative results. Since neither JMWAVE nor Headquarters records produced any evidence Subject had ever been a WOFACT employee, no obligation exists to provide financial assistance to IDEN B.

2. Although reference indicates the discussion between James D. ZABOTH and Ernest A. LUSBY took place after AMBIDDY/1's conversation with GROWERY in January, it is not clear when, or by whom, the subject was originally brought to ZABOTH's attention. If AMBIDDY/1 was the source of ZABOTH's information it is noteworthy that he apparently neglected to mention his prior detailed discussion with GROWERY.

3. Under the circumstances, it is not possible for Headquarters to take any action to provide support to these individuals.

MIAMI, 24 April 1967

Dear Jim,

Pardon my lateness in writing to you but I have had to face many problems and I wanted to be calm when I wrote to you.

I was at Luis Somoza's funeral and I think that I made a good impression. I am at present more worried than I was before, but not for my future, because Tacho is a very good friend of mine and Luis was not. I am worried about Nicaragua's destiny. Let us not forget that Nicaragua is the most solid pillar of Central America.

1-Laines grew closer to Tacho during the funeral. Laines took practically all the load of the funeral arrangements upon himself.

2-Many of the good men who gave the Somoza's advice were intimate friends of Luis and they are afraid of coming to Tacho in order to give him advice.

3-The Communists are aware of this and they are also aware of the fact that Tacho is even more violent than Luis, therefore, they take advantage of the situation to provoke Tacho, thereby hoping that without Luis's advisors and possibly with the "bad advice" of "an infiltrator" in Tacho's circle of friends/he will begin to rule his government with an iron hand, which is just what the Communists want from him.

4-I think that Tacho has grown much closer to me and I will try to do everything possible to see that he keeps calm.

5-There is no doubt about the fact that the Communists have brought in a great quantity of weapons into Nicaragua. The weapons have not been found, in spite of the investigations by the Security Corps; even General Montiel recognizes this.

6-Ithink that there is discontent in the young officer's ranks because of the low salaries which the officials, sub-officials and XXXXXXX enlisted men receive. This is not a problem at the present

but it could develop into a problem, if the Communists exploit it skillfully.

7-I also think that the Security Corps which continues to function under the orders of Montiel, who is also chief of Staff and also a merchant, loses all its efficiency because of the fact that Montiel cannot dedicate sufficient time to the Corps and as a result leaves its direction to Captain Willop, who I think is entirely incompetent for the job.

8-I think that the only good thing that panorama has is the loyalty of General Somoza's military troops, for I honestly do not trust some of the high officials.

9-Jose Fernandez made the contact with the Nicaraguan girl who received the proposition to study on a scholarship in Russia, at the Patricio Lumumba University, and she is willing to collaborate with us. I gave the contact to Carlos.

10-According to reports from Pepe Fernandez the "comrades" are going to try to intensify their "infiltrative job" in the Nicaraguan departmentsXXX of Education and Agrarian reform.

The following is expected after 2 May, the day on which Tacho is sworn in: sabotage, terrorism, and kidnappings. Provocations!

11-I sincerely think, and excuse me, that the United States should now, due to the psychological state in which Tacho is in, demonstrate that they have confidence in him XXXX and in the success of his Government. He is grateful to the United States for the help which the United States sent to him so that he could save his brother, therefore take advantage of this.

12-According to the comments which I heard in Tacho's close circles (Col. Sanchez from Lanica, Gen. Camilo Gonzalez, etc), Sevilla Sacasa is not in very good standing with Tacho. I think that Washington should become friendly with Tacho in a direct manner.

14-00000

13-Camilo Gonzalez's son spoke to me and told me that he had to see me later (I do not know when) in order to inform me about a group of Guatemalan Officials who are planning a coup d'etat against Mendez Montenegro and they want my help. When I know something concrete about this I will tell you. I have also heard rumors from Teo Carrasco (a painter, who is the brother XXXX of General Peralta's paramour) that Peralta is "in something also." When I find out something concrete about these reports I will send it to XXX you and let you know.

14-I am going to Nicaragua for the swearing in ceremonies. I am trying to get free tickets to fly XXX on Lanica. As soon as I see something of interest I will let you know.

P.S. Do not forget about Don Manuel Guillot.

Querido Jim:

Perdona la demora en la carta,pero he tenido muchos problemas a los cuales hacerles frente,y quería tener tranquilidad para escribirte.

Estuve en los funerales de Luis Somoza,y creo que causé buena impresión.Pero ahora est.. más preocupado que antes . pesar de que mi gran amigo es Tacho y no Luis,pero mi preocupación no es por mi futuro,sino por el destino de Nicaragua.No olvidemos que Nicaragua es el puntal más sólido de Centro-América.

1-Lainez logró macercarse más a Tacho durante este proceso .Practicamente fué el hombre que llevó todo el peso de los funerales.

2-Muchos de los buenos consejeros que tenían los Somoza,estaban intimamente ligados a Luis,y le temen acercarse al Tacho Para darle consejos.

3-Los Comunistas son conscientes de ésto y de que Tacho es un hombre más violento que Luis,por lo tanto se aprestan a provocar al Tacho para que éste,sin los consejeros de Luis y posiblemente con los "malos consejos" de "algún infiltrado" en el círculo de Tacho,unido al carácter violento del Tacho,lleve su gobierno a una mano dura que los comunistas desean en Nicaragua.

4-Creo que Tacho se ha acercado mucho más a mí después de éste proceso y yo trataré de hacer todo lo humanamente posible para que vaya por caminos de tranquilidad.

5-No hay dudas de que los comunistas han logrado meter en Nicaragua una gran cantidad de armas,que no han aparecido a pesar de las pesquisas de los Cuerpos de Seguridad;ésto lo reconoce el mismo General Montiel.

6-Creo que hay un leve desagrado en las filas de los oficiales jóvenes, por el salario tan bajo que reciben los oficiales,sub-oficiales y clases.Por el momento esto no es problema;pero puede ser problema si el comunismo lo explota ''bilmente.

7-Creo además que el Cuerpo de Seguridad,al seguir bajo el Mando de Montiel,que además es Jefe de Estado Mayor y además es Comerciante, pierde toda su eficecia,ya que Montiel no puede dedicarle el tiempo necesario y el Cuerpo es dirigido por el Capitán Willop,al cual considero completamente inepto para el cargo.

8-Creo que la única cosa buena que tiene el panorama,es la lealtad de la tropa militar al General Somoza,pues,honestamente desconfío hasta de algunos altos oficiales.

9-José Fernández logró el contacto con una muchacha nicaragüense que ha recibido una proposición de estudio (becada) en Rusia,en la Universidad Patricio Lumumba,y está dispuesta a colaborar con nosotros.Yo le dí el contacto a Carlos.

10-Según informes de Pepe Fernández,los "camaradas" van a tratar de aumentar su intensidad de "trabajo infiltrativo" en los departamentos nicaragüenses de EDUCACION y REFORMA AGRARIA.

También se esperan:sabotage,terrorirsmo y secuestros después del día 2 de Mayo,toma de posesión de Tacho.¡Provocaciones!

11-Creo sinceramente,y perdónenme,que los Estados Unidos deben ahora, dado el estado psicológico del Tacho,demostrarle que tienen confianza en él y en los logros de su Gobierno.Aprovechen que él está agradecido por todos los recursos que Estados Unidos mandó para salvar al hermano.

12-Según comentarios que oí en círculos muy allegados al Tacho(Coronel Sánchez el de Lanica,General Camilo González etc) Sevilla Sacasa no está muy bien parado con el Tacho .Creo que Washington debe intimar más directamente con Tacho.

13-El hijo de Camilo González me habló de que tenía que verme luego (no sé cuando) para informarme de un grupo de Oficiales Guatemaltecos,que están preparando un golpe de Estado contra Mendez Montenegro y quieren mi ayuda.Cuando sepa algo concreto se los mandaré a decir.También he oído rumores de Teo Carrasco (pintor hermano de la querida del General Peralta)de que Peralta está "en algo también". Cuando concrete más los informes se los enviaré.

14-Voy a Nicaragua para la toma de posesión,estoy consiguiendo boletos gratis para volar en Lanica.Tan pronto vea algo de interés se los comunicaré.

P.P. No se olviden de Don Manuel Guillot.

MIAMI, 3 April 1967

Dear Jim,

Pardon my lateness in writing, but I have had to run around a lot. The fundamental subjects which I wished to discuss are

1. I was displeased when our Nicaraguan friend discussed the subject of the implements which we had in Bluefield with General Somoza before I had discussed anything with him (Genral Somoza); above all without even consulting with me before he went ahead and did it, this put me in a difficult position with the Government. This is what I discussed with Carlos:

(a) The company will help me get ~~him~~ them out (b) I will tell Somoza that ~~he is one of us~~ they belong to me (c) I move them to another place which is less accessible. He agreed with me on consulting with the company, and the answer he gave to (b) was that XXX he planted the "other friend" in with Somoza, and nothing else was said. Thank God that I did well on that job, and I did pass some unpleasant moments.

2. During Somozas' stay in the USA I have seen him frequently and I have taken American investors, who wish to put their capital to work in Nicaragua, to see him. We have conversed copiously about his projects. He wants to do the following: Turn over his power when his mandate is terminated. Raise the standard of living for the Nicaraguans. Give the

farmers the chance to take their products to big markets, through the construction of highways, silos to store grains and favorable legislation for the small farmers. The only thing that worries me is the extraordinary influence that "Che Lainez" has on him in economics. There are diverse comentaries about this individual on whether he is a member of the Communist Party or not; but the truth is (I know him personally) that he is a social outcast, bitter, very intelligent and very ambitious. Furthermore, when he tries to please someone he acts like their servant. If he is not a Communist then he is easy material for the Communists.

3. Somoza has promised me to continue to move the subject of Cuba in the international spheres, and in his appearance in "Meet the Press" he has already done it.

4. There is a "GARCIA" who is a syndicate leader of the ?wharfs? of New York, who through Adolfo Jimenez told me about a new invasion that was planned for Haiti, directed by me and leaving from Nicaragua. I responded negatively. It seems that they spoke with others about the project and a rumor started which said that I was preparing an invasion of Haiti from Nicaragua; I then went to see the Haitian consul in Miami to make it clear to him and his Government that I was not an adventurer, and that neither I nor the Nicaraguan Government had the slightest intention of interfering with Duvalier.

The consul has now told me that Duvalier wishes to speak with me. I told him that I would be glad to speak with him when he wished and when the interview would be kept secret. I think that this interview could be useful, for I have found that the Haitian Government has a grudge against the U.S. I do not know what we will speak about but I think that I can get some good information for you (plural).

5. I think that we can expect violent revolts in Nicaragua, in Panama, in Guatemala, and in Honduras (the opposition is in possession of many arms that have not been found yet). This breakout of guerrilla warfare in Bolivia and Brasil demonstrates Fidel's desperate strategy in trying to start other Vietnams in America whether or not Russia is in agreement.

I think that the dismissal of Raul Castro and Vilma Espin from the key posts in Cuban Communism can cause an internal revolt in disagreement between Cuban Communist elements and we have to be on alert in order to take advantage of the event so that it will not surprise as the "bloody rebellion and cultural revolution of China" surprised us.

I believe that propaganda for CUBA should be centered on planting distrust in the Armed Forces and on making Fidel Castro appear unstable as a person. If he has not even been faithful to his own "brother," then what can the rest of them expect if they are not even his relatives? I think that we should emphasize the fundamental part that Raul and Vilma had in consolidation of Castroism and its rise to power.

I do not think that Almeida has the control nor the influence over the Army that Raul had, and therefore a conspiracy and revolt of the Armed Forces is easier. There is no doubt that Fidel is assigning key posts to men and women who are his personal friends, without regard to whether they are good or bad Communists. This is going to bring about problems with the old guard of the Communist Party and with the people in the new guard who have been hastily taught Fidel's doctrine but have received Communist indoctrination (many of them sympathize with Raul). It seems that Russia is very displeased with Fidel and it would not surprise me if Russia would try to cause an attack on him; we should insinuate this in the propaganda against Castro for we know that his paranoic mentality and his disgust for Russia would most emphatically make him start to purify and take reprisals against Moscow's unconditional demands; an atmosphere of tension would then be created between Russia and Fidel.

The divorce of the Latin American Communist Parties from their obedience to Moscow, seems to be a feeling of disgust for Russia.

I have 200 men ready, who upon receiving weapons, can be taken to Cuba in only 48 hours, in case of a revolt. Their mission would be to overtake a town with a radio station in order to take advantage of the chaos of the revolt and establish a military Government that would be immediately recognized by a number of Latin American Governments and

some European Country.

6. Ablanedo tells me in a letter that ROBERTO, the "friend" from Nicaragua, has told him that he cannot go to Bluefield until everything is taken out. That will take part of this month which means that apart from the subsidy that I have given him for last month I will have to give him this month's also. Could the company help me with that? The subsidy comes to $275.00 monthly. That is what I give to his family in Miami. This does not include what he is spending in Bluefield.

7. Tell me if at last you know anything about the request that I made for Mr. Manuel Guillot, for the Fundora widow and for the poor, deaf lady whose husband is in prison. That's all for now, if there is anything new to tell you I will inform you of it.

Querido Jim:

Perdona la demora en escribir,pero he tenido que correr mucho. Los temas fundamentales que quería tratarles son:

1-Me disgusté cuando vuestro amigo de Nicaragua le trató el tema al General Somoza antes que yo ,de los"implementos" que teníamos en Bluefield; sobre todo,sin haberlo consultado antes conmigo;ya que eso me colocaba en una posición difícil con el Gobierno.Lo que yo traté con Carlos fué: a)La compañía me ayuda a sacarlo b)Yo se lo planteo a Somoza como cosa mía c)Los mudo de lugar a otro más inaccesible.
El quedó conmigo en consultar con la Comapañía y la respuesta fué que el otro "amigo" se lo planteó a Somoza sin hablar nada más.
Gracias a Dios pude salir bien del asunto,pero pasé mi momento desagradable.

2-Durante la estancia de Somoza en USA le he visto frecuentemente y le he llevado inversionistas americanos que desean poner a trabajar su capital en Nicaragua.Hemos conversado largamente de sus proyectos.
Piensa: Entregar el poder cuando termine su mandato.Elevar el nivel de vida del pueblo nicaragüense.Hacer asequible al campesino el sacar sus productos a los grandes mercados,mediante la construcción de carreteras,silos para almacenar granos y una legislación favorable a los pequeños productores.
Lo único que me preocupa,es la extraordinaria influencia que,en materia económica,tiene sobre él el "Che Laínez".Sobre este individuo hay comentarios muy diversos sobre si pertenece al partido comunista o no; pero lo cierto es (lo conozco personalmente) que se trata de un resentido social,amargado ,muy inteligente y muy ambicioso.Además,cuando trata de agradar a alguien,llega hasta al"servilismo".Si no es comunista,es materia fácil para el comunismo.

3- Somoza me ha prometido continuar moviendo el asunto Cuba en las esferas internacionales,y en la comparescencia en "meet the press" ya lo hizo.

4- Hay un tal"GARCIA"que es líder sindical de los muelles de New York,que a través de Adolfo Jiménez,me planteó el asunto de una nueva invasión

14-00000

CABLE: CENSOIN

a Haití,dirigida por mí y saliendo desde Nicaragua.Yo respondí que nó. Como parece que ellos hablaron a otra gente del proyecto y se empezó a rumorar en Miami que yo preparaba una invasión a Haití desde Nicaragua; fuí a ver al cónsulde Haití en Miami para que le aclarara a su Gobierno que yo no era un aventurero,y que ni yo,ni el Gobierno Nicaragüense teníamos la más leve intención de meternos con Duvalier.

El Consul,después de eso me ha dicho que Duvalier quiere hablar conmigo. Yo le dije que yo estaba dispuesto a hablar con él siempre y cuando la entrevista fuera secreta.

Creo que esta entrevista puede ser útil,pues he descubierto en el Gobierno Haitiano,un resentimiento contra los Estados Unidos.No sé cual será el tema que iremos a tratar,pero creo que puedo sacar buena información para Ustedes.

5-Creo que hay que e[illegible]rar revueltas violentas e[illegible]Nicaragua(hay muchas armas en poder de la oposición que no han sido encontradas);en Panamá, en Guatemala y en Honduras.

Este brote guerrillero en Bolivia y Brasil,luce una estrategia desesperada de Fidel,de conseguir en América varios "Viet-Nam",quiera o no quiera Rusia.

Creo que la separación de Raúl Castro y Vilma Espín de los cuadros claves del comunismo cubano,puede traer como consecuencia una revuelta interna por pugna entre factores comunistas cubanos,y tenemos que estar alerta para aprovechar al máximum los acontecimientos y que no nos agarre de sorpresa como la "sangrienta revolución cultural china y la rebelión".

Creo que la propaganda para CUBA debe basarse en sembrar dentro de las Fuerzas Armadas la desconfianza y la vacilación hacia Fidel Castro en persona,que no le ha sido leal ni a su "hermano",luego Qué pueden esperar los demás que ni siquiera son familiares de él? Creo que se debía recalcar el papel fundamental qu Raul y Vilma tuvieron en la consolidación del Castrismo y en su llegada al poder.

Creo que Almeida no tiene el control ni la ascendencia sobre el Ejército que tenía Raúl y que por lo tanto,es más fácil la conspiración y la re-

vuelta de las Fuerzas Armadas.

No hay duda de que Fidel está poniendo en los puestos claves a hombres y mujeres,que buenos o malos comunistas,son amigos personales de él,y ésto le va a traer problemas con la vieja guardia del Partido Comunista y con la nueva guardia que por encima de Fidelista,ha recibido un indoctrinamiento COMUNISTA (muchos de ellos simpatizan con Raul).

Parece ser que Rusia está muy descontenta con Fidel y no me extrañaría que intentara un golpe de mano contra él;de todas formas,hay que insinuar ésto en la propaganda contra Castro,ya que con su mentalidad paranoide y el disgusto que tiene con Rusia,es capaz de creerlo a pié juntillas y comenzar a depurar y a tomar represalias contra los incondicionales de Moscú;lo cual crearía un ambiente de tensión entre Rusia y él.

El repudio de los Partidos Comunistas Latino-Americanos obedientes a Moscú ,me parece un buen síntoma de disgusto de Rusia.

Yo tengo listos unos 200 hombres,que con solo recibir las armas,pueden ser colocados en Cuba en solo 48 horas,en caso de una revuelta.La misión sería tomar un pueblo con emisora de radio para aprovechar el caos de la revuelta y establecer un Gobierno en armas,que sería reconocido de inmediato por una cantidad de Gobiernos Latino-Americanos y algún país Europeo.

6-Ablanedo me dice en una carta,que ROBERTO,el "amigo" de Nicaragua,le ha dicho que él no se puede ir de Bluefflield hasta que todo no se saque. Eso se llevará parte de este mes,lo cual significa que además del subsidio familiar del mes pasado que ya le entregué,le voy a tener que entregar el de Abril.Podía la Compañía ayudarme en eso?Son $275.oo mensuales.Es lo que yo le doy a su familia en Miami.Ahí no está incluído lo que él está gastando en Blueffield.

7-Díganme sipor fin saben algo de la solicitud que hice para Don Manuel Guillot,para la viuda de Fundora y para la pobre señora sorda que tiene su esposo preso.

Bueno,si hay algo nuevo,ya se los comunicaré.Reciban un abrazo de

Ignacio

Dear Jim:

Just a few lines to report the following:

1. I believe that Communism will concentrate on Nicaragua as a point of attack.

2. The men who have returned to Nicaragua after receiving training in Cuba only acted indirectly in the bloody events of the 22nd, because according to information gathered in Nicaragua through "Pepe Fernandez," the "Sandinistas" communists (who follow the Castro line) were awaiting the assassination of the Somoza in Leon and this was never realized (carried out). These men were expecting an outbreak before Tacho Somoza took over the Presidency of the Republic.

3. I am structuring (building) an anticommunist intelligence net in Nicaragua, which I have begun to instruct (train). This net is composed of: Jose Fernández ("Pepe" Fernández) Manager of Casa Hook. Rodolfo Jerez, Owner of casa "Venus." Capitalist of various enterprises.

Orlando Castrillo - Studies law, 5th year (5?) year of age He has a grocery (foodstuffs) business.

Duilio Cabrera - Studies law, 4th year. Works in the Ministry of Agriculture, in the Department of Live Stock. He is 25 years old.

Roberto Arellano - Studies law, 5th year. He works in the National Palace. Department of (Providad?). It is a position related to employees and workers. He is 28 years of age.
Roberto Arias - Studies law, 6th year. Owner of an automobile spare parts business.

These individuals are going to create an anticommunist intelligence net. I have already given them one week of conferences.

4. According to reports received by Pepe, a Nicaraguan named Gustavo Gomez Mesa, acquired through various subjects (persons), about $5,000.00 in arms in Miami, from the Tamiami Gun Shop. The money was contributed by Aguirre, the owner of "Diario de las Americas" (and director), through an individual named Germán Arellano. These arms were going to be infiltrated into Nicaragua in small quantities at a time.

5. Today I received from Adolfo Jiménez (old chief of the Camp "Francisco" of communications, of Costa Rica) the proposition to ask Nicaragua for permision to launch the invasion from there to Haiti. According to him there is a group of Capitalists in New York who are willing to send from Europe about $80,000.00 in arms, to any designated location in Nicaragua. I am attempting to find out the names of these capitalists so that I can report it. I have replied that I will think the proposition over very cautiously before presenting it to Nicaragua. Of course, I will not get involved in this adventure unless you desire the contrary.

Solo unas letras para informarte:

1- Creo que el Comunis va a tomar como punto de ataque a Nicaragua.

2- Los hombres que han regresado a Nicaragua después de haber recibido entrenamiento en Cuba solo actuando indirectamente en los sucesos sangrientos del día 22, pues según informaciones recogidas en Nicaragua a través de "Pepe Fernández", los comunistas "Sandinistas" (linea de Fidel Castro) esperaban el asesinato de los Somoza en León y éste no se llegó a realizar. Estos hombres esperan un brote antes de la toma de posesión de Tacho Somoza a la Presidencia de la República.

3- Estoy estructurando una red de inteligencia anti-comunista en Nicaragua, a la cual he comenzado a instruir. Esta red está estructurada por: José Fernández "Pepe Fernández" Gerente de la Casa Hook.

1. MANUEL ARTIME WAS IN MANAGUA FROM 11 TO 20 MAR. HE TOLD STATION OFFICERS HE HAD BEEN CONTACTED AGAIN BY HAITIAN EMIGRES INCLUDING CANTAVE, WHO SOMEHOW THOUGHT HE COULD HELP THEM GET BASES AND ARMS. ARTIME ALSO SAID HE HAD RECEIVED A MESSAGE FROM DUVALIER ASKING HIS HELP IN GETTING GENERAL SOMOZA TO PUSH FOR SANCTIONS AGAINST CUBA IN ORDER TO KEEP PRESSURE OFF DUVALIER AT SUMMIT CONFERENCE.

2. ARTIME HAS REPORTED CONTACTS BY HAITIAN EXILES OVER PAST TWO OR THREE YEARS, ASKING FOR HELP TO OVERTHROW DUVALIER, AND FROM DUVALIER REPS ASKING INTERCESSION WITH SOMOZA ON HIS BEHALF. ARTIME SAYS HE HAS LISTENED TO ALL. MADE NONCOMMITTAL REPLIES AND REFUSED TO INVOLVE SELF WITH EITHER GROUP.

ABSTRACT X

1. AS ADDRESSEES AWARE, WHEN AMWORLD WAS CLOSED OUT TWO YEARS AGO, AMBIDDY-1 WAS AUTHORIZED TO HOLD ROUGH EQUIVILENT OF WEAPONS TO ARM ONE RIFLE COMPANY. WEAPONS STORED AT THE MONKEY POINT OPS BASE, AT EL BLUFF SUPPORT BASE, AND IN MANAGUA. ABOUT ONE YEAR AGO, MONKEY POINT BASE WAS CLOSED AND WEAPONS THERE MOVED TO EL BLUFF. STORAGE IN SEALED CONCRETE VAULT UNDER THE FLOOR OF SAFEHOUSE WHICH IS ON UNINHABITED SIDE OF BLUFF NEXT TO AIRSTRIP BUILT BY AMWORLD. STRIP IS 1,800 BY 30 FEET WITH CLAY BASE MIXED WITH NATURAL ROCK.

2. ARMS IN MANAGUA HAVE BEEN STORED IN A SAFEHOUSE OUTSIDE OF CITY AND CONSIST OF TWO WOODEN CRATES, EACH ABOUT 150 POUNDS AND 37 BY 25 BY 14 INCHES. APPROXIMATE CONTENTS ARE:

25 PISTOLS .45 CAL

3. FORTY-FIVE BOXES OF UNKNOWN SIZES AND WEIGHTS ARE STORED AT BLUFF. CONTENTS ARE ESTIMATED FROM MEMORY BY ANTONIO SANZ, WHO WAS IN CHARGE OF STORING THEM:

4 HMG .50 CAL

2 RECOILLESS RIFLE 57 MM

2 MORTARS 81 MM

2 MORTARS 60 MM

4 LMG .30 CAL

10 GARAND M1

4 SHOTGUNS 12 GUAGE

4 SMG K-PISTOL

AMMUNITION FOR ABOVE WEAPONS. C-3 AND C-4 EXPLOSIVE

WITHOUT DETONATORS, AMOUNT UNKNOWN, PLUS 10 TO 15 BOXES GRENADES.

4. AMBIDDY-1 CONTACTED JAMES D. ZABOTH 4 MARCH, SAID HE CLOSING OUT ALL HIS STATIONKEEPERS IN NICARAGUA, DID NOT WANT TO ABANDON WEAPONS TO FALL INTO WRONG HANDS, NOR TO GIVE THEM TO NIC GOVT. GENERAL SOMOZA KNEW AMWORLD WAS LEAVING BEHIND SOME RESERVE EQUIPMENT AND WOULD KEEP ENOUGH WEAPONS FOR LOCAL SECURITY. HE DID NOT KNOW NUMBERS AND TYPES REMAINING. AMBIDDY-1 ASKED IF WOFACT WISHED TO RECOVER WEAPONS, OTHERWISE HE WOULD HAVE TO DUMP THEM IN OCEAN. ZABOTH, AMBIDDY-1 AND AMJAVA-4, WHO IN MANAGUA ON OTHER BUSINESS, VISITED BLUFF ISLAND 6 MARCH TO CHECK SITUATION. IF HQS WISHES RECOVER WEAPONS, MOST FEASIBLE METHOD IS BY AIR. A CARIBOU OR C-123 TYPE AIRCRAFT COULD LAND ON BLUFF STRIP, LOAD WEAPONS AT NIGHT AND FLY THEM OUT NEXT MORNING. IF HQS DOES NOT WISH RECOVER WEAPONS, AMBIDDY-1 COULD BE TOLD TO MAKE OWN ARRANGEMENTS TO DUMP WEAPONS AT SEA.

5. DESPITE AMBIDDY-1 DESIRE NOT INFORM SOMOZA ABOUT ARMS CACHE, COS FEELS THAT SOMOZA SHOULD BE INFORMED IF

HQS DECISION IS THAT ARMS SHOULD BE RECOVERED. SOMOZA COULD BE TOLD THAT "SOME EQUIPMENT" LEFT BEHIND BY AMWORLD GROUP NOW STORED AT BLUFF AND LNHARP WISHES RECOVER. BELIEVE HE WOULD AGREE TO AIRCRAFT PICKUP AS PROPOSED ABOVE. IN STATION OPINION BLACK RECOVERY WITHOUT SOMOZA KNOWLEDGE TOO RISKY. STATION ALSO FEELS THESE WEAPONS SHOULD BE REMOVED FROM CENTRAL AMERICA LEST THEY FALL INTO WRONG HANDS.

MEMORANDUM FOR THE RECORD

SUBJECT: Termination of Manuel Artime Buesa

@ of Earl J. Williamson

1. On the night of 13 January 1967 the writer using the operational alias James E. Wilson met with Artime in a room in the Hotel Columbus in Miami, Florida. The purpose of the meeting was to formally terminate Artime's association with the Agency. This involved the obtaining of termination Secrecy Oath and Quit Claim, the payment of $3,000 to cover the final periodical payment through 31 December 1966 and obtaining outstanding receipts.

2. The meeting was cordial and all paper work involved in the proceedings was accomplished without incident. There was of course the expected lengthy discussion on what he had done (or tried to do) for the Agency in the past and an undoubtedly sincere effort to impress upon me that he was ready and willing for any task he might be called upon to do in the future.

3. Artime made only one request--a rather passionate one--for financial assistance for the immediate family members of two Movement for the Recuperation of the Revolution (MRR) members who were executed as the result of operational missions to Cuba and the wife of another who is serving a 30-year sentence. (It will be recalled that Artime has been furnishing receipts for the $3,000 he has been receiving in recent months claiming that the money goes to the families of MRR members who have lost their lives or been imprisoned while on MRR missions.) We are examining these three cases and if worthy will arrange for financial benefits under the "survivors and martyrs" section of the AMBUD activity.

4. Artime has a sterile Headquarters telephone number and a P.O. box address in Washington, D.C. He was not discouraged in maintaining a loose contact by telephone or correspondence if he had any items of interest to pass along and was assured that if he ever had any "new" ideas, if he put them in writing, they would be studied. It was, however, made very clear to him that his formal association with the Agency was terminated and that there was no prospect of any financial assistance in the foreseeable future.

TERMINATION SECRECY OATH

I, Manuel F. Artime Buesa, am about to terminate my association with the Organization. I realize that, by virtue of my duties with the Organization, I have been the recipient of information and intelligence which concerns the present and future security of the United States. I am aware that the unauthorized disclosure of such information is prohibited by the espionage laws of the United States Government which specifically requires the protection of intelligence sources and methods from unauthorized disclosure. Accordingly, I SOLEMNLY SWEAR, WITHOUT MENTAL RESERVATION OR PURPOSE OF EVASION, AND IN THE ABSENCE OF DURESS, AS FOLLOWS:

1. I will never divulge, publish, or reveal by writing, word, conduct, or otherwise, any information relating to the national defense and security and particularly information of this nature relating to intelligence sources, methods, personnel, fiscal data, or security measures to anyone, including, but not limited to, any future governmental or private employer, private citizen, or government employee or official without the express written consent of the Chief of the Organization or his authorized representative.

2. I acknowledge that should I again be affiliated with another government agency or department, I will preserve the secrecy of intelligence operations, sources, and methods of the Organization from other persons in such government agencies and departments, even though such persons are fully cleared, or are in possession of any type of security clearance, within their own departments.

3. I further affirm that I will not discuss with or disclose to any government employee, foreign service officer, or other official with whom I may later be associated, any information relating directly to clandestine operations, sources or methods, personnel or fiscal figures of the Organization, or to special operations, security measures, or other matters which may have been acquired by reason of my assignment with the Organization unless by permission of the Chief of the Organization or his authorized representative.

4. I certify that I have no monetary claims against the Organization, nor does any organization I now direct or have directed during my association with the Organization. TERMINATION SECRECY OATH

I, Manuel F. Artime Buesa, am about to terminate my association with the Organization. I realize that, by virtue of my duties with the Organization, I have been the recipient of information and intelligence which concerns the present and future security of the United States. I am aware that the unauthorized disclosure of such information is prohibited by the espionage laws of the United States Government which specifically requires the protection of intelligence sources and methods from unauthorized disclosure. Accordingly, I SOLEMNLY SWEAR, WITHOUT MENTAL RESERVATION OR PURPOSE OF EVASION, AND IN THE ABSENCE OF DURESS, AS FOLLOWS:

I will never divulge, publish, or reveal by writing, word, conduct, or otherwise, any information relating to the national defense and security and particularly information of this nature relating to intelligence sources, methods, personnel, fiscal data, or security measures to anyone, including, but not limited to, any future governmental or private employer, private citizen, or government employee or official without the express written consent of the Chief of the Organization or his authorized representative.

2. I acknowledge that should I again be affiliated with another government agency or department, I will preserve the secrecy of intelligence operations, sources, and methods of the Organization from other persons in such government agencies and departments, even though such persons are fully cleared, or are in possession of any type of security clearance, within their own departments.

3. Enero 13 de 1967

Estimado Jim:

Adjunto te envío el Memorandum sobre los tres casos de que te hablé hoy personalmente:

MANUEL GUILLOT: Este señor es el padre de Manuel Guillot Castellanos,fundador del Movimiento, que trabajó para el MRR y para la "Compañía" durante los años de 1959,1560 y1961,hasta el 30 de Agosto de 1962,en que fué fusilado por la Tiranía Roja en Cuba.

Fue torturado y murió sin decir el nombre de los rectores del Clandestinaje Cubano que el conocía.Fue infiltrado en Cuba por la "Compañia" varias veces,una de ellas,su ultimo viaje en que fue fusilado.

Don Manuel Guillot padre tiene 65 años de edad y su esposa,que vive,es paralítica y sólo se mueve con aparatos ortopédicos.Este pobre viejo no puede hacer trabajo físico y su mujer es inválida.Nosotros le estabamos pasando $300.oo mensuales.No veo forma en que este hombre pueda hacer otro trabajo que el que hace,de oficinista.Su esposa ha sido sometida a tres operaciones quirúrgicas y el médico dice que necesita una más.

SILVIA HEREDIA: es la viuda de Jorge Fundora,el que descubrió el punto de entrada de la mayor parte de armas y "Teams de infiltracion" que fueron a Cuba antes y despues de Bahia de Cochinos. Esta pobre mujer esta sola en el mundo con dos hijos.Ella esta recibiendo tratamiento Psiquiatrico.El MRR le pasa 125 dolares mensuales.Ella no puede abandonar su hogar con los dos hijos para ir a trabajar.Su esposo fue fusilado el 12 de Octubre de 1961 y murió sin decir el punto por donde entraban las armas y los hombres de la "Compañia" en Cuba.

ROSA RABASA: es la esposa de Francisco Echeverria Texier,condenado hace 6 años a 30 años de Presidio por los esbirros rojos.Esta mujer es sorda,solo puede coser en su casa para mantenerse ella y los dos hijos que tiene.No le es suficiente y el MRR le pasa $75.oo dolares mensuales.Este hombre(su esposo) trabajó intensamente con la gente de Francisco,transportando las armas que la "Compañia" metía en Cuba.

En todos estos casos,que son desesperados,el MRR ha costeado hasta los tratamientos médicos.

DR. MANUEL F. ARTIME

Para la mayor tranquilidad de los hombres que hantrabajado y trabajan con la "Compañia", seria conveniente que esta gente no pasaran hambre y miseria, ya que han sido sus parientes muertos o presos, hombres que han servido lealmente a la COMPAÑIa y han dado ejemplo de valor y de abnegación; bien distinto de los "héroes" de hoy que van a la Televisión cubana cuando son capturados para hablar mal de la causa anti-comunista, de los EEUU y de la "COMPAÑIA".

Es lo único que me preocupa de la nueva situación creada a partir de Enero de 1967.

Atte. vuestro amigo de siempre:

1. AMBIDDY-1 gave the following information to James D. ZABOTH in Managua on 15 December 1966 and was told to pass it on to his Headquarters contact for proper handling and distribution. This report is forwarded as a follow-up in case the information failed to get into proper channels, as it has a direct connection with Reference A and is a sequel to Reference B.

2. Between 7 and 13 December 1966, AMBIDDY-1 talked three times with Frank MARSHALL, at the latter's request. MARSHALL first called AMBIDDY-1 and asked if they could meet at MARSHALL's office to talk about the possibility of MARSHALL investing in the business proposition in which AMBIDDY-1 was involved. (A concession for a commercial record player with a television type screen on which scenes are displayed which are supposed to be synchronized with the music.) After two such meetings, which AMBIDDY-1 described as "get-acquainted" and "feeling-out" sessions (the two men had never met in person previously), MARSHALL asked if he could visit AMBIDDY-1 privately in his hotel room. They met on 12 December 1966 at AMBIDDY-1's suite in the Gran Hotel in San Jose.

3. MARSHALL said he knew AMBIDDY-1 had some weapons. AMBIDDY-1 replied that the weapons in Nicaragua had been given to the Nicaraguan Government, but MARSHALL continued to press the point, saying he knew there were others. AMBIDDY-1 at last reluctantly admitted that he did have a few more scattered around under tight security (he says this is not true, in fact), but indicated that he had other plans for their use. MARSHALL said he did not care where they were or what they cost, he would buy them. AMBIDDY-1 asked him why he wanted weapons so badly, and MARSHALL replied that he was always in the market for weapons. AMBIDDY-1 said he was aware of that fact, but this did not sound like just another routine business deal. He went on to say that he would not even consider releasing any of his arms without knowing where they were going and for what use, and that he had heard that MARSHALL had sold weapons previously to the Communists. He would have nothing to do with such an operation, regardless of any possible profit in it. He tried to elicit as much information as possible, but got very little. MARSHALL said they had a common friend in General SOMOZA, to which AMBIDDY-1 replied that this was fairly recent as SOMOZA and MARSHALL had been bitter enemies up until about the last three years. AMBIDDY-1 said he had to know how many arms were wanted, when, where, and for what purpose. MARSHALL said he wanted all he could get, as soon as possible, in Costa Rica, and the reason was that he knew a coup was being prepared and he wanted to get his own people ready in time. AMBIDDY-1 said he would have to think about the proposition and would give him an answer in about three weeks. (He intends to stall and make no commitments, hoping to draw out more information. He will not agree to sell any arms.)

4. On 7 December 1966, AMBIDDY-1 talked with Daniel ODUBER at the latter's office. ODUBER said he was worried about all the talk of coup plotting, weapons and other indicators of possible violence. ODUBER again mentioned to AMBIDDY-1 that he had a finca on the Pacific Coast near the Nicaraguan border which has an airstrip adequate for a C-46 or C-47 type aircraft, and made an effort to feel out AMBIDDY-1 about the possibility of landing arms on that airstrip. AMBIDDY-1 was noncommital and ODUBER did not press the point.

5. AMBIDDY-1 said (as his opinion) that he had gotten the impression from talking with MARSHALL and ODUBER that ODUBER is pushing MARSHALL to stage a coup attempt in the hope that he, ODUBER, can step in at the right time and claim the Presidency. ODUBER considers Jose "Pepe" FIGUERES to be his main rival in such a plan, however. He seems to think the TREJOS administration is doomed in a matter of time.

El Dr. Alvarez Tormo estuvo el domingo y el lunes y el martes en Miami.

El motivo de su visita:

1-Contacto con amigo de Carlos en Mejico deficiente.Solo puede hablar con el contacto cuando este lo llama por telefono,y esto lo hace muy de tarde en tarde.Hay cosas urgentes que el espia de la embajada cubana le plantea,que el no puede decidir sin hablar primero con el amigo de Carlos.Por ejemplo:le plantearon un viaje clandestino a Venezuela.
Seria conveniente que Alvarez Tormo pudiera llamar un telefono cada vez que necesite ver al amigo.

2-Los agentes de la Embajada cubana temieron una ruptura con Mejico hace dos semanas y le comunicaron a Alvarez Tormo un sistema de comunicaciones de emergencia,que te envio adjunto en la propia letra de Alvarez Tormo.Antes de venir Alvarez Tormo,el cubano le dijo que la situacion critica con Mejico habia pasado,pero que guardara el sistema de emergencia hasta despues de la "Reunion de Presidentes Americanos"

3-Como vez,le ensenaron a Alvarez Tormo hasta un lugar donde el podia recibir "material" (es decir:Propaganda,materiales de sabotaje,armas etc.)

3-Creo que esto bien trabajado puede dar un resultado formidable,pero creo que si el contacto en Mejico no funciona,Alvarez Tormo va a terminar por evadir lo que para el significa un peligro para sus familiares en Cuba.

4-Ya en Cuba trasladaron al hermano de Alvarez Tormo de la Prision para una granja donde la vida es mas comoda y la familia lo puede ver.Le han traido noticias de su hermano.

MEMORANDUM:

SUBJECT : Subversive and Political Activities in Central America

Source of the following information is a prominent Cuban exile who is a fairly reliable reporter. He has a large number of direct and indirect contacts with influential Latin American nationals. Source acquired the information from discussions held with the individuals mentioned, during the month of December 1966.

During a conversation with Frank Marshall in early December 1966, source learned that Marshall wanted to buy arms and asked source to supply them. Marshall said that he needed them for what he called "an expected revolutionary outburst from one moment to the next in Costa Rica", and he did not want his "private arsenal" to be smaller than the arsenals of the Calderon Guardia group, Pepe Figueres' group, Oduber's group and the Communist group. Source asked Marshall when he needed the arms and Marshall answered NOW. Source replied that he would need at least three weeks to think about Marshall's request and then he would give Marshall an answer. After considering what source had said, Marshall replied, "okay, I can give you one month to give me an answer but no more." Source believes Marshall is in a plot to overthrow the Costa Rican Government. In source's opinion "the situation in Costa Rica is very bad because the president does not have a definite political group to support him and therefore is in the hands of diverse groups; Calderon Guardia, Ulate, Echandi, Frank Marshall etc., who respond to their own sectarian interests and not to Costa Rica, and who respond much less to President Trejos. The Partido Liberacion Nacional, (PLN) is expecting a coup d'etat and plan to counter-attack and stay in power."

In a conversation with Daniel Oduber in early December 1966, source states that Oduber "spoke badly about Don Pepe Figueres and "Chico Orlich". Oduber said that "they wanted to eliminate his presidential aspirations for the coming campaign and postulate Don Pepe again." Oduber said that "they (Don Pepe and Orlich) were the

Johnsons of Costa Rica and he (Oduber) was the Kennedy. I'm lucky that they are stupid and that they are not aware of the fact that an attack is being created and they are not prepared for that emergency. I am prepared." Oduber then told source of an airfield on his farm close to the Nicaraguan border where at the determined moment he could receive arms.

able personal courage, good security and common sense. In my mind he is the ideal type of Latin American agent. It will be a real loss to the Agency if we lose sight or contact with Adolfo. I have met few men more dedicated and more loyal.

5. [Ramon USATEGUI Lezama] 05 AMPAN-3. Recruited by AMPAN-2 and so close to each other that we referred to them as the "Gold Dust Twins." Ramon was in the shipping business in Havana and eventually had to leave. He lost his home, cars, furnishings, etc. His firm is now planning to send him to Nicaragua, and I have recommended him to the Nicaragua desk (Mr. [Trental]) 03 He has all the qualities ascribed to Adolfo SAN PELAYO (see above) except that he has never been an American citizen. He speaks excellent English. He is dedicated, courageous and most anxious to maintain contact with the Agency. It will be our loss if this is not done.

6. Bernard L. Barker. AMCLATTER-1. Wife: Clara. Barker is a Cuban-American. Ex-Captain in the U.S.A.F. See PRQ and 201 for full bio data. I recruited Barker in 1959, and he served faithfully until we had to exfiltrate him sometime in 1960. He recruited a number of valuable agents for the Station (including AMCLATTER-5, which see) and had an amazing encyclopedic knowledge of Cuban persons, events and contacts in all walks of life. He was a boxing manager and knew intimately all Cuban personalities engaged in the sporting industry. He had a puppy-dog loyalty to his case officers and to the Agency. His biggest weakness was his lack of discretion. He was such a loyal American (actually if not technically) that he would fight at the drop of a hat if anyone cast aspersions on the United States or its leaders. In the atmosphere of Castro's Cuba I might say that that was quite often. We are in the process of helping him recover his lost American citizenship. When the Station reopens I would certainly recommend that we continue to maintain contact with Barker. If nothing else he would make a wonderful leg-man for the Chief of Station. His wife is an attractive Cuban gal who is bilingual and as belligerently "American" as he is. Barker, by looks and by language, could pass either as an American or a Cuban - a genuine asset if he could be taught to submerge his Americanism.

7. [Manolo VEGA Abril] 05 I met Manolo through Jorge ALONSO PUJOL (now a prisoner in Cuba as a result of the 17th of April invasion). Manolo is working for us now in Miami, and I presume we have full bio data on him. Manolo's family owned, along with Republic Steel, the big steel plant in Havana which was nationalized by the Castro regime (Cia. Antillana de Acero, S.A.). Manolo has a brother, Benigno, who would also be worth cultivating. Through his business and family connections Manolo knew a great many people of operational interest. One of his friends was David SALVADOR, although Manolo did not share SALVADOR's political thinking (extreme left and anti-American). When source returned to Mexico in March 1964, and after he was denied his entrance to the U.S. he went to see Subject at a printing shop where Subject was employed at calle Sandalo #93, Mexico D.F. The source made this visit to Subject because source knew that Subject had very good relations with many U.S. Diplomats, and also had good contacts in Washington, D.C. (Source knew Subject had been a career diplomat for more than 30 years.) Subject orientated the source in the steps he should take such as writing a letter to the State Department and to others. During the time source was in Mexico from March to December 1964 source saw Subject about six or seven times, sometimes in the streets, or visiting him at the printshop. Subject resided at calle Cholula #109, Apt. 3, Colonia Hipodromo, Mexico, D.F. Since source arrived in the U.S. he has had no contact with Subject. Source believes that Subject has never been a Communist and that if Subject was in a post in Mexico it was because he was an experienced Diplomat and the Cuban Government needed him. Source believes Subject has never traveled to any Communist country. Source believes Subject has his immediate family in Mexico with him, and does not know if Subject has any relatives in Cuba or in the U.S. Source does not know if Subject has received any military, political or intelligence training.

8 March 1965

MEMORANDUM FOR THE RECORD

SUBJECT: Phase-out of ARTIME Autonomous Group

1. On the night of 5 March 1965, the case officer for Manuel ARTIME Buesa met with him and outlined the policy decision reached by the 303 Committee on 4 March. ARTIME was told the decision was to terminate our operational relationship in as friendly and cooperative manner as possible, but not later than 1 May 1965. The case officer had been empowered to convey this information and to conduct an exploratory discussion of the problems and possible solutions connected with a phase-out program. The two main points the United States Government was concerned with were (a) fair but reasonable demobilization support to the personnel of the autonomous group, and (b) ARTIME's assistance in insuring that the balance of power in Central America was not upset, particularly by preventing the weapons of his group from falling into the hands of political extremists or free-booters.

2. ARTIME had been on notice for several months that a phase-out might be ordered at any time, and had an inkling that the decision had been made because his regular monthly subsidy had not been received on schedule. He had obviously given the matter considerable thought and made up his mind as to his course of action when he arrived at the meeting. He began the discussion by summarizing the things he might have done had he been so inclined. Among the possibilities mentioned, he included loading up his troops and weapons and taking over Haiti as a base against Cuba, intervening in Costa Rica to bring down the liberal PLN administration in favor of a rightist junta of dissidents, or throwing in completely with General Anastasio SOMOZA in Nicaragua the weapons, personnel and equipment of the autonomous group. He has the capability of fielding an infantry battalion reinforced with artillery (4.2 mortars), supported by air and maritime elements, with a cadre of trained and combat-experienced Cubans, provided he teams up with an organization

SECRET

who can furnish about 1,000 men to flesh out the unit. Case officer acknowledged that we recognized his potential for harmful action, had considered it thoroughly, and hoped he would not do anything of the kind. ARTIME said he had also considered all the possibilities and concluded there was no point in his being childish and trying to "bite us about the ankles."

3. ARTIME accepts the decision and will cooperate in a phase-out program. He does not understand the rationale, and, of course, does not agree with the decision, but he acknowledges our prerogative to make it. If we really wish still to be friends, he is willing, just as he told Mr. FitzGerald originally. He asks only that we help him make it possible to remain friendly and makes two requests from us: (a) help take care of his men and their families until they can rehabilitate and resettle themselves, and (b) do everything possible to get his parents out of Cuba.

4. The major elements to be considered in a phase-out were discussed with the following results:

a. Personnel. The first priority is support payments to dependents which were due 1 March in the total amount of $100,00. This must be done soonest if ARTIME is to maintain control of the situation. The next most immediate problem is re-entry permission for fifteen of his men who have been stranded in Nicaragua trying to return to the United States since December. These men were exfiltrated "black" from the United States with our assistance and require special authority for re-entry from Department of State and Department of Justice, which we thought was arranged in early January.

The demobilization plan proposed by ARTIME seemed as realistic and effective as could be hoped for. He proposes to return the bulk of his men, approximately 200, to the United States during March and give them one month's pay on 1 April as a mustering out payment to support them and their families while they seek other employment. The balance of his men, less than 100, will be held in Central America for one month longer as a security and administrative force muster the group's equipment at Monkey Point from which disposition can be made during the month

of April. The security force will be returned during April and will be paid a mustering out payment on 1 May. This will terminate the project.

The cover story which ARTIME intends to use for demobilization is to inform his men that their mothership is out of commission and will require about six weeks for repairs. This is true enough so that it will be believed. He will then grant leave to all men with dependents to get their personal affairs in order before operations commence again. He will publicize the fact that it is less expensive and better for morale to send them on leave than to have men sitting around the camps with no operations to run. When all the first contingent are back home, individual notice will be given each to start looking for other work as operations have been postponed. They will be told that the salary payment of 1 April will be the last one and should be considered as a mustering out bonus. ARTIME feels this method will soften the impact and lower the noise level as the men will be home with their families and scattered throughout the community instead of being in an organized group in Central America when they realize they are being demobilized.

b. Funds. ARTIME had done his homework and brought with him facts and figures upon which phase-out costs could be estimated. These cost estimates are outlined below:

Date	Amount	Item
1 March	$100,000	Dependents support and salaries
	25,000	Travel from Central America to U.S. for approx. 200 men
	50,000	Accrued debts due 1 March, mainly food and other expenses for camps in Central America
	$175,000	(In lieu of regular monthly subsidy of $225,000)
1 April	$100,000	Mustering out payment for 200 men and salaries for security and administrative details
	12,500	Travel from Central America to U.S. for approx. 100 men
	12,500	Estimated food and other camp expenses
	$125,000	

SECRET

1 May	- $ 50,000	Mustering out payments for approx. 100 men and final contractual obligations of project
	$ 50,000	

c. Weapons. ARTIME agreed that it would be in nobody's interest for his weapons to fall into the wrong hands. He was asked for ideas on disposition of the arms and came up with the following suggestion which appears to be an excellent one. The mothership, MV SANTA MARIA, is in need of repairs and must go into a shipyard. Tentative arrangements have been made to put her in the yards at Galveston, Texas, some time in March or April. ARTIME can order his security detail to store the arms aboard the ship for "security" reasons before she leaves for the yard. They will simply remain on board when the ship leaves and we can take control of the ship and the weapons from that point on.

d. Maritime.

(1) MV SANTA MARIA. See above. The ship would be sailed from Monkey Point with a contract crew supplied by Chester, Blackburn, & Roder, Inc. of New York, who are agents for the ship's owner, Liberaic Corporation, a CIA proprietary company. One of ARTIME's senior officers would accompany the ship as his representative, with orders to turn over control of it and the arms upon its arrival at Galveston. CIA officers, possibly documented as Customs officials, would accept custody and Office of Logistics could recover the weapons and any other equipment which might be shipped by this method. The ship would then be disposed of according to Headquarters wishes at any time after 17 April when the charter arrangement with General SOMOZA expires and the ship legally reverts to control of the owner.

(2) Swifts, V-20's, Boston Whalers, rubber boats and other operational craft are all owned, technically, by ARTIME's group. He has had title to the Swifts legally transferred from a Costa Rican politician to one of his own senior officers. He wants to retain these craft for the time being, hoping against hope that lightning will strike and he may, after all, be able to use them in the next

two months. Case officer recommends we go along with him on this, at least for the time being, as it could be sticky legally and might antagonize him at the time when we most need his cooperation. In the end, he should be reasonable about disposition of these craft if we shoot square with him in the meantime.

(3) Support craft, LCMs, Barges, etc. Disposition arrangements to be worked out together on these craft.

e. Aircraft.

(1) DC-3. ARTIME is willing to release the aircraft back to its "owners," TASA, a CIA proprietary company in Panama. However, one month's charter payment of $1,250 was due 1 March, and another will be due by the time the aircraft can be returned. ARTIME was reluctant to let the plane go back without payment, but also reluctant to squeeze the $2,500 out of his budget. Case officer voiced his opinion that the owner would probably be glad to get the plane back and would not likely think it worth going to court. However, in view of the fact that it would be a "closed-circuit" transaction and would actually cost the Government nothing, it is recommended that a special authorization of $2,500 be channeled to ARTIME for payment in order to maintain ARTIME's reputation for fiscal probity. He will surely appreciate this gesture.

(2) L-20 Beaver and Cessna-180. These aircraft technically belong to ARTIME's group and recovery would be a sticky matter, legally. ARTIME hopes to hold control of these aircraft for the time being, and it is recommended that we go along with him, saving disposition arrangements until later.

5. ARTIME again emphasized at the close of the meeting that he must have soonest the March payments for families as an absolute minimum, before he could face his people and maintain control of them in order to insure an orderly phase-out program.

1. Ref cable raises a number of fundamental issues of concern to Caracas Station. In brief, we do not welcome an activation of the movement's center in Caracas, an event which would greatly complicate our operational situation. We have reasons for believing that the host government likewise would probably be embarrassed if AMBIDDY 1 chose Venezuela as a base for whatever program he is planning to undertake. Repeated failures of his attempts at being received by President LEONI are significant in this context.

2. Since we must assume that AMBIDDY 1 has alluded to his close ties with KUBARK (and more specifically with BECKHOFF), the Venezuelan security services may well jump to the conclusion that AMWORLD is in fact a KUBARK operation and sooner or later we would be forced to disavow AMBIDDY 1, a circumstance of which he would be bound to learn with consequent embitterment. All these predictable developments, Caracas is most anxious to forestall. Needless to say, both BECKHOFF and OSTRICH are unhappy about this situation of conflict since it involves a man whom both admire and who (in their opinion) has served ODYOKE interests loyally, at times to the detriment of his abiding cause to liberate PBRUMEN.

3. For the above reasons, we would welcome indeed if formal and institutional ties between AMBIDDY 1 and AMJAVA 4 could be put in abeyance, at least to the extent that AMBIDDY 1 be prevailed upon to pass up Venezuela as a base of operations. This discriminatory approach reflects our awareness that

AMBIDDY 1 is temperamentally [illegible] Headquarters [illegible] elementary standards of operational security and [illegible] impulses, frequently with no regard to consequences. We doubt that AMJAVA 4 could exercise a moderating influence. Should AMBIDDY 1 get himself and his associates into serious trouble, the Station could not help but intercede with concomitant damage to our standing with the liaison services. We can further predict that the Venezuelan trade union movement (which is belligerently anti-AMTHUG) may view an active AMBIDDY 1 sponsored program with disfavor and would also bring strong pressure to bear on the Government to curtail or surpress the movement.

4. We realize that the Station's position, as set forth above, saddles Headquarters with an exceedingly delicate task. While as a last resort we could of course drop discreet hints to our Venezuelan liaison contacts suggesting the inadvisability of affording AMBIDDY 1 and his associates sanctuary in Venezuela, we would only entertain that distasteful prospect as a last resort and with the full approval of Headquarters.

5. Another approach, only slightly less unsatisfactory, would be to restrict AMBIDDY 1's radius of activity to an extent tantamount to denying him all freedom of political action while in Venezuela. But all in all, it would probably be best for KUBARK if AMBIDDY 1 could be dissuaded from going through with his proposed move in a manner which does not hurt his pride and which does not alienate him from KUBARK. Headquarters may be able to suggest palatable alternatives to Venezuela.

6. As regards AMJAVA 4, we share some of Headquarters misgivings about surfacing him to Liaison. What prompted us to suggest this approach was a desire to overcome the difficulties which would be facing AMJAVA 4 in any case should he decide to make his home here. We are inclined to doubt that he could obtain permission to enter Venezuela in immigrant status without powerful intercession. He would be used by the Station on projects which we (and presumably the host government) view as compatible with Venezuela's national security interests.

7. Some of the doubts raised by Headquarters are altogether valid and were considered before we made our proposal. We are least concerned, however, about the issues of dual loyalty and dual control etc, because it happens to be one of our objectives in building a more durable relationship with liaison, esp DIGEPOL, to entice them into joint ventures where dual control does exist. We find AMJAVA 4 temperamentally suited (esp since his basic loyalty belongs to KUBARK) to serve as an operational link between Station and liaison, without acting to the detriment of either. Although the tenor of our relationship with DIGEPOL has undergone a notable improvement, there are still deep-rooted reservations and suspicions which a man of AMJAVA 4's personality traits might help to dispel.

8. With regards to the substance of our operations against PBRUMEN, especially those which are CE-oriented, there is a natural congruity of interests between ODYOKE and Venezuela which renders joint pursuits in fact most desirable. More likely than not, DIGEPOL will do Station the favor of facilitating the admission of AMJAVA 4 and of providing him with viable cover, maybe including official (DIGEPOL) documentation, and let it go at that. We rather doubt that unless prodded by Station DIGEPOL would avail itself of AMJAVA 4's services, let alone use him to penetrate Station's operational program. This leaves in the balance the pros and cons of surfacing a valuable KUBARK asset to liaison.

9. The general concepts guiding Caracas Station in desiring to secure the services of AMJAVA 4 were spelled out in HVCA-12059.

10. In presenting Station's proposal to AMJAVA 4, the following points could be made:

A. We do not propose that he sever his longstanding personal and political links with AMBIDDY 1.

B. We do not expect that he disconnect his links with the movement, let alone cease supporting its program.

C. We would oppose, however, [illegible] of political leadership, within the movement, the reason being that a [illegible] role would as far as the host government is concerned be an unmistakable admission that [illegible] is officially backing [illegible].

D. We would expect AMJAVA-4 to compartmentalize himself to the extent that he treat any knowledge acquired in his clandestine role as operational adjunct to the Station as privileged in the sense of not imparting it to anyone without a need to know. Specifically, this information would have to be withheld from [illegible]-1 and other members of the movement.

E. AMJAVA-4 will have to make a clear choice between serving the cause of [illegible] liberation by actively associating himself with [illegible] (a doomed undertaking if our reading of the situation is correct), or by co-[illegible]ering [illegible]'s program to subvert Venezuela under Station control.

2.a AMJAVA/4 told me AM[illegible]/2 went to Spain on 15 May for 2 or 3 months vacation. A/4 said later that A/2 was starting a new business in Spain and wanted him (A/4) to move over there and manage it for him. A/2 left William King, the Vice-President in charge of Maritima Sam in his absence. AMBIDDY/1 has always had ultimate control of the AMWORLD funds and has simply been exercising closer personal control of them since A/2 is gone.

2.b AMBIDDY/1 told me that he is selling off some of the equipment which is not suitable for his current program of Community Development/Civic Action in Latin America in order to raise money to obtain equipment and materials that will be needed. For example, he has bought 22 acres of farm land near West Palm Beach to establish a model farm for training purposes. He has been conducting evening classes for several weeks for about 20 MRR men, who are working full time at other jobs, in rural Community Development. He has gotten some training materials and advice from Prof. George Lodge of Harvard, who, according to letters from him, appears to be enthusiastic about his contact with A/1 and his organization.

2.c A/1 says his only political plans at this time are to try to continue holding his movement (MRR) together while he changes its emphasis and direction toward the constructive activity of help in Community Development for friendly Latin American countries and away from the PM emphasis for which we supported him in the AMWORLD program. The farm in Nicaragua to cultivate rice is a planned cooperative on the east coast (Bluefields - Monkey Point) to complement a shrimp fishing cooperative and boat yard at Bluefields which he has already discussed with President Schick, who requested him to go ahead. A/1 and the MRR part in these enterprises is purely advisory in training local residents and helping them to organize and build facilities. A/4 reports, and A/1 himself admits, that he is simply feeling around now trying to get all the information and ideas he can about this new field of endeavor. (For example, A/1 just bought 300 baby chicks to work with in order to find out they can best fit into a rural development program.)

2.d. Of course, AMWORLD is finished and all members of the organization know it. A/1 and A/4 have both told me they have made it clear to all hands and have advised them to get jobs immediately in order to support their dependents. Most of them have done so, several going back to work for WAVE, for instance. The death of AMWORLD and the reorganization necessary to go into a new phase (Community Development) is no doubt causing a crisis in the MRR, but both leaders believe the movement will weather the crisis and survive. Mr. Tom Clines, who talked with other members of the MRR, believes the same thing, and is certain it will survive with enough support from Washington to pay for publicity, travel, and administrative costs.

3.a There are 5 men at Monkey Point where one cache (a platoon) of weapons is stored. The other two are located at Bluefields and at Managua, under control of the Nicaraguan National Guard. The MRR delegate at Managua is the only person who can authorize their release, and this must be on written authority of A/1 and approved by General Somoza. The 5 men at Monkey Point are simply station-keepers who, in addition to guarding the camp and weapons, are teaching the local Indians to read and write, to operate and maintain basic machinery, and to plant crops to raise their standard of living.

3.b. There has been no evidence from any source of any attempts to sell AMWORLD arms or ammunition.

14-00000

3.c It is not clear what this source is trying to report, but presumably he is trying to indicate that A/1 is hoarding the AMWORLD money he has been issued for his personal use. Anyone who knows A/1 knows that the last thing he will ever give up is his magazine and radio broadcasts. The ability to make speeches and have them printed and see his picture reproduced is the top requirement in his makeup. The next most important requirement is the capability to travel and hob-nob with Heads of State and other VIPs, at which he excels. These two attributes are of considerable interest to ADHARK, as witness the fact that Mr. Fitzgerald has insisted on retaining these capabilities for A/1 to use in behalf of the Agency. They are certainly more important to him than money, as such, concerning which he is incredibly naive and disinterested. He is notorious for having to have somebody else go around with him to be sure he has necessary documents and money, otherwise he would never have a dime in his pocket. I checked further on this point with A/4 at our last meeting on 27 June and he said there was no evidence of A/1 pilfering the till, the problem if any was simply honest mismanagement. We should remember that A/1 has been paid a salary, with Hqs agreement and at our suggestion for that matter, of $1,000 a month. AMWORLD/2 made it a point to deposit the check in A/1's personal account every month, and A/2 maintained de facto control of the account. A/1 told me this incident because he was amazed to find when A/2 left for Spain and turned the records of the account over to A/1, he found that he had 4 or 5 thousand dollars in the bank, the most he had ever owned in his life. In addition to this salary, it should be remembered that A/1 is a co-author of the "Bay of Pigs" book, which was worth several thousand dollars to each of the 4 co-authors.

Note: This line of reporting has been going on for at least the past 2 years in the case of A/1 and is typical of the incessant gossip and character assassination within the Cuban exile community in Miami that has been going on for the last 5 years. While certainly no paragon of virtue or of efficiency, it will take more than this to convince me A/1 is a crook. In the first place, AMJAVA/4 would be the first one to put the finger on him if he started misappropriating MRR funds or otherwise playing games that would hurt the movement. In the second place, A/1 is too disorganized to be an effective crook, even if he tried, and it would show up in more concrete form than this report.

MEMORANDUM FOR: Chief, WH Division

SUBJECT : Present Activities and Possible Future Plans of Manuel Artime Buesa

1. Present Activities:

During the past six weeks Manuel Artime has devoted his time to the task of disbanding his paramilitary establishment in Nicaragua and Costa Rica. Artime has returned most of the arms and equipment provided him by this Agency. This includes the mother-ship, nearly all of the heavy weapons such as mortars, machine guns and artillery pieces, as well as other miscellaneous items such as communications vans and earth-moving equipment. The small arms not recovered from Artime are sufficient to equip an infantry company.

2. Future Plans:

During the same period Artime has attempted to gain support for a plan by which he, and a small nucleus of his paramilitary force, would conduct counterinsurgency-type operations against Castro-supported rebel bands operating in several Latin American countries. Artime has outlined these proposals to Presidents Leon Valencia of Colombia and Marcos Robles of Panama, and endeavored to obtain an interview with Raul Leoni of Venezuela, but has been able to conduct conversations on this proposal only on the Venezuelan Cabinet level.

To implement such a scheme Artime envisions using a small group of highly-trained individuals plus

SECRET

two fast motor launches originally provided to him by this Agency. Artime would use this force to patrol the coasts of one or the other of the aforementioned countries to prevent the smuggling of arms and/or general contraband. In exchange for this service, Artime would receive the permission of these governments to keep any arms which he might capture in the course of these patrols. In addition, he would be allowed to maintain bases of operation from which to launch attacks against Cuba. So far none of these governments has made any commitment to Artime. He claims, however, that both Presidents Valencia and Robles have expressed interest in his proposals.

Artime has requested an interview with this Agency, presumably to discuss his future, during which it is expected that he will bring up his scheme as outlined above.

SUBJECT: Present Activities and Possible Future Plans of Manuel Artime Buesa

1. Present Activities

For the past six weeks Artime has devoted his time to disbanding his paramilitary establishment in Nicaragua and Costa Rica. He has;

a. returned most of the arms and equipment provided him by us,

b. returned the mothership,

c. returned nearly all the heavy weapons including mortars, machine guns, and artillery pieces.

The small arms not recovered are sufficient to equip an infantry company.

2. Future Plans

Artime has attempted to peddle a plan to the Venezuelan, Colombian, and Panamanian governments utilizing the nucleus of his paramilitary force. Essentially this program is the same for all three countries and involves a

quid pro quo arrangement whereby:

a. Artime would use his force to patrol the coast of these countries and prevent smuggling of arms and/or general contraband;

b. Artime would receive, in exchange for this service, permission from these governments to keep any arms which he might capture and be allowed to maintain bases from which to launch operations against Cuba.

Some of the specifics follow:

Colombia

Artime wants petroleum, food, and clothing from the government for a group to be stationed there and a beachhead to establish a camp.

If there is a landing in Cuba, Artime wants immediate recognition by the Colombian Government as head of a government in exile.

Artime would guarantee to wipe out smuggling and would patrol from Riohacha to the Panama border. He would also guarantee to solve the guerrilla problem by using two MRR groups. One group to conduct operations against Cuba and the other to act as instructors and field advisors to the Colombian army.

SECRET

Artime would seek private financing from wealthy Cuban exiles and Latin American sympathizers.

Panama

Artime would start a "comandos rurales" operation, similar to that which was the base of MRR strength in rural Cuba.

Artime would launch a civic action program and also would interdict Cuban infiltration operations.

The above plan would be carried out mainly in Chiriqui Province.

Miscellaneous

We have no information on what Artime proposed in Venezuela but assume it is much the same as for Colombia and Panama. We also believe Artime may ask CIA to continue to assist him in radio broadcasting to Cuba, financing the MRR magazine, and helping him maintain continued contact with the Cubela group. This would be in return for his counter insurgency program outlined above.

SUBJECT : Proposed Meeting Between Chief, WH and AMBIDDY-1

1. AMBIDDY-1 went to Nicaragua on 11 May 1965 to remove his remaining men and equipment from that country and to complete secure storage arrangements for the small arms which he has retained. He has a meeting scheduled with General Peralta in Guatemala later this week and expects to be back in Miami by 17 May.

2. He hopes to meet with Chief, WH at any convenient time thereafter to report on the disbanding of AMWORLD and to discuss any other matters which may be of mutual interest. AMBIDDY-1 has indicated that he is willing to continue cooperating with the Agency by furnishing information and undertaking political action tasks as required. He hoped that the Agency, in turn, will be able to assist him in financing a limited publicity program consisting mainly of radio broadcasts and the MRR magazine. This would help to keep his movement alive and maintain him as a recognized exile leader who would thus be of continued value to the Agency in activities of mutual interest.

3. We suggest that his witting deputy, AMJAVA-4, might be invited to visit Washington at the same time to participate in other discussions concerning possible activities in the future. It would be appreciated if Chief, WH were able to set a convenient date for a meeting in order that we may notify AMBIDDY-1 in advance.

1. In addition to the matter of meeting the AMWORLD Swifts on their arrival in New Orleans, AMJAVA-4 indicated he was even more interested in talking with me about AMBIDDY-1's present frame of mind and plans for the future, about some of which he is a little concerned. AMJAVA-4 intends to see AMBIDDY-1 for a few days the first part of this week and will try to get a complete and current reading from AMBIDDY-1 during this time. AMJAVA-4 wants to discuss this in detail with me prior to the meeting of AMBIDDY-1 with Chief, WH, presently planned for the week of 24 May.

2. AMJAVA-4 also wishes to discuss the two job offers he has received from the Agency, ie, a job with Caracas Station, or to go into university level training in a holding capacity for future commitment to a post-Castro Cuban regime. He has some topics for discussion concerning last-minute questions in the close-out of AMWORLD and disposition of some of the key personnel of the organization.

Meeting with AMJAVA-4 in New Orleans, 21-23 May 1965

Subject: AMBIDDY-1 Activities

1. AMJAVA-4 said he had talked only briefly with AMBIDDY-1 on his return from Guatemala and Nicaragua (21 May, just before A-4 left to meet me in New Orleans). A-1 said he had talked with General Peralta in Guatemala and had disclaimed any connection with Roberto Alejos' coup plotting or the former MRR Cubans who had been involved with it. He had also outlined his proposal for Peralta to consider whereby A-1 and the MRR would undertake, at the invitation of the local government, to assist in countering Castro/Communist infiltration and subversion, and to help develop rural civic action programs as a positive counter-insurgency program. A-1 claimed that Peralta seemed very seriously interested in the proposals and appeared quite appreciative that A-1 had been able to visit him. A-1 expects that Peralta will wish to talk to him further in regard to his counter-insurgency proposals.

2. A-1 also talked again with President Schick in Nicaragua about the above proposal. Schick had thought over their previous discussion and approves a pilot program to be run on the east coast, with the rural civic action program near Bluefields. This will allow A-1 to keep a few of his men in the country to work on the program while maintaining security of the weapons he has stored there. A-1 also talked with Luis Somoza, at the latter's invitation, but indicated there was nothing new or interesting from this source.

3. A-4 is not sure himself how much A-1 has been able to accomplish in his visits in Central and South America, and how much of his reporting is wishful thinking. He is not ready, however, to sell A-1 short and has watched him "selling ice-boxes to Eskimos" successfully over too long a period of time.

4. A-1 decided to come to New Orleans on the night of 24 May in order to meet the two Swift boats at Morgan City on 25 May (their latest ETA). Having done all the preliminary leg work and made all the arrangements, A-4 decided both of them would not be necessary and he planned to return to Miami the night of the 24th. I promised to contact both of them by phone on Tuesday night (25 May) to make sure the Swifts get in with no problems, and to inform A-1 a firm time for his meeting with C/WH (scheduled for 1500, 27 May).

MEMORANDUM FOR: Chief, WH/PO/B

ATTENTION : Mr. J. De Stefano

SUBJECT : Background Sketch on Dr. Manuel Artime Buesa

1. Manuel Artime Buesa, a non-practicing medical doctor, began his political activities in Cuba during the year 1959 when he participated in the formation of a civic action type program known as the "Comandos Rurales." The Comandos Rurales actively participated with the Castro regime during its initial agrarian reform, but eventually broke with it due to Castro's shift to Marxism-Leninism. It was at this point that Artime formed the Movimiento de Recuperacion Revolucionaria (MRR, Movement for the Recovery of the Revolution), a political organization which he heads up to date. The degree of Artime's activities in the civic action program was reflected by the fact that Artime, prior to his break with Castro, had been appointed a deputy in the Instituto Nacional de la Reforma Agregaria (INRA) for Oriente Province. Artime's first contact with the Agency took place just prior to his open break with Castro and he was exfiltrated from the island by the Agency. Artime dedicated himself to the continued development of the MRR until called upon by the Agency to be the political representative for the Cuban Brigade 2506 which landed at the Bay of Pigs. Artime was captured and sentenced to be executed. This was later commuted by Castro to life imprisonment. In 1962 Artime was among those repatriated to this country under the prisoner exchange.

2. In mid-1963 the Agency again asked Artime to head an autonomous paramilitary organization made up and trained exclusively by Cubans and funded by the Agency. Subject set

up a series of training camps in Central America. Using the political banner of the MRR Artime's group conducted several paramilitary operations against the island of Cuba with varying degrees of success. In early 1965 by order of the 303 Committee it was decided to phase out the Agency's support to Artime since it was felt that paramilitary operations against Cuba were futile and ineffective. Although he disagreed with this decision, Artime has been fully cooperative in disbanding his organization. The paramilitary wing of the MRR is now completely disbanded, and a few political representatives remain in Central America and Florida.

3. Subject is currently attempting to re-enlist the Agency's support in order to keep his political organization intact. If approved by the 303 Committee, Artime's MRR will receive a small subsidy. Artime also plans to establish a civic action program along the lines of the Comandos Rurales in various Central and South American countries. In such an endeavor Artime would be strictly on his own without any support from the Agency.

4. It is in order to discuss this future program that Artime is anxious to meet with Mr. George C. Lodge, Jr. The undersigned, who is subject's current case officer, is ready and willing to contact Mr. Lodge directly and travel to Cambridge should this be useful. Artime permanently resides in Miami, Florida and his telephone number is: (305) 754-8144.

MEMORANDUM FOR: Deputy Chief, WHD/C

SUBJECT : Support for Manuel Artime and the MRR for the month of June 1965

1. On the basis of the discussion on 27 May between Chief, WH and Manuel Artime, we are currently in the process of submitting a recommendation to the 303 Committee that we maintain contact with Artime and render support to him on a modest basis. His monthly operating budget, which he submitted to us, would enable him to keep the MRR alive as a recognized exile political organization, and would allow him, personally, to maintain his status as an important exile leader. This would, in turn, continue his access to heads of state and other leading political figures in Latin America.

2. Pending action by the 303 Committee, it is recommended that you grant approval to fund Artime and the MRR for the month of June 1965, on the basis of the following budget estimate:

a. MRR delegates

Spain	$ 500	
Honduras	350	
Guatemala	350	
Colombia	400	
Costa Rica	350	
Venezuela	450	
HQS office expenses	800	$ 3,200

b. Publishing costs of MRR magazine "Tridente" — $ 2,860

c. Radio broadcasts to Cuba in name of MRR — $ 1,805

d. Travel costs of Artime and MRR officers — $ 2,000

e. Support of dependent families and survivors of MRR members (mostly in Cuba) — $ 5,000

Total $14,865

MEMORANDUM FOR THE RECORD

SUBJECT: Contact of Manuel Artime with Professor George Lodge and with Col. Barrientos of Bolivia

1. I talked with Manuel Artime by phone the night of 4 June. He said he had received a call from Professor Lodge that afternoon but was not at home to talk with him. (This was obviously a follow-up from the offer made to Artime by Chief, WH to put him and Lodge together on his proposed civic action activities.) I told him there was no reason he should not return the call and arrange for a meeting with Lodge at their mutual convenience.

2. Artime said that was his first reaction, but before he could make the call another message had come in from Col. Barrientos of Bolivia asking if he could visit the country for the benefit of his advice and counsel and offering to send a Bolivian Air Force plane to pick him up and bring him to La Paz. I asked if he were acquainted with Barrientos or an expert on Bolivia and he said he knew no more about either of them than what he had read in the papers. He had no idea of the reason for the invitation, but wanted to check with us and find out if we had any requirements for him in case we wanted him to make the visit. I told him I would check with Chief, WH next morning and call him back.

3. On the morning of 5 June I called Artime. He said Professor Lodge had called him at 0700 that morning and told him he was interested in getting together with him. Lodge said he would be in Panama on 14 June, and Artime said he planned to be travelling in that area at that time and could easily meet him there. Artime told Lodge he was willing to make a trip to Boston to see him earlier and that after such a preliminary meeting, the next meeting in Panama would probably be more useful. Lodge seemed delighted and invited Artime

to lunch with him on 9 June. I suggested to Artime that he plan to meet Lodge on 9 June, stop in Washington on the way home where I could meet with him (and furnish him a briefing on Bolivia which he desperately requested). I suggested he send a message to Barrientos saying he could be in Panama on 11 June and could see Barrientos as soon thereafter as transportation could be arranged. (Artime has a visit with President Robles of Panama scheduled about that time and can work it in, together with the meeting with Lodge on 14 June in Panama.)

4. Artime said he had found out the background of the invitation from Barrientos. One of Barrientos' trusted aides had been to Washington or New York and in passing through Miami enroute home heard a MRR radio broadcast about countering subversion, civic action, etc. that attracted his attention. There was also a brief analysis of the situation in Bolivia which appealed to him as the best-balanced hehad heard. He thereupon started asking questions about the MRR and Artime and was referred to one of Artime's people who turned over some copies of "Tridente" (magazine of the MRR). The aide remarked that he was going to report to Barrientos of his discovery of a Cuban exile group that seemed knowledgeable of Castro and Communist subversion operations and had some useful ideas of how to counter them. Two days later Artime received the invitation from Barrientos.

DISPATCH

SECRET

TO: Chief, WH

INFO:

FROM: Chief of Station, JMWAVE

SUBJECT: Operational/TYPIC/AMWORLD/AMOT - Activities in AMWORLD and of AMBIDDY-1

ACTION REQUIRED - REFERENCES

Action Required: None. For Your Information.

1. The AMOTs have recently submitted two short reports providing some information about AMWORLD and AMBIDDY-1 activities.

2. AMOT-84 reported the following in Report DD-1414, 19 May 1965, which he had acquired from Iden A, whose ultimate source of information was AMWORLD-2:

a. AMWORLD-2 left for New York with his family on 15 May 1965, this being his first step towards disconnecting himself from AMWORLD. Before he left, he handed over to AMBIDDY-1 the AMWORLD money which he had in the bank.

b. AMWORLD-2 said that AMBIDDY-1 was devoting all his attention to obtaining money by the sale of military equipment which he had at the camps. AMBIDDY-1 had already realized U.S. $30,000 in this manner and hoped to raise still another $30,000. AMBIDDY-1 currently had all the AMWORLD money under his absolute control and said he intended to act as treasurer of the organization.

c. AMBIDDY-1 gave the impression of not being involved with any political plan. Occasionally he talked to friends about interviews with his "contacts" and about a budget for propaganda. Other times he gave consideration to propositions of friends, such as the Spaniard who acts as his chauffeur and secretary, concerning various business deals. He also talks of buying a farm in Nicaragua to cultivate rice, etc.

d. The general opinion within AMWORLD is that the organization is entering a crisis and, with the separation of AMWORLD-2 from the organization, AMWORLD members would no longer continue to receive their salaries.

3. In AMOT Report EE-1438, 4 June 1964, AMOT-84 further reported information he had received from Iden A, as follows:

a. Iden B said that AMBIDDY-1 was only concerned with maintaining the small AMWORLD camp in Nicaragua, where there were weapons, ammunition, and seven men, who were there without the knowledge of the ODYOKERs. Iden B said that AMBIDDY-1 was awaiting an opportune moment to arm as many friends as possible and leave for PBRUMEN.

b. Iden C said that there really were arms and ammunition cached in the camp in Nicaragua, but that the seven men there spent all their time looking for persons to buy the arms and ammunition.

c. Iden C also said he believed that if AMBIDDY-1 was keeping up his radio transmissions and payments to some journalists it was because they served as a cover for his commercial operations and that all the propaganda would disappear when AMBIDDY-1 had to use AMWORLD money to keep up the propaganda.

Re: Manuel Artime

In general, Artime impressed me greatly and we got along very well. He is energetic, idealistic, enthusiastic, highly motivated and in my judgement well suited in every way to the task he intends to ~~pxxfxxxx~~ perform. As you know, he is 33 years old, tough-minded and filled with ideological fire. His weakness would appear to be a certain lack of ~~xx~~ focus and conceptualization. He does not really have a plan but appears to be reacting to immediate crises and opportunities like a fire fighter. He and his group, therefore, need careful and thoughtful leadership and guidance to get the most out of them and to deal with problems in the proper order of priority and urgency.

He arrived late at the Business School because the taxi driver got lost. We had a quick lunch together ~~xxxxxxxxxxxx~~ which I had to leave early in order to be in class at 1:30. At my request he joined me in the classroom. I was giving a lecture on the role of the manager in the midst of radical change to a group of alumni who are at the School for a short seminar on international business problems. During the discussion period he spoke well and with great conviction about his work in the hills with Castro and the Cuban problem in general.~~xx~~ He made an excellent impression.

We then talked in my office for 1½ hours. A summary of the conversation follows:

He told me of his work with the Indians on the Atlantic Coast of Nicaragua where he has 5 men working on community development problems including health, education, road building, rice marketing and ~~xxx~~ boat building. He has 10 men at his base of operations on the coast. He mentioned that he knew Enrique Pereira, a young manager in Managua closely associated with INCAE and in my judgement a good, active, properly oriented young man.

He discussed his civic action training program in Miami which has just started and in which he said he has 32 men enrolled. This is a 3-month program to prepare men for rural organization work of various kinds. He spoke of his need for help xx with respectxxx to cooperative training and especially cooperative leadership selection and preparation.

He spoke of his conversation with xxx Col. Peralta in Guatemala and said that after a four-day field trip he reported to the President that:

a. The Army was old fashioned, had poor ideas and was ill equipped to fight guerilla warfare or to carry out the civic action program which were urgently necessary.

b. He said he found serious subversion among the Indians largely through small radios which Cuban trained Guatemalans were giving to the Indians and which were tuned in on Radio Cuba only. He knew specifically of 5 Guatemalans engaged in this work.

c. He spoke of the danger of Sosa in the mountains and said that Peralta showed his ignorance by brushing Sosa off as a small-time operator with only a handful of men around him. Artime said he had about 25 men with him and added that this was enough to start a lot of trouble. He said he would like to begin something in Guatemala but had no specific suggestions.

He said he had 3 people working in San Jose, Costa Rica, inside what he referred to as "the Cuban community."

He has one man in Colombia organizing three cooperatives in the Cali area at the request of a local Senator who owns a sugar mill and the Cali newspaper and who Artime described as a very good xxxx man. He is deeply concerned about the xxxxx situation in Colombia.

He is leaving shortly for Bolivia where xxx he has been invited to spend four days by the President.

During the course of the conversation I made the following suggestions which met with his enthusiastic approval:

I believe his key contribution may be in the area of rural organization and motivation. He and his men (he said he has 220 available for immediate action) need rural organization training. Only a few know much about it. I suggested therefore he investigate the cooperative training school at Antigonish, Nova Scotia, which from everything I have been able to find out in Panama and elsewhere is the best thing of its kind in the world. He said he had heard of it very favorably and mentioned he would talk with a Bishop friend of his and see if he could get some of his men enrolled in the school immediately.

I told him in some detail of our work in Veraguas Province and of Bishop McGrath's general development plans and also of the Bishop's intention to establish a cooperative training center in Veraguas. I mentioned the possibility of one or two of his men working in Veraguas alongside my men who will be there this summer and thereafter. He was extremely enthusiastic about this and suggested Nestor Izquierdo, a 29-year-old Cuban Negro whom he said had done rural organization work with him in Cuba. He spoke very highly of him. My thought was that perhaps Mr Izquierdo might join my men during the summer with Bishop McGrath's approval, work on our cooperative project there and perhaps remain to help the Bishop set up his training center and carry on such other activities as might be useful. Izquierdo is apparently very versatile in his talents. He might go to Antigonish somewhere along the way if that seemed wise. We left it that I would see how the Veraguas project goes, would talk informally to the Bishop and would meet Artime and possibly Izquierdo in San Salvador on August 5. At that time we would decide whether it would be wise for Artime and/or Izquierdo to come with me to Veraguas.

He asked me to send him some books about chicken raising in Central America. Could you take care of this?

He gave me his address as 1270 NE 85th Street, Miami, and telephone as 754-8144.

All in all, I was deeply impressed by Artime and would like to work with him.

Dear Andy:

I have just come back from a three-day visit to Veraguas where things are going along very well. There are now 9 small cooperatives in the region around Santiago. In the village of San Francisco a large training center is under construction which will house 60 persons for cooperative training courses and for other teaching in rural development. There is dormitory as well as classroom space. The building was financed as follows: $12,000 from the German Bishops, $6500 from the community of San Francisco itself (pop.1000), ~~wix~~ which is really quite remarkable and testimony to the truly unique and effective organization which the Bishop and his associates are creating in Veraguas and $8,000 is being raised in Panama. This Center will be where Father Steele will conduct regular four-month cooperative and rural development training courses for persons from all over Latin America. It will also be used for local training. Father Steele's first course was held in Panama city and was attended by 25 men from Ecuador, Brazil, Chile, Peru, Bolivia and Panama. This course seems to be the best of its kind in Latin America.

The land has finally been broken free around San Jose. This is the first real land reform in Panama. My two men are hard at work.

I talked to the Bishop about Nestor and he was most enthusiastic. He wants him to move as soon as possible and work alongside Oswaldo Rodriguez ~~whtw~~ who is the young man in charge of his development operations. His organization is called CEPAS, Center for Studies, Promotion and Social Assistance. He hopes that Nestor will be able to ~~tax~~ be the executive director and operator of the San Francisco Center now under construction. In my view this would be an ideal set-up. Next

would be in at the beginning of this effort which could have major effects throughout Latin America. He would be learning and also teaching. The Bishop suggested that he could use another man as well and further suggested that four of Nestor's friends from Miami might want to come and take Father Steele's course in January at San Francisco. It costs about $60 a month, including everything.

The Bishop knew Manuel, having met him in Chicago at some meeting, and he has the highest regard for him. He suggested that he could meet Manuel and Nestor in Miami on June 28 when he will be there staying with his ~~[illegible]~~ step-father, Col. Harry Scheible, 6491 Allison Island Rd., Miami Beach. I called Manuel and he and Nestor will see the Bishop on the morning of June 28. I told the Bishop that financing for Nestor could be arranged, suggesting possibly the Fund but making nothing definite. I suggest that if all this meets with your approval you may wish to contact Manuel and/or Nestor and pin down the financial part of it. I would suggest that Nestor be paid about $200 a month. That is what Oswaldo Rodriguez gets. Incidentally this Oswaldo is really first class — a good man to watch. You may want to just let things go as they are but in any case the Bishop expects Nestor to be ~~[illegible]~~ financed somehow.

I am off to Colombia tomorrow.

All the best,

[illegible]

Meetings with AMJAVA-4 in Washington, 27-28 June 1965

Subject: Proposed Agency Programs

1. Following the demise of AMWORLD, AMJAVA-4 has become familiar with three other Agency programs, or proposed programs, and he asked if he could have some clarification as to just what we wanted from him and his people. I explained that there were three different functions which needed to be done and that the Agency was trying to develop programs to meet each need. The three functions concerning Cuba are:

(a) to maintain the MRR as a respected resistance organization with a political posture which is acceptable to most Cubans and not inimical to U.S. interests. We are asking approval of a minimum budget for subsidy of the MRR which will pay for its published and radio publicity matter, subsistence to survivors of MRR killed, disabled, or captured, and travel expenses for AMBIDDY-1 as the leader of the movement outside Cuba. We are trying to guide A-1 into a program of Community Development/Civic Action projects in Latin America as a means of projecting an image of the MRR and of A-1 as constructive, forward-looking people instead of simply exile counterrevolutionaries. We would hope that such activities would keep the movement together, give the members practical experience which would eventually be useful in Cuba, and in the meantime, would render useful results in countering problems of insurgency in Latin America.

(b) to prepare a managerial and executive team of specially selected Cuban exiles who would be ready to move into Cuba should relations be resumed with the United States in order to furnish effective direction of necessary governmental functions and assist the United States in denying the island to Communist control. Selected candidates would, hopefully, be fairly young as well as intelligent and capable of profiting from extensive training programs which would be designed for each to prepare him to perform a specific function in a future Cuban regime. The program would be apolitical, each person being considered as an individual and not as representative of any organization. This is the program for which A-4 is being considered for training in the field of internal security for work with the Agency in a post-Castro Cuban regime.

(c) to select and maintain a small cadre of Cuban exile paramilitary people who would be ready for emergency contingency

SECRET

situations anywhere in the world on short notice and for short periods of time. When not mobilized, the Agency would assist them inmaintaining employment and supporting themselves. They would also, of course, be available for emergency operational commitment to Cuba if required. (It was explained that this was the program handled by Mr. Tom Clines of SOD, who was present and discussed it more in detail with A-4.)

2. A-4 understood that the programs outlined above were only parts of an overall concept concering Cuba, that the first was designed to meet long-term political considerations, the second ot meet long-term strategic requirements, and the third to meet current operational needs. He understood and completely agreed with each program, and agreed to cooperate in executing each of them, to the maximum of his ability. He will be happy to spot and recruit for us in each program, and will try to influence AMBIDDY-1 along the lines we want him to follow. A-4 appreciated our explanations and stated that he could be much more helpful to us now that he understood what we were trying to accomplish.

For Andy, Bill and others:

I just spoke with Bishop McGrath who saw Art in Miami last Wednesday afternoon. Art was accompanied by a man named [illegible] (sp?), who the Bishop said had come from Boston. [illegible] was not there. After a lengthy conversation, the Bishop said that he and Art agreed that the best plan to follow would be to send from 4 to 6 of Art's younger men to Father Steele's cooperative-community development training course which will be held in San Francisco, Veraguas, around January 15. At the end of the course, which I believe runs four months, the Bishop could then pick one or two of the men to remain and work with him and his group. The Bishop was concerned about having someone with his project who was too closely connected with ~~[illegible]~~ Art. He felt and he said Art did too that probably both [illegible] and Poso were too well known as associates of Art's. That is why they decided on younger men who are less identified.

The Bishop said he made some discreet inquiries about Art among "friends" of his in Miami and found that he had once been the fair-haired and much admired leader of young Cubans, but that in Central America he had had a love affair with the wife of one of Batista's [illegible] which sort of took some of the gloss off as far as his followers were concerned. The Bishop said he has since married the woman and is working his way back to a position of respectability. The Bishop liked him a lot and he said they got along very well.

It sounds to me as though this is a very good plan and could [illegible] lead to something of long-term value.

George.

MEMORANDUM FOR THE RECORD

SUBJECT: Activities of AMBIDDY-1, 1-10 July 1965

1. I talked to AMBIDDY-1 by telephone on 2, 8 and 10 July with the gist of the conversations outlined below:

a. AMBIDDY-1 had two long conversations with Bishop McGrath of Panama on 30 June and 2 July. They discussed the center for studies of rural cooperatives at San Francisco village in Veraguas Province, Panama, that is being developed under the Bishop's auspices with support from Harvard University and which has two men there at present. Prof. George Lodge is the Harvard representative and has been visiting the center. A-1 received a letter from Prof. Lodge asking for assignment of an experienced man to the staff of the center. Bishop McGrath repeated the request, saying he would like to have two men as soon as possible, with a total of six by January when he plans to increase the program. The two men selected were Silvano POZO Carrillo (201-739773) and Nestor IZQUIERDO Diaz (201-281933) both Negroes from Oriente Province and former Comandos Rurales. A-1 asked the Bishop what part the Panama Government played and was told they approved, although they were not directly involved. A-1 understands that the center will train students from all over Latin America and has already graduated more than twenty students from several countries.

b. The five man security force left by A-1 at Monkey Point, Nicaragua, in addition to guarding a weapons cache, continues to teach the local Indians in reading, writing, basic operation and maintenance of machinery, and rice planting.

c. The community development/civic action training program for MRR members which A-1 has been running in the evenings in Miami is about half finished. He has about twenty men attending regularly after work with several others attending whenever they can get away from their jobs. The

SECRET

class is now studying organization of rural cooperatives. Silvano POZO is chief instructor for this phase and will be sent to Panama as soon as the classes in Miami are completed.

d. A-1 has bought a small farm (22 acres) near West Palm Beach to develop as a model farm for his training program. He is installing generators, water pumps, and starting to raise chickens, etc. He hopes eventually to bring a few students at a time from Latin America as his program progresses to show them what can be done with small plots if proper farming techniques are used.

e. A-1 received another message from Bolivia saying in effect that the situation was still about the same and again asking if he were able to visit there. He stalled them again (at our request) and agreed to be out of town or otherwise scheduled until the matter dies a natural death.

2. The West German Government has issued scholarships paying all tuition plus $100 per month subsistence in German universities to three of A-1's people who have been living in Spain. They will go to Germany in August to study the language for six months then begin their studies. They are Angel LAVANDERA, economics; Carlos MAYO, engineering; and Luis CAVADA, engineering. This is follow-up to the meeting A-1 had in Rome with the German Ambassador that was arranged for him by the Vatican Secretary of State last December.

3. A-1 is leaving 13 or 14 July for about 10 to 15 days visiting Central America. He will go to Nicaragua first to talk with President Schick and General Somoza, then to Monkey Point to check on the condition of the base, security of the arms he has cached there, and to observe the civic action training his men there are conducting for the local Indians. He will then go to Costa Rica to talk with President Orlich and Foreign Minister Oduber who have sent word they would like to meet with him as soon as convenient for him. From there he will go to Panama to see President Marcos Robles, who has been expecting him for several weeks. A-1 will describe the project he is about to enter with Bishop McGrath and Professor Lodge and confirm President Robles' attitude toward it. A-1 will also visit Veraguas Province and look over the training center.

4. I also informed A-1 that his proposal to maintain U. S. support for the MRR to pay for support to dependents and

survivors of MRR people, for delegates, the Tridente, and radio broadcasting had been approved for $12,000 monthly. He was gratified to receive continued support for the movement. I told him we would try to get the July payment into the bank through the old AMWORLD funding mechanism pending development of a new funding system.

NICARAGUAN INVESTMENTS (INVERNICA)

PRELIMINARY STUDY

SHIPYARDS
and
REPAIR YARDS

IN THE AREA OF BRAGGMAN'S BLUFF - BLUEFIELDS

GENERAL INDEX

INTRODUCTION

This industrial development plan is presented by the INVERNICA Company located in the city of Managua, D.N.(Naval District), Nicaragua.

This report is part of the preliminary study which INVERNICA has effected in regard to an investment program for the concentration of repair yards and shipyards in the Bluff-Bluefields area. These facilities will provide complete service to the fishing fleets and other boats which operate on the Atlantic coast of Nicaragua. The initial cost of building these facilities, with their necessary complex operational sections, is staggering. This cost, however, will be significantly reduced because of the equipment, experience and personnel of INVERNICA. This study analizes the various elements of this investment which totals US$ 237,000 of which INVERNICA is contributing 68.4 percent and INFONAC 31.6 percent.

Because of the status of a new industry in the country and the benefits which would accrue to the national economy, this plan may be classified as fundamental industry (Law Nr 135, Law of Protection and Stimulation for the Development of Industry, 20 March 1958) and, therefore enjoy this protection and stimulation for its full initial development.

As will be seen in this preliminary report, the necessity of modern shipyards and repair yards on the Atlantic coast is of vital importance to the survival of the fishing fleets. These fleets suffer serious operational restrictions because of the absence of these services which are common to the NorthAmerican and Mexican fleets. We have the necessary equipment and technical personnel, and, moreover, the full con-

fidence of being able to offer the most modern and efficient services, facilities and yards in the entire Caribbean area.

II

ANALYSIS OF THE MARKET

The primary function of the shipyard will be the construction of 20 to 200-ton boats of steel and wood. This will include shrimpboats, lobsterboats, barges, light cargoships, and passenger and patrol launches. The secondary function of the Combine will be to provide repair and maintenance service to all boats of this class within the Carribean area of equal or better quality than that offered in Mexico, Trinidad or the United States.

To a degree, the shipyard will attempt to specialize in the construction of 35-ton shrimpboats for favorable competition in the world market. Construction will be attempted in steel and wood. Construction from wood will be advantageous because of the procurement of wood in large part, if not all, from the local sawmills in Bluefields. Another advantage of construction from wood is a plan for mass production in which prefabricated sections of boats will be constructed. It is possible to visualize in the near future not only the sale of fully-equipped shrimpboats but also prefabricated parts for those shipyards which do not have the necessary machinery, wood, and other items.

The Domestic and Central American Market: There are only a few countries in America which possess the facilities for construction of boats with the shrimpboat draft. These countries are Peru, Mexico and the United States. The production in Peru is small and relatively insignificant, and its influence in the Carribean is nil. Mexican boats are constructed from good material, but because of poor workmanship together with antiquated designs, they are subject to enormous structural fatigue in heavy seas. In the United States, the production of shrimpboats is limited to

by five main companies ~~because of the annual quota~~ at an average rate of five boats per shipyard. They are excellent products with the latest fishing and navigation equipment. Nevertheless, they are costly because of the high cost of labor and raw materials in the country. Since we possess most of the wood in Bluefields, trained and competent personnel, and a superior funcional boat design, we ~~are~~ will be able to supply the necessities for a national fishing fleet, as well as to place these boats on the world market. We base ~~ourselves~~ this opinion on preliminary calculations which prove the possibility of our ability to produce an excellent boat at less cost and superior to the North American boats.

The ~~National~~ Domestic Market: The immediate market for our shrimpboats is the ~~national~~ domestic fleet. The Booth Fisheries express great interest in procuring ~~six~~ additional boats as soon as possible. It plans possible expansion to 20 more boats in the next two or three years. There is also the possibility of renting or selling these boats on terms to local ~~captaincies~~ individuals, as well as of stimulating investments by other ~~national~~ domestic capital. We estimate a national market of some 25 shrimpboats in the next three years. The demand from the rest of the Carribean can be conservatively estimated at 40 boats, totalling 75 [sic] boats, which ~~they~~ will be purchased ~~from~~ in Mexico and the United States. With our production of 15 boats during this three-year period, it is evident that we possess a rich market here in the Carribean area, not to mention the demand forthcoming from the Pacific and other large fishing areas.

As regards the repair yard, we estimate servicing 400 boats annually with our modern installations. Compare this ~~rate~~ with the repair yard services of Schooner Key which 15 offering partial services to 45 boats annually.

The plans for the Nicaraguan shrimpboat fleet this year call for 80 boats. Add 40 coastal boats of all types and the total comes to 120 boats which will require repair yard services four times per year(3 normal beachings and are emergency), that is, a total of 480 beachings annually. The local repair yards are able to service only 100 beachings. This situation forces many shrimpboats to seek repairs outside of the country, either at Honduras, Mexico or the United States, with the resultant loss of fishing time and foreign exchange for Nicaragua.

Initial Technical Limitations: The lack of local technical personnel, and time required to import various mechanical parts and materials.

Consideration for future expansion was taken in designing the shipyard and repair yard. Carpentry and mechanic workshops are also planned. There are two factors however which affect the overall operation. The first factor is the lack of personnel trained in steel construction of boats, but this will be overcome initially by personnel trained by the Company. The second factor will be resolved only by an efficient coordination with the distribution and supply personnel of the Company in Miami. In this way it will be possible to have any spare parts or material forwarded to Bluff within two weeks after the request is made by the local offices, (via airline). Furthermore, plans have been prepared to stock the shipyard warehouses with spare parts.

External or Internal Competition: As regards the shipyard, there is neither external nor internal competition in Central America. The only competition we will encounter will be Mexican and North American. The following is a comparative study of this competition:

(a) Prices.	Shrimpboat (of wood, 35 tons, no motor)
Mexico	US$ 41,000
United States	US$ 45,000
Nicaragua	US$ 40,000 (Planned)

CONFIDENTIAL

CONFIDENTIAL

(b) Quality of Materials.

Mexico: Good materials; Bad design and [illegible] construction.

U.S.A.: Good materials; excellent designs; construction depends on the Company and varies from good to excellent.

Nicaragua: Good materials; excellent designs and construction.

(c) Channels and Policy of Distribution: Eventhough it will be difficult to compete initially in sales in the Mexican and North American markets, because of their high duties, we will enjoy an unlimited market in the rest of the Carribean. We will compete favorably due to the excellent position of Nicaragua with respect to Central American, Venezuelan, Colombian, and other markets.

As regards the repair yard, it is to be noted that the foreign repair yards are much less expensive than the domestic ones, sometimes up to 500 percent. From the study of typical costs of each repair yard we conclude that we are able to offer more service at equal or less cost. The following examples assume a typical beaching of three days, cleaning, caulking, straightening the shaft, changing a number of sheets of metal, tightening the framework or sternposts, tightening the rudder and seating, and finally, the paint:

(a) Cost

Honduras	US$ 330	(excluding straightening of shaft)
Mexico	US$ 350	
U.S.A.	US$ 375	
Schooner Key	US$ 1000	
INVERNICA	US$ 350	(planned)

CONFIDENTIAL

(b) Quality of Labor

Honduras Good

Mexico Good

U.S.A. Excellent

Schooner Key Common

INVERNICA Excellent (planned)

Sales Estimate: Potential sales are estimated from the following three means: The shipyard, the repair yard, and mechanical and electrical services to the community of the area in general.

(a) Costs (assuming the ~~establishment~~ stability of prices in the next three years).

Shipyard: US$ 40,000 for each shrimpboat (excluding motor); costs of other boats will be in proportion.

Repair Yard: Cost of normal ~~grounding~~ beaching, US$ 350. The cost will be higher if there are mechanical problems or spare part ~~[illegible]~~ are needed.

(b) Quantity (Output)

Shipyard: two shrimpboats the first year, six the second and six the third years; all ~~[illegible]~~ domestic sales.

Repair Yard: 300 ~~groundings~~ beachings of a possible 400 the first year; 350 the second, and 450 the third year.

(c) Gross Income (approximate)

	1st year	2nd year	3rd year
Shipyard:	US$ 80,000	US$ 240,000	US$ 240,000
Repair Yard:	US$105,000	US$ 122,500	US$ 157,500
Miscellaneous	US$ 5,000	US$ 7,000	US$ 10,000

III

ECONOMIC FEASIBILITY OF THE PROJECT

Costs of Overall Production for the First Year of Production:

In the calculation of costs, consideration is taken of the construction of two shrimpboats, complete repair and maintenance service for 300 beacerings and other miscellaneous service at a total of 31,000 work hours.

Production Costs:

(a) Raw Material: The materials required for construction and repair of boats are varied and many times specialized. Following are principal materials at approximate rates:

Wood: Laurel or yellow pine 25,000 square feet;

Mahogany, 1st and 2nd grade 20,000 square feet;

Oak, 1st grade 5,000 square feet.

Metal: Steel and Steel-2(S.A.E.), 40 tons;

Cast-iron and other metals, 10 tons.

At a total value of US$ 30,000.

(b) Materials:

Paints - Epoxy zinc, silver, primece, epoxy bases, latex, copper antifouling, varnishes, etc.).

About 1800 gallons.

General hardware - Zinc, copper, iron, and steel screws and nails; washers; cotter-pins; metal, plastic and rubber tubing; polyfoam, styrofoam, and cement insulation; glass plates and Bakelite, etc.

Miscellaneous Equipment: Propellers(46" x 34"); rust-proof steel

shafts, CMC in-line winches, anchors, batteries, ordinary and navigational lighting systems, electrical accessories, electric power plants, bilge pumps, kerosene stoves, cooling and refrigeration units, fathometers, radio-communication equipment, etc.

At a total value of US$ 50,000.

(c) Labor:

During the first year of production the Enterprise will employ a chief of mechanics and lathe shop, two specialist mechanics, two mechanics assistants, a master carpenter, three ship-carpenters, and two carpenter assistants.

At total annual wages of US$ 32,000.

Operation Costs:

(a) Administration Expenses: Administration personnel include one administrator-public accountant, assistant office worker, and two servicemand maintenance managers. Together their annual wages will amount to US$ 8,400, and an annual amount of US$ 2,000 will be kept in reserve.

Total Administration Expenses: US$ 10,400.

(b) Sales Expenses: Because of the nature of the Enterprise there will be no expenses incurred from sales, advertisements, etc., and, therefore, we foresee no expenses for this section. Fixed and Variable Costs: All the expenses previously quoted may be considered as fixed costs, and only variable costs will be considered, that is, 20 percent of materials consumed by the mechanics workshops depending on the mechanical repairs. The rest is controlled by a simple system of production which will clearly show the detailed costs of construction and repairs of the boats in consideration.

(IV) SOCIO-ECONOMIC JUSTIFICATION

Employment: In the first year of production, 16 men will be employed by the Enterprise, and assigned as follows:

Administration Personnel: 4 employees (one administrator and a public accountant), one office assistant, and two managers of services and maintenance).

Carpentry [redacted]: 7 employees (one chief of carpentry, three ship-carpenters, two carpenter assistants).

Mechanics [redacted]: 5 employees (one chief of mechanics and lathe-shop, two specialist mechanics, and two mechanics assistants).

The initial wages of all employees of the Enterprise will be based on their technical knowledge, years of experience, etc. This pay scale will surpass the normal in order to attract the best possible personnel to the Enterprise. A plan for increase of fixed and meritorious wages is also being planned as an incentive for the employees.

The number of personnel is expected to increase to 20 in the second

CONFIDENTIAL

year of production, and to 22 in the third year.

Effect on the Balance of Payments: The shrimpboat fleets in Nicaragua have expanded by 10 to 15 boats annually. These boats are bought ready in Mexico and the United States. Their total value within a period of three years extends from a minimum of US$ 900,000 to a maximum of US$ 2,025,000. Our production during this period will be 14 shrimpboats at a value of US$ 560,000 which will remain in the country.

Consumer Benefits and Economic Development: At present, most of the shrimp boats in the area have no facilities for mechanical repairs, and, in most cases, no facilities for beaching. This is due in part to the shallow draft of the marine railways in the local repair yards, as well as to antiquated equipment. Because of these difficulties, many shrimpboats are forced to put into Honduras, Mexico and at times the United States for repairs. It is difficult to estimate with certainty the total losses which these boats incur through negotiations for entry to and departure from other countries, fuel and personnel expenses, and, of more importance, the incalculable losses in fishing time. Inasmuch as our repair yards will possess a greater capability than normally required, those boats with emergency and other types of damages will be guaranteed service. In this way we will attract to our repair yards those boats which ordinarily would seek repairs outside of the country with the consequent loss in profits and valuable fishing time in the waters of Nicaragua.

Protection and Incentive: Because of the characteristics of key Industry (See Law Nr 135, of 20 March 1958), a shipyard will need governmental aid during the first years of its development in order to assure the necessary investments required by an enterprise of such complexity and magnitude. The necessary negotiations are presently being undertaken in Managua to obtain for this

enterprise the legal recognition of a [crossed out] res industry with all governmental aid.

V

TECHNOLOGICAL ANALYSIS

Designs have already been drafted for the first model in wood of a 35-ton shrimpboat, and for the first model in steel of a 30-ton shrimpboat. The general specifications for the steel boat are the following: tonnage - 30; length - 62 feet; breadth - 20 feet; draught - 8 feet; keel (bar/steel-3) 3/4 inch x 8 inches; transverse frames (plate/steel); deck 3/16 inch (plate/steel). Paint: Hart and Burns, Bond Primer, Anticorrosive and antifouling - a total of six coats. Refrigerator: capacity 20 tons, in shrimp-ice, constructed of styrofoam-concrete. Driving power plant: D-342 Caterpillar with supercharger. Propellers, 48 inches x 34 inches, with three Michigan blades. stainless steel propellor shaft, 3 inches x 14 feet. GMC in-line winch. Eight 8-volt batteries with battery charger. Kerosene cooking-range. Searchlights and navigational lights. RCA Cruisephone 160. Ritchie, magnetic compass, model B453. Raytheon fathometer, model DE-725. Special fuel tanks in the hull, with capacity of 6,000 gals [crossed out]. Potable water tank, with capacity of 750 gals, etc.

Production Process: The processes in constructing boats and the services required for the boats are necessarily complex, although the processes are immensely simplified by new methods. Below is a description of the processes to be followed in the shipyard and in the repair yard. The construction of a boat begins with the laying of the keel on the slipway, followed by the attachment of the pre-formed transverse framework to the keel. The crossbeams

and sternpost are then set in place after the framework is cut to size. The shell plating is next attached from the keel upwards in a such a manner that upon entering the water the wood undergoes a precalculated expansion which completely seals the hull without necessitating calking. A hole is drilled for the shaft and the supports and pin for the rudder are then set in place. Following this is the flooring for the deck and the crew's cabin, and steel reinforcements for the prow, stern and machine room. After all of this is completed, the secondary installations are carried out, such as the painting, electrical wiring, plumbing, masts, gavits, winches, and finally the launching of the boat. Final touch-up is effected when the boat is in the water.

The process for the construction of a boat from steel is a simpler matter, and therefore less costly.

The normal process of drydock-repair service for a boat is as follows: The cradle(See diagrams Nrs 1 and 3) awaits the boat at the entrance of the ramp. With the use of maneuvering-buoys, the boat is lifted onto the cradle where it is made stationary by transverse beams. The moving cradle is brought up the ramp and the boat is then transferred from it to a lateral cradle. The boat is brought to Section Nr 1 where it is immediately scraped with electric portable brushes and high water pressure. While the hull is drying, a detailed inspection is carried out in search of worm holes. After drying the hull is calked and a general inspection is made. Paint is applied, and while that is drying the necessary interior mechanical work is carried out. Upon termination of the final painting and a final inspection, the boat is launched. The complete operation lasts no more than two or three days in a modern drydock, and the support personnel consist of two

carpenters, a mechanic, and two yard assistants, as well as the usual repair and spare parts.

Installations: As can be seen from diagram nr 1, the area occupied by the shipyard is relatively small, some 15,500 square meters. It consists of a reinforced-concrete ramp with 4-inch rails, and an area 150 meters long by 20 meters wide. The [illegible] a depth of 7 meters. The Central Yard contains a lateral cradle(25 x 17 x 1 meters), which rolls on a concrete base(417 x 25 x 1 meters); three sections of the cradle (42 x 20 meters) with the third section terminating near the shipbuilding shed (33 x 22 x 11 meters). Two identical buildings are planned for the machine shop, carpentry shop, offices and warehouses, on a total working area of 1200 square meters. A building will house two 75-kilowatt electric power plants, spare parts and general electrical equipment. A 350-gallon petroleum tank will be installed underground along side of this building to provide the fuel. A 6,000-gallon fresh-water tank with its well and turbine will complete the first phase of the plan. The second phase will be carried out during the year of production.

Ramp	$ 4,000
Central Yard	$ 10,000
Base for the Lateral Cradle	$ 5,000
Buildings for Workshops/Warehouses/Offices	$ 12,000

Building for the Power Plants	$ 2,000

Total -	$ 55,000

Location of the Operation: It was evident from the beginning that the location of a shipyard-repair yard complex on the Atlantic coast of Nicaragua had to be situated in the Bluff-Bluefields area, or at Rio Escondido. The reasons are as follows:

(a) Geo-Economical - The Bluff-Bluefields port is the only port with river and highway access to the interior of the country. (b) It is the only port with sheltered anchorage (compare this with Puerto Cabezas' exposure to the sea). (c) It is the center of the fish market (Booth and Pescanica). These two companies attract a large number of boats and create a local demand for drydocking facilities. (d) It is a center for supplies of fuel, food, parts, and other articles. (e) INVERNICA is fully aware of the potentials in the area. Without doubt, a port with deep draft and good access would have been even more advantageous. At present, however, the sandbar of Bluff limits access to the port to boats with 13 feet of draught or less (a maximum of 800 tons). This greatly limits the commercial traffic to Bluefields. Possibly in the near future, the sandbar may be dredged, and we would then be sufficiently developed to offer floating-drydock services to large boats. The Port of Bluefields would then have the opportunity of becoming a prime mercantile port.

Possible Future Expansion: This preliminary study provides for the construction of an additional 90 x 35 x 7 meter building to serve as a general workshop for the three slipways simultaneously, and for the con-

struction of a concrete pier for jobs not requiring drydocking. This pier will be equipped with a mobile crane, and electrical and water facilities. This plan (Phase II) is tentatively SCHEDULED FOR the second year of operations. (See diagram Nr 1).

APPENDIX

A re-study of the necessities of the shipyard, of the extensive (and intensive) repairs which the fleets will require, and of the immense volume of maintenance, has revealed the enormous load which the machine shop and carpentry shop must bear.

With the capital available to INTERAMERICA at this time, only US$ 25,000 can be channeled to these workshops, (plus the US$ 6,500 in equipment in our possession), since the present emphasis is placed on construction and immediate production. Nevertheless, I believe that an additional investment in the workshops is of vital importance for less costly and efficient production. For mass production the shipyard, naturally, requires sophisticated equipment, a significant volume of spare parts and additional capital.

We may choose to purchase this equipment with the first year's profits. But I believe that it is suitable for this sum to be incorporated into the plan of initial loans, requested by the enterprise.

INVERSIONES NICARAGUENSES S. A.
(I N V E R N I C A)

ESTUDIO PRELIMINAR

V A R A D E R O - A S T I L L E R O

EN EL AREA DEL BRAGGMAN'S BLUFF - BLUEFIELDS

INDICE GENERAL

1. INTRODUCCION

Este proyecto de desarrollo industrial lo presenta la Compañía INVERNICA (Inversiones Nicaragüenses), ubicada en la Ciudad de Managua, D. N., Nicaragua.

El contenido de este informe forma parte del estudio preliminar que ha efectuado la INVERNICA en torno a un programa de inversión de un concentrado de astilleros - varaderos en el área del Bluff- Bluefields. Dichas facilidades estarán orientadas a dar servicios completos a las flotas pesqueras y demás embarcaciones que operan en la Costa Atlantica de Nicaragua. Dada la complejidad de las operaciones requeridas en los trabajos y servicios de un astillero, el costo del monto de dichas facilidades es inicialmente elevado. Gracias a los equipos, experiencia y personal técnico que posee la INVERNICA, este costo inicial se reduce enormemente. Este estudio analiza los diferentes elementos que forman parte de dicha inversión y los integra a una cifra total, cuyo valor es de US$ 237,000.00 (DOSCIENTOS TREINTA Y SIETE MIL DOLARES), con dos inversionistas: INVERNICA supliendo el 68.4% (sesenta y ocho punto cuatro por ciento), y el INFONAC supliendo el 31.6% (treinta y uno punto seis por ciento).

Ya por su condición de industria nueva en país, y del alto beneficio que ello conlleva a la economía nacional, este proyecto puede clasificarse de industria fundamental (Ley #135, Ley de Protección y Estímulo al Desarrollo Industrial, 20 de Marzo de 1958), y por tanto, gozar de dicha protección y estímulo para su pleno desarrollo inicial.

Como se verá en este informe preliminar, la necesidad de facilidades modernas de varadero y astillería en la Costa Atlantica, es de vital importancia a la sobrevivencia de las flotas de pesca. Dichas flotas sufren

graves restricciones operacionales debido a la ausencia de dichos servicios, tan comunes y extensamente brindados a las flotas norteamericanas y mejicanas. Nosotros poseemos los equipos y el personal técnico necesarios, pero más aún poseemos la plena confianza de poder llegar a ofrecer los servicios, facilidades y naves más modernas y eficientes en todas las costas del Caribe.

II. ANALISIS DEL MERCADO

La función primaria del astillero será la construcción de embarcaciones de acero y madera, de 20 a 200 toneladas. Esto incluye camaroneros, langosteros, faluas, cargueros ligeros y lanchones de pasajeros y de patrulla. La segunda función de la empresa, será el darle servicios de reparación y mantenimiento a toda clase de embarcaciones de ésta índole en el área del Caribe, de igual o superior calidad que las ofrecidas en Méjico, Trinidad o los Estados Unidos.

Hasta cierto punto el astillero intentará la especialización de la construcción de un camaronero de 35 toneladas de tal calidad que pueda competir favorablemente en el mercado mundial. Se intentarán construcciones en acero y en madera. La construcción en madera presenta la ventaja que una gran parte, sino toda la madera, puede procurarse en los aserraderos locales de Bluefields. Otra ventaja que posee la construcción en madera es un proyecto de producción en serie, en la cual, las formas de las diferentes piezas de las naves, se construirán en grupos previstos para la prefabricación. Será posible visualizar en un futuro, vender camaroneros, no solamente completamente armados, sino tambien en piezas prefabricadas listas para armar por varaderos con pocas facilidades en maquinaria, madera, etc.

Mercado nacional y centroamericano. Son pocos los paises en la America que poseen las facilidades de astilleros para la construcción de embarcaciones del calado de un camaronero. Estos paises son el Perú, Méjico y los Estados Unidos. La producción del Perú es pequeña y relativamente ineficiente, y su influencia en el Caribe, es nula. Las naves mejicanas están hechas de buen material, pero de pésima mano de obra, unidos a

diseños anticuados y crudos, por lo cual sufren enormes fatigas estructurales en mares crecidos. En los Estados Unidos la producción de camaroneros se reduce al producto de cinco compañías principales, a razón de un promedio de unas cinco naves anuales por astillero. Son embarcaciones excelentes, con los últimos adelantos en equipos de pesca y navegación. Sinembargo, son naves costosas, debido al alto costo de la mano de obra y materias primas del país. Ya que poseemos la mayor parte de la madera en Bluefields, un personal técnico adiestrado y competente, y un diseño funcionalmente superior de embarcación, podremos suplir las necesidades para una flota de pesca nacional, así como también exportar dichas embarcaciones al mercado mundial. Nos basamos en cálculos preliminares, de poder producir una excelente nave, de menor costo que las naves norteamericanas, con una calidad que esperamos, sea superior.

El mercado nacional. El mercado inmediato para nuestros camaroneros son las flotas nacionales. La Booth Fisheries tiene mucho interes en procurar seis naves mas de inmediato. Proyecta una posible expansión de veinte naves más en los próximos dos o tres años. Tambien la posibilidad de arrendar o vender a plazos de pago dichas naves a capitanes locales, asi como tambien, estimular las inversiones de otros capitales nacionales. Estimamos un mercado nacional de unas veinticinco naves camaroneras en los próximos tres años. Las demandas del resto del Caribe, podrían estimarse conservadoramente en unas cuarenta naves, haciendo un total de setenta y cinco embarcaciones, que se compraría en Méjico y los Estados Unidos. Con nuestra producción de quince naves en ese periodo de tres años, es evidente que poseemos un mercado riquísimo aquí mismo en el Caribe sin contar con las demandas del Pacífico y otras áreas de intensa pesca.

En cuanto al varadero, estimamos que con nuestras modernas instalaciones podremos dar servicio a 400 naves anualmente. Compárese con los servicios del varadero de Schooner Key, que está dando servicios parciales a 42 naves anualmente.

En proyección, se estima que las flotas camaroneras en Nicaragua llegarán a 80 naves en éste año. Añádase unas 40 embarcaciones costeras de todas índoles. Esto constituye un total de 120 embarcaciones que requieren los servicios de un varadero cuatro veces al año (tres varajes al año normales y uno de emergencia), o sea, un total de 480 varajes anuales. Los varaderos locales, podrán satisfacer unos cien varajes en conjunto. Esta situación ha forzado a un gran número de camaroneros tener que irse del país para reparar sus naves (a Honduras, Méjico, y hasta los Estados Unidos), con la consiguiente pérdida de tiempo de pesca y de divisas para Nicaragua.

Limitaciones de orden técnico. Serán las siguientes inicialmente: la ausencia de personal técnico local, y el tiempo de importación de la gran diversidad de piezas y material mecánico.

El diseño del astillero - varadero se ha hecho contemplando expansiones futuras al paso que progresen las demandas. Esta planificación se ha hecho tambien en torno a los dos talleres (carpintería y mecánica). El primer factor, la ausencia de personal adiestro en construcción de naves de acero se superará inicialmente con la utilización del personal maestro de la Compañía. Al asignarle dos o tres asistentes locales, estos podrán aprender prácticamente las especialidades requeridas. El segundo factor, solo podrá resolverse con una eficiente coordinación

con el personal de distribución y suministros de la Compañía en Miami. Será posible tener cualquier pieza o material en el Bluff en no más de dos semanas después de pedida por las oficinas locales.(vía aérea). Se contempla además tener un gran surtido de piezas de repuestos en nuestros almacenes del astillero.

Competencia externa o interna. En cuanto al astillero, no existe competencia externa ni interna en el orden centroamericano. La única competencia que encontraremos será la mejicana, y la norteamericana. El estudio comparativo de ésta competencia sigue a continuación:

(a) Precios. Camaronero, (madera, 36 ton., sin motor).

Méjico	US$ 41,000.00	
Estados Unidos	US$ 45,000.00	
Nicaragua	US$ 40,000.00	(Proyectado)

(b) Calidad de materiales.-

Méjico: Buen material; malos diseños y construcción general.

EEUU: Buenos materiales; excelentes diseños: construcción varía con la Compañía desde buena hasta excelente.

Nicaragua: Buen material; diseños y construcción excelentes.

(c) Canales y política [Policy] de distribución: Aunque sin duda será difícil al afrontarse inicialmente en ventas con los mercados Mejicanos y Norteamericanos, debido a los altos aranceles de estos países, tenemos un mercado ilimitado en el resto del Caribe. Competimos favorablemente debido a la excelente posición de Nicaragua con respecto a los mercados Centroamericanos, Venezolanos, Colombianos, etc.

En cuanto al varadero, es de notar que comparativamente, los varaderos extranjeros son por mucho, menos costosos que los nacionales, a

veces en un 200%. Tras un estudio de los precios típicos de cada varadero, llegamos a la conclusión que se puede dar mucho más servicio por un costo igual o menor. En los ejemplos que siguen, hemos asumido un varaje típico de tres días, limpieza, calafateo, enderezar eje, cambiar un número de tablas, asegurar el costillaje o cuadastres, asegurar timón y asientos, y finalmente la pintura.

(a) Precios

Honduras	US$ 330.00	(sin enderezar el eje)
Méjico	US$ 350.00	
EE.UU.	US$ 375.00	
Schooner Key	US$1000.00	
INVERNICA	US$ 350.00	(Proyectada)

(b) Calidad de la mano de obra.

Honduras	buena	
Méjico	buena	
EE. UU.	excelente	
Schooner Key	regular .	
INVERNICA	excelente	(Proyectada)

Estimación de ventas. En la estimación del potencial de ventas, entran tres vías de utilidad: los del astillero; los del varadero, y los servicios de mecánica y electricidad a la comunidad del área en general.

(a) Precios (asumiendo estabilidad de precios en los próximos tres años). Astillero: US$ 40,000.00 por cada camaronero (sin motor); otras embarcaciones proporcionalmente cotizadas.

Varadero: precio de varaje normal, US$ 350.00. Cuando se presentan desperfectos mecánicos o piezas de repuestos, el precio será mayor.

(b) Cantidades.

Astillero: Dos camaroneros el primer año, seis el segundo y diez el

IV. JUSTIFICACION SOCIO - ECONOMICA

Empleo. En el primer año de producción, el personal de la empresa será de diez y seis hombres, distribuidos en la forma siguiente:

Personal de Administración: cuatro empleados (un administrador y contador público) un asistente de oficina, y dos encargados de servicios y mantenimiento).

Personal de Carpintería: siete empleados (un jefe de carpintería, tres carpinteros de rivera y marina, dos asistentes de carpintería).

Personal de Mecánica: cinco empleados (un jefe de mecánica y tornería, dos mecánicos especializados, y dos asistentes de mecánica).

Todos los empleados de la empresa, recibirán inicialmente sueldos basados en sus conocimientos técnicos, años de experiencia, etc. Dicha escala de pagos será superior a las normales, para atraer a la empresa, el mejor personal posible. Se contempla además un plan de aumentos de sueldos fijos y meritorios, para estímulo de los esfuerzos de superación de los empleados.

Se espera aumentar el número del personal a veinte para el segundo año de producción, y a veintidos para el tercer año. Efectos en la Balanza de Pagos. Las flotas camaroneras en Nicaragua Los aumentan sus efectivos por unas diez a quince embarcaciones anualmente. Dichas embarcaciones son compradas en su totalidad, en Méjico y los Estados Unidos. Sus valores conjuntos en un período, de tres años, ascienden a un mínimo de US$ 900,000.00 a un máximo de US$ 2,025,000.00. Nuestra producción durante éste período, será de catorce camaroneros con un valor de US$ 840,000.00 que representan divisas que permanecen en el país.

Beneficios al Consumidor y al Desarrollo Economico. Presentemente, la mayoría de los camaroneros en el área, no tienen facilidades para servicios de reparación mecánica, y en la mayoría de los casos, ni aun facilidades de varaje. Esto es debido en parte, al poco calado de las vías férreas de los varaderos locales, así como también, lo anticuado que resultan sus equipos. Debido a éstas dificultades, muchos camaroneros tienen que remontarse a Honduras, Méjico y a veces hasta los Estados Unidos para efectuar reparaciones de averías normales o accidentales. Es difícil estimar con certeza las pérdidas totales a que incurren dichas embarcaciones, entre los trámites legales de entradas, y salidas a otros países, los gastos de combustible y personal, y de mayor importancia, las pérdidas enormes que representa el tiempo perdido de pesca. Puesto que nuestros varaderos poseeran mayor capacidad que el requerido normalmente, esto representará una garantía de servicio aquellas embarcaciones con averías de emergencia, etc. De éste modo, capturemos aquellas embarcaciones que ordinariamente tienen que abandonar el país para efectuar sus reparaciones, con las consiguientes repercusiones de divisas y tiempo valioso de pesca en aguas nicaragüenses.

Protección y Estímulo: Dada las características de industria fundamental (Véase Ley #135, del 30 de Marzo de 1956), un astillero requerirá ayuda gubernamental durante sus primeros años de desarrollo, para asegurar las tan necesarias reinversiones requeridas por una empresa de tal complejidad y magnitud. Presentemente, se están haciendo en Managua, las gestiones necesarias para darle a ésta empresa el reconocimiento legal de industria fundamental, con todo auxilio gubernamental.

V. [illegible]

Características tecnológicas de los productos a elaborar. Ya está en diseño el primer modelo un camaronero de 30 toneladas (en madera). Igualmente hay otro diseño en acero, de 30 toneladas. Las especificaciones generales para la nave de acero son las siguientes. Tonelaje: 30 toneladas; eslora: 52'; manga: 20'; calado: 8'; quilla: barra/acero-3, 3/4" x 8"; travesaños: plancha/acero; cubierta 3/16" planchas/acero. Pinturas: Hast & Burns, Bond Primer, Anticorrerrosivo y antifouling, un total de seis capas. Frigoríficos: capacidad 30 ton, en hielo-cámara., construcción de styrofoam- concreto. Planta motriz Caterpillar D 343 con supercargador. Hélices 46" x 34" de tres paletas Michigan. Eje de transmisión 3" x 14' de acero inoxidable. Winch CMC en línea. Ocho baterías de ocho voltios con cargador de baterías. Fogón de cocina de petróleo. Luces de navegación y sistemas de reflectores. Radioteléfono RCA Cruisephone 100. Compás magnético Ritchie modelo B488. Fatómetro Raytheon modelo DE-721. Tanques de petróleo especiales al casco, con capacidad para 6,000 galones de petróleo. Un tanque para agua potable de 780 galones, etc.

Proceso de Producción

Los procesos de construcción de embarcaciones y los servicios requeridos por dichas naves son por necesidad complejos, aunque con metodología llegan a simplificarse enormemente. A continuación, se da una descripción breve de los procesos a seguir en el astillero, y en el varadero. La construcción de una nave comienza con la colocación de la quilla sobre la plataforma de moldes. Luego se va colocando el costillaje, que ya debe tener su curvatura preformada en las cámaras de

torsión a vapor. Se fijan las traviesas y codastes, seguido a lo cual se cortan los excesos del costillaje. Empezando desde la quilla hacia arriba se van colocando el entablado del casco de modo que cada pieza posea un ajuste perfecto y parejo (al echar el casco al agua, la madera sufre una expansión precalculada que sella por completo el casco sin necesidad de calafatear). Se barrena el encause del eje y se fijan los soportes del timón y su camisa.; se colocan los tanques de combustible, agua potable y la bodega de refrigeración. Se tira el entablado de la cubierta y la caseta de la tripulación. Se colocan los refuerzos de acero a la proa, popa y cuarto de máquinas. Ya en ésta etapa comienzan las instalaciones secundarias como son, la pintura, tendido electrico, plomería, colocar equipos y mástiles, plumas con su winch, colocar la planta motriz y echar la nave al agua. Ya en el agua, se llevan a cabo los trabajos finales.

Para una embarcación de acero, el proceso es mucho más sencillo, y por consiguiente de menos costo.

El proceso normal de servicio de varaje a una embarcación es la siguiente: La cuna (ver diagrama No. 1 y No. 3), espera a la embarcación a la entrada de la rampa. Usando las boyas de maniobra, la nave penetra sobre la cuna y queda presa por las traviesas que la tripulación sube desde la nave. El winch No. 1 sube la cuna sobre la rampa lateral y de allí la asigna a su sección correspondiente. Ya en la sección, se raspa inmediatamente con cepillos electricos portátiles y agua a presión. Mientras el casco se seca, se le inspecciona minuciosamente para advertir alguna señal de penetración por gusanos en la madera.

se comienzan los trabajos de calafateo y el asegurar el casco en general. Le sigue, las primeras capas de pintura de protección. Mientras tanto, los trabajos necesarios de mecánica se están efectuando en el interior. Al darle las últimas capas de pintura al fondo, se efectúa la inspección final, y al secar la última capa se echa al agua. La operación completa no dura más de dos o tres días en un dique moderno, y conlleva los trabajos coordinados de dos carpinteros, un mecánico, y dos asistentes de patio, así como también el usual surtido de piezas de reparación y repuesto.

Instalaciones

Como se puede observar en el diagrama No. 1, el terreno ocupado por el astillero es relativamente pequeño: de unos 18,800 metros cuadrados. Consiste en una rampa de concreto-reforzado, con vía férrea de 4°, y posee una extensión de 150 metros de largo por 30 metros de ancho, y en su parte más profunda desciende a una profundidad de siete metros. El patio central consiste en: una cuna-lateral (25 x 17 x 1 ms.) que rueda sobre la cámula de concreto (117 x 25 x 1 ms.); tres secciones de cuna (42 x 30 ms) la tercera terminando en la nave de trabajos de astillería (32 x 32 x 11 ms). Dos edificios identicos estan destinados para los talleres de carpintería, mecánica, oficinas y almacenes, con un área de trabajo de 1800 metros cuadrados. Un edificio para la instalación de las dos plantas electricas de 75 kilowatts cada una, piezas de repuesto y equipos de electricidad en general (un tanque de 350 galones de petróleo estará soterrado al lado del edificio para proveer las plantas de combustible). Un tanque de agua dulce (4000 galones) con

su pozo y turbina, completan las instalaciones de la primera fase del proyecto. La segunda fase se llevará a cabo durante el segundo año de producción.

Costo por cada sección: (aproximado):

Rampa	$ 4,000.00
Patio central	$ 10,000.00

TOTAL--- ---------	$ 55,000.00

Dictámen y juicio acerca de la localización de la planta. Fué evidente desde el primer momento, que la localización de un astillero-varadero en la Costa Atlantica de Nicaragua, tenía que residir en el área del puerto del Bluff- Bluefields, o en Río Escondido. Las razones eran las siguientes:

(a) GEOECONOMICA

Es el único puerto con comunicación fluvial y de carretera con el interior del país, con las consiguientes facilidades de movimiento para la compra de piezas de repuesto y materiales de construcción.

(b) Es el único puerto con fondeo guarecido (compárese con lo expuesto que se encuentra Puerto Cabezas al mar abierto).

(c) Es centro de compra de la pesca (Booth y Pescanica). Entre las dos Compañías? atraen un gran número de embarcaciones y crean una demanda local para facilidades de varaje.

(d) Es un centro de abastecimientos de combustible, víveres, piezas, y demás artículos.

(e) Pleno reconocimiento de los potenciales del área por la INVERNICA. Sin duda, de aún mayor beneficio, hubiese sido un puerto con gran calado de fondeo y acceso. Presentemente, la barra de arena del Bluff, limita la entrada a dicho puerto a embarcaciones con un calado de 13 pies o menos (un máximo de 800 tons.). Esto limita enormemente el tráfico comercial en Bluefields. Posiblemente, en un futuro no muy remoto, se dragué dicha barra, y para entonces, nosotros estaremos lo suficientemente desarrollados para dar servicios en diques flotantes a naves de gran tonelaje, haciendo así, del Puerto de Bluefields, un puerto de primera magnitud mercantil.

<u>Posibilidades previstas de Expansiones Futuras:</u>

Se prevee, en éste estudio preliminar, la construcción de una nave adicional de 80 x 35 x 7 metros, para servir de taller general a tres gradas de astilleros simultaneamente. Igualmente, la construcción de un muelle de concreto para aquellas tareas que no requieran varaje. El muelle irá equipado con una grua móvil, y servicios de electricidad y agua potable. Tentativamente, éste plan (Fase II) se llevará a cabo durante el segundo año de operaciones. (Vease el diagrama No. 1).

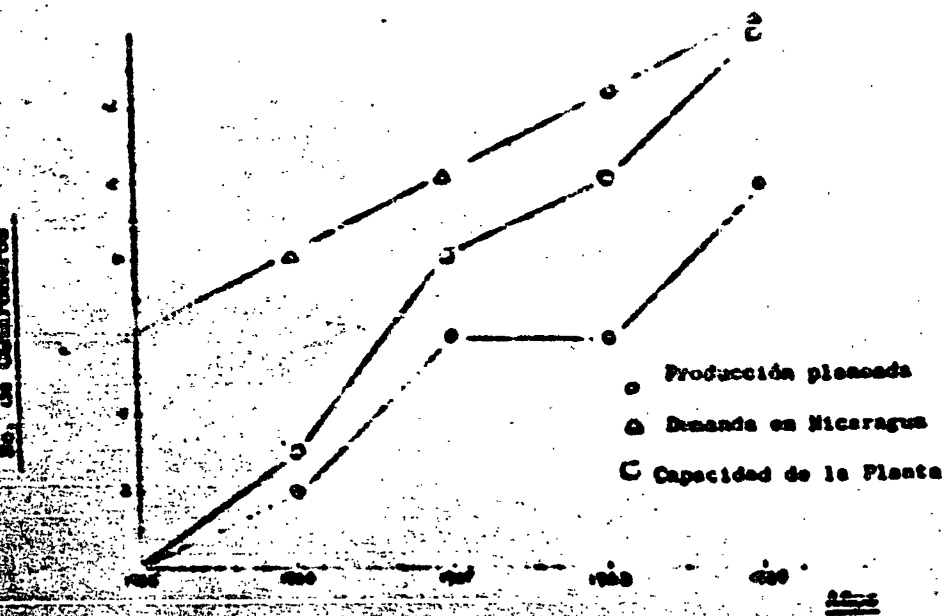
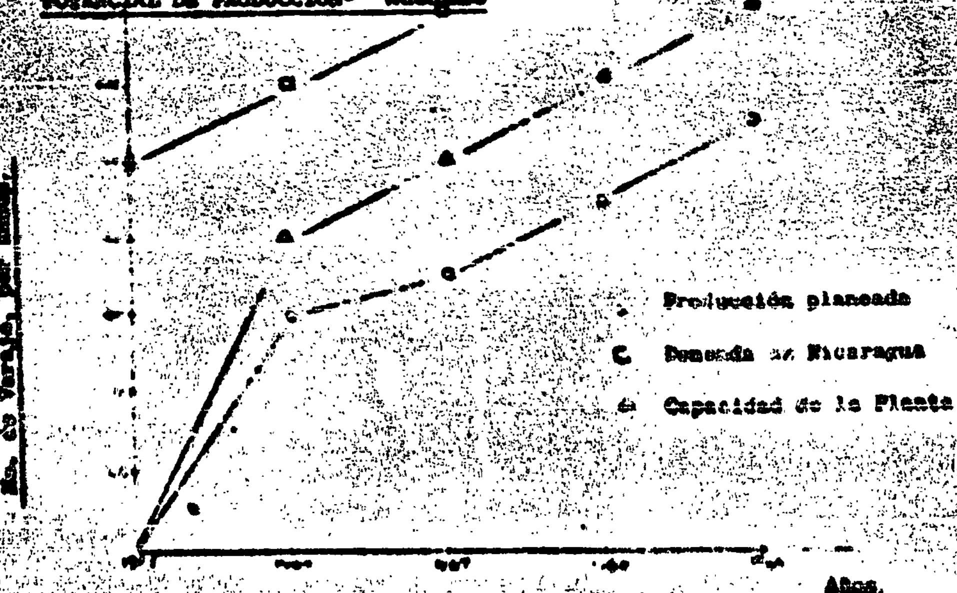
POTENCIAL DE PRODUCCION- ASTILLERO



POTENCIAL DE PRODUCCION- VARADERO



NOTA DEL APENDICE:

El reestudio de las necesidades del astillero, de las extensas (e intensas) reparaciones que requieren las flotas, y del enorme volumen del mantenimiento, reveló el enorme peso que tendrá que sobrellevar los talleres de mecánica y carpintería.

Dado el capital que dispone INVEMANICA en estos momentos, solo puede disponer de US$ 25,000.00 para dichos talleres (más US$ 6,500 en equipos que ya poseemos) para dichos talleres, ya que en ésta etapa, el enfasis está en la construcción y una producción inmediata. [illegible], sin embargo, que una inversión adicional en los talleres, son de vital importancia para una producción eficiente y de menor costo. El astillero, por naturaleza, demanda en una producción en serie, varios equipos sofisticados, un notable volumen de piezas de repuesto y capital auxiliar.

Podemos optar por comprar dichos equipos con las ganancias del primer año. Pero creo conveniente, que esta suma adicional se le incorpore al plan de préstamos iniciales, solicitados por la empresa.

MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with George Lodge, Harvard School of Business

1. On 15 July 1965, with Mr. Andy Croce of CA Staff, I met Mr. Lodge at the Key Bridge Marriott Hotel to discuss what he knew about the relations among AMBIDDY-1, Bishop McGrath of Panama, and a rural development program they are all working on in Panama. Mr. Lodge described Bishop McGrath as a real ball of fire, about 39 or 40 years old, born of U. S. parents in the Canal Zone but he has taken Panama citizenship. He graduated from Notre Dame University, did graduate work in Rome and has taught in several European and Latin American universities, such as in Chile. He is one of the three top Catholic prelates in Latin America and has extremely close ties with the Vatican, e.g., he is on the Ecumenical Council and on the birth control group. He has an official operating budget of $2,000 per year which he augments from every conceivable source, particularly from the German bishops. He is politically and operationally minded, an American completely in his attitude and behavior, a typical Irish politician, Mr. Lodge submitted somewhat wryly. His parents are retired and live in Miami where he visits often. He recently met AMBIDDY-1 there on two occasions. On this same visit he also met the Papal Nuncio from Santo Domingo (he appears to receive most of the hot potato type assignments in his part of the world).

2. Veraguas Province of Panama is a selected testing ground for community development programs in rural areas. It is the poorest and most hopeless province of Panama, a small armed uprising took place there in 1958 and was put down. The Communists have their best organization in Panama in this province. The program there is based on the village of San Francisco, about 10 miles off the highway, and is an expansion of the efforts of the parish priest Father VASQUEZ

Pinto who has been thereabout 10 years. He is a dynamic young man who has lead the villagers to rebuild their village and church to develop their land and organize a cooperative and small credit facilities. The village is only 1,200 people but they raised by themselves $1,000 to buy materials and then built a training center capable of housing, feeding and training 60 men at a time in rural cooperatives and rural development. One of their ideas is to select bright looking leaders and potential leaders from rural areas, first in Panama and later, hopefully, from other nearby countries for visits of a few days in which they hope to brain-wash them of Communist type propaganda they may have heard and show them what can actually be done so they can take the good word with them to their own communities. This is in addition to the regular formal course of 4 months for selected young potential leaders from rural communities in Panama and all over Latin America.

3. Another leading light in the program is Father Steele who was thrown out of Dominica by Trujillo for organizing cooperatives and is a recognized authority on the subject. Father Steele uses Veraguas as a home base but travels to Chile, Colombia and other countries conducting short training courses on the ground. There are some Dutch priests on the staff whom Bishop McGrath personally recruited. Father Vasquez Pinto has sent about 10 to 15 local boys to the Antigonish School in Nova Scotia and they are back for duty. Mr. Lodge describes the group as a highly motivated and energetic group and Father Vasquez Pinto as a young and effective Panamanian priest who is a good operator. Mr. Lodge has two men from Harvard University there to study the program and assist in any way they can. The Peace Corps has 54 people in the Central Provinces of Panama, about 30 of them in Veraguas Province. They cooperate with the center, in fact the two Harvard men are interviewing each of the Peace Corps volunteers about their work. Mr. Lodge said they are coming up with some good information and ideas which otherwise would be lost as there is a good deal of experience among the Peace Corps kids but they don't know to recognize its significance or how to organize it into useable form.

4. The above group is trying to organize the center as a viable base with an effective staff to continue the training program even if the present leaders should move on. They hope it will become a pilot program for Latin America and that they will be able to seed other similar programs from

this one. They hope to be able to spot and develop leaders in remote areas for future operations in those areas. Incidental to these major objectives, they are also helping to develop the economy of Veraguas, to develop production, transport to markets, credit facilities, and in general to help alleviate grievances which the Communists have exploited in the past.

5. Bishop McGrath has arranged with AMBIDDY-1 for about six of AMBIDDY-1's people to attend the January 1966 training course, with 3 or 4 to remain on the staff. Hopefully, one of them will develop into the executive director of the center. It was agreed that the first man will not be too closely associated in the public eye with AMBIDDY-1 in order to try to forestall initial bad publicity from opposition elements. AMBIDDY-1 and Bishop McGrath agreed, therefore, that Nestor IZQUIERDO (who is well known as a long-time adherent of AMBIDDY-1 from 1958-59 Comandos Rurales days in Oriente) would not be assigned to the Panama center at this time. AMBIDDY-1 told Bishop McGrath that he would try to obtain sufficient funds to support the men assigned to the center. He has not yet brought up this matter with his case officer, and as the amounts will be very small, he may try to squeeze it out of his newly authorized budget. However, he may ask the Agency for additional help to sponsor these men while they are working their way into the program. It is intended that the Cubans would continue ~~to~~ cooperation in the program, eventually working them into the field wherever they are needed and acceptable.

6. Mr. Lodge will meet Bishop McGrath next in Panama on 29 or 30 July. As a coincidence AMBIDDY-1 will probably be in or near Panama around the same time, as he left 14 July for Nicaragua, Costa Rica and Panama for meetings with their presidents and several days visit in each country.

MEMORANDUM FOR: C/WH/3

ATTENTION : Jonathan Hanke, C/WH/3-Bolivia

SUBJECT : Eleodoro VENTOCILA Camara

1. On 29 July 1965 I discussed Subject with Major Lupton of Detachment "A" of ACSI Headquarters. In response to my direct questions Major Lupton stated the following:

a. ACSI is not using subject but they have been considering such use.

b. Subject is not working in Bolivia or anywhere else for ACSI or any other Defense Department component that Major Lupton is aware of.

c. ACSI was unaware that subject had been designating himself as a sort of public relations representative and press man in behalf of General BARRIENTOS.

2. I stated to Major Lupton that we held a poor opinion of subject, regarded him as an opportunist, and a possible candidate for "burn" action. Furthermore we were concerned about his alleged press activities in behalf of BARRIENTOS and felt if he were in anyway connected with a United States Intelligence agency and this became known, it could have an adverse affect on the extremely delicate political situation which now exists in that country and very well place the U.S. Government in an embarrassing position with respect to the Bolivian Government. Based on our views regarding subject I told Major Lupton that we would not coordinate any operational proposal ACSI might put forward aimed at using subject's services.

3. Major Lupton took the above in good grace and asked if it were possible for us to provide him with any information concerning subject's background and other details which would give ACSI a clearer picture of his activities. I told Major Lupton that I would look into this and let him know whether we

could comply.

4. In light of Major Lupton's request in paragraph 3 above, is there any material of such nature that is suitable for passage to his office?

ACTION REQUIRED - FYI

1. In late July 1965 members of the AMLILAC Group reported the following information as a result of their contacts with various members of AMYUM located in the JMWAVE area.

A. AMBIDDY-1 has a warehouse in the WAVE area in which he is storing equipment brought back from his Central American base. The equipment includes UDT gear, boat motors, rafts, uniforms, and bulldozers. There are no weapons in the building.

B. AMBIDDY-1 is planning to put the BABUN PC into proper condition for use as a Mother Vessel. The vessel is now in Tampa. AMBIDDY-1 spent over $10,000. on this ship last year.

C. AMLILAC-8, a former AMLILAC who was fired a couple of years ago and who has been with AMBIDDY-1's group since then, was in the local area recently and told AMLILAC-6 that A-8 was the caretaker at one of the Bases in Central America along with 9 other men. He stated that they had all the weapons from the last effort and were preparing the camp for re-activation. AMBIDDY-1 told A-8 that $500,000. was available for the reactivation.

2. The penchant of PBRUMEN exiles for exaggeration, embellishments, and contortion of information (as can be seen from para 1 B, and C) continues to plague the remnants of AMWORLD and as a consequence gives rise to jealous fears on the part of the AMLILAC Group particularly as to the real state of AMWORLD. collected by the AMLILACs - tend to affect the latters' morale and confidence in KUBARK because the AMLILACs believe that anything AMBIDDY-1 does is done with KUBARK support and blessing. As Headquarters is aware the great fear of the AMLILACs is that AMBIDDY-1 will get all the action and all the glory. However, in view of the current KUBARK/AMBIDDY-1 relationship the AMLILACs have little to fear and a renewed morale crisis is not expected to arise. On the other hand, if AMBIDDY-1 were to re-activate part of his action force and conduct a raid utilizing non-KUBARK support, that would be another matter. It would then be very difficult to convince the AMLILACs that KUBARK was not involved and their morale and confidence would be badly shaken. This situation is brought to your attention simply to show what effect such AMBIDDY-1 activities would have on this Station's painstaking efforts to retain a superior and experienced commando capability under already difficult psychological conditions.

1. On 21 July 1965, AMOT-237 furnished the following in AMOT Report DD-1521, which information he had received from ESIRE-1:

a. Juan Jose PERUYERO Rodrigues (201-294249), President of the Bay of Pigs Veterans Association, Alberto MARTINEZ Echenique (201-290790) and Ruben GONZALEZ de la Heria, are making overtures to buy arms from AMBIDDY-1. The Association's Directorate, and the membership-at-large, have not yet been told officially of this contemplated deal.

b. ESIRE-1 felt this information was partially confirmed by the following comment made to him by Luis Humberto VIDANA Guasch (201-274645) in a conversation: "What do you think that AMBIDDY-1 has been reduced to doing? He now wants to sell the arms he has left over from all that business he was mixed up in ... and to think that a person like him is receiving aid."

c. ESIRE-1 thinks it possible that the BABUN brothers may be the persons financing PERUYERO in the purchase of the AMWORLD arms. ESIRE-1 commented that PERUYERO would not dare tell him about buying any AMWORLD arms as he knows that ESIRE-1 would be opposed to such negotiations on the grounds that this would be immoral.

2. Previous reporting on AMWORLD/AMBIDDY-1 activities has indicated, as in Reference A, that AMBIDDY-1 was interested in buyers for arms and ammunition.

3. ESIRE-1's comment, about a possibility that the BABUN brothers may be the persons interested in purchasing the AMWORLD arms, ties in with the AMCRAG-1 information reported in Reference B that Teofilo BABUN, Luis Humberto VIDANA Guasch, and EMBARB-1 were acting as go-betweens for General IMBERT's Junta in the Dominican Republic and the recruiting of Cuban exiles in Miami.

4. On 30 July 1965 AMOT-14 reported in DD-1532 that AMLINT-1 had been in a local restaurant where he overheard a conversation between Alfredo BORGES Caignet (201-347593), now Immigration Secretary for AMWORLD, and Jose Luis SOSA Sancio (201-746587). BORGES told SOSA: "Be ready to go back to the place where you were before, because you will have to leave for there in the first four or five days of August. AMWORLD will function in the same manner as previously, but with more independence." BORGES also commented to SOSA that AMBIDDY-1 is the current owner of the Vizcaya Restaurant at 142 S.W. 37th Avenue."

1. The long-delayed meeting with [illegible] took place on 29 July 1965 to discuss whether [illegible] has a current operational interest in Teodoro [illegible]CILLA Camara. Headquarters was informed that [illegible] is not using Subject operationally but that they had been considering it. [illegible] was not aware that Subject has been representing himself as a public relations representative for General [illegible] [illegible], Co-President of the Bolivian Junta. [illegible] was informed that [illegible] had a poor opinion of Subject, regarding him as an opportunist whose dubious activities, ostensibly on behalf of the Bolivian Junta and specifically [illegible], combined with any covert relationship with [illegible] could, if discovered and exploited by leftists in Bolivia, have an adverse effect on the extremely delicate political situation in Bolivia. As a result, [illegible] was informed that [illegible] would not at this time be in favor of coordinating any operational use of Subject which [illegible] might propose.

2. For Lima: [illegible] said that the initial notification to [illegible] about Subject being handled by an [illegible] detachment in Lima was in error.

3. For [illegible]: [illegible] evidently has some sort of contact with Subject in the [illegible] area since his file had to be requested from their [illegible] representatives before the 29 July meeting could be held. Also, the information in reference B obtained from Subject was most probably obtained by him for transmittal to [illegible]. (The information about the Communist situation in Bolivia is completely erroneous.)

Charges Against KUBARK in the Death of Roberto TRUJILLO Rodriguez.

ACTION REQUIRED - REFERENCES

Action Required: For Your Information.

1. On 11 August 1965, AMTAUP-2, accompanied by Dr. Luis CASAS Martinez, former provincial commissioner of Camaguey, held a conversation with AMTAUP-1 in which he learned the information given below. This information was reported in AMOT Report DD-1562, 13 August 1965.

2. According to AMTAUP-1, Alicia *TUDELA Sanchez is planning to bring up again the case of the the death of her husband, Roberto TRUJILLO Rodriguez, who died in the AMWORLD training camps which were under the direction of AMBIDDY-1. According to AMTAUP-1, TUDELA plans to blame KUBARK for the death of her husband. TUDELA claims details of her husband's death which she has in her possession will substantiate this accusation.

3. AMTAUP-1 also says that TUDELA is preparing to make an attempt on the life of AMBIDDY-1. She is receiving information from persons close to AMBIDDY-1 on all AMBIDDY-1's movements and is looking for a silencer to put on the gun she will use in this attack. AMTAUP-1 reports that he has attempted to calm TUDELA down and is trying to persuade her to give up the idea of attacking AMBIDDY-1.

4. AMTAUP-2 commented that AMTAUP-1 boasts that he is the one who obtained the information and proof against AMWORLD and KUBARK in the death of TRUJILLO and that he has this proof in his possession. AMTAUP-2 believes that it was AMTAUP-1 who steered TUDELA's accusations from AMWORLD towards KUBARK.

SUBJECT: TYPIC/Operational/AMWORLD/AMLILACs
Report on AMBIDDY-1

ACTION REQUIRED - REFERENCES

ACTION: At WAVE's discretion, pass para 5 to AMLILACs.

REF: UFGA 22667, 10 August 1965

1. As you know, the HQS AMWORLD case officer recently visited the WAVE area and went to the warehouse with AMJAVA-4 and his wife, described as a possible purchaser of some of the equipment. The warehouse is full of moldy and rusting camp and support equipment, most of it of no use in mounting raiding operations. There are outboard motors, small generators, engine spare parts, air drop equipment, bedding, etc. in addition to a large pen of baby chicks purchased by AMBIDDY-1 in his latest venture of training for rural civic development programs in Central America. There was one custodian working around the warehouse and taking care of the chickens. AMBIDDY-1 has also purchased an off-set printing press, for $10,000 according to him, which is set up a few blocks away. He plans to use it to print the AMYUM magazine, plus hopefully making some profit for AMYUM from it on commercial printing jobs.

2. AMJAVA-4 and AMBIDDY-1 both laughed heartily at the idea that the PC of BABUN could be converted to a mothership. This was considered and rejected several months ago when AMWORLD was still authorized to operate. They turned down the offer of the ship as a gift then on grounds that it would be uneconomical even if given to them free of charge.

3. AMBIDDY-1 said he did have a total of ten men in Nicaragua; five at Monkey Point guarding a cache of small arms and teaching the local Indians to read, write and grow rice; three men at Bluefields guarding a cache of small arms and working to develop a small boat yard for repair and maintenance of shrimp boats from which AMBIDDY-1 hopes to build a fishing cooperative; and two men at Managua with a smaller cache of small arms, one of whom is the AMYUM delegate to the Nicaraguan Government. AMBIDDY-1 kept about 150 small arms, with the knowledge and consent of HQS, in return for his giving back or accounting for the heavier and crew-served weapons and most of the small arms from AMWORLD. He claims that all three caches in Nicaragua are in concrete underground locations which are rigged

for immediate destruction by the custodians should an attempt be made to seize them. AMBIDDY-1 said he had neither plans nor money to reactivate any bases, except as they might be used for local civic action type programs.

4. AMBIDDY-1 was advised by his case officer in strongest terms to sell or throw away everything from the Central American camps, to concentrate on trying to project a new image of himself as a constructive and progressive leader involved in community development and civic action type programs in Latin America by invitation of the local governments, and to stop talking or acting as a paramilitary operator. He was advised in even stronger terms to get out of the WAVE area as soon as possible to remove himself as a target of constant personal attacks against which he could not defend himself. He agreed in principle, subject to waiting three months for his wife to deliver their first child.

5. WAVE may assure the AMLILAC leader that, to the best knowledge of KUBARK, the AMWORLD program is dead, that AMBIDDY-1 has no real intention and only limited capability of mounting raids, and that anything he might do along the lines of paramilitary action would certainly be without ODYOKE support or blessing given the present political climate in HQS area.

6. FYI, HQS continues to try to influence AMBIDDY-1 to stay out of paramilitary matters entirely. To this end, we shall try to keep his top operational personnel otherwise occupied in KUBARK or other employment, to keep him as fully and usefully occupied as possible away from the WAVE and PBRUMEN area, and to convince him to sell or lease his two Swift boats to commercial enterprises or to another KUBARK program outside the WAVE area.

7. HQS will welcome continued reporting on AMBIDDY-1's activities from WAVE sources, which serves a useful purpose as a check and monitor for the case officer to compare and contrast with AMBIDDY-1's reports to him. In addition, we are recruiting the former AMWORLD Deputy for Support and Administration, who also serves as legal and political advisor to AMBIDDY-1. He is now residing in the HQS area, is back on the staff of a large university and has agreed to assist in keeping AMBIDDY-1 on the straight and narrow path following the lines of paragraphs 4 and 6 above.

MEMORANDUM FOR THE RECORD

FROM : AMBIDDY/1 - 23 August 1965

SUBJECT: AMBIDDY/1 discussions with General Anastasio SOMOZA, President SCHICK and other Nicaraguan officials, 24 Jul-20 Aug 1965.

1. A/1 first met with General SOMOZA 27/28 July. The following points were made in these discussions:

a. General SOMOZA said the State Department is making an investigation of how much money he is using to control the government and win the next presidential elections. SOMOZA told A/1 that he intended to run and fully expected to win the election, but would not need to buy any votes. He asked A/1 to please tell "Washington" that State is very clumsy and if they really want to know anything they should call on the Agency, or the FBI, either of which is much more effective. SOMOZA said everybody in Managua knows about State's efforts to block his candidacy and are laughing at them.

b. SOMOZA said he was meeting Daniel ODUBER of Costa Rica at the border shortly, and they would make a "non-aggression pact" agreeing that neither will make trouble for the other's campaign for election to Presidency. ODUBER had asked for the interview. SOMOZA told A/1 that he thought ODUBER had made a "live and let live" agreement with the Communists, and that at their meeting, he would demand from ODUBER a public denunciation of the Communists to be followed by effective control measures against them.

c. The MRR will be allowed to build and operate a small boatyard for construction, maintenance and repair of shrimp boats at Bluefields without SOMOZA or the Nicaraguan Government to be cut into the proceeds. This is part of A/1's community development program, aimed at developing a large fishing cooperative based on Bluefields which will be self-sustaining and profitable for the members and the local economy. SOMOZA also approved continuation of the basic education program being conducted by A/1's five man contingent at the old Monkey Point base and eventual development of that area as a rice-growing cooperative for the benefit of the local Indians.

d. General SOMOZA, at A/1's strong recommendation, agreed to start pushing Civic Action programs through the National Guard in an effort to enhance his personal image preparatory to the next Presidential campaign. SOMOZA asked A/1 to assist and advise in this effort.

2. The next meeting with General SOMOZA by A/1 was on 4 August, with following points:

a. SOMOZA said that the latest program of Fidel CASTRO is targetted against Nicaragua, Costa Rica and Panama. Part of the plan includes assassination of the presidents of the three countries as part of a terror campaign to soften them up. He said that in Panama, particularly, President Marcos ROBLES is a prime target but the Communists are exploiting a recent turn against him by the National Guard because he has cut down on their costs, pensions, and other privileges. If ROBLES is eliminated from power, the Communists feel the chief of the National Guard will take over and they think they can handle him more easily than they can ROBLES.

b. Source for above, according to SOMOZA, was a close associate of Marcial AGUILUZ, whom he described as the top Communist in Costa Rica and one who had recruited (fnu) FONSECA, a Nicaraguan now living in Mexico. FONSECA is a bastard son of one of SOMOZA's foremen, a Communist, and an agent working directly under order of Fidel CASTRO.

c. A/1 and SOMOZA talked again about a Civic Action program in Nicaragua and SOMOZA said again that he would support it. He will assign Father LUGO, a Cuban priest who served with the Bay of Pigs forces, to a position similar to a chaplain in the National Guard in order to assist in the program. SOMOZA will support MRR community development programs with whatever authorizations are required and with whatever official or personal prestige he may offer.

3. A/1 next returned to Managua on 17 August and met with Major PEREZ of the Nicaraguan Customs Service, a personal aide to the General. PEREZ said SOMOZA was very angry (not at A/1 or his people) and difficult to see. He said 3 Colonels were under arrest for 3 days each for disobeying orders. PEREZ was afraid to see SOMOZA for fear he might be arrested also. However, A/1 called SOMOZA by phone and was invited to visit him next day at Tipitapa. A/1 met him the next day (18 Aug) and had lunch with SOMOZA and (fnu) BENITEZ, a Puerto Rican, former politician there who is now in business but remains in contact with and working for the U. S. Government. After lunch, BENITEZ left

and A/1 went with SOMOZA in his car. While they were riding, SOMOZA told A/1 why he was so angry.

d. A message had recently come to General SOMOZA from the Nicaraguan Ambassador in Panama saying that he had it from authoritative sources that the U. S. not only would not support his candidacy for the Presidency, but would strongly oppose it. In addition, SOMOZA had word that Sydney ROSS, Director of El Tiempo (Spanish language newspaper in New York), after a recent interview with Asst. Secretary Jack Vaughn of the State Department, had an off-the-record talk with VAUGHN after the interview. VAUGHN had said that, so far as he was concerned, SOMOZA was no different from the other Latin American dictators such as TRUJILLO, PERON, DUVALIER, STROESSNER, Col. LOPEZ, or Gen. CASTELL Branco, and that he could certainly not support installing another military dictator in Nicaragua. The two reports were confirmatory in SOMOZA's mind and made him feel extremely bad as he said he has always talked favorably about the U.S. and tried to cooperate with them at every chance.

e. SOMOZA checked with the U.S. Ambassador in Nicaragua (whether in person or by sending Pres. SCHICK was not made clear) about the matter, and received a typical State Department reply that the U.S. was neutral in Nicaraguan internal affairs and would take no action about the elections. The Ambassador said he could not believe VAUGHN could have made such statements because of the U.S. position of neutrality in Nicaraguan affairs.

f. SOMOZA also said he had sent a message to Washington suggesting that if some of the other countries heard about themselves being lumped with TRUJILLO, PERON, etc. they might well call back their troops from Santo Domingo and tell Washington to go to hell.

g. He said he was going ahead with his plans regardless of what the U.S. does about it and reminded A/1 of Mr. J. C. KING's talk with him (SOMOZA) at the airport in Washington to let him know after the mistaken attack on the SIERRA ARANZAZU that Washington would understand if SOMOZA decided to kick A/1 and his camps out of Nicaragua. He used this as an example of an attempt from Washington to dictate to him which he had ignored, telling A/1 that he was a friend, would continue to be, and would continue to make his own decisions regardless of what Washington might want from him. A/1 made another strong suggestion that SOMOZA take off his uniform and start making public his civic action ideas. In addition, he again advised him to go personally to Washington

to talk directly with VAUGHN and other U. S. officials to get the picture cleared up. A/1 said, "Let's try to get along with the Norteamericans, it's better to have them with us than against us." SOMOZA agreed, but said he had sent his brother, Luis SOMOZA, ahead.

h. The following day, 19 Aug, General SOMOZA called A/1 and said Luis had called him, reporting he had talked to Vaughn in Miami. Said Vaughn had denied talking to Sydney ROSS or of passing such information to the Ambassador in Panama. Luis said he dropped the subject at that point and talked about other things. (A/1 believes Luis could be fabricating as usual or could have botched up the interview if it did take place.) A/1 again strongly recommended that General SOMOZA make his own visit to Washington and talk to Vaughn and others in person.

4. On 19 August, A/1 interviewed President SCHICK for the Tridente (MRR news magazine). He had previously interviewed General SOMOZA. The interview reports will be relatively innocuous coverage of some of the major events of the day. The agenda of points for each interview is attached. A/1 intends to dedicate an issue of Tridente to each country which has helped the MRR, e.g. Nicaragua, Costa Rica, Panama, Venezuela, and Colombia.

MEMORANDUM FOR THE RECORD

FROM : AMBIDDY/1

SUBJECT: Vidal ESPINAL Herrero, possible CI suspect

1. Subject is a Spaniard who is believed to be working now at the Ron Carta Vieja factory in Panama City. He previously lived in Managua and worked for Colonel Miguel RUIZ Herrera (a Costa Rican sometimes employed by General Anastasio SOMOZA) as a specialist in guerrilla warfare.

2. About late May or early June, ESPINAL was drinking in a Managua bar and engaged one of A/1's delegation in conversation, not knowing who he was. He claimed to have been in Guatemala recently where he had worked with some "good people of the lower classes" in an attempt to overthrow the Guatemalan government. He quoted at length, and accurately, from Che GUEVARA and used examples, also accurately, for some Fidel CASTRO operations on how to overthrow a government. A/1's man played the part of a leftist sympathizer to elicit from subject. Through the Nicaraguan security service, the MRR people found out that Col. RUIZ H. claimed subject had come to him and presented himself as a GW expert saying he was willing to work for him in an attempt to make a coup against the government in Costa Rica. In early July, subject told Col. RUIZ H. that the Costa Rican operation was taking too long and nothing much was going on, so he was going to Panama from where he could be called back immediately when they were ready to go in Costa Rica. Subject had also been overheard to say in Managua that he had a special mission to assassinate a Central American president.

SUBJECT: AMBIDDY/1 meeting with son of Colonel PERALTA of Guatemala

1. On 24 July 1965, A/1 met with the son of Col. PERALTA, at his request, at the Lido Palace Hotel in Nicaragua. The meeting was arranged by General MONTIEL, chief of the Nicaraguan security service.

2. Young PERALTA said that his father had no faith in the Agency, and neither did he. They still think the Agency put Luis SIERRA to work with Roberto ALEJOS to overthrow Col. PERALTA. They are not satisfied with their liaison with the Agency or with the Embassy, and not at all clear on what U.S. policy or wishes are in connection with Guatemala. Col. PERALTA is willing to do whatever he is able to do, within reason, to meet U.S. expectations, if he only knows what they are, but he is tired of hearing how bad things are without concrete and constructive suggestions about how to improve them.

3. A/1 tried to reassure him, telling him that he (A/1) knew the Agency people in Guatemala very well (not true, of course) and could guarantee it was not true that they had supported ALEJOS or any other coup attempt. A/1 also asked Gen. MONTIEL to try to soothe young PERALTA.

4. A/1 said young PERALTA was in Managua to attend a meeting concerning tourism in Central America.

MEMORANDUM FOR THE RECORD

FROM : AMBIDDY/1

SUBJECT: AMBIDDY/1 discussion with President ORLICH, Foreign Minister ODUBER and other Costa Rican officials, late July to mid-August 1965.

1. In late July, A/1 went to Costa Rica and met with President ORLICH, telling him the MRR was out of business so far as operations directly against Cuba are concerned, and no longer needs bases, money, or other support for such paramilitary activities. A/1 described the latest MRR program to combat CASTRO/Communist efforts in Latin America by engaging in community development and counter-insurgency activities. He asked only for help in projecting a progressive and constructive image and some basic prestige for the MRR and for himself. To that end, he reminded President ORLICH that both of them knew full well that in the whiskey smuggling scandals and coup attempts for which A/1 had taken the rap, not only was he not guilty, but had been, in fact, the first one to give the warning in both cases. In return for those past favors, he now wants Pres. ORLICH to put him together with Daniel ODUBER (the PLN candidate for president who will almost certainly be elected) in order to counteract the bad-mouth put on A/1 to ODUBER by Manolo RAY, Colonel FIGULS, and Teodore "Yo-yo" QUIROZ. A/1 proposed to meet ODUBER personally, and let him make up his own mind. Pres. ORLICH called ODUBER's office, but he was off politicking on the coast. ORLICH then sent A/1 with Colonel LIPPA (a good friend of A/1) to talk with ODUBER's secretary, who also is a good friend of Col. LIPPA. The secretary (actually a male assistant) said everybody talks about A/1 but nobody really knows him or very much about him. Some good liberal revolutionaries say he is a good man, others say he is a S. O. B. A/1 replied that was the reason he had taken the trouble to come to see ODUBER, that he would make his position clear himself and would be glad to confront any accusers if ODUBER so desired. The secretary said they were concerned about the campaign because the oppostion was uniting and was getting plenty of money from big businessmen. A/1 offered to help by printing posters, leaflets, and other campaign material if they needed it, free of charge at his "Quality Off-Set Printing Shop" in

 201-267437

Miami. He also offered to help Pres. ORLICH's secretary, Roberto MADRIZ, who may run for Deputy if he can be convinced to ignore his shyness and reluctance to make political speeches.

2. On 8 and 9 August, A/1 was again in Costa Rica and met with ODUBER, this meeting was arranged by Roberto MADRIZ. ODUBER admitted that he knew the Cubans were not guilty of the smuggling charges that had been levied against them. He also appreciated A/1's previous refusals to assist coup plotters and his help in squelching their efforts. A/1 said he told ODUBER, "I know you have been told I am a S. O. B. and I want you to see for yourself what I am and make up your mind. I know the people who have so described me and would like to meet you together with them so you can make your own judgement." A/1 said these opening remarks brought on ODUBER's replies about the smuggling and coup reports.

A/1 said he gave ODUBER a quick history of the MRR, what it has done, and what it stands for. He told ODUBER he realized they had not been close before, but he felt ODUBER and the PLN were the best choice for Costa Rica and therefore the MRR was prepared to support him in any way they can, including training, men and equipment. ODUBER asked for a specialist to do some training of his personal security group, and to furnish some walkie-talkie radios for them if possible. A/1 assigned Luis ARRIZURIETA Sardinas (201-298890), a member of the MRR delegation to Costa Rica, who is well-known and trusted by ODUBER, to full-time duty as a security adviser and trainer. A/1 also offered to donate one issue of Tridente, the MRR news magazine, to Costa Rica with favorable emphasis on ODUBER, and send free copies to Costa Rica. ODUBER also took A/1 up on his previous offer to print posters, etc. A/1 told him that the MRR people had heard of a Communist plot to trap ODUBER by waiting to the strategic moment and making a widely publicized declaration that they are supporting him completely. This would split the PLN and might lose the election for ODUBER, thus putting in a weak or reactionary group whom the Communists could control or overthrow. ODUBER said he would expose this scheme and get the jump on them by saying he doesn't want or need anything from the Communists. A/1 offered to help him with this through Tridente.

ODUBER said he would be a different president that was "Chico" ORLICH and will be more independent of the

U. S., dealing directly with other countries on Costa Rican interests instead of falling in line always with the U.S. and the OAS. A/1 mentioned Pres. ORLICH's offer to recognize a Government of Free Cuba if A/1 could manage to seize and hold a piece of Cuba and declare such a government. ODUBER agreed to honor the agreement, without committing troops, but through his good offices in foreign affairs. He agreed to exert moral pressure on the U.S. in behalf of such an undertaking, if necessary, by exploiting the favorable press and public attitude toward him in the U.S.

3. In A/1's opinion, ODUBER is not a Communist by any stretch of the imagination, nor will he be a later edition of "Pepe" FIGUERES. If he does take over, there will be many problems for the U.S. in contrast to the easy-going relationship with "Chico" ORLICH. ODUBER's personal circle includes a strong group of violently anti-U.S. people. One of them, according to A/1's delegation in San Jose, is (fnu) ZUNIGA, a government official who is the Costa Rican in charge of Alliance for Progress matters. He has been heard to say that if ODUBER WERE president, no Costa Rican troops would be sent to Santo Domingo nor would Costa Rica support OAS decisions forced by the U.S.

SUBJECT: Vidal ESPINAL Herrero, possible CI suspect

1. Subject is a Spaniard who is believed to be working now at the Ron Carta Vieja factory in Panama City. He previously lived in Managua and worked for Colonel Miguel RUIZ Herrera (a Costa Rican sometimes employed by General Anastasio SOMOZA) as a specialist in guerrilla warfare.

2. About late May or early June, ESPINAL was drinking in a Managua bar and angaged one of A/1's delegation in conversation, not knowing who he was. He claimed to have been in Guatemala recently where he had worked with some "good people of the lower classes" in an attempt to overthrow the Guatemalan government. He quoted at length, and accurately, from Che GUEVARA and used examples, also accurately, for some Fidel CASTRO operations on how to overthrow a government. A/1's man played the part of a leftist sympathizer to elicit from subject. Through the Nicaraguan security service, the MRR people found out that Col. RUIZ H. claimed subject had come to him and presented himself as a GW expert saying he was willing to work for him in an attempt to make a coup against the government in Costa Rica. In early July, subject told Col. SUBJECT: Telephone Conversation between AMBIDDY-1 and Martin Ferrer

DATE : 30 June 1964 at 2130

1. I was called at home by the security officer and informed that AMBIDDY-1 wished to speak to me. When I returned A-1's call he mentioned that he would be leaving for Costa Rica on 1 July. AMJAVA-4 would be remaining in Miami for four or five days to get the new reorganization under way. A-1 asked if we could intercede with INS in facilitating the departure of four or five of his men who wish to leave for the camps. A-1 was informed that we would be unable to take any action until the names have been submitted to us.

2. A-1 asked that we assist in obtaining a visa for Inocencio ALONSO Ramirez who will be sent to Mexico. Alonso will replace Pineda in the job that he was originally going to do. A-1 would prefer that Alonso have no contacts with any other Cuban exile organization while in Mexico.

3. A-1 stated that some of the MRR secretariats would need at least one or two weeks to wind up their affairs in Miami. A-1 was advised that we realize the dismantling of MRR in Miami could not be done over night. However, any procrastination would be viewed as an act of bad faith.

4. I informed A-1 that the ADELAIDA is being insured for $14,000 per annum. A letter of confirmation from the Consejo would be sent shortly.

5. In concluding our telephone conversation A-1 stressed that he would like to meet Mr. Archer in August to report on the reorganization and improvements of his movement.

6. A-1 asked when he could meet with Carl in Latin America. I again reminded him that any time he wishes to meet with any of the Headquarters personnel he needs only to send us a message.

6 July 1964

MEMORANDUM FOR: Chief, Western Hemisphere Division

VIA : Deputy Chief, WH (Special Affairs)

SUBJECT : AMWORLD--AMBIDDY-1, Personality and Handling Problems

1. Has AMBIDDY-1, who is the linchpin of AMWORLD, acquitted himself well so far and by and large lived up to our expectations? The answer to this question is a qualified "yes."

2. Not having been selected by CIA as the man most likely to rally the best elements of the Cuban exile community round his cause, AMBIDDY-1's disappointing showing as a political figure should come as no shock to anyone.

3. AMBIDDY-1 never claimed that remnants of his movement inside Cuba were active or could be directed from abroad.

4. AMBIDDY-1's ability to enlist and organize some good activists has been successfully put to the test. Given the extent of American help (and our methodical harassment of competing action groups), to have accomplished less would have been difficult to excuse.

5. AMBIDDY-1's personality was formed in the crucible of student conspiracy against Batista, American exile, the Bay of Pigs fiasco, two years imprisonment under sentence of death and, since July 1963, headship of an unconventional warfare mechanism supported by the United States. He is a man of many engaging traits: Sincerity of demeanor, seeming ability to place events in a broader context of history, ready wit and self-depreciation, empathy based on shrewd evaluation of his interlocutors, to mention a few. Subjected

SECRET

to stress or suffering misfortune, some of the obverse traits begin to show: Uncontrollable outbursts of fury, impulsive reactions, peevish vindictiveness and self-pity (none of which have been observed by us firsthand).

6. Imbued with a somewhat shallow philosophy, AMBIDDY-1 is prone to tailor ideas to what he strives to accomplish at any given moment and to the impression he desires to leave with his opposites. Since he rightly views his relationship with the Americans as crucial toward the achievement of main goal, viz., to overthrow and succeed Castro, his pronounciamentos usually hew close to what he conceives to represent the main lines of American thought.

7. AMBIDDY-1's personality feeds on adulation and surface manifestations of loyalty, despite the fact that he claims to view loyalty to his person as ephemeral and as under continuing threat of subversion, especially by his American allies. To the extent possible, we have attempted to assuage his preoccupations on that score.

8. In the final analysis, AMBIDDY-1 trusts only himself and views even his closest associates as mere pawns whose relative value fluctuates as the chess game progresses.

9. Endowed with an inquisitive and retentive mind, AMBIDDY-1 has a remarkable knowledge of facts which in any discussion he ably marshals and articulates.

10. AMBIDDY-1's views of things American is conditioned by his quest for a key position in the struggle to overthrow Castro. Hence, any advice is selectively accepted or (usually tacitly) rejected, depending on whether it serves to strengthen that position. There is, of course, nothing reprehensible about this.

11. AMBIDDY-1 relates to his environment in essentially conspiratorial terms. His world is peopled with demons and saints, the latter frequently epitomized by CIA, the former by the Department of State. All American moves toward himself and his organization are interpreted by him in those terms.

12. AMBIDDY-1 probably fancies himself as an adept student of human behavior. Applying as a gauge his choice of intimates and bedmates, he appears to be capable of committing appalling blunders in his judgements of human nature.

13. AMBIDDY-1 has permitted himself to get snared in a web finely spun by a squad of hardened veterans of Havana's halfworld. This can be analyzed as manifestation of rank immaturity. More difficult to explain is that AMBIDDY-1 has relinquished control over this affair to an extent where it now threatens his life's work. In AMBIDDY-1's PRQ II we predicted, more boldly than wisely, that he would not get caught up in female entanglements. While we did not underrate the power of sex, we probably overrated AMBIDDY-1's character and motivation.

14. In a project which may have vast consequence as regards the security of the United States (transcending by far its intrinsic value as an unconventional warfare instrument) we, of course, have to take into consideration the possibility that AMBIDDY-1 could be working for the other side—either now or later. We view this possibility as most unlikely, yet feel somewhat remiss in not having paid much attention to what transpired between the landing at Playa Giron and the Rose Bowl ceremony. There has been some talk about his having undergone marked personality changes during that period in his life, but we actually do not know whether and, if so, to what extent hispsyche suffered damage.

15. AMBIDDY-1's aged parents live in Cuba. He professes intense filial devotion toward his mother. Thus, Castro has in his power two valuable hostages. We havehad some frank talks with AMBIDDY-1 about this subject and he knows that we are not unmindful of the purpose to which such hostages can be put. We have received no indications that pressures have as yet been brought to bear upon AMBIDDY-1, nor do we have any concrete reason for believing that such pressures would be of much avail.

16. AMBIDDY-1's intense love of country strikes me as unfeigned. In the light of his resistance record and feats of personal sacrifice, we doubt whether he could consciously bring himself to harming Cuba. His hatred of Castro stems in the main from the latter's betrayal of the revolution. AMBIDDY-1 frequently mentions Cuba's subservience to the USSR as the darkest betrayal of all, but also voices exception to other aspects of Castro's tyrany.

17. Can we take AMBIDDY-1's professions of faith in democratic principles and the Constitution of 1940 at face value? I submit that we not do so as long as we are unable

to fathom the bedrock of his political convictions. I am reluctant to accept his writings and the program of the MRR as a valid base for judgement in this regard. In the final analysis, it may turn out that what animates AMBIDDY-1 in his unwavering opposition to Castro is the fact that as long as Castro is "in" AMBIDDY-1 is likely to remain "out." That, for purposes of justifying our support to him, may suffice.

18. Our methods of handling AMBIDDY-1 will have to remain circumscribed by the imperatives of autonomy. He cannot be treated as a controlled agent without making a mockery of autonomy.

19. One of the benefits we have reaped from autonomy is that the American position vis-a-vis AMWORLD and particularly the elements of self-interest which animate us in supporting this project can be clearly spelled out without necessarily jeopardizing the project.

20. AMBIDDY-1's manifest dependency upon American goodwill, while an element of latent control and as such recognized by AMBIDDY-1, ought not be kept in the forefront of our dealings with him inasmuch as it injects another element of instability which forces AMBIDDY-1 to worry about his rear whereas he ought be concentrating on his front. Too frequent harping on the consequences of American displeasure cannot serve to forward our project.

21. AMBIDDY-1 has been known to make quite a fetish of his resentment at deceptive promises and broken commitments. Our record in this respect, while not unblemished, is fairly good. We can see no merit in practicing deception and much to commend candor in dealings with him. AMBIDDY-1's own record of living up to commitments is somewhat marred by his shortcomings as an organizer and administrator. There have been no instances of demonstrable bad faith. However, seeming indications of assent on his part are frequently meant to denote no more than that he comprehends what has been said.

22. In providing AMBIDDY-1 with political guidance, we should strive to relieve him of all preoccupation with the vagaries of United States foreign policy and to discourage sterile demonological speculation.

23. Hopefully, recent realignments within AMWORLD will serve to usher in a period of political tranquility

in CIA's relations with AMBIDDY-1. For purposes of AMWORLD, the task in hand is in the realm of paramilitary and not political warfare.

AMWORLD Meeting in Panama, 10 July 1964

SUBJECT: Photographs of Adelaida Padron y Cruz

The subject of photographs of AMBIDDY-1's mistress was not raised by him at this meeting. He made no reference to Adelaida, and I did not bring up the subject. I did get the impression on no basis in particular that he was not concerned about the problem of Adelaida and apparently she is settled in Managua and not causing any problems at the moment. As the subject was not discussed, however, I would like to state that as a nebulous personal opinion, not as a reporting of fact.

Humes for $19,000. Miss Humes married John C. McCarthy on 4 October 1961. The couple got a mortgage from First Federal Bank, Miami, for $12,400, at which time the house was appraised for $18,475. McCarthy died on 15 August 1962, and the title is now in the name of Miriam C. McCarthy. She has approximately $6,000-$7,000 in equity. Present mortgage is $11,495.57, and she pays $87.00 per month."

3. WAVE was unable to obtain any information regarding AMBIDDY-1's interest, if any, in the property. It is possible that he intends to purchase some other property. WAVE will continue to check all leads regarding houses in Miami of interest to AMBIDDY-1 and will inform Headquarters of the results.

AMWORLD Meeting in Houston, 31 July

SUBJECT: Status of AMBIDDY-1's Parents

AMJAVA-4 stated that he had received in Miami a letter from the Spanish Consul in Cuba that AMBIDDY-1's parents had planned to come out of Cuba before the Pilon raid. Afterwards they felt that it would be too dangerous and had stayed in place. Now orders are out to find them and to pick them up. The Spanish want them to take refuge in the Mexican Embassy at the earliest moment. The Spanish say that they can arrange to deliver the aged couple to the Mexican Embassy. The question is, can we at HQS check with the Mexican Government to try to arrange that they guarantee to receive and afford safe travel to Mexico for AMBIDDY-1's parents. I agreed to investigate but gave no commitment or real hope of any success.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation Between AMJAVA-4 and Martin Ferrer

DATE : 31 July 1964, 1300 hours

1. AMJAVA-4 complained that the regular budget funds for August had not arrived at their bank and inquired as to the reason for the delay. Martin stated he would check into the matter and Carl would have the explanation at their meeting tonight. In the meantime, A-4 will ask AMWORLD-2 for a loan. A-4 also asked for an itemized account of the deposits still remaining in Bank Account II.

2. A-4 claimed he spoke to Mr. Summ recently concerning the exit of AMWORLD personnel from Miami. According to A-4 it is presently impossible for their people to leave.

3. A-4 asked that we obtain radio cryptographic pads since their supply is running short.

4. A-4 stated that ADELAIDA is being repaired at their base and, in his opinion, the ship will be able to carry out operations in the early part of August. A-4 suggested that Mr. Mitchell go to the base and talk to Francisco NIN Morales who is handling the repairs on the ADELAIDA. A-4 felt that these are only temporary repairs and the ADELAIDA will have to go into drydock. A-4 believes that a meeting of the minds between Mitchell and Nin would be beneficial on how to best keep the ADELAIDA operational. The undersigned stated he did not know if this would be possible for security reasons and the results would be passed through Carl.

5. A-4 stated he had received the spare parts for the 50 caliber machine guns and the 20 mm. cannons.

AMWORLD Meeting in Panama City, 8 August 1964

SUBJECT: Parents of AMBIDDY-1

In connection with his parents I told AMBIDDY-1 that my HQS had investigated the possibility of intercession with Mexico in their behalf. Our considered opinion was that this would not serve a useful purpose and might be counter-productive. The relations with Mexico are strained at present because of their adverse vote in the OAS meeting and my people could see no way in which they could intercede without directly indicating an official U. S. Government interest in AMBIDDY-1 himself. He agreed that this was probably the situation. He asked only if in my opinion we might be able to assist in expediting their entry into the United States as refugees seeking asylum in case they were able to make their way to Mexico. I stated that in my opinion we would be able to assist in such a situation.

SEPARATE COVER ATTACHMENT TO:
UFGA-14759, 21 August 1964

SUBJECT: Dr. Manuel ARTIME Buesa

DATE : 15 July 1964

FROM : Carlos A. RIVERA

A few days ago I was able to read a report on the activities in large scale of Dr. Manuel ARTIME Buesa, and the beginning of his intimate relations with his present mistress.

Of this report I can mention the most outstanding passages as I had to memorize them.

"Dr. Manuel ARTIME Buesa takes his first steps in the public life as Political Sargent of the 'Partido del Pueblo Libre' (Party of the Free People) whose leader at that time was Dr. Carlos MARQUEZ Sterling.

Later he directed his activities in the fight against General BATISTA, going in the Sierra Maestra where he was apointed Lieutenant by Major Humberto SORI-MARIN.

He was appointed Lieutenant because of his friendship with Major SORI-MARIN, because he was catholic, and because of the lack of trained persons in the Sierra Maestra.

There are more news on Dr. Manuel ARTIME Buesa when he published the open letter in the newspaper "Avance" denouncing the Castro Regime. The letter was published after he left Cuba, while in Exile in Mexico.

In answering, the CASTRO Regime accuses him of having stolen funds from the Cooperative of which he had charge. This was certified by his friend Major Humberto SORI-MARIN.

When he arrives in the USA, that is in Miami, Florida, he is a guest of Mr. Ricardo LORIE and Mr. Michael YABOR.

An argument begins within the MRR, in which there are two sides, one includes Ricardo LORIE and Michael YABOR, and the

other Dr. Manuel ARTIME Buesa and Miss Pepita Riera.

This argument becomes stronger because of the appointment of the MRR Delegate to the Democratic Revolutionary Front.

Dr. Manuel ARTIME Buesa aspires with all his strength and intrigues to this position.

He seeks the help of Mr. "Macho" BAQUER, who is said to belong to the CIA and who at the same time supports the FRD (DRF).

He holds a meeting with Mr. SANJENIS in the Cafeteria Dough-Nuts, at 8 and 33 Ave., SW.

Later, at a luncheon at the home of Mr. SANJENIS, in Fort Lauderdale, he obtains the support of Manuel VILLAFANA, Pepita RIERA, SANJENIS, and Mr. PAULA, who agree to help him in his plans.

Nevertheless, he continues to look for support and tries with the BATISTA sector, maintaining reunions with MUJAL, Chile MENDOZA and Engineer BADIA.

The plans of the Council are being completed as far as the camps in Guatemala, etc., and in order to get the control on the civil and military sections, due to his excessive ambitions, he tries and obtains the support of the following persons: Col. BASCO, Dr. SARDINAS, Col. Orlando PIEDRA, Miguel SUAREZ Fernandez, Caho HERMIDA, Laureano BATISTA Falla and Mr. Juan MESA, who is said to be a CIA representative. It is common understanding that this gentleman has helped him quite a bit.

He also receives the help of the Catholic Front through Father GONZALEZ Posada and Father LLORENTE, who refused it at a beginning.

With all this in his hands, he obtains the control of the military phase and appoints officers of his trust to the commanding posts in Guatemala, such as the brothers San Roman, SUEIRAS, Eneido OLIVA, Andrew Jr., Manuel VILLAFANA and Carol.

After the disaster of the Bay of Pigs and the return to Miami, he continues with his activities, taking active part in the Orange Bowl act, where President John F. KENNEDY is presented with the "false" banner of the Brigade 2506.

That banner was never, at any time, in front of the Bay of Pigs, but came from Guatemala, brought by MORO-MOLINET and which bears his signature on one corner.

The Government of the USA was advised that they would make a political play with this banner, so it is returned to Fort Bernnet, and is later destroyed by true revolutionaries.

Dr. Manuel ARTIME Buesa has had contact with the BIRCH Society, group of crazy Nazi who is an infiltree of the Communists.

There are reports that his father has been a communist for years in a department of Las Villas Province.

Beginning of his relations with his present mistress and date on several figures forming his group.

A certain morning Dr. Manuel ARTIME Buesa visits the Restaurant Rancho Luna, at 8 and 9 Ave., SW, accompanied by his chauffeur, BASULTO.

Casually or prearranged, he meets Mr. Edgar SOPO Granda, friend of Dr. ARTIME and member of the Brigade 2506. (This young man is the son of a Navy officer under BATISTA, who committed suicide in La Cabana at the beginning of the Revolution.)

SOPA Granda was in the company of his close friend Aida PEREZ Pozo, who in turn was in the company of her "intimate" friends Juana MANUELA and Adelaida PADRON.

At this meeting Dr. ARTIME and Adelaida PADRON liked each other, and the great idyl is born.

Dr. ARTIME set up a house for Mrs. Adelaida PADRON on 71 NE 6 Ave., where she lives with her two smaller children by her first marriage to Major Roger ROJAS Lavernia. It is rumored in the circles close to this couple that Dr. ARTIME will soon marry this woman.

These three women: Adelaida PADRON, Juana MANUELA, Aida PEREZ Pozo, are known for their sexual deviations, that is, they are three famous lesbians.

They began to visit the MRR offices, and several of its members complained because of their lack of morals.

Nevertheless, Mrs. Aida PEREZ Pozo was assigned in the Intelligence department of the MRR with a salary of $100.00 per month. It is rumored this was because of her close friendship with Adelaida PADRON and ARTIME.

Adelaida PADRON:

Of humble family, she is known as servant of Mrs. Maria Luisa GOMEZ-MENA, famous lesbian of the high society of Cuba.

She is her favorite servant and takes her along in her trips to Europe, having great regards for her.

At the time that Adelaida PADRON was working for Mrs. Ma. Luisa GOMEZ-MENA, the chauffeur of the latter was a brother of the well known lesbian, Mrs. Lucia CANO, better known by the nickname of "La Campeona" (The Champion).

This is the reason for the great friendship between Adelaida PADRON and Lucia CANO - "La Campeona".

Adelaida PADRON is also a close friend of Flor de Lotto LARRUA and Toni LAVERNIA, famous artists in Cuba.

Adelaide PADRON has arrived to her corruption. She boasts of having had intimate contacts with leading women of the Cuban society.

While she was still married to Major Roger ROJAS, she gave a party at her house at 445 NE & 30 Ave., Miami, where among the approximately thirty persons who assisted, there were about fifteen lesbians and about five homosexuals. There is a picture of this party in the "Revista Farandula", published about one and a half years ago.

General Fulgencio BATISTA was the witness at the wedding of then Lieutenant Roger ROJAS Lavernia and "Miss" Adelaida PADRON.

This wedding took place with great roar in the Night-Club Tropicana, of Havana, Cuba.

It is said that Adelaida PADRON maintained intimate relations

with General BATISTA, and that it is even certain that one of her sons is of the General.

Later Adelaida PADRON gets the divorce and maintains intimate relations with Mr. Pedrito SUAREZ.

Mr. Pedrito SUAREZ was a candidate for Mayor of Marianao and is a close friend of Dr. Rolando MASFERRER.

At present Mr. SUAREZ has intimate relations with a woman named YOLANDA.

Mr. SUAREZ requested that Adelaida PADRON return a Chevrolet Belair, 1953, to him, since he bought it, but she does not return it because she says that "it is in her name and it is hers".

Mr. SUAREZ at this time has a business of fruit seeds in Homestead, Florida.

Mr. Roger ROJAS Lavernia:

Of rich family, son of Mr. Pedro ROJAS Bermudez, Chamber representative for the Liberal Party in the Oriente Province, Cuba, for several terms. Owner of sugar cane farms and live stock ranches. Roger ROJAS Lavernia entered the Cadet School, graduating a sub-officer. He served in several squadrons of the Rural Guard and because of his close friendship with General BATISTA, in 1957 he was sent to the USA (Washington) to take an intelligence course, in order to create the BRAC (Buro de Repression de Actividade Comunistos - Bureau of Repression of Communist Activities)- "Cuerpo de Investigaciones Anticommunistas" (Anti-Communist Investigation Corps).

After working for a while in the BRAC, he was promoted to Major, Chief of this corps,

It is said that this promotion was due to the relations of Adelaida PADRON with General BATISTA.

At the present time Mr. Roger ROJAS Lavernia resides at 445 NW 30 Ave., is owner of a boarding house, but he is going to dispose of it this month.

Major Roger ROJAS Lavernia faced problems at the beginning of the Revolution, but through his friendship with the rebel Major,

William GALVEZ, he was able to take care of them.

It is to be noted that Major William GALVEZ is the lover of Adelaida PADRON's sister.

Aida PEREZ Pozo and Juana MANUELA:

Aida PEREZ Pozo and Juana MANUELA entered the USA through the Mexican border, crossing the Rio Bravo.

They are lesbians and it is said that Juana Manuela is the "husband" in this couple.

Juana MANUELA is the daughter of a District Attorney of Las Villas, who has lately run into trouble with the Miami Police.

Because of their obscure positions here, it is believed that they are infiltrees of the G-2.

At the present time Aida PEREZ Pozo resides with her sister, Migdalia PEREZ Pozo, at 1432 NW 16 St., Apt. 1, Miami, Florida.

Migdalia PEREZ Pozo is married to Mr. Santiago SANCHEZ, who is a revolutionary, working at this time for the MRR.

Lucia CANO "La Campeona":

Lucia CANO, known by the nickname of "La Campeona", is a lesbian, famous in this milieu.

The brother of this "lady" is the chauffeur of Mrs. Maria Luisa GOMEZ-MENA; he is known to be a communit; he even made trips to Russia and Czechoslovakia.

The sisters of Lucia CANO are also communist and are still in Cuba.

The husband of Lucia CANO is Jose SEBLEDO, known as "El Gallego", and is almost always around the restaurant owned by TURQUITO, on 8 St. SW. This TURQUITO is the one of the ORFILA trouble. Mrs. Lucia CANO has a lover, a married man with two children. His name is unknown.

Mrs. Lucia CANO, "La Campeona", is "intimate" friend of Adelaida PADRON.

Although Adelaida PADRON maintains "intimate" relations with several of her girl friends in Miami, she has confessed that the one she likes completely is her "intimate girl friend", the wife of Dr. Pedro RAMOS, well known doctor who resides in Miami, Florida.

Dr. Pedro RAMOS resides at 213 NW 50 St., Miami, Florida.

Victoria PADRON:

She is the sister of Adelaida PADRON. She is tied in this matter because whe introduced and directs all of her sister's activities.

Victoria PADRON is married to an Italian-American whose name is unknown.

Victoria PADRON lives in common-law with Mr. Raul GRANDA, married, ex-chief of the Military G-1 in the era of General BATISTA.

According to what Aida PEREZ Pozo informed to Mr. Manolin GARCIA, when the counter-revolution will succeed, Mr. Raul GRANDA will occupy his post because it is a family affair through ARTIME, Adelaida, etc.

NOTE: In all this love intrigue around Dr. Manuel ARTIME Buesa, there could be the influence of two factors: either the infiltration of BATISTA elements, as almost all the components of the groups have some link with him; or else infiltrees of Castroites who work in the USA, since there are involved the relatives of Lucia CANO, who are communists and still in Cuba. There is also the link of Adelaida PADRON's sister with Major William GALVEZ.

1. The Station continues to receive numerous reports on AMBIDDY/1 activities. Most are fragmentary and based on stories which someone has heard about town but invariably cannot be traced to exact sources. Some of these reports are as follows:

a. AMRAZZ/1. The departure of AMBIDDY/1 and his group from the WAVE area was due to pressure from ODACID. This action was the result of the publicity generated by AMWORLD after their successful operation. The departure did not signify a loss of aid to AMWORLD from ODYOKE. The exit of AMYUM/19 from AMWORLD was due to his dissatisfaction with AMBIDDY/1's immoralities. It is supposed that AMYUM/19 is a spokesman in this regard for the AGRUPACION CATOLICA. AMBIDDY/1 is accused of leading a licentious life for some time; having a mistress who was formerly a mistress of Batista; and buying a house and presenting it to this woman. It is also reported that he will marry this woman soon.

b. AMRAZZ/1. Carlos MONTANER advised that AMBIDDY/1 has almost run out of funds and that his group will soon be liquidated.

c. AMSHADY/1. The talk around town is that AMBIDDY/1 is now married to his girl friend. However, he is still living with a male friend and she is still living with a girl friend.

AMWORLD Meeting in New York, 6 October 1964

SUBJECT: AMWORLD Contingency Plans

1. AMJAVA-4 said that AMBIDDY-1 was very enthusiastic about the AMEIJEIRAS operation and felt this was the real key to success of our program to overthrow the Castro regime. He is prepared to concentrate on this operation completely for the immediate future.

2. I asked A-4 if they had done any planning on the basis that the AMEIJEIRAS operation might not pan out. He asked me directly whether a decision had been made to continue or to cut off support to AMWORLD. I told him that a decision had not been made but that my Headquarters was very interested in the outcome of the AMEIJEIRAS operation on which he was working. He recognized the importance of this operation and stated that he and A-1 had conjectured that future support to AMWORLD might be contingent on success or failure of their handling of that case. I did not confirm or deny this point but told him that the organization would surely be happy if they were able to handle it with success.

3. A-4 then explained that he and A-1 had spent considerable time discussing the future of their program and their prospects vis a vis the Agency. He said that in their opinion one of two things would happen; either the AMEIJEIRAS operation would pay off in which case they would be able to continue to operate with Agency support but with a diversion of major objectives or the operation would peter out, in which case they would have to consider what to do without Agency support. He said that A-1 was not only prepared to accept a diversion of primary objective but felt that present circumstances dictated the wisdom of such a move. However, both of them feel that their present paramilitary program must be continued, not because it is crucial to the outcome of the Cuban situation, but because the strength which they exhibit through these operations is the only attraction to AMWORLD that has caused the AMEIJEIRAS group to contact them.

SECRET

4. In case the AMEIJEIRAS operation fails to develop, and the Agency should decide to cut off support to AMWORLD, A-4 says they will continue to try to operate as long as they can. He said that instead of 200 people they might be operating with 20, but they could do something. So long as they have the hardware with which to operate they can "sell" operations each time. For example, he said, they would go to Cuban exiles, to Venezuela, to American businessmen, etc. and would tell them, "The October operation will cost $25,000. If you will underwrite it we will dedicate it to you and run it in your name." He feels this would carry them for a few months provided they can run a few successful operations.

5. A-4 said that when the support ran out, the hardware was all gone, and there was nothing left with which to operate, A-1 would take 12 or 15 of his hard core followers and go into the Escambray in Las Villas to make one last ditch effort. I asked him if A-1 felt he would have any chance of a success and A-4 stated that should such a state come to pass, A-1 would definitely go in with the expectation of being run down eventually and shot but that he would do this in order to go out in a blaze of glory and to continue to serve as a martyr. A-4 said there was absolutely no doubt in his mind that A-1 would follow this course, that he had a hero compulsion and a martyr complex and was completely without fear of death. A-4 again mentioned an idea held by A-1 that he will not live past 29 January 1965 (his birthday) because he is convinced that he is destined to reach the peak moment of his life during his 33rd year (as did Jesus Christ) and does not expect to live beyond that time.

6. I asked A-4 where he, personally, stood in such a future undertaking. He said that he was no hero, but he had dedicated seven years of his life as a schoolboy and young man to Cuban independence, and he could not stop now. He would not go in deliberately to die as a martyr, but he would continue with his work doing the best he could with whatever means he could come by. He stated, "A-1 is not such a leader as Tony VARONA who can separate himself completely from the struggle and go out to sell used cars. A-1 cannot exist in a life which is routine and without personal power. He will die first even in a suicidal mission." A-4 stated that

he, himself, was of a different nature but that it would be just as impossible for him to go to a routine type of work and leave the work of liberation of his country.

7. I asked A-4 what AMWORLD would do if they were able to commence operations again. He said they had two targets on the north coast that they would like to hit when they have another chance. One is Puerto Vita, the other is Manati. They have target studies on Puerto Vita and have just recruited a refugee from Manati who knows the area thoroughly and brought out a large number of photographs of the target with him from Cuba. Unfortunately some of them were confiscated by U. S. Customs when he came through Miami, but there were still enough remaining to plan an operation. He asked if we might be able to help recover the confiscated photos. I told him that if approval to recommence operations was given, I was sure we could do so. In the meantime, I was, of course, not authorized to discuss possible future operations but/was interested in what AMWORLD was thinking along these lines. A-4 understood our position with the current suspension of operations.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation betweeen AMBIDDY-1 and Martin Ferrer

DATE : 16 October 1964 at 1045 hours

1. AMBIDDY-1 said he had met yesterday with a newspaperman named Robert Stark of the London Times. A-1 first knew Stark during his imprisonment after the Bay of Pigs and claims Stark was one of the few correspondents who was allowed to interview the prisoners. According to A-1 Stark and the governor of the Bahamas are involved in smuggling to and from Cuba. Stark smuggles salt pork into Oriente Province and brings out rum and cigars. Stark is the owner of an LCM (Andros Engineer) and an LCU (Charlestown). While A-1 was jotting down the names of the vessels Stark said, "Now don't go sinking my ships." A-1 replied, "We don't sink anyone's ships." Stark is leaving today for Canada to purchase fire bricks for sugar centrals in Cuba. Stark advised A-1 that Ramon Castro, Fidel's brother, would like to defect. Stark is willing to assist Ramon exfiltrate clandestinely provided that A-1 supply a boat to meet the exfiltrating party somewhere in the open seas. Before A-1 commits his organization to such a plan he would like to have Headquarters investigate Stark. A-1 expects to meet Stark within a week and give him an answer at that time.

2. A-1 has received a report from his base that ALBUERNE is involved in a narcotics and numbers racket based in Miami. A-1 is requesting that the complete report be forwarded to Miami in order to turn it over to us.

Above conversation conducted in prearranged frequently changed privacy code

3. A-1 is leaving today for Puerto Rico to solicit funds from several wealthy businessmen. He then expects to leave for Santo Domingo to meet with President Reid. He will then return to New York where he will talk to some New York businessmen and attempt to collect financial support for his organization.

4. AMWORLD has been notified by the Justice Department that they have to register as agents of a foreign government. Manolin Hernandez drafted a letter in reply objecting to being called "agents of a foreign government." A-1 maintains that his organization does not report to nor is responsible to any other government, etc. A-1 was asked to send us a copy of their reply for our records.

5. A-1 commented he has hired Luis PRIETO Portar to head the AMWORLD "Brain Trust."

SUBJECT: Telephone Conversation between AMBIDDY-1 and Martin Ferrer

1. AMBIDDY-1 inquired as to when the organizational charts he requested from Carl would be ready. A-1 explained these charts are urgently needed to prepare future plans concerning the "dissident group." At present Nilo Messer is being groomed to go to Madrid to be the liaison after "Cuco" de Leon is replaced. "Cuco" de Leon is leaving shortly for Nicaragua to commence infiltration training.

2. As to A-1's future plans he intends to leave for Central America on Tuesday or Wednesday, 3 or 4 November. AMJAVA-4 is leaving for Nicaragua on 2 November.

3. AMBIDDY-1 is sending Rafael Garcia, Luis Grillo, and Amado Cantillo to the Dominican Republic to survey the new location which President Reid has offered AMWORLD. According to A-1 Reid has offered them an operations base much closer to Cuba than Isla de Beata. At present A-1 is getting cost estimates on the 12 Swifts which President Reid wishes to buy in the U. S. The different estimates will be sent to President Reid with the three aforementioned AMWORLDers. According to A-1 President Reid suggested that AMWORLD could paint their Swifts the same colors as the ones which the Dominicans will have.

4. A-1, Sixto Mesa, and John Monahan intend to meet a group of wealthy American and Cuban businessmen on Sunday to solicit funds for AMWORLD. A-1 was advised to take a hard look as to the motives of Mr. Monahan before getting

too involved with this gentleman. A-1 feels that Monahan is perhaps looking into the future to the day when Cuba will be liberated.

5. A-1 was asked to check if they had purchased the extra commo equipment and spare parts.

6. A-1 was asked to investigate if the steel planking has been paid.

7. A-1 expects a telephone call from Robert Starkie tomorrow, 31 October, concerning the fire bricks. This matter is now being handled by Manuel Hernandez.

8. A-1 was advised that Carl would have the charts by Tuesday night. A-1 will be called on Monday to make arrangements for the meeting between himself and Carl.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation Between AMBIDDY-1 and Martin Ferrer

DATE : 2 November 1964, 2100 hours

1. AMBIDDY-1 stated that he, AMWORLD-2 and John Monahan met some wealthy, American businessmen on 1 November. One of the Americans was the President of the American Medical Association in Miami who promised AMWORLD medical supplies. A-1 mentioned that John Monahan spoke eloquently before the group on behalf of AMWORLD. The undersigned mentioned to A-1 that unlike Cuban businessmen, one has to take a more direct approach with American businessmen as far as money is concerned. A-1 said the reason he has not made a direct pitch for money is because he does not want to take the same approach other exile organizations do. A-1 felt he would have better success in getting a little from alot of people instead of alot from a few.

2. According to A-1, AMJAVA-4 will be leaving Thursday for Nicaragua.

3. A-1 advised that Nilo Messer and Antonio Sanz are now in Spain. Antonio Sanz will return after placing Nilo in contact with appropriate people in Spain. A-1 expects to meet with a representative of the dissident group within the next two weeks. A-1 did not elaborate as to the reason for his expectation. A-1 again asked if the charts he requested would be turned over to him when he meets Carl. A-1 was assured that Carl would bring the charts to the meeting.

4. "Cuco" de Leon is leaving on 3 November for Nicaragua.

5. The three man group scheduled to go to the Dominican Republic to survey the new AMWORLD site has been temporarily

delayed due to expired visas. A-1 has obtained the necessary information for President Reid concerning the purchase of twelve Swifts. This information will be sent with the three man group. When asked why President Reid has not negotiated the purchase of the Swifts himself, A-1 stated Reid tried to but found embezzeling within his group. President Reid wants to show the naval group he can purchase the Swifts on his own.

6. A-1 expects the Philco training school to begin on 3 November. Approximately 25 AMWORLDERS will attend the school. A-1 said he had submitted a list of needed spare parts to Philco but he has not received a reply. A-1 is checking other radio corporations to obtain the lowest possible prices.

7. The MV SANTA MARIA is anchored off Monkey Point and according to A-1 is in top notch condition.

8. A-1 said he terminated his contract with station WRUL in New York. A-1 intends to use the Dominican Republic to beam long-wave programs to Cuba.

9. As of this month the "Tridente" will be reduced in size and will be published monthly.

10. A-1 was informed that Carl will arrive in West Palm Beach at 2130 on 3 November. A-1 will be expecting a call from Carl at the Diplomat Hotel.

SUBJECT: Telephone Conversation between AMBIDDY-1 and Martin Ferrer

DATE : 3 November 1964 at 2130

1. After several unsuccessful attempts I was finally able to contact AMBIDDY-1 and advise him that Carl wold be unable to meet him at the agreed time. I informed A-1 that Carl would contact him at 0900 on 4 November and make arrangements for their meeting.

2. A-1 said he had received confirmation that the Philco school had started on 2 November.

3. During this non-operational period A-1 is having all his vessels checked out to see that they will be in good operational condition. A-1 specifically alluded to the LCM's that are presently being overhauled. The Swift GITANA is also undergoing maintenance repairs.

4. Besides setting up Nilo Messer as AMWORLD's liaison to the dissident group, Antonio Sanz is inquiring as to the departure date of the RIO CAONAO. A-1 intends to broach the topic of attacking the CAONAO with Carl. A-1 stated that he hopes that Carl will have a final decision for him on the CAONAO

5. Feeling that A-1 was probing for a sign as to what decision has been made on the CAONAO, I changed the subject and asked A-1 if he was watching the election returns. A-1

stated that he was, and the election was progressing nicely. Judging from the tone of A-1's voice, he apparently feels that the re-election of President Johnson and the election of Robert Kennedy would guarantee the continuation of AMWORLD.

1. AMBIDDY-1 reported that Antonio Sanz returned from Spain last night (11 Nov) and according to Sanz a representative of the dissident group will be leaving for Spain on 15 Nov. Sanz does not have the name of the representative, however, all indications point to Dr. Faustino Perez. A-1 has only talked to Sanz briefly by phone and therefore did not have all the details of Sanz trip.

2. According to A-1 Sanz talked to the captain of the Caonao and the captain is more willing than ever to deliver the ship to AMWORLD. The Caonao will leave Spain on 16 Nov. A-1 said he would like a reading from Carl on the status of the Caonao operation.

3. A-1 stated that some of his men who were formerly in the U. S. Army are being recalled. A-1 requested that we do whatever possible to remedy this situation. A-1 was advised to submit a list of names of the individuals involved and we would review the problem.

4. Santiago Alvarez Rodriguez is encountering difficulties with I&NS in leaving the U. S. A-1 did not elaborate as to the difficulty, however, it appears to be a matter of not having the proper papers.

5. A-1 said he is very pleased by the intelligence section in Miami, particularly the debriefing of Cuban exiles. A-1 promised to give Headquarters copies of all intelligence reports.

6. A-1 commented that there is a possibility that AMWORLD may get a free ship from Babun. A-1 feels that by acting as an intermediary for the JOANNE, Babun will give AMWORLD another ship after obtaining possession of the JOANNE.

7. A-1 expects to leave within the next few days for Central America. He will see AMJAVA-4 and get up-to-date reading on the situation at the camps and obtain the inventory from A-4. A-1 would like to see Carl in the U. S. rather than in Panama.

8. A-1 claimed that the $18,000 balance due on the JOANNE repairs had been sent to Ramsey Scarlett.

9. A-1 was advised that Carl would meet him tonight (12 Nov) in West Palm Beach. A-1 should make reservations at a motel in that city and call Headquarters at 1600 hours today with the name of the motel.

SUBJECT: Telephone Conversation Between AMBIDDY-1 and Martin Ferrer

DATE: 16 November 1964, 1100 hours

1. AMBIDDY-1 expects to leave on 17 November for Costa Rica. He has received an urgent message that Cornelio Orlich would like to talk to him. A-1 hopes to return to Miami as soon as possible to be on call for the meeting with representative of the dissident group.

2. AMJAVA-4 is leaving on the same flight as A-1 but will go directly to Managua. A-4 would prefer to meet with Carl on 19 November in Panama. A-1 was requested to tell A-4 to bring the plans for Jucaro, Casilda, Santa Cruz del Sur and Guayabal to the Panama meeting. A-1 will tell A-4 the address of the Panama safehouse.

3. A-1 said he received word from Managua that several shots were fired at his private automobile yesterday (15 November) in Managua. Fortunately the bullets went astray and the driver was unharmed. The assailant or assailants escaped.

4. According to A-1 approximately a week or so ago the Guardia Fiscal in Parismina, which is near Tortuguero, saw a light out at sea. When they went to see what it was they saw a submarine. A-1 also claims that the U.S. Army is in that area building a tower of some sort.

5. A-1 believes the weapons ordered by Costa Rica from the U.S. were requested by Pepe Figueres under the pretext ~~that~~ of turning them over to Manolo Ray. A-1 opined that some may be given to Ray but a great bulk of the arms would be kept by Figueres.

6. A-1 said he is mailing the plan for the RIO CAONAO defection and the silencer developed by AMWORLD to Headquarters this very day.

7. A-1 was asked to call Headquarters upon his return from Costa Rica. A-1 agreed to do so.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation Between AMBIDDY-1, Norman Santell and Martin Ferrer

DATE : 17 November 1964, 1030 hours

1. AMBIDDY-1 stated William King will advise Philco today that AMWORLD no longer wished to employ Jim Lee. A-1 sent a message to the base for Lee to return to the U. S.

2. A-1 reported he received a call from Nilo Messer who said that Robreno wished to see AMJAVA-4 to make arrangements for the "summit" meeting. It appeared to A-1 that the representative of the dissident group in Spain wants to deal with a higher ranking person than Nilo Messer. Nilo has received indications that the representative has already left Cuba and is somewhere in Europe on a shopping spree. Mr. Santell suggested perhaps it would be best for AMJAVA-4 to arrange the meeting in Paris rather than in Spain. A-1 agreed. AMJAVA-4 will probably leave for Spain on 21 November after his meeting with Carl.

3. A-1 was advised that HQS had received a report stating Guayo is in possession of photographs presumed to be on the ARANZAZU affair that were not turned over to AMWORLD for censorship. A-1 stated that Guayo was searched thoroughly after the ARANZAZU affair and doubts he has photographs in his possession unbeknownst to AMWORLD, however, A-1 will investigate. We advised A-1 we had no way of checking the veracity of the report, however, wanted to alert him of the possibility. A-1 said Guayo is now in Caracas working for "Bohemia Libre."

4. A-1 plans to leave for Costa Rica on 19 November. We informed him that one of the topics which Cornelio Orlich may discuss is the increasing publicity being generated by the training of Cuban exiles in that country.

5. A-1 was asked to call HQS on his return from Costa Rica.

SUBJECT: Telephone Conversation Between AMBIDDY-1, Norman Santell and Martin Ferrer

DATE : 20 November 1964, 2100 hours

1. AMBIDDY-1 called to say he had just returned from Costa Rica where he spoke to President Orlich and his brother. The Orlichs made no mention of expelling A-1, but, to the contrary, are willing to continue to support AMWORLD. The only request made by President Orlich was that the arms barge be taken out of Costa Rica for fear the Communists would learn of its existence. A-1 said he will comply.

2. The topic of conversation quickly changed to the newspaper article by Hal Hendrix which greeted A-1 upon his arrival from Costa Rica about A-1 involvement in smuggling activities in Costa Rica. We informed A-1 that Al Burt had intended to publish a similar story but was scooped by Hendrix. We asked A-1 what he thought of the idea of having President Orlich issue a complete denial as soon as possible of A-1's smuggling activities in Costa Rica. A-1 felt a presidential denial was essential in counteracting this damaging publicity. A-1 stated he would call President Orlich the first thing in the morning on this matter. Another suggestion to neutralize Hendrix's story was for A-1 to see Al Burt as soon as possible and categorically deny the story. If need be A-1 might want to invite Burt to Costa Rica to speak to President Orlich and confirm A-1's side of the story.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation Between AMBIDDY-1, Norman Santell and Martin Ferrer

DATE : 21 November 1964, 1030 hours

1. The undersigned telephoned AMBIDDY-1 to see if he had an opportunity to speak with President Orlich. A-1 stated he was unable to reach the President but did speak to the President's secretary. The secretary advised A-1 that he was unaware of the Hendrix story but he assured A-1 the entire story would be denied. A-1 informed Headquarters that he has sent Manolin Hernandez with a copy of the story to see President Orlich. A-1 commented that the initial reaction in Miami to the story was one of indignation toward Hendrix.

2. When we called A-1, he was on his way to see Al Burt. A-1 had already talked to Burt by phone and they had made an appointment to discuss the entire matter this morning. Burt told A-1 on the phone that rumors concerning A-1's activity had reached him. A-1 said he would tell Burt that President Orlich would issue a complete denial of the Hendrix allegations. A-1 was cautioned not to forget that Burt is primarily a newspaperman and therefore to be on guard as to what he tells Burt.

3. A-1 was advised to take a firm stand against Philco concerning Jim Lee. Lee should be sent back to the U. S. as soon as possible. A-1 was requested to reject any proposals by Philco for consultations in Miami or Central America concerning Lee. A-1 should tell King to telephone Philco on Monday (23 Nov) and make it quite clear AMWORLD cannot afford to pay needless travelling expenses of Philco representatives. King should also ask for a price list for the spare parts. If Philco cannot comply, A-1 was advised tell them he will buy his spare parts elsewhere.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation Between AMBIDDY-1 and Dick

DATE: 21 November 1964, 1600 hours

1. At 1600 hours, 21 November 1964, I complied with AMBIDDY-1's request relayed through the Security Office that he be called on FRanklin 3-1568 in Miami.

2. AMBIDDY-1 described reports reaching him of mysterious phone calls being received by various Cubans in Miami, mostly MRR personnel or wives of MRR members. These calls started during the morning of 21 November. The caller was a North American who spoke Spanish and gave his name as "Bill Jones." The caller sought in each case to solicit derogatory information about AMBIDDY-1, with particular emphasis on A-1's alleged participation in smuggling activities. The caller offered money (A-1 did not know how much) for derogatory information.

3. A-1 mentioned two persons who received calls: AMYUM-19 and the wife of Manolin Hernandez. In addition to smuggling, A-19 was also asked if the reason he broke with A-1 was because of the marriages of AMJAVA-4 or A-1. A-19 denied these allegations to the caller.

4. A-1 said that the story spreading through Miami as a result of these calls is that the U.S. Government -- and probably CIA specifically -- was attempting to discredit A-1 as a basis for denouncing him. A-1 was obviously distressed by these speculations, and in reporting them he was in reality asking the question. I gave him my unequivocal assurance that the U.S. Government was not responsible for the calls.

5. I asked A-1 who he thought was responsible and he said "maybe the Miami Herald." A-1 said that he had seen Al Burt earlier in the day (Saturday, 21 November) and that Burt was angry because he felt that the recent

TV coverage of the AMWORLD camps and activities in Central America was a scoop to which he was rightfully entitled because of a prior agreement with AMBIDDY-1. A-1 gave Burt his side of the stories being circulated about AMWORLD's contraband activities. A-1 felt that he made an impression. Burt was particularly interested in a denial of these charges which A-1 told Burt would be issued very soon by the President of Costa Rica (see following paragraph). A-1 said he thought that he may have mollified Burt somewhat by having the meeting and by promising him scoops in the future, but that Burt still holds a grudge against him.

6. AMBIDDY-1 said he was expecting momentarily a call from Manolin Hernandez in San Jose. Hopefully, Hernandez' call would be to read a public letter from President Orlich officially denying the presence of AMWORLD training camps in Costa Rica and disavowing charges that A-1 or his people were involved in smuggling. Orlich promised A-1 to issue such a letter. When he gets a copy of this letter A-1 intends to hold a press conference and use it as the heart of his effort to set the record straight about charges that AMWORLD is involved in running contraband.

7. I told A-1 that we would look into his report on the mysterious phone calls and that we would let him know what we find out.

AMBIDDY-1's Involvement in Haitian Affairs

ACTION REQUIRED - REFERENCES
ACTION REQUIRED: None; for your information and files.

1. On 18 October 1964 AMCARBON-1 accidentally met AMBIDDY-1 in the lobby of the hotel El Embajador in Santo Domingo, Dominican Republic. AMBIDDY-1 was obviously embarrassed by the fact that he had the chance meeting with AMCARBON-1 and he asked that AMCARBON-1 not tell anyone in Miami that he had seen AMBIDDY-1 in Santo Domingo. As an aftermath of this chance meeting, AMCARBON-1 arranged for AMBIDDY-1 to talk with Mr. Bernard DIEDERICH, a free-lance newspaperman residing in Santo Domingo. The purpose of this conversation was to enable Diederich to give AMBIDDY-1 a briefing on the Haitian scene and, as a follow-up, arrange a meeting between AMBIDDY-1 and certain Haitian exile leaders. The meeting with the Haitians took place at Diederich's house on 18 October 1964. The meeting was attended by AMCARBON-1, AMBIDDY-1, a Cuban known as Nilo Jesus MESSER Pujol (201-294655), Father BAJEUX and Sylvia WADESTRANDT. After a preliminary series of discussions, AMBIDDY-1 adjourned to another room of the Diederich house to talk privately with Father Bajeux and Sylvia Wadestrandt. At the end of this private meeting, AMCARBON-1 had an opportunity to talk with AMBIDDY-1. As a result, AMCARBON-1 learned that, as of 18 October 1964, it was AMBIDDY-1's intention to help the Haitians in their fight against Duvalier. AMBIDDY-1 believed that he could furnish the arms and the transportation for the invasion of Haiti by Haitian exiles. AMBIDDY-1 was also talking about committing some of his troops to such an invasion as he felt that, if he were successful in this venture, he could obtain significant base rights for his organization in Haiti. These bases would in turn be used by AMBIDDY-1's operations against PBRUMEN.

2. On the morning of 19 October 1964, AMCARBON-1 had an opportunity to talk in Santo Domingo with a Cuban called Rafael Garcia who is AMBIDDY-1's representative in the Dominican Republic. Garcia indicated that he doubted that AMBIDDY-1 would participate in a Haitian invasion. In this connection, Garcia made the point

1. AMBIDDY-1 said h is leaving this morning at 0800 for Nicaragua. He expects to return to Miami within three to four days. A-1 requested that the information Carl had promised be ready upon his return. Although A-1 would not say specifically what the information was, he apparently was referring to detailed maps of the coming operation.

2. A-1 reported the 100-man squad has been increased to 120 men.

3. A-1 asked if it would be possible to obtain Esso road maps of Havana pinpointing strategic locations such as G-2 headquarters, communications centers, police precincts, etc. A-1 also requested a list of all prisons in Cuba and other pertinent data on the prisons.

4. A-1 has complied a breakdown on how he would like to arm the 120 men. He is sending this information directly to the Lastra address before he departs for Nicaragua today.

5. A-1 commented he had received a cable from President Orlich branding the Hendrix story a complete falsehood. A-1 is circulating this cable around Miami in order toclear himself of the smuggling charges.

SUBJECT: Telephone Conversation with AMBIDDY-1

DATE: 7 December 1964

1. I telephoned Subject in Miami and introduced myself as "Andres" and indicated that I was calling for "Carlos" who wished to know what Subject wanted as per his telephone call to "Martin" on the previous Friday.

2. Subject indicated that he had three messages he wished to deliver and they were as follows:

a. The President of Panama had given his whole-hearted consent to "Manolin" (Hernandez) in helping them establish their operations in Panama. This message was then relayed to "Carlos" (Jenkins) who was listening in on the conversation.

b. Subject then stated that he had promised to pay the passage of the individuals who were supposed to take part in the meeting set for 10 December. He indicated that he was worried since he had not heard from the "Flechero." This was related to Carlos who indicated that the money had been approved but as yet had not been forwarded to the bank. This information was relayed to A-1 and he seemed satisfied.

c. Subject stated that he was leaving for Nicaragua tomorrow. He also asked if we had read his message to the base. I said that we had not and he then gave me the gist of his message to the effect that the "foreign power" had as yet not vetoed their plans but that in the event they did, he (A-1) would have to drastically revise his policy of adherence to their views. Subject stressed that the message was only to bolster the morale of the men.

1. After being notified by the Office of Security that AMBIDDY-1 had called on the emergency number, the undersigned returned A-1's call. A-1 stated he had just received a message from AMJAVA-4 saying the SANTA MARIA was located at Cerrania Bank due to bad weather and would remain six hours at that position. In the message A-4 said he would comply with the order given him to return, however, requested Operation VICTORIA be reconsidered. A-1 requested that the following portion of A-4's message be passed to appropriate persons: "I (A-4) request the suspension of Operation VICTORIA be reconsidered for the good of future operations because a person who loses faith in operations, believing himself subject to foreign decisions, is a demoralized person." In light of A-4's message, A-1 urged that suspension of Operation VICTORIA be reconsidered. I assured A-1 that his message would be delivered.

2. DC/WH/SA was notified of the above message. On the instructions of DC/WH/SA the undersigned called A-1 and advised him that the contents of his conversations with Mr. Santell (Sanchez) on 5 December were still valid and our position regarding Operation VICTORIA remained the same.

Possible Connection with Cuban G-2

1. On 7 December 1964 during the course of a telephone conversation with AMBIDDY-1, he indicated that it was possible that Subject was connected with the Cuban G-2. AMBIDDY-1 suspects that CANCELA was sent by the G-2 to penetrate the AMYUM training camps.

On 30 July 1965 CIHARSH/1 reported he had received the following information on a Colonel (fnu) MARTIN Parada from Major Hugo *ARAQUE, a retired member of F.A.V. A. (fnu) MARTIN Parada, a retired colonel of the Venezuelan Armed Forces, arrived from Venezuela on 28 July 1965 aboard a LEBCA plane as "an extra passenger", and was staying at the Hotel DiLido on Miami Beach.

B. ARAQUE said Colonel MARTIN had participated in several ill-fated uprisings since General Marcos PEREZ Jimenez was ousted.

C. In 1962 MARTIN was imprisoned and later released by presidential decree. However, upon his release, he was dismissed from the Venezuelan Armed Forces.

D. CIHARSH/1 commented that from conversations with ARAQUE, he believes that MARTIN is active in conspiracies supported by financially strong elements such as Eugenio *MENDOZA, who collaborates with the PCV/FALN in order to protect his interests. Mr. F.R. Castro
P.O. Box 8697
Baltimore 40 MD.

Estimado Señor:

La presente es para notificarle de varios asuntos de interés:

1-Una conspiración militar guatemalteca, encaminada a derrocar al Gobierno de Peralta, ha fijado como plazo hasta un término de 15 días a partir de la fecha de la presente, para dar el golpe. Dicho grupo militar envió una representación al Coronel Ponciano para ponerle la siguiente alternativa: o se une al Golpe y lo eligen Jefe de Gobierno, o de lo contrario, lo sacarían del país en caso de que ellos triunfaran. El Coronel Ponciano está dudoso y ha mandado a preguntar al General Somoza su opinión al respecto. Le han dado 3 días para decidir. Procuraré averiguar los nombres de los militares y su fuerza real dentro de las Fuerzas Armadas. El estado del país es caótico y de terror por los secuestros perpetrados por las guerrillas de SOSA, que amenazan con el secuestro y hasta con la muerte, a quienes no colaboran con dinero.

2-El Licenciado Oduber, de Costa Rica, me ha pedido ayuda abierta del Movimiento para demostrar en su campaña electoral que él no es un nuevo Fidel Castro. La revista Tridente iniciará a partir del número de Diciembre, una serie de reportajes exclusivos con Oduber, encaminados a este fin.

3- Voy a verificar una lista que me han dado de casas en Costa Rica, donde se supone haya armas escondidas, parte de los comunistas, y parte de los conspiradores Frank Marshall y Compañía. Cuando la verifique se las envío.

4- Tengo toda la organización de seguridad de Costa Rica (la del MRR) para tratar de secuestrar al tal Giovanni que luce ser el Jefe de subversión para el Caribe de Fidel Castro.

5-Les envío el último ejemplar de "Criterio Juvenil", órgano de nuestras juventudes, que circula por todas las organizaciones juveniles, incluyendo las universitarias,

de todo el mundo, y más ampliamente por latino-américa.

6-Se iniciará en Enero la Construcción del Astillero de Bluefields y de la Escuela técnica para enseñanza de los inicios de mecánica, electricidad y soldadura y manejo de Equipos pesados .

7-Esperamos que a fines de Enero venga el primer grupo de Indios a tomar el curso de cooperativas en nuestra Granja Modelo. El Gobierno Nicaragüense paga el viaje, nosotros pagamos la estancia y solo necesita os saber, cómo conseguimos las visas de los Estados Unidos. Los cursos durarán 3 meses. Cada grupo será de tres indios.

8- La Revista Tridente ha aumentado su venta y su tirada, y actualmente se distribuye en:

Miami, New York, Chicago, California, Los Angeles, Puerto Rico, Tampa, Nicaragua, Costa Rica, Honduras, Venezuela, España y Alemania. En España se distribuye gratis y personalmente, pues el Gobierno no ha permitido su venta libre.

9- Se está terminando el Círculo de Política Internacional de la Escuela de Capacitación de Dirigentes del MRR.

10- Adjunto varios ejemplares del folleto: "Puntos de Meditación", que forma parte de los textos que se editan para los militantes del Movimiento, p ro que puede ser útil para quien quiera conocer la idiosincracia del Latino-Americano.

11-Este año el Movimiento repartirá juguetes en Navidad (sin la humillación de la publicidad) entre los hijos de los mártires y presos del Movimiento que estén en Miami.

12- Está listo para la impresión el libro: " Cuba: Rostow, Marx o Lim-Piao?" del que les escribe, que es un analisis de los factores que han intervenido en el subdesarrollo económico de latino-america y que analiza muy de cerca la excepción del caso Cuba. Sostiene que los comunistas jamás han sido Marxistas en la aplicación ~~dende~~ del determinismo económico, y que la tesis China es peligrosa porque no es marxista, sino que analiza los problemas económicos de acuerdo con la tesis realista y verídica de Rostow.

13- Están en estudio dos panfletos que circularían periódicamente por correo, uno para los cubanos: Cuba por dentro. Otro para circular por Latinoamérica: Cuba: la vecina colorosa.

14- Volvemos a insistir en la necesidad de empezar cuanto antes con un programa en onda larga para Cuba, dos o tres veces a la semana, donde se nos dé oportunidad de hablarle a los milicianos, a los becados, a los militares, a los técnicos, a los estudiantes, a los obreros y a los campesinos. Solo necesitamos el espacio de tiempo y el costo de los "Tapes". Lo demás va por cuenta del Movimiento.

Sin otra cosa por el momento se despide de Vds. con un abrazo, en "Cuba o nada":

MEMORANDUM FOR: Deputy Chief, WHD for Cuba

SUBJECT: Status of AMCIVIC - AMBIDDY-1

1. The status of the AMCIVIC activity has reached the point where it must either be made into a useful ongoing activity or die for lack of purpose and justification.

2. As it now stands the activity's Principal Agent, AMBIDDY-1, is both literally and figuratively "flaying about" in a series of half-projects and half-plans which are neither meaningful to the Agency, meaningful to A-1 nor meaningful to his political movement. If he is to be taken at his word he is currently deeply involved both financially and politically with General Anastasio Somoza of Nicaragua. Financially he has committed some $75,000 of his Movement's money in a shipbuilding scheme supposedly to be established at Monkey Point, Nicaragua. The plan, as envisioned by A-1, would be, that upon completion of these shipyards, they would offer employment and educational opportunities for the ignorant and poverty stricken Indians of the area. Once in operation, A-1 expects that the profits from this operation will be plowed back into other endeavors such as a fishing cooperative and a farming cooperative—also to ultimately benefit the area's indigenous population. All of this, of course, hinges upon two fundamental factors: Firstly, it depends upon the continued goodwill of General Somoza, together with his willingness to contribute monies to the previously mentioned scheme. Secondly, it depends to a lesser extent upon A-1's ability to forge ahead with the program. This in turn hinges upon A-1's financial status and abilities.

3. As to the first factor, General Somoza has never had a reputation for benign magnanimity. The facts show quite the opposite. He has a reputation for being a hard-headed self-seeking businessman/militarist who now aspires to political office. Anyone who can help obviously receives his support.

SECRET

GROUP 1
Excluded from automatic
downgrading and
declassification

Therefore, should A-1's project meet with success, Somoza would benefit both financially and politically. It is difficult to imagine A-1 deriving the same advantages especially when added to these considerations, is the fact that they have nothing whatever to do with Cuba or Cubans.

4. As to the second factor, and returning to the more realistic aspects of the problem, A-1 in the past has demonstrated his ability to sell ideas and projects. In a word he is a politician. However, when it comes to administrative, business and financial matters he is singularly inept. This was amply demonstrated during the AMWORLD era when it was only thanks to the efforts of other well-qualified people that the project was ever able to sustain itself. In summary, as it now stands A-1 is in the position of being wholly beholden of the good offices of General Somoza. He further derives no political advantages from this and is engaged in projects for which he has no basic qualifications. In a sense he is leading with his weakest card. More seriously, his efforts are politically out of focus.

5. The above presents an admittedly gloomy picture of A-1 and his current activities, however, there are certain aspects of the situation which might be used in order to rechannel A-1's efforts. For one, A-1 claims that his magazine Tridente is now running in the black (this, of course, comes from A-1 who probably has difficulty distinguishing an asset from a liability). Secondly, he has purchased 22 acres of land in West Palm Beach where he is supposedly to start training Nicaraguan Indians in the complexities of cooperative farming. Both of these endeavors represent the positive and realistic side of A-1's program. They also represent, or could represent, his Cuban efforts instead of his Nicaraguan efforts. Instead of Nicaraguan Indians, A-1 should be concentrating on training Cuban exiles. Using the proceeds from the two Swift launches, he should expand the acreage of his farm to the point of possibly making it a self-sustaining show place for his cooperative students. In so doing he would be refocusing his political efforts while at the same time improving his Cuban image. From the Agency's point of view it could also be more easily supervised.

6. It is therefore requested that the undersigned be allowed to sit down with A-1 and point out the folly of his current activities and attempt to refocus them along the lines mentioned above. Should he accept these suggestions further efforts would then be made to encourage A-1 to hire a

14-00000

competent businessman to supervise his financial affairs. Further, once located (preferably by us) future support payments would be made to the business manager instead of to A-1, with stricter accounting and double-checking involved. It would also be suggested that less security would be observed and more direct looking into A-1 business would be the order of the day. As such, it is also recommended that the undersigned be allowed to actually visit the farm and report back on the actual status of the farm. A-1 would also be told that henceforth, except on FI collection missions, he should confine his efforts to the farm and developing a sensible program for cooperative training of Cubans, not Nicaraguans, or any other nationals.

7. In summary A-1 should be told that unless he is prepared to refocus his activities more realistically the Agency's gravy train is about to pull into the station.

MEMORANDUM FOR THE RECORD

SUBJECT: Telephone Conversation with AMBIDDY-1

1. AMBIDDY-1 telephoned the undersigned and indicated that he was forced to postpone his projected interview with President Raul Leoni of Venezuela due to the latter's having a tight schedule. As it now stands, A-1 plans to travel to Venezuela within ten days for the projected meeting.

2. A-1 stated that he was in contact with Costa Rican Presidential candidate, Daniel Oduber, during his last visit. Oduber supposedly asked for A-1's assistance in trying to overcome a recent spate of rumors surrounding his (Oduber's) allegiance with Communists. (Note: A-1 is already printing some of Oduber's campaign material, so presumably this request falls within the context of the general propaganda discussions which A-1 and Oduber held).

3. A-1 was asked if he had picked up any further information on the "mysterious Italian" which he reported on during his previous Costa Rica visit. He said that he had not but that his local representative in San Jose had been given instructions to try in every way possible to develop further information on the man. As an aside, A-1 stated that he had discussed the matter with the Chief of the Costa Rican Security Service. More specifically, A-1 asked that if by chance his own men located the individual, whether the Costa Rican Service would mind if he "transported" the man across the border to Nicaragua where they would be better able to deal with him. He claimed that the chief offered no objections to this plan. The undersigned cautioned A-1 on any international "transporting" schemes.

4. From Costa Rica, A-1 traveled to Nicaragua where he held a meeting with Anastasio Somoza. The discussion centered on A-1's scheme for setting up a shipbuilding and dry dock facility near Monkey Point. In the course of this discussion, A-1 claims to have obtained an offer from the GON for the

financing of the shipyard in the amount of $125,000. A-1 claims that this amount, coupled with his own contribution of $75,000, should be enough to begin construction of the facility as well as a school for teaching the indigenous people of the area how to read and write in addition to acquiring a skill in shipbuilding and repairing.

5. As for politics, A-1 stated that Somoza was definitely not interested in embroiling himself with the Guatemalan and Costa Rican coup planners such as Roberto Alejos Arzu and Miguel Ruiz Herrera. The main reason for this was his concern with his own campaign in Nicaragua. Somoza, however, admitted to A-1 that he had given some money to Guatemalan Col. Ponciano in order that the latter would be able to start his electoral campaign in Guatemala. A-1 emphasized that the money was intended to support a legal campaign within the framework of the current constitutional and electoral laws and not for support of the extra-legal efforts of Alejos and company.

6. As an item of incidental interest, A-1, while in Costa Rica, met with Roberto Madrid, the current Secretary to the Costa Rican President (possibly Secretary to the future President). Madrid in the past had been most helpful to AMBIDDY-1's movement in Costa Rica. By coincidence, Madrid was on his way to Miami for a one-week vacation so that A-1 invited him to stay at his house and attend his daughter's baptism. Madrid and his wife, therefore, are current AMBIDDY-1 house guests.

7. Finally, the undersigned queried AMBIDDY-1 on whether he had been successful in obtaining a Nicaraguan passport for AMJAVA-4 in order that the latter might proceed with his plans for enrolling in the University of Mexico. A-1 replied that the passport was issued by the GON and would be mailed direct to A-4 within the next week or two.

1. Transmitted herewith are tape recordings of talks which have been taped by AMBIDDY-1 at the request of Headquarters for possible re-broadcast into Cuba. As originally conceived, it was thought that AMBIDDY-1 would firstly set forth in broad terms reasons for his talks and then proceed through a series of short speeches to address various political and economic groups within Cuba - such as the "becados" and the Military elements. In each case the overall theme would be to appeal to the basic patriotic emotions of the various social groups and then contrast this patriotism with the current regime which has not only betrayed the ideals of genuine social justice but has betrayed the nation itself.

2. It is therefore requested that the Station review the attachments, which have been submitted on a pilot basis, and that any suggestions and/or comments regarding their usage be forwarded to Headquarters for further consideration. Please also include views on what Radio Station would be most appropriate for the broadcasts.

MEMORANDUM FOR: Deputy Chief, WHD for Cuba

SUBJECT : Current Status of AMJAVA-4

1. AMJAVA-4 is currently awaiting news from Nicaragua on obtaining a Nicaraguan passport for use in getting into Mexico. AMBIDDY-1 has promised to look into the matter for him and upon his return from Venezuela, via Nicaragua, should have definite news. AMBIDDY-1 returns from his trip around 15 December. In the interim, AMJAVA-4 has been doing some work for SOD/Maritime such as spotting and recruiting suitable candidates in the JMWAVE area for use in an operation currently being run on Lake Tanganyika. He was also scheduled to travel to Buenos Aires in order to give a familiarization course in Maritime operations to a group of Argentine naval people who were to be used in Africa. This latter plan, however, fell through. He has also been enrolled at a junior college in the JMWAVE area in order to improve his English.

2. AMJAVA-4 has been asked in very general terms if he could put together a sabotage team composed of trained ex-AMWORLD personnel. He was most enthusiastic and stated that he was in constant touch with many of the ex-AMWORLD group and that he could put together a team in fairly quick order. It was emphasized that we (KUBARK) did not have anything specific in mind but if his Mexican schooling plans failed we might have to consider other possibilities including his use in a sabotage operation.

Estimado Señor:

Primero quiero enumerarle el significado de los documentos que le adjunto:

#1- Copia fotostática de la carta que se supone Daniel Oduber escribió a Mora Valverde. No hay certidumbre de ésto, pues el documento es procedente de José Ivan Alegret, quien lo recibió de Miguel Ruiz Herrero.

#2 y # 3 -Copias fotostáticas de peticiones hechas por Daniel Oduber a distintos funcionarios del Gobierno Costarricense, presentando a ciertos comunistas para que les resuelvan los problemas que tienen. Tienen la misma procedencia que el documento anterior.

#4 y # 5- Cartas recibidas por Eduardo Mora Valverde y Manuel Mora Valverde de la República Dominicana, donde se exponen detalles interesantes sobre Raúl Castro y sobre la situación interna de Costa Rica. Fuente de origen: Luis Arizurrieta, delegado nuestro en Costa Rica, obtenidas a través de un amigo de "Costa Rica Libre", que parece ser amigo también de Ruiz Herrero. Pero estos documentos, si son inventados, lo son por el amigo de Miguel Ruiz, no por él.

6.- Documento que se supone sea la organización comunista en Centro América y el Caribe. Fuente de origen: Luis Arizurrieta.

7 .- Lista de los miembros de la S.C.A.P., sociedad que se supone sea la que suministra hombres en Costa Rica, para ser entrenados en Cuba y regresar a su país con planes de subversión y sabotaje. Fuente de origen: Luis Arizurrieta.

El Sr Luis Arizurrieta tiene un grupo de muchachos jóvenes, reclutados entre los amigos de un jóven costarricense que trabajó con nosotros cuando teníamos campamentos allí; que se han infiltrado en la juventud socialista de Costa Rica. A través de esta red; se han obtenido los siguientes informes:

1-Que desde Julio de 1965, hay un hombre en Costa Rica, que llegó al parecer de Méjico, que es conocido con el nombre de "Giovanni", que luce ser italia-

no, que medirá aproximadamente 1.75 ms. de alto, delgado, pálido, que siempre suele llevar gafas, que tiene el pelo largo y lacio, con entradas pronunciadas, y manchas canosas a los lados de la cabeza (sienes), que viste bien y suele andar erguido. Manos largas y afiladas. Nuez del cuello prominente.

Este individuo ha sido visto en Turrialba, Costa Rica, en conversaciones con Marcial Aguiluz, que lo trata con mucho respeto. También ha sido visto en el Restaurant "El Príncipe", frente al Hotel Costa Rica, en charla con individuos de acento panameño. Ha sido visto también en el Restaurant "Chi-Kon" San José.

Una vez estaba en este último Restaurant, conversando con Isidoro Guzmán, policía de las Radio-Patrullas, vestido de paisano Guzmán.

Todos lo tratan con mucho respeto y se han oído comentarios entre ciertos sectores comunistas, de que este hombre viaja mucho por Centro-América. Lo consideran un jefe de muy alta jerarquía.

Según lo que se ha reportado de Costa Rica; la Embajada Cubana en Méjico, envía mensajes a Costa Rica a través de la Embajada de Bolivia en San José; muchas veces, a través del Apartado 1261 de San José.

Parece ser que Ubaldo García, cubano que trabaja en Televisión, canal 9 y Francisco Gamboa, son los encargados de manejar el asunto de cubanos infiltrados en Costa Rica, bien para Costa Rica, o bien para otros países de Centro-América.

Sin más nada por el momento se despide de Vds. muy atte. su s.s.

MEMORANDUM OF CONVERSATION

SUBJECT: Contact Report

1. I contacted AMWHIDDY-1 (A-1) 17 November in order to discuss the rumors surrounding his having met with Nicaraguan Captain Jose Ivan Alegrette. A-1 confirmed that he had held a meeting with Alegrette 16 November. During the course of the meeting Alegrette had proposed to purchase the remaining AMWORLD arms currently located in Nicaragua. A-1 refused to discuss the matter with Alegrette and told him they were not for sale. He assured the undersigned that KUBARK need not worry about the arms falling into Alegrette's or anyone elses hands. Alegrette also offered to put A-1 in contact with Roberto Alejos Arzu, Guatemalan millionaire and a constant plotter against the regime of Peralta. A-1 met Alejos the following day and the details of the meeting are outlined below. In any case, A-1 assured the undersigned that the arms in his possession are currently hidden in the basement of two houses located in Managua and Bluefields respectively. The arms total about 100 rifles, sub-machine-guns and carbines. There are also two bazookas and four small (60 millimeter) mortars. A-1 also stated that only three trusted AMWORLDER's are aware of the location of the arms; one of these being AMJAVA-4. I later checked with AMJAVA-4 and he confirmed this last point.

2. A-1 plans to travel to Managua on 22 November in order to meet with Anastasio Somoza and turn over the bases to the latter. A-1 feels that he cannot use the bases any-more, and the ammunition which is now located there constitutes a serious hazard to the local populace since A-1 no longer has people to guard the storehouses. Hence, all of the ammunition at the bases will be turned over to Somoza. Another reason for A-1's visit is to discuss Somoza's election campaign with him (A-1 is printing Somoza's campaign posters for him and he provided me with two exemplars). A-1 also stated that his "cooperative training center at West Palm Beach" will soon receive its first three natives from

SECRET

GROUP 1

downgrading and

Nicaragua. Somoza has promised to pay the passage of the three trainees while A-1 for his part will provide them with food lodging and training while in the U.S.

3. From Nicaragua A-1 plans on travelling to Costa Rica. A-1 will possibly meet with the Presidential candidate D niel Oduber in order to discuss his campaign, since A-1 has offered to print his posters for him. However, the main purpose of A-1's visit to Costa Rica is to obtain a Venezuelan entry visa. A-1 reasoned that it would be more discreet to apply from Costa Rica, in addition to which he is expecting an invitation from President Leoni via the Venezuelan embassy in San Jose. As yet, however, he has received no word on the matter so that if this latter plan falls through he will return to Miami. A-1 provided a complete account on his latest dealings with a certain group of Venezuelan plotters (again courtesy of Alegrette, who put him in touch with them). There follows the two accounts mentioned previously:

Guatemala

At a meeting which A-1 held with Alejos (18 November), the latter invited A-1 to attend a meeting between himself, Colonel FNU Ponciano and Somoza. The purpose of the meeting will be to attempt to enlist the support of Somoza in an attempt against the government of Enrique Peralta. A-1 asked for instructions from KUBARK on whether or not to attend the meeting. In any event, Alejos stated that the plans call for the calling of a general strike throughout the country, followed by a coup under the leadership of Ponciano. Ponciano would then set up a two year provisional government after which general elections would be called. As with Alegrette, A-1 promised Alejos nothing.

Venezuela

A-1 has been in contact (in Miami) with a Venezuelan Major by name of FNU Gutierrez who claims to be the local representative and cut-out for a group of plotters who are currently training for a coup against the regime of Raul Leoni. A-1 has not been able to ascertain the names of any of the principles other than a Colonel Martin Parada, who in the past worked with the Perez Jimenez regime in flying arms to Somoza (who in turn was attempting to overthrow the Costa Rican government). The leader of the plot is currently located in a convent

in the Caracas area. He is located at either the convent of Nuestra Senora de Fatima or Nuestra Senora del Rosario. Gutierrez has offered to put A-1 in contact with the leader and has even given him contact instructions. A-1 is to proceed to Caracas and call on a Dr. Morelos, who A-1 suspects may be a priest. The Doctor will then take him to the leader. The conspirators have enlisted the support of a prominent COPEI leader of the right-wing faction but again his name remains a mystery. In addition, the garrison a Maracai, the Provinces of Oriente and Bolivar states have already given their tacit consent to join. The judicial police of Caracas are also willing to go along with the plotters.

The actual plan will consist of a group of commandos (who are currently being trained by ex-WW II German Army officers) surrounding the homes of 60 of the most prominent Civil and Military leaders of the country on a date designated as the "night of the long knives". Simultaneously, the above-mentioned garrisons will rise up and take over the leadership of the Armed forces. Again, A-1 awaits KUBARK instructions as to whether or not to attend a meeting with the secret leader of the coup group.

MEMORANDUM FOR THE RECORD

SUBJECT: AMBIDDY/1 Report on Nicaragua, and on General Anastacio SOMOZA, and on Costa Rica

1. A/1 visited Washington and saw me on 14 and 15 October 1965. He visited Gen. SOMOZA at Johns Hopkins Hospital in Baltimore the night of 15 October and called me later to report on his meeting. The following items were derived from his reports to me on these occasions:

a. Gen. SOMOZA has been in the hospital since late September for a general physical check-up but specifically for a special diet and treatments for gout and over-eating and drinking. He has had no unusual problems, shows no evidence of neurosis or mental problems, and in fact, exhibited an alert and aggressive mental attitude. SOMOZA intends to run for President next year, and A/1 will print campaign posters for his approval. A/1 will print them at his Quality Off-Set Printing Company in Miami. (I saw the poster lay outs; they are an attempt to show "Tachito" as a man of the people. one has him on horse-back much resembling Sgt. Bilko and surrounded by a lot of Indians also mounted on horses and waving machetes in the air. the other shows "Tachito" directing the National Guard in Civic Action work building roads and bridges and helping in peasant villages, etc.). SOMOZA has heard that Jack Vaughan opposes his election. When he gets out of the hospital (estimated about 25 October), SOMOZA plans to run a party at the Nic Embassy in Washington to which Vaughan will have to come, and to confront him on this point. SOMOZA is not worried about being elected, with or without U.S. support, and says he will not have to steal or buy the election either.

SECRET

He has always been a friend of the U.S. and tried to work with them, and will be very happy if they will simply relax and try to live with him for a few years. They may find out it will not be so difficult as they seem to expect. On the other hand, if the U.S. cuts him off, there are other countries eager to fill the gap.

b. On the latter point (made about mid-September 1965), A/1 followed up by eliciting from the Nic Consul-General in Miami, who revealed that the Frenc· Ambassador in Managua had offered to match the U.S. Alliance for Progress commitments to Nicaragua if the State Dept. cut them off because of SOMOZA's election. A/1 followed up further on this point with Gen. SOMOZA the night of 15 October and he confirmed the report, saying that the French Ambassador had by-passed Pres. SCHICK and come to him direct.

c. Gen. SOMOZA told A/1 that, when he met with Daniel ODUBER at the Costa Rican border for their "non-aggression pact", he had handed ODUBER $80,000 in cash to help with his candidacy. SOMOZA later contacted a representative of the CR opposition and gave him $20,000 in cash, telling them he was little short of cash but wanted to help them as much as he could. He told A/1 it is good business to bet most of your money on a sure winner, even if you don't particularly like his form. (A/1 is doing the same thing by printing 8,000 posters for ODUBER free of charge; he would rather ODUBER owe him a favor than vice versa.) A/1 will check with ODUBER and sources close to him on the alleged donation by SOMOZA next time he gets to CR.

d. SOMOZA's sources and A/1's representatives in Costa Rica agree that ODUBER is going to win handily, but he will have to push for a good majority as the opposition is working hard. Frank MARSHALL and his cohorts continue to conspire but pose no real threat.

e. One of A/1's men, a former AMWORLDer (201-298890) named Luis ARRIZURIETA Sardinas, is a member of ODUBER's personal security group and has gotten rather close to him. He was assigned by A/1 at

ODUBER's request for a specialist in personal security who was trustworthy as ODUBER was afraid of assassination attempts. ARRIZURIETA reported that the leader of the CR opposition party had met secretly with the French Ambassador there on two occasions. He will investigate further and report if he can get more information.

c. Gen. SOMOZA told A/1 that, when he met with Daniel ODUBER at the Costa Rican border for their "non-aggression pact", he had handed ODUBER $80,000 in cash to help with his candidacy. SOMOZA later contacted a representative of the CR opposition and gave him $20,000 in cash, telling them he was little short of cash but wanted to help them as much as he could. He told A/1 it is good business to bet most of your money on a sure winner, even if you don't particularly like his form. (A/1 is doing the same thing by printing 8,000 posters for ODUBER free of charge; he would rather ODUBER owe him a favor than vice versa.) A/1 will check with ODUBER and sources close to him on the alleged donation by SOMOZA next time he gets to CR.

d. SOMOZA's sources and A/1's representatives in Costa Rica agree that ODUBER is going to win handily, but he will have to push for a good majority as the opposition is working hard. Frank MARSHALL and his cohorts continue to conspire but pose no real threat.

e. One of A/1's men, a former AMWORLDer named Luis ARRIZURIETA Sardinas, is a member of ODUBER's personal security group and has gotten rather close to him. He was assigned by A/1 at

ODUBER's request for a specialist in personal security who was trustworthy as ODUBER was afraid of assassination attempts. ARRIZURIETA reported that the leader of the CR opposition party had met secretly with the French Ambassador there on two occasions. He will investigate further and report if he can get more information.

1. On 17 September 1965, AMOT 246 held a conversation with AMWORLD-2 in which he learned the following concerning the activities of AMWORLD and AMBIDDY-1, reported in AMOT Report DD-1609 of 21 September 1965.

2. The three-months' period during which AMWORLD received aid amounting to $12,000.00 ended with the month of August 1965. According to AMWORLD-2, AMBIDDY-1 covered the AMWORLD payroll, which amounted to $18,000.00 for the period, with the above aid money to which he added the sum of $6,000.00 which he received from the sale of equipment from the camps in Central America.

3. Iden is in charge of the warehouse in Miami where the AMWORLD equipment brought back from the camps, such as arms, radios, tape recorders, medical supplies, etc., is stored. AMBIDDY-1 believes that this equipment in the warehouse has a sale value of $250,000.00. Iden, however, believes the sale of the equipment will not bring in more than $15,000.00. Because of the low price he believes he would receive, Iden has refused to sell the equipment for fear AMBIDDY-1 will think he has been stealing money. Iden informed AMWORLD-2 that things are disappearing daily from the warehouse since several members of AMWORLD have access to the place. Several tape recorders and one piece of equipment worth $2,500.00 have already disappeared. The medical supplies are spoiling because of the haphazard way in which they are being stored.

4. AMWORLD-2 has suggested to AMBIDDY-1 that he return all the equipment to the people who supplied it, accept at least a fifty percent reduction in its value, and ask that payment for

whatever the equipment is worth be made in monthly installments. AMBIDDY-1 is not interested in this plan. He is interested in obtaining new aid, independent of what he may obtain from the sale of the equipment, in order to maintain what remains of his group.

5. AMBIDDY-1 is planning to make some changes in his propaganda activities. He is considering a radio broadcast through stations in PBPRIME which can be heard in PBRUMEN. He also wants to publish a high-level theoretical magazine which will be distributed exclusively to opinion makers on the continent, the press, universities, and the diplomatic corps. All these plans hinge on AMBIDDY-1's receiving aid. According to AMWORLD-2, AMBIDDY-1 is expecting to receive aid next month.

2. On the morning of 21 September 1965, AMBIDDY-1 held a meeting with a group of his friends and followers to notify them that he had been notified by his "contact" that AMWORLD aid would cease at the beginning of October.

3. AMBIDDY-1 also notified Iden A that he should inform the persons who take part in the radio program that the program will not be broadcast after 1 October and therefore, their employment and salaries will cease. This will affect Iden A, AMRAZOR-1, Iden B, and AMOT-246.

4. AMBIDDY-1 planned to leave for Washington, D. C. on 22 September 1965 in order to meet with Iden C and discuss the handing over to Iden C of two hundred tons of arms which AMBIDDY-1 is holding at Iden D. AMBIDDY-1 decided to take this action in order to avoid having to pay the salaries of the seven men of AMWORLD in Nicaragua who each receive $300.00 per month.

5. AMBIDDY-1 is thinking of selling a barge for the sum of $20,000 and the rest of the equipment in storage in Miami for the sum of $19,000. With this, AMBIDDY-1 hopes to pay off all his debts, plus the salaries of the personnel. AMBIDDY-1 told AMWORLD-2 that he has only $18000 in the bank. AMWORLD-2, however, believes this is not true and that AMBIDDY-1 has more money than he claims.

1. On 5 September 1965, AMOT-246 held a conversation with AMWORLD-2 in which he learned the following information concerning the activities of AMBIDDY-1, reported in AMOT Report DD-1599 of 10 September 1965. AMWORLD-2 obtained most of his information on AMBIDDY-1 from a friend, Iden A, who is closely linked with AMBIDDY-1 in matters regarding the sale of the military equipment AMWORLD had in Latin America. In addition, some data was given to AMWORLD-2 personally by AMBIDDY-1, who would like to get AMWORLD-2 on his side again. AMBIDDY-1 introduced Iden A to "his contacts in KUBARK," and plans to introduce AMWORLD-2 to them in the near future. AMBIDDY-1 says he is doing this because of his confidence in both AMWORLD-2 and Iden A.

2. According to AMWORLD-2, AMBIDDY-1 has some $80,000.00 at present, although AMBIDDY-1 told Iden B that he only had $30,000.00 at his disposal. AMBIDDY-1 followed the advice of his secretary, Iden C, his wife, and others in investing money in the following businesses:

a. A printing establishment costing $20,000.00.

b. A factory, about which the Source had no details.

c. A "farm" where he is thinking of raising poultry and grain for which he paid $1,000.00 down and is paying $300.00 a month on the mortgage.

3. AMBIDDY-1 received notice from his "contacts" of the suspension of further aid in the presence of Iden A, who got the impression that it would be very difficult for AMBIDDY-1 to receive aid again. According to Iden A, during the interview between

AMBIDDY-1 and his "contacts", he noticed that the relationship seemed strained and that on some occasions the "contacts" made fun of AMBIDDY-1 with regard to his investments. One of the "contacts" made reference to the "chickens of liberty bought by AMBIDDY-1."

4. In view of the financial situation with which he is faced AMBIDDY-1 has begun to reduce expenses. He has stopped having his radio programs recorded by America Production in order to save $250.00 per month. If his present financial condition continues, it is possible that next month he will also suspend his hour radio program "Trident."

5. However, despite the suspension of aid, AMBIDDY-1 is planning to maintain one radio program and to carry on other propaganda activities following new guide lines. Among the plans he has in mind is the publication of a "high-level theoretical" review. AMBIDDY-1 is thinking of presenting this latter plan to his "contacts."

MEMORANDUM FOR: Deputy Chief, WHD for Cuba

SUBJECT : Status Report on AMBALLOT as of 1 September 1965

1. GENERAL

a. We have completed preliminary arrangements with DODS and are prepared to move into the Community Development Counseling Service, Inc. (CDCS) cover offices in Arlington at any time. I propose to furnish the office they have available during September, to install our own telephone, and to start making an appearance there for an hour or so daily in order to begin switching my Cuban contacts to that address and phone number. In October I should like to move the young lady we discussed in there and start processing the correspondence, applications for training, etc. which I hope to have generated by that time preparatory to the selection of about five or six men for the Spring Semester under AMTRACE.

b. From 23 to 31 August Tom Clines and I were in Miami making arrangements to buy the two Swifts from Artime and recruiting Ricardo Chavez (The Mexican) to put together two AMWORLD crews for the boats to be used on Lake Tanganyika. We agreed on a net to Artime of $100,000 for the two boats and got the sales agreements signed. My proposal for handling the $100,000 is included under AMCIVIC below. Chavez had already applied for enrollment in an Accounting and Public Administration program at the University of Miami, but we talked him into delaying it for the Fall Semester in order to handle the Congo operation for us. I told him we would consider him as a candidate for a future job handling a Coast Guard and Customs Service position in a post-Castro regime and would look into the possibility of getting him some support under AMTRACE after he returns. He likes the idea and will be a good candidate.

SECRET

2. <u>ANTEACH</u>

a. Quintero cannot get into the University of Mexico before the regular school year starts next February. He will have trouble getting in then unless he spends some time in Mexico to make his own arrangements. The only way he can get into Mexico is to have been accepted by a university in Mexico and to prove financial security. The only university he can get an acceptance from in time is the University of the Americas (formerly Mexico City College), a five-year degree granting institution run on the U. S. quarter system and accredited by the Southern Association of Secondary Schools and Colleges. He has applied as a special student (non-degree candidate) for the Fall Quarter only and I have worked out a program of studies with him for that period. This will give him a scholastic record and a transcript, none of which he now has, which will meet the documentation requirements for admission to the University. He can also go in person and take care of his admission, visa, and other problems. He will have a chance to get acquainted with the city, to meet the case officer who will handle him there and get an idea of his operational requirements, and to find himself suitable quarters. School will be finished mid-December and he can return to Miami, pick up his family, and get moved and settled in during January. He will then be ready to go to school and to work on a regular basis starting in February. If, for some reason, he cannot get enrolled in the National University, the worst that will happen then is that he must continue in the other school for his first year. This is not lost time as the credits he earns are transferable to U. S. schools.

b. Inocencio Alonso Ramirez, the fifty-one year old former Police Chief of Pinar del Rio Province, is the man who has handled the internal operations of the MRR for the past three or four years. He was detailed a few months ago to go to Mexico as the MRR representative there and had a Mexican visa issued to him which has expired. He is trying to get a new one issued and believes he will be able to do so. He is the man who helped WAVE in debriefing refugees, whom Clines says is top-notch. He <u>also controls the passage of support to dependents and survivors inside through the Spanish Mission.</u> Quintero strongly recommends him as a valuable asset to our Mexico City program, working with him or directly with our Station officers.

c. We have about fifteen files on possible candidates for AMTEACH, culled from names known to me, to Clines, to Artime, to Quintero, and anybody else I have been able to get suggestions from. I propose to select five or six of the most likely looking ones to bring into the program by next February (Spring Semester), then to get WAVE into the act and look over any candidates they can come up with for screening and consideration prior to next summer. In the meantime, I would like to generate an authentic appearing mechanism through CDCS by which we can cover our contacts and selection of candidates through applications and awards of special grants through various foundations. I am waiting for Jake Golder, Chief of the A&E Staff, to get back from leave this week in order to start working out a testing and evaluation program for the candidates.

3. AMCIVIC

a. Artime appears to be going ahead with a local civic action program at his old base at Monkey Point, Nicaragua. In addition, he is going ahead to put in a boatyard at Bluefields around which he proposes to organize a local fisheries cooperative. His man there is Luis Prieto, a physicist who worked on the DEW line project in Canada before joining AMWORLD about a year ago. The Panama program had a set-back due to the death by shooting by a jealous husband of Silvano Pozo, the Negro Rural Comando who had been slated to go to Veraguas Province and head up Artime's contribution to the school being sponsored there by Bishop McGrath and Harvard University. An alternate has been selected, another Negro of Haitian descent from Oriente named Eugenio Claude.

b. Later this week, Artime plans to return to Central America, particularly to visit Panama and talk with Bishop McGrath and President Robles. He will also go through Costa Rica and Nicaragua, for which I gave him intelligence requirements from WH/2.

c. We paid two subsidies of $12,000 each for July and August through the old AMWORLD funding mechanism, and allowed him the remaining $13,000 from the "insurance money" of the LOBO team as the payment for September. I propose that starting October we inform him of a new decision from the "policy committee" that we will subsidize him for $5,000 a month for six months to cover payments to dependents and survivors. At the end of that time, they

SECRET

will take another look at him and the MRR and see what progress they have made in organizing constructive programs in Latin America which the U. S. could justify supporting through the MRR under the AMCIVIC concept. The $100,000 from the Swifts should give him capital to operate on for that long.

MEMORANDUM FOR THE RECORD

SUBJECT: Costa Rican Counter-intelligence Reports from AMBIDDY-1, 1 September 1965

1. AMBIDDY-1 reported that Capt. ALEGRETTE (El Ladron) of the Nicaraguan National Guard, ostensibly vice-consul in Miami, is trying to buy arms in Miami for a coup attempt in Costa Rica. A-1 believes he has had no luck, but has forbidden any of his people to have anything at all to do with ALEGRETTE.

2. A-1 said that he saw a young Costa Rican named Francisco GAMBOA Guzman at the airport in San Jose in late July. He rode to Panama on the same flight as A-1. GAMBOA was described by the MRR delegate, who was with A-1, as a pro-Communist who had just returned from Cuba about a month earlier. He claims to be finishing his studies in Costa Rica, after which he plans to return to Cuba. He is a reporter who interviewed Teodore (Ted) PICADO when he was imprisoned in Cuba and published the story from there.

3. In late May or early June 1965, A-1 said some of his people who had been guarding the AMWORLD arms barge near Tortuguero in Costa Rica had picked up a rubber boat, not of U. S. manufacture, floating just off the Costa Rican coast. They gave the boat to Colonel LIPPA of the Costa Rican Civil Guard. A-1 said the thought had occurred to him, could the Cubans be infiltrating people into Panama through the Costa Rican coast and then overland?

3 September 1965

MEMORANDUM FOR: Deputy Chief, WHD for Cuba

SUBJECT : Meeting with AMBIDDY-1, 30 August 1965

1. Disposition of "Insurance" Claim for AMWORLD Team LOBO. AMBIDDY-1 showed me the savings books indicating trust accounts in the Coconut Grove Bank, Miami, Florida for the two LOBO team members:

Acct. No. 25203, 26 Aug 1965 for Elpidio DELGADO Soto $4,000

Acct. No. 25202, 26 Aug 1965 for Nilo ALONSO Morejon $4,000

Manuel J. GUILLOT and/or Jose GONZALEZ Puig must co-sign with the account owner in person before withdrawals can be made.

2. AMCIVIC Subsidy Payment for September 1965, and Subsequent Support. I told AMBIDDY-1 that Headquarters had approved our proposal to consider the remaining $12,000 of the "insurance" money ($20,000 total minus $8,000 in the two accounts mentioned above) as the AMCIVIC subsidy payment for September. He agreed and told me that payments of $12,000 for July and for August had been received. He promised to submit certified budgets soonest for the three months.

AMBIDDY-1's understanding is that the "policy" committee in Washington had approved a provisional subsidy payment for three months, or until 1 October 1965. At that time he believes there will be a new hearing and the decision may be that he will get anything from nothing up to the $15,000 monthly budget he originally requested. In

view of the fact that we have just paid him for the two Swift boats ($100,000 net), which will furnish him a capital reserve to operate on for a few months, I recommend that we tell AMBIDDY-1 the decision has been made to continue only that part of the subsidy ($5,000 per month) that was budgetted for support of dependents and survivors of MRR dead, wounded, and imprisoned. We may then consider, on a case by case basis, reimbursement to him for actual expenses of travel incurred on our behalf. We may also wish to invest something in individual civic action programs he may sponsor in Latin America, again on a case by case basis. In the meantime, he has enough capital to operate on for a few months and to generate civic action programs. He will continue to travel on MRR business and is quite agreeable to handling any requirements we place on him for intelligence or political action. He is not yet willing to sign an agent contract, and I propose we go along with him till the end of the year on this basis and see what he can generate on his own in the way of meaningful assets.

SOURCE AND APPRAISAL: A PROMINENT CUBAN EXILE, WHO IS A FAIRLY RELIABLE REPORTER. HE HAS A LARGE NUMBER OF DIRECT AND INDIRECT CONTACTS WITH INFLUENTIAL LATIN AMERICAN NATIONALS. THE FOLLOWING INFORMATION IS FROM DISCUSSIONS HELD WITH GENERAL SOMOZA, WHO WAS AWARE THAT HIS REMARKS WOULD PROBABLY REACH OFFICIALS IN THE U.S. GOVERNMENT.

1. DURING CONVERSATIONS HELD ON 27 AND 28 JULY 1965 GENERAL ANASTASIO SOMOZA, CHIEF OF THE NATIONAL GUARD IN NICARAGUA, SAID THAT HE WOULD SOON MEET DANIEL ODUBER, PRESIDENTIAL CANDIDATE IN COSTA RICA, AT THE BORDER AND THAT THEY WOULD MAKE A "NON-AGGRESSION PACT," AGREEING THAT NEITHER WOULD MAKE TROUBLE FOR THE OTHER DURING THEIR CAMPAIGNS FOR PRESIDENT OF THEIR RESPECTIVE COUNTRIES. ODUBER HAD ASKED FOR THE INTERVIEW. SOMOZA SAID THAT HE THOUGHT ODUBER HAD MADE A "LIVE AND LET LIVE" AGREEMENT WITH THE COMMUNISTS AND THAT AT THEIR MEETING HE WOULD DEMAND FROM ODUBER A PUBLIC DENUNCIATION OF THE COMMUNISTS TO BE FOLLOWED BY EFFECTIVE CONTROL MEASURES AGAINST THEM.

ODUBER SAID THAT SOMOZA TOLD HIM HIS FRIENDS IN WASHINGTON WERE CONCERNED ABOUT ODUBER'S LEFTIST AND POSSIBLE PRO-COMMUNIST BACKGROUND BUT THAT HE (SOMOZA) REALIZED THIS WAS NOT TRUE. THEY AGREED TO EXCHANGE INFORMATION ON COMMUNIST ACTIVITIES.)

3. ON 4 AUGUST SOMOZA SAID THAT A CLOSE ASSOCIATE OF MARCIAL AGUILUZ ORELLANO, A LEADING COMMUNIST IN COSTA RICA, HAD SAID THAT THE LATEST PROGRAM OF FIDEL CASTRO IS TARGETED AGAINST NICARAGUA, COSTA RICA, AND PANAMA. PART OF THE PLAN INCLUDES ASSASSINATION OF THE PRESIDENTS OF THE THREE COUNTRIES AS PART OF A TERROR CAMPAIGN. HE SAID THAT IN PANAMA, PARTICULARLY, PRESIDENT MARCO ROBLES IS A PRIME TARGET, THAT THE COMMUNISTS ARE EXPLOITING OPPOSITION TO ROBLES BY THE NATIONAL GUARD, BECAUSE HE HAS CUT DOWN ON THEIR PENSIONS AND OTHER PRIVILEGES. IF ROBLES IS ELIMINATED, THE COMMUNISTS FEEL THAT THE CHIEF OF THE NATIONAL GUARD WILL TAKE OVER; AND THEY BELIEVE THEY CAN HANDLE HIM MORE EASILY THAN THEY CAN HANDLE ROBLES.

4. (HEADQUARTERS COMMENT: A MIAMI BUSINESSMAN, WHO WAS A RESIDENT OF HAVANA FOR SEVERAL YEARS AND WHO HAS CONTACTS WHO RECOGNIZE HIM AS A CHANNEL TO U.S. INTELLIGENCE, REPORTED ON 31 AUGUST THAT DR. JULIO GARCERAN DEL VAL SOUZA, FORMER CUBAN SUPREME COURT MAGISTRATE, SAID THERE IS A PLOT AFOOT TO OVERTHROW THE GOVERNMENT OF NICARAGUA.)

Delegate in Honduras	350.00
Delegate in Guatemala (this month was not paid but next month he will return to Guatemala, but this month will be here)	
Clandestine work	4,[illegible].00
TOTAL FOR SEPT	$12,585.00

As you see, I spent $505.00 more than I received from the Consejo. All this without taking into account my travel or my family. Of course, none of this includes my delegate in Nicaragua who receives $400.00 per month (Antonio Sama) nor the personnel who guard the arms in the three locations in Nicaragua, nor the personnel involved in Civic Action in Moakey Point and el Bluff, nor the personnel who take care of the "Granja Modelo," nor the storage payments for the warehouse where I have the equipment from the bases (all civilian equipment) in Miami.

Truly yours,

(signed)

Ignacio

SUBJ: COMMENTS ON TRIDENT
FROM: CHACONAS
DATE: 16 MAY 66

1. I DO NOT REGARD TRIDENT AS A PARTICULARLY USEful VEHICLE FOR PROP ACTIVITY IN CENTRAL AMERICA. THE TRIDENT IS CLOSELY IDENTIFIED WITH ARTIME AND AS SUCH IS LESS ~~XXXXXX~~ A CONVINCING PROP OUTLET THAN WOULD BE THE CASE OTHERWISE. I WOULD NOT THEREFORE FAVOR FINANCIAL SUPPORT (KUBARK) OF THE TRIDENT, ESPECIALLY SINCE KUBARK IS NOT IN POSITION CLOSELY TO MONITOR THE CONTENTS PRIOR TO PUBLICATION. ALSO, THE CIRCULATION IS EXTREMELY LIMITED TO WARRANT PLACING A CASE OFFICER IN CHARGE FOR THIS ACTIVITY, I.E. GUIDING THE PROP LINE OF TRIDENT.

2. WE HAVE NOT USED TRIDENT IN THE PAST(AS FAR AS I AM AWARE) FOR PLANTING MATERIAL AND I DONT FOR THE MOMENT VISUALIZE USING TRIDENT FOR OUTLET IN THE NEAR FUTURE. HOWEVER, THE "MIG-21 PROJECT", CONCEIVABLE MIGHT FIND TRIDENT USEFUL - THAT IS, IF IT IS DESIRABLE TO ADD A QUASI-OFFICIAL AURA TO THE PROPOSAL.

MEMORANDUM FOR THE RECORD

SUBJECT: Tridente Publication

1. Tridente is a slick news-type magazine published by Manuel Artime Buesa and the MRR. A copy is attached to this memoranda.

2. According to Artime 6000 copies of Tridente are being published every two weeks at an approximate cost of $2,000 a month. The publication is sold on newstands in the U.S. and also to some extent in Latin America. He gave the following figures for monthly distribution in Latin America.

Costa Rica	- Approximately 500 copies
Nicaragua	- Approximately 100 copies
Mexico	- Approximately 200 copies
Panama	- Approximately 75 copies
Venezuela	- Approximately 150 copies

Artime claims that most of the above copies are sold but some are sent gratis to his contacts. In addition 200 copies are sent to Spain as hand-outs because they do not have permission from the Spanish Government to put them on sale. The distribution in Spain is done by Enrique Tous his representative in Madrid. Artime also claims that the copies in all the countries are passed along to friends and relatives and therefore the publication has a larger audience than the circulation figures would indicate. He says that only about $500.00 is derived from the sale of Tridente and he personally has been putting in about $1,500 monthly to keep the magazine going.

3. Recently Artime inquired if the Agency had any interest in supporting Tridente or furnishing any material for publication in it. He indicated he could probably not keep the magazine going much longer without financial support and inasmuch as his "assistance" from the Agency will be cut from $5,000 to $3,000 monthly effective 1 June 1966 this is undoubtedly true.

4. Artime was told that he would be advised in the near future if there was any Agency interest in the publication or in seeing it continued. I would therefore appreciate a hard appraisal of the publication in terms of WH/C/CA overall propaganda objectives together with any indication of interst in using the publication. On the latter point it might be a good idea to bear in mind that Artime may continue the publication on his own for several months and in view of our present subsidy to him we could possibly make some use of the magazine in the interim period at no additional cost.

SUBJECT: AMBIDDY/1

1. The attached material was furnished by AMBIDDY-1 to the undersigned during a meeting in Miami, Florida on 4 May 1966. As noted AMBIDDY-1 had only a vague conception of the date when the information originated and was unaware of the identity of the end sources. Obviously these copies were made from old material in AMBIDDY-1's files on the spur of the moment so that he could bring some material to our meeting.

2. AMBIDDY-1 was told that the attached reports had no significance because of the lack of details as to date and place acquired and source.

D R A F T

The following are the highlights of operational meeting with AMBIDDY-1 on 3-4 May 1966 conducted in Room 1609 in the Hotel Everglades in Miami, Florida.

The first part of our discussion concerned reports which he had recently originated or been responsible for concerning possibility of agitation and disturbances in Costa Rica preceeding and during the inauguration of President-elect Trejos, 9 May 1966.

AMBIDDY-1 first spent considerable time in attempting to justify his ~~assets~~ efforts to establish relations with various Government leaders in Central America and why he had placed certain of his people in position to develop information on these Governments. He said that sometime ago it had been ~~stressed~~ impressed upon him by other people ~~which~~ with whom he had been in contact including agency personnel that it would be important to the future of his movement to be sure that he had the support of the Central American Governments. This he added was considered important in connection with the necessity of ~~this~~ their support in establishing his training basis in Costa Rica and Nicaragua but also ~~that the~~ political support of these ~~Contributions~~ countries would be essential if and when the movement had any success in developing internal opposition within Cuba and to bring about circumstances for Castro's overthrow.

He said that ~~his~~ as part of the efforts he has maintained or tried to maintain ~~to~~ periodic ~~personal~~ contact either personally or thru one of his Representatives with Government leaders in Central America, ~~and that~~ the recent source of information on activities in Costa Rica, ~~is~~ Luis Arrizurieta Sardinas, is a man of his personal confidence and a member of the MRR, and was placed as Secretary to Former Pres. ODUBER in Costa Rica through his

14-00000

(AMBIDDY-1's) effor'. He admitted that Arrizurieta had been on his payroll for $380 a month. Arrizurieta is now in Miami and will remain there and not return to Costa Rica, principally according to AMBIDDY-1, because it is necessary to cut back his financial commitments.

AMBIDDY-1 said that Arrizurieta had four sources of information which he used in Costa Rica which he claims were the following: Walter Vazquez, who he said had been infiltrated into the Movimiento Costa Rica Libre, Jose Luis Cascante, student who had been infiltrated into the Youth Section of the Communist Party, Rigo Marin, a farmer employed as chauffer who was an infiltration of the farm section of the Communist party and Jose Gamboa, nickname "Chepe," who works as a laborer in Puerto Limon and is allegedly an infiltration of the Communist Party in Puerto Limon. AMBIDDY-1 said that all four of the above had been in direct contact with Arrizurieta for the purpose of furnishing him with information. He claimed that Jose Luis Cascante, a student, was the most intelligent of the four. In connection with a recent report which originated with Arrizurieta concerning Communist Party Plans along with former President Pepe Figueres to agitate during President-elect Trejos' inauguration and the reported plan to attempt the assassination of Pres. Samoza, if he attended the inauguration, AMBIDDY-1 said he rechecked this information with Arrizurieta. He said that according to Arrizurieta Jose Gamboa was the original source of the information on the strikes and agitation. This information however was conveyed verbally to Arrizurieta by an unnamed Captain of Guardia Fiscal stationed in Puerto Limon. According to Arrizurieta this unnamed Captain said that Gamboa told him the Communist Party had their people mobilized for a strike

at the time of the inauguration. As far as former Pres. Figueres' activities in relation to the strike activity and assassination attempt on Samoza were concerned, AMBIDDY-1 said Arrizurieta told him that he knew that there had been a meeting in Figueres house on 17 April and there were several people present at this meeting who expressed concerned about the possibility that Samoza would attend the inauguration with a large number of Nicaraguan officials and military and that this would be an insult to the National ~~dignity~~ DIGNITY of Costa Rica. Pepe Figueres is reported to have said that "it might bo a good idea to have a dead one to aid the cause" but as far as AMBIDDY-1 is concerned there is no direct reference made by Figueres to Samoza. AMBIDDY-1 further could not confirm that Figueres had discussed this matter with any members of the Costa Rican Communist Party.

With regard to AMBIDDY-1's personal relationship or contact with Figueres he said he knows him but that they are not friends. According to AMBIDDY-1 he felt it necessary to circumvent Figueres and go directly to Orlich when he had to obtain training camp sites in Costa Rica ~~and~~ which naturally did not help their relationship with Figueres. In regard to the Figueres-Nunez group previously reported AMBIDDY-1 said his source of information on this group is Guillermo Vargas who is Chief of the Exterior Relation of INUU (Costa Rican housing agency). He said that his access to the P.L.N. and the Orlich-Odubr group is through Roberto Madriz who is his personal friend and is Orlich's personal secretary. Arrizurieta is also an intimate friend of Madriz and obtained information from Madriz while in

Costa Rica.

In regard to an earlier report which allegedly originated with Freydue Borges from Luciano Nieves concerning the possibility of Nieves Agitation-Propaganda mission to Costa Rico, AMBIDDY-1 said he had no further information on this but had rechecked it again and had been told that Nieves was living very well in Miami apparently without any obvious employment. He had been unable to confirm the report that Nieves was receiving support from Figueres.

Highlights of the Goff incorporated in Dispatch to interested Station. No further action - E.H.

e) América entera está esperando la Revolución que Castro comenzó y prometió y que después fué puesta en manos de extranjeros. America tiene los ojos puestos en ellos, no en los politiqueros ni en los viejos líderes gastados de antaño.

f) Las necesidades económincas más elementales tocará a las puertas de las más altal jerarquías si Fidel sigue en el poder.

g) La muerte de Fidel no es tan difícil si se lo propone un grupo valiente. Esos serán los hombres que demostrarán que pueden llevar las riendas del poder.

h) La Cuba tan feliz y rica que ellos podrán gobernar si Fidel es eliminado. (Dibujar el futuro)

Costo del Programa:

1- En la WRUL (onda corta para Cuba), cada 15 minutos cuestan $100.00 mensuales, de modo que si tenemos 3 programas a la semana, serían $300.00 semanales por 4 semanas que tiene el mes: $1,200.00 mensuales.

2- La transmisión telefónica del programa de Miami a New York cuesta unos $250.00

3- Tres individuos que trabajarán el programa, a $300.00 cada unos $900.00

4- En "Radio America" luce que todo es más barato, pero no tenemos cotizaciones. "Radio America" tiene la ventaja de que los programas son en onda larga y lo pueden captar más radios en Cuba.

Nota final: En el programa se pueden lanzar consignas de sabotajes fáciles. Pero ha de ser cosas muy fáciles de hacer, pues en Cuba cae mal que los que están afuera le manden a hacer cosas difíciles. Me refiero al pueblo.

SUBJECT: Statements made by Manuel ARTIME Buesa which were broadcast to Cuba

SOURCE: Edgar SOPO Barreto

REF: DD-1810, paragraphs 2 and 3

1. The following information was obtained by P-112 at 4:30 p.m. on 30 March 1966 at Station WMIE during a conversation with Edgar/SOPO Barreto, propaganda chief of the Movement for Revolutionary Recovery (MRR).

2. The statements of Manuel ARTIME Buesa, which were mentioned in DD-1810 and which were to be broadcast on 19 March 1966 over the radio programs, "Newspaper of the Air" and "Panamerican News", were not given by ARTIME to the directors of these programs to be broadcast. ARTIME decided not to do so after consulting with the Executive Committee of the MRR. (See DD-1815 which covers the radio broadcasts of the above-mentioned programs on 17, 18, and 19 March in which no mention is made of ARTIME's statements.)

3. ARTIME's statements were broadcast four time over Station WRUL and Radio Americas. According to SOPO the taping of the statements by ARTIME lasted eight minutes.

4. According to SOPO, the reason ARTIME's statements were not broadcast on "Newspaper of the Air" was that Juan AMADOR Rodriguez, the director of the program, had been attacking the members of the Armed Forces of CASTRO in his comments on the program, whereas ARTIME's statements were precisely directed to the Rebel Army.

5. SOPO also said that the statements were not given to Norman DIAZ Artiles -

for broadcasting because the language of the statements was "leftist", maintaing the thesis of the "revolution betrayed" and "Fidelism without Fidel" and defending the revolution of the Sierra Maestra, the revolutionary laws, and Agrarian Reform.

6. According to SOPO, the statements made by ARTIME were directed especially to Cuba and to those who are connected with the CASTRO regime, whereas the exiles were not ready to assimilate the advanced ideas which ARTIME set forth in his statements. It was for this reason, said SOPO, that during a meeting with ARTIME he was advised not to make his statements public to the exiles, for the leftist language would fall like a bomb and would not fit in with the idea that the exiles had of ARTIME as a centrist or a moderate.

Comparecencia del Doctor MANUEL ARTIME en el Programa "Pan Americana", Transmitido por el Canal 10-TV de Miami, Florida, el dia 13 de Febrero de 1966.

GANDERO: Muy buenos días, amables televidentes.

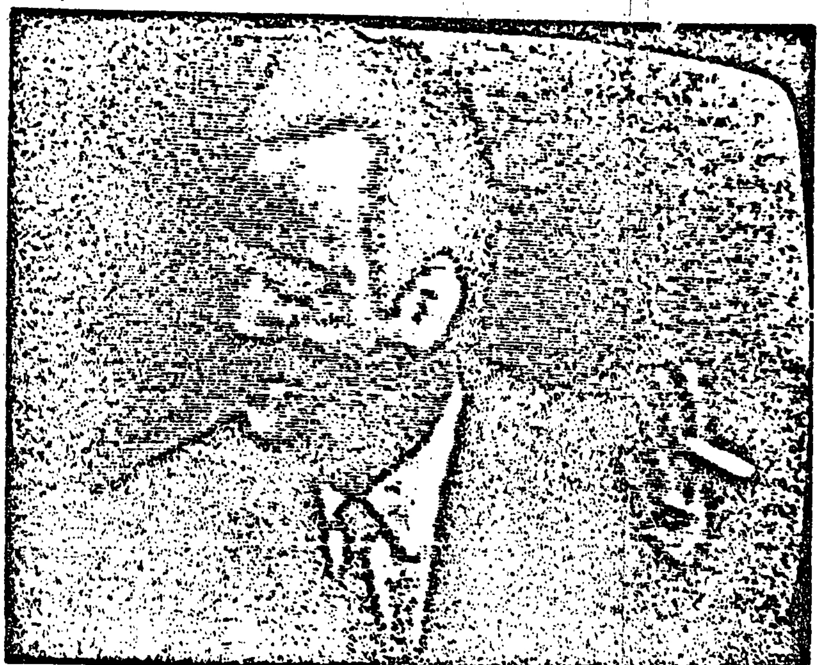
Tenemos hoy, ante nuestras cámaras, a un anti-Castrista muy conocido por ustedes. Pese a su juventud, ha sido actor de grandes acontecimientos en la lucha contra el dictador de Cuba. Me refiero al Doctor Manuel Artime Buesa, a quien el destierro quiere oir porque tiene muchas declaraciones importantísimas que hacer y, por lo tanto, no vamos a hacerle una larga presentación, sino hacer ésta lo más breve posible. No hace falta presentar al Doctor Manuel Artime Buesa..... Así que voy a presentarles el Panel de esta mañana que se compone del conocido Periodista y Gran Comentarista de Miami, Norman Díaz, quien dirige el Periódico "Pan-Americano", y a Ricardo Nuñez, también muy conocido de ustedes y que escribe en dos diarios aquí en esta ciudad.

Así que, cedo la palabra a Norman Díaz, para la primera pregunta.....

NORMAN DIAZ: Muchas gracias, compañero Gandero....

Doctor Manuel Artime, su presencia en este programa tiene un doble interés, en lo que representa su opinión y el hecho de ser usted uno de los cubanos combatientes que más cauteloso ha sido en el uso de los vehículos de propaganda; al grado que a nosotros, los Periodistas, se nos ha hecho a veces difícil conseguir oportunidad para entrevistarlo.

Pero hay algo más significativo, Doctor Artime. En cada ocasión que usted se ha presentado en público es debido a acontecimientos que, indudablemente, tuvieron apariencia de ser decisivos en la lucha contra los comunistas. Tenemos que agregar a esto que, casi siempre, usted dijo lo que resultó después una amarga



DR. MANUEL ARTIME BUESA

verdad... Que la lucha iba a resultar "larga, dura y penosa..."

En esta oportunidad, Doctor Artime, y ante sucesos tan espectaculares como los presentes, también cree usted que ahora la liberación es un problema que está lejos de resolverse?

ARTIME: Bien, Norman, creo que ahí hay varias cosas que contestar...

En primer lugar, las pocas veces que yo he hecho uso de los canales de publicidad. En realidad -por desgracia- el tipo de labor a que estamos dedicados nosotros, nos impide muchas veces dar pautas para entrevistas periodísticas, porque ustedes los Periodistas preguntan demasiado y uno muchas veces, queriendo infundir ánimo o queriendo contestar realmente a la pregunta que se hace, comete indiscreciones que, a la larga, redundan en perjuicio de la Patria.

Es el cuento del famoso monito de la selva, que estaba haciendo ejercicios... Pasó una jirafa y le preguntó: "Monito, que estas haciendo?..." "Estoy haciendo ejercicios para ponerme fuerte y darle un golpe de karate al león y tumbarlo"... Al poco rato, pasa un rinoceronte... "Monito, que tú estás haciendo?"... dice. "Yo, aquí, haciendo ejercicios para ponerme fuerte y tumbar al león..." Le llegaron los comentarios al león y pasó el león y le dijo: "Monito, que es lo que tu estas haciendo?"... Dice él:

"Mira, barirado ejercicios y hablando más basura que el diablo..."

(Se escucha un murmullo de risas)

Yo no quiero, yo no quiero hacer el papel del monito. Efectivamente, yo dije que la guerra iba a ser muy larga y muy dura... que iba a ser muy cruel. Sé que, con esto, no me gané simpatías; yo lo aiento, mi función no es de ganarme simpatías mi función es dedicarme por entero a la labor de liberación de mi Patria. Y esa labor de liberación de mi Patria exije que cuando haya que decir una cosa dura se diga esa cosa dura, aunque no sea simpático.

Yo creo hoy que la liberación de Cuba está cerca... Y creo que la liberación de Cuba estaba distante, hoy digo que estoy completamente convencido que la liberación de nuestra Patria se acerca...

NORMAN DIAZ:.... Exponga las razones Comandante...

ARTIME: Varias razones... Primera razón, el estado interno de Cuba. No sólo el estado de desesperación de un pueblo que con la burla de que el que quiera salir podría salir, llenaron sus planillas y hoy se ven discriminados y en la miseria, sabiendo que a lo mejor van a demorar tres años en salir por la vía de salida que les ha ofrecido el Dictador.

Por el estado de las Fuerzas Armadas: de estado no sólo de desmoralización sino de división y de conspiración de las Fuerzas Armadas. Y no solamente los que están conspirando con una idea occidentalista, sino los que están conspirando con una línea china que existe dentro de las Fuerzas Armadas que fué [illegible] por el desaparecido Che Guevara... Y por último, por la Tricontinental, mi querido Norman.

NORMAN DIAZ: ¿Existe o existía?

ARTIME: Existe, existe.

NORMAN DIAZ: Al desaparecer el Ché Guevara de las filas del Ejército Rebelde de Cuba, no desapareció la línea china?

ARTIME: El Comunismo nunca pone todas las esperanzas en un solo hombre, sino en organizaciones que crea. Y el Comunismo-Chino no es una excepción.

NUÑEZ: Comandante, esta respuesta que usted le ha dado al colega Norman Diaz me plantea una duda que yo quisiera que usted me la esclareciera. La duda consiste en lo siguiente: Usted detuvo los ataques comandos que se realizaban; Cuando usted detuvo estos ataques comandos, ¿se debió a que eran inefectivos o estos ataques comandos usted los detuvo porque encajaban dentro del plan de liquidación del régimen de Fidel Castro, o sea, dentro de la estrategia occidental?

ARTIME: Ricardo, en realidad, nosotros estamos dentro de una estrategia en la cual no solamente estamos nosotros sino que creo que está Occidente entero empeñado en ella.

En el momento en que nosotros hicimos ataques comandos, lo que había que hacer eran ataques comandos. La gente decía, "¿pero, con ataques comandos ustedes van a tumbar a Fidel Castro?" ¡No!, con ataques comandos no vamos a tumbar a Fidel Castro; pero, con ataques comandos Fidel Castro tuvo que sacar, de las filas de la producción, cuatrocientos mil hombre para cuidar las costas de Cuba. Y la crisis económica violentísima que tiene hoy Fidel Castro, se debe, en parte, a aquellos ataques comandos que paralizaron en gran porcentaje, la producción cubana.

Ahora bien, en estos momentos no hacemos ataques comandos, porque creo que hay labores más indispensables que nosotros concretamente podemos hacer. No estoy condenando los ataques comandos: todo lo contrario. Yo creo que cualquier esfuerzo contra Fidel Castro es un esfuerzo bueno. Quiero decir que nosotros, concretamente, nosotros tenemos cosas más importantes que hacer que ataques comandos. ¿Quiere decir que ya nosotros no volveremos a la etapa de la guerra? ¡No! no quiere decirlo tampoco... Van a seguir sonando las balas. Y van a seguir sonando las balas, pero de una manera distinta.

Unas balas con objetivos concretos; unas balas que están detras de un plan previamente trazado. En aquel momento, la estrategia correcta eran los ataques comandos. En estos momentos no quiere decir que sean malos. ¡No! son buenos los ataques comandos; pero creemos que nosotros nos podemos dedicar a labores que sólo nosotros podemos realizar para incluir a Cuba dentro de un plan latino-americano que ha venido a concretarse en la agresión de la Tri-Continental.

NORMAN DIAZ: Doctor, yo quisiera que usted me concluyera una pregunta, a modo de esclarecimiento. Yo le pregunté que Ernesto Guevara, alias el Ché, que representaba la línea china dentro del Ejército, al desaparecer, todavía continuaba habiendo pués rezagos en las filas del Ejercito de Cuba, de la tendencia pro-

ALBERTO GANDERO

China.

¿Usted considera que Gueva-ra fué "separado del cargo" o "liquidado físicamente"?

ARTIME: Guevara fué liquidado. porque era el hombre de China para eliminar a Fidel Castro concretamente...

Lo dijimos ya una vez en un programa radial, cuando se anunció el canje. Dijimos que había una violenta pugna y que Ché Guevara era el precio que Rusia había exigido para seguir relaciones con Fidel Castro. La pugna comenzó cuando se llevó a Marcos Rodríguez al juicio... quien fué al juicio aquel en la vieja guardia y quien llevó a Marcos Rodríguez ante el juicio, es precisamente la tendencia pro-China.

NORMAN DIAZ: Vamos a esclarecerle a los oyentes, Doctor Artime, quien es Marcos Rodríguez.

ARTIME: El famoso comunista que fué juzgado y, según dicen, condenado a muerte por haber "delatado" el lugar donde se escondían los estudiantes fusilados durante la época de Batista.

Fueron condenados, en realidad, en aquel juicio, toda la "Vieja Guardia", que sabía la historia de Marcos Rodríguez y había apañado a Marcos, en aquella oportunidad.

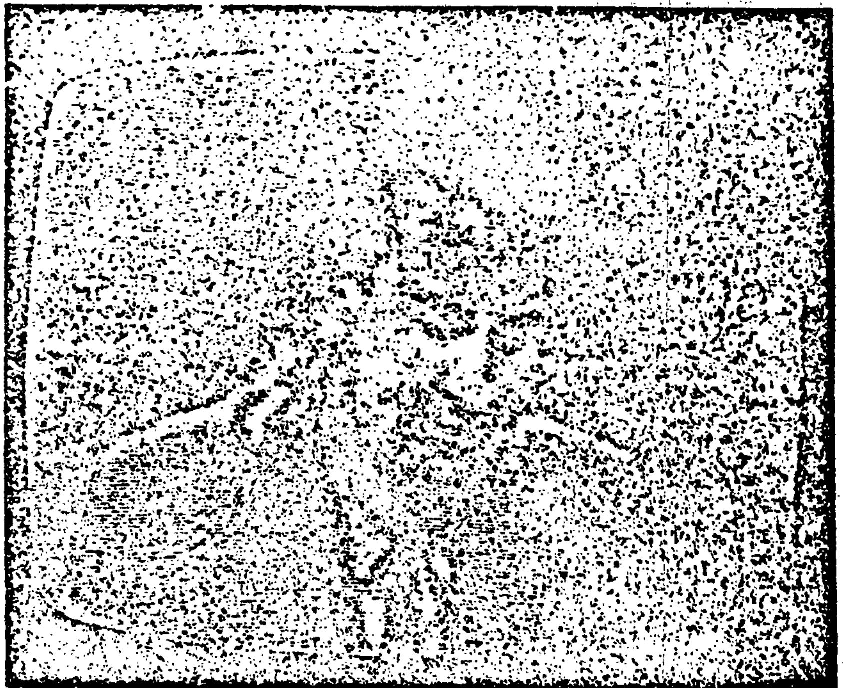
NORMAN DIAZ: ¿Quien fué quien la condenó?

ARTIME: Quien la condenó fue, la línea china... y todos los dirigidores e íntimos amigos del Ché Guevara. Fidel Castro sirvió de intermediario, al final, para que la censura recayese sólo en la figura de Marcos Rodríguez y no en la figura de la "Vieja Guardia".

NUÑEZ: Comandante Artime, ¿qué resultados cree usted que se produzcan de la Conferencia Tricontinental que se acaba de celebrar en Cuba?

ARTIME: Desde 1935, en que Dimitrov lanzó -en el Congreso del Komitern- la tesis de los "frentes populares", no se había producido un impacto de estrategia tan violento como el que se ha producido con la Tri-Continental. La Tri-Continental ha puesto a los países latinoamericanos- y yo vengo de Latino América ahora exactamente- y a los gobiernos látinoamericanos en la disyuntiva de una declaración de guerra.

Y así lo han reconocido grandes personajes de Latino-América; entre ellos, Lleras Camargo de Colombia. Sus resultados han influído, inclusive, en las elecciones de Costa Rica.



NORMAN DIAZ

En estos momentos, Latino-América es completamente consciente que se encuentra en guerra con Cuba. Esta es una jugada rusa... es una jugada rusa para quitarle el control de los comunistas "cabezas calientes" de Latinoamérica a China de la mano. ¿Y a quién utiliza? ¡Utiliza el peón que puede quemar! ¡Utiliza a Fidel Castro.!

¿Quiere decir que Rusia va, hasta sus últimas consecuencias con esta tesis que ha avanzado en la Tri-Continental? Me luce que no. Me luce que Rusia se está guardando las espaldas. Y prueba de ello es que líderes francamente pro-soviéticos -como Mora Valverde de Costa Rica, Prestes de Brasil y como Lombardo Toledano de México- no asistieron a la Tri-continental, ni se comprometieron con la Tri-Continental.

Moscú está preparándose para otra etapa que no es la de la Tri-continental; pero necesita la Tri-Continental para arrebatarle los partidos comunistas jóvenes a China de la mano y necesita para socabar la retaguardia de los Estados Unidos de Norte América.

Nosotros tenemos las primeras consignas que han llegado a Latino América, de la Tri-Continental. Las primeras consignas fueron, en primer lugar, intensificación de la campaña de paz; denuncia del imperialismo norteamericano, tanto en su aspecto militar como económico, fundamentalmente en Viet-Nam, tratando de llevar esta campaña de paz a un "boycot" a los buques de cualquier país que lleven ropa o armas, o tropas o alimentos a Viet-Nam.

Segunda consigna: Penetración de los partidos de izquierda, para hacer que estos partidos de izquierda adopten posiciones radicales que hagan juego con el Comunismo.

Tercera consigna: Cambio de la palabra "Comunismo" por la palabra "Socialismo"... porque se han dado cuenta que la palabra "Comunismo" inspira asco ya hasta en las zonas sub-desarrolladas.

Incremento de las revoluciones y de la subversión en cada uno de los países. Y, en esto, los,

comunistas jóvenes tendrán que caer en manos de Moscú, si quieren recibir alguna ayuda para sus planes subversivos. La van a recibir, pero tendrán que comprometerse con la línea moscovita.

Y, por último, campaña contra el imperialismo, en los dos aspectos, militar y económico dentro de Latino América. Incrementación de las revueltas en Santo Domingo, para tomar a Santo Domingo como una espina irritativa constante que de base a esta campaña.

Todos los países latinoamericanos son conscientes de esto. Todos los países latinoamericanos! Y hay países latinoamericanos que no pueden darse el lujo de continuar la estabilidad de su país con la presencia de un Fidel Castro en Cuba.

La O.E.A. está en una disyuntiva: o toma la decisión para la cual fué creada, o sencilla y llanamente, la O.E.A. perderá su vigencia en Latino América.

NORMAN DIAZ: Doctor Artime, en los rotativos internacionales, como en los hilos cablegráficos también internacionales, se ha destacado extraordinariamente la crisis Castro Pekín. ¿Ese hecho puede beneficiar a Castro o, de lo contrario, cree usted que le hará daño suficiente como para contribuir a su derrocamiento?

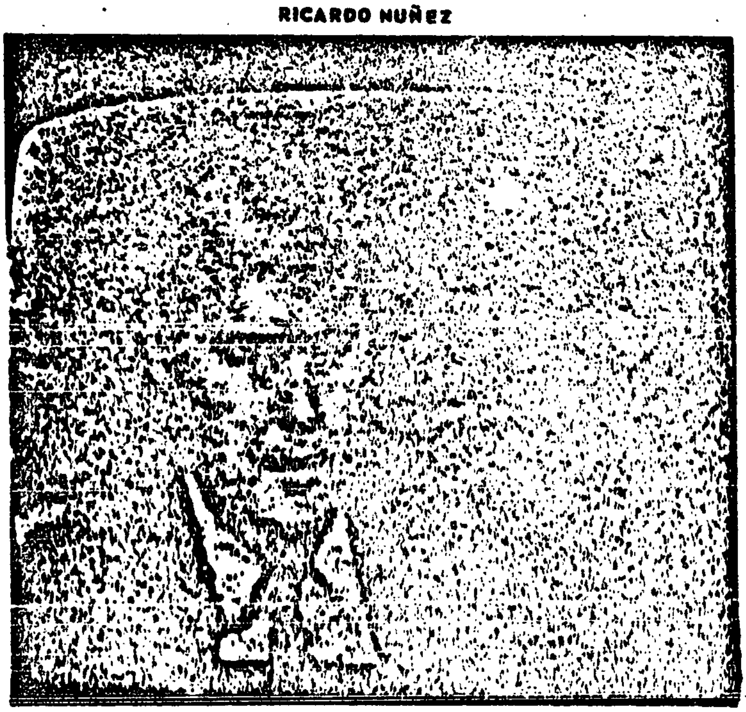
ARTIME: La línea china, en estos momentos, ya está ocasionándole grandes dificultades a Fidel Castro. Raúl Castro está reunido, hace tres días, con su Estado Mayor y con la Jefatura Suprema de los Cuerpos Represivos para una purga que se avecina en estos días próximos.

Como usted comprenderá, el señor Embajador Chino, que reparte la propaganda, no va a ir campamento por campamento repartiendo la propaganda china. Había vehículos, dentro de esos campamentos, que hacían circular esa propaganda; y hay hombres, dentro de los campamentos militares de Cuba, que son fanáticos de la línea china. El Che Guevara fué eliminado porque el Ché Guevara era la cabeza visible de aquello; pero queda la organización y está vigente y será- en los próximos días- la primera de la serie de purgas que amenaza al Ejército Rebelde Cubano...

NORMAN DIAZ: Doctor, yo vuelvo a insistir otra vez... "Eliminado" ¿en que sentido? ¿Separado de las filas del Ejército o eliminado...?

ARTIME: Eliminado físicamente.

RICARDO NUÑEZ



NORMAN DIAZ: ...físicamente.. Gracias.

ARTIME: ....El Comunismo los grandes fallos no los perdona con separación del cargo...

NORMAN DIAZ: Gracias Doctor.

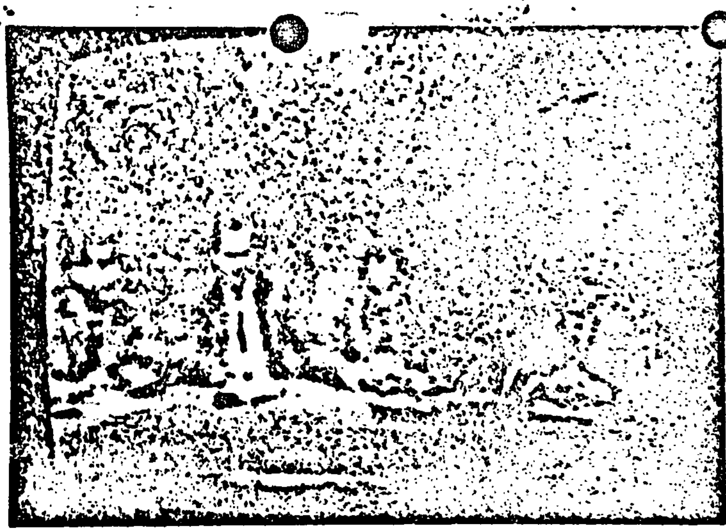
NUÑEZ: Doctor Artime, usted sabe que los comunistas -como regla general- utilizan una serie de medidas para difamar y una serie de rumores para difamar a los dirigentes que se enfrentan contra ellos con éxito.

...Con respecto a esto, me viene a la memoria una anécdota de un Profesor mejicano, que era profesor Universitario, que era destacado anticomunista. Y, a este Profesor, los comunistas empezaron a decir que él había aumentado y se había superado en su carrera debido a que su hermana mantenía relaciones con un influyente personaje. Tiempo después, este señor fué a un programa de Radio y un Periodista, no pudiendo contenerse ante esos rumores que existían, le preguntó "Oigame, existen rumores Profesor, de que su hermana ..." Dice el hombre... "pues mire, yo soy el primer sorprendido, porque yo soy hijo único, yo no tengo hermanas"... o sea, yo quisiera que usted me dijera a qué atribuye usted, Comandante Artime, el hecho de que Fidel Castro lo haya tomado como centro de los ataques a los exilados, inclusive llegando a atribuirle riquezas personales y acusaciones de otros tipos?

ARTIME: Esas campañas hace tiempo que yo las conozco... la célebre campaña del restaurant que yo tengo, de los cuatro supermarkets; creo que también di dinero para una joyería, vivo en un palacio, que es mío... Esto es viejo...

Cuando yo dije que Fidel Castro era un traidor, muchos creían en Fidel Castro. La primera acusación que me lanzaron por la espalda fué la de "ladrón de los fondos del INRA"... Ya estoy acostumbrado a esto, es decir, el pueblo de Cuba no cree en nada. ¡Eso es lo que me interesa! Los gobiernos que me ayudan a mi en Latino América, ¿lo creen? No son tontos... no son tontos. ellos no se dejan llevar por campañas; ellos si saben la verdad. Y saben que todo esto es mentira.

Hay un drama que se está representando en Europa, que se re-



PANEL

nial. Se llama "La Hoguera Feliz". Ponen a Juana de Arco en la actualidad y, por supuesto, Juana de Arco llevada por su espiritualismo combate contra el Comunismo.

Se reúne la Dirección del Partido Comunista Francés y toman una línea contra Juana de Arco... ¿Quemarla? ¡No!, porque se crea un mártir... ¡INFAMARLA! Y empiezan a decir que Juana de Arco lleva una vida libre, que Juana de Arco se ha entregado a las drogas, que Juana de Arco vive con los Capitanes de su Ejército... y el drama termina cuando Juana de Arco, llorando, le suplica a los comunistas ¡que la quemen! Y el Dirigente del Partido Comunista le dice: ¡NO!, ya tú estas quemada hace rato.....

Esa es una vieja campaña... que puede circular dentro de ciertos límites, pero, después de estos límites, ya no circula.

Me da ganas de reír, porque el otro día me encontré yo con el dueño de una Joyería y me dijo: "¿Tu sabes que dicen que me diste 10,000 pesos ...?" Yo le dije: "Empiézamelos a pagar, porque de verdad que me hacen gran falta....

Yo sí tengo riquezas... pero no son esas. La riqueza mía es saber que nosotros tenemos una organización, en toda el área del Caribe que está velando por la seguridad de esos países y más de un Presidente nos debe la vida a nosotros.

La riqueza mía es saber que nosotros tenemos una pequeña "Granja Modelo" donde se están formando hombres para el futuro y, a partir del mes que viene, empezaran a venir indios latinoamericanos a recibir formación para cambiar el medio ambiente en que ellos se están desarrollando.

La riqueza mía es saber que hay diez muchachos, en distintas universidades, preparándose en campos en que, hasta ahora, Cuba no tenía técnicos y los tendrá en el futuro.

La riqueza mía es saber que las viuda y los familiares de los presos nuestros no están abandonados ni van a pasar hambre.

La riqueza mía está en saber que, dentro de Cuba, se recibe la ayuda del Movimiento... y eso nos cuesta mucha sangre.

Quizá la única riqueza que yo le deje a mi hija sea el nombre mío, limpio... porque, por desgracia, ni siquiera un seguro de vida me quieren hacer las compañías aseguradoras. ¡Será lo único que, por tristeza, le pueda dejar yo a mi familia! Y eso sí lo cuido, y eso sí lo cuidaré hasta sus últimas consecuencias...

NORMAN DIAZ: Doctor Artime, todo proceso revolucionario produce siempre nuevas figuras. Y el mensaje de la revolución democrática cubana entraña un gran anhelo, que solo puede llevarse adelante con figuras, como usted acaba de decir hace unos momentos, de promociones limpias y sin compromisos pasados.

¿Serán estas figuras, que emergen de este proceso, las que lleven a Cuba liberada el noble mensaje de estos años de sacrificio, de dolor, para darnos una patria mejor que la que teníamos? ¿Tiene usted fé en la fuerza espiritual de su generación? ¿Es usted eminentemente revolucionario, Doctor?

ARTIME: Yo me considero revolucionario, Norman, porque yo quiero revocar todas las medidas demagógicas y desastrozas que se han implantado en mi Patria. Yo quiero acabar con el paredón; yo quiero acabar con la abolición de la propiedad privada; yo quiero acabar con la discriminación de los hombres que hoy, más violentamente que nunca, se está estableciendo en mi Patria; yo quiero acabar con la oligarquía que disfruta de las riquezas de mi Patria, mientras el pueblo se muere de hambre.

Yo tengo fé en mi generación, Norman. Pero mi generación no es de edad; mi generación es histórica. La generación mía es la de todos los hombres limpios de todos los gobiernos, de todas las edades, de todas las clases sociales y de todos los colores de piel que han pasado por la Historia de Cuba. Hombres que, dentro de sus posiciones, han querido una Cuba mejor que la que siempre tuvimos... Yo en esa generación histórica creo, Norman... tengo fe en ella y creo que el pueblo de Cuba tiene suficiente reserva moral como para obviar todas las dificultades.

Yo creo que nosotros tenemos que lograr la unidad. La unidad de la base, la unidad de la masa, que se acaben ya las pugnas tontas... Vamos a olvidarnos de Presidencias de Républicas y vamos a olvidarnos de Generelaturas.... vamos a acabar con todos los individuos que están concretamente por una ambición personal.

Que se unan las masas a espaldas de los líderes... Que los líderes se tendrán que unir si se unen las masas... Vamos a lograr esa unidad necesaria.

Yo quisiera ver, por ejemplo, obras como las de los Municipios Cubanos. Una obra que no es política, una obra que da ayuda mutua, una obra que para lograr la unidad de nuestra Patria en pequeños sectores... Obras como esa, apolíticas; unidades como esta, que son unidades de bases, mientras no tengan el control político

de nadie... Yo creo que eso ... fundamental para el futuro de los que se están lanzando por el camino de la guerra.

Y porque mi organización está constituida por hombres de todas las procedencias, por hombres de todas las edades y por hombres de todas las clases sociales, nosotros tenemos fuerza moral para lanzar un mensaje de esperanza al futuro de Cuba.

Y yo creo que sí, Norman; yo creo que hay una generación histórica que tiene la responsabilidad moral de esta liberación; y tengo fe en esa generación histórica.

NORMAN DIAZ: Lo felicito, Doctor, porque ese es el pensamiento mío.

GANDERO: Ricardo Nuñez, una pregunta rápida y una explicación rápida...

NUÑEZ: Doctor Artime...

¿Qué nos puede decir usted sobre este reciente proceso de Costa Rica, que ha sido tan importante para toda Latino América. Cual es su opinión sobre este proceso y sobre los factores que llevaron a la victoria al ya Presidente Trejos?

ARTIME: En primer lugar, yo creo que es un resultado de la Tri-Continental. Era tal el miedo, que la sospecha de que un candidato pudiera tener contacto con el Comunismo - la sospecha, porque me consta que no había tal pacto - fué suficiente para liquidar a un hombre. Pero, además, se debatió un punto muy importante. Se debatió el control total de la economía por el Estado ó se debatió la libre empresa con proyección social. Eso fué lo que se debatió en realidad en Costa Rica.. y el pueblo dió el voto; y el voto del pueblo costaricense es un resumen de lo que es la opinión pública latino-americana en estos momentos.

Yo creo que el momento histórico de los extremismos, tanto de derecha como de izquierda, ya pasó.. Y yo creo que el voto, en definitiva, fué dado en San José de Costa Rica.

GANDERO: Una última pregunta rápida, creo que quedan unos segundos...

NORMAN DIAZ: ¿Doctor, realmente usted considera que la pauta trazada en las elecciones efectuadas en estos momentos, en Costa Rica, va a ser decisiva en el resto de Centro y Sur América?

ARTIME: Yo sí lo creo. Yo creo que el que quiera salir por elección popular tiene que analizar, muy detenidamente, el resultado de las elecciones de Costa Rica. Yo lo creo honestamente. Y yo quiero felicitar al Señor Presidente de Costa Rica porque ha mantenido la dignidad de ser el hombre que está en el poder y garantizar unas elecciones libres y garantizar la entrega del poder. Es un hombre a quien nosotros los cubanos debemos mucho y es un hombre -el Presidente Orlich- que merece el máximo de respeto.

Yo quisiera utilizar este medio para mandar un mensaje a él. No llega, porque se queda en Miami, pero alguien se lo dirá, dándole las gracias a él, en nombre de todos los cubanos que luchamos por la independencia de nuestra Patria.

GANDERO: Muchísimas gracias, Doctor Manuel Artime, por su comparecencia aquí esta mañana y quiero agradecerle también al buen amigo y compañero Norman Díaz y a Ricardo Nuñez, de servir de Panelistas en este domingo.

Así es que quedan invitados para el próximo domingo, a las 10:30 de la mañana, como de costumbre.

Les deseo a todos muy buenos días.

ARTIME: Existe, existe.

NORMAN DIAZ: Al desaparecer el Ché Guevara de las filas del Ejército Rebelde de Cuba, ¿no desapareció la línea china?

ARTIME: El Comunismo nunca pone todas las esperanzas en un solo hombre, sino en organizaciones que crea. Y el Comunismo-Chino no es una excepción.

NUÑEZ: Comandante, esta respuesta que usted le ha dado al colega Norman Diaz me plantea una duda que yo quisiera que usted me la esclareciera. La duda consiste en lo siguiente: Usted detuvo los ataques comandos que se realizaban. Cuando usted detuvo estos ataques comandos, ¿se debió a que eran inefectivos o estos ataques comandos usted los detuvo porque encajaban dentro del plan de liquidación del régimen de Fidel Castro, o sea, dentro de la estrategia occidental?

ARTIME: Ricardo, en realidad, nosotros estamos dentro de una estrategia en la cual no solamente estamos nosotros sino que creo que está Occidente entero empeñado en ella.

En el momento en que nosotros hicimos ataques comandos, lo que había que hacer eran ataques comandos. La gente decía, "¿pero, con ataques comandos ustedes van a tumbar a Fidel Castro?" ¡No!, con ataques comandos no vamos a tumbar a Fidel Castro; pero, con ataques comandos Fidel Castro tuvo que sacar, de las filas de la producción, cuatrocientos mil hombre para cuidar las costas de Cuba. Y la crisis económica violentísima que tiene hoy Fidel Castro, se debe, en parte, a aquellos ataques comandos que paralizaron en gran porcentaje, la producción cubana.

Ahora bien, en estos momentos [illegible] porque creo que las labores más indispensables que nosotros [illegible]. No estoy condenando los ataques comandos: todo lo contrario. Yo creo que cualquier esfuerzo contra Fidel Castro es un esfuerzo bueno. Quiero decir que nosotros, concretamente, nosotros tenemos cosas más importantes que hacer que ataques comandos. ¿Quiere decir que ya nosotros no volveremos a la etapa de la guerra? ¡No! no quiere decirlo tampoco... Van a seguir sonando las balas. Y van a seguir sonando las balas, pero de una manera distinta.

Unas balas con objetivos concretos: unas balas que están detrás de un plan previamente trazado. En aquel momento, la estrategia correcta eran los ataques comandos. En estos momentos no quiere decir que sean malos. ¡No! son buenos los ataques comandos; pero creemos que nosotros nos podemos dedicar a labores que sólo nosotros podemos realizar para incluir a Cuba dentro de un plan latino-americano que ha venido a concretarse en la agresión de la Tri-Continental.

NORMAN DIAZ: Doctor, yo quisiera que usted me concluyera una pregunta, a modo de esclarecimiento. Yo le pregunté que Ernesto Guevara, alias el Ché, que representaba la línea china dentro del Ejército, al desaparecer, todavía continuaba habiendo pués rezagos en las filas del Ejercito de Cuba, de la tendencia pro-

ALBERTO GANDERO

China.

¿Usted considera que Guevara fué "separado del cargo" o "liquidado físicamente"?

ARTIME: Guevara fué liquidado, porque era el hombre de China para eliminar a Fidel Castro concretamente...

Lo dijimos ya una vez en un programa radial, cuando se anunció el canje. Dijimos que había una violenta pugna y que Ché Guevara era el precio que Rusia había exigido para seguir relaciones con Fidel Castro. La pugna comenzó cuando se llevó a Marcos Rodríguez al juicio... quien fué al juicio aquel es la vieja guardia y quien llevó a Marcos Rodríguez ante el juicio, es precisamente la tendencia pro-China.

NORMAN DIAZ: Vamos a esclarecerle a los oyentes, Doctor Artime, quien es Marcos Rodríguez.

ARTIME: El famoso comunista que fué juzgado y, según dicen, condenado a muerte por haber "delatado" el lugar donde se escondían los estudiantes fusilados durante la época de Batista.

Fueron condenados, en realidad, en aquel juicio toda la "Vieja Guardia", que sabía la historia de Marcos Rodríguez y había apoyado a Marcos, en aquella oportunidad.

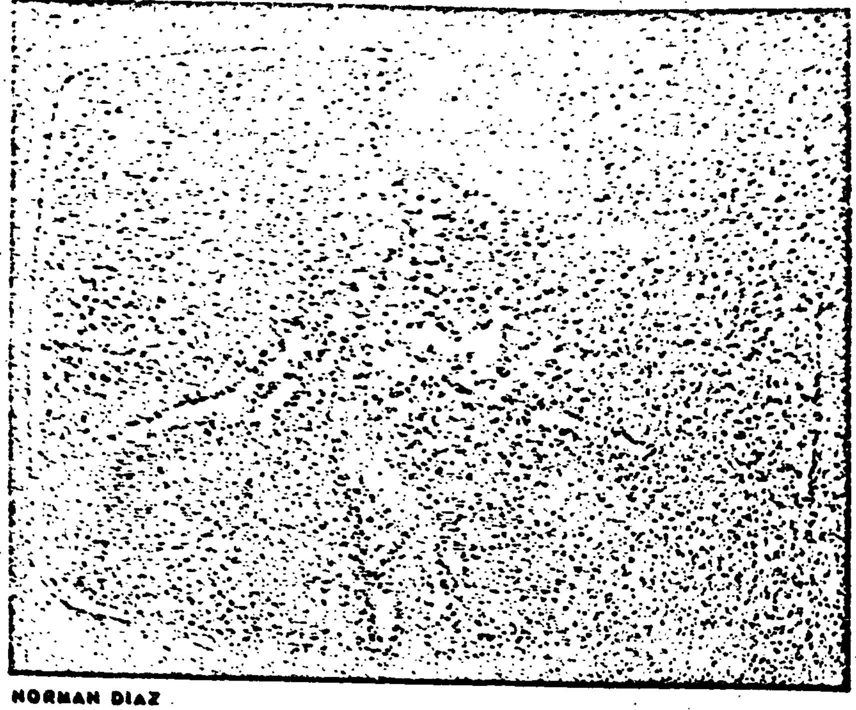
NORMAN DIAZ: ¿Quien fué quien lo condenó?

ARTIME: Quien lo condenó fue, la línea china... y todos los dirigidores e íntimos amigos del Ché Guevara. Fidel Castro sirvió de intermediario, al final, para que la censura recayese sólo en la figura de Marcos Rodríguez y no en la figura de la "Vie, Guardia".

NUÑEZ: Comandante Artime, ¿qué resultados cree usted que se produzcan de la Conferencia Tricontinental que se acaba de celebrar en Cuba?

ARTIME: Desde 1935, en que Dimitrov lanzó -en el Congreso del Komitern- la tesis de los "frentes populares", no se había producido un impacto de estrategia tan violento como el que se ha producido con la Tri-Continental. La Tri-Continental ha puesto a los países latinoamericanos- y yo vengo de Latino América ahora exactamente- y a los gobiernos latinoamericanos en la disyuntiva de una declaración de guerra.

Y así lo han reconocido grandes personajes de Latino-América; entre ellos, Lleras Camargo de Colombia. Sus resultados han influído, inclusive, en las elecciones de Costa Rica.



NORMAN DIAZ

En estos momentos, Latino-América es completamente consciente que se encuentra en guerra con Cuba. Esta es una jugada rusa... es una jugada rusa para quitarle el control de los comunistas "cabezas calientes" de Latinoamérica a China de la mano. ¿Y a quién utiliza? ¡Utiliza al peón que puede quemar! ¡Utiliza a Fidel Castro.!

¿Quiere decir que Rusia va, hasta sus últimas consecuencias con esta tesis que ha avanzado en la Tri-Continental? Me luce que no. Me luce que Rusia se está guardando las espaldas. Y prueba de ello es que líderes francamente pro-soviéticos -como Mora Valverde de Costa Rica, Prestes de Brasil y como Lombardo Toledano de México- no asistieron a la Tricontinental, ni se comprometieron con la Tri-Continental.

Moscú está preparándose para otra etapa que no es la de la Tricontinental; pero necesita la Tri-Continental para arrebatarle los partidos comunistas jóvenes a China de la mano y necesita para socabar la retaguardia de los Estados Unidos de Norte América.

Nosotros tenemos las primeras consignas que han llegado a Latino América, de la Tri-Continental. Las primeras consignas fueron, en primer lugar, intensificación de la campaña de paz; denuncia del imperialismo norteamericano, tanto en su aspecto militar como económico, fundamentalmente en Viet-Nam, tratando de llevar esta campaña de paz a un "boycot" a los buques de cualquier país que lleven ropa o armas, o tropas o alimentos a Viet-Nam.

Segunda consigna: Penetración de los partidos de izquierda, para hacer que estos partidos de izquierda adopten posiciones radicales que hagan juego con el Comunismo.

Tercera consigna: Cambio de la palabra "Comunismo" por la palabra "Socialismo"... porque se han dado cuenta que la palabra "Comunismo" inspira asco ya hasta en las zonas sub-desarrolladas.

Incremento de las revoluciones y de la subversión en cada uno de los países. Y, en esto, los

comunistas jóvenes [illegible] que caer en manos de Moscú, si quieren recibir alguna ayuda para sus planes subversivos. La van a recibir, pero tendrán que comprometerse con la línea moscovita.

Y, por último, campaña contra el imperialismo, en los dos aspectos, militar y económico dentro de Latino América. Incrementación de las revueltas en Santo Domingo, para tomar a Santo Domingo como una espina irritativa constante que de base a esta campaña.

Todos los países latinoamericanos son conscientes de esto. Todos los países latinoamericanos! Y hay países latinoamericanos que no pueden darse el lujo de continuar la estabilidad de su país con la presencia de un Fidel Castro en Cuba.

La O.E.A. está en una disyuntiva: o toma la decisión para la cual fué creada, o sencilla y llanamente, la O.E.A. perderá su vigencia en Latino América.

NORMAN DIAZ: Doctor Artime, en los rotativos internacionales, como en los hilos cablegráficos también internacionales, se ha destacado extraordinariamente la crisis Castro Pekín. ¿Ese hecho puede beneficiar a Castro o, de lo contrario, cree usted que le hará daño suficiente como para contribuir a su derrocamiento?

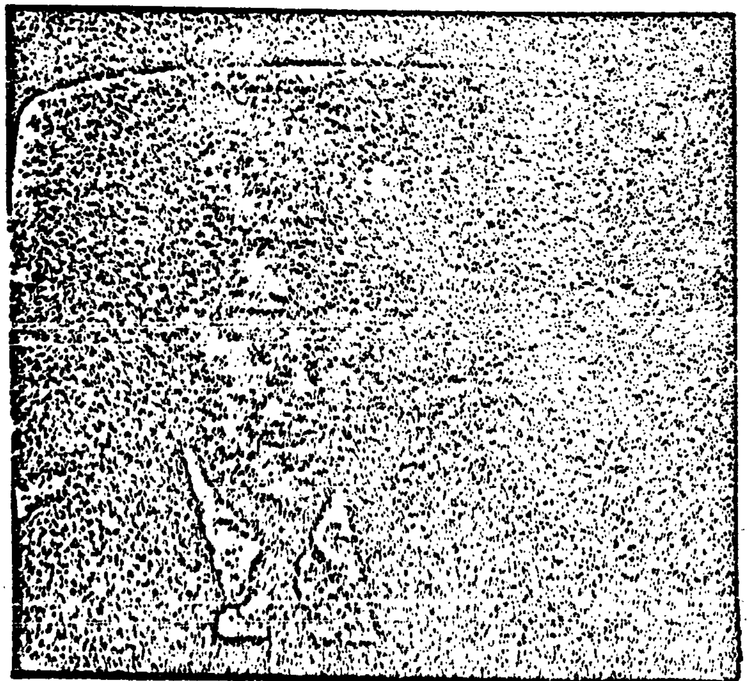
ARTIME: La línea china, en estos momentos, ya está ocasionándole grandes dificultades a Fidel Castro. Raúl Castro está reunido, hace tres días, con su Estado Mayor y con la Jefatura Suprema de los Cuerpos Represivos para una purga que se avecina en estos días próximos.

Como usted comprenderá, el señor Embajador Chino, que reparte la propaganda, no va a ir campamento por campamento repartiendo la propaganda china. Había vehículos, dentro de esos campamentos, que hacían circular esa propaganda; y hay hombres, dentro de los campamentos militares de Cuba, que son fanáticos de la línea china. El Che Guevara fué eliminado porque el Ché Guevara era la cabeza visible de aquello; pero queda la organización y está vigente y será en los próximos días la primera de la serie de purgas que amenaza al Ejército Rebelde Cubano...

NORMAN DIAZ: Doctor, yo vuelvo a insistir otra vez... "Eliminado". ¿en qué sentido? ¿Separado de las filas del Ejército o eliminado...?

ARTIME: Eliminado físicamente.

RICARDO NUÑEZ



NORMAN DIAZ: ...físicamente. Gracias.

ARTIME: ...El Comunismo los grandes fallos no los perdona con separación del cargo...

NORMAN DIAZ: Gracias Doctor.

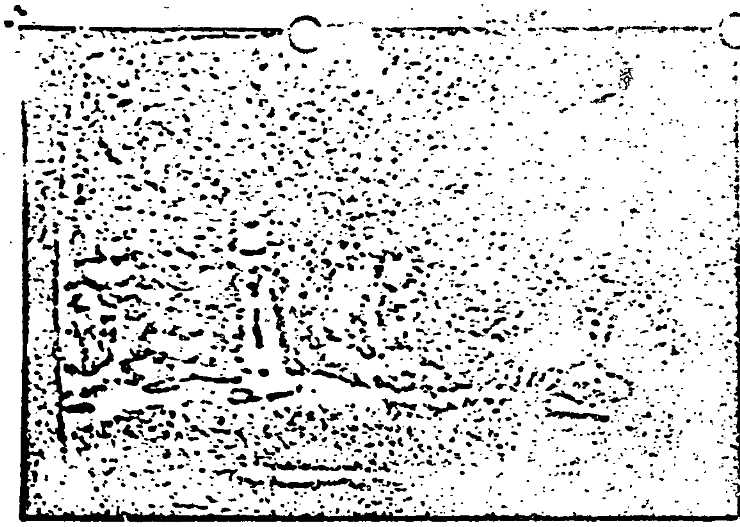
NUÑEZ: Doctor Artime, usted sabe que los comunistas -como regla general- utilizan una serie de mentiras para difamar y una serie de rumores para difamar a los dirigentes que se enfrentan contra ellos con éxito.

...Con respecto a esto, me viene a la memoria una anécdota de un Profesor mejicano, que era profesor Universitario, que era destacado anticomunista. Y, a este Profesor, los comunistas empezaron a decir que él había aumentado y se había superado en su carrera debido a que su hermana mantenía relaciones con un influyente personaje. Tiempo después, este señor fué a un programa de Radio y un Periodista, no pudiendo contenerse ante esos rumores que existían, le preguntó "Oígame, existen rumores Profesor, de que su hermana ..." Dice el hombre... "pues mire, yo soy el primer sorprendido, porque yo soy hijo único, yo no tengo hermanas"... o sea, yo quisiera que usted me dijera a qué atribuye usted, Comandante Artime, el hecho de que Fidel Castro lo haya tomado como centro de los ataques a los exilados, inclusive llegando a atribuirle riquezas personales y acusaciones de otros tipos?

ARTIME: Esas campañas hace tiempo que yo las conozco... la célebre campaña del restaurant que yo tengo, de los cuatro supermarkets; creo que también di dinero para una joyería, vivo en un palacio, que es mío... Esto es viejo...

Cuando yo dije que Fidel Castro era un traidor, muchos creían en Fidel Castro. La primera acusación que me lanzaron por la espalda fué la de "ladrón de los fondos del INRA"... Ya estoy acostumbrado a esto, es decir, el pueblo de Cuba no cree en nada. ¡Eso es lo que me interesa! Los gobiernos que me ayudan a mí en Latino América, ¿lo creen? No son tontos... no son tontos, ellos no se dejan llevar por campañas; ellos sí saben la verdad, y saben que todo esto es mentira.

Hay un diario que se está representando en Europa, que es go-



PANEL

nial. Se llama "La Hoguera Feliz". Ponen a Juana de Arco en la actualidad y, por supuesto, Juana de Arco llevada por su espiritualismo combate contra el Comunismo.

Se reúne la Dirección del Partido Comunista Francés y toman una línea contra Juana de Arco... ¿Quemarla? ¡No!, porque se crea un martir... ¡INFAMARLA! Y empiezan a decir que Juana de Arco lleva una vida libre, que Juana de Arco se ha entregado a las drogas, que Juana de Arco vive con los Capitanes de su Ejercito... y el drama termina cuando Juana de Arco, llorando, le suplica a los comunistas ¡que la quemen! Y el Dirigente del Partido Comunista le dice: ¡NO!, ya tú estas quemada hace rato.....

Esa es una vieja campaña... que puede circular dentro de ciertos limites, pero, después de estos limites, ya no circula.

Me da ganas de reir, porque el otro dia me encontré yo con el dueño de una Joyeria y me dijo: "¿Tu sabes que dicen que me diste 10,000 pesos ...?" Yo le dije: "Empiézamelos a pagar, porque de verdad que me hacen gran falta....

Yo si tengo riquezas... pero no son esas. La riqueza mia es saber que nosotros tenemos una organización, en toda el área del Caribe que está velando por la seguridad de esos paises y más de un Presidente nos debe la vida a nosotros.

La riqueza mia es saber que nosotros tenemos una pequeña "Granja Modelo" donde se están formando hombres para el futuro y, a partir del mes que viene, empezaran a venir indios latinoamericanos a recibir formación para cambiar el medio ambiente en que ellos se están desarrollando.

La riqueza mia es saber que hay diez muchachos, en distintas universidades, preparándose en campos en que, hasta ahora, Cuba no tenia técnicos y los tendrá en el futuro.

La riqueza mia es saber que las viuda y los familiares de los presos nuestros no están abandonados ni van a pasar hambre.

La riqueza mia está en saber que, dentro de Cuba, se recibe la ayuda del Movimiento... y eso nos cuesta mucha sangre.

Quizá la única riqueza que yo le deje a mi hija sea el nombre mio, limpio... porque, por desgracia, ni siquiera un seguro de vida me quieren hacer las compañias aseguradoras. ¡Será lo único que, por tristeza, le pueda dejar yo a mi familia! Y eso si lo cuido, y eso si lo cuidaré hasta sus últimas consecuencias...

NORMAN DIAZ: Doctor Artime, todo proceso revolucionario produce siempre nuevas figuras. Y el mensaje de la revolución democrática cubana entraña un gran anhelo, que solo puede llevarse adelante con figuras, como usted acaba de decir hace unos momentos, de promociones limpias y sin compromisos pasados.

¿Serán estas figuras, que emergen de este proceso, las que lleven a Cuba liberada el noble mensaje de estos años de sacrificio, de dolor, para darnos una patria mejor que la que teniamos? ¿Tiene usted fé en la fuerza espiritual de su generación? ¿Es usted eminentemente revolucionario, Doctor?

ARTIME: Yo me considero revolucionario, Norman, porque yo quiero revocar todas las medidas demagógicas y desastrozas que se han implantado en mi Patria. Yo quiero acabar con el paredón; yo quiero acabar con la abolición de la propiedad privada; yo quiero acabar con la discriminación de los hombres que hoy, más violentamente que nunca, se está estableciendo en mi Patria; yo quiero acabar con la oligarquia que disfruta de las riquezas de mi Patria, mientras el pueblo se muere de hambre.

Yo tengo fé en mi generación, Norman. Pero mi generación no es de edad; mi generación es histórica. La generación mia es la de todos los hombres limpios de todos los gobiernos, de todas las edades, de todas las clases sociales y de todos los colores de piel que han pasado por la Historia de Cuba. Hombres que, dentro de sus posiciones, han querido una Cuba mejor que la que siempre tuvimos... Yo en esa generación histórica creo, Norman... tengo fe en ella y creo que el pueblo de Cuba tiene suficiente reserva moral como para obviar todas las dificultades.

Yo creo que nosotros tenemos que lograr la unidad. La unidad de la base, la unidad de la masa, que se acaben ya las pugnas tontas... Vamos a olvidarnos de Presidencias de Républicas y vamos a olvidarnos de Generelaturas.... vamos a acabar con todos los individuos que están concretamente por una ambición personal.

Que se unan las masas a espaldas de los lideres... Que los lideres se tendrán que unir si se unen las masas... Vamos a lograr esa unidad necesaria.

Yo quisiera ver, por ejemplo, obras como las de los Municipios Cubanos. Una obra que no es politica, una obra que es de ayuda mutua, una obra que para lograr la unidad de nuestra Patria en pequeños esfuerzos... Obras como esa, apoliticas; unidades como esta, que son unidades de bases, mientras no tengan el control politico

de nadie... Yo creo que es [illegible] fundamental para el futuro de los que se están lanzando por el camino de la guerra.

Y porque esa organización está constituida por hombres de todas las procedencias, por hombres de todas las edades y por hombres de todas las clases sociales, nosotros tenemos fuerza moral para lanzar un mensaje de esperanza al futuro de Cuba.

Y yo creo que sí, Norman; yo creo que hay una generación histórica que tiene la responsabilidad moral de esta liberación; y tengo fe en esa generación histórica.

NORMAN DIAZ: Lo felicito, Doctor, porque ese es el pensamiento mío.

GANDERO: Ricardo Nuñez, una pregunta rápida y una explicación rápida...

NUÑEZ: Doctor Artime...

¿Qué nos puede decir usted sobre este reciente proceso de Costa Rica, que ha sido tan importante para toda Latino América. Cual es su opinión sobre este proceso y sobre los factores que llevaron a la victoria al ya Presidente Trejos?

ARTIME: En primer lugar, yo creo que es un resultado de la Tri-Continental. Era tal el miedo, que la sospecha de que un candidato pudiera tener contacto con el Comunismo - la sospecha, porque me consta que no había tal pacto - fue suficiente para liquidar a un hombre. Pero, además, se debatió un punto muy importante. Se debatió el control total de la economía por el Estado ó se debatió la libre empresa con proyección social. Eso fué lo que se debatió en realidad en Costa Rica. y el pueblo dió el voto; y el voto del pueblo costarricense es un resumen de lo que es la opinión pública latino-americana en estos momentos.

Yo creo que el momento histórico de los extremismos, tanto de derecha como de izquierda, ya pasó.. Y yo creo que el voto, en definitiva, fué dado en San José de Costa Rica.

GANDERO: Una última pregunta rápida, creo que quedan unos segundos...

NORMAN DIAZ: ¿Doctor, realmente usted considera que la pauta trazada en las elecciones efectuadas en estos momentos, en Costa Rica, va a ser decisiva en el resto de Centro y Sur América?

ARTIME: Yo sí lo creo. Yo creo que el que quiera salir por elección popular tiene que analizar, muy detenidamente, el resultado de las elecciones de Costa Rica. Yo lo creo honestamente. Y yo quiero felicitar al Señor Presidente de Costa Rica porque ha mantenido la dignidad de ser el hombre que está en el poder y garantizar unas elecciones libres y garantizar la entrega del poder. Es un hombre a quien nosotros los cubanos debemos mucho y es un hombre -el Presidente Orlich- que merece el máximo de respeto.

Yo quisiera utilizar este medio para mandar un mensaje a él. No llega, porque se queda en Miami, pero alguien se lo dirá, dándole las gracias a él, en nombre de todos los cubanos que luchamos por la independencia de nuestra Patria.

GANDERO: Muchísimas gracias, Doctor Manuel Artime, por su comparecencia aquí esta mañana y quiero agradecerle también al buen amigo y compañero Norman Díaz y a Ricardo Nuñez, de servir de Panelistas en este domingo.

Así es que quedan invitados para el próximo domingo, a las 10:30 de la mañana, como de costumbre.

Les deseo a todos muy buenos días.

SUBJECT: AMBIDDY-1 Report on Internal PLN Maneuverings; Possible Plans to Disrupt Inauguration of President-Elect IRUJOS; and Plans for Major Strike in Banana Plantations on Pacific Coast of Costa Rica and Panama

ACTION: FYI or such action as COS, San Jose may wish to take

NOTE: This report is being sent FYI and not in intel format because of the fact that it comes from uncontrolled sources which cannot be checked out by this Station. It is passed along mainly because of the mention of a possible assassination plot in Paragraph 3. We believe any dissemination should be done from Headquarters, if applicable.

1. AMBIDDY-1 arrived in Managua on 22 April 1966 to discuss with Nicaraguan contacts a private business operation involving the publishing of a Central America oriented news magazine. On 25 April 1966, he received by mail the report outlined below and passed it to James D. ZABOTH, his former case officer who is now a Staff Agent for Managua Station. The report was written by Luis ARIZURRIETA, a Cuban member of AMBIDDY-1's organization, who has been working for about a year as a security advisor and member of the personal security guard of Daniel ODUBER. According to AMBIDDY-1, he has been documented as a member of the PLN security detail, has been a trusted aide to ODUBER, and is privy to confidential information from ODUBER and from other PLN officials. ARIZURRIETA returned to Miami on 22 April 1966, where he was located as of 26 April 1966.

2. Contents of this paragraph are based on personal observation and personal contacts with PLN officials by ARIZURRIETA. They constitute his analysis of the current state of affairs within that party.

A. The PLN is now split into two main groups, with "Chico" ORLICH and Daniel ODUBER in a temporary marriage of right and left wings opposing a second group headed by "Pepe" FIGUERES and Father NUÑEZ. The ORLICH-ODUBER group proposes to turn over the government peacefully to President-elect TREJOS, then to operate as a democratic opposition through the National Assembly where they hold the real power and can cooperate with or oppose the President when it is to their advantage. They feel that, in the long run, this will strengthen their party and allow them to win the next elections. They do not want to fight with the SOMOZA's on the grounds that this might unnecessarily force TREJOS and the SOMOZA's closer together.

B. The FIGUERES-NUÑEZ group do not wish to turn the power over to TREJOS under any circumstances. They are trying to stir up trouble as soon as possible, saying the election was won by immoral means and is, therefore, not valid. They say that now is the time to strike before TREJOS and his people get into power and get better organized. They claim to be waiting only for a reasonable pretext to make their move. On 17 April 1966 at FIGUERES' plantation "La Lucha", he met with a group of PLN leaders, mostly loyal to himself, but with a few whom he believed would go along with his plans, and discussed what steps to take. The decision was to make a big publicity campaign through the National Assembly, accusing the SOMOZA's of violating Costa Rican dignity and national integrity by bringing along a large unit of Nicaraguan armed soldiers each time they visit their holdings in Costa Rica. (ARIZURRIETA stated the campaign was actually begun on 19 April 1966. At about that time, Managua Station noted articles in the same vein in the local opposition newspaper, "La Prensa".)

3. ARIZURRIETA says he got the contents of the following sub-paragraphs from a young Costa Rican who worked at one of the AMWORLD training bases, was approached by the Communists for recruitment, and has been handled since as a penetration of the Party by ARIZURRIETA. This individual is unidentified.

A. Classes in subversion and guerrilla warfare are being conducted at training centers in Limon for the Atlantic Coast region, and at Nicoya for the Pacific area. One of their basic texts is a pamphlet titled "Cuba en Marcha" by Francisco GAMBOA. Their objective is to organize a general strike in the banana fields, particularly on the Pacific Coast to include Chiriqui and David in Panama. This strike is planned for about 8 or 9 May 1966 so it will be in progress during the TREJOS inauguration. At the same time, the Party is preparing agitators and student organizers to make demonstrations against the presence of either of the SOMOZA brothers at the ceremony. They are considering two possibilities:

continued.....

(1) If a big bodyguard accompanies SOMOZA, they will make accusations of violation o. Costa Rican sovereignty and national integrity by an invasion of armed Nicaraguans and try to get demonstrations started that will snowball into uncontrolled riots.

(2) If SOMOZA does not bring a large bodyguard, they will shoot him. (Note: ARIZURRIETA says the Communists claim that FIGUERES is in league with them. They say that after the 17 April 1966 meeting at "La Lucha", he discussed the plans for the strike and student demonstrations with them. When talking about SOMOZA, he was quoted as saying, "Perhaps we need a dead man to help our revolution.")

3. AMBIDDY-1 says the following information has come to him and to ARIZURRIETA from Roberto MADRIZ, described as personal secretary to President ORLICH. MADRIZ says he has heard ORLICH and ODUBER discussing FIGUERES' opposition to TREJOS taking over the Government, and they decided the real reason was that he owes the National Bank several millions that he cannot repay and which were borrowed over the years on the basis of his political prominence without sufficient collateral. FIGUERES feels that if this fact were revealed by an unfriendly government, such as that of TREJOS, he would be finished forever politically.

San Pedro Sula, Honduras Centro America.
Marzo 18-1966.-

SR: Manuel Artime
Director Frente Revolucionario Cubano en el Exilio.
Miami Florida E:U:A.-

Van estas lineas para desearle toda clase de ventura personal y al mismo tiempo exitos en el Honrrozo cargo que esta depositado en sus manos,para destruir definitivamente de Cuba al sanguinario Gobierno Comunista de Fidel Castro.-

A continuacion quiero manifestarle lo siguiente: En esta Ciudad de San Pedro Sula vive una familia de Idiologia Marxista, ademas mandaron a xxxxxxxxxxxxxxxxxxxxx un Hijo de ellos a prestar sus servicios al Gobierno Comunista de la Xxxxx Habana en Marzo de 1961, este peligroso Comunista Internacional se llama Eliceo Mejia Cabrera O Rovelo, segun tenemos datos esta siendo entrenado en diferentes ramas de sabotage y Terrorismo es Hombre de toda confianza del Sanguinario Jefe del G=2 CubanoRamiro Valdez.

Esta xxxxxx sirviendo como enlace del Comunismo Internacional para varios Paices de Centro América y la America del Sur, entre los cuales se encuentra Guatemala-HONDURAS- Panama- Venezuela-Colombia-Peru-Bolivia.-Dando Consignas para Derrocar a estos Paices Democráticos de América y ponerlos a las ordenes de Moscu- Pequin y la Habana, el Pasaporte lo tiene con nombre distinto lo mismo que apellido y Nacionalidad tambien, a viajado a Paices Comunistas tales como ,Praga-Moscu- Pequin.-

Sus viajes para nuestra America los hace via Mexico, Paiz éste que se presta para la infiltracion Comunista en nuestra America, UD: SR. Artime lo comprende que haci es.-

Aqui esta otra Informacion importante para UD: Con ordenes de Eliceo Mejia Rovelo O Cabrera quien se encuentra en la Habana, se han traslado a fijar su Recidencia a los Angeles Estado de California E:U:A: tres primas Hermanas de este Peligroso Comunista Internacional, llamadas Nora- Oneyda y Marina Amaya Cabrera, las tres cumplieron ordenes de Eliceo desde la Habana para dicho viaje, el dinero para sus pasages en Avion y demas gastos en este Consulado se los envio su muy famoso primo Hermano Eliceo desde la Habana. Tambien tenemos noticias que existe correspondencia desde la Habana con ellas tres , pero con nombre y direccion distinta, cosa que les va ser difil controlar estas cartas , estas tres Comunistas que se encuentran alli en los Angeles xxxxxxxxxxxxxxxxx son muy vivas y astutas.

Tienen ordenes de su primo hermano Eliceo de la XXXXX Habana que vijilen todas las Actividades de la Agencia Central de Inteligencia (Cia) y del F-B-I.- Tambien tienen Ordenes de su primo hermano Eliceo de negar bajo todo punto de vista que son primas Hermanas de el y que todo eso quede en el misterio mas grande ,para burlar una vez más a las Actoridades de los E:U:A.- Debido que si la Agencia Central de Inteligencia (CIA) llega a saber ese parentesco existente con el serian extrañadas de los E:U:A.-y el perderia el control que tiene por el momento con ellas tres, las cartas que ellas mandan van a dar directamente a manos del Comandante Raul Castro, para mejor Informacion suya .-

14-00000

Nora- Oneyda y Marina Amaya Cabrera, burlaron al Honoraole Consul Americano de esta Ciudad en toda forma, tambien se manifestarle que cuando Marina Amaya Cabrera recibio ordenes de Eliceo de la Habana para que se trasladara a los Angeles, no quito sacar su visa en este Consulado de San Pedro Sula, donde tenia que sacarla por recidir ella aqui en esta Ciudad, XXXXXXXXX segun tengo Informacion fue a sacar su Visa a Tegucigalpa sorprendiendo una ves mas a dicha Embajada Americana, pues ella ya tenia datos que se le estaba siguiendo la pista, UD: sabe muy bien SR: Artime que los Comunistas agotan todos los recurzos que poceen para triunfar con sus planes que tienen y sugun las ordenes que reciben.-

Tambien le comunico que tiene viaje a fijar su Recidencia a los Angeles Estado de Ca California otra prima Hermana del Comunista Eliceo Mejia Robelo O Cabrera y Hermana de las tres Comunistas que XXXX le mencione en esta carta, llamada Lila Amaya Cabrera V de Lopez, llegando en esa forma a cuatro primas Hermanas del peligroso Comunista Internacionalque tendran su asiento en los E:U:A. saboteando la Labor de la (CIA) Sirviendo todas ellas de Puente de Enlace del Comunismo Internacional.-

La Señora. Lila Amaya Cabrera V de Lopez solamente espera el dinero que le enviara su primo Hermano Eliceo desde la Habana, para presentarce al Consulado Americano XXX XXXXXXXXXXXX para su correspondiente Visa burlando una ves mas al Consul Americano de esta Ciudad.-

Seria correcto SR: Artime que se le ordene al Consulado Americano de esta Ciudad que cancele la Visa de la Señora Lila Amaya Cabrera V de Lopez por ser enemiga de los E:U:A. y profesar Idiologia Extra-Continental y por tener un primo Hermano prestando sus servicios a un Gobierno que busca la destruccion de la Gran Democracia Americana, ~~como son: la Habana Moscow y Pequin.~~- Desterrar de los Angeles Estado de California a estas Tres Comunistas Internacionales llamadas Nora- Oneyda y Marina Amaya Cabrera, por las vinculaciones familiares y Correspondencia, con su primo Hermano Eliceo Mejia Robelo O Cabrera quien se encuentra prestando sus servicios al Gobierno Comunista de la XXXXXX Habana, para que sean remitidad a su Paiz de Origen San Pedro Sula, Honduras Centro America.-

Tengo la plena seguridad que UD: sabra atender esta mi carta, debido que esta basada a la verdad y nada mas que a la verdad, tengo la seguridad que al ser cauturadas estas tres Comunistas alli en los Angeles negaran a pie junto toda clase de vinculaciones familiares con Eliceo Mejia Robelo O Cabrera, todo eso se debe que tienen ordenes del Comunista Mejia Robelo de negar ese parentesco Familiar.- Se manifestarle tambien que tiene Viaje para Cuba Comunista un sobrino del Peligroso Comunista Internacional Eliceo Mejia Robelo O Cabrera llamado Heicel Mejia Moralez, quien Estudia en un Instituto de esta Ciudad, el propio XX Eliceo lo llama de la Habana, Heicel tiene viaje para Cuba en Septiembre de este Año segun tengo noticias, Heicel es sobrino de estas cuatro Comunistas Mujeres que le menciono en esta mi carta, tres de ellas ya tienen fijada su Recidencia alli en los E:U:A, otra mas esta por irce de esta Ciudad hacia los Angeles con el mismo propocito.-

Pongace en contacto con la Agencia Central de Inteligencia (CIA) para desterrar de los Angeles a estas tres Comunistas que le menciomo en esta mi carta y que den ordenes al Consul Americano de esta Ciudad para cancelar la visa que le menciono, dela Señora Lila Amaya V de Lopez.- Quiero que mi nombre no balla hacer revelado por temor a las represalias de esta Familia Comunista.- Afmo.--

Estimado Jim:

Como acordamos, te envío un reporte del resultado de la visita de Antonio Sanz a Europa.

1- Antonio salió para Francia el 12 de Marzo de 1966.

2- Pasó de Francia a España en automóvil (no exigen mas que la presentación de Pasaportes a los ciudadanos españoles y Antonio lo es) por Irún. Llegó a San Sebastian.

3- Se entrevistó el 16 de Marzo de 1966, a las 12 de la noche con el "Mago" Robreño y con "El gallego" López Lourido. La entrevista se prolongó hasta las 3 de la madrugada.

4- Lo que se trató:

a) Almejeiras, el Comandante Quevedo [Angel] (el de la Universidad), el Comandante Almeida y el Comandante Guillermo García [Valdivia]. Estaban en el complot. Es de notar que cuando se celebró la entrevista, aún no se había detenido a Almejeiras en Cuba; es decir, no puede haber sido invención del "Mago".

b) Que en realidad, el grupo complotado no necesitaba de nosotros militarmente, sino politicamente, pues nuestros contactos internacionales y nuestro prestigio con el pueblo cubano, iba a acortar la lucha y conduciría rapidamente a la estabilización del país.

c) Que a través del piloto de Cubana que le servía de correo, supo que lo que quedaba de la conspiración (si es verdad que Almeida y Guillermo García están, lo que queda es lo principal) quería establecer contacto con gente de Artime y que como "El Mago" ya estaba "quemado", tratarían de hacerlo a través del Embajador de Cuba en Suiza.

5- Q d) Que sería conveniente que alguien importante del grupo de Artime hablara con el Embajador de Cuba en Suiza.

Esto que te envío es un resumen de lo importante que se habló.

Como ves, si es cierto todo lo que dice, merecería la pena ir a Suiza (Antonio Sanz u otro) para hacer contacto con este señor.

El viaje de Antonio, más los gastos de transporte para no ir directamente a España, más otros gastos, como fué darle $300.00 al "Pago", no me permite seguir en ésto si Vds. no consideran ésto de valor. Si creen que debo seguirlo, por indicios de que pueda ser cierto, entonces sí estoy dispuesto a seguirlo, cueste lo que cueste.

Adjunto te envío unas declaraciones que creo se están trasmitiendo por onda larga (radio) a Cuba. Si es cierto, opino que los párrafos que están subrayados pueden ser muy negativos para cualquier conspiración que exista dentro de Cuba. Si pudiera evitarse el que esto se trasmitiera para Cuba, sería muy bueno, pues a ningún militar rebelde le va a gustar que lo traten como "corrompido", "inmoral", etc, etc.

Supllcote hagas lo posible por conseguir el programa radial para Cuba.

Sin más nada por el momento se despide de ti, tu amigo que te aprecia:

Manolo

Morales advised by phone 5 April that we had no interest in further trips re contacts in Europe.

Remarks: Attached are CV's of Cubans recommended by Artime to George Lodge for inclusion in the next class at Veraguas. Estimado amigo:

Quisiera notificarles de lo siguiente:

1-Han sido becados para estudiar en Panamá, por la Universidad de Harvard:

Felipe Villaraus
Eugenio Claude
Luis Fernández Mayato
Juan Fernández Garrido
Orlando Piloto

2-Ha sido invitado por Daniel Oduber a presenciar los comicios de Costa Rica:

Rafael García(Secretario de Juventudes)

3- Ha partido para Lima, Perú, como Delegado del Movimiento, que informará de la situación en ese lugar: Eduardo García Dartayet

4- El Genral Somoza se entrevistó con el Coronel López de Honduras, para aconsejarle dejara la bebida y prestara más atención a su Gobierno, pues las Fuerzas Armadas estaban muy inquietas y descontentas.

5- La Base "Zenón Viera" fué entregada al fin al Gobierno, por lo que retiramos los hombres que allí nos quedaban. Hemos tenido que dejar personal en el Bluff por motivos que Vds. comprenderán.

6- El detenido Albuerne fué entregado al Gobierno Nica para que lo condujese a El Salvador con algún dinero que se le entregó. El detenido parece que no formará escándalo dado que tenemos un papel escrito por una madre donde se le acusa de violación de un menor de edad en Miami.

7- Insisto en la necesidad de un programa de onda larga para Cuba.

8- A través de una tía política del líder estudiantil preso Pedro Luis Boytell (la tía se llama Esperanza Valdés) me he enterado por cartas de la madre de Pedro Luis, que se encuentra en estado de coma en el Hospital del Presidio de Isla de Pinos. La madre dice que la única forma de salvarlo es sacándolo de Cuba por canje con otros Gobiernos Latino-americanos. Es decir: cambiándolo por otros presos comunistas. Yo le dije a la tía que haría gestiones con Somoza pero que dudaba que él tuviera presos comunistas para canjear. La madre de Pedro Luis cometió el error de hablar por teléfono con la tía y mencionar mi nombre como individuo que quizás pudiera hacer algo por él. (La madre habló desde Cuba)

9- Por carta de Emilia Luzárraga me he enterado que la situación de los presos que han rechazado el indoctrinamiento comunista, es terrible. Entre ellos están los ~~[illegible]~~ presos del M.R.R. y por supuesto Lino Fernández entre ellos.
La esposa y los hijos de Andrés Cao posiblemente salgan para Miami.

10- Noto ciertas irregularidades en el vehículo español con respecto a la correspondencia, estoy tratando de comprobar si algunas cartas "se pierden" y tratando de "chequear" si eldinero que se manda se recibe en esa. Sé que el dinero se recibe, lo que no sé es si en la cuantía en que se manda.

11- A petición de Daniel Oduber hemos publicado un reportaje en "Tridente" donde se rebate la posibilidad de que Daniel sea comunista. Daniel utilizará esto en su campaña.

12- Informes de Panamá me dicen que la situación en ese país empeora por días, ya que el Gobierno tiene una actitud muy débil y muchos amigos que rodean a Marcos Robles han caído en robos al dinero del Estado, desacreditando al Gobierno. El recién surgido Partido Demo-Cristiano, está en plan de agitación, habiendo hecho contactos con la gente de Arias y según me cuentan, con algunos elementos comunistas. Parece ser que el comunismo se está escudando detrás del Partido Demo-Cristiano. Lo que sí es positivo, es que la agitación tiene un franco matiz anti-norteamericanista, y que el Gobierno está a la defensiva, una defensiva muy débil. Que carece

de elementos capacitados para iniciar una ofensiva propagandística de defensa. El tema del nuevo contrato del Canal, será uno de los temas más candentes de la campaña de agitación. Los muchachos nuestros becados, tienen instrucciones de observar e informar al respecto.

13-En Venezuela el anti-norteamericanismo se hace cada vez más patente en las esferas gubernamentales. Parece ser que Paz Galarraga es el centro de esta actitud hostil. Parece ser que en conversaciones privadas ha llegado a llamar al dinero de la Alianza para el Progreso: "el dinero maldito". Parece ser que tiene una gran influencia sobre Leoni y posiblemente sea el próximo candidato del Gobierno a la Presidencia de la República. Se habla insistentemente de que si "El Partido Copey" sigue ganando campo, el Gobierno soltará a Perez Jiménez para que aspire y divida la oposición restando votos al Copey.

Cada vez hay más militares en estado de descontento.

14-Suplico se me dé el nuevo teléfono de vuestra Oficina, ya que al llamar al que yo conocía, me sale un "record" que me dice que el teléfono no está en uso, creándome una dificultad si tengo que notificar algo urgente e importante.

Con un abrazo de su amigo:

Ignacio

MEMORANDUM FOR THE RECORD

SUBJECT: Limited Release from Secrecy Agreement-- Bernard L. Barker and Eugenio R. Martinez

copy located and sent to Mr. Smith on 24 Apr. 1974

1. In preparing the letter of 18 April 1974 (copy attached) from the General Counsel to Daniel E. Schultz in response to Mr. Schultz's letter of 9 April, I obtained from Ms. Chris Hopkins, WH/COG (x-1325), copies of (1) a secrecy agreement (in Spanish) by Eugenio Rolando Martinez dated 3 April 1965, (2) an unexecuted contract (an executed copy cannot be located) between the U.S. Government and Mr. Spencer O. Terteling (Bernard L. Barker) and (3) a termination secrecy oath signed by Bernard L. Barker dated 12 August 1966. Copies of those documents are attached.

2. After discussing the matter with Mr. David Phillips, C/WH Division, I prepared the 18 April letter adding the second sentence of the first paragraph at the request of Mr. Joe Skura, AC/WH/COG (x-1948). After completing the letter, I coordinated it on 15 April 1974 with Mr. Skura and agreed to send him a copy of the final.

3. On 18 April I met with Mr. Schultz. I questioned him as to his intentions regarding the information he was seeking as, in the Agency's view, clearly there is no connection between the Agency's association with Messrs. Barker and Martinez and the subject case. Mr. Schultz explained that he, as the lawyer representing them, feels obligated to know what they did for the Agency in order that he can make the determination as to whether it is relevant to the current trial--currently scheduled for 17 June. He mentioned that to date both Messrs. Barker and Martinez had been completely unwilling to discuss any aspect of their duties with the Agency. They had been reluctant to even acknowledge

their association with the Agency. I explained the Agency's serious reservations concerning the possibility of compromise of agents and operations that are still in being. I explained that the Agency continues to have associations with some of the individuals with whom Messrs. Barker and Martinez had contact during their Agency association. Mr. Schultz seemed to appreciate this problem. Thus, in order to attempt to protect those individuals, I explained that the Agency is currently not in a position to give Messrs. Barker and Martinez blanket authorization to identify individuals with whom they had contact during their Agency association. Mr. Schultz readily acknowledged those conditions.

4. I mentioned to Mr. Schultz that if, as a result of the discussions that are now being authorized, Mr. Schultz believes that certain individuals need to be identified he can make such a narrow request to the Agency at that time. I made no guarantee that we would approve such a request, only that we would consider it in view of (1) the rationale that Mr. Schultz would offer as to his needs, (2) the possibility of publication, (3) the damage to current operations, and (4) the precedent in terms of weakening the confidence of current and potential Agency relationships.

SUBJECT: Request from OGC for Signed Copy of Bernard BARKER's Contract

1. On 18 April 1974 Mr. Dietel of OGC asked if I had been able to locate a signed copy of Bernard Barker's contract which we were unable to locate a few days ago. The answer was no. I took advantage of Pete Palmer's presence at Hqs. on TDY to ascertain whether a signed copy of BARKER's contract could possibly be at [illegible] Station WH/Miami. Pete said with certainty there was no signed copy at Station WH/Miami since much of the material at the Station had been destroyed. Also, since BARKER was terminated in mid-1966, the Station file should have been transferred to Hqs. back then.

2. I passed the foregoing informaton to Mr. Dietel who simply asked that I double check with WH/Contracts and the Contract Personnel Division for same which I promised to do and advise.

CONTACT REPORT

CASE OFFICER: Norris Z. GERVENOT TIME:

PROJECT : AMABDUCT DATE: 11 March 1971

AGENT : AMSNAP-3 PLACE:

NARRATIVE : FUNDS PASSED: None RECPT RCVD:

1. AMSNAP-3 reported on 11 March 1971 that the charges of sale of narcotics levied on Jorge ALONSO, the son of Guillermo ALONSO Pujol (AMECRU-1), were dropped (no exact date given). Jorge was arrested 21 June along with forty others and charged with being a top figure in the heroin and cocaine distribution racket.

2. AMSNAP-3 stated that he had talked with a friend of his, Ray BARKER, on the morning of 11 March. BARKER told him that he had spoken to Attorney Miguel SUAREZ. SUAREZ is a law partner of Fernando FREIRE. FREIRE told SUAREZ that Jorge ALONSO had been released because all charges stemming from the 21 June arrest were dropped by the authorities. Therefore, there will be no trial.

3. CO Comment: It is a sad day when justice can be bought by the likes of ALONSO. The little man loses again because if he were charged with an offense 1/10th the magnitude of Jorge ALONSO's, he would be behind bars for a long time, and to make it worse, Jorge ALONSO can now go back ruining lives.

SUBJECT : Bernard L. Barker

1. Reference is made to our discussions regarding the letter written to this Agency by Mrs. Edwin T. Moffett in regard to her son's marriage to Subject's daughter.

2. As discussed with you, Mrs. Moffett was telephonically contacted and was advised that the Agency could not give her any information regarding Subject's possible employment with the Agency. Mrs. Moffett understood this and did not attempt to argue the point. Mrs. Moffett also was advised that her fears regarding the possible kidnaping of her daughter-in-law were not based on any known incident.

3. Mrs. Moffett was also advised that she should contact her daughter-in-law and son in order to get more information regarding the daughter-in-law's background. Mrs. Moffett said that she had only met the daughter-in-law for a brief time and was not able to ask all the necessary questions.

4. Mrs. Moffett was satisfied with our call and there was no indication that she would pursue this further with any government agency or Congressman.

In response to your letter of March 10, we wish to advise we are unable to provide you with any information concerning ~~the former~~ employment of Mr. Bernard L. Barker.

With regard to your concern for the safety of your daughter-in-law, we are unaware of any cases of a former resident being kidnapped and returned to Cuba. Furthermore, since it is assumed Mrs. Moffett is a U. S. citizen, such a possibility ~~seem~~ appears rather ~~too~~ remote to warrant ~~justify~~ the apprehension expressed by her family.

AMCLATTER/1 Progress Report for February 1965

ACTION REQUIRED - REFERENCES

Action Required: None, For Your Information.

I. OPERATIONAL CHRONOLOGY

A. During the period under review AMCLATTER/1 was transferred from the PW Branch to the CI Branch for future handling. Subject's files were turned over to CI on 27 January 1965 and he was informed by his PW case officer of his proposed transfer at a meeting on 2 February. A subsequent meeting was scheduled for 8 February with AMCLATTER/1 and the PW case officer at which time the latter introduced him to the CI case officer. Subject appeared to be pleased with this turn of events expressing the wish that he could be put to more frequent use and be given a heavier work load. He said that he enjoyed his 2½ year association with his previous case officer but looked forward to getting into a new line of activity, preferably some type of PM activity or investigative work which he claims to enjoy as a result of his previous police experience in Cuba. Subject was told by the CI case officer that his duties would remain essentially the same as they had been and that he should continue his coverage of exile activities with emphasis on any rumors of impending exile raids on Cuba.

B. On 18 February Subject was introduced to AMBLINK/1 and was told that AMBLINK/1 would keep in daily touch with him either by telephone or by personal meeting. Subject and AMBLINK/1 know one another from the time when they both were working in Cuba and both

seem pleased with the current arrangement whereby they will be in contact with one another. In addition to this daily contact, meetings are held with Subject and AMBLINK/1 about once a week by the CI case officer to discuss Subject's reporting as well as any difficulties he may have encountered or guidance he may need. For all practical purposes, however, AMCLATTER/1 is being handled by AMBLINK/1. Subject knows nothing about AMBLINK/1's other operational duties and contacts, and the latter has been instructed to limit his discussions with AMCLATTER/1 to any mutual business at hand. AMCLATTER/1 knows AMBLINK/1 by true name (which he knew in Cuba) and has his home telephone number. During the absence of AMBLINK/1 from the area the CI case officer will meet directly with Subject.

II. PRODUCTION

Subject provided a number of useful reports during the period under review mainly concerned with proposed MIRR bombing missions over Cuba and details concerning the ransacking of AMBIDDY/1's house. The following disseminations were made as a result of Subject's production:

A. UFG-6635 (WAVE 7900; 3 February 1965) from Frank Fiorini: Alleged abortive Air Raid over Cuba by the MIRR.

B. WAVE 8261 (Rybat; 13 February 1965): Ransacking of AMBIDDY/1's house.

C. UFG-6710 (WAVE 8326; 16 February 1965) from Frank Fiorini: Planned Air Strike Against Havana by the MIRR.

D. WAVE 8419 (Rybat; 17 February 1965): Additional information on Ransacking of AMBIDDY/1's House.

E. UFG-6727 (WAVE 8394; 17 February 1965) from Frank Fiorini: Decision of Orlanda Bosch Avila to Use Cuban Pilot on MIRR's Air Strike of Havana.

F. WAVE 8521 (Rybat; 20 February 1965): Additional information on Ransacking of AMBIDDY/1's House.

G. UFG-6747 (WAVE 8618; 23 February 1965) from Frank Fiorini and Bill Johnson: Insistence of Orlanda Bosch Avila that the MIRR Bomb Havana.

III. FINANCES

Subject was paid his February salary in the amount of $433.77. (This amount is arrived at after withholding his income tax from $500.)

IV. FUTURE PLANS

AMBLINK/1 will continue to contact Subject on a daily basis either by telephone or by personal meetings and will see that Subject's reports are promptly relayed to the CI case officer. Subject has been instructed to continue his coverage of exile activities in the area with emphasis on prompt reporting of any impending exile raids on Cuba. Subject will also continue to report in writing any conversations that he has with Cuban exiles who appear of operational interest and will explore his wide array of contacts for any information that may lead to the identification of Cuban intelligence assets operating in the area. In this connection Subject is currently exploring a lead involving two Cuban mulatto women who allegedly have hit the bolita numbers frequently (six or seven times) and for large sums of money. Subject, who has a theory that Fidel Castro may be using the bolita racket to fund agents in the U.S., is trying to learn the identities of the two mulattos. He

has been cautioned not to delve too deeply in this matter however since he may become involved with local underworld elements who may take drastic action against him in the belief that he is working for either the local ODENVY or the police. Subject said that he is well aware of this possibility and is making very discreet inquiries with the assistance of certain friends (Cuban ex-policemen) who are bolita runners and who know that he has no interest in their bolita activities per se except to learn the identities of the two Cuban mulatto women. Subject said that his friends, in addition to possibly helping him, would like to know the identities of the two women since they would then play the same number as the two women and make some money on their own.

BILL :

Things turned out very well, for I was invited to a small dinner party last night. Ernesto was there, and he freely brought out the subject personally with me, as though he wanted me to know. He expects the NYT man--HARPER--to return from Miami this week (I do not know if he meant back to Washington or to New York), and something to appear in the paper some time after that. As I told you, the NYT is convinced there are three related events:

a) The Watergate affaire.
b) The break-in at the Chilean Embassy.
c) An attempt to "beat up" ELLSBERG on the Capitol grounds.

These three events, in turn, were carried out by a single group of Cubans either recruited by or in the pay of the Agency. In fact, they think that [illegible] GONZALEZ and another one of the people that I mentioned to you were actually in the Watergate, but managed to escape. In addition, as they say, this group has links not only with the Agency, but also with the GOP...perhaps separately, but with similar objectives. A very serious charge. That is precisely the connection that the NYT wants to establish. The NYT man claims--according to Ernesto--to have a photo of Manuel GIBERGA, a Cuban who is a White House assistant for Spanish-speaking affairs--and Bernard BARKER, who they think is the key man ("A CIA agent recruiter"), together.

HARPER also visited Felipe PAZOS, a well-known Cuban economist who, at present, is with the Inter-American Development Bank. Harper might have also seen some Chilean dips, but this is only an inference on my part.

The other birds on the list that I gave you were specifically tied to the Ellsberg case. They were brought up from Miami--armed--to physically disrupt Ellsberg's appearance before a Congressional Committee. The Cubans were unable to get to him, but did fight with some of his supporters, who were arrested. The Cubans were not. Official protection is what they are looking for in this particular case.

Photographs of Grain Silos at Ensenada de Guanabacoa, Regla, Havana

9 March 1966

1

1962 - December 1965

United States, Miami
(4 March 1966)

UFG-8016

Angel M. Maceda Sanchez (A 14 088 180) a Cuba refugee who was a welder and mechanic employed by the Cuban Ministry of Construction and participated in the construction of silos at Ensenada de Guanabacoa, Regla, Havana. Maceda departed by air from Cuba on 16 December 1965 and arrived in the United States that same day.

1. In 1962 the Government of Cuba drew up plans for the construction of a grain silo complex at Ensenada de Guanabacoa, Regla, Havana on property adjoining an edible oils manufacturing plant which had a daily capacity for processing 300 tons of soy beans. Actual construction of the silo complex started on 3 November 1964 following the September arrival of a number of Polish technical personnel who were to supervise the construction.

2. The silo complex consists of 36 silos, each 37 feet high and six feet (as received) in diameter. The complex is arranged into two groups of 18 silos each with a building to be built between the two groups. The top of the silos will be interconnected by a railway. In addition a system of tubing and pipes will interconnect the silos at the bottom.

3. On deposit in the Graphics Register are four photographs of the silo complex under construction which were probably taken about December 1965. Copies of these photographs may be obtained by requesting the following control numbers:

Field Comment: Maceda, who is not a highly qualified technician, was of the opinion that an inordinate amount of cement was being utilized in the construction of these silos. He also states that on one occasion a delivery of cement was returned to the cement plant as it did not meet certain technical specifications.

Activities in Miami on Behalf of Fulgencio Batista Zaldivar

United States, Miami
(16 December 1965 to 4 February 1966)

See below

Summary. Fulgencio Batista Zaldivar has an organization in Miami which is composed of a small group of his trusted followers. The main function of this group is in the field of propaganda. Between $5,000 and $7,000 per month of Batista's money is channeled through this group, most of which is spent in support of these activities. On Batista's instructions, the newspaper Patria will adopt a more moderate line, including a friendly attitude toward the United States Government and its foreign policy. Attacks on agencies of the Government and support for RECE, with which the Batista group is making an agreement, will be published in a different newspaper. A Batista confidant left the United States for Spain in January on Batista's invitation.

Source for paras. 1 to 7: Former high-level Latin American Government official who has travelled frequently throughout the Caribbean and Central America where he maintains close friendships with a wide range of military and political leaders. He is a rightist, a trained reporter and his information has been fairly reliable in the past. Because of his past and present political affiliations, it can be assumed that he is biased in favor of Batista.

1. Fulgencio Batista Zaldivar, former President of Cuba, has a personal organization in Miami known as the Buro de Aclaraciones y Respuestas (BAR, Bureau of Explanations and Answers) which is composed of a small group of men who enjoy his trust and confidence. The titular head of BAR is Ruben Batista Godinez, Batista's son, and includes the following people:

CONTROLLED DISSEM
NO FOREIGN DISSEM

Roberto Fernandez Miranda, Fulgencio Batista's brother-in law who lives at 5424 Alton Road, Miami Beach, Florida.

Nicolas Jacobo Saif Yapor, another brother-in-law[2]

Antonio D. Torra

Florencio Guerra Suarez, former Cuban ambassador

Mario Cobas Reyes,[3] former Cuban Minister of Transportation

Jose Gonzalez Puente,[3] former Cuban senator

Enrique Pizzi de Porras[3]

Other trusted members of Batista's entourage include Orlando Piedra Negueruela,[4] former head of the Cuban National Police, who lives at 1505 Westbrook, Apartment D, New Orleans, Louisiana; and Atorresagasti (fnu), Batista's former military aide and confidant, who is now in charge of Batista's office in Mexico.[5]

2. Members of BAR meet on an irregular basis in an office in Cobas' garage at 2770 S.W. 22nd Avenue, Miami, because Cobas, who is in poor health, does not leave his home. The group monitors news media for items of interest to Batista, particularly those items in which he is mentioned. Members of the group recommend items to be published, and Guerra is responsible for the preparation of a weekly report to be released to the press and radio.

3. The finances of BAR are handled by Fernandez, with the assistance of Saif. Batista provides between $5,000 and $7,000 (U.S.) per month, which is used for salaries, propaganda and other expenses and contributions. Following is a list of some of the regular monthly payments:

Patria newspaper, $2,000

Ernesto Montaner, journalist, $400

Oscar "Bebo" Kramer, for his newscast, $400[6]

Martha Flores Montero, for her radio program, $300[6]

Rafael Guas Inclan,[3] former vice-President of Cuba, $300

Otto Sirgo, actor,[3] $300

Gonzalo Guell Morales, former Prime Minister of Cuba, $300

Also, Torra, Guerra, Cobas, Gonzalez, Pizzi and others each receive between $200 and $300 each month.

4. Requests for financial assistance are received from other Cuban emigres such as former military and naval personnel and policemen. Often these requests are honored, on a one-time basis, and in a manner that will assure that they do not become permanent financial obligations on the part of Batista. Some publications are financed with Batista's money, such as the book Historial Obrero Cubano by Mario Riera Hernandez, a journalist, which was published in the latter part of 1958 at a cost of $2,000.

5. Batista does not contribute a fixed amount of money to any emigre organization. However, he does offer financial assistance to individual members of organizations, particularly those of the Alianza Para la Libertad de Cuba (ALC, Alliance

for the Liberty of Cuba) which is headed by Generoso Campos Marquetti. The majority of the members of the ALC are Batista adherents.

6. At a meeting on 8 December Ruben Batista and Fernandez relayed Batista's instructions to a group of his followers who are employed in the news media. The instructions included the following:

   a. The newspaper Patria must take a more moderate line. Attacks on agencies of the United States Government and on emigres who were formerly followers of Fidel Castro Ruz will no longer be published. The newspaper must adopt an attitude friendly toward the United States Government and its foreign policy.

   b. Batista is pleased with the news program broadcast by Kramer and would like to increase the program from one half to a full hour. The expansion of this program is not for the purpose of enhancing Batista's stature, because he no longer aspires to return to Cuba in a position of power. He realizes that such aspirations would be unrealistic. Batista feels that the time that will be favorable for the liberation of Cuba is approaching, and he wants Cuban emigres to re-double their efforts in working toward the liberation.[8]

7. Among others who attended the 8 December meeting were Arnando Garcia Sifredo, editor and publisher of Patria, Alberto Rodriguez Rotger, also of Patria, Kramer, Miguel Angel Antonio Blanco Cortina, a member of Kramer's editorial staff, Saif, and Santiago Rey Perna, a news commentator on radio station WMIE.

   Source for para. 8: A Miami businessman who was a resident of Havana for several years. The source has contacts who recognize him as a channel to U. S. Intelligence. The ultimate source of this information is a Cuban emigre in Miami whose reliability cannot be judged.

8. In about mid-November 1965 a group of Batista's followers met at Fernandez' house to discuss policy changes which were considered necessary to prevent persecution of Ruben Batista and Fernandez by Cuban emigres in Miami, and by authorities of the United States Internal Revenue Service. The following decisions were reached:

   a. They would proceed to arrange an agreement with the Representacion Cubana en el Exilio (RECE, Cuban Representation in Exile).[9] In this agreement, Batista would support RECE in Batista-sponsored press and radio, and furnish RECE with war materiel, such as boats and arms. In exchange RECE would pledge to support Batista's political organization in Cuba after Cuba has been liberated. To show good faith in this agreement Ernesto Freyre Varona, leader of RECE, would be asked to appear on a radio interview in which he would indicate "tacit tolerance" of Batista.[10] The agreement between the two groups will not be acknowledged.

   b. Mundo Americano will be given financial support.[11] This newspaper will be used instead of Patria for publishing attacks on agencies of the United States Government, and for articles supporting RECE.

Source for para. 9: A member of a group of Cuban emigres trained in the techniques of information collection. The group has provided useful reports since 1961.

9. On 13 January Jose Ignacio Rivero Hernandez, former editor of the newspaper El Diario de la Marina in Cuba, said he is planning to publish a newspaper which will be called Foto Impresiones de la Marina. Montaner will assist Rivero in this endeavor. The newspaper will be financed by Batista. Rivero opined that when this newspaper is established, Patria will no longer be published.

1. Source Comment. Followers of Batista ("Batistianos") fall into two categories: (1) those who are directly associated with Batista, are employed by him, and receive instructions from him or his intermediaries; and (2) those who were formerly connected with his administration and, even though they are no longer directly associated, they remain loyal to him.

2. Field Comment. Source has also reported that Fernandez' wife, Adela, is Saif's sister.

3. Source Comment. Cobas, Gonzalez, Guas and Sirgo are also journalists and radio commentators. Pizzi was at one time employed by the newspaper Mundo Americano, a job which he received on Batista's recommendation.

4. Field Comment. An independent source reported that Piedra left the United States for Spain during the week of 16 to 22 January. He went at Batista's invitation. In mid-December another usually reliable source reported that it was rumored in the emigre community in Miami that Piedra and Laurent (fnu) were to meet with Batista in the near future, after they had concluded an agreement with Aureliano Sanchez Arango whereby Sanchez and his group would cooperate with Batista in an effort to overthrow Castro. Laurent is probably identical with Julio S. Laurent Rodriguez, former Cuban Chief of Naval Intelligence. Sanchez is a leader of the Frente Nacional Democratico Triple A (FNDTA, National Democratic Front/Triple A/).

Source Comments:

5. Since the death of Leopoldo Pio Elizalde, Atorresagasti has been in charge of the publication Defensa Institucional Cubana. Formerly Atorresagasti assisted Fernandez in handling finances, the function now performed by Saif.

Field Comment. Atorresagasti is probably Manuel Atorresagasti Garcia. Pio directed the publication of Defensa Institucional Cubana from Mexico City.

6. The two radio programs which are sponsored and controlled by Batista are those of Flores from 1:30 to 1:45 p.m., and Kramer from 1:45 to 2:15 p.m., both on Miami radio station WMIE.

7. The attitude of the RECE has become more favorable to "Batistianos." Although it has not been acknowledged, it is possible that Batista has helped that organization.

8. Batista feels that it is useless to attempt to finance a war against Castro with personal funds. Such ventures are costly and the results are negative. Therefore, he refuses to consider plans for military action.

Field Comments:

9. TDCSDB-315/03734-65 from an independent source, reported that Batista had instructed his representatives in the United States to attempt to gain control of RECE.

10. According to the source of paras. 1 to 7, Freyre has appeared on Kramer's radio program twice.

11. The last issue of Mundo Americano was published in New York on 29 November 1965. An independent source reported that a new weekly newspaper called Nuevo Mundo Americano will be published in New York. Rolando Masferrer Rojas will be the director of the newspaper. It was believed that Batista would provide $20,000 with which to establish the publication. (Cf.).

Source Comment. Masferrer writes under the name Policarpo Pineda.

AMCLATTER/1 Progress Report: October-December 1965

1. During the reporting period AMCLATTER/1 has continued to serve as contact point for matters pertaining to Cuban exile activities and related affairs of possible CI interest. He has maintained his large number of contacts within the Cuban exile community, contacts representing such varied sectors as exile political leaders, officials of exile organizations, former members of the police force, as well as suspected underworld characters. AMCLATTER/1's close relationship to Identity A has resulted in a number of reports which were of interest to other Station components and some of which were disseminated. AMCLATTER/1 is at his best when asked to furnish information about individuals in the WAVE area who may be of operational interest to the Station; he pursues such assignments with the zeal of a trained bloodhound, combing his many and various contacts for information and rarely coming up with a negative report. AMCLATTER/1 works diligently and likes to be kept busy. It is preferable to give AMCLATTER/1 highly specific and detailed instructions, which he will then follow to the letter. When left to his own devices he will at times not use the best operational judgment, which is usually the result of over-zealousness and expediency rather than lack of operational know-how or experience.

2. In November 1965, with the increase in the refugee flow, the CI Branch began using the services of AMCLATTER/1 in interviewing refugees of interest to this Branch and preparing debriefing reports. In this respect he is performing the same kind of work as members of the AMSERVE Team. However, because of his continuing reporting on Cuban exile matter, his many contacts within this community, and the fact that he is known to be in touch with KUBARK among a large number of this

community, it was decided not to incorporate AMCLATTER/1 into the AMSERVE Unit but rather continue running him as a singleton agent. It was also felt that he responds more favorably under the direction and guidance of one case officer rather than as a team member. AMCLATTER/1 has performed very well in his new duties as refugee debriefer, and his debriefing reports are models of thoroughness, if not of organization.

3. During the reporting period October-December, AMCLATTER/1 conducted a total of 16 refugee debriefings and prepared reports on these. Some of the debriefings required as many as four separate sessions. In addition, AMCLATTER/1 submitted ten operational reports dealing with information concerning the Cuban exile community, the majority of these stemming from contacts with Identity A. Two of these were disseminated.

4. During the period October-December 1965 the following funds were expended for AMCLATTER/1: Salary - $1,344.87; reimbursement for POV mileage and operational expenses - $209.44; total - $1,554.31.

Activities of Roberto ALEJOS Arzu (201-281386)

ACTION REQUIRED - REFERENCES

ACTION: FYI

RID: Please see last paragraph.

1. On 7 January 1966 AMCLATTER-1 reported the following information concerning recent activities of Roberto ALEJOS Arzu, wealthy Guatemalan emigre in Miami. AMCLATTER-1 got the information from his 19-year-old daughter, who in turn got it in conversation with Cristina ALEJOS, 19-year-old daughter of Roberto ALEJOS, during a visit to the ALEJOS residence on 5 January. The two young women are close friends.

a. Roberto ALEJOS has leased his house at 180 Palm Island Drive, Miami Beach, to an unknown person effective 15 January, for a period of one year. The ALEJOS family will move to another house owned by ALEJOS and located at 2395 North Meridian Avenue, Miami Beach, Telephone No. 538-3148. This house has been used as a guest house for relatives and friends from Guatemala visiting Miami. The house is currently occupied by Rafael CASTILLO Menocal [see copy of his card, attached], who is related to the Cuban MENOCALS.

b. CASTILLO arrived in Miami from Guatemala on 17 December 1965 for a two-week visit, extended since. A close friend or relative of ALEJOS, CASTILLO is

wealthy, in his early 50's, well educated, and speaks Spanish, French, Italian, and English. He is deaf in his left ear. His daughters, who attended schools in Brussels, are also well educated and speak several languages. CASTILLO plans to return to Guatemala on 12 January 1966.

c. Cristina ALEJOS plans to leave for Guatemala on 15 January. For the past month her father has been training her on his properties in Guatemala about which she is to give him a report after her arrival there. Her father is particularly worried about "his large farm which is losing money." ALEJOS has indicated to Cristina that eventually she will take over control of all his property in Guatemala. She will stay with the CASTILLO Menocal family for three weeks, after which she will stay with her father's brother Arturo in Guatemala City.

d. Roberto ALEJOS does not plan to go to Europe this year because of the uncertain status of his financial affairs. He often speaks of his concern about the tense political situation in Guatemala and the danger of a Communist takeover. He is also concerned about his daughter's American boy friend, Arthur GORDICK (phonetic), who has had some problems in Guatemala involving the police. ALEJOS has forbidden Cristina to see GORDICK, but she is not complying with his order.

2. Station index files have no traces on Cristina ALEJOS, Arturo ALEJOS, or Arthur GORDICK; nor are there any traces identifiable with Rafael CASTILLO Menocal.

FIELD REPORT NO. UFG-7601

SOURCE AND APPRAISAL: A MIAMI BUSINESSMAN WHO WAS A RESIDENT OF HABANA FOR SEVERAL YEARS. HE HAS CONTACTS WHO RECOGNIZE HIM AS A CHANNEL TO U.S. INTELLIGENCE. THIS INFORMATION WAS OBTAINED FROM A CONFIDANT OF JULIO GARCERAN DEL VALL SOUZA.

1. (FIELD COMMENT: ROBERTO ALEJOS ARZU, GUATEMALAN MILLIONAIRE RESIDING IN MIAMI BEACH, FLORIDA, PLANNED TO OVERTHROW THE GOVERNMENT OF GUATEMALA IN THE SPRING OF 1965, USING A GROUP OF CUBAN EMIGRES WHOM HE HAD RECRUITED FOR THE OPERATION. ON 4 MAY ALEJOS AND LUIS SIERRA LOPEZ, MILITARY LEADER OF THE GROUP, WERE APPREHENDED AND THEIR ARMS CACHES SEIZED BY UNITED STATES GOVERNMENT OFFICIALS).

2. ON 8 OCTOBER 1965 DR. JULIO GARCERAN DEL VALL SOUZA, LEADER OF THE PRO-GOBIERNO CONSTITUCIONAL DE CUBA (PGCC, PRO-CONSTITUTIONAL GOVERNMENT OF CUBA), SAID THAT ROBERTO ALEJOS ARZU HAD INDICATED TO HIM THAT DAY THAT HE WOULD BE INTERESTED IN

STATE/INR DIA ARMY/ACSI NAVY AIR JCS SECDEF NSA NIC OCI ONE OCR ORR
TREASURY FBI I&NS CUSTOMS BORDER PATROL COAST GUARD FAA D/OCI 2 CIA/NMCC EXO

RECEIVING AID FROM GARCERAN IN THE FORM OF ABOUT 40 CUBAN EMIGRES WHO WOULD BE WILLING TO GO TO NICARAGUA FOR TRAINING IN PREPARATION FOR AN EVENTUAL COUP AGAINST THE GUATEMALAN GOVERNMENT. ALEJOS PROMISED GARCERAN THAT IF THE COUP WERE SUCCESSFUL, ALEJOS WOULD ESTABLISH A CUBAN GOVERNMENT IN EXILE IN GUATEMALA WITH GARCERAN AS ITS "PRESIDENT."

3. GARCERAN SAID THAT THE PLAN IS MERELY IN THE "TALKING STAGE" AND STRESSED THAT THERE ARE AS YET NO SPECIFIC PLANS, LOCATIONS, OR TIMETABLES IN EFFECT.

4. ALEJOS SAID THAT HE HAD MADE SEVERAL TRIPS TO GUATEMALA, AND SPECIFICALLY MENTIONED A MEETING HE HAD HAD WITH ROJAS MARROQUI (FNU) ON 14 SEPTEMBER DURING THE COURSE OF A FOUR-DAY TRIP "THROUGH THE FRONTIER." ON THE SAME TRIP ALEJOS ALSO MET WITH ABUNDIO MALDONADO, JOSE LUIS ARENAS, VILLAGRAN KRAMER, TWO BARRIOS PENA BROTHERS, AND MARIO MENDEZ MONTENEGRO. (FIELD COMMENT: MENDEZ MONTENEGRO WAS CHIEF OF POLICE DURING THE REGIME OF JACOBO ARBENZ GUZMAN AND RAN FOR PRESIDENT OF THE REVOLUTIONARY PARTY TICKET IN 1957.) IN ADDITIONA ~~LAEJOS~~ ALEJOS MET WITH UNNAMED "NON-COMMUNIST" SUPPORTERS OF FORMER PRESIDENT JUAN JOSE AREVALO AS WELL AS WITH SUPPORTERS OF ENRIQUE PERALTA AZURDIA, CHIEF OF STATE, AND COLONEL MIQUEL ANGEL PONCIANO, CHIEF OF STAFF OF THE GUATEMALAN ARMY. (FIELD COMMENT: TDCSDB-315/03135-65, 25 SEPTEMBER 1965, REPORTED THAT ALEJOS WAS ASKED TO LINE UP BEHIND PONCIANO IN AN ATTEMPT TO OVERTHROW PERALTA.) ALEJOS SAID THAT HE MET WITH THE MILITARY LEADERS

AT CAMPO DE MARTE IN FRONT OF THE HEADQUARTERS OF THE GUARD OF HONOR. HE SAID THAT DURING HIS ILLEGAL TRIPS TO GUATEMALA HE HAD STAYED IN ABOUT 11 DIFFERENT HOUSES.

5. ALEJOS TOLD GARCERAN THAT, IN ORDER FOR HIS COUP TO HAVE ANY CHANCE FOR SUCCESS, IT IS IMPERATIVE THAT HE HAVE THE FULL SUPPORT OF THE GUATEMALAN AIR FORCE. HE ASSURED GARCERAN THAT HE HAS SUCH SUPPORT.

6. ALEJOS SAID THAT HE WOULD SUPPLY THE NECESSARY ARMS AND EQUIPMENT TO THE CUBAN EMIGRES RECRUITED BY GARCERAN. HE REVEALED THAT THE LOCATION OF THE TRAINING SITE WOULD BE IN NORTHERN NICARAGUA, A NECESSARY CHOICE BECAUSE SOUTHERN NICARAGUA IS TO BE USED BY THE SOMOZA/SCHECK FORCES AS A LAUNCHING SITE FOR A COUP AGAINST THE GOVERNMENT OF COSTA RICA. (FIELD COMMENT: THIS PROBABLY INVOLVES THE PLANS OF MIGUEL RUIZ HERRERA, A COSTA RICAN REVOLUTIONARY AND LEADING ORGANIZER IN NICARAGUA OF A COUP EFFORT AGAINST COSTA RICA, ON WHICH THERE HAS BEEN SUBSTANTIAL REPORTING.)

7. (FIELD COMMENT: A NEW SOURCE, WHOSE ACCESS IS BELIEVED TO BE GOOD, REPORTED IN LATE SEPTEMBER THAT ONE CARLOS ALEJOS, RESIDENT OF MIAMI, HAS BEEN SUCCESSFUL IN MOVING A LARGE QUANTITY OF ARMS INTO GUATEMALA VIA EL SALVADOR AND HONDURAS AND THAT HE HAS ALSO BEEN SUCCESSFUL IN ENLISTING THE SUPPORT OF GUATEMALAN EXILES IN MEXICO FOR HIS COUP. ALEJOS IS PROBABLY IDENTICAL WITH ROBERTO ALEJOS ARZU.)

8. FIELD DISSEM: CINCSO, CINCLANT, COMKWESTFOR, MIAMI REPS

OF STATE, FBI, I&NS, CUSTOMS, BORDER PATROL, FAA, AND USCG.

SECRET NO FOREIGN DISSEM

10 SEP 1965

TO: Director
Federal Bureau of Investigation
Attention: Mr. S. J. Papich

FROM: Deputy Director for Plans

SUBJECT: Involvement of Blanca Rosa MAYORGA, Wife of U.S. Army Colonel John H. Kelly, in Plans to Overthrow the Government of Nicaragua

1. Reference is made to paragraph 4 of TDCSDB-315/02854-65, dated 1 September 1965, Subject: Remarks Made By General Anastasio SOMOZA Concerning Daniel ODUBER of Costa Rica and Communist Plans for Revolutionary Action Against Costa Rica, Nicaragua, and Panama.

2. Source of the following information, who was also source of above reference, is a Miami businessman, who was a resident of Havana for several years and who has contacts who recognize him as a channel to U.S. intelligence. The information was received on 31 August 1965.

A. Dr. Julio GARCERAN del Vall Souza, former Cuban Supreme Court Magistrate, said there is a plot afoot to overthrow the Government of Nicaragua.

B. On 3 August 1965, GARCERAN visited Blanca Rosa MAYORGA, whom he knew in Cuba, at her home, 1310 Longfellow Street, N.W., Washington, D.C., where she resides with her husband, U.S. Army Colonel John H. KELLY, who is employed in the Pentagon. Blanca Rosa told GARCERAN that she would soon be leaving for Nicaragua where her cousin, who married Tachito SOMOZA, lives. At the request of Francisco AGUIRRE, owner of Diario Las Americas and brother of Horacio AGUIRRE, managing editor, Blanca Rosa has agreed to deliver messages and reports to a number of Nicaraguans who, with Francisco AGUIRRE, are involved in plans to overthrow the SOMOZA government.

SECRET NO FOREIGN DISSEM

C. GARCERAN explained that on 4 August he accompanied his "Washington delegate," Gerardo MORA, to the home of Col. KELLY, who, according to MORA, has wide military contacts in Washington because of his position in the Pentagon. GARCERAN had prepared a memorandum which he left with KELLY, who was to try to arrange an interview with Secretary MCNAMARA for GARCERAN. When GARCERAN changed his mind about the proposed meeting with Secretary MCNAMARA, who would probably not receive him anyway because of pressing problems in Vietnam, he returned to the KELLY home on 5 August to request return of his memorandum. He was received by Blanca Rosa, who told him that Francisco AGUIRRE had waited to see him but had to leave. She then told GARCERAN about her mission for AGUIRRE for which she was especially suited because of her relationship to Mrs. "Tachito" SOMOZA and because her husband is a U.S. Colonel, whose status would place her above suspicion.

3. No additional information is available to this office concerning Blanca Rosa MAYORGA.

4. Files of this office identify one Gerardo MORA, of Cuban origin, as a lawyer employed at the OAS in Washington, D.C.

5. Additional information is available in this office concerning GARCERAN, Francisco AGUIRRE, and Horacio AGUIRRE.

1. ON 10 JUNE 1965, CRISTINA ALEJOS, DAUGHTER OF ROBERTO ALEJOS ARZU, A GUATEMALAN MILLIONAIRE LIVING IN EXILE IN MIAMI BEACH, FLORIDA, SAID THAT HER FATHER HAD CANCELLED HIS PLANS TO VACATION IN EUROPE THIS SUMMER. SHE SAID THAT HE CANNOT OBTAIN THE FUNDS THAT HE HAS IN GUATEMALA AND THAT HE DOES NOT WANT TO USE THE MONEY HE HAS IN THE UNITED STATES FOR THE TRIP. (FIELD COMMENT: ACCORDING TO TDCSDB-315/01726-65, DATED 20 MAY 1965, THE SAME SOURCE REPORTED THAT ALEJOS HAD PLANNED TO TAKE HIS WIFE AND DAUGHTER ON A EUROPEAN VACATION IN EARLY JUNE AND THAT HIS ITINERARY INCLUDED ITALY, FRANCE, AND SWITZERLAND).

2. (FIELD COMMENT: ALEJOS HAD RECRUITED ABOUT 30 CUBAN EXILES IN THE MIAMI AREA WHOM HE INTENDED TO USE IN AN ATTEMPT TO OVERTHROW THE GUATEMALAN GOVERNMENT. HOWEVER, THE OPERATION ABORTED IN EARLY MAY WHEN HE AND LUIS SIERRA LOPEZ, MILITARY LEADER OF THE EXILES, WERE APPREHENDED AND THEIR ARMS CACHES WERE SEIZED BY UNITED STATES GOVERNMENT OFFICIALS. HOWEVER, ON 8 JUNE, ALEJOS IS REPORTED TO HAVE ASKED ODELIO GARCIA DERIZANZ, A CUBAN EXILE LIVING IN MIAMI, TO RECRUIT ABOUT 50 MEN FOR A VENTURE THAT ALEJOS IS PLANNING, WHICH IS BELIEVED TO INVOLVE THE AREA OF PETEN, IN NORTHERN GUATEMALA. ACCORDING TO GARCIA, ALEJOS SAID THAT HE WOULD BE GOING TO COSTA RICA WITHIN A WEEK WHERE HE EXPECTED TO SEE FORMER GUATEMALAN PRESIDENT MIGUEL YDIGORAS FUENTES AND WHERE HE WOULD REMAIN FOR ABOUT ONE MONTH. ANOTHER SOURCE REPORTED THAT ALEJOS TOLD GARCIA THAT HE (ALEJOS) HAD ALREADY MADE ONE TRIP TO HONDURAS AND COSTA RICA AND HAD MET WITH YDIGORAS. ALEJOS CLAIMED THAT HE AND YDIGORAS HAD AGREED TO REMAIN QUIET UNTIL JULY WHEN THEY WOULD BE BACK IN BUSINESS BUILDING THE FORCES FOR A COUP).

2. ON 8 JUNE 1965, ATON CONSTANZO PALAU, A FORMER CUBAN REBEL ARMY CAPTAIN WHO RESIDES AT 752 SW 4TH STREET, MIAMI, FLORIDA, SAID THAT HE HAS BEEN ENGAGED IN THE RECRUITMENT OF 60 CUBAN EXILES WHO ARE TO FIGHT IN THE DOMINICAN REPUBLIC. THE EXILES ARE BEING RECRUITED TO JOIN THE FORCES OF DOMINICAN GENERALS ELIAS WESSIN Y WESSIN AND ANTONIO IMBERT BARRERAS IN THEIR FIGHT AGAINST THE REBEL FORCES OF FRANCISCO CAAMANO DENO, AND ARE TO BE PAID $50 A DAY FOR THEIR SERVICES. ALL OF THE RECRUITS HAVE A REVOLUTIONARY BACKGROUND BUT DO NOT INCLUDE FORMER MEMBERS OF THE FORCES OF FULGENCIO BATISTA. CONSTANZO SAID THAT HE HAS BEEN RECRUITING THESE MEN FOR A RICH DOMINICAN BUSINESSMAN WHO LIVES IN THE MIAMI AREA.

3. CONSTANZO SAID THAT IN ABOUT APRIL 1965 HE HAD RECRUITED SEVERAL CUBAN EXILES FOR ROBERTO ALEJOS ARZU, A GUATEMALAN MILLIONAIRE LIVING IN MIAMI BEACH, WHO WERE TO BE USED BY ALEJOS IN HIS ATTEMPT TO OVERTHROW THE GOVERNMENT OF ENRIQUE PERALTA AZURDIA. CONSTANZO STRESSED THAT THERE WERE POLITICAL COMMITMENTS INVOLVED IN ALEJOS' RECRUITMENT OPERATION, IN THAT THE CUBAN EXILES WERE TO BE PERMITTED TO ESTABLISH AN ANTI-CASTRO BASE OF OPERATIONS IN GUATEMALA IF THE ATTEMPTED OVERTHROW WERE SUCCESSFUL. (FIELD COMMENT: ALEJOS' ATTEMPTED OVERTHROW ABORTED IN EARLY MAY AND THE CUBAN EXILES DISBANDED. CONSTANZO HAD BEEN RECRUITED FOR THE OPERATION AS A TEAM LEADER.) IN THE PRESENT RECRUITMENT OPERATION, HOWEVER, CONSTANZO POINTED OUT THAT THE PRIMARY ATTRACTION IS THE $50-A-DAY PAYMENT FOR SERVICES RENDERED.

4. GERALD PATRICK HEMMING, AN AMERICAN, IS REVIEWING ALL THE FORMS SUBMITTED BY THE POTENTIAL RECRUITS FOR THE OPERATION AND HAS THE AUTHORITY TO GIVE FINAL APPROVAL TO THE CANDIDATES. ON 8 JUNE HE WAS SEEN DRESSED IN COVERALLS AND WAS WEARING A SILVER-COLORED HELMET, ATTIRE WHICH IS USUALLY EMPLOYED BY MEN ENGAGED IN CONSTRUCTION WORK.

5. AS OF 9 JUNE, A GROUP OF THE EXILES WAS SCHEDULED TO DEPART FROM THE UNITED STATES ON 12 JUNE, PRESUMABLY FOR THE DOMINICAN REPUBLIC.

Receipt of Threatening Telephone Calls by AMCLATTER/1

ACTION REQUIRED - REFERENCES

FYI

1. AMCLATTER/1 reported on 19 April 1965 that he had received that same evening a total of four phone calls from an unidentified party threatening to kill both his wife and himself.

2. The first three phone calls were received between 1800 and 1830 hours whereas the fourth call was received at 2130 hours. The caller spoke fluent English and used extremely vile language insulting to both A/1 and his wife. The conversation during each phone call was short and made no sense to A/1 who said the caller at one point identified himself as Jerry WALKER when A/1 asked who was speaking. A/1 has never heard of anyone by this name and believes it to be fictitious. The caller also said on one occasion, "I've been hearing the things you said about me up in Fort Lauderdale." Again, this remark made no sense to A/1. Re: Threatening phone calls received by 201-251699.

3. A/1, when offered by his JMWAVE C/O the use of a motel room or safehouse for the evening, said that he appreciated our offer but was armed with a 38 caliber revolver and could take care of himself. He said that his wife and 18 year old daughter agreed with him about staying in their own house since they had fled their home once before in PBRUMEN and did not intend to run again. A/1 is of the opinion that the caller is a crank but has not ruled out the possibility that it may be PBRUMEN intel inspired. He said that one of his friends (IDEN) also had recently received a number of threatening phone calls from someone who spoke fluent Spanish but refused to identify himself by name.

4. WAVE traces on WALKER are negative.

SUBJECT : Alicia CRUZ Bustillo

It is requested that the files of the Federal Bureau of Investigation and the Department of State be searched for any information they may contain regarding Alicia CRUZ Bustillo, and that information be forwarded to this Office. Available information indicates that Miss BUSTILLO, a Cuban ballet dancer, is about 20 years of age, and was one of the group of Cuban ballet dancers which recently made a tour of Europe. She reportedly has recently injured her foot and is not now dancing but is working as a secretary to Alicia ALONSO, the prima ballerina of Cuba.

Memorandum

TO : Director, Domestic Contact Service DATE: 28 December 1966
Attn.: Operational Support Staff

FROM : Chief, New Orleans Office

SUBJECT: Possible Opportunity to Recruit Agent in Place in Cuba

1. On Tuesday, 20 Dec 66, I received a call from Mr. Frank Bartes, former President of the Consolidated Railroads of Cuba. He is an alien but we have FBI approval to contact dated 14 Apr 61. Mr. Bartes is the source of five reports on Cuba and we, as well as the FBI, have been in frequent contact with him.

2. He called on me primarily to tell me that his mother had arrived from Cuba and would be willing to talk to me.

3. In the course of our conversation Mr. Bartes told me that he had a cousin still living in Cuba named Alicia Cruz Bustillo, who is a ballet dancer associated with Alicia Alonzo, the prima ballerina of Cuba and also a well-known Communist. Bartes says that Alicia Bustillo is not a Communist and he and his family have been in contact with her.

4. Miss Bustillo, who is about 29 years of age, was one of the group of Cuban ballet dancers which recently made a tour of Europe. A group of these Cubans defected while the troupe was Paris, and this received wide publicity in our newspapers. Miss Bustillo, however, did not defect and continued on the tour and returned to Cuba with the group. According to Mr. Bartes, Alicia Bustillo has recently injured her foot and is not now dancing, but is working as secretary to Alicia Alonzo.

5. Mr. Bartes told me that he had planned to meet Alicia Bustillo in Paris and that she had agreed to meet him in Paris, but Mr. Bartes did not have the money to make the trip nor did he think that he would be able to obtain the necessary visa for the trip to Paris because of his status as a Cuban refugee.

6. Mr. Bartes says that Miss Bustillo has traveled all over the world with the Cuban ballet group and has visited most of the Communist countries including China. He feels quite certain that the Cuban group will make another tour and that he will be advised in advance of the date and itinerary. He feels quite certain that he will be able to arrange a meeting with Miss Bustillo provided the group visits a non-Communist country. He claims that he has always been very close to Miss Bustillo whom he considers almost as a sister. He feels quite certain that she would be willing to help the US if she were approached in the proper manner, and he feels that the approach should be made through him because of his relationship and former closeness to her.

7. He says that he believes Miss Bustillo does not attempt to

SECRET/SENSITIVE

leave Cuba because of the fact that her family is there and that she would not leave unless she could also get her family out. He believes that, despite the risk involved, she would be willing to act as an agent in place.

8. My relations with Mr. Bartes have been very good, and I am inclined to believe what he says. However, this whole matter, of course, would have to be evaluated by the Clandestine Services.

9. There is one other matter I would like to mention in connection with Mr. Bartes and that is that he served for two and a half months with a group of Cuban fliers in the Congo, as he holds a pilot's license. He did not tell me and I did not ask who the sponsors of this group were or what their duties were. He did, however, mention a Colonel Weber and a Mr. Saunders. I strongly suspect, of course, that this was an agency operation and, if so, the Clandestine Services will already have a good deal of information about Mr. Bartes.

10. I pass this on for whatever it is worth and, if there is any further information which I can provide, I shall be glad to do so.

SUBJECT	Possible Rocket Launching Site in Oriente Province	DATE DISTR.	14 June 60
		NO. PAGES	1
		REFERENCES	
DATE OF INFO.	Late May 1960		
PLACE & DATE ACQ.	Late May 1960		

THIS IS UNEVALUATED INFORMATION

SOURCE: US citizen, a pathologist who has recently returned from Cuba where he spent five years in charge of rice production and associated research on a large rice plantation at Jabobo near the Camaguey/Oriente border.

1. Just prior to my departure from Cuba on 26 May 60 I talked with a Vice President of one of Cuba's larger railroads. He occasionally goes on inspection tours of the railroad's facilities, and had just returned from an inspection of the company's spur lines in the Sierra Maestra region of Oriente province. He was accompanied at all times by a Cuban Army officer.

2. One of the spur lines in the Sierra Maestra ran into a restricted area. In this area my friend observed under construction numerous large concrete slabs, immediately adjacent to which were very tall towers of metal framework and wire construction. He says that these were not TV or radio antenna-type towers. From his very limited knowledge of the subject, i.e., the few pictures he has seen in magazines and newspapers of rocket launching sites, he said that these towers appeared similar to steel structures he has seen in pictures of rocket launching bases. He asked his Cuban Army escort what purpose the construction was to serve, and was told "It is not a good idea to ask too many questions where lightning might strike".

3. The concrete construction work was being handled by Mexican technicians.

4. Castro's construction of large storage tanks "for pure water" on Cayo Largo is widely known in Cuba, but few accept the fact that the storage tanks are for water. It is the consensus that these tanks are for fuel storage and will serve as a refueling base for submarines. I have flown over Cayo Largo and seen these tanks from the air. They do not look like water storage tanks to me.

5. I have heard that the tenth floor of the Havana Hilton is reserved for the Soviets. While staying there just prior to my departure from Cuba I noticed the elevators never stopped on the tenth floor. I inquired of elevator boys, the desk clerks, and even the assistant manager, why the tenth floor wasn't open to guests. I was told that there were no guests on the tenth floor, that it was not completed, and accommodated no guests. The next day my laundry was returned to me with several pairs of shorts which did not belong to me. The laundry is marked by room number at the Havana Hilton and the number stamped in these shorts was a tenth floor room number.

TO : Director, Domestic Contact Service

DATE: 28 December 1966

FROM : Chief, New Orleans Office

SUBJECT: Possible Opportunity to Recruit Agent in Place in Cuba

1. On Tuesday, 20 Dec 66, I received a call from Mr. Frank Bartes, former President of the Consolidated Railroads of Cuba. He is an alien but we have FBI approval to contact dated 14 Apr 61. Mr. Bartes is the source of five reports on Cuba and we, as well as the FBI, have been in frequent contact with him.

2. He called on me primarily to tell me that his mother had arrived from Cuba and would be willing to talk to me.

3. In the course of our conversation Mr. Bartes told me that he had a cousin still living in Cuba named Alicia Cruz Bustillo, who is a ballet dancer associated with Alicia Alonzo, the prima ballerina of Cuba and also a well-known Communist. Bartes says that Alicia Bustillo is not a Communist and he and his family have been in contact with her.

4. Miss Bustillo, who is about 29 years of age, was one of the group of Cuban ballet dancers which recently made a tour of Europe. A group of these Cubans defected while the troupe was Paris, and this received wide publicity in our newspapers. Miss Bustillo, however, did not defect and continued on the tour and returned to Cuba with the group. According to Mr. Bartes, Alicia Bustillo has recently injured her foot and is not now dancing, but is working as secretary to Alicia Alonzo.

5. Mr. Bartes told me that he had planned to meet Alicia Bustillo in Paris and that she had agreed to meet him in Paris, but Mr. Bartes did not have the money to make the trip nor did he think that he would be able to obtain the necessary visa for the trip to Paris because of his status as a Cuban refugee.

leave Cube because of the fact that her family is there and that she would not leave unless she could also get her family out. He believes that, despite the risk involved, she would be willing to act as an agent in place.
